Quentin K. Brown - 59 Kenilworth St. - Ottawa 3, Ont.

DoC: your 530 unid is NB-530, a beacon in North Bay, Ont. They run at 125 watts and send a colourful v/q. AWP: your 1540 stn is probably WPTR. WPTR was off from 0000-0500 but were back on at the time you hrd 'em. WPTR is rr and ZNS has a "Music Til Dawn" show from 0000-0600 with MoR music, and continuous mx w/IDs every 15 minutes. FO: re your 700kc question in the 11/14 DXN, two SS 700 stns hrd here this fall, one unid, the other, YVMH Maracaibo, Venezuela w/taped IDs as "Radio Popular" (how original). Aurora on 11/7 & 11/8 brought in 3 new ctrys but wiped out any chance of the CJIB test. Cx are poor and are in a recovery state. If no anomaly hits, cx should be OK by the end of the month. Veries this week: XETRA, WHIL-TEST, CBH-860, & WTAC-600, CHQR-810, and for sunset reception, WOI-640. Also, CM and wonderful letter from John Davies at KOAM-860. It has to rate close to WIPS-1250 as being the friendliest verie I've rcvd. Times up - 73's.

Jerry Starr - WHOT Radio - Youngstown 5, Ohio

Having read the 11/7 East Coast Forum, I feel I must write to add my approval to the appointment of Paul Lotsof as stand-by publisher of DXM. I think we all realise that a club depending so totally on one man (efficient though DEE may be) is hanging by a thin string. Paul is a very logical choice since he has obviously freely given up all his time for personal DX pleasures to act as a guardian of the members rights, a quality all too rare in hobby clubs. Should something happen to cause DEE to be unable to publish, a pre-planned back-up publishing system is vital to the continuation of service to the members; much like NRC which has a number of people capable of producing a finished bulletin should another member be unable to fulfill his duties. Let's see some support for PSL in these pages. Considering his zealous efforts on behalf of bettering the DX hobby, he surely won't refuse to offer his help if we, the members, stand solidly behind him.

Bruce R. Heimbürger - 817 Rawlins St. - Port Huron, Mich. 48060

Hi again everyone. My absence from these pages as of late has been due to a mixture of homework, job duties, and of course, DXing. These past few weeks, I have been concentrating on foreign DX. I didn't think I would ever hear more than six or seven countries from here, but as of now I have 17 countries, including Dakar-764 & Sierra Leone-1205. So, all of you out there who have had similar doubts about getting foreigners, take heart, it isn't that hard. By the way, my rx is a sub &100 AMECO R-5 using only a loop antenna and a \$15 Q-multiplier. DEE, how can you say that you cannot print DDT meeting reports where only DX subjects are discussed and go ahead and print all that non-DX SCECPOSDDX stuff where not one pertinent DX tip or comment can be found? Idea, why not throw out SCECPOSDDX and give us DXers a little more room to air worthwhile tidbits. I agree with all other members who have said that PSL would make a great back-up publisher. PSL, it is your right to question the actions of any of the club's officials and to ask for their removal, but if you don't want the job..... Long live DEE. (Two words omitted in order to conform to the Editorial Policy. - MD)

Jim Jankowski - 11 Meadowbrook Terrace - Corfu, N.Y. 14036

Well, I just renewed for a second year. Re-intro in next DXF. WFEO-1020 says that my rpt is the farthest rcvd. Says they've gotten rpts f/Minn, Iowa, Ind, & Mich. V/s: Norm Ricca, PD. WILY sent a v/l after my 3rd rpt. WLOF-950 sent a v/f & CM after 8 mos. WLAP sent v/l, not specifying whether RS or ET. I now keep carbon copies of all my rpts; should have done it from the beginning. I finally got an NRC Log (replacement copy) and it lives up to all the claims that have been said about it. My tape recorder is now fixed, so everyone that I owe a tape to should be hearing from me. I am in the market for NRC Log #1. Name your price. WSAR seems to have reversed their QSL policy as many DXers, including myself, have rcvd v/f's. DX in DXR. MD: is that the real you in a recent NRC Bulletin? (Yep, you can tell by the pointed head,hi)

Robert Friedrich, 163-35 19 Ave, Whitestone, New York 11357

Since I haven't given a re-intro yet and I have been in the club for more than a year I think it's about time. I am in my last year of high school and plan to be a teacher as well as going into radio. I am a member of the NNRC as well as the IRCA. I have been DXing since September 68 and totals are now: states 37 hrd/36 vfd, provinces 5/2 (due to laziness). I have just rcvd my thirty states vfd award. I am on the CPC for the IRCA and NNRC. Hopefully by the end of next month WCAZ is going to test. They said they wanted to make a DX TEST and asked me to send along the info. My proposed date is Dec 28 which would be perfect. A monday morning and during Christmas (no school). I just hope they can manage that date. They are a 1000 watt stn in Carthage, Illinois. I have hrd them here in NYC on a f/c pretty well, so I guess they would get out well. Freq is 990. More info on this later. If anyone would like a list of the AM/FM stations of NYC and what kind of programming they carry, just drop me a line.

Mitch Donock - 2921 Brinkley Rd- Oxon Hill, Md. 20031

Hi all! This DX season is really booming! Some new ones I've rcvd since the last rpt I wrote include KSL CKMS CFRA KOAM WMOO KWKH KFAB plus many others. Totals as of 11/13 are: 258/25 stns, 33/18 states, 4/1 provinces, and 5/0 ctrys (exc US & Canada). (Most DXers count the US & Canada in their totals, Mitch, so you might as well say 5/2 ctrys. Of course it's your decision. - MD) Only veries rcvd here lately are from WMEG & WVOK v/l. WMEG's letter was cool! They sent a decal, plus some maps of the area. Just rcvd a nice card from Ken Lyon, and a letter from fellow Roller Derby fan, Jim Adams. PETER CAMPBELL: I called WEEL and they do operate with 500 watts at night. My cousin, who is also a DXer, insists he heard VOA on or around 990. Is this possible? (Sure, but the stn he hrd was a harmonic of a short-wave outlet and not a stn which operates on 990. - MD) He says he's also hrd it on 530kc. (Same explanation. - MD) Are there any SS stns on 540? (Yes, several. - MD) For the past several nights I've been picking one up loud and clear but according to the Broadcasting Yearbook, there aren't any Mexicans or Cubans on this frequency. South America? (Most likely XEWA Mexico; second most likely HICM Radio ABC in the Dominican Republic. Don't put too much faith in Broadcasting Yearbook, Mitch. Either purchase a World Radio/TV Handbook or write to DEE for a Mexican list. - MD) 73's, "Big Mitch." (I'm 5-1).

Sheldon Swartz - 41 Pole Plain Rd - Sharon, Mass. 02067

Well, Gang, it's almost 1971. And after being in IRCA about a year, I've decided to do a little reporting! First off, in 2 yrs of DXing - I've only 166 QSL cards to show for myself. I use a 1969 Volkswagen car radio while driving, and a (GREAT!) Realistic TRF AM radio with a 60' longwire antenna, 14 feet high. I haven't DXed since March, for I've been roing with my fiancée, Sherri, almost 24 hours (NSP!). We're getting married 1/17/71, and my new address then will be 144 South St, Apt 22, Avon, Mass. 02322. My most recent veries were WDEV-550 Vt on 11/1 with 1kw nite power on SRS - beaming East. 11/2 got me WNAV out of Maryland with signal beaming South at 0100, and why the.....can't I get WIRE? This morning at 12:15, I got my FIRST Florida station, WMEG-920 1kw beaming North - after local WJAR signed off. I also hrd a test tone, with a sudden power cut, under WMEG. Who? Well, til next I DX, Merry Christmas to all, and I'll seeyalayda!

Ken Lyon - 9415 Goodrich Rd - Clarence Center, New York 14032

Two veries in this week, WPLB which sent a v/f and KWRF-860 sent a v/l for a report from a year ago. The CE says "this kind of stuff just piles up here at times." I guess it does. No f/up either. CU later.

Every-so-often the time rolls around when a DXer has to gripe, so now is the time for me to gripe a bit. For over a week now, I've been expecting veries from WADA WMCL WMNC & KXLW, but nothing has come. Haven't had a verie since KDTH, nearly a month ago. I promised myself that I would not send out any more reception reports until some of my veries came back. Hope you have better luck than I have. 73's.

With no-one in mind, I would like to point out that this is a DOMESTIC dx column and that most foreign stations are not printed here. I do take border Mexicans, but PJB, XEX, XEW are foreign and belong to the man in California, Father Jack. Besides reporting to his column will spark an interest in foreign dx which is good for you. DX here has been null, although MM 11/16 was good. I was falling asleep sitting on a kitchen chair talking on the phone, so called it a night after the KYOP s/off, and WFLB catch. There will be an area get-together on 12/19 and, barring unforeseen problems, I will be there. Would like to meet some of the others I am getting rpts from. Veries here are sparse. v/l KOKA KSWM KATZ v/c WQXR. Totals now 1116/598. Dr. Wood, thanks much for the kind words. I never use a report form. Good DX.

Well, it's great to be back in the No.1 radio club in the great USA. New supplements to my "DX shack" are headphones & an addition of 75' of longwire to my antenna. From what I've read so far it looks as if DXers using a longwire as their main antenna are becoming a minority. I'm looking forward to the upcoming DX season & judging from present conditions it should be a good one. Welcome, Dan Mor isseau, looks like the Fearsome Foursome is back intact, hi. Present totals 463/80. The new editions of the CoF list and F/C List came out before I renewed. How can I get copies of them?73

Hi! Last Monday morning 11/9 was pretty good. I got 8 new stations. Listened for CJIB-940 test; that afternoon got DXM saying the test was on Sunday 11/8! Also heard station 0515, 11/9 with Atlantic Std Time TC's, announcer with strange accent(EE), & religious music on 780 kHz. Any ideas? They also gave spot for Caribe Lumber Co. Is this PJA8-775? Totals - 216/64, states 26/25, prov. 3/3. Does CKY-580 verify? I've been waiting for 5 months. I recently bought the Realistic TRF. As others have said, it is great. SC collectors please write, I have 4 local SC's (however the stores that stock two of them have been out for the last month). Welcome to the IRCA William Lount of Ft. Sill! I guess I ought to close. 73 and good DX. Go Dallas Cowboys! (I'll second that, but we may have to wait till next year. -LDB)

Hiya. Well I'm up to 285 points in the Domestic DXC. Recent reports have gone out to the following: KIMP KOCY KXLF(f/up) WLTN KBRL WSJM WLAQ(f/up) WAEW(Tenn. #95 here) WKBC(N.C. #55 here) KVSH WEEZ(f/up) WCNH WSBB KNOP & my 29th Calif.-KKIS. A big welcome to Darryl Belanger! Here are my most recent verifications rcvd: v/l WTRQ WPDQ-(finally) CKLG(B.C. verie #4 here) & WITH-1230(they took 2½ years to answer, my longest ever). v/f KRMG v/c KWCO v/q KFEQ. Almost all of the veries I receive have CM's enclosed too. Heard KHJ-930 on 11/9, but t'was too weak for a report. KTKT is very strong here w/their 10 kilowatts. (hi PSL). They can't be 1kw, as I've heard them consistently 3 MM's. Hope to arrange DX tests w/WAZY WASK & again WBAA. CW, GN, DM, BB, VL, BP, DC, where are you??? (Fish too). If anyone would like a free copy of my verie list & SC list just give me a write & send a SASE. Rob Keeney, where is my KUDL verie??? SCers & CMers write & receive a "treasure chest" of stuff in exchange. GO UTAH STARS!!! 73 & PEACE.

ELROY W. SHELLEY, JR. - 7037 North 41st Street - Milwaukee, Wisconsin 53209

Good morning DXers! I just woke up from a long period of hibernation. My last report was in early 1967 but I have read every DX Monitor that I have received & seen a lot of things go by like the "Number One Song" controversy, the "Merger" controversy and now, the new, number one, top selling controversy "bickering" or "democratic freedom" or "censorship" or whatever. I can't really make out clearly what the issue is. On the introduction scene, I'm 18 yrs old & a freshman at Milwaukee School of Engineering. I DX on a Halli. S-120 & use a Heath HD-11 Q-multiplier. I also have a Realistic FM/AM/VHF-weather portable that resembles Radio Shack's TRF portable. I use that mostly for FM DXing. Best DX on FM is WSSV in Petersburg, Va. I also have a Realistic 999, 4 track tape deck so I can tapespond at any speed & in either mono or stereo. Recent reports out are 4VEF-1035(on tape) & KIXZ-940, & going out, along with this letter, is KDNT-1440(on tape). 73's and good DX to everyone in the world.

JOHN P. ZONDLO - 6617 Maryland - Hammond, Indiana 46323

Since this is my first report, I reckon I should introduce myself. I am 17 & a senior at Hammond Morton High School. My interests include, along with DXing, sports of all kinds, especially ice hockey, & also writing. Anyone interested in corresponding please write to the above address. Is there a station in Alabama on 1350 with the call WYLS? Heard ET from station on this frequency & the call sounded like that. What town is the station located in, also? Southern stations seem to come in well now, with stations from Texas & Florida coming in especially well. The northern stations seem to have died. 73's till next time. (WELCOME to the IRCA, John. We hope to hear from you often. -LDB)

RICHARD T. EDDIE - 152 West Rose Avenue - St. Louis, Missouri 63119

Hi gang! Hope DX has been good for all of you, hi. Anybody got a verie signer for the following stns: WOKS-1340 WEGN-1340 KLVI-560 KROF-960 KFPW-1230. Thanks for the help, hi. 8 reports sent out in last 3 days, hi. I now have 108 points in Domestic Contest & 28 points in call letters contest, hi. Only 2 veries since last muse: KSPI-780 & WLCX-1490. #3 of 3 LaCrosse, Wisc. QSLed, hi. To all that I owe SC's...they will be coming as soon as possible, hi. To those that I haven't sent surveys to before, I have a fair supply of KADI-FM, KSHE-FM, KXOK, KIRL, & KIRL Top 300 of all time...supply is limited, hi. Also collect bumper stickers, decals, etc. Well looks like I am over 15 lines so I'll s/off now...good DX to all and 73's. SCers write.

GARY D. DeBOCK - AdCom, NTC- Great Lakes, Illinois 60088

Greetings. Veries: v/q WIND-560 WKY-930 KFI-640 WWSW-970 WAVE-970 KMA-960 v/1 WIBV-1260 WLBK-1360 WKTY-580 (Pres. H. Lee says reception is unusual in Chicago area), WBAW-1330 WMBD-1470 WBEL-1380-CM-promo sheets. SSS DX has been a Bonanza here lately with many good rpts out: WHSM-910 KXJK-950 KLIK-950 WKAZ-950 WSIX-980 WJRD-1150 & more. Great to see PSL in the MWDXR; this should silence those who would tag a "troublemaker" label on all dissidents. The trouble which does occur comes about as a result of differing editorial interpretations of the EP, especially on censorship, which has resulted in great confusion over printable material. The EP is far too general; definite guidelines must be formulated to define slanderous statements. (Takes a proposal to the BoD, not just talking about it, Gary. -LDB) Also, limits should be placed upon editors to keep censorship at a minimum. (Would you take a chance if it meant a possible lawsuit against you??? -LDB) Perhaps an IRCA member with some legal experience can offer definitions of libel & slander--- but until EP is changed we will have to be content with rampant censorship on the one hand and the lawsuit possibility on the other. This editorial opinion system is for the birds! Whether you classify yourself as a dissident or a "silent majority DX'er", you should support its abolition! 73's.

GEORGE W. TANNER - 8349 East Cypress - Scottsdale, Arizona 85257

Welcome to the philosophy section of DXM. Those blurbs at the bottom of the 11/14 DXM pertained to DX as much as many of my forum reports, hi. (What would you suggest for a 2 or 3 line filler?????? -LDB) Recent DX includes a 6 for 6 new heard/verified list, including KNEW-910, KXRX-1500 KALL-910 KCOL-1410 KSDO-1130 & KSWW-1250, where I typed my own verie & even did the DX test, hi. Incidentally, all DX reports for the 10/19 KSWW DX test were personally mailed by me from the Scottsdale, P.O. on 11/15 & everyone sending in a report should have received a verie by now. If not, write me at the above address. Details on the DX test appear elsewhere. Send in information for the next CoF(Conditions of Frequencies)List as soon as possible. 73's & 36.9. (Some portions cut per EP. -LDB)

The more you GROW up...the less you BLOW up.

Everybody READ! There will possibly be a change in the deadline, due to problems at Riverside, so watch for it. Some of you are not using EST for your reports, or, you are getting some real DX... please watch it. I'm not using the cut & paste method, so try to get reports in order of freq. as it makes it easier... also, again, date it, 24hour time, in EST, and keep it within a couple of weeks old. Get 'em!!

+++++
 I forget who it was, but they were coming down here in December, and were offering to tape Wolfman Jack off of XERB...I'll go you one better, you buy the beer, and the SoCal DXers will go to Rosarito Beach, and send you the transmitter!! (Gladly)
 +++++

--No problem in Riverside, Grant! The announcement of a change of address, for editors only, confused and worried some. The change is to a PO Box simply to enable Sunday receipt of mail; nothing more. -DEE

Greetings. I had a great time at CA's the other day along w/BP & GH there was Cousin Billy of Record Roost (on XELO-800) who was talking about her good friends and listeners--Jon Fearkins and Murray Lycan (who was at the Van. convention). You've got good tastes JEP, hi. I had a real good time, tho, and I want to thank Chuck (the only bad part were his brothers who run around in tie dye tee shirts!). Two pretty good veries in KGEZ-600 (v/s Mike Manion) and KVNI-1240 (v/s Warren C. Brown who seems to be cleaning up reports and might be a good bet for you CPC guys). Both were v/l's and KVNI is having some QSL's printed up. FJP does have a very, very good idea--SAN DIEGO IN '71. Watch for the 2nd issue of IRC:EC DX GNUS soon. Executive editor is Bort Prucer. 73 and good DX.

dan Sheedy - Box 31 - Encinitas, CA 92024

Hi. Looks like conditions are slowly but rarely picking up (viz. DXR/DXWW). Can state with some conviction that Larry's comments re VSZ1-844 & TP/DU openings are true (and you know how hard 'truth' is to find these days. Seems that they'll come in on their own with a fair LA/CA night going on all round them. But with my location DU reception is almost non-existent (e.g. 4QD the only consistent DU), so I'll take anything. Since it has been six years since the last IRCA convention in SD and the town is recuperating nicely, it would seem profitable to schedule the '71 get-to-gether here and deal SD a final coup. What say, local activists?? Besides the San Diego DX Doll is running down and the Sunnymead one is nearly out of 7-Up. Help preserve free speech in IRCA, fellow DXers.

Randy Jones - 3720 Lusk Drive - Sacramento, CA 95825

Hi there! This is a self-intro, as I am a new member. Glad to join, as I am very interested in this hobby. I am 14 years old and go to El Camino H.S. My receiver is an old G.E. Model E-105 built sometime between 1938 and '42. In fact, it still has two old coiled wire resistors in it that still work! My antenna that I'm using right now is a 58 foot LW strung haphazardly around my room. Bye for now. 73's and good DX.

Bob Jacoby - 556 E. Alvarado St. - Pomona, CA 91767

Greetings fellow DXers! Welcome to the Forum, Randy. You're in the company of some distinguished members in the Sacto area! Dunno if I'll make it to San Diego or not. All depends how much school work I get done this week. Working and going to grad school are a bad combination. KENO-1240 San Bernardino is now KBON and is pretty much an automated operation except for live news.

Remember back in the July/70 DXM where Dave Faulkner proposed an info sheet to be sent out by editors to new members explaining how to rpt to the sections of DXM? I think that info sheets should be prepared by all the editors, and be sent out in the New Members packets. All six editors should make up one, and they should be sent out in the NMPs acc. to what time zone the new members live in. Seems a fair amount of the newer members (at least the ones I've talked to) don't really know exactly how to rpt. Veries: v/CM KATN-950, v/1 KOAG-1280, v/q CJIB-940, v/pnc KSOL-1450 (thot I'd get 'em before they might switch calls). Also a 2nd v/f from TIRS-975; has same wording as the first one, only different letterhead and printing. DX cx fair MM 11/16, hrd KFAR on 660, Japan-780 (JOKX w/5kw highest powered on 780), RSPSR-1475 @ 1550, JOBB on 830, KGU-760, unkn KOAM-860, tentatives on KIRL-1460 & KBRZ-1460 r/c w/500w. Will be at Tahoe over Thanksgiving holidays. DSA says DX vy good there. Will take HQ140X+loop along, also will string up a LW. 73s and good DX.

Dan Adams - 199 Valley View Ave. - San Jose, CA 95127

(408-2583487). Hi all again. First off, a reintro. I'm 17 (be 18 next month). I'm a senior at James Lick High School in San Jose. I've lived in San Jose all my life. I've been in IRCA for almost two full yrs (start yr #3 next month). I'm interested mostly in domestic DX. I DX only BCB. I have 137 veries for 228 rpts. I've hrd 298 stns and 35 states (along w/five provs). My best catches include WJDY-1470 Salisbury, MD; WKMF-1470 Flint, Mich.; WIBA-1310 Madison, Wisc.; KWKC-1340 Abilene, Tex.; WKCUC-1350 Corinth, Miss.; and WMBR on 1460 in Jacksonville, Florida. I use a Halli SX-28 w/a 175' LW ant. I try to record almost all DX, when my recorder is working! To answer some frequent questions: yes, Jim Adams is my brother. No, we do not use the same rx or ant. We do not claim the same stns, and yes, we are in competition! Latest veries in from KFAR-Fairbanks-660 (v/r), KBUZ-1310 Mesa (v/1). Veries quite slow here. That's it for this time around. 73's to one and all.

Arthur W. Peterson - 2726 Rollingwood Dr. - San Pablo, CA 94806

Greetings, DXers! DX has been picking up somewhat. Two TP mysteries already which is always a good sign because that means you're hearing more than just the old regulars. Just received my ferrite loop antenna from Joe Worcester a couple of days ago. It just has to be the greatest DXing advance since the rx! It outperforms my 250-ft LW by a long shot. Switching from the LW to the loop boosts signal strength about seven S-units. Also quite directional. Tuned 540 last night, and KVIP, CBK, & XEWA were all senerable. A little mix of XEWA w/KVIP, but CBK & XEWA were mutually exclusive. I noticed a decided drop in noise level, also. With that kind of performance I'm going to dismantle my LW. For a long time I had to do w/o a loop because of extreme lack of space, but tnx to the compactness (1x $\frac{3}{4}$ x $\frac{3}{4}$) of this amazing device, I, too, can now be "looped!" DEE has my full support on fluid stilling. C'mon, guys, he shouldn't have to do so. 73.

Mike "DCC" Hardester - 401 Birchwood Court - Modesto, CA 95350

Recent veries are v/q de KSD-550 & KSUE-590; v/1 de KOAC-550 & KWG-1230; combo v/q-CM-rate card de WIBW-580. WIBW gives me another DCCfor IRCA-AA. Thru the help of Tom Garcia & a very pushy salesman at a San Jose store, I've decided not to buy an HQ-200. Tom indicates that it isn't a very good rx in some imnt aspects. The Fall Quarter at Stanislaus State ends 12/10 and I've decided to haul out the ol' soldering iron and do some repair work on the Freed-Eisemann. This repair period also will include about \$50 worth of tubes--\$50 which I've yet to come up with, hi. I've checked each MM for LBG's unid on 1030, nothing yet. Could Tonga be drifting that much (1020-1030)? I have a BC-221 freq meter sitting in my closet. I'd appreciate it if someone would tell me how to get it working and what type of battery subs can be used. I have an operation manual from the Bendix Corp. and a freq equivalent manual. Any help will be appreciated. If anyone, by some strange chance, hrd KIRO's ET on MM 11-16 and has a tape, I would like a copy and will pay for it or send a blank tape. 73

- 663 TGRT Guatemala, Guatemala, R. Fabulosa first noted here 11/12. Strong signal throughout the evenings since. (CMS)
- 1115 RAI Italy, (Bari? Ed) noted here with comparatively strong signals from 2200 tune in 11/3. (CMS)
- 1435 PJA5 Netherlands Antilles (NOT "Netherland"Antilles!) (my typo, Richard. Ed) The "FF" ID heard by JCH was probably not FF but Papiamentu; it has a nasal sound not unlike FF or PP. (REW)

MidWest

- 655 HCLG2 Ecuador, Guayaquil strong 11/16 0700 ID as "R. Carousel". (BN)
- 660 HJJM Colombia, Cali ID Todelar net and "R. Uno" IDs 0500 11/16. (BN)
- YVNA Venezuela, Coro ID 1015 11/16, "R. Coro". (BN)
- XERPM Mexico, D.F. 11/2 0740-0800 s/off with call, slogans and QTH. Fantastic signal (usually rare and weak) with SS and EE vocal music, "Canal 66" and "R. Juventud" many times. (JO)
- 664 WIBS Windward Islands again heard 11/12 0159-0215 s/off in EE with best signal yet. At 0200 a newscast began and it appeared the announcer mentioned the "Northern News Broadcasting Service". Items from St. Lucia, Barbados, and Trinidad were featured. It had audio (not signal) fades that suggested a SW relay. Then at 0213 the news ended and I believe Windward Islands was mentioned during the s/off announcement. This station heard only 2½ hours before what I believe was the first transmission of TGRT on 665 kHz. (LBG)
- 665 TGRT Guatemala, Guatemala is a real powerhouse here, first noted 11/12 at 0440 with OC and high-pitched tones. Then at 0446 began instrumental music program that lasted until 0559 s/off on 11/12. There were occasional spots every ten minutes or so with ID something like "Esta es Cabu Estereo;" an FM frequency was given at 0539. S/off was very general and gave no hint of ID. Fortunately Gene Martin IDed it as TGRT the evening of 11/12. I caught "R. Fabulosa" ID strong at 0035 11/14 in between 2 radionovelas. This one much stronger than anything on 660, and will make WIBS difficult to log in the evenings now. (LBG)/ R. Fabulosa with sporting event 0115-0430 11/13. Was this our mystery of night before (see below)? (BN)
- ??? Mystery LA appeared to be testing 0450-0600 11/12 unable to ID. LBG called me and was listening to it tooo. (BN)
- ... Portugal, Lisbon had gongs on a clock rather than pips as IS at 0600 11/5 with poor signals. Not heard since (through 11/16). (LBG)
- 680 WAPA Puerto Rico, San Juan with news program 1020 11/16 on top. (BN)
- 720 HJAN Colombia, Barranquilla surely the one with frequent Barranquilla news items with WGN looped 2347 11/13 with no Cuban QRM at this early hour. Very unusual evening; see 760 below. (LBG)
- 725 TILX Costa Rica, San Jose strong with "Radio Columbia" ID jingle all alone at 0422 11/10. (LBG)
- 730 ... Trinidad, Port of Spain, s/on 0925 11/16 in EE very strong. Uses "Town and Country" slogan. (BN)
- 750 JBC Jamaica, Point Maria on top of frequency with religious program beginning 0945 11/16. (BN)
- ... KFQD Alaska, Anchorage 11/2 0957-1004 news and sports poor, but riding herd over WSBs/on and two SS stations. WSB and KFQD are same loop bearings here. (JO)
- 760 ??? HELP (a new call, hi), 11/2 0825-0846 positive FF under KGU (no WJR or CM), poor with man and YL talk and FF songs. Who? (JO) (Dunno, John. Ed)

- 760 HJAJ Colombia, Barranquilla was the only signal audible at 2330 11/13, no matter which was the loop was pointed. Gave ID as "La Voz de Barranquilla" just after sportscast. (LBG)
- 764 ... Senegal, Dakar was first TA to appear 11/6 with audio by 2330. Then played anthem at s/off 0000; no ID audible. Later heard at 0605 11/7 at s/on with woman announcer. (LBG)
- 820HJED Colombia, Cali strongest in years with CARACOL net 0640-0650 11/16. (BN)

Announcing the 1971 World Radio TV Handbook

The 1971 WRTH is now available as usual to IRCA members at a discount. This volume is probably the single most valuable reference for the foreign DXer, whether on BCB, SW, TV or FM. Also the U.S. and Canadian station listings by frequency are prepared by the National Radio Club, making the WRTH a handy reference for the domestic DXer as well. For the BCB and SW listener, the WRTH lists all stations by country giving frequency, power -- and the most unique feature -- the address for sending reception reports. Other interesting information given for many stations includes operating schedules, whether the station verifies by letter or QSL card, whether or not tape-recorded reception reports are accepted, and future power increases. The slogans for Latin American and other foreign stations are given and often the name of the person to whom reception reports may be addressed. Other features include a world time conversion chart, maps by continent, a list of DX clubs of the world, and interesting advertisements of radio and electronic companies all over the world.

Besides the listing by country, there is a list of all BCB stations by frequency that is a great aid when tracking an unknown station. The old World Medium Wave Guide has been incorporated with the WRTH to produce a single outstanding publication.

The WRTH will be available in late December, and the Summer Supplement, at the end of next June. Prices are quoted below.

Other World Publications

Many other useful volumes offered by World Publications are available to IRCA members at a discount. All are available now except How to Listen to the World, which won't be off the press until January.

How to Build Short Wave Antennas has been rewritten and is more complete than the earlier edition.

How to Listen to the World is a composite of feature articles (both technical and non-technical) written by the foremost DXers of the world. Topics deal with all phases of our hobby. The last edition of this book (published in 1969) was a great success; the 1971 edition will contain new articles written by some of the same authors.

The World Radio Bulletin is a newsletter published twice monthly containing news of schedule and frequency changes and unusual receptions, primarily for SW stations.

All books are published in and shipped directly to you from Denmark.

Section 3 - Term of Office

All terms of elective office in the IRCA begin on September 15 in the year the nominee is elected and expire on September 14 two years hence unless re-election takes place.

The official publication of the IRCA shall be known as DX Monitor. It shall be issued 34 times each year, except in cases of emergency. With the permission of the Board the number of issues may be changed. DX Monitor will normally be published beginning with the first Tuesday in October, up to and including the last Tuesday in March, twice in April and September, once in May, June, July, and August.

ARTICLE VII - PUBLISHING COMMITTEE

The President shall have the authority with the final approval of the Board to appoint a chairman of the Publishing Committee. Publishing proposals should be submitted to the President in written form and should include the qualifications of the publisher as follows: amount of time available for the job; availability of helpers (should include at least two helpers in addition to the chairman); access to mail schedules; availability of necessary space for duplicating equipment. The job of Chairman of the Publishing Committee shall not be terminated until such times as continuance is no longer deemed beneficial to the organization according to the Board, or until such time as the publisher is no longer able to continue in his capacity.

ARTICLE VIII - OTHER COMMITTEES

Functions of other committees shall be determined by the Board of Directors. Committee chairmen shall have complete authority over the activities of their committees (contest managers are considered to be chairmen of their respective committees.)

ARTICLE IX - EDITORS OF CLUB BULLETIN

The Editors of the club bulletin shall be appointed by the President with the final approval of the Board of Directors. When an editorship vacancy is announced, volunteers will be sought by the President. A reasonable time limit will be established for names of volunteers to be submitted. After the time elapses, the President will select one person from the list of volunteers, appointing him as the new editor; immediately, he will send to the Board of Directors a proposal to that effect, listing in his proposal the names of other volunteers (if any) from which the editor could be chosen if the President's choice is not approved. A majority vote by the Board will make the President's appointment official; if the proposal is defeated, the President will appoint another person from the list of volunteers to be the new editor. The process will be repeated until the Board confirms an appointment by the President. If necessary, the President shall have the power to appoint a temporary editor to serve during the selection process, without approval by the Board of Directors.

ARTICLE X - CONVENTIONS

Section 1 - Annual Meeting

The annual meeting of the IRCA shall be held in conjunction with the annual convention for purpose of presenting the reports of officers, committees and boards, and such other business as may lawfully come before the meeting.

Section 2 - Special Meetings

Special meetings of the IRCA may be called at any time by the Board of Directors on its own motion, and must be called by the Board of Directors on petition of at least 10% of the membership. Such meetings shall be held at such times and places, either within or outside the state of Colorado, as the Board of Directors or petition herein specified shall determine.

Section 3 - Convention Location

The Board of Directors shall solicit during January of each calendar year bids submitted by those wishing to host the annual convention. The Board shall subsequently cause a special election to be held among the members to select the convention site and date.

Section 3 - (continued)

Such special election shall be conducted during the first quarter of each calendar year. The Board may, on its own motion, determine any bid made as unqualified prior to the special election.

Section 4 - Voting

Each member shall have one vote on each and every matter submitted to a vote of the members. At all meetings except as otherwise provided by law, the members entitled to vote who are present shall constitute a quorum. All action except as otherwise provided by law, by the IRCA's Constitution or bylaws, shall be by majority of those members present and voting. Presence and voting by proxy may be allowed at the discretion of and in accordance with rules prescribed by the Board of Directors.

ARTICLE XI - SUGGESTIONS AND PROPOSALS

All suggestions and proposals shall be submitted to the President in written form, who will then submit them to the Board for action (along with any specific recommendations he may care to make). The final decision as to any action to be taken rests with the Board of Directors. A proposal that receives more "yes" votes than "no" votes will be considered passed. A proposal which is related to the activities of an IRCA committee or the club Treasury will first be submitted to the respective Committee Chairman or the Secretary-Treasurer for his recommendations, which will subsequently be submitted to the Board along with the primary proposal.

ARTICLE XII - IRREGULARITIES, REPRIMANDS, DISMISSALS

Section 1 - Irregularities

Any irregularity of club policy must be brought to the attention of the Board of Directors and the President. A statement of the irregularity and the member or members charged must be made in written form and must bear the signature or signatures of the members making such charges, and shall be submitted directly to each Director and the President; all shall determine any action which shall be taken.

Section 2 - Reprimands

In case of irregularities, the IRCA President must with the approval of the Board issue a letter of reprimand, to be sent by registered mail, to any officer or member of the IRCA, clearly stating the nature of the offense and the proper means of rectifying said offense.

Section 3 - Dismissals

If the nature of the offense is serious enough to cause further action than a reprimand the President must, with the final approval of the Board issue a letter or letters clearly stating the nature of the offense and that dismissal proceedings are being taken. The aforementioned letter(s) are to be sent by registered mail, return receipt requested. A sufficient amount of time must be allowed for the accused to answer the serious charges. If the reply is not forthcoming or if it does not meet with the satisfaction of the President, a letter or letters of dismissal may be sent with the final approval of the Board of Directors, removing the membership of the accused.

ARTICLE XIII - REFERENDUM/INITIATIVE

If a member cannot get action on a proposal in the prescribed manner, he can submit a petition bearing 20% of the signatures of the club membership to the Election Committee to effect a special election on the matter. This pertains to matters other than those concerning the contents of these documents.

ARTICLE XIV - RECALL

If a petition is presented to the Election Committee bearing the signatures of 20% of the members asking for the removal from office of the President or Secretary-Treasurer, the Committee shall call a special election at which the membership will be able to vote for or against such removal. If the removal of the officer is approved by 75% of the members voting, the office shall be declared vacant. If a petition is presented to the Election Committee bearing the signatures of 20% of the members in a certain Region asking for the removal from office of the member of the Board of Directors from that Region, the Committee shall call a special

ARTICLE XIV - (continued)

election at which the members in that Region will have the opportunity to vote for or against such removal. If the removal of the representative is approved by 75% of the members voting in that Region, the office will be declared vacant.

ARTICLE XV - AMENDMENTS AND CHANGES

These Bylaws may be amended by the submission of a By-Law amendment in written form to the President. He, in turn, must submit the proposal to the Board for consideration. With the approval of the Board, the proposal is then submitted to the Election Committee who shall arrange a special election. A proposed By-Law amendment petition containing the signatures of 20% or more of the membership must be presented by the Election Committee to a vote before the entire membership. To be enacted as an amendment, the proposal must receive a simple majority of those members voting. An amendment to the Bylaws goes into effect immediately after its adoption, unless the proposal to adopt specifies a date for its going into effect.

ARTICLE XVI - RATIFICATION

The ratification of a 2/3 majority of those members voting shall be sufficient to establish these Bylaws and Constitution as the official documents of the International Radio Club of America, Inc.

Respectfully submitted,

Rev. Aug. 1, 1970
