DX MONITOR

PUBLISHED BY
THE INTERNATIONAL RADIO CLUB OF AMERICA

December 12, 1970

OUR SIXTH YEAR

VOLUME EIGHT, NUMBER 12

DXW times are GMT. All domestic section times are EST. GMT = EST + 5 hours.

President: (All dues and changes of address should be sent here)

Mike Northam, P. O. Box 1122, Lake Grove, Oregon 97034. 503-639-9727.

Publisher: (All material for the bulletin, CPC info, sample bulletin requests)

Don Erickson, 6059 Essex St., Riverside, Calif. 92504. 714-687-5910 6-12 PST.

Membership Dues: (U.S. funds) \$9.50, \$6.50, \$14 (1st, 3rd, Air Mail). Third class mail is not recommended because of unreliable service. Please mail dues to Box 1122 only and make funds payable to "IRCA".

Bulletin schedule: Weekly, dated Saturdays. Next few issues will be Dec. 19, 26; Jan. 2, 9, 16, 23, 30. Mail is around 4 AM Wed. or Thurs.

Editors' and Publisher's Deadlines: Editors should list their deadline each week.

Last minute DXM info can be phoned to DEE Mon. nights; sometimes Tues. nights.

This Issue Because all of the material now being held on hand has to be typed, this issue is being held at 22 pages rather than to wait until I can type another dozen pages. Lynn Brooks is, at this moment, Tues. PM, just returning from a WC business trip. No Midwest DXF. New members and renewals and Broadcasting Info will appear next issue again. NMPs has been mailed to all new members so far listed; it seems to take 3 to 4 weeks for NMPs to arrive. Train strike could tie things up so badly that it will be months before things are back to normal. On with DXC....

DX CALENDAR

Mon. Dec. 14	0100-0115	WKIX	850	Raleigh, N.C.	10kw	NNRC
	0200-0300	HCJB	700	Quito, Ecuador	30kw	IRCA/Larry Godwin
	0300-0600	KREL	1370	Corona, Calif.	500w	IRCA/Powers-Haden
	0330-0430	WILM	1450	Wilmington, Del.	1kw	NRC/Dave Schmidt
Wed. 16	0145-0200	KGPC	1340	Grafton, N.D.	1kw	IRCA/Neil Bartlett
Sat. 19	0000-0200	WNAK	730	Nanticoke, Pa.	1kw	NRC/Cliff Reno
Sun. 20	0000-0400	WG0E	1590	Richmond, Virginia	500w	NNRC/NNRC/JRTHSRC
Mon. 21	0000-0400	WINR	680	Binghamton, N.Y.	500w	NRC/Boyd & Krieger

Mon. Jan. 4	0200-0230	WJRL	1530	Calhoun City, Miss.	250w	NRC/IRCA-Roger Winsor
	11 0300-0400	WMBS	590	Uniontown, Penna.	1kw	NRC/Dave Schmidt

Programs listed after Dec. 28 are only the additions to the list. See last issue for others. Remember to always enclose return postage with your reception reports.

HCJB reports to: Mr. Clayton Howard, HCJB, Casilla 691, Quito, Ecuador. -Larry Godwin

KREL promises to be especially good. IRCAers Bill Powers and Steve Simonsen each recorded segments of the program which was entirely prerecorded. Don't be surprised when you hear bilingual IDs done by CE James R. Miller! KREL programs to the large Spanish-speaking population of Corona, at certain times of the day. -IRCA/Powers &

WILM will use music, IDs, cycle tone and possibly code IDs. Reports to: Mr. Joe Benson, WILM, Wilmington, Del. 19801. Arr. Dave Schmidt. Info: Starr
KGPC will use 400 cycle tone and IDs. Reports to: CE, KGPC, P. O. Box 312, Grafton, N.D. 58237. -IRCA/Neil Bartlett

WNAK will use music and many IDs. Reports to: Mr. Robert Neilson, CE, WNAK, 40 E. Main St., Nanticoke, Penna. 18634. -NRC/Cliff Reno

LOTS MORE NEXT WEEK

- 1520 WTLN FLA, Apopka finally hrd at SS, good at 1730 s/off 11/25. (MD)
- WXPQ GA, Eatonton a big surprise o/WKBW 11/10 1735 w/soul & ads;
fair signal. (GLM)
- WDSL NC, Moncksville 11/11 1652 poor w/ads. (GLM)

- *****+*****
- 1520 WKMG SC, Newberry 11/11 1702 w/nx, wx, local spot. (GLM)
- 1550 WRIZ FLA, Coral Gables 11/10 1720 fair w/soul til 1730 s/off. (GLM)
L&C daily 11/21-11/25 & 11/27 w/soul & gospel 1700-1730
s/off; WYOU occasionally hrd underneath. (MD)
- WTHB GA, Augusta 11/10 1717 good w/soul, address "1550 Soul St."
hrd o/WRIZ. (GLM)
- WMOO ALA, Mobile L&C w/ID following MBS sports 1735 11/25; L&C
w/soul 1731-1759 s/off 11/27. (MD)
- WXVA WVA, Charlestown vy poor w/s/off 1659 11/26. S/off-SSB. (JJ)
- 1570 WTQX ALA, Selma fully atop w/no QRM w/rr 1741 11/8. (FW)
- WCRL ALA, Oneonta s/off 1744 11/8 u/WTQX s/off, sorta weak. (FW)
- WFBF FLA, Fernandina Beach atop mess w/wx, ads, SID 1719 11/27. (MD)
- 1580 KPCA ARK, Marked Tree atop freq w/no QRM 1756 11/8; not strong
but readable. Had Ark State Network News until s/off 1800
w/NA by Jose Feliciano, leaving weak WCLS/WSRF. (FW) Big
deal! I've seen better catches in a Cliff Reno musing. -MD
- WCRV NJ, Washington xlnt on DX 0001 11/27. CBJ partially nulled.
Used tape recorded by Dan Myers, including phrase "Heaven
help Youngstown; Dave Schmidt just moved in!" App. CE de-
cided to extend test, as hrd 0035 w/rr & SID. (JJ) Hrd
11/27 0007-0020+ w/DX; march mx, tt, hrd IRCA & NRC men-
tioned. Vy poor strength, almost wiped out by CBJ. (KL)
- unid C&W mx and record offer (gave address in Texas) 0134 11/27
after WCRV DX. Vy poor and faded out @ 0142. (JJ) 99%
sure this is XEDM, Jim, as hrd here 0200 12/1 w/EE ID and
C&W mx, address given as San Antonio. - MD
- WAMY MISS, Amory 11/6 0501 good w/r/c-tt w/dial tone contrary to
IRCA list which says regular tone. (GLM)
- WILA VA, Danville xlnt at s/off 1700 11/8. (DSS) Hrd s/off 1715
11/22; good w/soul prior to s/off. (DF) Something fishy
here, folks - they couldn't have had two different s/off
times in November - or could they? - MD
- KPIK COLO, Colorado Springs 11/7 1831 all alone w/fair sig, mostly
talk pgms hrd. (DF)
- WCCR ILL, Urbana in fair on s/on 11/7 1725 w/fair signal. (DF) I
assume you mean s/off, right Dave? - MD In w/r/c 11/14
0115-0130. (JPL)
- WNJH NJ, Hammonton in w/r/c on 11/13 0000-0015. They are not
hrd here in the daytime. (JPL) In fair to xlnt on r/c-tt
11/13 0000-0015 w/many IDs. Counted 29 in last 6 min. (DF)
- WESY MISS, Leland 1754 11/14 w/soul mx, good signal w/spot for
discount store in Greenville; WAMY hrd earlier also. (DF)
- WSKT TENN, Knoxville in good w/conservative pgm from the deep
South something, before that C&W 1730 11/14 s/off. (DF)
- WSRF FLA, Ft Lauderdale in xlnt w/rr 1732-1734 ID 11/14 then dis-
appeared. (DF) Hrd daily 11/21-11/27 w/rr to 1730 pc. (MD)
- 1590 WGOE VA, Richmond concluding f/c-rr mx 0130 11/23, S-5 signal.
(Don "Bugwit" Hughes & Phil "The Beek" Fries, BU)
- 1600 KATZ MO, St Louis in vy good 1744 11/5 w/soul mx. (DF)
- KYAL TEX, McKinney add another Texas, 11/23 1800 good to xlnt
w/Texas State Network News (TSN), then spots for area. (DF)

Thomas R. Sundstrom - Box 205 - Willingboro, New Jersey 08046

Probably some DXWW readers have wondered where my rpts have been, but work has kept me busy as that proverbial one-arm paperhanger. Have been trying a few DX specials without any luck. Since I cannot stay awake until those odd-ball hours, I use the Knightkit R-195 transistorized rx (which splits 10kc easily) and a cassette auto-level-record machine on a timer and then check the tape next morning. I set up the loop to knull known 24-hour stns, which works OK. WODI-1230 was completely buried on 11/9...I couldn't pick out any IDs on the tape from any station. I haven't seen any rpts yet either. WCRV-1580 on 11/23 was a stn in my backyard when I was still single, living in Stockton, NJ, but nothing here. The only thing audible on the tape was an 0100 ID from WSRF in Fort Lauderdale... after that, a jumble. The timer system works OK, with instant start for both pieces, and no drift on the R-195. 73.

Dave Faulkner - 1430 Pine Grove Ave - Port Huron, Mich. 48060

I didn't intend to say a thing about prohibition of DDT reports, but now DEE---why can you print four pages of worthless garbage when we can't print our DDT rpts, which deal directly with DX. No provision made for SCECPOSDDX crap in EP either. If you want to tho we can amend the EP to permit both. My latest DX in DXR. 1580 is now top frequency w/21 stns hrd there, and none verified. License finally came and have been on WSGR-FM several times. JR actually rptd to the stn. By the way, what GHB has are not acknowledgements of his rpts but are verifications. Could it be that some of our members are so discourteous that they must send RP to get a verie? Totals now up to 655/25. Have also hrd WKAQ, JBC-700 Montego Bay, Cuban-700, & HJED in xlnt 11/9. Remember Denver area, will be in town July only, pse send phone numbers? Brh & I are now Stand-by editors, according to DEE. 73s & good DX. Am averaging better than 1 stn per day this year. 329 so far. (No one "must send RP to get a verie" Dave. Either the rpt merits a verie or it doesn't. Sending RP is merely politeness on the part of the DXer. I have never hrd of an attitude like yours. -MD)

John P. Lombardo - 23 Grove Terrace - Irvington, N.J. 07111

As I stated in DX ROUNDUP, very weak TTs were hrd on 940 on 11/8 @ 0021 to 0037, this was the time of the CJIB DX TEST. On 11/19 I rcvd a v/q from CJIB for my tentative rpt. I am not sure if I should count it since I never hrd an ID, and CJIB may be an automatic verifier. If anyone hrd this test, I would appreciate it if they can tell me if they had TTs between the times I stated. DX has been very good here with totals now up to 475. My goal is 500 for Jan 1st. Recent veries are: WANN WMAQ WPLB WEVA WRC WMAK KFVS WWLE CJIB WFAS WNJH w/cm, WRAN & WERA sent a nice v/1. 73s. (Considering the severity of the 11/6 Auroral storm, John, I don't see how CJIB could possibly have made it as far East as New Jersey, or even Ohio or Illinois for that matter. MD)

Raymond Arruda - 6 Wilbur Avenue - No. Dartmouth, MA 02747

Welcome to all of you newer members, especially you newer Massachusetts members. I have been quite inactive as far as DXing goes in the past nine months but hope to get on the ball now that Winter is here. I have received two new stns here this month and rpts are out to: WVLC WOSU WAIT & CBI. Total stns hrd here is 719. I'm also happy to report that my loop antenna is in good health. 73 & good DX.

Ken Lyon - 9415 Goodrich Rd. - Clarence Center, N.Y. 14032

The WCRV TEST was hrd on 11/27 but very poorly; I doubt if they got out too well. They were almost obliterated by CBJ. One verie in this week, WTON-1240 a nice v/1 & pgm schedule for their f/c. Hrd this f/c before and rptd before but no answer til now. At first if you don't succeed..... CU later.

Jan H. Brown - 38 Pacific Blvd - Monessen, Pennsylvania

Since this is my first DXF rpt to the IRCA, I feel that it would be appropriate for me to report upon myself as well. I am 29 yrs old & in my senior year at California State College (California, Pa.). At CSC, I attend the College of Arts and Sciences where I am a Geography major, with a minor in the Earth Sciences. I am also a student at the Columbia School of Broadcasting in Pittsburgh, Pa. In addition to my educational endeavors, I am employed with the Mead Packaging Corp. in Charleroi, Pa. As for my DX hobby, I have been DXing intermittently since 1957. My present rx is a Zenith Trans Oceanic portable (B600); utilizing the receiver's standard antenna only. To date I have logged 540/126 BCB stns, as well as 60/15 ctrys on SW. In addition to being a member of IRCA, I am also a member of the Radio Budapest SW Club. My latest BCB catches include: WGST WETT XEW & HJHJ. In closing I would like to say that I am happy to be a member of IRCA & I hope to be able to contribute generously to its pages and to IRCA's future development into the number one BCB DX club in North America.

Tom McCormack - 275 Littleton St. - West Lafayette, Ind. 47906

Hi. Although West Lafayette is only 35 miles East of the Illinois state line, we are on EST. So from here on out I will be reporting in the EC sections. (Tnx for the info MD). 690 veries here now, and 306 points in the Domestic DXC. Recent rpts out to: KKIS-990 (#30 logged from Calif here), KWRG-1500 (f/up), WESY-1580, WDSK-1410, KULF-790, WJBO-1150, KNEA-970 (#34 from Ark.), WRAD-1460, WSIP-1490, WAMB-1190, WMGO-1370 (#45 from Miss.), WSIZ-1380, WISK-1390, WFPM-1150, WJEM-1150 (#69 logged from Ga.), KAMD-910, WLOF-950, KNED-1150, WDEV-550 (will be my 50th state verified & my 3rd Vt stn), CBEF-540 & many more. Who is in SS on 915 & 1307? They were strong MM, who? Here are my most recent veries: v/1 CKLG-730 (CM too & #4 BC vfd), WITH-1230 (CM too & took 2 1/3 yrs to answer, my longest yet), KROC-1340, KBBB-1600, KOVO-960, KBRL-1300, KNOP-1410 (my 20th verie from Nebr.), & WLAQ-1410. Tnx to everyone for WC verie signers. MM 11/16 was really fantastic for DX! DX bashes here weekly, just write. 73s & BCNU.

Bruce Bennett - 82 Norman Lane - Levittown, New York

Hi! I am now getting my DX shack ready for this coming DX season. Most recent tapes are WLIB s/off at 1730 each day, and WNYC s/off, and WNJR s/on 0600 11/15. WBAB was s/on at the same time so I will tape it some other time. Can anyone help me out w/a list of Cuban stns? I collect & swap sc's and local radio lisings from your local newspapers. On 11/14 during early PM WLLI-1100 was off the air. They disappeared during the middle of a song. An hour later the xr came back on. The DJ came up w/this good one, "Well, if you're wondering where we were, we don't know what happened either." Does anyone know where I can buy a Q-Multiplier and/or how to attach it to the Realistic TRF portable? QSL rcvd from CKEC, Nova Scotia. Totals now 243/94, 24/20 states, 4/4 provinces, 5/3 ctrys. Somehow every time I count my state veries my totals go down. The following stns are on the NBC Network and weren't listed that way in the NRC Log: KCLS-600 KSTR-620 WMIS-1240 WBUD-1260 KAWC-1320 KTSM/WLIZ-1380 WMNC-1430 KMLB-1440. Also, WTHE-1520 CH: 250. WDSM-710 is not NBC.

Quentin K. Brown - 59 Kenilworth St. - Ottawa, Ontario

DS: CJJC news was from a CRTC news bulletin. LMA: The 1010 Colombian is ex-960 and in Barranquilla per "Radio Sutatenza en Barranquilla" taped ID on the hour. Looks like we had excellent cx throughout NA 10/28 to 11/2. If there is a convention bid from the WC, wouldn't it make more sense to have a combined convention at San Francisco rather than two separate conventions? (Yes, but don't expect to see a combined convention before 1999. - MD) Veries this week: CHQR-810 KCMO-810 WFNC-940 KTAR-620 WMT-600 ZNS1-1540. Probably my best week of veries ever.

Dave Faulkner - 1430 Pine Grove Ave - Port Huron, Mich. 48060

Fellow members: DX here, especially at SS continues to be interesting and the stns just keep on comin'. My latest 11 are in DXR. Latest foreign XERCN-1110 & YSC-1015 w/a beautiful Radio International ID in SS. WSGR is still putting out that mighty 10 watts and I can still be hrd 2-4pm Monday's and Friday's. Now have 668 stns, 21 short of my goal for the year, which is 689, or, for this year, 365. MD, is 365 stns in one year good, fair, or excellent? (All depends on your total at the beginning of the year, Dave. Since you started the year at about 300, I'd say very good. - MD) Oh by the way, when you run out of nearby stns to log and live in the North or Northeast, try Texas and thereabouts. Southern cx have been xlnt. 73s.

Jim Jankowski - 11 Meadowbrook Terrace - Corfu, N.Y. 14036

I recently purchased the Realistic TRF and am rather disappointed in that it only slightly out performs the GE P977B. Still, every little ounce of strength must help. Can a mechanical filter be attached to the TRF? Who knows, I might splurge a little and buy one. The WCRV-1580 test was very well run and it should have gotten out well for the power. I sent a detailed two page report to hem, making sure there were no mistakes. So after I mailed it the carbon copy showed that I had spelled the CE's name Feitzenauer instead of Geitzenauer four times! I'm sending him an apology note. Veries: v/q KSL WTOD WHJB WMNI CBO; v/r WEED WILK; v/l CBO WMMB-1240 (from very friendly Bud Coltrane, CE, who sent a chart of power changes until March.) Word to troublemakers: Keeping your mouth closed will stop the rustling between the ears. 73.

Tim Davisson - 2891 Morewood Rd, Apt 203 - Akron, Ohio 44313

HI! 11/25 - with the start of the season.... I've exerted more energy towards DXing...with a few nice results: 11/16 KXLR-1150 @ 12:17 am, then for just about 10 seconds WJRD-1150 Ala. @ 12:19 am. But, the two biggies: 11/15 WMFJ-1450 Fla. on top of channel for a rpt at 5:31am and 11/24 WMMB-1240 Fla @ 1:51am, rpt out. Totals up to 1228/474. As mentioned last summer...I am a fulltime announcer (or DJ if you will) at WCUE here in Akron. If anybody (AM or FM) needs a verie, pse send correct rpts plus a 6¢ stamp to me c/o the above QTH. The CE at WCUE doesn't believe in verifying, so write now! Now! Among typical DXing gripes is the poor reply percentage on reports...and in many cases the complaint is justified. One young local IRCAer (totals hrd & vfd in the low-mid hundreds) after 2 yrs of DXing may quit...to look for a hobby with a "rosier"/more appealing makeup. Perhaps, and I feel this is tru, the continuing problem of poor reporting techniques and the lack of return postage is "burning off" even previous friendly verifiers. With economics in this country as tense as they are...a 6¢ stamp, along with a concise and friendly request, may bring a verie. Why be arrogant about a hobby which depends on "goodwill" and reports which realistically serve little utility to the stations themselves. 73.

Gary L. Munn - 24 White Birch Terrace - Kinnelon, New Jersey 07405

Hiya! DX from the South has been so great at SSS these past few days I'm afraid to guess what will come next! New Veries are WYLD-940 v/f & W100-1000 v/l & CM, SC. There are nine NJ IRCAers and it hurts me to say that only four report with some regularity. Let's go Jersey! Ames, Koscan, Taylor: where are you? 73 & go Knicks & KHS Colts! (Re your question on "37," Gary, the answer would have to be yes. - MD)

Ken Lyon - 9415 Goodrich Rd - Clarence Center, New York 14032

Anyone who is a member of NASWA must know by now that our editor and publisher, Mr. William Eddings had a serious heart attack on 10/16 and was rushed to the hospital where he is now recovering. Bill spent long hours on the bulletin to get it out every month without fail, just as does our publisher, DEE. Anyone who wants to send him a get well card may do so, the address is: Room 127, Altoona Hospital, Altoona, Pa. 16601. Bill will be glad to receive a card from any DXer regardless of his club affiliation. One verie this week: WAVE v/q. CU later.

Joe Phaturos - 1512 Spring Garden Ave - Pittsburgh, Pa. 15212

This is my first report to ECDXF, so here's an intro: I'm 16 and in grade 11 at my local high school. I started DXing the BCB in 8/69. I also belong to the NNRC and NASWA. My receivers: West German Enud, Zenith Trans Oceanic, HA-226. I have five 50 foot longwires but now only use them for SW since I received the Joe Worcester ferrite loop which is very directional and sensitive. Totals: 186 stns, 26 states. I have only recently started to send out rpts, New stns: WPIC-790 WBLU-1480 WOMP-1290 WSYD-1300 WMNI-920 WWJ-950 WQAM-560 KGLC-910. Rpts to: WSM-650. Veries: ZNS1-1540. That's all for now, Peace.
Frank Waldron - 65 Lakeridge Drive - Matawan, New Jersey 07747

C.M. "Stan" Stanbury II - Box 218 - Crystal Beach, Ontario, Canada

CKLM verified via form letter (a "LM Gramme") by return mail. Because of the circumstances which surrounded this stn at the time of my reception (as previously noted in DXR) I consider this my best QSL from Quebec - and will until one is received from CKAC. And with this I hope to start a new controversy; concerning broadcasting, radio stns etc. - the kind of things that I always thought DX was all about (rather than stn collections like the one recently featured by ...). I see no reason why a domestic QSL could not be one's best from NA, e.g. mine from VOA Dry Tortugas (because of the relatively short time it was on the air, the light it shed on the interchangeable ID technique and R. Americas mystery, and the small but interesting part it played in the evolution of portable media) is a far rarer and more important catch than any foreign stn that I have from NA. Comments? (The rarest catch is not necessarily the best catch, is it Stan? I mean if you hear Porgie Tyrebiter's 1 watt bootleg stn from around the block, it will be your rarest catch? But your best? - MD)

Raymond Arruda - 6 Wilbur Ave. - North Dartmouth, Mass. 02747

Hi everyone. On 11/19 at 1700 I bagged what was an apparent whopper of a catch (for me a whopper, for you veteran DXers, a routine catch) on 780 kHz. Unless my imagination was playing tricks on me, and it sometimes does, I logged Ojlahoma daytimer KSPI at SSS. At 1700 just after an ID KSPI was then drowned out by s/on of BBC World Service I believe. I did not get enuf for a rpt, only five minutes with two MoR songs and ID. Is this the type of format on KSPI? (No, but it does fit the format of ZBVI whose calls sound very much like KSPI. I'm sure you hrd ZBVI, Ray. - MD) A brief introduction for some of you newer members: I'm 21, single, Army Vet, and work for New England Tel and Tel. I started DXing in 1963, got my first verie in March of 1966 (KSL), and joined IRCA in March of 1967. Equipment here is a Halli-crafters SX-122 and a four foot loop antenna, both with low mileage. Have a good Holiday Season and continued good DXing.

David Singer - 5501 Old Richmond Ave - Richmond, Virginia 23226

Hi. Winter cx seem to have finally gotten here on 11/21, with the Cleveland and St. Louis clear channels in w/good sigs an hour before LSS. It's about time, hi! Veries in: v/f WHIL-dx; v/l WWGP WMOE WSAO WNBC; v/CM WLAK KDDA WQIZ; v/r WKYK; v/q WNOE WKAT WCSC. Now have 99 points in Dom Sings, 35 in Dom Call letters. Verie return percentage to date: 64, with none out over 1 month. Phone number here is (703) 282-6398, call at your own risk, hi! 73, Richmond in 71, GO SQUIRES!

Peter N. Kanze - 26 Palmer Ave - North White Plains, NY:

I've been a member of this club since September so I suppose an introductory note is in order. I'm 19 and have been DXing since 1962 tho I did not write away for veries from 1963 until late in 1969. Since then I have received about 100 stations with a verie return of perhaps eight in ten. Best catch is a VOA broadcast from Rhodes, Greece - or at least that's what Uncle Sam told me on the basis of a report sent to Washington. (What frequency was this stn, Peter? Greece is very rarely hrd on the BCB from North America. - MD) I'm really not what you could term a "professional" DXer as I only work the dials when I'm in the mood and then chiefly only on MM's. I'm lucky in that I work out of my own house (I am a cataloger of rare documents and autographs) and can name my own hours. Have a couple of ancient (1966-68) CHUM survey charts to give or throw away to anyone who'd like one. Also a few others, SASE pse. Other interests are rock music and Nazi uniforms. Anyone with similar interests, please write if the spirit moves.

Robert Friedrich - Whitestone, N.Y.

Winter DX has been picking up here with seven new stns since last rpt. WRNL-910 Va., WCAZ-990 Ill. v/1 for r/c, WELI-960 v/q for r/c, WRNC-1240 N.C., XERPM-660, WPRW-1460 Va., WGCH-1490. The WBSC TEST came in beautifully w/10kw & fair w/5kw. I was the third phone caller and I also hrd many fellow IRCans mentioned. Still no verie received with a follow up. HLH, anything wrong? After 11 months finally received a verie from WLOB, state #36. When they verify, they really verify. They sent me about a five pound envelope with the following enclosed: my two original reports with a big WLOB stamp on it that says verified, 32 page book on Changes in Churches, WLOB CM, WLOB Top 100 of All Time SC, 3/2/70 SC, a nice looking QSL card, technical information sheet of WLOB (One part says "WLOB does not give away verifications to be nice regardless of how truthful we feel a report may be." A good sign of a true verifier. Also, a booklet on the Bible, 104 page book on the Greater Portland area, and finally some WLOB flower stickers for cars. It was sure worth the wait. I better leave as I used up my 15 lines.

Roger Koss - 78 East Second Street - Freeport, New York 11520

Hi gang! Since I'm new here, I'll tell you a little about myself. I'm 14 yrs old, attend Freeport High 9th grade; I have two receivers that I use most, a Realistic "Mariner" AM-FM-SW & a Zenith "Trans Oceanic" AM-SW portable. I also have a Panasonic RQ-204S cassette recorder. Recent veries are WKBW WWVA WCKY WEAL & KYW. Also, WOWO WHAM WJR & WTIC. Holding are WBZ & WKYC, both sent about 9 mos ago. Well, that's enough for now. 73 all. (I'd suggest you send new reports to WBZ & WKYC, Roger, because if they haven't verified by now, they never will. Both stations do verify correct reports. - MD)

Marc DeLorenzo - 30 Bay State Road, Box 518 - Boston, Mass. 02215

Managed to hear two new ctrys over Thanksgiving recess - Vatican City on 1529 & Ukraine-1546 raising total hrd to 56. 1529 was in daily 11/24 to 11/27 around 1630 EST. Hrd as early as 1609 on 11/26 - about 10 minutes before LSS, very strange ex: heavy aurora but good signals out of a few high band TA's! Well, the first annual Hyannis Thanksgiving DX get together is now history and what madness it was! In attendance were: Carter Scholz, Cary Pall, Frank Waldron, Gordon Nelson, & of course Big George Kelley, Randy Kane, & myself. Highlights of the affair were a call from Ron Schatz in Florida, a call to the ERBA party at Grant Manning's (during which I almost lost my job as EC editor, hi DEE), & the destruction of a pillow which contained approximately 850,000 bird feathers. The rest of the affair is somewhat vague

ATTN: WRYT-DX VERIES!! Yes friends, to receive your long-awaited Right Radio veries, send a f/up to: Big George Kelley, Box 99, Cambridge, Mass. 02138. This is for the 12/29/69 DX TEST.

Editor: Richard C. Evans Deadline: Wednesdays!

Temporary Address: Box 1988, Gary, Indiana, 46409

Nothing much doing here on the radio. No wheels for the past week and a half, so had to commute to work--better than three hours a day traveling, plus the eight hours at the old salt mine, hi. Just found out the problem--cracked engine block. v/l WKCT (7 days) v/r WJFC (7) v/q WCBM (56). The 57 veries I have received since Labor Day have taken an average of 17 days to answer. If WOHO (291 days) is deleted, then it was 11 days on the average. And these included first reports to KXEL and KOMA, both of which apparently have reputations of being slow. AK, are you still working for Inland Steel? Suggestion: put a map of the US and Canada on the wall, and put stars on it to point the towns verified. It's interesting to look at, and most amazing. Also helps to point out the area that one's location favors. A hill or big lake can make all the difference in the world, but yet not be noticed. Another handy thing in conjunction with a loop is an atlas with the US map in front or back. Time to quit, so good dx and 73...

Jim Adams - 199 Valley View Ave - San Jose, CA 95127

Well, the Rams got lucky today and cleaned out the Niners. I will not throw in the towel yet, as the 49ers will comeback. First of all, for all those interested, especially in northern and central California and Nevada, I talked to CE Bill Kingman of KTHO-590, South Lake Tahoe, Cal., and as a few of you know they are planning to leave the daytime only stage and go full-time. I called him while at Tahoe for Thanksgiving, and he answered a few good questions for DXers. KTHO-AM will go full-time 24 hours and maybe NSP within the next three months (no definite date). According to Mr. Kingman they are mainly protecting KRCQ, which I think is kinda wierd. KOWL-1490 in South Lake Tahoe, Cal has objected most strenuously. They have appealed to the FCC and this is what has kept KTHO from their November changeover. They will go 500 watts at night, and might not keep their same type of programming. The new transmitter is almost ready. So keep listening to 590 for a new catch. They have been heard in London, so it shouldn't be hard for us DXers to hear them. As far as a special DX program for DXers, their attorney says NO! I think we should rename the DX Monitor DX Controversy, or DX Problems Inc., or maybe even DX Complainer. I have had enough, and refuse to read about censorship, printing policies, and how someone in the club is inefficient. I think DEE does a great job myself! Well, time to go, and hi to Mitch Donock. Roller games tonight at 9!!

Kevin L. Slater - 4750 Verda Lane N.E. - Salem, OR 97303

Hi gang. Thought I'd make an appearance in these pages again. Classes worked out so my first MM class is at 11 AM, allowing me to have all MM for DXing and time to sleep afterwards. Some nice stns hrd recently like ZBVI-780, WSUN-620, WYLS-1350 for state #37. Since this spring, I've added three new states: AL, SD, & VA. Present verie total stands at 403, 326 US, 54 Canadian, 17 Mexican, and 8 others in 6 countries. Latest veries: v/q Radio Belize on 834, KTKT-990, CKYL-610, KALL-910, CHED-630, KOAM-860; v/l KOHI-1600, KOOK-970, KCRL-780, KYNO-1300, KRFL-1400, WYLS-1350; v/f KRAM-1340, KSWW-1250 DX (tnx to GWT), WMLT-1330, and KTAR-620. A v/l and v/q from KXL-750. Seems that they have been receiving some bad reports. The CE didn't seem too pleased about the situation so if you're going to send them a bad rpt, don't expect an answer. BB, PM, and I will have a visit with him sometime around Christmas. Also in the works, getting KISN-910 to verify. That may take some doing. 73

Bruce Portzer - 14056 5th Ave S. - Seattle, WA 98168

Hi all. 80 rpts out in the past 3 months has made for a pretty good influx of veries: v/q KMPC WGN KRKO CKLW WHAM KTKT CBX CBXQ KFJZ KCRA KTRB CJVR JOBB KABL JOLB, v/l KFGP KQWB KWIN KDWT KOIN KOOS KLOO CKQR, v/f KLMS KINS, v/r KARY KBBO. CFGP WGN KARY KBBO KINS & KOOS also sent CM's per my request. Total is now 802/317. Three best states for GY stns veried are (in order) Ore, Wash., Idaho; and for daytimers veried are Wash., Ore., and Nebraska of all places. Best cities are Seattle 13/5, Honolulu 12/4, Eugene 11/3 (four due to call/freq changes), Mexico City 11/0. So much for weird stats, hi. The P.O. is really on the ball. On 10/30 I received my 10/17 & 10/24 DXM's, the next day the 10/31 issue arrived. Can anyone beat that record for rxing DXM's en masse? Latest addition to the shack is a Sony 355 tape deck. With three speeds and other nice features it can't be beat. U.W. 61, UCLA 20.....sure an improvement over last season, hi. 73's for now and good DX to all.

dan Sheedy - Box 31 - Encinitas, CA 92024

Hi fellow DXers. Veries to grace the walls of the knotty-pine DX den? Certainly! KXIV-1400 v/x (yup, xerox copy), KOWL-1490 v/l, KCBC-1390 v/r, KKHI on 1550 v/q (var surpassing WKYC-1100 in beauty), KVOP-1400 v/l, KUKI-1400 v/l. Would like to appeal to all DXers with veries from any of the following stns to kindly lend me the reception info: KOWN-1450, KMLO-1000, KUDE-1320, KDEO on 910 (NOT for their '68 DX Test, tho). Would like to know just how well the North County stns get out. Now that KDEO-910 changed format they're consistently destroyed day and night by XEAO/KNEW/KPHO/KALL. KDEO programmes an 'FM underground' sound that is far superior to much 'FMu' on FM these days. Typical Any bluegrass freaks out there? If so, communicate! SD71..a choice not an echo

CX during November have been poor due to lousy weather and frequent thunderstorms. Usually, temperatures do not drop to the low 70's until December and we have had a number of "cold" days lately! However, through the static the following stns have been logged: KFRC-610, KTAR-620, KCRL-780, CJVI-900, KKIS 990, KPNW-1120, CKWX-1130 and KEX-1190. My loggings have been limited only to the WC---no Alaska, Midwest, or East Coast yet. I don't know if it's possible with an unaltered HQ-140X. Am still trying to log a WC graveyarder with no succ

Steve Kamp - 6149 Monteverde - San Jose, CA 95120

Veries: KBRZ-1460 500w in Freeport, Texas sent v/l; KCMC-740 Texarkana, Texas w/v/l; v/f KIRL-1460 St. Charles, Missouri; v/q Okinawa-1178 (VOA); v/q K SVC on 980 in Richfield, Utah. New stns here are KOAC-550, KGFJ-1230, KYAK-650 and Tarawa-844 (VSZL). Tarawa has been in here with weak-to-somewhat-fair signals 0330 or so EST w/pgm in native. Have tried for their scheduled EE pgm at 0200 to 0245 EST but no luck. Anybody know if Tarawa would accent a 3/4 ips tape??

Edward B. Haden - PO Box 1372 - Rosamond, CA 93560

Yesterday (MM) pulled in a wierdie. I'll dub it Nightmare on 1410. It all occurred between 5:40 AM and 6:00 AM EST. First, WKBH LaCrosse, Wisc, then WKMh Detroit, Mich. and last CFMB Montreal, Que. The only difference in the first two is the 3rd letter, B and M, and their locations. Had some time trying to keep them separated, then CFMB came in and drowned both of them out. Checked White's Radio Log as of November 1970 but could not find any listing for WKMh Detroit. It was very clear, has anyone else heard this one? Since last writing also pulled in CKLG Vancouver and KTOH Lihue, Hawaii. 73

Duane Giese - 2838 Darwin St. (7-E) - Sacramento, CA 95821

Since I'm a new member, an intro is in order. I'm single, 28 yrs old and have been DXing for about 10 years. I started DXing when I lived in Oshkosh, Wis., later moved to Springfield, Mo., than Columbia, Mo. before coming up here. RX used is a National NC-190, using a 24" sq loop for my antenna. I started a log over once again & have heard 275 stns, 33 state & 5 prov. Of the 275 stns hrd, 105 are from Calif. In the past week, I hrd my 1st stn from Alaska. KFQD & later KFAR, hrd on 11/27. Hawaii stns hrd sofar stands at eight, but should get more if I keep working at it. No TP's yet, reason is that I have not been trying for any. About all for this time. Like to wish everyone a very Merry Christmas & the best in the new year. LXXIII

Steve Kamp - 6149 Monteverde - San Jose, CA 95120

(408-268-8584). Howdy you all. CORRECTION: "tentatives on KIRL-1460 and KBRZ-1460..." in my 11/28 DXF should have read "tentatives on KIRL-1460 and KVOP-1400. KBRZ-1460 was a definite logging. Bill Hein, v/s for KJR v/l is Homer Pope, Opr. Mgr. KOH sent an unsigned v/q. From what I've heard TGJ doesn't verify. Rcvd a "v" from KIRL-but T. McCormack of IN says that the stn I hrd was most likely NOT KIRL, so I will not count the v/f as a verie. DX from Tahoe wasn't too bad--when I was up. Best catch there was WTAI-1560 in Melbourne, Florida. Jimmy Boyd: ur unID on 780 sounds a heck of alot like ZBVI-780 in Roadtown on Tortola Island in the British Virgin Is. Agree with all of Gary DeBock's comments in the 11/28 WDXF. No veries in this time. 73 and good DX to you all.

FLASH

Saint Kitts, LEEWARD ISLANDS, ZIZ-570 was noted by Alan Merriman on 585 Sat. evening 12/5 until 0300 GMT s/off. Programming was Calypso mx and BBC World News. It was not noted on Sun. night but possibly because of an early s/off that day. Power is 5kw. Announcement is (in EE) "This is R. Stn ZIZ". Verie is by ltr. This tip was phoned in by Alan at press time. Be sure and give them a try!

Steve Kamp has received a v/q from CBC LPRT CBXQ-540 in Ecluelet, BC; the verie says power has been increased to 50w from 40w.

Congrats to Frank Wheeler on being appointed by the NNRC Exec. Board to fill the unexpired portion of the term of one of the club's Vice Presidents.

Dave Alpert sends along an item on a new "underground" radio network to soon be in operation. It is scheduled to start 2/1/71. Details next week on "5th Estate R. Net."

Hi all. DX has been nill here due to the fact that my TRF is back at Allied/Radio Shack having its AC circuit fixed, and my SCL30 doesn't have an antenna. But from the way GH has been pulling in the TP's and IA's it must be real good. Only one verie in, KRAK-1140 (which may not sound like much, but w/KAYO-1150, and KGEM-1140 to contend with, it's something)! Just noticed that I have another verie in (KRG0-1550 who was a non-verifier). They veried on a dittoed pp/c (about the size of KOB's). So, you can start reporting them again. Taped veries are good in the contest, IF they have the same qualifications as taped veries for the AAC. Jim Adams: who won the Rams vs. 49ers this time (in the game that counts most)? Dr. REW, I didn't mean "Alaska's Flag" (on KCAM to mean weird-strange. I meant it to mean weird-different, as it isn't to common a song for s/off's for stns outside of Alaska, ok?

Jon E. Pearkins, Jr. - 6137 Service St. - Burnaby 1, B.C. CANADA

Hi! Yup, I'm still alive. Only DX was the addition of XEGM-950 and rpt to KOMA for the upteenth time. Carl Mann is SM DJ. Is he the ex-KOOK, ex-IRCA DJ??? My main purpose in this rpt is to wish everyone the best for the Holiday Season. I am feeling that Christmas are getting pretty "plastic" as the years go by, so none this time around. U.B.C. and CYVR (UEC Radio at 650 kHz carrier current only) seem to be chewing up every available minute. I hope that my letter to XELO has ruined my reputation fo somewhat reliable DX. I am presently taking legal action against Cousin Billy for defamation of character (she misrepresented me over the air; 'sides, I never got my 'tenna topper); as well as numerous other sins. Good DX and 73.

Pete Warren - 1115 13th St. NE - Salem, OR 97301

Hi. Greetings from the Beaver State. I'm a new member as of 7/70. I'm 14 and go to Parrish Jr. High School. My rx's are a HQ-180, Starroamer, and a Fediltone. I use a 85' lw and a short 45' in the atic. I also have an IRCA loop, but it doesn't work too well. My totals are 178/114, 34/33, 4/4, and 4/2 ctys. Latest veries are v/q #BT-1110, WOWO-1190, WABC-770, WHAM-1180, KGHL on 790, KSUB-590, KOVO-960. V/1 WANN-1190, KIOA-940, WDZ-1050, KPUA-970. My best hrd are some above and WLEE, WYZE KORL, KIKI, KMVI, WNBC, KFQD, KIEV, KFVS, KMOX. SCers, I have KBZY KGAY KISN KGW KINK-FM. Could any person help me get started in TV DXing? When to listen, etc. I'd appreciate anybody writing me on that. I'm trying to get KCSR in Chadron Nebr. to get a DX program. 14 lines are coming fast, so 73 and Merry Christmas. GO RAMS (a native of L.A.). (Welcome to the Forum, Pete! There is a TV DX club hqed in Milwaukee-BJ).

Steve Oster 16080 Greenridge Terrace - Los Gatos, CA 95030

Hi! For intros, I'm 14 and go to Bellarmine College Prep. in San Jose. I have been dxing for a year now, using a Hallicrafters S-107 communications rx. I have only been BCB DXing for about three months now, and was previously a SW DXer. But I switched mainly to BCB when I got tired of Radio Nederland, VOA, and RSA shattering my eardrums when I was tuning in a weak signal. I only recently joined IRCA, and was encouraged by Steve Kamp, who is in several of my classes at school. SK and I just got back from Tahoe, where we went to DX over the Thanksgiving Holidays. Recent v/1 CKLG CKWX KCRI, KHSL KSTN KRED & KMBY v/q KHJ KPFC KCPX KGYN WBAP KFAB WHO KEX KVOO CBR WGN KSEI & a v/r from KVIP in Redding, along with a pile of religious stuff. (Welcome, Steve-BJ)!

Bill Hein - 5539 Pattilar - Woodland Hills, CA 91364

Greetings All. Veries in since last report are v/q WCAU KTKT v/1 KCIQ-1400, CKLG+CM. Just started DXing f/c's with some pretty good results. Best catches lately are YVOZ-1200, KDCE-970 f/c. One of the best things about the IRCA is the nice people you get to know. Anybody want to trade 100 letterheads for my 100+ Report forms, pse write. Since I take great pride in my reception rpts, I've gone back to writing out the whole report. What does v/c and v/f mean? (V/c is verie by postcard and v/f is verie via follow-up-BJ). I'm buying the J.A. worcester Loop antenna and will give my review of it in the future. SCers who want a KHJ SC, pse write and send me an SC of one of your locals. 73. - -
Gentlemen, pse doublespace your rpts, whether typed or handwritten. Tnx-BJ.

- 665 ??? UnID puzzler, SS editorial mentioning Spain and Mexico 0155-0200 11/18. 0200, announcement, "Radio Nacional des San Valee (?) caribe" mentioned twice. Musical IS and into "Musica Placica" (music to please) programme/ Check at 0455 revealed same ID and possible anthem as signal gone at 0500. Taped. Ideas? (QKB) Looped E-W to avoid CCI. (Most likely TGRT. Ed)
- 700 CMJT Cuba, C. de Avila fair with music and SS announcements 11/9 0415. (BRH)
... Jamaica, Montego Bay with "The World Tomorrow" 11/10 0500. (BRH)
- 725 ??? UnID SS outlet with US MoR and announcements after every selection 11/13 0315-0330. Static blocked IDs. (BRH)(YNS? Ed)
- 740 WIAC Puerto Rico, San Juan, s/on with NA 11/23 0932; SS and EE s/on announcement. Nice signal. Reported. (LMA)
- 764 ... UnID with FF talk; presumed to be Senegal 11/9 0710. (BRH)
- 780 ??? UnID SS s/on 1030 11/23 in Central America and even gave call letters but I was turning on tape and they slipped by me. Has to be YSLU or TGHB, both 1 kw. Has either been reported? (LMA) (Larry, neither of the stations you suspect is listed in WRTH on 780. Perhaps YSKLD. 10 kw. Ed)
- 820 HJED Colombia, Cali very good 0720 11/9. (BRH)
- 844 VSZ1 Gilbert and Ellice Islands, Tarawa 11/16 0800 with a beautiful set of tones and soft feminine announcing. The voice is very rough. copy but the 4 tone IS cuts through like gangbusters. This has been audible every morning that I listened since putting up the beverage wave antenna but only snatches of audio to date. (JKC)
- 880 TGJ Guatemala, Guatemala poor under WCBS with marimbas 11/29 0557, s/off 0602. (DSS)
- 913a YVRQ Venezuela, Maiquetia, Radio Aeropuerto was first heard here 11/15 0255 with incredibly distorted signals. I had been hearing what sounded much like TVI on 910 for several weeks (except I don't have any TVI here since closest neighbors are 1 mile away). On 11/15 YVRQ started to drift at the rate of about 500 cps per hour until it reached 914 and then settled back on 913. TVI sounds drifted with it and left 910 clear. They may have been drifting for some time, but I avoided that channel because of the noise. 11/15 I got a perfect tape ID with call slogan, location and all. Their transmitter is obviously very sick! (JKC)
- 950 ??? UnID SS with good signals 1005-1015 through WWJ OC. WWJ s/on 1015. That I heard a mention of "ondas" and "Caracol" but probably my imagination. Has anything been reported here at this time recently? (LMA)(HJFN is a Caracol station, but has't been reported here recently. Ed)
- 970 XEDF Mexico, D.F. with very strong signals at 0706 11/23; many "La Estacion del Distrito Federal" IDs. (LMA)
KPUA Hawaii, Hilo with rock over and mostly under KAKC who are supposed to be silent MMs. WWSW was alone on the loop but on the beverage KAKC was very dominant. 11/16 0842 I heard I time check for 10:42 and almost went through the chair. I almost two hours of listening I got one reasonable ID and many songs and Hawaiian oriented items. This has to be my best Hawaiian ever though I did get KZOO that same night. This channel is' anything but clear! (JKC)
- 995 HCEW2 Ecuador, Guayaquil with great signals and Radio Sucesc IDs on 11/16 at 1020. (LMA)
- 1070 YV.. Venezuela at 1003 on 11/16. Which of the two has been reported here? (LMA) (Neither recently. Ed)
- 1075 TIFC Costa Rica, San Jose, great signals in SS at 0257 11/26; at 0259 they switched to EE with complete ID, then into religious talk program. (LMA)
- 1147a ??? UnID SS from 0130 to 0300 with fair to good signal; but the ID was forever elusive. Anyone else catch this one? Must be a 1150 drift. (LMA)
- 1155a YSCF El Salvador, San Miguel in good 0534 s/off 11/22. Again very strong most of evening of 11/25 (AM of 11/26 GMT) Ondas Orientales IDs. (LMA)
- 1175 ??? UnID SS with fair signals at 0130-0230 11/26; CST TCs. Could be YSCB; any others ever reported here? (LMA)(Not that I recall. Ed)'

- 1180 XEFR Mexico, DF fair signals at 0700 11/22. IDs as Radio Felicidad. (LMA)
- 1205 ??? UnID here with MoR music, Tony Bennett, etc., and s/off with military gand tune 11/9. Sierra Leone? (BRH) (What time was s/off, Bruce? Ed)
- 1380 XE?? UnID here MMs playing Wolfman Jack, but not //XERB. I have heard them several MMs over and under KRKO but never an ID. He gives spots for an AN diner somewhere but no location. I wonder if this might be XEKT, Tecate listed on 1380? Any help from anyone on the WC? It is very strong on the beverage antenna, which suggests central or northern Mexico. (JKC) (I doubt that it is Tecate, since they can't be heard here in San Diego, about 30 miles west, at night, and they are in SS anyway. Right at the moment, I don't know, Jerry/ Ed)
- 1550 4QD Australia, Emerald. The WC isn't the only place that 4QD can be heard, hi hi. 11/2 I finally got my first Aussie after 7 years of DXing/ First heard 0945 with news and features; then some easily IDable music. CBE buried their 1000 GMT ID if there was one, but I heard them under CBE for the next 15 minutes or so. This is thanks to the great beverage wave antenna. No wonder the guys DU swear by them. They are even useful in ECNA. I have 6 Hawaiians this season; 5 on tape, to attest to that. (JKC)
- Midwest
- 664 TGRT Guatemala, Guatemala, Radio Fabulosa noted well here around 0520 with US style music and infrequent SS IDs. Heard first time 11/23. A move from 670 kHz. (DRA)
- 750 ??? UnID SS, maybe YVKS, noted MM 11/30 at 0749 during AN program. Name of program was "La noche despierta" and was about equal in strength to HJDK (AN with CARACOL program). (LBG)
- 880 XETZ Mexico, Tequila noted strong 11/27 1300-1315; on before 1300. No QRM. (LBG)
- 1124 ... Libya, Bayda heard with chanting in Arabic and poor signal 0130 11/26. (DRA)
- 1141 ??? UnID SS noted 0405-0600 -1/26, generally weak but with occasional clear periods. Weak ID at 0529 but I couldn't understand it. (LBG)
- 1214 ??? UnID, looping NE; the music could be a sober kind of British pop. Taped 0753-0758 GMT 12/1 when faded out about 20 minutes past London sunrise, and did not return next hour. If it is BBC, then it is a strange reception because Portugal was missing and Dakar-764 was poor this night. Nothing here two hours before. Could it be that 13 transmitters on one frequency may perform in strange ways? (GM)
- 1270 KNDI Hawaii, Honolulu 11/23 poor over CHWK OC (CHAT off) 0915 with Rock of Ages and other religious songs. Faded by 0925 under SS playing EE and SS rock. Thought I heard Sonora. XENY? (JO)
- 1395 ??? UnID SS heard AN MM 11/30 playing one record after another with no breaks 0825-0950. Maybe Colombia or Ecuador. Was a poor night for LA reception. (LBG)
- 1420 2AP Western Samoa, Apia. 11/22 0640-0720. Atop the frequency and much too early with EE rock and Polynesian songs. Man and YL announcers. Heard on Trio 9R59D with no loop at former IRCA member (Dave L) home. (JO)
- KCCN Hawaii, Honolulu 11/23 0855-0905 fair with all Hawaiian music; ads for Hawaii Consumer Protection..."at 1420, KCCN Community Service comes first". I noted with interest the times for 2AP/KCCN in only one day. 2AP was the only Pacific station in on 11/22 (besides my KTOH) (JO)
- 1554 ORRF France, Nice good with French music nightly around 0500. (DRA)

West Coast

- 540 XEWA Mexico, San Luis Potosi 0405 11/13 with ID o/u CBK. Also heard at 0200 with History, sports program, and La Musica Nacional program. (GH)
- 550 KMVI Hawaii, Wailuku in like a local 0829 11/15 with rock music, s/off 1000. (GH)

PLEASE INDICATE IN YOUR REPORTS THAT YOU ARE USING GMT, TO AVOID ANY CONFUSION.

- 590 KGMB Hawaii, Honolulu 0910 11/15 with MoR music and TC. (GH)
 ??? UnID SS station here battling KGMB 0945 MM 11/16. No program details were readable. Possibly CMW, (GH) (Probably so. Ed)
- 650 KORL Hawaii, Honolulu with spots and instrumental music 0654 11/10. (GH)
- 660 XERPM Mexico, DF, with US rock music and Radio Juventud IDs after each record. 0654 11/10. (GH)
- 665 TGRT Guatemala, Guatemala tentatively the one in well in SS 0420-0430 12/1 with instrumental music and what I think was an ID 0430. (BH)
- 670 CMKP Cuba, San German all alone with room level volume 0740 11/14. There was a political speech with much cheering and clapping. IDed across the hour as Radio Progreso. Also noted 1025 MM 11/16 with chimes. Country #10 heard. (GH)
- 720 KUAI Hawaii, Eleele in 0820 11/14 with MoR music and sports scores. No sign of WGN. (GH)
- 760 KGU Hawaii, Honolulu 0935 11/15 with instrumental music and spots. Hawaiian #7. (GH)
 ??? UnID SS barely under KGU 1000 11/16. Possibly CMDC. (GH)
- 800 PJB Netherlands Antilles, Bonaire with unbelievable signal strength 0930 11/16. (GH)
- 820 HJED Colombia, Cali most likely the SSer here with frequent mentions of Colombia 1010 11/16. (GH)
- 830 KIKI Hawaii, Honolulu in 0805 11/14 with an LP giveaway and rock music. (GH)
- 834 ... British Honduras, Belize in good 0300 11/11 with news followed by a religious program. Heard again 0200 11/13 with Radio Belize ID and TC. Slight QRM from KIKI. (GH)
- 844 VSZL Gilbertand Ellice Islands, Tarawa with weak-to-fair signals 11/22 0835 and 0850; 11/23 0903; 11/26 0855 (at Tahoe), with native program at all times. Carrier noted a lot recently. (SK)/ Just through a noisy MM 11/30 at 0820 with native speakers, speaking, oddly enough, native--.(DS)
- 860 XEDU Mexico, Durango, Dgo., s/on 1158 11/30 with music before ID. Estado #13. (FJP)
 XENW Mexico, Duliacan, Son., with singing jingle 11/30 1237; spots with echo effect; lost after a couple of minutes to XEDU. (FJP)
- 910 XEAO Mexico, Mexicali, BC, 3:1 says they're AN. "La Nueva A-0" cuts KDEO like cheese from 1800 on. Announced as in league with XERM/XEAA..whatta trio. (DS)
- 1020 ??? UnID LA, IDing as "Radio ..., La Voz de ..." 11/30 1130, mention of Guatemala earlier. Static covered ID. (FJP)
- 1150.5 XERM Mexico, Mexicali, BC, seems to be off (high, I believe) about 500 Hz. Causes KIIS no end of wce. IDs as "Radio Mexicana". (DS)
- 1160 XE?? Mexico, UnID SS presumed to be Mexican 11/30 1205 way under KSL. (FJP)
- 1380 XEKT MEXico, Tecate, BC would seem to be BN's auctioneering XE. Don't think the La Paz station is it, due to XEKT being off frequency for a long time and is a daytime pest here. Just a thought. (DS)(While I agree that XEKT is off frequency on the low side, as measured here about 1379.6, I'm pretty certain I've got a Radio La Paz ID, but I'll run the tape back to make certain. XEKT listed as 100 watts at night, but hasn't been heard here at all at night. Ed)
- 1420 XEF Mexico, Ciudad Juarez, Chih. doing the rock thing AN 11/29 0930 and later. Dominates 1420 with pipsqueak KSTN well buried. The Juarez/El Paso market must be a real winner for so many AN rockers to be on. (DS)
 XEXX Mexico, Tijuana, BC off 12/1 probably because of rains here in SoCal. bringing real water to Tijuana River. (GMA)
- 1470 XESM Mexico, DF, with Radio Fiesta ID 1047 11/30. (FJP)
- 1550 XEGM Mexico, Tijuana, BC off 12/1 also. 1420 and 1550 are channels to be watched when San Diego gets a rainstorm. (GMA)

All above reports are in GMT. Times have been changed on several from EST when neither was indicated, but all indications were that reports were in EST. GMT = EST + 5.

Verifications

800 PJB Netherlands Antilles, Bonaire sent v/q in 11 days for my taped report of 11/9 reception. One IRC sent. (CA)
 XELO Mexico, Ciudad Juarez sent v/q and card from Record Roost in one month. (DSS)
 1178 VOA Ryukyu Islands, Okinawa, usual blue VOA v/q in nine days, surface; has date, location, frequency. (SK)
 1210 HJFF Colombia, Pereira v/l on Todelar stationery in eight days. (LMA)
 1540 ZNS1 Bahamas, Nassau airmail v/l in a month from San Hepburn, acting CE. (QKB)

Answers to Questions -- Yes, No, It depends.

Address for the Geomagnetic Indices: U.S. Department of Commerce, Office of Telecommunications, Telecommunications Services Center, Room 4533, Boulder, Colo. 80302.

Netherlands Antilles Chuck Albertson received a letter from Norman Olsen, Station Manager of PJB-800, indicating that there will be additional programming during the holiday season. It will begin December 18 and will run through January 4. On Tues, Wed, Thurs, and Friday, the special programming will begin at 0515 GMT, On Saturday Sunday and Monday it will begin at 0545 GMT, It will conclude at 0758 GMT on all days. Preceding and following this special programming, they will be on the regular 800 kHz schedule. They are interested in receiving reports from these special programs. In particular, they are interested on the time when you first begin receiving PJB. Address the reports to the attention of Mr. Olsen.

Radio Nordsee International has returned to the air. They are anchored 7½ miles off the Dutch Coast, and are operating on 1480 kHz and 6200 kHz SW. They will close down on December 15. (Midwest DX Club, via Dave Alpert)

SCECPOSDDX meeting at Grant Manning's attracted Jay Murley, Don Kenney, Don Erickson, Randy Cook, Ralph Sanserino, Bill Hein, Stewart McKenzie and Dave Thorne (the last two from ASWLC) from the L.A. area, and Dave Stroup, John Kolb, Randy Seaver, Jim Critchett, Grant and myself from S.D., plus Ed Krejny, Don Kaskey, and Dave Prather as official ERBA representatives. Don Kenney demonstrated the Heathkit GR-78 and a ferrite-core loop. The loop seems to be quite comparable to a 2 or 3' air-core loop and is certainly worth investigating if you have a problem finding somewhere to fit a big loop, or if your wife can't stand it. Joe Worcester has some ferrite rods, I believe. A phone call from the other DX-get-together in gnisport was the highlight of the afternoon, with Marc DeLorenzo doing most of the talking. XEROX-690, "Radio Duplicato" was logged using Murley's technique of Mexican parallels.
