Board of Directors: Lynn D. Brooks, Donald E. Erickson, Richard C. Evans,
Glenn Hauser, Michael B. Northam, Dr. Richard E. Wood,
Michael G. Worst

- 5.1-25 (See 12/18/72 DXM p. 4 for details) Ballot Canadian members for status of N.W.T.
- 5.1-45 (See Pres. Report 12/18/71 DXM for discussion of 5.1-45 to 5.1-49 inclusive.) Country of the Month Editorship be dissolved.
- 5.1-46 Publicity Committee be dissolved.
- 5.1-47 Verification Signers Editorship be dissolved.
- 5.1-48 Advertising Committee be dissolved.
- 5.1-49 Standby Publisher be dissolved.
- 5.1-58 Proposal by John P. Lombardo that a Letters to the Editor column be established in the IRCA. Submitted 19 January 1972.
- 5.1-59 Bylaws amendment, to be submitted to the membership for ratification. Article II to be amended by striking the word "kilocycles" and inserting in its place the word "kiloHertz." Submitted by Michael B. Northam 7 Feb. 72.
- 5.1-60 Bylaws amendment, to be submitted to the membership for ratification. Delete the first sentence of Article II, Section 2, part 3 and replace it with: "Elections: Ballots and the printed campaign statements are to be mailed to all members via first class mail separate from the June issue of DX Monitor, and are to be postmarked on June 15th of the election year. The ballots are to be returned to the Election Committee Chairman prior to August 1." Submitted by Richard C. Evans 3 February 1972.
- 5.1-61 Appoint Roger W. Winsor to the post of Frequency Check List Editor.
- 5.1-62 Appoint Randy Minnehan to the post of Courtesy Programs Committee Chairman.

Commentary

Most Board members felt that there was nothing to be gained by establishing a Letters to the Editor Column, as most such material can be expressed in a DX Forum. Director Worst noted that a similar column was proposed some years ago, and rejected for much the same reasons.

Proposal 5.1-60 has not yet reached a final form and corrections are still being made. Hence, it may not appear for membership ratification for some time. Proposal 5.1-59 is not of great urgency and will await 5.1-60. Also, Percy R. Kesteven has proposed a revised version of 5.1-25 for general membership polling. When all of these proposals have reached final drafting, they will be presented to the membership.

Positions Available

The following position is available to any IRCA member. ALL APPLICATIONS MUST BE MADE ON THE IRCA APPLICATION FORM, available directly from the President or from your September 18, 1971 DX Monitor.

Contest Manager 1972-1973 DX Season (closing date for receipt of applications is April 28, 1972--no exceptions permitted)

The Contest Manager is usually a very seasoned DXer who has himself

participated in contests in the past. The Manager must be able to type his own stencils and will be responsible for designing the rules. Please note that this opening in no way contradicts Dave Christensen, who is the 1971-1972 Manager.

Proposal Going to the Board of Directors in May 1972

5.1-67 "I propose that the volume and issue number of DX Monitor on the anniversary date in 1974 be Volume 11, Number 1. The issue numbers of Volume 10 are to be increased to 58 to make up the difference, or if this proposal is early enough, the extra numbers may be divided between Volumes 9 and 10, or added entirely to Volume 9, whichever is decided to be the most practicable by the publisher." Submitted 25 February 1972 by Michael G. Worst.

Basically, the problem is this. The Club's anniversary is the second week in March. However, the Bulletins are numbered such that a new issue begins with the first September issue (September being the commonly accepted start of a new DX season). Mike proposes that, partly to clarify the anniversary of the Club and partly to add significance to it, the numbers of Volume 10 (and possibly 9) be juggled so that Volume 11 starts, in 1974, on the Club's anniversary.

Please write your comments on this proposal in your DXF's, or send them to Board members, or to me (and I will relay them to the entire Board).

Miscellaneous

Glenn Hauser, whose ballot was not received on time for certain recent proposals, voted thus: Oppose: 5.1-50, 5.1-51, and 5.1-52. Favor: 5.1-57.

So, you want to help the IRCA! But, you didn't get appointed to an opening? Or, perhaps you feel that there is nothing that you are quite suited for. Here are some suggestions:

Write Randy Minnehan, 975 Chestershire Road, Columbus, OH 43204. Randy is Courtesy Programs Committee Chairman. This season for tests is mostly gone--Randy is planning for next year, which is going to be the best CPC ever for the IRCA. You can help--write him!

Write John Clements, Room 222, L.A. Baptist College, 21726 W. Placerita Cyn. Rd. Newhall, CA 91321. John is (pending Board approval) temporary Conditions of Frequency Editor. He needs to know what the AN and NSP situation is in your area. Write him for details.

Do you know quite a bit about something? Like to share it with the rest of us? Contact Bill Hardy, 303 West 10th Street, Aberdeen, WA 98520. Bill is (pending Board approval) temporary Special Features Editor. He'll supply you with all details needed for your article.

Still stuck? How about letting your DXR and DXWW Editor know what you've been pulling in lately. How about those experiments with your antennas? Let us know in a DXF.

Respectfully submitted,

Percy R. Kesteven

Percy R. Kesteven, President

cut on dotted line

OFFICIAL BALLOT FORM

Return to: Dave Prather, 1711 6th St., Apt. 14, Woodland, Calif. 95695.
Deadline: Monday, April 10, 1972.

(See top of next page for IRCA Election Committee Report by Dave Prather)

I vote for Eastern Standard Time to be the official IRCA time standard for
 Eastern Local Time the Domestic Sections. The present time
standard is Eastern Local Time.

(Signature)

The election completed on February 17, 1972 resulted in the approval of the three bylaws amendments (4.2-51, 4.2-52, and 4.2-53). The proposal (4.2-45) concerning the effective date of taped verifications was also passed. Greenwich Mean Time was selected as the time standard for the Foreign Section since it received more votes than the 2/3 majority required by Proposal 4.2-38. However, the matter of selecting a time standard for the Domestic Sections is still unresolved since no alternative received the required 2/3 majority of the votes cast. A run-off election will be held between the two alternatives that received the largest number of votes: Eastern Local Time and Eastern Standard Time. In the run-off election a simple majority of the votes cast will decide the issue.

(Ballot form is on the other side of this sheet at the bottom of the page; only original ballots will be counted; no photocopies, etc)

Broadcasting Information (as compiled by Mike Worst) February 28 issue

new	1530	1kw-D 250w-CH	McCConnellsburg, Penna.	CP

SUPER-FLASH TIP As far as your publisher knows, Al Lehr is the first to report KHAI, Honolulu, ex-1090, on new channel, 1080, thru KWJJ OC and o/u WVIC 0409-0448. Also, KNOM-780 Nome, Alaska, at 0501 s/off thru KCRL and ZBVI. All heard on Al's new 6 foot loop! Congratulations, Al, on some real hot tip DX there! In addition, Al rpts KIWA-1550 u/XEBG. "Had Latin-type organ music at 0310 EST. Tent. IDs at 0314, 0325 & 0330. Finally a clear ID at 0334." Did not try for KUPK.

More CPC results and flash tips Mike Harvester: "KRVN-880 Lexington, Nebr. hrd at s/on for RS on 3/6 at 0600 EST. Exc. sig w/ unIDed weak QRM u/KRVN. 50kw U4 from 0600 to 0005 EST daily. I called stn as soon as I hrd s/on. Other calls from Eugene & Sweetwater, New Mexico, and Montana. Exc. sig at all QTHs rptng." Ralph Kemper, however, rpts announced sked as 0600-0105 EST. He also hrd first day of RS w/ sign-on 0600 3/6. Blake Lawrence was the first to advise publisher that KRVN was on new freq. for RS; he first hrd them on that same Monday afternoon and phoned pub. hdq. See page 5 for two items about KRVN from 'Fish' if there is still space by then.

Blake Lawrence also rpts KIWA-1550 w/vy good sigs; XEBG faint in background. Instr. mx w/IDs after most of the records. KTAC-850 hrd for the first time. Blake wonders if maybe they were testing with 10kw...? Blake tips that DXers should be looking for WMEE-1380 s/on 0500 EST; they are soon to be NSP. They are ex-WKJG and from rather difficult state of Ind. (Ft. Wayne). CJOI-1440 hrd AN on a fairly clear channel. Blake further mentions heard WQXL-1470 and he notes KRRR-1340 Ruidoso, N.H., either has or is moving to 1360 with 5kw. More on page 5.....

Check one box on the other side of this sheet (read above report of the Election Committee) and BE SURE TO SIGN YOUR BALLOT. Because of the form in which this ballot is being distributed, it is necessary that each ballot bear a signature. To be eligible to vote, you must be a member in good standing as of March 11, 1972.

Return by deadline of Monday, April 10, 1972, to: Dave Prather, 1711 6th St., Apt. 14, Woodland, Calif. 95695.

Results will be announced in 4/22 DX Monitor. Editors will be advised in advance so they can make necessary announcements in their sections.

880 KRVN Lexington, Nebraska By the time this is in print in both DX NEWS and DX MONITOR, many DXers will have logged 880 KRVN running tests after 0100 EST which commenced on 2/15/72 and which should continue for about 2 weeks. IF test prove satisfactory, an STA will be obtained and RS may well begin within the month of March in time to provide most DXers with another catch this season. Daily sked will be 0500-2400 CST (0600-0100 EST) with 50kw directional nights and non-directional days. The transmitting facilities are located just NW of Holdrege, Nebr., and a 900 MHz STL repeatered at Overton will provide the audio baseband from the Lexington studios. The antenna system is a four tower array consisting of equally spaced 300' monopoles driven with nonuniform currents in both phase and amplitude so as to produce a very wide "almost" null of some 15 mv/m at 1 mile 15° either side of the line of the array towards WCBS. The line of towers lies on the great circle path between 880 KRVN and 880 WCBS and has a bearing of 81°. The front portion of the directional pattern is a very nice 2.5 VOLTS/m at 1 mile so that few on the WC should have difficulty with KRVN. The proof of this system has been carefully made with a most competent CE at the helm and the technical difficulties not less than state-of-the-art in some major cases. More on the technical layout of KRVN will be published in future issues of the bulletins pending availability of space.

To date a number of DX reports have been received by 880 KRVN during their tests which have consisted of OC with station IDs each half hour. About 10 reports from the WC and one from New Zealand are presently on hand. The following information will be helpful to those DXers logging or taping KRVN and wishing to verify their reception. First, the CE is Bob Bitner, W/SOK, a very top notch technical chap with many years of experience who is devoted to BCB and interested in having KRVN DXed. His responsibilities are many, much more so than most CEs, and his day (to put it mildly) is hectic! Thus, all correspondence from KRVN will be handled by Fish in Lincoln. Specifically, DX reports should be sent to: Bob Bitner, CE, Radio Station KRVN, 104 W. Eight St., Lexington, Nebr. 68805 and the envelope clearly labeled "DX REPORT". Bob will review each report for its correctness and then indicate whether or not it is to be verified and mail them to Lincoln where the verification will be processed. General correspondence concerning KRVN-880 will also be handled in this manner--Fish will answer all questions the CE feels can be handled from Lincoln. Special DX Test will be arranged and there will be plenty of ET and f/c with and without the directional pattern. Thus, CPC boys take note. Club policy of including return postage will be expected and reports lacking return postage run the great risk of not receiving a reply. Please state your club affiliation(s) on your report forms and tapes are extra postage, too. Tape reports are very much requested; tapes at $\frac{1}{2}$ -track @ 3.75 ips or $7\frac{1}{2}$ ips are acceptable. Tape will be returned only if return postage is included. Bob Bob and I hope this will work well for the DXers and we cordially invite you to "tune in". More to come on KRVN etc. in the future. -de Fish, Lincoln, Nebraska

KRVN News Clipping "Staring 3/6, KRVN here will switch to 880 and go 50kw, GM Max Brown announced. Since its inception on 2/1/52, KRVN has been on 1010 w/25kw as a daytime station." -excerpted from clipping sent by Fish

More flash tips and CPC results Tom Sundstrom reports that his KMBC-1140 turned out to be a badly slurred KLUC ID, see page 10, 3/4/72. Tom received his 3/4 DXM on Sat. for the first time in a while. Meanwhile, complaints about non-receipt from those getting it 3rd class have tripled. And George Kesteven will soon find that his postman thinks he is "unknown--moved, left no address" - same stupid thing that happened to Paul Welka in San Jose. A protest lodged with USPS. Not that they're to blame. Those wishing bargain prices on WRTH and BYB, be sure and look elsewhere for details on how to obtain both at bargain prices. Tom S. got his on 3/4; mbn got his about the same time. On another flash card, Tom rpts KIWA-1550 hrd w/good sigs at 0330 3/6 soliciting phone calls. Lots of static hrd. Bob Karchevski rpts no WBCA due to KRLA-1110. No WOGO due to XEBG. No KMMO due to "Radio Treece" with ads for Western Chrysler Plymouth in Los Angeles and asks if KWKW is still all Spanish. Yep, Bob; no doubt that's what you had. They were there when I tried for KMMO. -DEE Need some flash cards to keep publisher informed? Write DEE; add. fr.pg.

Turn to page 29 for still more information on various topics and the hot news of DX.

Editor: Bruce R Heimburger - 817 Rawlins St. - Port Huron, MI 48060

Deadlines: Fridays. 8th ANNIVERSARY ISSUE!! Help make year 9 the BEST

Gary Siegel - 2728-106th St. - Toledo, OH 43611

I haven't had a report in EDXF for a couple of mos. so I thought I would send one in for the Anniversary Issue! (Happy Anniversary, IRCA-many more to follow, I hope!) A brief re-intro: I'm 21 & single (always looking, hi). I attend the U of Toledo & am majoring in speech (broadcasting). Presently, I am an announcer at WERC (the U of T's carrier-current stn.) as well as being their cracked meteorologist, hi! I have DXed since 66; present totals are 1340/47/7/21. DX-wise 1972 has been looking good! 93 newies since 1/1 & 54 in Feb.-nearing a record. 2 states added in HI & NV plus 1 prov. in Nova S.-details in DXR. The HI was Korl-650 & was hrd at D. Myer's as part of the 2nd annual Washington's Birthday DXathon! 11 new ones on MM 2/21 total of 12 for the day-a record. DX LIVES!! More later & best of DX thruout 72 to everyone. 73s. PS, sorry to see you retire DF, you did a great job on EDXR!!! The EC will miss you along w/me!

Thomas R. Sundstrom - Box 205 - Willingboro, NJ 08046

EDXR ower David Faulkner a vote of thanks for the fine editing job he has done in building it to the largest DXR in DXM. Sorry to see him resign. Guess we'll have to wait on you Bruce, before nice things can be said, hi. On another point, as I haven't written DXF for a while, there have been some equipment changes made. Added an Ampex Micro 9A auto-level cassette tape recorder, in lieu of the Norelco 150 w/o auto-level that now serves for dubbing & back-up purposes. The Ampex does a good job in handling the varying signal levels coming out of the HQ-150 tape recorder jack. Finally overhauled the Roberts 721 reel machine... that does a nice job w/WV or CHU in one channel & the rx output into the other. When I check a tape I can just spot-check each 15 minutes by finding it on WV/CHU (my portable handles the time stations). Also splurged an S9 check on a pair of Koss Pro 4/AA stereo headphones for the 721 &/or my stereo receiver... beautiful, hearing things never thought were on the records & tapes, and the Koss was on sale too! DX here has been limited to some daylight sessions on the weekends & checking out most of the DX specials. Results have been sent regularly to EDXR. Liked Hauser's tape on PJB-800 last month, copy sent to DEE, hope there are more: verie was quick. Happy 8th Birthday to the IRCA...& everyone vote for ELT in domestic columns! 73.

Jim Poterba - 949 Queens Dr. - Yardley, PA 19067

Congrats to the IRCA on its 8th Anniversary. As a re-intro to all those who don't know me, I'm 13, attend Penwood Jr. High, & DX on a Hammarlund HQ-200 w/a SM-1 antenna. My totals are presently at 580/105, 38/33, 5/3, & 19/3. I have been DXing since 68, but moved here in 8/71, so totals are from then. For anyone wondering, Yardley is located on the Delaware River, very near Trenton, NJ. Recent DX happenings: Extremely strong aurora on 2/25 brought in WSBP, @SSS, then, w/no trace of CBL, R. Maracaibo was in all alone on 740. HJCX dominated later. Hopes for the next year: log WY, AZ, NM. Also to verie all my states. Would like to reach 750 hrd by 8/72. Congrats to Quentin on CFCB, that is SOME catch. Veries: one v/1 in from WPGC. Well, 73s & lets hope that the next year will be as good as this one has.

Cathy Woodruff - 7865 Allison Ave. - Dayton, OH 45415

Hello gang! Finally had some time for DXing. No school on 2/21 so I stayed up until 0500. Result: 13 new stns & one new state. KLUC Test blasted in here giving me NV. 2/18 Carl & John Junker & Fred Tankersley (all of the NRC) came over. Thanks to Carl's SM-2 I added a new cnty to my list w/Haiti on 1035. Right now I'm using Fred's spiral loop-a big help! Q. Brown: Great SoM article on WA. I may hear that state yet! Latest veries: v/1-WAIK, WBLU. 73 & best of DX to one & all!

=====

William E. Raczko - Route 2 - Box 70 - Swanton, OH 43558

HAPPY ANNIVERSARY IRCA!! And I know there will be many more in years to come! DX continues here, also veries: v/q- CBNM-740 (Nfld. #2) & KWYO (WY #3). Nostalgia dept: Remember the "Number one song" controversy a few years ago? It seems that whenever a new controversy starts up, it soon fades away & is never talked about again. Oh well. A few members mentioned their other hobbies. Mine are: collecting blank station letterheads, collecting songs on tape (I'll bet it saves living in a big apartment-Brh), & jingle collecting. Remember, the tapesponders list will soon be printed! Get your tapesponding info to me soon! Peace.

Randy Minnehan - 975 Chestershire Rd. - Columbus, OH 43204

Hi everyone! I've been in the IRCA now for 8 fantastic months & for those of you who don't already know me, here's a re-intro: I'm 17 & a jr. in high school. I hope to go to OSU for 6 yrs & major in broadcasting. I have heard 42 states, 6 prov., & 9 cntys. I collect CMs & I also cassette tapespond. I've just been appointed CPC Chairman (temp) & I urge everyone interested in the CPC & current CPCers to contact me. D. Faulkner has really done a great job on the EDXR. It's too bad he is resigning. Not that it affects me one way or the other, but I would like to see John Oldfield's wish granted, breaking the NWT into 3 DX areas. Q. Brown: Great SoM on WA! Glenn Hauser: I like the idea on significance of call letters list. That's about it from here. CPCers don't forget to write. 73s & good DXing.

Dan Myers - 2650 104th St. - Toledo OH 43611 (419) 726-4348

Greetings, world! And hello to all the DXers therein, hi. Well, I'll bet most of you thought that I'd died, or at least went into hibernation, but I didn't. Since it has been so long since I've reported, I believe a re-intro is in order: 21, single, DXing since 67, attending classes U of Toledo, majoring in foreign languages, & work at w commercial stns: WMHE-FM & WLQR(FM), & am Music Director at "WERC" (carrier-current) at U. of T. Now you see why I don't report very often, hi. Another minor miracle has occurred in the fact that I'm almost actively DXing again, something which hasn't happened since 2/71. In the last month, I've heard 21 new stns, including 2 new states: HI & NV. Finally got KORL, & hrd the KLUC Test. Also, had one of my best MM's ever: 2/21 w/ 13 newies. I decided that since I'd missed 3 straight IRCA Anniversary issues, I'd better report to this one, & give the familiar battle cry: Happy Anniversary IRCA, & many more in the future for the #1 club! I won't give you the usual bs about be starting to report often, so til later, 73 & Peace. (Nice to hear from you again Dan-Brh)

Bill Feidt - 8708 Contee Rd., Apt 14 - Laurel, MD 20810

First of all, congratulations to IRCA on its 8th Anniversary. Thanks to D. Faulkner for his tenure in the EDXR spot & good luck to D. Alan Cunningham in his temporary filling of this position. This has been a banner season for me so far: have added over 214 new logs. Am now up tp 496 tapes, but hope to up this to over 1000 this summer by taping the easy regionals & clears. Bill Raczko, your unID on 750 may have been Point Galina, Jamaica; I have heard them running late w/religious programming earlier this year. Veries so far this season: v/l-KSWM, KLEB-TEST, WHUN, v/q-WLDS, v/f-WYDK-TEST, WYDE on CM, WKTJ-TEST mimeo, WCVR-TEST for wrong date, WWJC-TEST, & KWRF-TEST xerox. Reports are still out to WAMB TEST, WHCU, WKSK, CBNM, CBI, KLUC, & WYNK; the last 6 are very recent. The new Broadcasting Yearbook has still not been received here; seems like this one just gets later & later. Local WHMC was off the air 2/20 because of power failure due to snow storm, but only WDEL, WHUN, WIMA, CHSJ, & CKOC hrd in its stead; had hoped to add a few of the southern daytimers, but no luck. 73 es DX to all.

=====

Show Alan that you are behind him 100%. Send him a EDXR report today.

Karl Bartlett - Apt. 2B, 9 Tulip Dr. - Fords, NJ 08863

Greeting, & Happy Anniversary IRCA!! Question: how would you react to a list of Canadian Stns? List would include call, freq, QTH, power, antenna (day/nite), SP, format, & QSL policy. Also a possibility of including LPRTs. Let's hear your comments--if enuf of you favor the idea, I'll get to work. (sounds good to me Karl, you might work it as a special features article-Brh) Not too much DXing this week, no new veries. Does WOWO verie? So far 2 rpts unanswered. I need IN, maybe WIBC. My measly Hallicrafters S-120 may be getting its 10' single wire replaced by a FET loop soon (if I can find the %#!?* parts!). If anybody knows how to get rid of apt noises, HELP! I can understand it during the day, but @ 0300?? Sounds like a hum, kills everything below approx. 640. (Maybe I should go down to "Funky Nassau" & do my DXing, hi) Well, its my s/off time, so 73s gang, & keep writing to EDXR!

Mike Collins - 2021 Main St. - Stratford, CN 06497

Greetings! As this is my 1st report, an intro is in order. I am 24 & a grad student at Fairfield U. During the summer I was a newsman & dj & have been interested in broadcasting for over 15 years. My receiver is a Grundig Transistor 3001. I have heard stns from 38 states, 8 prov. & approx. 35 cntys. Best catches include WJNO-1230 & the recent KLEB Test thru WWRL 62 miles away. In reply to Karl Bartlett's question about KADS, group stn owner Gordon McLendon bought the former KGLA 103.5 FM in Los Angeles in 7/66, changing the calls to KADS w/the all-ads format as an experiment. In its 1st 8 mos, KADS lost \$400,000, so McLendon replaced the format w/beautiful music & new calls, KOST (coast) KOST-FM is presently the sister stn to XETRA-690 Tijuana, also beautiful music, & the only stereo AM stn in the world. McLendon introduced the all-news format for the first time on this stn when he took it over in 5/62, dropping it for the present format when KNX & KFVB went all-nx in the LA market. Stratford is on Long Island Sound, 14 mi. west of New Haven. Daytime regulars include many CT, NY, NJ + some PA, RI, & MA. Anyone needing info on formats of any stns in this area, just write.

Budd Bailey - 8800 Wenner Rd. - Williamsville, NY 14221

Happy 8th Anniversary to the IRCA! Maybe I'll still be around in another 8. A brief word why Jeff Hodg, Don Smith, & I susally have similar reports. Jeff lives 5 doors down, while Don is 2 miles away. Don & I spend most of the time on the phone MM while DXing. Like Glenn Hauser's idea about call letters. DX this week was limited to static, it was like summer. No DX Tests hrd here. One week after Karl Bartlett said "long live Brh & the ECDXF", its suddenly EDXF. Does that mean something? 73s.

Vincent Miniaci - 29 Lombardi Place - Plainview, NY 11803

Hi group! DX has been magnificent!!! On 2/23 I logged 36 new stns & 17 on the next day! That gives me 103 for the month (so far). One new cnty: 4VEF-1035. Montana was the new state in the form of KOPI-1080. Slept through all the DX Tests but I'll hear one soon. Veries: WCOA, WHEB, WHBG, WSAY, CBM(5 mos.). Totals now stand at 545/106, 36/32, 6/4, 12/2. Dave: if you're looking for areas for DX Tests, try RI & NH.

Don Smith - 9504 Keller Rd. - Clarence Center, NY 14032

DXing was again slow this. I've seemed to have developed a nasty habit of discovering f/c that are not r/c; 3 this past Monday & 7 since the beginning of the year. (Nasty, hi). Tnx to Percy for awards. Recent totals 215/120, 39/32, 5/5. Veries include: v/q-CKWS, WJJD, WQXR, WSBA, WOKJ, v/1-WEVA(r/c), WERE. Happy Anniversary to IRCA & many more. 73s

Bruce R Heimburger - 817 Rawlins St. - Port Huron, MI 48060

I'm a little disappointed w/only 3 whole pages instead of 5 but I can't really complain. No DXing done since 2/21 & none in sight until at least 3/19. Not enough room for a complete re-intro, so that will be in next week. Til then, 73s & good luck.

For a re-intro: I am 26, single the second time around, and the
 "cigar-chewing" evening truck dispatcher for Key Line Freight. Started
 DX in Michigan around 1962 and moved here in 1966. In Ind., totals
 read 1246/680, states 49/47 Countries 28/9. I've typed this column
 since 9/70 and am also on the Board of Directors. Best of DX. v/CHML.

EDITOR: Lynn D. Brooks - Box 253 - Ponca City, Oklahoma 74601

DEADLINE: Thursday

HAPPY ANNIVERSARY!!!!!! IRCA'S EIGHTH ANNIVERSARY ISSUE HAPPY ANNIVERSARY!!!!!!

BILL NITTLER - 4590 So. Julian Street - Englewood, Colorado 80110

Changes in Denver stations continue...KLZ-560 has been sold. They will keep the calls for AM & FM but new calls will be issued for Ch. 7 TV. A probable format change will be made. KOA-850 is also having a big shakeup and have plans to go to a heavy news format. Had hopes for the WBRW-1170 DX here but KVOO just didn't cut its open carrier. Our very own Glenn Hauser's column in the Denver Post this week featured the IRCA. Hope it brings some new Denver area dxers into the fold! First new station logged on 1340 kHz in more than 7 years 2/14 when KDEN was off from 0200-0500. Only station I'ded was new one KRAM but a f/c was heard 0353-0400 without ID. WBRW-1170 DX barred by KVOO OC and KCBQ. WAYT-1510 and WNIO-1540 both in fair. No WEEZ-1590 w/ KUDU and WAKR strong and KSRM not tried for. Is CKWX-1130 no longer AN? Heard KLEI on top 2/8 w/clear ID 0330. Local KLAQ-1600 off about 1/2 hour 0330-0400 2/14 but nothing heard worth mentioning. The IRCA was 8 years old on February 1. On Feb. 1, 1964, 6 members met in Denver to form this club. 73.

JOHN TULL - 5539 Oak - Kansas City, Missouri 64113

New veries: WQXR-1560 N.Y., WAVE-970 KY, CJCA-930 Alta, CKVL-850 Que, WNOX-TN, XERPS-1090 Tijuana, ZNS-1 Bahamas, TIFC-1075 Costa Rica, WJAG-780 Nebr, & WHK-1420 Ohio. I haven't been DXing much the past few weeks, as I am trying to learn the code well enough for a ham license. The family gave me a cassette recorder for my birthday and I record W1AW and play it back at work where I have time to play it back. Another month and I hope to have 13 wpm solid. I just replaced two FET's in my loopstick antenna and the next MM that I am off, I'll get a chance to try it out. 73.

BLAKE LAWRENCE - Box 803 - Canon City, Colorado 81212

I have seen several reports in DXM lately of DXers definitely logging stations because the station in question "was the only one listed on at the time" or was the "only possibility". I'd like to take this opportunity to offer my opinion on the matter. There are just too many other possibilities to consider before logging anything without an ID. For instance, if someone was listening to a frequency on a MM when every station is listed off except one, and this DXer hears a station with the same format as has been reported for the AN station, does this constitute a positive log? Not necessarily. Perhaps a station is Eting with the same format. Daytimers are authorized by the FCC to operate during emergency times, and many use RS type pgmg. A schedule change for another station is yet another possibility. This is why I feel that a DXer should have a call-letter ID, location ID, or other definite proof before positively logging a station. 73 and good DX, but make sure you're hearing what you think you're hearing!

TOM KRAFT - 3412 8th Avenue North - Great Falls, Montana 59401

Greetings from the "Big Sky Country"! DXing here has been fair with some time spent on the graveyard channels. Have been hearing XEBG-1550 on MM's occasionally. Usually with good strength. Latest veries are: v/q KRUX-1360, KABL-960, KCPX-1320; v/l KFVB-980, KOY-550, Ktar-620; v/c WWVA-1170; v/r KLOV-1570. KTAR said mine 1st report from Montana. This leads me to believe that BCB DXers are very sparse in Mont. Most DX activity is done on ham and CB! (Ever hear of Montana ragdoll who supposedly operates on CB with 250 watts, hi). Got another package of propaganda from Radio Peking(SW). Ever since then, the mailman has been giving me strange looks. For now I close with 73's and how about us Midwesterners equalizing the size of the ECDXR!!

DAVID PETERSON - 800 Humboldt Avenue - Winnetka, Illinois 60093

DX lately has been pretty good, Latest DX includes KKHI-1550, KBIG-740, KFBK-1530, KAJN-1560, WEOL-930 & others. Many veries in lately: v/q WFBM KMPL CFAC+Calgary travel folder WLBK WFBC WQXR+fact sheet WSB(f/up) WCAU+day & night CM's KSYL WCKY WJOB CBE+CM+prg. sked KNOX+station post card WGAR WPTF+prog. sked; v/l WOGO-DX WDIC+cm KVOK+cm KBRX+cm KWKY+cm+DJ pics WKIG WMBE+cm+fact sheet KDTH; v/f WTAR; v/cm WEOL WIDG. Totals: 337/163, 37/33, 5/5, & 5/0. 73.

Said Epictetus: Nature has given to man one tongue but two ears, that we may hear from others twice as much as we speak.

BILL NITTLER - 4590 So. Julian Street - Englewood, Colorado 80110

Happy Anniversary, IRCA! Will be interesting to see Don's list of the charter members who are still with us. We've seen a lot of members come and go during the past 8 years. Still see local former member, Mike Reynolds, regularly but he is interested primarily in SWL now. A lot of dedicated members have given a lot of time to making this club a continued leader in BCB DX. A vote of thanks to our latest editor, Dave Faulkner. He's done a great job in building the Eastern section. Thanks, Dave! Denver has a CP for a new 50kw daytime station on 1090 kHz with the calls of KAAAT (K-American Action Team) which has a deadline of getting on the air for September. They are to broadcast programs primarily to minority groups which means quite a bit of SS and Soul mx. Transmitter will be located about 20 miles south of Denver just north of Castle Rock. Just what we need is another AM station in Denver! Latest v/1 is f/ KAYQ-1190. The WAQY-1220 test was on as I heard two ID's at 0629 but nothing the rest of the time I listened. I have renewed for the ninth year, have the rest of you charter members? A vote for DEE as THE man of the 1st 8 years!

DAVE ROGERS - 623½ Kansas - Norman, Oklahoma 73069

Greetings on another great IRCA Anniversary! It doesn't seem like 8 years since I joined IRCA back in Apr. '64. As a way of reintroduction, I'm a charter member of the IRCA, have my First Class FCC license, & have worked at several BCB stns. Right now I'm attending law school at Okla. University (for how long I can't say, hi!). My 1st verie received from WACO-1460 (2/18/63). Some of my better BCB veries include HCJB-700 CX16-850 HJKC-850 2NR-700 BEC-1214. Totals right now slightly above 525 vfd. At this time of year we should all extend thanks to those who have expended their time & effort to make the IRCA the great club it is. Veries since last time: v/1 ZNS-1540 KWPR-1270+cm KEND-1590+cm+bumper sticker(with pic of girl in bikini: "The living End, K-END"). KFLD-900+cm KDAZ-730+cm KZEE-1220+cm & v/c KXOL-1360. ZNS is BCB entry vfd #22. PRK: Tnx for photo. I recently received IRCA Achievement Awards. Very attractive & worth applying for. I like Glenn Hauser's idea re station call signs. I believe KSIW (where I once worked) stands for Key Station In Woodward. 73 and IRCA is #1.

KARL FORTH - 142 East Division - Villa Park, Illinois 60181

Hi everyone! Since this is my first report to DXF I guess an intro is in order: I'm 16 and have been DXing since Dec. 1970. I use a TRF with an A-2685 and a Masterwork M-502 on standby. Present totals are 398/133 domestics, 36/34 states, 6/4 provinces. Recent veries: v/q XEMO-860 WAPI-1070+cm KOIL-1290 WMEX-1510 CKRC-630 CKCK-620 CJIC-1050 WNEW-1130 WLIP-1050; v/c WIOD-610; v/f KTOK-1000 KLEB-1600-DX; v/1 WJBO-1150 KNOE-540+cm KAJN-1560. In the KAJN v/1 the CE says they should be on RS by mid-March with a DA to the NW. Have picked up two new states in past MMs (2/21 KLUC-1140, 2/28 KOB-770). That's about it for now. 73's.(WELCOME to the DXF, Karl!!! -LDB)

RICH EDDIE - 152 West Rose - St. Louis, Missouri 63119

Happy Anniversary, IRCA! I hope there are many, many more for the IRCA. Welcome to all new members of IRCA. My DX has appeared in DXR and most recent will appear. Big news is I finally passed the 1000 hrd mark. Totals now: 1001/558, 47/45, 6/5, 18/11. Main BCB rig is Navy surplus RBM...11 tubes, 200 to 2000KHz in 4 bands with 3 ft. alti-azimuth loop...great pair!! I trade record surveys, KXOK, KIRL and some others ...write if interested. A brief re-intro for the newer members and those who forgot. I am 24, single, hope to get a job in radio repair work and have Daed the BCB since August 1967. New members feel free to write to me and ask questions. Gotta run, so more DX next time. Good DX. Peace and 73's.

AL OGRIZOVICH - 3128 N. Kolmar - Chicago, Illinois

Hi, and 4 all the verie fans: v/ppc WMOB-Ron Meyer, KNLU. v/1 WSIV-Chad Erickson, WCSJ-Kirk Patrick, KKUZ+cm-Arthur Zeeck; v/q WNEW-M.J. Weiner; v/f KLEB-Bob Carole. Speaking of veries, when is the ready verifiers list going to be out? That might be handy, as it would save stamps if you hear a non-verifier like CKY or KFH. (I have a KFH v/q!! -LDB) Also when are the Toledo pics going to be out? Happy Anniversary, IRCA and many more 2 ya.

A ticket clerk in an airline terminal asked a Texan, "Where to?". "Anywhere," replied the Texan, "I've got business all over."

GENE MARTIN - 3303 East Evans Avenue - Denver, Colorado 80210

All over the nation, there are "campus-limited" radio stations operating in the BCB, unlicensed but recognized, small wattage affairs supposed to be audible only in the dorms and the university-buildings. But in many cases, the students who man these operations are afflicted with an incurable itch to improve reception, and before you know it, they can be picked-up for miles around. Now every DXer should know that if he lives a mile away from such a station, and is able to hear it, then it is operating illegally and is a proper subject for a complaint to the FCC! In the past 18 months, I have recovered 660 and 670 as good DXing frequencies by complaining to the local FCC about the University of Denver and Regis College dormitory transmitters operating too strongly. I live 3/4 of a mile from the U Of D, eight miles from Regis. You can be fairly certain that nothing will happen to cure such problems at the local level unless you make such a complaint.

WALT BREVILLE - 9127 Coral Drive - St. Louis, Missouri 63123

Greetings after another 6 months absence. I have been strictly a spectator at this sport of DXing, it's over a year since a new logging or verie was added to my collection. The locals, AMers, QRN, etc, drove me up a wall, this season I tried DXing on two NMs with zero results. No wonder these pages have sometimes been filled with bickering, this hobby can make a guy cross! I've been DXing since 1964, in IRCA since '67, my totals stuck at around 870/270, 43/40 for almost 3 years now. I'm now in Ponca City personally giving Lynn this opus. I did this once before in Okla. four years ago. Am on vacation trip visiting such places as Death Valley, Organ Pipe Cactus NM, & Tucson, between sightseeing, camping, and stargazing I hope to hear enough interesting DX for a report. More of you Central DXers ought to report. Reading the bulletin it seems that 95% of all DXers are located within 200 miles of the WC or EC or Great Lakes, only a small part of this vast continent. It can't really be a distribution as lopsided as that. Welcome to Tim Holderle, who lives within two miles of here! I'm in favor of Glenn Hauser's call letters feature proposal, sounds interesting.

GEORGE B. SHERMAN - 104 Pinewood Circle - Rosemount, Minnesota 55068

Hammarlund HQ-129A for sale at \$79 plus \$6 shipping. It is in excellent condition. All tubes are good and I had complete alignment just done, plus other repairs. As best as I can determine there is nothing wrong with it. It should sell fast at this low price, so call today if interested, (AC 612)432-7975 evenings or all day weekends, prepaid calls only. DX continues to be fair despite too many NSPers. Up to 1367 hrd. Most of the DX TESTS are heard here, but they won't verify usually. Holdouts are WKTJ, WAMB, WOBR, & WBAT. For EE on 660, a W.I.B.S. station was reported there a year ago, another possibility, maybe? The best bet for Idaho would be KBOI-670 with daytime 50kw non-DA on MM when WMAQ is off. CPCers? With nearly everything NSP, plus the increase in dues soon, I foresee an end to the MW DX hobby. SW/TV/FM looks better all the time, hi. On a non-auroral morn, at least 90 of the 107 MW channels are blocked by stations of semi-local to local strength here. Not too much room for DX left. NSPers must be informed that we need their help to save MW DX! Happy Anniversary, IRCA, hope it won't be the last. (Rcvd your rpt, 3/1/72, George, -LDB)

STEVE MILLAY - 550 Swain Avenue - Elmhurst, Illinois 60126

Happy Anniversary, IRCA!! May the next year be one of the best for the club. And now, a re-intro for the newer members, and the rest of you who forgot. I'm 16, a sophomore in H.S., and have been DXing since Dec. of '69, and in IRCA since 1/70. Rx used here are Halli S-120A & Allied A-2515A (used the most) w/two 100 foot L-w antennas. One is laid out in the attic, the other 'strung out' outside. Totals are 383/202, 38/34 states, 5/5 prov, 8/6 ctys. A couple of 'surprise' veries came in the past month. A v/q f/WHFB-1060 in Mich. after 6 1/2 mos, & v/f f/3/16 WTTN-1580 DX test. It was incorrectly marked as verifying WTTN-FM tho. Has anyone else received a verie for their DX test? Other veries: v/1 KJLT-970 KNOE-540+cm WPJD-1550+rate card+business card. The 2/21 KLUC-1140 DX came in good here w/10kw, & weaker but still fairly well w/500 watts. I am anxiously awaiting their verie, as they will be state #35 vfd. I would now like to welcome(a little late, but...) local member Karl Forth of Villa Park. Welcome! SCers write for my 'Treasure Chest' of SC's. 73 & Good DXing.

March 11, 1972

Editor: Bob Jacoby, 556 E. Alvarado St., Pomona, CA 91767 (Thurs deadline)
Mike Hardester - 401 Birchwood Court - Modesto, CA 95350

Greetings, salutations, and HAPPY ANNIVERSARY IRCA! I joined back in 1969 and recently renewed for my 4th year in IRCA. A re-intro: I'm 22, single, and recently quit the college I was attending: I couldn't transfer any courses, and, besides, I decided to get a job so I could attend Fresno State College beginning the Fall Semester 1972. My major is psychology/pre-med. My areas of interest are adult and juvenile criminal corrections/psychiatry. DX equipment here includes two Hammarlunds: HQ-150 (main) and HQ-129X (stand-by); antenna is currently an omnidirectional longwire 30' high--I have a SM-1, but it's currently in a state of disrepair. A Bendix BC-221-M frequency meter is also in use, along with a Hitachi TRQ-20 cassette recorder. Besides the IRCA, I am also a member of the NRC, SPEEDX, NASWA, & ASWLC. Though delinquent in the past part of this year in regards to reporting, I have changed and will be reporting often. Totals are unknown to a large extent: I'm 40/40 for states & 5/5 provinces; foreign and overall totals don't really interest me, though I do DX foreign stations & send many rpts. Best US catch is a trio: WGTO-540, WRNG-680, & WFGW-1010. Best US graveyard is KRPL-1400, and best foreign verie is R. Moscow Domestic Service on 1550. 73 to all & gud DX!

Albert S. Lobel - 4545 55th St., Apt. 7 - San Diego, CA 92115

It seems as if it is about time I reported again. It sure has been sometime since my last report. DX here has been good. Have logged many new stations, will not take time to list here. Was in Las Vegas over the Washington's Birthday weekend. Las Vegas is really a DXer's paradise. At night the stations just roll in off the desert so clear and crisp. It seems as though the # of stns are just unlimited. If I really wanted to do some DXing I could have logged at least 100 stations in an hours time (just receiving signal, not enough for a report). During the day, however, all that you can get is the local Las Vegas stations. I am interested in hearing from other club members. I do not normally tapespond, but on occasion will answer a tapespond-letter with a tape. My TR will take just about any reel to reel tape at 1 7/8, 3/4, or 7/2. If any of you with, you may call up to 10:00 P.M. P.S.T. (no collect calls please). Well have about used up my 15 lines. Happy anniversary to IRCA and a good convention in San Diego! 73!

Bruce Portzer - 14056 5th Ave. S. - Seattle, WA 98168

After eight years it finally happened. DX catch #1000 floated in at 7:10 A.M. P.S.T. on Feb. 18 when KZUN-630 in Opportunity, Wash. was heard under KGDN. Now for 1000 veries, hi. Congrats to Quentin Brown on another excellent SoM. Bill Raczko: your 750 unid was possibly KFQD. I've hrd them w/religion on Sunday nights but don't recall if it was around 0200 or not. Bob Zoller: your 1090 "Oldies but Goodies" was XEPRS. Since this is IRCA's anniversary I have an excuse to talk about myself. I'm a 20 year old Electrical Engineering student at the University of Washington. DX shack includes a National NC-120, BC-453 surplus rx, Hallicrafters SX-96 & S-40a, GE P780 portable, Sony TC-355 tape deck. General recorder and a 4' box loop complete the shack. DX foreign and domestic about equally but find foreign DX much more interesting. Totals: 1101/450, 42/38, 7/7, 38/21. Best cities: Mexico City 18/2, Seattle 15/6, Honolulu 12/4. Best countries: Mexico 54/10, Japan 17/10. Best veries: 3YW-1460, CFAY-1357, BBC-647, CKRW-610, WTVR-1380. Okay Bruce, enough of this ego tripping....My offer for free SC's is still open. Anyone who wants 30 or so please send 24¢ in U.S. or Canadian stamps and they're yours. Tangent (89.2152 degrees). (Congrats on 1,000, Bruce.-BJ)

Joel Brill - 16601 Marquez Ave. - Pacific Palisades, CA 90272

Happy Anniversary IRCA!!!!--and may you have many more. For those who haven't hrd from me in a while, an intro: I'm 16 and a senior at Palisades High School here. Other hobbies include ham radio--I'm WB6KYC--travel, beach bumming, and figuring the quickest way to graduate. DXing Equipment includes a Realistic TRF, a Panasonic AM/FM/Cassette console, and a Joystick variable freq ant. Any cassette tapesponders, or just anybody who wants to write, WRITE! Veries: KFXM KMJ KBUZ KOY KERN KEEN KNEW KGB KCRA KGOE all v/1. KCBS v/c KGO KGBS v/q. See you all in San Diego. 73 & PEACE.

Hi! For a reintro, I'm 16, a soph at Prospect High. DX set-up is an ARB rx with two 60ft longwires. The first is N-S and the other perpendicular to the first. Other ant. is an IRCA altazmith loop w/out an amp. My current totals are 906/43/7/30. My 43 state came in the form of WFEA-1370 in N.H. under KXLF SSB. Will the new San Jose member please call me at 408 253-0896 (or anyone else). Latest DX: KRCO, KFKA, KHAI, KELK, WFLA, KOPO, KQEO, CBA WAOK, WGY WOWO (under KEX) WKAR KIXX KDAC KCLS WDAF (under local KFRC) KRVN-880 KBLI KIRV KALG f/c, KCAS (on RS w/XED off, 2/20) KRDS KLIF WYZE (500w PSA) KTIP KBMI CHAT KGUY (ex KGOL) KCYN and WFEA-1370 (N.H.) 2:12 2/28 under KXLF SSB. (This material belongs in the Round-up, Mike.-BJ) Congrats go to the Seattle group on hearing KIVM, KDES, WOWO, KAIR, KFH, CMKP, WRVA, WCFL, KOAM, KEYZ and KVOG. I have a Hammerlund Super Pro army rx to sell for \$25 (you pay shipping) in good condition w/power supply. It covers 100-400 kc/s, 2.5 to 20 mc/s. For more info write me. I had a DX meeting 2/21. Only ONE person out of town came. He was Randy Cook. Is that what you call fellow IRCA members?? I just remembered, HAPPY ANNIVERSARY IRCA and 73's and gud DX, and that a NJ stn be hrd on the WC! (By me? Hi)

Glen Hobbs - 1072 Carolyn Ave. - San Jose, CA 95125

Well it's been six months since I sent in a Forum report. Because its been so long since my last report I might as well give a re-intro. I'll be 16 in one month, and go to Willow Glen High School. I'm a member of NRC, also. I joined at their last convention. Now I like to say a few kind words about the P.O. I AM FIVE BULLETINS OVERDUE!!! Third Class Mail service all of a sudden went thhhhhhhhhhh. The last bulletin I got, EVERY TIP IN THE DX CALENDAR WAS TOO LATE!!!!!! 2nd Class looks like its going to take the plunge also. My advice to all you prospective members and to prospective 3rd class renewals is to GO 1ST CLASS!!!! If you don't, the P.O. will give you the shaft. Those of you who will be experiencing 3rd class for the first time, I will give you my deepest codolensces. I think I'm mad enough to go out and beat up the mailman or sick my dog on him, hi. I'm interested in knowing how 3rd class mail service is on the EC. Did you guys get last years' bulletins yet, hi. And also how is 3rd Class for the NRC? I got Air Mail and that is starting to go bad. Well this is line 15, so Happy Anniversary IRCA. SCers who want KFRC, KLIV KEEN SC's pse write. 73s and good mail service.

Bill Harang - 811 Nevada Ave. - San Jose, CA 95125

Happy Birthday IRCA!!!! Hopefully there will be many more. Anniversary issues are commonly used for re-introductions. Since this an appropriate time to re-introduce myself, I will. I'm 16, and a sophomore at Willow Glen High School. I've been DXing since December 1968. Equipment here includes Lafayette HA-63A Communications Receiver and a Bigston BR-200 Cassette Tape Recorder. Totals: 403/84, 30/25, 5/4, 13/5. Recent DX includes KRIG XEB XEHL KMED KCVR KASA KELA KUPK KIVM KYSS KERP CJOR KOPA KAWT WNBC KOAD KBON KCKC XERH and KSTP. The KLUC DX Test was in here w/excellent signals on both 10kw and 500 watts. KXRX was off and ETing on 1/21. John Zondlo, where are you? Mail service via Third Class has been poor lately. I have not received the 1/29 DXM yet. The 1/22 bulletin arrived on 2/19. First Class Mail from Riverside takes only one day and is excellent. SCers, CMers, Bumper Sticker Collectors & Tapesponders are welcome. 73s and down with non-verifiers.

Credo A. Bisquera - 86-123 Kakaiapola St. - Waianae, HI 96792

I'm taking this opportunity to wish the Club "A Happy Anniversary!" Though I haven't reported in a long time, I'm still alive and DXing. For the newer members, a brief intro: I'm married with two girls and support my family as a school counselor. Though located on the wrong side of Oahu and surrounded by mountains, mainland domestics are my prime interest. My rigs are an HQ-140Y ARB and a DX-150. For portable use, I play with a Sony 812. Antennas are the RS Loop Kit, SM-1, and a home made 4' box loop with seven turns. Writing for veries is not my bag. Got my start in DXing via shortwave and was sold on BCB by Dr. Wood. I joined the IRCA in January '70. Hope to meet some of you members at future conventions.

Have been in the club for over a year now so guess it's time I sent a report. I'm 41 years old and am self-employed in a television sales and service business. I got started in BCB DXing back in 1946. I DXed for 1½ years and received a total of over 1100 verifications on a home built receiver in that period of time. Then I got interested in other things and didn't DX again until about a year ago. So after 25 years I don't think I will ever give up this great hobby again. I'm an equipment nut; present gear consists of two Collins 51J3's, a 51J4, a 390, a 390A, a Hammarlund SP600JX-17, an RBB-5, a Pierson K-81, six ARN-6 compass receivers, plus another half dozen or so misc. receivers. Frequency measuring equipment FR4-A, LR-1, BC-221-H....Tape recorders: AKAI, M-8, M-9, 355-D, plus a Mylovac cassette deck. I'm presently gathering materials to build my own "dream" receiver for the BCB. If any of you out there would like to have your questions answered about any of this gear just drop me a line. If you are ever in Yakima, Please Stop By. 73
Dave Christensen - 3434 39th W. - Seattle, WA 98199

Hello dear friends & happy birthday IRCA! The past year in IRCA has been extremely interesting, and I think the coming one should be even more so. For a short re-intro, I'm 17 and have been DXing since 1968 and in IRCA since January of '69. Will be traveling this summer w/my brother and former IRCA member Chuck Albertson in a VW bus, so will definitely be in SD. Bill Hardy & Mike Muench: Both the US & Canada (and Cuba & Mexico) are under the control of NARBA (North American Radio Broadcasters Assoc. or something) and NARBA assigns freqs for use as clear channels, regionals & local channels and how much power can be used on that freq (both max & minimum). Canada has been in some instances breaking the NARBA pact (like 10kwers on gy channels), but so has Mexico & Cuba. It isn't up to the particular country to decide on the classifications of freqs, but the country does control the licensing of stns on those freqs. NRC had good article on that. Congrats to SK on BBC-1214 v/q! 73's and keep truckin.

Paul Petersky - 512 167th N.E. - Bellvue, WA 98008

2-21 was MM of classic hysteria. Ironically the Seattle DXers behaved quite appropriately and some DX drifted in. For me, I bagged 14 new catches, incl. the Hawaiians on 970 and 1350. MM concluded with a case of the Asian flu (coincidental, tsk) and haven't tuned to the BCB for a few days now. I am sorely disappointed that the beverage plans are off. I was looking forward to the experience. Thanx Tom Sundstrom for card. I would like to know more about this S-9. Local headache KFKF will apply for 25kw increase. Also under new management, format and call letters are to be affected. Goodbye ZNS. Send off last of my foreign reports for this month. \$11.00 on six rpts is insane. How can some of these boys put out 50 a weekend? What an exasperating hobby. Seventy three.

Bill Hardy - 303 West 10th St. - Aberdeen, WA 98520

This is written March 1st as I leave southern Calif. for the great Northwest. That's a plug! Watch for my new science-fiction thriller, hi, titled "I Spent Three Nights in Toyland---and Lived!" DEE is a gracious host even if it isn't the Holiday Inn, hi. Also had the pleasure of visiting Bob Jacoby, Bill Powers, Grant Manning, John Kolb, Father Jack, Ralph Sanserino, yes, and even Bill Lipis. Anyone I missed didn't invite me by--but for that matter, neither did any of the above, hi! WELL--after seven years in radio, I'm right back where I started--I'll be doing weekends at KGHO-1560! Only this time, I'll get paid for it! (In 1965 I worked for the experience only.) This might develop into fulltime, and I'll be at home, and it's a good little stn, so I'm quite pleased that they'r letting me come back. So anyone who's waiting to write, this address is good for a while. Guess I've missed some past anniversary issues, but not this one, our EIGHTH. HAPPY ANNIVERSARY, IRCA!!! Please remember to double-space your reports and to have them here by Thursday, nine days before publication date. Also it's very difficult to read some reports that are written in all caps, primarily because I can't tell what you want capitalized. Thanx-BJ

Happy Anniversary to the IRCA! It looks like, despite all the trials and tribulations of the past few years, we're going to make it after all. Jerry Maule, in days of yore when I used to DX often (before I became President), I used to beat the MM sleepiness by napping all Sunday afternoon and part of the evening. Although most members never hear of it, they are fortunate indeed to have an extremely active Board of Directors. Every issue put before the Board usually evokes a letter along with the ballot card. We discuss and debate many of the Club's problems in the monthly BoD letters. The experience (and all BoD members are seasoned IRCA members) brought to each issue is invaluable to the Club. One more thing---more than anyone else in this organization, I possess the access to the machinery that translates ideas into realities. If you have a "brainchild", don't hide it in personal correspondence or DX gatherings. Bring it to my attention. Some ideas are good and some are not so good, but we'll never the value of your concept unless it is brought to somebody's attention.

Ken Horne - 2150 20th Ave. - Vancouver 8, B.C. CANADA

Greetings group. DXing recently has been limited mostly due to school, so not much new. Last week I received KUDY-1280 and KCFA-1330 to complete Spokane. KRVN was heard testing so maybe they're finally going to make it. Latest report on the CJJC move is that they will not be changing until the spring, or better weather. Apparently they were having too many problems in the mud at their new site. It also appears that the new station on 1470 is having trouble with financial backing. My totals are now at 521/120, not including taped veries. Most recent veries include WLAC-1510, KVOV-1280, and KIBE-1220. On 2-27 CHUB-1570 was off the air for most of the day and CKWX-1130 was off for 20 minutes. 73

A.Y. Papafingos - 151 E. Manfield St. - Riverside, CA 92507

HAPPY EIGHTH ANNIVERSARY IRCA! May it have many more anniversaries to come! DX has been second-classed lately because of school activities (midterms, essays, etc.). Plus we have our finals in the week of March 13-18. 2/8 I DXed some and logged KPUR-1440 w/local KPRO off.. Also heard KNBR & KBOI w/good to fair signals at NOON local time on the dates 2/3-2/8---STRANGE! I think Father Jack's Foreign Log Project is a good idea, for \$3-4 I would consider buying it. BRH, I like that sub-elite type you used in 2/5 DXM. As for GMT, I'm sorry it didn't pass for the domestic sections. New goodies in the shack: four foot inductive loop, two BAX-1 preamps, and a PI-Section antenna coupler/tuner. BAX-1 preamps are available from INTERNATIONAL CRYSTAL MFG., 10 N. Lee, Okla City, OK. ZIP is 73102 and the price is \$3.75 per kit; two xsistors, advertised "6 to 30 DB gain 20 Hz to 150.MHz." In my opinion it was money well spent. 73

Bob Jacoby - 556 E. Alvarado St. - Pomona, CA 91767

HAPPY ANNIVERSARY TO THE IRCA, and let's hope there will be many more for us. The club has had some internal disputes throughout its eight years but despite this we are producing the finest DX club bulletin in existence! In the next year everyone needs to focus much more on the many postive aspects of the club. My re-intro goes like this: I'm 25, single, and am employed as an Internal Auditor. I'm also doing graduate work in Political Science and Public Administration at Cal State, Los Angeles. I joined IRCA right before its first birthday in 1965. At that time the club was turning out some rather small bulletins in comparisan to our output now. Before joining IRCA, however I compared the bulletins of the two major DX clubs, IRCA being one of them, and concluded that IRCA was the better club. My opinion hasn't changed. Perhaps the biggest benefit of being in the IRCA, next to the wealth of DX info, is the many great people you get to meet. I have made many, many friends through the years of my membership. I hate to think I've made any enemies as editor. One thing to keep in mind that when I edit some material you include I'm not doing it as a personal affront to you, but I am just doing the job I volunteered for. As far as I'm concerned we're all friends and I'm looking forward to seeing you all in San Diego!

A Record Issue Though the membership of IRCA is not presently at record level (we're about 19 below record, give or take a couple), this issue marks the first time the club has ever run 46 stencils/pages in one issue. It had been hoped to get this issue out no later than 11 PM on Sunday evening 3/12/72. The postal rates change at midnight same night though the increase is only 1¢ per bulletin on those going 3rd class. Rather than sacrifice quality, we'll probably spend the extra \$1 and try to do a good job on this issue. It won't be the last 46-page issue but we won't be having them every week either, hi. Membership Committee is hard at work trying to increase membership to about 470 or 475; a goal we expect by May or June. Then we'll try to hold it there and, at the same time, increase the quality of DXM and the speed with which it is published.

CONGRATULATIONS TO NORTH AMERICAN SHORTWAVE ASSOCIATION Dan Ferguson (1521 Smith Rd., Apt. 7, Charleston, WV 25314) deserves congratulations and the thanks of the entire hobby for doing a beautiful job in switching NASWA to offset publication under the most severe emergency conditions. It is with sadness we report that Bill Eddings is once again in the hospital; get-well cards would be appropriate and should be addressed to Bill c/o NASWA, P. O. Box 989, Altoona, PA 16603. With Bill's sudden hospitalization, Dan took over the job of getting "Frendx" out for March 1972 and did an excellent job. NASWA becomes the 3rd North American radio club to go to offset. NASWA is exclusively SWBC, the only club of its type. The other offset publishing clubs are National Radio Club (strictly medium-wave DX) and SPEEDX (multi-band). NASWA was the first club to regularly publish photographs in the bulletin and is the only club that does so every month. If you would like a sample copy of Frendx by offset, it is suggested you specify you would like to see the new offset bulletin and enclose \$1 to pay the costs. Like SPEEDX, each issue is 2 oz., 48 pages. Yearly dues were \$10 FCM; it is not known if a change is expected. The bulletin is, naturally, monthly. Sample requests should be addressed to NASWA, Altoona, add. above.

CPC Results and flash tips Still more flash cards. Jim Boyd rpts KIWA 0356-0413 on 3/6 DX w/instr. mx and IDs. Temp. of 26° given. Also, KJET-1380 TEST ID hrd 0422 3/6. No tone, but OC. Father Jack Pejza rpts KUPK f/c for NRC 0217-0220 EST MM 3/6. And KGHL-790 f/c 0257 3/6. Alan Merriman rpts WOCB-1240 hrd poorly, many CW IDs, voice anmts barely readable over the mess. (NOTE: This was last minute DX for NADX which wasn't received in time for pub. Sheldon Swartz phoned in info but was told previous bulletin has gone out; he was going to mail info but forgot to do so until a day too late.) Al rpts that KUPK-1050 was not hrd; KIWA-1550 was in quite well, noted as early as 0253 with Latin beat music. Tom Sundstrom rpts KMMO not hrd and says that WFBR is apparently AN including MM; amncr said "welcome to AN Radio" at 0400. WERE-1300 Cleveland was not on. Quentin K. Brown rpts these two flash tips: CJTR-1150 has moved to 1140, now 10kw-D, lkw-N, NSP. And CFML-1110 is now on 1170, pwr increased to 10kw, daytime only.

Re ANARC News Mike Hardester comments on the ANARC news included by PRK at the bottom of his stencils in the 3/4/72 DXM, page 14. "The Spanish MW stns list from Benelux DX Club is a small booklet of MW stns in Spain. It contains the info mentioned in DXM but covers only AM & FM outlets in Spain; also, the list of clandestine stations from Radio Japan Club is a listing, ditto, of shortwave stations covering 4364-17770 kHz. It does lists the following BCB clandestine stns: Radio Bangla Desh (R. Pakistan Oriental), 870 w/10kw; and 820 (currently on the air) w/10kw, w/EE at 1415 GMT. The Voice of the Patriotic Sword Front (? , Vietnam by CIA) in Vietnamese at 0500, 0900, 1400 on 1537 kHz. The Voice of the Revolutionary Party for Reunification in South Korea w/Korean on 950 kHz. A Voz de Libertad (Voice of Freedom) in Algeria, Portuguese on 890 at 0015-0115 GMT on Sundays. German Soldier's Station, in East Germany, in German, Italian, Spanish, & Turk, on 935 kHz w/250kw. German Freedom Station, East Germany, same as above, on 908 kHz w/250kw. Only US stn listed is WGHP on 7285 at 0300-0330 GMT in EE w/R&R and anti-establishment anmts. QTH (location) unknown; presumed in Eastern or Midwestern USA...not hrd here. -Mike Hardester

Still more miscellaneous material on page 30; will this typing ever end? -DEE

March 11, 1972

Questions and Answers Editor Have a question about something technical? Have a problem with your receiver? Grant Manning, 4034 Ingraham St., San Diego, Calif. 92109, is the man to write. Enclose a SASE for reply; questions of general interest will be answered in DXM.

Denver CP for 1090 The FCC has granted approval for construction of a 50kw stn to serve Denver and Colo., federal records disclosed Wed., 2/23. 50kw is the max. AM pwr permitted; the only other 50kw stn in Colo. is KOA which was licensed in 1924. The new stn will be the first AM stn to be built in Denver in about 10 years. Proceedings seeking the new stn moved quietly and many Colo. broadcasters were surprised to learn of issuance of a max.-pwr license in the state. The stn's call letters weren't immediately determined, but the license applicants sought KOLO. The operation will be on 1090 kHz. Final federal approval came 2/16. FCC documents show that approval came after the applicants, Radio Colorado Corp., reached agreement with another applicant, identified as the Denver Unified Investors Group, which had sought to broadcast on the same frequency. -excerpted from Denver Post news clipping dated 2/23, submitted by Bill Nittler who notes, of course, that KOLO is already in Reno, Nevada, on 920 kHz. Note from this issue's Broadcasting Info; this station will be daytime only.

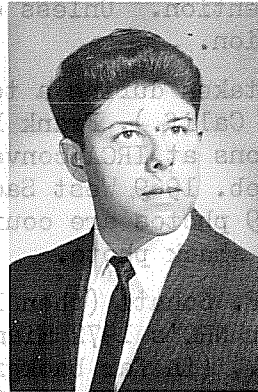

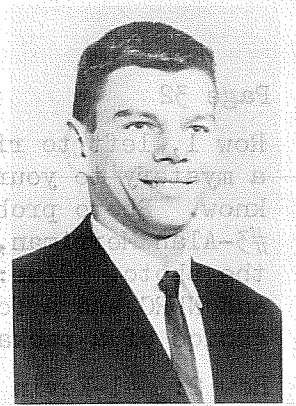

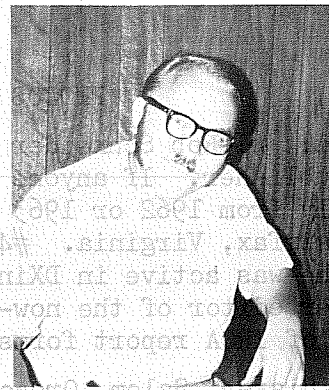

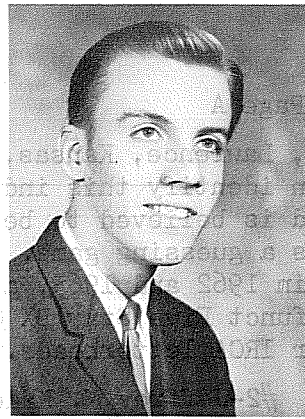

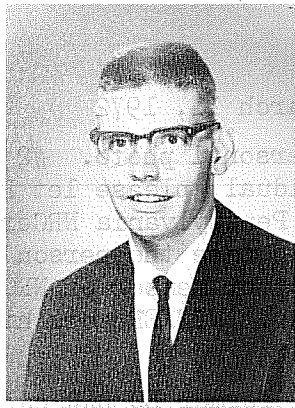

KHJ Wants XEGM out of California RKO General Inc., licensee of KHJ-930, Los Angeles, has asked the FCC to take away the authority of a Mexican AM facility to originate programming from a Hollywood studio due to allegedly illegal engineering practices. RKO has filed an opposition to the renewal of authority of Adolfo and Elias Lieberman to transmit program material from their Sunset Blvd. studios to Tijuana, BCN, Mexico, where it is broadcast over XEGM-950. The company (RKO) claimed that XEGM is violating a 1957 agreement between Mexico and the US authorizing it to operate with 2.5kw on 950 kHz, by operating with 10kw daytime and 5kw at night on that frequency. KHJ has repeatedly complained to the FCC that XEGM's operation with the higher power has caused severe interference to its own signal and the signals of several other SoCal stns. KHJ is on 930 w/5kw fulltime, employing dir. antenna at night. Since it increased its power in 2/69, RKO said, XEGM has caused distortion to KHJ's signal on a regular basis, largely through overmodulation. It argued that XEGM should not be afforded a studio in this country because it does not conform to the standards of good engineering practice. -from Broadcasting, Feb. 14, 1972, minus their typos, plus my typos, submitted by Bill Coleman.

Bill Coleman (Apt. B-2, 105 Salem Circle, Raleigh, N.C. 27609, adds that he would appreciate hearing from someone who can obtain some air checks of California stns. He's like to trade for some east coast air checks. Any speed, any track. Reel-to-reel or cassette. Write to Bill if you can help.

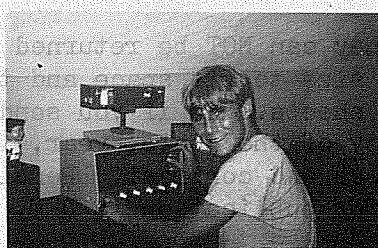

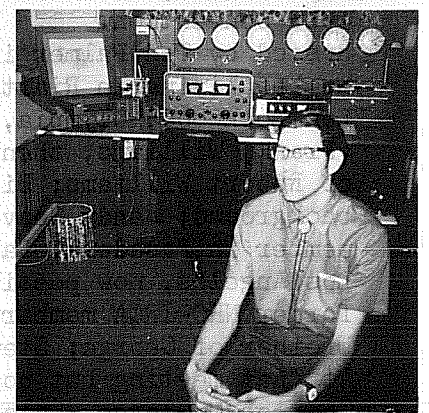

NEW MEMBERS!!! (continued from Page 1)

Alan F. Gibley - 7240 S. Ridge East - Madison, Ohio 44057 (via WBAP)
 Ron B. Gill - P. O. Box 666 - Downsview, Ontario, CANADA (via KSL & Al Sizer, ANARC)
 Mark W. Lewis - 209 W. Hazeltine Ave. - Kenmore, New York 14217 (via WKBW)
 B. C. Macholan - 1660 N. Oak St. - Wahoo, Nebraska 68066 (source unknown)
 Charles V. Pea - 1830 E. 75th Pl. - Indianapolis, Ind. 46240 (WRTH + Comm. Handbook)
 T. R. Peterson - 4143 N. 70th - Lincoln, Nebraska 68507 (via Communications World)
 Jim Ruecker - 923 East Lincoln St. - Hillsboro, Oregon 97123 (via KGBS)
 Paul Sidney - P. O. Box 815 - Sag Harbor, New York 11963 (source unk., presumably NRC)
 Harry Simpson - 4520 State Ave., Box 46 - Kansas City, Kansas 66102 (source unknown)

This list completes new members thru listings for 2/19 DXM. Further listings will appear as soon as information is compiled and alphabetized. Renewals and changes are likewise being held. This issue of DXM contains the first 4 pages of the IRCA Membership List corrected to March 1, 1972. Membership as of March 11, 1972, is roughly 348 dues paying members. And to answer an infrequently asked question, YES, all club editors and officers pay full dues, publisher included. The only club-paid exchange copy goes to ANARC to meet requirements of membership in same (Association of North American Radio Clubs). -DEE

SEP 66

March 11, 1972

Row 1, left to right: #1-Rob Schneider II, Lawrence, Kansas, personal photo. #2 is a mystery to your publisher. If anyone can identify this individual, please let DEE know. Photo probably from 1962 or 1963 and is believed to be a Pennsylvania NRCer. #3-Alan Merriman, Fairfax, Virginia. #4 is a guessing game. YOU name the person in the photo. Clue: he was active in DXing in 1962 and 1963, a former member of NRC and NNRC and a former editor of the now-defunct Five Star DX Club. WINNER gets his choice of a package of IRCA report forms or IRCA letterheads.

Row 2: #1-Kevin L. Slater, Salem, Oregon. #2-Jeffrey M. Kadet, former EC DXR editor, personal photo. #3-Larry Killeck, Vancouver, British Columbia. #1 and #3 were taken at the Vancouver 1970 IRCA Convention. Unless other specified, all photos were taken at the Toledo 1971 IRCA Convention.

Row 3: #1-XERB's old studios, taken during a tour at the San Diego 1965 IRCA Conv. #2-Johnnie T. Arthur (San Jose, Calif.), Frank B. Kennedy (Saratoga, Calif.), the originator of the idea of auctions at IRCA conventions, and Edward L. Krejny (Middleburg Heights, Ohio); taken at Feb. 1969 West Sacramento DX get-together hosted by Don Kaskey. All West Sacto 2/69 photos are courtesy of Saralie Bush Northam. #3-Ernie Wesolowski, Omaha, Nebr., shack photo.

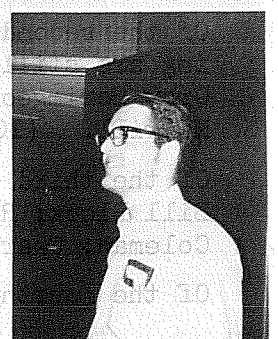

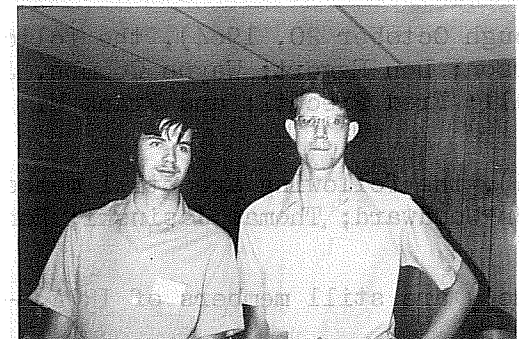

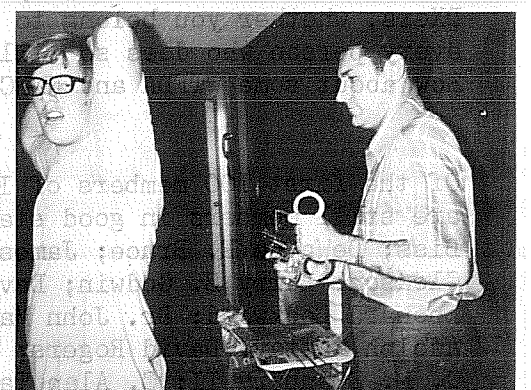

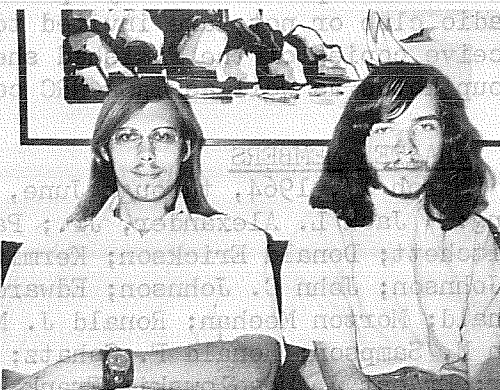

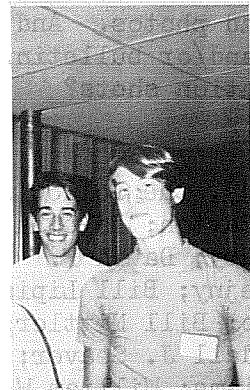

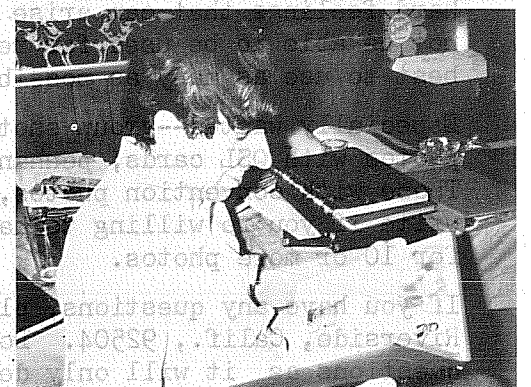

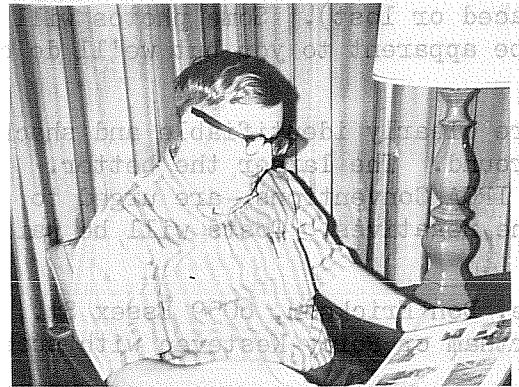

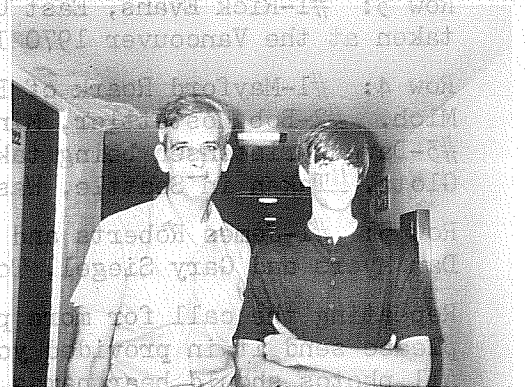

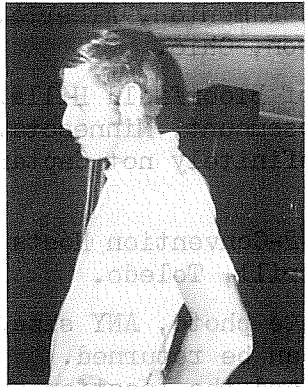

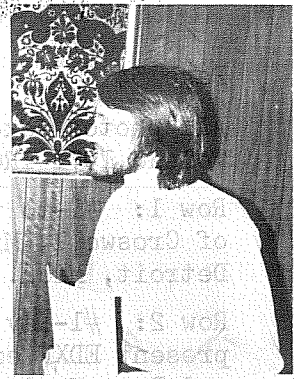

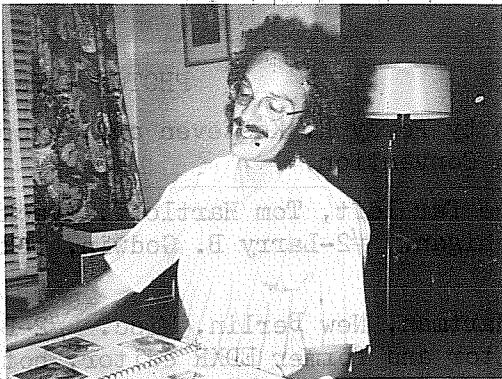

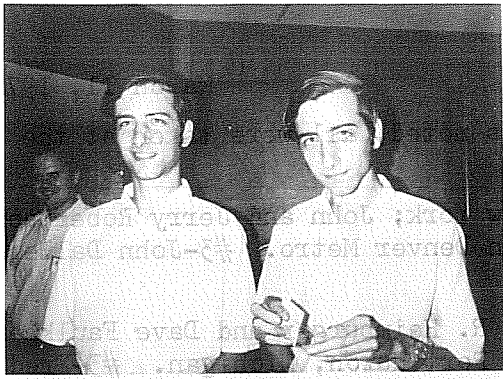

Row 4: Left to right: Ronald F. Schatz (then living in Vallejo, Calif., now in Miami, Florida, and the host for NRC's 1972 Miami Convention along with Richard Clark); Don Kenney, Santa Monica, Calif., (in far background); Philip L. Sullivan, Leominster, Mass.; Larry B. Godwin, Denver Metro; Randy J. Seaver, San Diego & Included Parts; Ray Hartman, New Berlin, Wisc. (on far side). Photo #1 was taken at the Hollywood 1968 Convention. Photo #2 was taken at the Sierra Madre, Calif., DX meeting hosted by Ted Palmer in September 1964. From L to R; unIDed behind Tom Scott, former member living in Rialto, Calif.; dan Sheedy, former member living in Encinitas, Cal.; Len Lockwood, Olympia, Wash., (in far background); unIDed directly behind Robert F. (Frank) Williams, then Lynwood, now Downey, Calif.; Ted Palmer's son standing in front of Robert Williams; Bill Willis, formerly La Crescenta, now Redding, Calif., to far background; Randy Seaver directly in back of Host Ted Palmer; George T. Junak, former member in Pasadena, Calif.; in back of George is Bob Coomler, former member, then in Los Angeles, now possibly at college in San Luis Obispo; John Boase, veteran DXer and former NRC-IRCA member, living then in Trona, Calif.; and, to far right, Steven Junak, brother of George; Steve is also a former member and is now married and living in ?? At that meeting but not pictured were Don Chittenden and his father, Ted Vasilopoulos, Charles McGeorge, Raleigh Biss, and others. Their photos will appear at a later date.

Row 5. #1-Dr. Richard E. Wood, Baton Rouge, La., shack photo. #2-Ken Romstadt, Toledo, Ohio, shack photo. #3-Toledo 1971 IRCA Conv. baseball game picturing Ken Romstadt, Percy R. Kesteven, Larry Abraham, Robert Kramer, and George Greene standing in back of Bob Hostettler

This is the first of several pages of photographs that will appear throughout the coming weeks, just as quickly as bulletin space, time, and money permit. For a relatively low cost, the club can run any and all black and white photos provided they are sharp and have good contrast.

IF YOU WANT TO SEE MORE PHOTOS in DXM, you can do it by either sending along photos you have of other DXers and of yourself or by letting me know that you have an interest in seeing the photographs. It costs too much money to run anything that doesn't interest the membership but if the interest is there, we can continue to provide the printing of the photos.

Photos can be of any size BUT they can NOT be returned under any circumstances. They will have to be cropped (cut to size to fit space and to use only the most pertinent portions) and pasted to make-up sheets. So if you send a photo, please put your name and address and the identity of the photo, year, location taken, etc. All must be black and white with good focus and contrast. Pencil or light pen OK on back of photo. Please send all photos for publication to DEE, c/o Toyland.

All photos taken by Percy R. Kesteven and, except as noted, all were taken at the Toledo 1971 IRCA Convention.

Row 1: #1-to the far left, Tom Hartloff, Nyack, New York; John and Jerry Robertson of Crosswell, Michigan. #2-Larry B. Godwin, taken in Denver Metro. #3-John Daller, Detroit, Mich.

Row 2: #1-Ray Hartman, New Berlin, Wisc. #2-Bruce R. Heimbürger and Dave Faulkner, present EDXF editor and former EDXR editor, both of Port Huron, Michigan. #3-Fred and Dave Hendricks of Decatur, Illinois.

Row 3: #1-Rick Evans, East Chicago, Indiana. #2-John Oldfield, Edmonton, Alberta, taken at the Vancouver 1970 IRCA Conv. #3-George C. Greene, Akron, Ohio.

Row 4: #1-Mayford Roark of Birmingham, Mich., and Larry Black of Bloomfield Hills, Mich. #2-Bob Hostettler, Minneapolis, and George B. Sherman, Rosemount, Minnesota. #3-Dave Christensen being taken prisoner by undercover agent, definitely not Captain Glotz. Taken in Seattle, Washington, 8/71.

Row 5: #1-James Roberts and Tom Palmer of Detroit, Michigan. #2-Convention Hosts Dan Myers and Gary Siegel, Toledo. #3-Convention Host Frank Merrill, Toledo.

Repeating the call for more photos: if you have a black and white photo, ANY size, please send it in provided you do not need it back. No photos can be returned. All photos should bear names, addresses, etc., of persons shown and the location and year taken. Photos that can not be used can not be returned (this to prevent any hard feelings that can arise when photos are misplaced or lost). Some photos will not be able to be used for reasons that might not be apparent to you but we'll do our best to use as many as possible.

Especially wanted--group shots where individuals are clearly identifiable and shack photos with QSL cards, pennants, etc. in the background. The larger the better. Those with convention photos, except 1970 and 1971 IRCA Conventions, are urged to write if you're willing to have copies made from the negatives. Costs will be paid for 10 or more photos.

If you have any questions, please direct them to me, Don Erickson, 6059 Essex St., Riverside, Calif., 92504. Do not write to Mike Northam or Percy Kesteven with such questions as it will only delay an answer.

Any particular individuals you want to see pictured? Any special conventions? All DXers, whether you belong to a radio club or not, are invited to send photos. And every person who does so will receive copies of the finished sheet and/or bulletin. How about some WTFDA and NNRC group photos as well as IRCA-NRC convention shots?

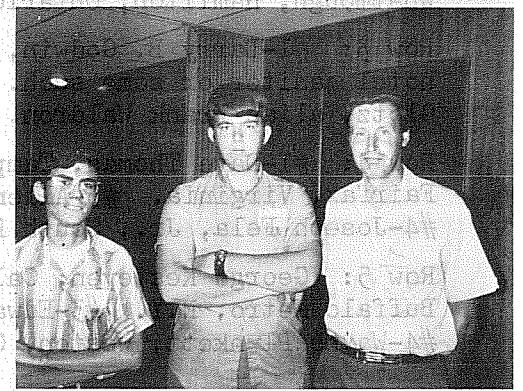

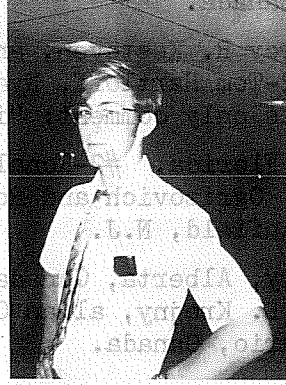

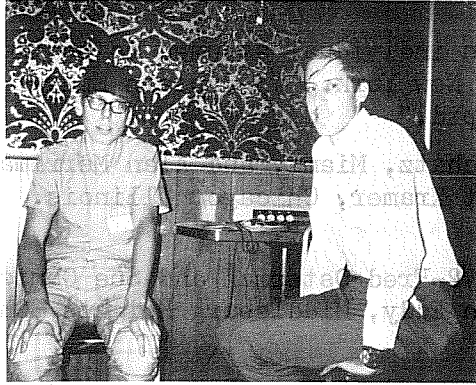

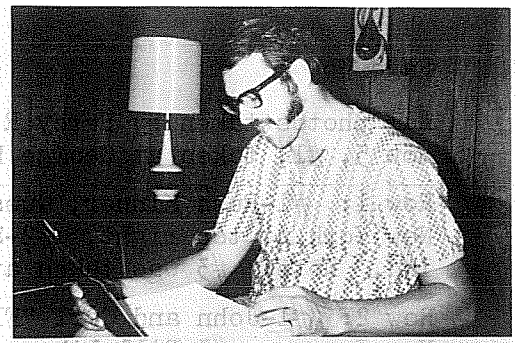

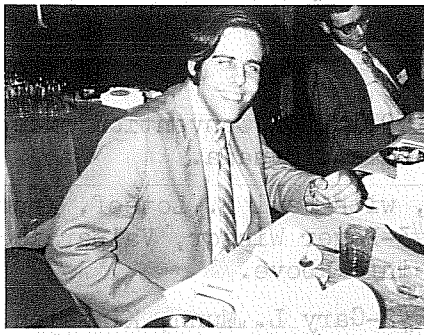

CHARTER MEMBERS

Of the first 100 members of IRCA (March 17, 1964, through June, 1964), the following are still members in good standing: Jack L. Alexander, Jr.; Park Barton; Raleigh Biss; DeWayne E. Bruce; James Critchett; Donald Erickson; Kermit Geary; David F. Gleason; Larry B. Godwin; David Johnson; John C. Johnson; Edward Krejny; Bill Lipis; Leonard Lockwood; Dr. John MacDonald; Morton Meehan; Ronald J. Musco; Bill Nittler; Adolph Rattay; David Rogers; John N. Sampson; Ronald F. Schatz; Randall J. Seaver; C. M. Stanbury II; C. Alan Taylor; Ernest J. Wesolowski; Frank Williams; William W. Willis; Michael G. Worst. (Total 29)

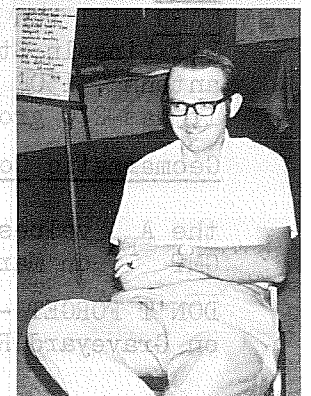

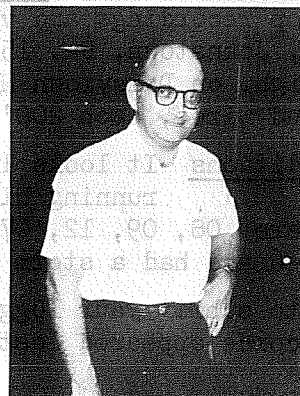

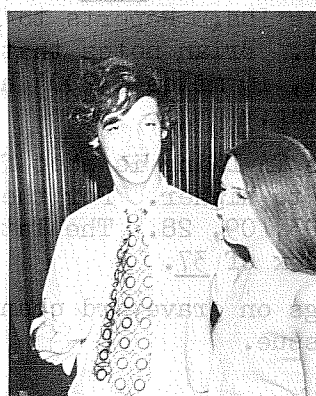

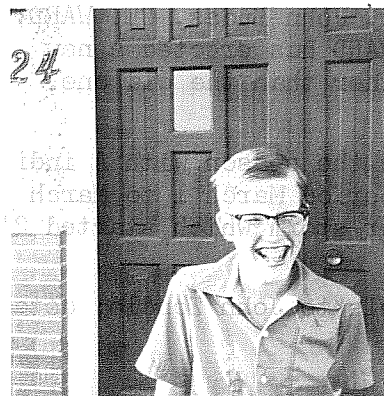

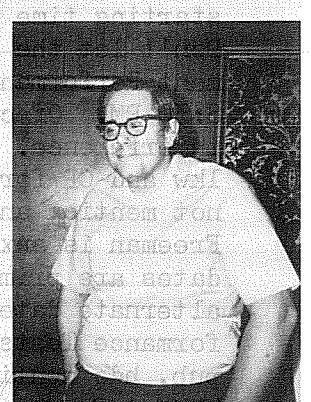

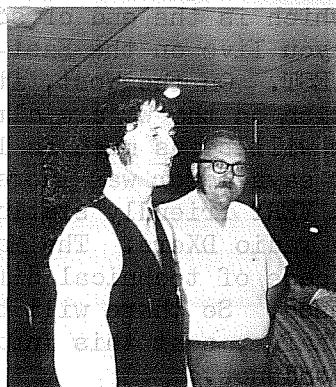

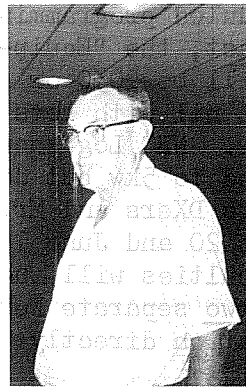

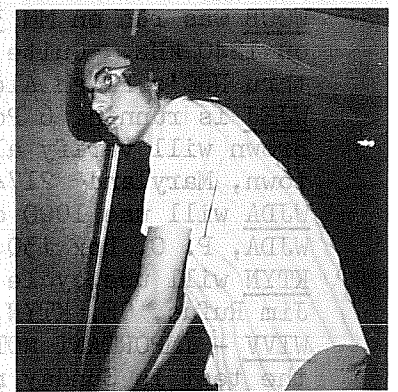

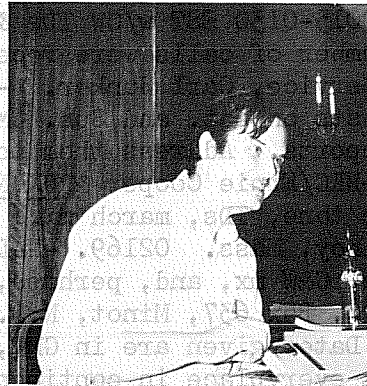

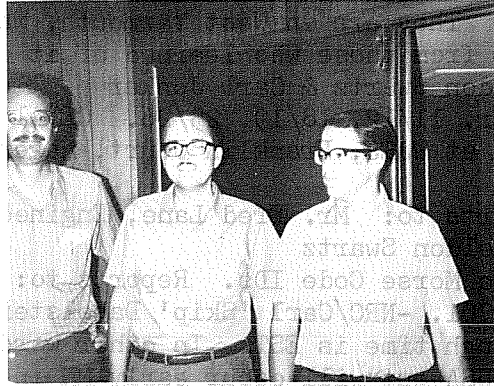

Of the second 100 members of IRCA (June, 1964, through October 20, 1964), the following are still members: Eugene Allen; Dewaine Anderson; Don Eggert; Wayne Coombs, Jr.; Gray Scrimgeour; Bill Hardy; David Prather; Greg Hall; Fred Precht; and Frank W. Merrill. (10)

Of the third 100 members (Oct. 27 thru Feb. 9, 1965), the following are still members: Bill Block; Robert Karchevski; Roger Winsor; Clayton Woodward; Thomas Jasinski; Ron Coleman; Charles Hrinko; John H. Oldfield. (8)

Of the fourth 100 (Feb. 16 thru June, 1965), 9 (nine!) are still members of IRCA. -DEE

GPC Write-ups - DX Calendar on Page 1

All photos taken by Percy R. Kesteven and all at Toledo 1971 IRCA Convention except Row 5, #1, taken at George Kesteven's house in Calgary, Alta., Canada.

Row 1: #1-Russ Kinner, Guest Speaker from WCWA, Toledo, with Paul S. Lotsof, Kenmore, New York at top right. #2-Steve Taaffe, Dayton, Ind. #3-Roger Winsor, Valparaiso, Ind. Note: #3 was taken at Roger's house, contrary to info above.

Row 2: #1-John and Carl "Flash" Junker, Dayton, Ohio. #2-Gary L. Munn, Kinnelon, New Jersey. #3-Bill Likens and Randy Minnehan, both Columbus, Ohio, and Dave Whatmough, Hamilton, Ontario, Canada.

Row 3: #1-Larry B. Godwin, Percy R. Kesteven, and an individual assumed to be the hotel janitor or some such. #2-Tom Hartloff, Nyack, New York. #3-Captain Ephram Glotz, alias Frank Waldron. His only comment: "insipid."

Row 4: #1-Dave Thomas, Tampa, Florida. #2-Ronald Schatz, Miami, and Alan Merriman, Fairfax, Virginia. #3-Allen W. Ogrizovich and Robert Kramer, Chicago, Illinois. #4-Joseph Fela, Jr., South Plainfield, N.J.

Row 5: George Kesteven, Calgary, Alberta, Canada. #2-Fred Osterman and Sue Gantzer, Buffalo Metro, N.Y. #3-Edward L. Krejny, alias Crain Eddy, Middleburg Heights, Ohio. #4-Wayne Plunkett, Weston, Ontario, Canada.

CPC Write-ups - DX Calendar on Page 1

WOCEB was run on MM 3/6 0015-0130 EST w/CW IDs & TT. They are in West Yarmouth, Mass. on 1240 kHz. Quite a number of calls were received from those who learned of it thru NRC's Flash Alert Service, Carl Junker. -Sheldon Swartz & Carl Junker

WJEJ is running 6 PoP tests on Sat. and Sun. AMs Mar. 11/12, 18/19, 25/26. CE Al Brown will verify all reports. Address them to him at WJEJ, Franklin Court, Hagerstown, Maryland 21740. -NRC/Ernie Cooper & DX NEWS

WJDA will use 1000 cycle tone, IDs, march mx. Reports to: Mr. Fred Lane, Engineer, WJDA, P. O. Box 130, Quincy, Mass. 02169. -NADX/Sheldon Swartz

KTYN will use cycle tone, C&W mx, and, perhaps, some Morse Code IDs. Reports to: Jim Rufus, CE, KTYN, P. O. Box 637, Minot, N.D. 58701. -NRC/Carl 'Skip' Dabelstein

WIVV - IMPORTANT NOTE - Dates given are in GMT, though time is EST. In other words, the test is Sunday night everywhere in continental USA but will occur early MM in PR which is on Atlantic Standard Time. The Engineer-in-Charge, Mr. E. L. Freeman, gave starting time as 12:30 AM AST (0430 GMT), which is the end of scheduled programming. Don't let the times/dates confuse you. If you live on the East Coast, the "Equipment Performance" tests will start at 2330 EST. On the West, it will be 2030 or 8:30 PM. Of course, the chances for reception on the WC are almost nil with lots of interference. But it is possible the power will be as much as 10kw. NRC Log shows 1kw and CP for 10kw. Their enclosed folder says power was increased to 5kw but does not mention an increase to 10kw. This is a VERY friendly station to DXers and Mr. Freeman is anxious to do his best to please radio DXers. The March 20 and June 19 dates are primary test dates. Only in the case of technical difficulties will the alternate dates of Mar. 27 and June 26 be used. So there will be two separate Performance Tests. Mr. Freeman, Engineer-in-Charge, sent this information directly to pub. hdq mentioning Tom McCormack's correspondence.

WMMM info appeared last week. KGRT likewise. KIMM also.

WARD will run pop recordings and voice IDs. Reports to Mr. John Lucas, CE, WARD, 341 Lincoln St., Johnstown, Pa. 15901. Brian notes that WARD has erected a new antenna, 150' high, on Daisytown Hill, 1½ miles & 200' higher than the old one. It has 240 ground wires, each 200' long.

Geomagnetic Conditions It looks like TA DXing is shot for the season with A indices running high to higher. For the period March 1 to March 7, the A_{FR} values are 08, 09, 12, 07, 03, 09, 28. The latter storm which started 2108 GMT on Mar. 6 and had a storm index of 37.

DON'T FORGET - to submit your loggings on graveyard channels to John Zondlo; details on Graveyard Records appeared last issue.

CONSTITUTION OF THE INTERNATIONAL RADIO CLUB OF AMERICA, INC. (Jan. 1972)

ARTICLE I - NAME

The name of this organization shall be the International Radio Club of America, Inc.

ARTICLE II - PURPOSE

The purpose of the International Radio Club of America shall be to promote the hobby of radio listening on the AM Broadcast Band.

ARTICLE III - MEMBERSHIP

Membership in the International Radio Club of America shall be open to anyone in any nation interested in the hobby of broadcast-band DXing.

ARTICLE IV - DUES

Dues in the International Radio Club of America shall be enacted on an annual basis, the amount to be determined by the appropriate governing body, to be known as the Board of Directors.

ARTICLE V - OFFICERS

The government of the International Radio Club of America shall be comprised of the following officers:

1. President
2. Secretary-Treasurer
3. Board of Directors (seven members)

ARTICLE VI - ELECTIONS

Elections for President, Secretary-Treasurer and Directors will be held every two years.

ARTICLE VII - CONVENTIONS

The one official international meeting of the International Radio Club of America shall be the annual convention.

ARTICLE VIII - AMENDMENTS

Amendments may be made to this Constitution by submitting a proposal in written form to the President of the International Radio Club of America at least 60 days prior to the beginning of the annual convention. To become enacted [as] an amendment, the proposal must receive a full hearing before the members assembled at the business meeting at the annual convention, and announcement must be made at that time to express the intent to have the full club membership vote on the proposal. In addition, to become enacted, a proposal must receive a two-thirds majority of the total club membership.

BYLAWS OF THE INTERNATIONAL RADIO CLUB OF AMERICA, INC. (Revised to Jan. 1972)

ARTICLE I - NAME

The name of this organization shall be the International Radio Club of America, Inc. and the official abbreviation IRCA may be used in referring to this organization.

ARTICLE II - PURPOSE

The purpose of the IRCA shall be to promote the hobby of radio listening on the AM Broadcast Band, 510 to 1630 kilocycles.

ARTICLE III - ELECTION OF OFFICERS

Section 1 - Frequency of Elections; Term of Office

Regular elections shall be held in odd-numbered years to elect the officers listed in Article V of these Bylaws, including the Chairman of the Board. All terms of elective office shall begin at 0001 Mountain Local Time, on September 15 of odd-numbered years (or, in case of replacements, at 0001, Mountain Local Time, on the date of the DX Monitor in which the results of elections are announced), and shall expire at 2400, Mountain Local Time, on September 14 of odd-numbered years.

Section 2 - By Whom Elected

Part 1 - The President and Secretary-Treasurer shall be elected by the membership-at large. Each member in good standing shall have one vote for each office.

Part 2 - The seven members of the Board of Directors shall also be elected by the membership-at-large. Each member in good standing may vote for seven of the candidates seeking Directorships.

Part 3 - The Chairman of the Board of Directors shall be selected by the Directors on the Board in accordance with Article III, Sec. 6.

Section 3 - Eligibility to Hold Office

Any member in good standing, regardless of where he lives, shall be eligible for regular election to any office provided he has had one year's continuous

membership in the IRCA as of April 15 of the election year. For purposes of special elections, the requirement shall be one year's continuous membership as of the effective date of vacancy of the office in question, such date to be determined by the President. It is not necessary for an eligible member's name to be printed on a ballot for him to be elected.

Section 4 - Authority for Elections

The Election Committee Chairman (ECC), appointed by the President and confirmed by the Board, shall handle all aspects of all elections of officers, whether regular or special, with complete authority.

Section 5 - Regular Elections; Procedures and Dates

Part 1 - The President shall be responsible for announcing in the DX Monitor full details concerning the upcoming elections approximately February 15 of election year.

Part 2 - Nominations shall be open for President, Secretary-Treasurer, and the seven members of the Board of Directors from March 1 through April 15. Only one nomination each for President and Secretary-Treasurer, and only seven nominations for the Board, shall be allowed each IRCA member. All nominations must be submitted in written form to the ECC by April 15.

Part 3 - As soon as possible after April 15, the ECC shall send to the Secretary-Treasurer a list of all nominees. The Secretary-Treasurer will return the list to the ECC as soon as possible, indicating which nominees have been members in good standing for the required one-year period.

Part 4 - The ECC shall notify by letter all eligible candidates concerning their nomination by May 1. Each letter of nomination shall contain the names of all eligible members who have been nominated for the particular office in question. Such letters must stress that the nominee must reply in writing if he accepts the nomination, and each such letter must request from each nominee a campaign statement, not to exceed 15 stencil lines, to appear in a June issue of the DX Monitor. However, a nominee is not required to submit a campaign statement provided he has duly notified the ECC of his intention to run for office. An IRCA member may be nominated for more than one office, but he must decide for which he prefers to run and so notify the ECC. A nominee who has indicated his intention to run for an office may not be considered as a write-in candidate in the same election.

Part 5 - All letters of acceptance of the nomination, and all campaign statements, must reach the ECC by May 20. The ECC shall prepare the ballot and the campaign statements and submit them to the Publisher by June 1. Ballots shall contain spaces for write-in candidates.

Part 6 - Ballots and the campaign statements are to be mailed to all members with a June issue of the DX Monitor.

Part 7 - The deadline for receipt of ballots by the ECC shall be August 1.

Section 6 - Election of the Chairman of the Board

The ECC shall ballot the Board of Directors soon after each regular election to determine the Chairman of the Board, who will be the spokesman for the Board and will be responsible for assuming the President's office in case it is vacated during the current term. In the event the Chairman of the Board becomes club President, he shall be required to resign his Board position. No election to determine a new Chairman of the Board shall be required due to a change in the composition of the Board during the current term.

Section 7 - Special Elections of Officers

In the event the Secretary-Treasurer, the Chairman of the Board, or a regular Director on the Board resigns, or in any other circumstance requiring a special election of officers, a special election shall be conducted as soon as possible by the ECC, in accordance with the relevant procedures outlined above. If advisable, the various deadline dates fixed in Article III, Section 5 shall be altered by the ECC, but the relative timing of the various procedures will be retained.

Section 8 - Determining Winners

The seven eligible members who receive the most votes cast shall be deemed winners during a regular election of the Board of Directors. In all other elections, whether regular or special, the eligible member who receives the most votes cast shall be declared the winner.

Section 9 - Ties in the Balloting; Insufficient Nominees

Part 1 - In the case of a tie in the balloting for President or Secretary-Treasurer, the Board of Directors (to be polled by the ECC) shall break the deadlock. In the case of regular elections, such deadlock shall be broken by the newly-elected Board members.

Part 2 - In the case of a tie in the balloting for the Board of Directors, a run-off election among the persons who tied will be executed immediately by the ECC. In the event there is a tie in the run-off election, the elected members of the Board shall determine the winner. A deadlock in the Board voting shall be broken by the President, or in the event his office is vacant, by the Secretary-Treasurer.

Part 3 - In the case of a tie in the balloting for the Chairman of the Board, the President (or in the event his office is vacant, the Secretary-Treasurer) shall cast the deciding vote.

Part 4 - In case no persons are nominated to fill the office of President or Secretary-Treasurer, or in case fewer than seven eligible members are nominated to the Board of Directors, and no eligible write-in candidate(s) is (are) declared the winner(s), the Board shall select the officer(s) in the best manner they see fit.

Section 10 - Announcement of Results of Elections

The results of all regular and special elections shall in all cases be announced by the ECC in the DX Monitor within 30 days after the deadline for receipt of ballots. If it may be done in a timely manner, the election results shall first be announced by the ECC or his appointee at the annual business meeting.

ARTICLE IV - DUES

Dues will be collected on an annual basis and the amount will be subject to change by the action of the Board of Directors. The Secretary-Treasurer will be in charge of collecting dues.

ARTICLE V - OFFICERS AND DUTIES

Section 1 - Officers

The government of the IRCA shall be comprised of the following officers: President, Secretary-Treasurer, and seven members of a Board of Directors.

Section 2 - Duties of Officers

Part 1 - President

- a. Shall preside at all official club functions, including the annual business meeting, when in attendance. If he is not to be present at an official club function, he will, whenever possible, appoint a member who does plan to be present to preside at the official club function; this appointment is not subject to Board approval.
- b. Shall be responsible for protecting the reputation and dignity of the IRCA, and promote and administer the affairs of the club to the best of his ability.
- c. Shall, with the approval of the Board, have the power to bring reprimand and revocation proceedings against any member who he deems is not adhering to the rules of the organization; he must submit in written form any findings to the Board for their action.
- d. Shall have the power to appoint the chairman of any committee, with the advice and consent of the Board of Directors.
- e. Shall have the power to remove a chairman of any committee for neglect of duty; this action must in turn be approved by the Board.
- f. Shall have the authority to act on any suggestions or proposals, making any recommendations if he so desires, but also submitting the primary proposal to the Board of Directors; any action on a suggestion or proposal is subject to the final approval of the Board.
- g. Shall have the power to vote on any proposal that does not receive a majority decision by the Board of Directors during the contemporary administration so as to break any deadlock that would result.
- h. Shall not have the power of pocket veto.
- i. Shall be responsible for the inclusion of the complete IRCA Constitution and Bylaws, as amended during the previous year, in one of the summer issues of the DX Monitor each year.
- j. Shall be responsible for reporting the results of voting by the Board of Directors in the DX Monitor; such reports to be made by the time a ballot is

circulated among the membership dealing with matters that were presented to the Board for decision.

- k. Shall, in September of each year, request the Board to re-confirm the appointment of each Editor and Committee Chairman currently serving the club. Such request will be accompanied by the President's recommendation concerning each individual, based on a review of the past year.

Part 2 - Secretary-Treasurer

- a. Will be in charge of collecting all dues for membership and membership renewal.
- b. Shall issue IRCA membership cards.
- c. Shall keep an up-to-date list of all members.
- d. Shall keep a complete financial record of all monies received and spent.
- e. Shall submit every six months a condensed financial statement to the Board for their examination, and, at the time of said submission, shall present the statement to the membership through the official club publication. The financial statement of the club must be approved by the Board of Directors before publication in the DX Monitor.
- f. May, with the consent of the Board, appoint members to assist him in some of the bookkeeping work.
- g. Shall be responsible for recording and filing minutes of the annual business meeting. In his absence at the business meeting, he shall appoint another member to record said minutes.

Part 3 - Board of Directors

- a. Shall be responsible for protecting the reputation and dignity of the IRCA, and promote the affairs of the club to the best of their ability.
- b. Shall have the final power in ruling on any club affairs, suggestions, proposals, recommendations, or findings submitted by the President; the Board shall have the power to present legislation and findings as well as make rulings.
- c. Shall not have the power to appoint chairmen of the various committees, contest managers, publishers, or editors, but shall have the power to confirm their appointment.
- d. Can conduct most of their business by mail, but if five are present during an annual convention, a quorum for business shall be said to exist.
- e. Shall have the power, if they deem it necessary, to call for a special election to submit a major issue to the membership -at-large; the Election Committee then will handle all aspects of the special election.
- f. Shall have the power to submit a question to the vote of those present at the annual business meeting with a simple majority of those voting prevailing.
- g. All decisions of the Board of Directors, including the names of the Directors voting for and against each proposal, must be published in the DX Monitor as soon as possible after the decision is made. No member shall be held responsible for such decisions until they are made public through the DX Monitor.
- h. All members of the Board shall submit to the President their votes on all proposals no later than 3 weeks after the mailing of the proposals to them by the President. All votes not received within the 3 week period will be considered abstentions from voting by the member(s) in question.

Section 3 - Replacements

Part 1 - If an IRCA officer's membership in the IRCA expires during the current term and he fails to renew it within two weeks, he will be deemed to have resigned his position.

Part 2 - Should a Director on the Board fail on two successive occasions to communicate to the President his vote on club business within the period prescribed in Article V, Section 2, Part 3 of these Bylaws, he will be deemed to have resigned his position.

Part 3 - Should the President resign, the Chairman of the Board will immediately assume the Presidency for the remainder of the current term.

Part 4 - Should the Secretary-Treasurer or any Director on the Board resign, a special election shall be conducted as soon as possible in accordance with the procedures outlined in Article III of these Bylaws, provided at least six months remain in the current term. In the event the Secretary-Treasurer resigns, the Chairman of the Board shall assume his duties on a temporary basis until the new

Part 4 (Cont'd) - officer is elected by regular or special election.

Part 5 - Should the Chairman of the Board resign, a special election among the Board of Directors shall be conducted immediately in accordance with the procedures outlined in Article III of these Bylaws.

ARTICLE VI - PUBLICATION

The official publication of the IRCA shall be known as DX Monitor. It shall be issued 34 times each year, except in cases of emergency. With the permission of the Board the number of issues may be changed. DX Monitor will normally be published beginning with the first Tuesday in October, up to and including the last Tuesday in March, twice in April and September, once in May, June, July, and August.

ARTICLE VII - COMMITTEES

The Board of Directors may, from time to time, establish various committees to carry on the activities of the IRCA. The Board shall have the power to establish guidelines and policies relative to the functions, operations, and authorities of any committee, but, in all other respects, committee chairmen shall have complete authority over the operations of their committees. For purposes of these Bylaws, the editors and publishers of the DX Monitor and any official agents of the IRCA are considered to be committee chairmen.

ARTICLE VIII - CONVENTIONS

Section 1 - Annual Meeting

The annual meeting of the IRCA shall be held in conjunction with the annual convention for purpose of presenting the reports of officers, committees and boards, and such other business as may lawfully come before the meeting.

Section 2 - Special Meetings

Special meetings of the IRCA may be called at any time by the Board of Directors on its own motion, and must be called by the Board of Directors on petition of at least 10% of the membership. Such meetings shall be held at such times and places, either within or outside the state of Colorado, as the Board of Directors or petition herein specified shall determine.

Section 3 - Convention Location

The Board of Directors shall solicit during September of each calendar year bids submitted by those wishing to host the annual convention. The Board shall subsequently cause a special election to be held among the members to select the convention site and date. Such special election shall be conducted during the final third of each calendar year. The Board may, on its own motion, determine any bid made as unqualified prior to the special election. Each site deemed qualified by the Board of Directors shall be allowed to print a statement of thirty lines in the DX Monitor promoting their bid. Such statements shall be printed in the issue which contains the ballots for the election of the convention site.

Section 4 - Voting

Each member shall have one vote on each and every matter submitted to a vote of the members. At all meetings except as otherwise provided by law, the members entitled to vote who are present shall constitute a quorum. All action except as otherwise provided by law, by the IRCA's Constitution or bylaws, shall be by majority of those members present and voting. Presence and voting by proxy may be allowed at the discretion of and in accordance with rules prescribed by the Board of Directors.

ARTICLE IX - SUGGESTIONS AND PROPOSALS

All suggestions and proposals shall be submitted to the President in written form, who will then submit them to the Board for action (along with any specific recommendations he may care to make). The final decision as to any action to be taken rests with the Board of Directors. A proposal that receives more "yes" votes than "no" votes will be considered passed. A proposal which is related to the activities of an IRCA committee or the club Treasury will first be submitted to the respective Committee Chairman or the Secretary-Treasurer for his recommendations, which will subsequently be submitted to the Board along with the primary proposal.

ARTICLE X - IRREGULARITIES, REPRIMANDS, DISMISSALS

Section 1 - Irregularities

Any irregularity of club policy must be brought to the attention of the Board of Directors and the President. A statement of the irregularity and the member or members charged must be made in written form and must bear the signature or signatures

of the members making such charges, and shall be submitted directly to each Director and the President; all shall determine any action which shall be taken.

Section 2 - Reprimands

In case of irregularities, the IRCA President must, with the approval of the Board, issue a letter of reprimand, to be sent by registered mail, to any officer or member of the IRCA, clearly stating the nature of the offense and the proper means of rectifying said offense.

Section 3 - Dismissals

If the nature of the offense is serious enough to cause further action than a reprimand the President must, with the final approval of the Board issue a letter or letters clearly stating the nature of the offense and that dismissal proceedings are being taken. The aforementioned letter(s) are to be sent by registered mail, return receipt requested. A sufficient amount of time must be allowed for the accused to answer the serious charges. If the reply is not forthcoming or if it does not meet with the satisfaction of the President, a letter or letters of dismissal may be sent with the final approval of the Board of Directors, removing the membership of the accused.

ARTICLE XI - REFERENDUM/INITIATIVE

If a member cannot get action on a proposal in the prescribed manner, he can submit a petition bearing 20% of the signatures of the club membership to the Election Committee to effect a special election on the matter. This pertains to matters other than those concerning the contents of these documents.

ARTICLE XII - RECALL

If a petition is presented to the Election Committee bearing the signatures of 20% of the members asking for the removal from office of the President or Secretary-Treasurer, the Committee shall call a special election at which the membership will be able to vote for or against such removal. If the removal of the officer is approved by 75% of the members voting, the office shall be declared vacant. If a petition is presented to the Election Committee bearing the signatures of 20% of the members in a certain Region asking for the removal from office of the member of the Board of Directors from that Region, the Committee shall call a special election at which the members in that Region will have the opportunity to vote for or against such removal. If the removal of the representative is approved by 75% of the members voting in that Region, the office will be declared vacant.

ARTICLE XIII - AMENDMENTS AND CHANGES

These Bylaws may be amended by the submission of a By-Law amendment in written form to the President. He, in turn, must submit the proposal to the Board for consideration. With the approval of the Board, the proposal is then submitted to the Election Committee who shall arrange a special election. A proposed By-Law amendment petition containing the signatures of 20% or more of the membership must be presented by the Election Committee to a vote before the entire membership. To be enacted as an amendment, the proposal must receive a simple majority of those members voting. An amendment to the Bylaws goes into effect immediately after its adoption, unless the proposal to adopt specifies a date for its going into effect.

ARTICLE XIV - RATIFICATION

The ratification of a 2/3 majority of those members voting shall be sufficient to establish these Bylaws and Constitution as the official documents of the International Radio Club of America, Inc.

Respectfully submitted,

Rev. Feb. 1, 1972

(4.2-53)

Michael B. Northam, Past President

The IRCA Constitution and Bylaws are hereby included in the 8th Anniversary Issue of DX Monitor, dated March 11, 1972. Extra copies are available from IRCA Publisher Don Erickson, 6059 Essex St., Riverside, Calif. 92504.

Proposals to change the IRCA C&BL should be submitted with original and 7 copies to the IRCA President. See front page of DXM for his name and address. If you have ideas, the IRCA President will be pleased to discuss them with you.

Editor: Father Jack Pejza, 3266 Nutmeg St., San Diego, Calif. 92104. Deadlines: March 10, 17, 31, April 14. Telephones: 714-282-0076 or 714-282-2184. Use GMT (EST + 5 hours) in reports, one side of page, preferably typed in order of frequency and by section.

To re-introduce myself in this anniversary issue, I as a Catholic priest teach Earth Science and Chemistry at St. Augustine H.S. I began DXing in 1967, switched to BCB in 1968, and became editor of DXWW in 1969. For the past 3½ years, I have spent an average of about 3 or 4 hours a week typing up stencils. I have learned a great deal about foreign DX in this time, and now I concentrate on foreign DX whenever I start to spin the dials, recently on Monday mornings only. Current projects include preparation of the IRCA Foreign Log, an article on the ionosphere which should appear shortly, preparations for the 1972 IRCA Convention to be held here in San Diego from June 30-July 3, and assisting Jay Murley in coming up with outrageous satires which, recently at least, have not graced the pages of DX Monitor. Current totals (heard/verified) are: Countries 40/23, states 39/34, provinces 6/5, total foreign 203/45, grand totals 623/223. Best foreign verie probably is 3YW-1460; best domestic KFCB-1380. On the basis of power and distance, best verie is CBXQ-540, with 40 watts at 1000 miles, although 3YW with 2 kw at 6815 miles runs a close second.

Week of Feb. 23-29 6 24 12 6 4 5 1

Listeners' Loggings--Pan American

- 650 XETNT Mexico, Los Mochis, Son. in with mentions of Los Mochis and a "La Voz de ..." ID 0240 2/25. (FJP,W)
- 660 HCLG2 Ecuador, Guayaquil, Radio Carrousel indeed on its nominal frequency for a change, as noted 2/28 at 0856 with ID, Coca Cola Ad. (GH,G)
- 740 YVNC Venezuela, Maracaibo all alone and excellent 0125 2/25 with auroral conditions eliminating CBL; heard several "Radio Maracaibo" IDs. (JMP,E)
- 740 HJCX Colombia, Cali, in fade of YVNC, heard "Radio Sutatenza" ID 0155 2/25; CBL in auroral conditions. (JMP,E)
- 750 YNX Nicaragua, Managua fair with ID in SS over WSB 0400 2/27. (KDF,C)
- 760 ??? UnID S3 in the clear with EE and SS rock 1230-1250 2/27. Seemed to give 2 IDs ... a few seconds apart, sounding like Radio Segulpa and Radio Soventa or something vaguely similar. Nothing close listed...maybe XEABC with changed slogans and format? (BP,W) (The same one I heard last week?)
- 810 HJCY Colombia, Bogota, strong with SS all evening 2/27 with WGY gone. (KDF,C)
- XE.. Mexico Who is the Mexican here using "Radio Variedades" ID, and mentioning Sonora? (RS,W) (XERSV, Ciudad Obregon, Sonora, according to the RFS 1971 Mexican list. Ed)
- 820 HJED Colombia, Cali, poor with WBAP nulled 0200 2/27. (KDF,C)
- 834 ... British Honduras, Belize very strong with ID at 0230 2/27 during aurora. (KDF,C)
- +Seems to come in best after 0200 Sundays with rock music and dedications. (SAM,C)
- 850 HJKC Colombia, Bogota fair with KOA nulled 0330 2/27. (KDF,C)
- 860 XEMO Mexico, Tijuana, B.C. good with ID and religion 0900 2/21. (KDF,C)
- 880 TGJ Guatemala, Guatemala, Radio Nuevo Mundo noted on 2/25 with many ads and clear IDs with standard LA pop music and some marimba music. Noted from 0237-0247 with WCBS nulled out; WCBS in very poor anyway and this station almost dominated the frequency. (GWJ,E)
- 1050 XEG Mexico, Monterrey, N.L. noted 2/28 0845; XED off for a change. (FJP,W)

Congratulations to Walt Breville for a well-written very funny article in last issue. My only comment is that it appeared a month too soon--it should have been in the April 1 issue. Why is it other people's satirical material appears, while my feeble attempts always seem to get cut?

- 1100 XERCN Mexico, D.F. probably the one heard with KFAB nulled 0130 2/27. (KDF,C)
+Harmonic most prominent on 2220 in Mexico City; unusual for a 50 kwer
to be so sloppy. (GH,C)
- 1160 HJCK Colombia, Bogota, poor with KSL nulled 0420 2/27. (KDF,C)
- 1185 HJGK Colombia, Bucaramanga, Radio Santander only Colombian noted on this fre-
quency or vicinity 2/28 at 0805 with "Somos RCN---la cadena de oro de
America" plug, listing several stations including Radio Buenaventura,
Radio Mira, LV de Gran Colombia; 0928 RCN ID, 4:31 TC, but no local ID;
0959 another long affiliate list; 1032 ending farm talk, supplied as
transcription from a foreign embassy; single ID as Radio Santander, Bu-
caramanga, HJGK. (GH.C)
- 1204x??? UnID, came on hetting 1205 station with OC; still so at 1005; but at
1009 retune 2/28, music already on; at first equal strength to 1205 but
now weaker. (GH.C)
- 1205x HJCD Colombia, Fusagasuga, Radio Nueva Epoca, 2/28 0930 LA music, 0936 OC,
0941 cut-off for 30 seconds, then music; 0957 segue right into Colombian
NA; 1010 plug for "1972--ano de la produccion agrotecuararia" en Colombia,
1015 sort of s/on giving date; ID in passing. (GH,C)
- 1500 XERH Mexico, D.F. fair with ranchera music and "Radio Tricolor" ID through
looped KXRK 1200 2/27. (BP,W)
- 1540 ZNSL Bahamas; Nassau, as everyone else has been saying, is good with classical
type music after KXEL s/off MMs at 0730. (SAM,C)
- 1550 XEBG Mexico, Tijuana, B.C. noted off 2/24 around 2100. Still off 2/25 0300
with XEGM and XEPRS at noticeably lower power levels; probably a power
outage in Baja. Came back on around 0400 strong as ever. (BH,W) (That's
when we were together at Grant Manning's, Bill; XEMMM-800 also off. Ed)
- 1580 HJ?? Colombia, Barranquilla area station atop the frequency at 2340 2/25.
Also presumably the one heard later that night and on the previous eve.
Wh?? (CMS,E) (HJQZ, Soledad listed in WRTH'72 is in a suburb of Barran-
quilla. Ed)

Trans-Pacific, Down-Unders, and other goodies

- 725 ... North Korea, Kimchaek 2/27 1320 with female in KK. (RS,W)
- 750 JOIB Japan, Sapporo 2/27 1310 with male in JJ. (RS,W)
- 760 ??? UFO 2/27 1345 male in CC, maybe? Poor with noise. (RS,W) (China is
listed. Ed)
- 770 JOUB. Japan, Akita 2/29 1325 with male in JJ. (RS,W)
- 820 ??? UFO 2/29 1340. soft talking female, no sound like CC, also a very weak
SS here. (RS,W) (Lotta things here...Ed)
- 830 JOBB Japan, Osaka 2/25 with ID, music and pips 1400; 2/27 with ID at 1240.
(RS,W)
- 835 ... China, Nanchang 3/1 1405 with music and talk. (RS,W)
- 890 JO.. Japan 2/29 1400 with pips. Is JOHK still here, FJP? (RS,W) (Yes, accor-
ding to WRTH'72. Ed)
- 890 5AN Australia, Adelaide in like a ton of bricks with MoR music and 6 pips
at 1300 2/27. Strange they'd have pips then as they're on GMT+9½ hours,
implying they'd have them at x:30 instead. (BP,W)
- 1529 ... Het noted against KFBK for the upteenths time 1345 2/27. If it's the
Russian, they did a good job coming in during strong auroral conditions.
(BP,W)

Verifications

- 800 PJB Netherlands Antilles, Bonaire, verified with QSL card, sked and religious
pamphlet in ten days airmail. (SAM,C)
- 834 ... British Honduras, Belize, QSL card in ten days airmail, mint stamps
enclosed. (SAM,C)
- 1035 4VEF Haiti, Cap Haitien, QSL card folder with complete details, plus a letter,
sked and religious pamphlet in 19 days. V/s is Mrs. Kent Ragsdale. (SAM,C)
- 1540 ZNSL Bahamas, Nassau short personal letter in 11 days with date, but no time
listed, from Samuel J. Hepburn, Acting C.E. (SAM,C)

All together now: "Happy Anniversary to you, Happy Anniversary to you, dear IRCA..."

Panama Revisited--Bill Hardy

As a follow-up to the questions I raised last November, the 1972 WRTH indicates HOG-830 moved to 810 to allow for the Radio Libertad station on 840. A previously unlisted "Radio Caracol de Panama" (small distorted operation, probably unrelated to Colombia's CARACOL), which I'd heard on 850 during 1970, is now listed on 1190, using the HOL47 call and old facility of the 1970 Radio Libertad. R.P.C., Panama's biggest network, moved its Bocas del Toro station from 810 to 860. (I don't understand that, since Panama City and Bocas del Toro are 300 miles apart, but Panama does not assign two stations to the same frequency.) R.P.C. also moved its David outlet from 660 to previously-unused 580. As CMS's pennant indicates, the Radio Libertad outlets on 770 840, and 890 are all 10 kw; 1090 and the new unlisted outlet on 910 are both 1 kw.

Overlooked Verie-- (somehow, Stan, I always seem to do this to you...Ed)

800 PJB Netherlands Antilles, Bonaire verified by return mail my reception of their special MW DX program. Front of card has a map of Madagascar on it, hi. (CMS,E)

Ryukyu Islands "The Voice of America medium wave station on Okinawa begins its regular program transmission schedule at 1100 GMT. No special transmission was conducted for the National Radio Club. However, we did suggest to them the dates and time when we felt observers in the United States would have the best chance of hearing the Okinawa station." (Letter from George Jacobs, Chief, Frequency Division, Broadcasting Service, U.S.I.A., to C.M. Stanbury II)

Hawaii "KIKI, along with most other Hawaiian stations, do broadcast a variety of language programs usually early in the weekday mornings and in the weekends at various times. There are many races in Hawaii and the most common is Japanese so besides two fulltime Japanese language stations and one TV station, Japanese programs are broadcast on about ten Honolulu stations, then there are Philipino, Korean, Chinese German, you name them.

"KIKI's control room is located about two feet from one of the legs of the tower which is erected in a small twentyfeet by twenty feet courtyard surrounded by office buildings. The tower carries five AM stations, KGMB, KORL, KIKI, KHVH, and KZOO so the RF field in the control room is very high, there being more than 95 amperes flowing into the tower from these transmitters." (Alan Roycroft, Broadcast Services, Inc: 2877 Kalakana Ave., Honolulu 96815 in letter to Ruff Sanserini.)

Last minute hot phone tips from Alan Merriman, Fairfax, Va.

555 ZIZ St. Kitts, heard 3/4 0230-0303 s/off; music a mixture of calypso, soul, and MoR; short religious service before s/off. Hurry up and get them; the last time they were here, they didn't stay long.

560 GBS Guiana, Georgetown s/on MMs 0845; 15-20 minute guitar IS beforehand.

1190 HJVC Colombia, Bogota, Radio Cordillera reported on 1185 is heard here on 1190.
