THE INTERNATIONAL RADIO CLUB OF AMERICA

Saturday, December 11, 1971

Riverside, California

VOLUME 9 NUMBER 12

T I M E S Despite the statement that the balloting material on time zones and other club subjects would be in the last DXM (front page last issue), the stencils did not arrive in time (they took 3 days with more than enough for air mail postage between Sacramento and Riverside). The ballots were distributed last issue; see page 15 and 16 this issue for details on what you are voting on and then cast your ballot wisely. This election will have a very direct effect on every single member who reads any of the DX portions of DXM or DX Calendar.

Dues and Address Changes: Mike Northam - 1608 N.E. Knott St. - Portland, OR 97212.
Tele: 10AM-7PM PST 503-224-3651. 7PM-1AM 284-7369.

Publisher: Don Erickson - 6059 Essex St. - Riverside, Calif. 92504. 714-687-5910.

President: Percy R. Kesteven - 13112 134th St. - Edmonton 44, Alta. CANADA.

Tele: 403-454-8278. Also dial direct to both President and Publisher.

Bulletin schedule: Dated Saturdays; editors are hereby requested to institute this NEW PROCEDURE for remainder of the year and until further notice. Please date stencils normally if, and only if, they are to your PO by midnight Fri. night. Otherwise, they are to be dated for the following issue and a card sent to pub. advising how many were mailed and the time/date. All stencils posted after midnight Fri. and/or postmarked after Sat. AM will be held for the following issue.

BULLETIN DATES: Next issue Sat. Dec. 18; then Dec. 25, Jan. 1, 8, 15, 22, 29; Feb. 5, 12, 19, 26; Mar. 4, 11, 18, 25. Deadline for tele tips, Monday PM-Tues. AM.

DUES: \$13 air mail; \$9.50 first class mail; \$6.50 third class mail. Third class mail not recommended; delays now occur every issue it seems. Dues go to Mike Northam.

S t a t e o f t h e M o n t h From SoM editor, Quentin K. Brown, 59 Kenilworth St., Ottawa, Ont. CANADA K1Y 3Y5: "The next

State of the Month is WASHINGTON. Deadline is January 31, 1972. Same items requested as before, i.e. verie status, formats, reception. Also any station anecdotes gratefully accepted. Hope to see the same sensational support, lads! Please send tips in plenty of time to meet the deadline." Quentin mentions the large amount of time is to permit everyone plenty of time to get the bulletin and to avoid the hectic Xmas season.

Table of Contents EC DXR is pages 2 through 6; EC DXF 7 and 8 with $\frac{1}{2}$ stencil being held till next issue. MW DXR is 9 thru 12 with DX Calendar and flash tips continued onto page 12 through front page. MW DXF is page 13; WC DXF is page 14. The Dec. 11, 71, WC DXR appeared last issue courtesy of a rush typing job by Bill. Pages 15 and 16 are voting details with misc. at bottom of p. 16. DXWW occupy the remaining 6 pages.

THIS ISSUE ...is not being mailed early as hoped for combination of reasons. Late mailing by editors and slow mail are the major bugaboos. This should go out 10:00 PM PST Thurs. 12/9.

NEXT ISSUE Glenn Hauser's article on Subaudible Hets, several pages of John P. Lombardo's Special Features, some Board of Directors and ANARC activity reports, and the regular sections.

DX CALENDAR WKZO-590 only new listing..... See page 12 for brief listing of DX programs, flash tips, and misc. notes. Be sure to get your CPC/DX Program info intopub. (DEE, 6059 Essex St.) as quickly as possible. Speed helps! -DEE

WGTO FL Cyprus Gardens fair 10/31 1747 w/nx, all alone. (VM)

550 WHLM PA Bloomsburg fair 11/4 1636 w/nx, spots u/WFIL. (VM)

580 WHP PA Harrisburg xlnt 11/4 1630 w/mx,ID. All alone w/"This is radio 58 in Harrisburg." (VM)

WKAQ PR San Juan poor w/Latin pop mx & vocal IDs between songs 11/28 2018 - 2030; also 11/30 2135 - 2140 w/good signal. (BB) Welcome to the ECDXR Bill - DF

680 WCBM MD Baltimore 10/30 1815 u/WRKO/WPTF w/mention of "Maryland Committee." (VM)

WPTF NC Raleigh 10/30 1813 w/nx o/slop. (VM)

710 WCOO NC Asheboro believed to be the call hrd 11/29 0730 new one not listed in NRC log. Has rr & Dave Edwards for morning DJ. Dave did the WIXE test for IRCA two years ago and became the phone co's. best friend. (HLH) BYB says 1 kw, DA-D but lists as CP, no call - DF *(MJF)

730 WACE MA Chicopee very good until CKAC covered sig. 1620 11/22.*

WLOR GA Thomasville atop channel 1730 11/28 w/nx, later into cw mx, mentioned clear channel 730." (HLH)

WPIK VA Alexandria fair 11/11 1700 w/s/off o/CKAC. (VM)

WPIT PA Pittsburg good w/relig. pggming 1639 - 1700 s/off 11/25. (MT)

WOHS NC Shelby poor w/nx & wx 1701 - 1707. (MT)

750 WBMD MD Baltimore poor 11/8 1645 w/s/off u/slop. (VM)

WHEB NH Portsmouth good 11/8 1650 w/mx, spots in & out. (VM) W/ID & good signal 1645 11/16. (JMP)

WPDV WV Clarksburk good 11/4 1652 w/nx, spots o/WABC. (VM)

780 WAVA VA Arlington good 10/31 1658 w/nx, sports. All alone.(VM)

790 WMC TN Memphis w/WAEB nulled 11/26 1820 w/anmts about sports event. (JMP)

810 KCMO MO Kansas City hrd 11/24 1756 - 58 w/pop/country mx pgm. & promo for the "KCMO Mod Listening Post". Very strong signal w/WGY nulled; naturally gone as soon as they wltched to night pattern and power. (WBF)

WYRE MD Annapolis logged easily on their XI/26 VDXA TEST. Wonder if the s/of was dedicated to anyone in particular, hi. (CMS) 11/26 0015 - 0130 on VDXA DX w/code & SIDs, pop mx. Good at times but CMJE - 810 "R. Encyclopedia" Camaguey put them thru the wringer. (TRS)

820 WAIT IL Chicago 11/27 1715 w/ID & furniture store ad. Rare here. (TRS)

WOSU OH Columbus fair 11/4 1642 w/nx o&u WNYC. (VM)

XX

- 850 WKIX NC Raleigh good 11/13 1636 w/rr, spots, ID. In & out. Would you believe they are my #8 NC and have yet to log SC? (VM)
- 860 WAMO PA Pittsburg 11/19 0302 - 08 w/their "weekly auxillary transmitter test;" had mx & IDs. (WBF)
- WDMG GA Douglas noted 11/22 1920 - 32 w/"country mx" SID; gal gave ID 1730 as clear channel 86, WDMG." Normally very powerful CJBC but not so this evening. (WBF)
- WOAY WV Oak Hill xlnr 11/10 1706 w/nx, spots, ID o/WCBS. (VM)
- 880 WRFD OH Worthington noted w/wx 0650 11/30 w/WCBS partially nulled, cw mx of religious nature, frequent mention of Columbus, dramatic fade - out of WCBS left WRFD alone on freq. by 0700. Get it quick! (HLH - SC)
- 910 -WCOC MS Meridian noted weak but atop here 11/19 1920 w/sports pgm., ID, into wx for the Meridian area. Cx were very auroral this evening for the first time in a long while. (WBF) Laurel, MD
- (WFPF OH Middletown in fair 11/30 2330 w/ID. WGBI/WSBA/WFDF QRM. Southern OH stns generally good 11/30. (DF-MI)
- 920 WMMN WV Fairmount fair 11/10 1736 w/nx, spots o/WPAT. (VM)
- 930 CFBC NB St. Johns weak u/WBEN w/TC (AST) 0021 11/21. (JMP)
- 940 WCPC MS Houston 11/27 1730 - 1800 w/religious show & s/off 1800 w/"Dixie" w/loop. (TRS) Often SSS pest here - DF
- WFNC NC Fayetteville 11/27 1700 ID, then wx & FB scores. No CBM to cope with. (TRS - Willingboro, NJ)
- WMAZ GA Macon 11/27 1728 ID & PSA for Handicapped Children o/WFNC & WCPC. (TRS - Thomas R. Sundstrom)
- 950 KLIK MO Jefferson City while looking for WSPA 11/27 I hrd a rr stn here u/WWJ w/WWJ nulled as much as possible. SID @ 1724 as "More Mx, KLIK." Good signal for this Drake rocker. Are they going full time? (DF - MI)
- WSPA SC Spartansburg 11/30 1730 fair u/WWJ w/MOR, ID & annct. about pattern change. (DF - Port Huron, MI)
- 960 WBOC MD Salisbury xlnr 11/28 1822 w/nx o/WELI/WWDJ. (VM - Plainview, NY) Not hrd here in many many moons - DF.
- WFTC NC Kinston 11/27 1655 0 1700 w/nx o/everyone on freq. w/loop. TRS - NJ
- 970 WAMD MD Aberdeen 11/29 from 1910 w/the "WAMD Bulledin Board;" ID 1915 and into the "Lifeline" program. This is not normally hrd here because of WSWW but auroral cx's this evening provided single signal recpetion here. (WBF)
- WEBR NY Buffolo wk. w/CFPL/WFIR slop 0428 11/26. First time hrd., probably because is now 24 hours. (MJF - OH)
- 990 WJMR LA New Orleans amazingly powerful for 250 watts 1730 11/30 w/Negro sermon & religious pitches. No QRM using loop to null to the north. (HLH - SC)
- 1000 WGOG SC Walhalla ID u/WKYB weak but new for 16th SC 1710 11/30. (BET - Bruce Tarr - Richmons, VA)
- WIOO PA Carlisle tent. w/s/off 1645 11/15 - weak. (JMP - PA)
- WKYB SC Hemingway w/local commercials in well w/looped null of WCFL, 1703 11/30, new here. (BET - VA)
- 1050 CHUM ON Toronto xlnr 11/8 0333 w/spots, mx, wx. Surprised to see WHN off. (VM - Plainview /of?/ NY)

+++++
Dave Faulkner - 1430 Pine Grove Avenue - Port Huron, MI 48060

Three new ideas for this section, two of them brand new. Please list rx frm now on w/your reports so that, if there is room it can be printed. I have already received favorable comments about the business of including as much info about a DXer as possible after his initials, but what do you think about listing vital facts about the stns if space allows as was done on these last two pages? DX here way down as secondary rx has also broken down! Got 85 stns in November anyway & that gives me 1104 stns, 45 states & 8 provinces hrd. Have also had some foreign DX on auroral nights, such as HIJP, 890, Santo Domingo, DM, & YVLH - 650, Maracay, Venezuela & Radio Antillies, 930 KHz on Monserrat. Brh is becoming less & less generous w/the TRF. No new rx's in sight. Anybody want to sell a SPR - 4 real cheap? hi. Well, Enuff said so 73s & Great DX

Deadlines: 8 Days Before Publication Date. SSS DX Lives!! Try It.

=====

Bruce Tarr - 9102 Minna Dr. - Richmond, VA 23229

Glad to be back to serious DXing since settling back to school. I'm 17 & a senior @ Tucker H.S. The big news around here is my new antenna mounted 5' above the ground on the top of wooden fence posts. It is constructed of 3 strand #22 guage wire & is 3800' long, pointing NW from my back yard. It goes over hills varying vertically, but the posts are in a perfect line, since they were placed by surveyors. The far end is grounded through a potentiometer which has yet to be adjusted properly for maximum gain. Before I finish I plan to run a coax lead into my room as I now am sitting out in the weather. So far OH, MI, & IN have dominated the band. New stations on the beverage after only one evening of listening (can't wait 'til I really get it hooked up!): CBW; WDBC, MI; WIMA, OH; WGL, IN; CHAM, ONT; WONW, OH; WROK, IN; & KSTP. Next plans include getting a tape recorder, running coax to the house, adjusting the potentiometer, & continuing the antenna 1500' past my house to the SE. Goals include WA, OR, & my 1st TA. (You may have trouble hearing a TA w/the Beverage Bruce since it's pointing NW-Brh) Totals: 458/152, 38/35, 7/4, 13/8.

Fred Tschudy Jr. - PO Box 256 - Shrub Oak, NY

Greetings! Since I'm a new member I'll introduce myself. I'm 24 & a sales clerk @ a local hardware store. I've been interested in BCB DX since 10/65, when I used to listen to BCB DX on a crystal detector!! Presently the equipment here consists of an Eico DX-718 4 band table radio & a Zenith Solid-State Trans-Oceanic portable. My antenna is a 90' inverted 'L' wire which is strung from WSW to ENE & is mounted about 25' above the ground. I have stations in 16 states veried, & 1 province veried. My best catch was on 11/17/68 when I logged KSL in UT. This winter I am trying to log WC stations. On 11/17/71 I logged WBAP & WCCO. I am currently waiting for veries from these 2 stations.

David R. Alpert - PO Box 8522 - Miami, FL 33124

With the semester $\frac{1}{2}$ over, I find myself managing to keep decent grades while holding a 40 hour/week job, work near that much @ the campus radio stn, run the MWDXC, & still have a social life. No DXing though, but if I had a receiver, I bet I'd find time for that too. Won't be going home 'til Christmas, then only for a couple days, mainly to pick up my SPR-4. Visited the Associated Press' monitoring post in Miami the other day....a little room w/an HQ-180 & a National, & an old man listening to R. Havana. I'm planning to visit VOA-Marathon in a couple of days, but don't expect anything very impressive. MWDXC membership is up to 185 & climbing. Will you be next to join? That new Cuban on 810, reported by QKB in 11/20 DXWW has been noted here; I can add nothing to his report in the way of positive ID or QTH.

Paul S. Lotsof - 276 Nassau Ave. - Buffalo, NY
14217 (716) 876-6924

A couple evenings ago, I decided to test out Gene Martin's theory & tried to hear Frohisher's CFFB. At about 1700 I tuned to 1200, & much to my surprise there was a very weak signal. The stn was playing rock mx & it nulled to the NW. This just seemed too good to be true! I anxiously awaited an ID & what a letdown. Instead of Northern Canada it was WRNU, a closed-circuit stn @ Niagara University. I consider it to be my all time best catch from 15 mi. away! WRNU might be worth trying for if you live in W. NY or nearby Canada. Since last summer 3 of our weekly editors have announced resignations but only one has taken effect. (4 lines omitted per EP-Brh) Verie from WYDK Test.

Looking for something to get yourself for Christmas? Look into the TRF. It has excellant sensitivity, good selectivity, & good nulling ability.

=====

Bruce Tarr - 9102 Minna Dr. - Richmond, VA 23229

Hi! After great night of 11/20-21 haven't been outside to use my LW due to cold, rain, snow, & being away for Thanksgiving. I've got to run the coax to my room. Set some sort of record here w/9 new stns in less than 2 hrs total time on 11/29 & 30 w/SSS. New stns: WKYB, WGOG, WOIO, KAAV, WBRO, WOKA, WJAM, WQXL, & WMOO, details in DXR. On 11/29 Southern cx were fantastic w/SS stns all through the band, even in 1300s & 1400s. But w/too much homework, no SS knowledge, & no tape recorder was unable to catch any positive IDs. Rebuilt part of loop & replaced capacitor, works much better w/increased selectivity & gain. Still looking for my first TA, but Dave Singer agreed w/me that something is wrong w/Richmond toward TAs as he has also not experienced any of this year's TA boom while in Richmond either. Don't know whether I feel better or worse now! Still hope to try for WA & OR during MMs over Christmas on LW. Totals now 467/152 stns w/other totals unchanged.

Dave Faulkner - 1430 Pine Grove Ave. - Port Huron, MI 48060

Hi group. Cx has been great here, even w/out the regular rx, which it now appears is permanently out of service. Took it down to local radio shop & the repairman said trouble was that the transformer was shot (the wax was melting in there over a long period of time) & burning. Four new stns in tonight, too late for this week's issue (meaning 12/4-Brh). Primary rx now is my brother's Toshiba transistor radio, AM/FM which has good nulling qualities but only fair to good pulling power. (Ed. note: DFs 'primary' rx is now also on the fritz. I suspect that DF has been so hot DX-wise the radios are burning out at merely a single touch-Brh) Also use TRF when Bruce lets me borrow it. Regarding that 7 page issue; I'll bet you'll never top that one ECers. If you want to try, send your reports to the 12/18 issue (the next one). 76 stns for me this month sets an all-time record for one month. Well running out of space so 73s & good DX. SSS is great & S. & SW reception seems to be best.

Tom Sundstrom - Box 205 - Willingboro, NJ 08046

No luck on 11/21 VOA DX here. Have been following A-index @ 18 min. past the hour on WWV. Starting w/11/11: 08, 08, 03, 01, 00, 01, 01, 04, 06, 04, & 11/21, 10. Comment this morning (as I write this 11/22) was that geomagnetic field was unsettled & expected to continue into 11/22. There-in probably lies the story. TA cx have not been exceptional either, although they've been noted virtually every night I checked. No domestic DX for a while...sunset occurs before I get home.

Robert Zoller - 8125 Donna - Westland, MI 48185

This is my first report this DX season since I was on the TV all summer. My receiver is a Hallicrafters S-38E w/a Heathkit GD-125 Q-mult. DXing has not been too bad lately, my totals so far are 403/73, 41/40, 8/8, 8/5. Veries here are: v/q-CFCN, CJCB, CBJ, CBT, v/1-WKAQ. A couple of weeks ago, I got a lucky break in getting XELO u/CKLW a local 50 kw. It came in here 3 nights in a row. The WCVR Test came in here w/a good signal @ times the other night so I gave them a call. I didn't get any interference from WILS. A kind neighbor across the street earlier this summer gave me an album containing about 80 old radio veries from back between 1927-1931, which a friend of his gave him years back. His DX location was in Chicago & he sure did get some good DX. In the album I only found 3 EKKO stamps. 73s.

David J. Egan - 12a Andrew - Valleyfield, Quebec, CANADA

The only DX-related activity I have found enough time for was in opening a letter/verie from CMQ-640. Yes, they did verie, after 18 months, in SS. No, Fidel didn't sign it, which disappointed me somewhat, hi, but Cuba does verie! I have been picking up the clears from Chicago as early as 1600 ELT, which is 30 minutes BEFORE local s/set! Also find it terribly difficult to get CKGM-980 after 1630 so have started listening to CKGM-FM.

EDITOR: Richard C. Evans, Box 2146, East Chicago, Indiana, 46312

A TIP OF THE HAT THIS WEEK TO:

JB - JIM BOYD, 9017 E. 29th Ct., Tulsa, Oklahoma 74129 (5)
 RTE - RICH EDDIE, 152 Rose Avenue, St. Louis, Missouri 63119 (1)
 RSK - ROBERT KRAMER, 3406 W. Pierce, Chicago, Illinois 60651 (1)
 BWL - BLAKE LAWRENCE, Box 803, Canon City, Colorado 81212 (3)
 DO - DAVID OLIPHANT, 798 - 16th St. NE, Medicine Hat, Alta. (5)
 ERT - ERIC TIBBATS, Box 165, Balmertown, Ontario (4)
 ST - STEVE TARFFE, Box 156, Dayton, Indiana 47941 (1)
 RWV - ROGER W. WINSOR, 718 N. Fremont Rd., Valparaiso, Ind. 46383 (-)

The number after each name refers to the length of time (in days) it took for the report to get here, not counting day of postmark. Not much DXing done here lately due to poor conditions and not much interest. Was amazed by four veries in this week though. CBA for province six, WJPS in four days (and from Michigan in 1965, it took 13 months, hi) KFBK and KQWB with only "Thanks for report Dick" written on a coverage map. I'm counting it as a verie since, boiled down, many full page letter veries don't say anymore than that! Congrats to Roger Winsor for hitting the 2700 heard mark. It'll take me forever and a day to do it, I'm afraid. Don't forget to DX over the Christmas holidays and report it. 73...-30-

FLASH TIPS Bob Karchevski, S.F. area, says nothing hrd from WCBG-1050 DX 12/6; just XED at 0158 EST. WKTJ-1380 DX not hrd; however, KPOI in/out 0308-0401 for new log; no sign of anything else (KRKO nulled by loop). WTCL-1570 not hrd (that was postponed at last minute). WBAP-820 on at 0435 EST; Tarawa-844 good audio at 0450. ++++ Your pub. noted KUPK-1050 Flash Alert Service NRC DX under or even with deeply nulled XED. KUPK seemed to use their cycle tone for Morse Code. Nothing else seriously attempted and cx horrible with extreme winds much of week, Toyland's mail box knocked down a few times. ++++ Steve Martin says the following about KTI-931 (see last issue for more info): "WFBR is operating an experimental transmitter on 650 kHz with FCC approval. This stn is being operated for ground conductivity measurements. The stn uses 1kw from RCA transmitter into a 180' $\frac{1}{4}$ -wave non-dir. vertical ant. on 500' hill. Hours 0800-1600 EST with AØ (unmodulated carrier) and tape IDs every $\frac{1}{2}$ -hour. Stn should be on another 2-3 weeks. Original power was 100w. Reports should go to: Bill Hoos, c/o WFBR.

COMMUNICATIONS HANDBOOK 1972 and 1973 Midwest DX Club scoops them all again. First unofficial word that there will be a 1973 C H. comes from MWDXC's latest bulletin, 12/71. Dr. Richard E. Wood advises MWDXC that he is already commissioned to write for the 1973 publication of Popular Electronics' Comm. Handbook. The 1972 issue is already on the newsstands some places though distribution is not too thorough in some parts of the country. IRCA received a nice plug with, for the first time in all these years, the correct and current address for sample copy requests. Already we have welcomed a new member thru CH 72 and more are on the way. -MWDXC address in EC DXF for those interested in all-band DX.

Sun. Jan. 9	0500-0655	<u>WKZO</u>	590	Kalamazoo, Mich.	5kw	NNRC/Gene Moser

All DX Calendar listings from Dec. 27th appeared last issue. WKZO is the only new listing this issue. No final word to date on whether WCBG-1050 or WKTJ-1380 were on the air. KUPK-1050 was definitely. WTCL-1570 postponed. KWYR and KSRV are scheduled for tomorrow morning. Please keep the flash CPC/DX tips coming in. -DEE

EDITOR: Lynn D. Brooks - Box 253 - Ponca City, Oklahoma 74601 DEADLINE: Thursday

MICHAEL DANIELS - 226 E. Glendale Rd. - Webster Groves, Missouri 63119

Greetings from the home of the statesmen. For sale: Drake SPR-4 & Drake AL-4 loop antenna. Radio was just checked out by Drake; they adjusted all the bands & radio is in perfect condition. Only 3 3/4 mos old. The loop is only 2 mos old. Will sell it all for \$420. This includes postage. As a bonus, I will give the buyer an NRC Domestic Log & NRC Latin American Log & the Drake technical manual & the 7th Ed. of the Vane Jones Log. Go Statesmen.

DAVID OLIPHANT - 798-16 St. N.E. - Medicine Hat, Alberta, Canada

Greetings. Time for a reintroduction: I'm almost 17, in grade 12, have DXed since late 69. Other interests include motorcycles, stamp collecting, & chess. DXing as of late has included the addition of a state & prov. in the form of WRVA-1140 (first hrd on 10/21, one of those recent TA nights) & CBF-690. Also passed the 300 hrd mark (finally); totals now 304/43 34/23 6/4 & 6/3 ctys. 73's. (Tnx for stamp, David. -LDB)

RICK KING - 215 Marjorie St. - Winnipeg, Manitoba, Canada R3J1R5

Hi. Not much here in the way of veries, except for KBTA+CM WAUR+CM+bumper sticker & KAMI. Recent loggings: WLDS CBM WDSM WSWW for 250/366. One of these days, I'll make it to 500, hi. No ham veries this week, but card swapping is still going strong. I finally fixed my portable so it could null. That's why cinch catches like WABC & WGY, hi. Cassette-sponders, pse write. Boo Sask. Wpg should have wiped ya off the board. There was a nice aurora 11/10, but I didn't work it. I finally bought another watch, hi. 73. Merry Xmas! Thought I'd celebrate early.

MORRIS SORENSEN - God's Narrows, Manitoba, Canada

Since I am a new member, I guess an introduction is in order. I'm 24 years old and teach Grade 5 on the God's Narrows Indian Reserve, 360 miles NNE of Winnipeg. I've been a DXer since 1964, listening mainly from Central Ontario. Before moving here this September, I compiled a log of over 600 heard & over 400 verified. Best domestic QSL from Ontario was CBFR-1140 Matagami, Quebec (40 watts) & best foreign QSL was 4VEC-890 Haiti (25 kw). So far here, I've heard 149 stations. My best catch here is CFYK-1340 Yellowknife, NWT. They verified on a CBC northern service card. I might add that I've been a member of the NRC for five years. At present I am receiving with a vintage Echophone EC-1 (similar to the Halli. S-38) & a longwire antenna. 73. (WEL-COME to the IRCA, Morris, and we very much look forward to your fine reports during the coming season. I can't even find you in my atlas. Where is God's Narrows? I did find God's Lake. Guess it's around there. Interesting postmark on your letter. -LDB)

STEVE TAAFFE - Box 156 - Dayton, Indiana 47941

Greetings everyone. Newest state logged here is Vt. in the form of WCVR-1320 for the 11/29 DX test. The signal was weak but there. State #46 hrd. Other good catches: WNSW-1150-SC WEAC-1500-SC WDTM-1130-Tenn 840-Panama WNYC-830-NY KLPR-1140-Okla. Only new veries here: WYDK-1480-NC for Test(v/f) WRIN-1560-Ind(v/r). TM & I went up to Roger Winsor's & spent an enjoyable day looking over his unbelievable veries & tinkered around with his loop. Best catch of the day was WPRO-630-RI. CMers write, for my list, as I have over 1200 maps now & many good originals left. I sent out a CPC letter to WHWB-1000 in Vt. for a DX test. Hope it comes back. There's a new station from Wabash, Ind. on the air now nn 1510-WAYT & power is 1000w & they generally beam South, away from WJRC in Joliet. All for now. 73's.

GENE MARTIN - 3303 East Evans - Denver, Colorado 80210

My mistake, men! John Oldfield called me up from Edmonton to inform me that CFFB-Frobisher Bay, N.W.T. has been shifted from 1200 to 1210, hence there would be no chance of getting it in the Northeast on a Clear Channel in the early evenings of December. So my bit of speculation about that station came just one year too late to do anybody any good. John seems to think that Inuvik, N.W.T.-860 with 1kw is perhaps the best bet at this time for logging the N.W.T. He says the nightly s/off comes at 4 a.m. EST. Inuvik lies in the lowlands east of the Rocky Mountains, hence the geographical feature which makes Alaska such a tough DXing target in the eastern two-thirds of the nation, is missing in its case. By the way, is any information available on existing stations anyplace which still use the old-fashioned flat-top antennae as Tarawa does? All of these ought to be identified, if known, because the chances of hearing such a stn are many times better than if a vertical antenna is used.

Just when many of us might have been taking superb cx for granted (I know I was), the annual DX breakdown in mid-November occurred. As my four year old tells me they say on Sesame Street, "yuckh!" And thanks to my two year old who broke out w/an expected case of mumps a few hours after FJP left on Thanksgiving night, I was unable to make the San Diego get together. It ought to be breaking up as I write this (0245 PST, 11/28). The only thing I can say about current cx is that they're fine for logging Colombians and passable for relogging Hawaiians. A few thoughts while turning off the rx: one man's "fraud" is another man's humor. Personally I found the "other club's" Afr index collect-call telephone numbers very amusing. A Jersey or Massachusetts area code obviously has little relationship to Boulder or Fredricksburg; and both participants are widely regarded in DX circles for their senses of humor. In terms of splitting Canada's N.W.T. into two DX zones, I'd like to vote yes. And add the note that if a stn should be established in the Keewatin District, as long as the N.W.T. remains three districts (if they still are), we might consider adding a third DX area. But in deference to our Canadian members, I hope that they might be granted final say.

Bruce Portzer - 14056 5th Ave. S. - Seattle, WA 98168

Hi. There was a mini-gettogether at Chuck Albertson's on 11/26. Six IRCA members were present for the first annual IRCA Basketball game. I got my grubby paws on a basketball for the first time in about two or three years. It showed, too, as the team of Albertson, Hanson & Christensen beat the team of Petersky, Richards, & Portzer by about 150 to 86, hi. Cx remain pretty good. Best catch this season is BBC-647, which was my first European catch. Totals are 943/433, 42/38, 7/7, 36/18 with the addition of veries from XEWA KRNT KDMA CKFH XERF CFWB KFVB CFSL CKRM & WOHO. Anyone thinking of putting up a beverage might try the Tonopah, Nevada area. When I was there last summer KBOI & KACY-1520 were audible during the day. Besides that there are miles and miles of desert in all directions and almost no stns within a 100 mile radius. Wallace, Idaho also has possibilities. Chuck Albertson is now working in a Bellevue Sauna Bath. Seasons Greetings everybody...Merry DXmas to all and to all a good MM.

Bill Harang - 811 Nevada Ave. - San Jose, CA 95125

It was nice meeting all at the NRC Convention in West Sacto during the Labor Day weekend. SSS DX has been good lately with such catches as KATN-950, KYES-950, KLUB-570, KRSP-1060 coming in. Other recent catches lately include KPDQ-800, KAFE-810, KTAC-850, Peking-1040 along w/Japs on 700, 770, and 830. Recent veries: v/q KPOI-1380, KVOO-1170, KDKA-1020. V/f KGNO-1370. V/1 KSTN-1420. Non-verifiers include KSLY, KMOX, KAYO, and KYNO. I strongly disagree with Bill Lipis' Survey and Tape Policy. Welka: Why ask a question when you know the answer? SCers pse write. I have lots of KFRC, KLIV, KMBY along w/other SCs to trade. 73 and have a Merry Christmas.

Credo A Bisquera - 86-123 Kakaiapola - Waianae, HI 96792

Been kind of lazy during the month of November which resulted in only two new stations logged (11/8-11/28). They were KOL-1300 Wash. and KCEY-1390 Calif. Heard for the first time this season were KLAC-570, KCBS-740, KOB-770, and KCRL-780. Returning after a long absence was KSCO-1080 and WOAI-1200. Aloha and "Mele Kalikimaka"! (Translation: Merry Christmas).

DX MEETING There will be a DX Meeting on Saturday, January 15, 1972, at the home of Andy Kerr, 555 West D Avenue, Creswell, Oregon 97426. All DXers are invited regardless of band you DX so be sure and invite your SW friends. Additional information on times should be obtained directly from Andy.

DX MEETING #2 Anybody in SoCal going to host a Washington's Birthday DX meeting? Or in Northern California? Somebody, please. Otherwise, it just might be Riverside and Kentucky Fried Chicken time. -DEE

West Coast DX Forum is continued on page 16 - West Coast DX Roundup for 12/11 was in last week's bulletin. Next issue will contain quite a number of pending goodies!

Election Committee Report

The following proposals are hereby submitted to the membership for vote. Enclosed you will find your official ballot, which should be sent to Dave Prather, 1711 6th St., Apt. 14, Woodland, Calif. 95695. Deadline for receipt of ballots is Jan 17, 1972.

Proposal 4.2-38. Time standards. Amendment to Editorial Policy, II. B. 1-f and II. B. 2-e. Submitted by Michael B. Northam.

Proposal 4.2-38 places the issue of time standards for the Domestic DX Section and the Foreign DX Section before the membership. There are three alternatives for each section: (1) Eastern Standard Time (EST); (2) Eastern Local Time (ELT); (3) Greenwich Mean Time (GMT). If any alternative shall receive a two-thirds majority of the votes cast on its Editorial Policy section, that Editorial Policy section will be deemed to have been amended. If no alternative shall have received such two-thirds majority, a run-off special election shall be held between the two selections having the largest number of votes cast for that Editorial Policy section. A simple majority of the votes cast for that Editorial Policy section in the run-off special election will be deemed sufficient to amend that Editorial Policy section.

Proposal 4.2-45. Effective date for taped verifications. Submitted by Larry Godwin.

"Proposal 4.1-58 (which approved taped verifications) shall be retroactive without limit, and shall pertain to tape recordings made in any year, past, present, or future, provided they meet the approved criteria."

Proposal 4.2-51. Bylaws amendment. Submitted by Michael B. Northam.

Delete the following Articles:

Article VII - PUBLISHING COMMITTEE

Article VIII - OTHER COMMITTEES

Article IX - EDITORS OF CLUB BULLETIN

Insert a new Article VII, as follows, and renumber Articles X through XV to VIII through XIII, accordingly. The new Article VII to read as follows:

ARTICLE VII - COMMITTEES

The Board of Directors may, from time to time, establish various committees to carry on the activities of the IRCA. The Board shall have the power to establish guidelines and policies relative to the functions, operations, and authorities of any committee, but, in all other respects, committee chairmen shall have complete authority over the operations of their committees. For purposes of these Bylaws, the editors and publishers of the DX Monitor and any official agents of the IRCA are considered to be committee chairmen.

Proposal 4.2-52. Bylaws amendment. Submitted by Michael B. Northam.

Article V, Section 2, Part 1 (duties of the President), the indicated subparts to be amended to read as follows:

- a. (The President) Shall preside at all official club functions, including the annual business meeting, when in attendance. If he is not to be present at an official club function, he will, whenever possible, appoint a member who does plan to be present to preside at the official club function; this appointment is not subject to Board approval.
- d. Shall have the power to appoint the chairman of any committee, with the advice and consent of the Board of Directors.

In addition, the following subparts shall be deleted, redesignating subsequent subparts as appropriate:

- f. Shall have the power to appoint any contest managers, with the consent of the Board.
- g. May create any additional committees which he may deem necessary with the approval of the Board.
- h. Shall have the power to bring action to appoint and/or remove editors of the club publication DX Monitor with the approval of the Board of Directors.
- i. Shall have the power to appoint or remove the Publisher of DX Monitor with the final approval of the Board of Directors.

Proposal 4.2-53. Amendment to the Bylaws, Article X, Section 3. Submitted by Father Jack Pejza.

The following text to be added to the existing Section 3:

"Each site deemed qualified by the Board of Directors shall be allowed to print a statement of thirty lines in the DX Monitor promoting their bid. Such statements shall be printed in the issue which contains the ballots for the election of the convention site."

BALLOT CARDS Due to late receipt of the balloting stencils, the ballot cards were distributed prior to the above information. Every member of record, except those with joint membership, should have received a ballot card last issue. Those who joined for this issue will not receive the ballot card; thus the official date of balloting remains December 4, 1971. Joint members should find a ballot card enclosed in this issue. Deadline for return of ballot card is January 17, 1971.

Morse Code Recently WCGB was to have used Morse Code for their DX program. On the same frequency, a little later, was a test from KUPK. Morse Code was heard in Riverside, apparently from KUPK though no attention was paid to call. For those who don't know Morse Code and can't find it listed anywhere, the following is for your reference, especially for use with DX programs featuring it.

RECALL RCA is recalling 27,000 AM clock-radios which "could...overheat and burn small holes in their plastic cabinets." The model # is RZD-422. Units retailed for about \$20 each. RCA urged set owners to unplug them immediately and return them to any RCA dealer or distributor for modification. -Wall Street Journal

W E S T C O A S T D X F O R U M

Gary Elston - 310 Crestview Dr. - Santa Clara, CA 95050

I cannot agree with the comments voiced in the last DXM about how much easier ELT is to use than GMT. I personally can change a time from GMT to my standard time in a matter of seconds while ELT takes considerably longer. I think a very large portion of the DXers think in terms of GMT. Most interesting happening in recent weeks seems to be the great change taking place in Russian broadcasting. First it was the 1529 foreign service, and now, the 810 domestic service. Both appear to be excellent bets for WC TP chasers. Haven't gotten audio out of any TA's yet. I've hrd 1214 carriers, 881 hets, etc., but no audio. Every night that I can listen seems to be auroral. I've managed to miss all the really good openings. Getting audio out of one of those things is like getting a DU to ID. I have tentatives on the Zedders on 660, 880, and 1040 but no IDs. So long.

Bruce Portzer - 14056 5th Ave. South - Seattle, Washington 98168

Time for another Forum report. I'm now attending the Univ. of Washington. Although it's a lot of fun and all, studying really cut into my DX time. With 7 hours of classes and labs on Monday, my MM DX is very limited and SSS DX is out. But weekends are still pretty hot with lots of LAs and TPs logged recently. Last night (some weeks ago-DEE), I got a call from Chuck Albertson saying a local DXer ... just hrd Tallinn-1214. So I went dashing for the rx and wound up getting Dakar-764, a carrier on 1205 and maybe BBC-1214. First TA opening ever for me. 5 veries this week, for rpts 3-10 weeks old: KBBC, Belize-834 (country 18), KIRO, KIL0, KPUR, KBUY. Robert F. Turner, CE at KBUY, said he had just taken over as CE and found my rpt buried in his desk. So if you need a verie from KBUY, try him; he sounded at least halfway interested in rpts (unlike many, hi). 73 and good DX.

Editor: Father Jack Pejza, 3255 Nutmeg St., San Diego, Calif. 92104. Telephones: 714-282-0076 or 714-282-2134. Deadlines: Fridays, eight days before publication. Use GMT (EST + 5 hours) in reports, one side of page, preferably typed in order of frequency by section.

World Radio-RV Handbook is one reference work that no serious DX should be without. The 1972 edition is now available for a reduced rate through the club. If all you can afford to spend on DX this year is \$5, spend it on WRTH. See last issue for the details on ordering.

Geomagnetic Indices

Nov. 24-30 26 30 13 5 9 4 4

Perhaps after the severe geomagnetic storm which started about November 22, we will have a return to fairly good conditions.

Listeners' Loggings--- Trans-Atlantic

- 529 ... Algeria, Ain Beida powerful nightly through Ramadam; 11/6 logging notable and //548; woman doing playlet in AA interspersed with male Quoranic chanting, up-tempo instrumental excerpts up to s/off announcement by woman and instrumental anthem at 0100. (PT,E)
- 566 .. Eire, Athlone has been noted several occasions between 2200-2300 with news, up-tempo music and commentaries during the hour; 11/17 notable. This 2300 s/off sounds like a sked change?? (PT,E)
- ... West Berlin, Sender Freies, excellent after pattern change 0415 with female announcer, light music in typical GG tradition, 10/28. (PT,E)
- 692 ... East Germany, Suhl/Wachenbrunn noted 10/28 on a good high-latitude night with MoR instrumentals, few US standards mixed in, but vocals in GG. 602-Karl Marx Stadt also in, but didn't note whether //. (PT,E)
- 737 ... Egypt, Asyut excellent over RNE 11/6 2346 with very slow and sedate chanting by man; in well to about 0000 when Barcelona took over. (PT,E)
- 755 ... Rumania, Boldur on 10/26 ending news by woman 0407 followed by light music; another TA under about 40 Hz higher, by "pitch-pipe method," hi. (PT,E)
- 764 ... UnID TA on 11/2 while waiting to tape Sottens s/on at 0400, noted AA chanting, bunch of ringing bells, wailing and female chants accompanied by flutes in unison with the voices from 0356 to the deafening blast of Sottens IS at 0359. Is Omdurman possible? Not counted, natch. (PT,E) (With the excellent conditions we had, Page, I would think almost anything is possible. Ed)
- 782 ... East Germany, Burg noted 11/7 0110 with Bach Brandenburg Concerto #5 at excellent level with Tartus traces of AA behind; noted //728. (PT,E)
- ... Syria, Tartus on 11/9, 0140 with long female chanting up and down the scale Mozart-sytle and orchestral accompaniments. (PT,E)
- 854 RNE Spain, Murcia joins the ranks of NSP; noted in passing on 11/9 at 0315 with Grande Valse Brilliante by Chopin followed by (of all things) "Turkey in the Straw"! in SS. One gets variety on RNE, at least, hi. (PT,E)
- 881 BBC United Kingdom, Radio 4 11/7 2220 with discussion program easily separable from WCBS; excellent audio and not a trace of WCBS left...Note that BBC4 stations (692,1052, etc.) are staying on 'till 1900 daily; a schedule change. Program from 1800-1900 consists of some discussion. Mainly easy-listening armchair music. (PT,E)
- 926 ??? UnID, a station on 11/10 0040 with AA female chanting, unaccompanied, looping 58-60°. Possibilities? Best Middle East opening of any during Ramadan, with Syrians all excellent, Kuwait good. (PT,E)
- ... Belgium, Bruxelles 11/14 2218 with a landmark signal in Flemish playing up-tempo and contemporary Euro-rock with male announcer. (PT,E)
- 953 ... Czechoslovakia, Brno 11/15 0355 excellent with folk music and accordians doing polka-type stuff; beautiful signal. (PT,E)

- 998 ??? UnID, maybe Kishiniev, could've been SS or not, audio not too good 0350 11/16 with male announcer. Loop 20/200°. (RJE,E)
- 1034 ... Portugal, Porto Alto, 11/14 from 2240 with popular music. Easily separable from Haiti. (JCH,E)
- 1043 ... East Germany, Dresden 11/14 at 2226 with light piano music and quite strong. (JCH,E)
- 1052 ... Libya, Tripoli on 11/10 0030 with AA up-tempo music by male, brass and percussion accompaniment similar to Algeria-548 fare. (PT,E)
- 1106 ... Lithuania, Vilnius 11/15 0350 with light music and female announcer in RR, excellent over top of AFN. (PT,E)
- 1115 RAI Italy, commonwave 11/13-14, powerful from 2210 with pops and Italian announcements by lady. (JCH,E)
- 1124 ... Libya, El Beida 11/13-14 strong but too much 1120 splatter from 2233 with chanting. (JCH,E)
- 1151 ... Rumania, Cluj finally heard 11/15 0400 s/on followed by bop-along accor-dian music and commentary by woman. Not //854,1052, etc. (PT,E)
- 1160 ORTF France, Strasbourg heard 11/10 2145-2200 with man and woman announcers, light music program; a good signal with WJJD nulled, and an excellent possibility for an even-frequency TA! (PT,E)
- 1178 ... Sweden, Horby heard well 11/10 2250 in EE with news items about Sweden; 11/14 0642 in Swedish; 11/14 at 2142 possibly in French; this also sounds like a schedule change?? Spain and AA chanting also heard on frequency at 2200 over/under. (PT,E)
- ... Egypt, Aswan. Tape replay and refiltering of tape of this channel 11/10 2348-0010 heard definite AA male chanting and male "vocalist" under Horby and Spain. (RJE,E)
- 1187 ... Hungary, Szolnok, news by woman 11/17, 2305 very strong; not often heard at sunset; spoken Hungarian is unlike anything else one is apt to hear on BCB, as it has no near relatives in all of Europe, so if it's not SS you're hearing, it's Magyar. (PT,E)
- 1196 VOA West Germany, Munich noted 11/12 0245-0300 in Polish followed by "Yankee Doodle" in syncopated rock version on the hour! This followed by standard VOA ID and "transmitters in Munich" Lit. Schedule change. (PT,E)
- 1205 ... Sierra Leone, Freetown. Per Stan Morss' tip in DX News, logged after Bordeaux s/off 11/13 with EE female announcer. Country #78. How's that for getting the easy ones last? (RJE,E)
- 1345 ... Kuwait. Audio broke through here 11/14 0000 with long and deep fades; one minute of audio, 4 minutes of fade...logging says: "Joyous chantings per Quoran and snake-charmer flutings as accompaniment". The chanting was done by a male, and had a wide range like Gregorian chant (lots of up-and down on the same word). A good-sized het also audible on 539 with same fade characteristics, but precious little if any audio disclaims this one, drat. (PT,E) (Seems to me I've heard of Gregorian chant somewhere in my remote past, hi. Ed)
- 1525 ... People's Republic of China, Urumchi, Sinkiang is now regularly heard between 2145 and up to 0030 daily 11/9-11/17. There is a 1 kHz het and some jamming present as well. 11/14:2200, IS on chimes or celeste followed by instrumental "East is Red" and announcement "Govorit Pekin" twice-once by man, once again by woman. Russian commentary by woman followed. All taped. Discussion has to deal with improving Sino-Soviet relations, while at the same time, haranguing about "imperialist Soviet aggressions and workers' infiltrations into the domestic affairs of the Democratic Republic of Vietnam." Look for certain key RR phrases like "Kitai" (China) and "Sovyetskii-Kitaiskii" (Sino-Soviet). (PT,E)
- Pan America
- 540 HJKA Colombia, Bogota, Radio Horizonte, //many other Colombians with soccer game, apparently vs. Cuba. 0218 11/27. (RJE/PT,E)
- 570 HTMS Dominican Republic, Santo Domingo, "Radio Cristal" first noted all-nighting 11/1 between 0455 and 0505 over/under semi-local WMCA with potent

- 570 cont signals; fiesta-type music, excited announcer, a TC at 0401 for 2:31 AM and an SID complete with reverb: "Cristal", etc. Is now regular AN.(PT,E)
- 630 HJFD Colombia, Manizales, with soccer //540,640,700, etc. 0210 11/27.(RJE/PT)
- 645 ??? UnID SS here MM 11/15 first noticed at 0845 with rapid talking by male announcer, frequently mentioning "Asuncion" and "Paraguay". Brand of SS was guttural, with final "r" and "rr" combinations (e.g. Ferrocarril, primavera) rolled with great gusto. Bearing: 160°. Music consisted of RFS' famous "sad flutes" and vocal harmony in thirds, moderate tempo. Perhaps ZP-16 drifted from 640? (PT,E)
- 649.CMKU Cuba, Radio Liberacion is here again, as it has been off and on for the past 18 months. Heard again 11/6 0440. Maybe WGH's UnID unless bearing precludes it. (RJE,E)
- 660 XERPM Mexico, D.F. 11/24, 0424-0520 with music, some EE rock, SIDs, talk. (ERT,M)
- 680.82 HJAJ Colombia, Cartagena, Radio Miramar with soccer 0155 11/27. (RJE/PT,E)
- 711.71 HJFT Colombia, Ibaque heard with soccer 11/27 0145. (RJE/PT,E)
- 720 HJAN Colombia, Barranquilla, Emisoras Unidas, with a spot for Aguardiente Antioquia 11/20 0435. (SK,W)
- 791 CM.. Cuba, UnID Cuban, heard with soccer game 0304 11/27, sounded weak for CMCH. (RJE/PT,E)
- 810 ??? UnID. Re QKB's report, have not noted a second SS here. Only super-pest HJCY, Radio Sutatenza. (RJE,E)
+Very brief interval of up-tempo LA music, SS commentary 0245 11/28. Quickly faded under CHQR/KCMO. Who? (ERT,M) (See above. Ed)
- 820 PZX7 Surinam, Radio Apintie finally heard here MM 11/15 0855 with HJED silent; what a strange-sounding format: a completely strange language by male announcer interspersed with equally strange music, which I conjecture, is Hindi. Loop bearing being so far east for SA, at first listen, thought I had a UFO, but no such luck...suddenly realizing that there's only 1 kw Japs there, hi. (PT,E)
- 825 TIOS Costa Rica, San Jose, Titania in with Latin music 11/17 0612. Costa Rican #2. (SK,W)
- 850 XEZF Mexico, Mexicali, B.C. An ID faded up into KOA null/KTAC fadeout at 1454 11/29. ID as XEZF, Radio Essico (or Effico). KTAC on night or PSA power then, I think. KGOE also contributing QRM. (BK,W)
- 860 XEUN Mexico, D.F. if you heard Martian music emanating from here 10/31 0530-0600 it was just XEUN doing electronic tape music by Stockhausen. ERBA members, take particular note. (PT,E) (It wouldn't do much good, Page, all we can hear out here is XEMO. Ed)
- 900 XEW Mexico, D.F. 11/28 0302-0350 with many spots, IDs, music. (ERT,M)
- 940 XEQ Mexico, D.F. 11/24 0424-0520 with music, some EE rock, SIDs, talk. (ERT,M)
- 990 XECL Mexico, Mexicali, B.C. heard 1406-1432 11/29. KKIS easy to null. Low power? Several IDs (at 1411, 1424, 1430) gave call letters and Radio Mundo. At 1430 also said "Noecientos Noventa..." (900-90). UnID s/on at 1431 caused mucho QRM. All IDs sounded like XEBL. (BK,W)
- 1000 HJBU Colombia, cf. my previous report. Is Bogota, and the whistles are only XEOY, as per tape replay. sri. (RJE,E)
- 1010 XE.. Mexico, At 1331-1402, had two SS, neither of which played rock or said "H-L" or "Musica de Pegue". One mentioned Culiacan after XE.. Suspect XEWS. One (same or different?) said "Radio Esqueta" or phonetically similar. KCHJ helped murder this channel. Strong EE nulled during this time. CBR? (BK,W)
- 1035 4VEF Haiti, Cap Haitien noted by accident on 11/1 at 0259 mentioning extended hours effective 11/1; 0300-0400 daily. (PT,E)
+Clear with SS religious program 11/21 0915. Recheck at 1015 showed EE religious sermon. (PP,W)
- 1040 HJAI Colombia, here at 0340 11/21 with mentions of Barranquilla. In only to here a couple of spots and music. I guess Radio Tropical is the likely bet. (PP,W) (Si. Ed)
- 1059 CMKG Cuba, Baracon is the one here 11/27 0254 with soccer, per RFS.(RJE/PT,E)

- 1077 HIMC Dominican Republic, Santo Domingo is here again apparently moved again since last reported 11/13 in DX News, heard 0345 11/16. (RJE,E)
- 1080 XEDY Mexico, Ciudad Morelos, B.C. Is this a suburb of Mexicali? Heard 1303-1325 11/29. KNJJ easy to null, no sign of KRLD but strong OC present. Mostly fair signal. IDs with call letters and "Radio Mil Ochenta". Several references to Morelos and Baja California. (BK,W)(I believe it is near Mexicali, Bob. I don't have a map of Baja handy. Ed)
- 1090 XEPRS Mexico, Rosarito, B.C. is still operating with low power, seemingly. On 11/30 0234, I was able to hear KING behind them. Have fun, SDers. (SK,W) (On reduced power means that XEPRS is equivalent here to a 50 kwer. Ed)
- 1110 XERCN Mexico, D.F. Heard 1228-1259 11/29 when KRLA s/on. Used singing Jingle ID "R-C-W, Radio UnUnUn" frequently. KFAB easy to null. (BK,W)
- 1140 XEXF Mexico, Romita, Gto. (suburb of Leon, I think). Heard with ID over Yankee Doodle of V A-Philippines. "El segundo cuatro, XEXF, Radio Bajio, en..." this at 1200 11/29. At 1151, also used whistle type IS. Three separate notes followed by 3 more slurred together. (BK,W)
- 1146 4VAB Haiti, Port-au-Prince logged in finally with no QRM from HRQM, for a change with excellent audio with good LA conditions 0340 11/16. (RJE,E)
- 1211.6CMKD Cuba, Holguin heard with soccer, measured here 0248 11/27. (RJE/PT,E)
- 1212 HJBE Colombia, Cucuta, Radio Internacional with LA music 11/17 0618. Weak signal. Looped properly, and was just a bit above WCAU on the dial. (SK,W) (Sure it wasn't the Cuban? Ed)
- 1240.8 CMGW Cuba, Camaguey heard with soccer here 0244 11/27 with another LA het on 1241. New per RFS. (RJE/PT,E)
- 1268.8 CMJG Cuba, Camaguey heard here with Radio Nacional program 0235 11/27. (RJE/PT,E) (I presumed that's what "R.M." meant, Russ. Ed)
- 1325 4VW Haiti, Port-au-Prince, nominally 1330 heard regularly here now and frequently with classical and piano music. Possibly JT's UnID with a skewed bearing. (RJE,E)
- 1435 ??? UnID carrier looping TP/LA 11/22 0818. No TP listed, so must be a Latin. (SK,W)
- 1469.2 CMGE Cuba, Cardenas heard with soccer //other CMs. 11/27 0230. New station. (RJE/PT,E)
- 1470 XEBBC Mexico, Tijuana, B.C. with RCN "noticias" promo 11/30 0229, then RCN program. Looped from KNDE. (SK,W)
- Trans-Pacific
- 548 RV445 Asiatic RSFSR, Vladivostok possibly the het against KOY 11/22 0905. Looped properly. (SK,W)
- 656 ... Asiatic RSFSR, Verkhoyansk weak but definitely heard with Russian audio under slop from Pyongyang-655. Looped properly and was just slightly above center of Pyongyang's signal on 655. 11/22, 0928. (SK,W)
- 660 JO?? Japan, seemingly with NHK1 programme; fair signal 11/22 with male announcing in JJ. QRM from UnID SS station. (PP,W) (SS probably XBRPM. 2 5 kwer Japs listed here. Ed)
- 670 JOBK Japan, Osaka noted 11/21 with NHK1 format 1205-1215 fade. Poor. (PP,W)
- 690 JO.. Japan, parallel to 770 with NHK2 programme with female in JJ 1010 11/2. (PP)
- 710 HLKA South Korea, Seoul over KMPC 11/22 1005. Radio play with little child speaking at 1015; crowds cheering at 1025, folk music at 1032, music interlude and talk in KK by woman. KIRO off and lucky break, whew.)PP)
- 720 ... China, Peking in apparent home service, all CC talks and commands 1046 10/22. (PP,W)(10/22 or 11/22? Ed)
- 770 JOUB Japan, Akita bombing in with EE language lesson after IS 0920 10/22. "Home on the Range" was the topic. (PP,W)
- 844* VSZ1 Gilbert and Ellice Islands, Tarawa carrier first noted 0715 11/15 with one on 845 causing nice het. 845 faded by 0745 and 844 kept increasing in level. First pulled audio 0747-0750; generally was in more than was it out between then and 0820; about 70% with moderate fades. Taped several vocal groups, noted 4 chimes at 0800 and some orchestral music, then woman speaking, not especially strong then. WHAS had constant OC, though not a great problem;

- 844 contd WHDH splash mildly bothersome when they played a bouncy record. Had to adjust crystal phasing very very critically to get Tarawa audio. Altho tried for an hour 0825-0925, the signal was much weaker and no audio hrd. I noted similarity with another report of previous week in that signal seemed to peak roughly around 0830 and then fade; I wonder if there is a "sunset enhancement" effect at work? IRCA SR-SS maps indicates LSS is nearer 0600 on 11/15 though. Snet tape report and request for time of LSS there. I tried again on 11/22 and could barely hear BFO carrier; no chance of any audio at all. (RLF,E)
- +Interesting note about 11/8 0745; they played an EE vocal version of "Happy Birthday" sung in Polynesian-style harmony and segue to popular song; a request program! Other Tarawa receptions--11/5 0720; 11/3 0700 with het against Rome (!); 10/25 0730. 11/15 beginning to squeeze audio already by 0655; by 0720-0730, a whopping signal with a discussion program, alternate man and woman announcers in EE; in spite of WHAS' sloppy TT/OC, continued to come through it all. A recheck at 0835 found them in vernacular with lady reminding one of the Dolly Holiday of the South Pacific.. language has a "Scandanavian lilt" to it. (PT,E)
- +Heard in a weirdo language 11/20 at 0815. Woman talking rapidly, then some ricky-ticky music. Surprisingly strong, but slop-over from KTAC.(PP)
- 855 ... China, Fukien strong carrier, extremely weak audio. Man in CC 11/22 0912. Operated by PLA according to WPTH. (SK,W) (People's Liberation Army. Ed)
- 970 ??? UnID, Korea or not? CC talk program strong here at 1002 10/22. Heard JJ here a week ago and wonder if KBS is back to old 970. (PP,W)
- 973 ... Asiatic RSFSR, Yuzhno Sakhalinsk, possible with strong carrier 11/22 0938. Audio with woman in distinct RR talk at 0943. Man with short announcement, weak with organ(?) music. Lady back at 0954. I tried to hold it out to 1000 for pips, but only carrier after 0957. Got this before looking at the Russian list in DXWV! (PP,W)
- 1130 KLEI Hawaii, Kailua all alone with MoR 0849 11/29.No TPs noted at all. (FJP,W)
- 1140 VOA Philippines, Poro heard with Yankee Doodle and ID in EE. Followed by foreign language. Announced as (Vietnamese?) at 1200 11/29. KGEM s/on killed rest. QRM from XEXF. (BK,W)
- 1178 VOA Ryukyu Islands, Okinawa poor at 1100 11/21 with Yankee Doodle and into CC, noted het as early as 1050. Not noted with any special test type programming at 1050, not heard at all 11/14. (KLS,W)
- 1210 KZOO Hawaii, Honolulu dominant over a weak WCAU 11/22 0810. Japanese-language programming heard over signal whose loop bearing was approximately WSW from magnetic north. (SK,W)
- 1350 *KTOH Hawaii, Lihue, based on tips from John Oldfield and NRC West Sacto convention as being a good bet on ECNA; MM 11/15, with WSLR silent, patches of MoR began surfacing on the channel over/under XEQK; frequent retunings between 0800-0900 caught the 0900 s/off and enough on tape replay to get the clear "K-TOH" call followed by SSB. (PT,E)
- 1529 ... Asiatic RSFSR, unlocated. Urumchi hasn't strayed from 1525 by more than a few hundred cycles all fall; 1529 item reported by GH has to be the new Russian relay. (RJE,E)

New DX Country?? A news item on ABC TV evening news indicated that the eight independent Trucial States were banding together, now that the British are moving out of the Near East. Anyone have any further information on this?

Peru The Peruvian government has announced that it is taking over the country's radio and television stations. The new military government says it is for reasons of "security and mass education." (UPI via Dave Alpert)

Swan Island, the home of the well-known and widely heard Radio Americas which folded its tents about 4 years ago, has been ceded by the US government to Honduras. A New England farmer, Sumner Smith, of Lincoln, Mass., claims the government has no right to do so, since the island is his. A company which his father had an interest, the Swan Island Commercial Company, took title from Capt. Alonzo Adams, who sailed out of Mobile, Ala., in 1893 and came upon Swan by accident. In the early 1950's, the U.S. was paying Smith \$300 a year in rent for a weather station. Radio Americas also paid Smith rent. Finally the government claimed full sovereignty over the two tiny islands, by reason of a previous visit in the 1850's, by George V. White, who landed in the name of the U.S. Regardless of who it belonged to previously, as soon as the Senate approves the treaty, and the president signs it, the islands will be taken over by Honduras, which has claimed them for years. The negotiating has been going on since 1963. (N.Y. Times, via Tom Sundstrom)

South Korea A new MW station will replace KSBU, Okinawa, when the islands are returned to Japan. The station will operate from Cheju Island, and will be operated by the Far East Broadcasting Company. It will beam to mainland China. (SCDX)

International Waters Mr. Abe Nathan, the Israeli who flew in 1966 to Egypt to meet Nasser, and later bought a ship to use as a floating peace radio, has announced he will start broadcasts from his ship in the Eastern Mediterranean on January 1, 1972. Programming will be for peace between Israel and the Arab nations; it will broadcast with 50 Kw 24 hours a day, with pop and underground music. The broadcasts will be made by an international team in English, Hebrew, and Arabic.

Another off-shore station, Radio Sovereign, began broadcasting on November 20 from 2100 GMT on MW. This is not connected with a previous station of the same name. It is based at a sea fortress, and will be tended from England, according to the British paper, Disc and Music Echo. (SCDX)

Hoax A British paper carried an item to the effect that Radio Sweden was going to set up a new service in the Thames Estuary, from a sea fortress, on 259 meters; it was supposedly to be called Radio 259. (SCDX)

Japan According to a letter received by Grant Manning from NHK, JO8AD, the experimental station on 530 kHz, will not be verified because it is an experimental station. Despite this disclaimer, the station has been verified; Grant has a verie hanging on his wall. If you hear them, at least try.

The SCECPOSDX get-together last weekend (Nov. 27) was a great success, with about 20 people showing up. Three from the Bay area got this far--Bob Karchevski, Paul Welka, and Ben Veio. Others came from L.A., including Stu McKenzie, publisher of ASWLC, and Ruff Sanserini, with his new double-spiral loop, still in the experimental state. Even Randy Seaver was there, and admits having DXed a little. He played a tape, made in 1965-66 of TPs and DLs by Gray Scrimgeour, Larry Godwin, Art Peterson and himself. People were turning sick with envy. The bid for the 1972 convention has finally been formally submitted to PRK; the place--Fabulous Inns, Mission Valley; the time--June 30-July 3. This early date for the convention was chosen because of the Republican convention here in August. Start making your plans now and saving your shekels. Make your plans early, since confirmed reservations will be necessary, since it is the 4 of July weekend. Get to hear XEPRS without using a radio! See ERBA-South HQ! Find out who Khriشنا Mulvaney is! 73/FJP
