EASTERN DX FORUM

Page 2

Editor: Bruce R Heimburger - 1710 Cambridge - Ann Arbor, MI 48104

Deadlines: Reports will be printed if they are here by Friday

=====

Budd Bailey - 8800 Wenner Rd. - Williamsville, NY 14221

The best MM in history took place this past MM. Highlights include WDR, KPNW, & KOMA. For details, see DXR & DXWW. If I can get TAs, cx must have been tremendous. 3 cheers for Monday Holidays. I bought the IRCA Foreign Log, & it is really great. The list of reporters is a Who's Who of DXing, with the lone exception of me. Don Smith wants to buy Jerry Smith's HQ-150; maybe he'll come out of hibernation & rpt. The WPLM Test was the only DX Test hrd 10/9. WVOV may not have been on; it seems that they would have been hrd all over the country, but just an SS here. I was casually reading the Hockey News last night at the Sabres game when I saw Tom Sundstrom's name u/Radio-TV Happenings. Needless to say, I was a bit shocked. Except for listing WWJ as a clear channel, Tom did a nice job. Too bad the IRCA didn't get a plug, hi. The bulletins get bigger & better every week it seems. 73s.

Charles Berman - 2901 Ocean Parkway - Brooklyn, NY 11235

Hello dial-twiddlers! How are the superhet nuts doing? On to business On the eve of 10/7, I rcvd my 3 most wanted 50 kWers. They are KSL, KFI, & WBAP. I rcvd them in Teaneck, NJ. KFI was so weak, but managed to hear them ID at about 0130 EDT. The remaining 2 came in good, especially KSL. Sent in rpts to KSL & WBAP so will be expecting veries in the mail shortly. Hope to get KFI long enuf for a rpt. As long as we are on veries, does anybody know if WFEA veries? After about 6 rpts to them, no reply! Guess next best thing to do is make out a prepared verie. My Halli S-38D is plagued w/problems. Thing is, there's no audio except for what sounds like an open or shorted cap. in circuit. Might as well replace every capacitor so I won't spend hours of labor over the darn thing. School has been pretty busy for me lately. In case I forgot to mention my major, it's Elect. Engr. Hope the job situation improves by the time I graduate. Will be applying for my 20 states as soon as KSL veries. A word about DX from Teaneck - bad for simple reason that most NYC stns have their xmtrs here in N. NJ; good for reason that one can receive stns further west than living actually in NYC. Write to me! 73.

Jim Poterba - 949 Queens Dr. - Yardley, PA 19067

Greetings. At last, I have run across a good TA opening. BBC - 647 was hrd here 10/9, along w/Lille - 1376. Both had near perfect sigs, clear audio, & were very easy to separate from adjoining channels. Next target is Oran-584. Now to domestic DX: veries of late; v/1-WILM WCKB WKOK WTAR v/q-WVOK WDIC WCBG WBRE WIBX WEEI. Joe Fela says I may be the 1st one in 5 yrs to get a verie from WCEG. If so, & some of you need them, my v/s is Harvey E. Cunningham, CE. Brian Cartwright brings up an interesting question: Is WDIC in Clinchco or Clintwood, VA? When I hrd their f/c tape, it was definitely Clinchco, yet my verie is for Clintwood, zip 24228. If anyone down in VA has any info on this, I'd appreciate hearing from you. Glad to see that WTTM has drppped their AN bit-it brings back another good DX spot. Gene Martin's articles on decades-old DX are most interesting; keep up the good work, Gene. 73s.

Sheldon Swartz - 290 Court St. - Plymouth, MA 02360

DX conditions improving here more rapidly than usual because of abnormal cold weather. Went up to Montreal with Bruce Zaslowky last weekend. We got a chance to see notorious non-verifier WVMT, which is now up-MoR, & will verie if you send a prepared postcard. Letter off to flagrant reception report avoider WFEA, & if no positive answer rcvd shortly on this postage grabber, I will personally swoop down on them. 24 hour chatline at (617) 746-0394 has been yielding many interesting conversations, among them Q. K. Brown & Mike Collins. Look for Drake-run stns (KHJ, WRKO, etc) to go back to original jingle pak soon. Also there's a new Boston pirate on 1200, WOLF- complete w/jingle pack! 73

Temp. Editor: Donald Erickson, c/o IRCA HQ. Deadline: Nov. 9, then, see below.

Guidelines: Please report promptly; old DX is discarded. Please use one side of the paper and double-space between stns. Frequency order is of no importance. To give you some idea of what is needed, remember that every report is cut apart and the reporter's name, address, and equipment is stapled to one card. Each stn is stapled to another (punched IBM cards). The reporter and stn cards are then hand sorted and the section typed from this. If you fail to list the freq. each stn (whether 1 or 5 stns reported on the freq.) or if you don't use initials, this info is difficult to fill in. Those reporting this issue were 100% in following all requests except for prompt reporting. A number of items 6 weeks old.

NEW TEMPORARY EDITOR - Percy Kesteven will announce the appointment of a new IRCA Standby Editor. The Standby Editor will then assume the job of typing EDXR until a final decision is made on appointment to permanent EDXR editorship. If you have the time, a typewriter (pica or elite), some experience in DXing, can spell and type accurately, PLEASE volunteer for EDXR. Percy will send you an application form - deadline will remain open until further notice.

REPORTERS

- (BB) Budd Bailey - 8800 Wenner Rd. - Williamsville, NY 14221; Allied A-2515; SM-1
 (QKB) Quentin K. Brown - 59 Kenilworth St. - Ottawa, Ont. K1Y 3Y5
 (BLC) Brian L. Cartwright - 106 Leila St. - Johnstown, PA 15905
 Channel Master 6436-A, Loopstick
- (LVF) Larry V. Flegle - 1004 E. Powhatan - Tampa, FL 33604; DX-120; 4' Box Loop
 (AMG) Angel M. Garcia - 137-05 Franklin Ave. - Flushing, NY 11355
 (GWJ) George W. Jensen - 4604 Anntana Ave. - Baltimore, MD 21206
 (ALN) Allen Napier - 319 W. Comanche Ave. - Tampa, FL 33604
 (JMP) Jim Poterba - 949 Queens Dr. - Yardley, PA 19067; HQ-200 and SM-1
 (JMR) Jordan Michael Roderick - 48 Orchard Farm Rd. - Port Washington, NY 11050
 (TRS) Thomas R. Sundstrom - P. O. Box 205 - Willingboro, NJ 08046; HQ-150 and SM-2
- 550 WHLM PA Bloomsburg 10/16 DX test in gud w/WGR nulled. Used DDA 1st 20 min. then 20 min. NDA, last 20 min. DDA. (BLC)
- 590 WOW NE Omaha pr in jumble w/CMW off, nx 0630 10/24. (ALN)
- 680 KNBR CA San Francisco 10/23, tune-in 0350 w/mx to 0400 ID, into NBC nx, w/Cuban nulled & thru OC of WPTF conducting transmitter tests. (TRS)
- KKYX TX San Antonio hrd w/new calls, good sig, C&W mx 0115 10/23. (ALN)
- 730 WMTK KY Vancleve 10/20 pop fair o/u CKAC CBL 1930-1940. (BLC)
- CKDM? MAN Dauphin assumed to be the one with "The World Tomorrow" to partial ID at 0600 10/8; was definitely Canadian per ID, so probably it. (JMP) (Does not match World Tomorrow log this issue but latest list in 'Plain Truth' shows CHIR-730 at 0530-0600; that's your stn. ed.)
- 740 KCBS CA San Francisco dominant earlier part of morning 10/9, had nice ID 0230, some minor QRM from unID, either CBX or KCMC. (JMP)
- KRMG OK Tulsa 10/20 ID weak u/CBL 0728; 2nd OK stn. (BLC)
- CBNM NFLD Marystown extremely powerful s/on, mentioning all the CBC stns in Nfld. 0430 10/9. Used "O Canada," of course, then another anthem or hymn, then into "Newfoundland Today." (JMP)
- 770 WEW MO St. Louis 10/20 sports & spots gud w/no WABC 0720. (BLC)
- 780 WAVA VA Arlington 10/22 nx gud 0748, dom. channel. YL amcr gave 'Wave-a Nx.'
- 790 WETB TN Johnson City 10/23 nx pr u/WTAR 0700-0705. IDed 0707. (BLC) (BLC)
- 810 WEDO PA McKeesport fair w/WGY nulled w/ad for furniture co. 1821 10/19. What is difference between looped & nulled? (BB) (If you point your loop at a stn, you've looped the stn; if you point it away, you've nulled the stn; used to be called looped-in and looped-out. DEE)
- WQIZ SC St. George noted 10/24 w/soul mx followed by detailed s/off w/gud sig. SSB noted 1842-1845. (GWJ)
- WMTS TN Murfreesboro noted 10/21 w/s-off giving many details on personnel and closing with "May the Good Lord Bless and Keep You.." sig fair w/WGY at 1914-1915. No SSB noted. (GWJ)
- WPED VA Crozet noted on 10/24 w/fair sig 1836-1842 w/QRM from WQIZ & other NC stn w/instr. mx & rel pgm 1840, "Day By Day With Jesus." (GWJ)

- 850 KOA CO Denver 10/23 s/off 0205 gud strong sig, all alone. (LVF)
 WABA PR Aguadilla 10/16 w/ s/on 0500 followed by SSB & LA mx; slight to finally total interference. (LVF)
- 860 WSBS MA Great Barrington exc ET w/ID 0115; hrd 0108-0115 10/23. (BB)
- 890 WHNC NC Henderson fair u/WLS w/Ae (?) feed 1830 10/18. (BB)
- 900 WSWN FL Belle Glade 10/21 1900 s/off dominant on freq; understand they are an exc verifier. (LVF)
 KFAL MO Fulton 10/19 w/lots of spots; gud 0725; dominant on freq. (BLC)
 CHML ONT Hamilton 10/9 weak w/much WCBS and deep fades. (JMR)
- 910 WLAS NC Jacksonville 10/21 talk gud on top freq 1815. (BLC)
 WNCG SC North Charleston 10/21 nx pr thru jumble 1805. (BLC)
 WJCW TN Johnson City 10/16 0510-0528 w/C&W mx & PSAs all alone on freq. (LVF)
- 920 WCTW KY Whitesburg 10/6 CBS nx in fair 0605. This & WMTN created a 'ghost.' (BLC) (What is a 'ghost' or do you mean the timing of the 2 CBS news feeds? DEE).
 WGHQ NY Kingstown 10/6 ID in poor thru everything 0600. (BLC)
 WBBB NC Burlington 10/12, contest annmt & s/off pr u/WMTN (sic?) 1845. (BLC)
- 930 WKCT KY Bowling Green 9/25 nx gud on top of jumble 0604. (BLC)
 WFMD MD Frederick fairly strong w/WPAT QRM prior to WTTM s/on which knocks out 910-940. 0623 10/8 w/MoR. (JMP)
 WCNR PA Bloomsburg 10/13 pop mx fair 0609, no WPAT or WBEN. (BLC)
 WLLL VA Lynchburg noted 10/22 w/RR mx, many local spots and TCs 1845-1856, exc sig w/WFMD nulled. (GWJ)
- 950 WGOV GA Valdosta 10/13 nx pr on SRS 0630. (BLC)
- 970 WANV VA Waynesboro 10/23 good s/on 0525 for anncd reg f/c o/WVDJ & WWSW while looking for WCSH IRCA DX which was not hrd. (TRS) (WCSH app not on-ed.)
- 1010 KLRA AR Little Rock noted 10/21 1936-1927 (sic) fade w/many spots, FB final scores, C&W mx and mx IDs (SIDs? ed.); Good sig o/WINS. (GWJ)
- 1050 WCMS? VA Norfolk 10/23 musical f/c gud o/Canuck; off abruptly 0014. (BLC)
- 1070 WAPI AL Birmingham 10/14 w/NBC nx, PSAs; hrd after WHYZ s/odd; mod. QRM. (LVF)
 KNX CA Los Angeles 10/23 0219-0230 w/ all-news, spots; gud sig w/some noise. (LVF)
 WHYZ SC Greenville 10/14 w/RR, good sig, s/off 1859 w/no anthem. (LVF)
 WCIR WV Beckley noted 10/21 w/fair sig & fading 1811-1816. Many spots & singing intro to wx 1815. (GWJ)
- 1080 WKLO? KY Louisville was the one w/RR u/WTIC, I think; had spots, etc. and was EE; 0303 10/7. (JMP)
 KYMN MN Northfield 10/16 DX test gud o/WTIC 0235-0308; aired phone calls & pop records; tent. reception on 4.2w PSA. (BLC) Surprisingly gd at peak w/ID taped 0105 on IRCA DX o/WTIC. More IDs 0110, 0112. (TRS)
- 1130 WMGA GA Moultrie noted 10/24 w/fair sig o&u WNEW w/Newswire-Statewide Ga. Nx 1856-1900 w/Ai nx. (GWJ) 10/16 0539 w/C&W mx, wx; gud till 0545 when totally covered by KWKH. (LVF)
 KWBY TX Edna had ET on MI 10/23. Should be widely heard.
- 1140 WQBA FL Miami 10/22 w/SS pgmg noted 1845+ to 1900 ID in EE & imm. lost due to pwr/pattern change local sunset. Completely wiping out WRVA at times prior to 1900; first time here. (TRS) Noted 10/21 w/SS nx & mx but abrupt loss of sig 1859; o/u WRVA w/fair sig. (GWJ)
 CBFJ PQ Gagon LPRT // CBF at s/off 0107 9/22. There are 4 FF LPRTs on 1140, CBFA & CBFD fed from Quebec City so not them; CBFJ also fed from Montreal is up past Val D'or so most unlikely. Gagnon is 60m NE nr Lac Simon in the middle of nowhere. (QKB)
- 1150 KXLR AR North Little Rock 10/16 f/c pr 0512. (BLC)
 WDEL DE Wilmington 10/23 hardly DX but a possible log change; s/off noted 0035. (TRS)
- 1170 WCOV AL Montgomery 10/21 1901-1918 w/nx, 4-min McGovern spot, and Lenny's Losers FB pgm; gud sig. (LVF)
- 1190 WAVS FL Fort Lauderdale noted 10/22 w/uninterrupted mx; instr easy listening & s/off; sig fair 1850-1900. (GWJ)

- 1190 WIXE NC Monroe noted 10/22 1847-1855 fade w/pr sig & QRM f/WAVS & others. C&W gospel mx & PSAs. (GWJ)
- 1220 WENC NC Whiteville noted 10/22 1821-1845 s/off w/continuous instr mx; "Music from Great Movies," no spots noted. Most abrupt s/off, "tune to 99.1 on the FM dial," no SSB; exc sig but slight fading. (GWJ)
- 1230 WUBE OH Cincinnati 10/23 ID & spots fair thru jumble 0241. (BLC)
- WEEX PA Easton 10/23 f/c fair o/WUBE; used about 1000 Hz tone. (BLC)
- 1270 KSCB KS Liberal 10/23 0104-0106, definite ID, but not in long enuf for rpt.
- CJCB NS Sydney 10/23 w/nx, sports, maritime wx ending 0309 giving time (LVF) in ADT, good sig w/QRM null taking out het from off-freq Cuban & super-pest WXYZ off at 0300. New here. (TRS)
- 1280 WDSU LA New Orleans 10/17 mx pr o/u WADO 2243. (BLC)
- WJAY SC Mullins 10/22 spots pr to fair 1840; many mentions of Mullins. (BLC)
- 1290 WIRK FL West Palm Beach 10/24 1853-1900, ads, mucho QRM. (LVF)
- 1300 WRKT FL Cocoa Beach 10/17 2101-2115 w/RR covering WBLG most of the time. (LVF)
- WBLG KY Lexington 10/17 w/C&W mx u/WRKT; couldn't completely null WRKT. (LVF)
- WOOD? MI Grand Rapids 10/23 ET gud-exc o/WFBR; looped directly at G.R. 0205.
- WMAK TN Nashville 10/23 0145-0204 w/nx, ads, RR mx, super strong. (LVF) (BLC)
- WMTN TN Morristown 10/13 C&W fair 1900 o/u WFBR. (BLC)
- 1310 WXXX MS Hattiesburg 10/22 pr thru everybody 1855; sounds like IDs are just 'WX radio.' (BLC)
- WVIP NY Mount Kisco 10/12 s/off pr thru slop 1900. (BLC)
- VDKD SC Kingstree 10/22 s/off pr thru jumble. Many spots & few records prior to s/off. (BLC)
- WDOD TN Chattanooga 10/16 1948-1958 w/C&W mx, ads, gud sig. (LVF)
- WEEL VA Fairfax 10/22 w/slowly spoken ID 0100 picked out of vy noisy freq. WCAM, normally NLP, off for the 1st time noted since moving here 4 yrs ago. (TRS)
- unID ?? Religious pgm gud until s/off 1845; kept mentioning Brother so-&-so and "The Brrrrroadcassst;" will try again. (BLC)
- 1320 CKKW ONT Kitchener-Waterloo 10/23 w/pop mx tune-in 0320 to 0330 ID, wx forecast, more mx. Good at times, uses phrase "Twin Cities" in slogan ID, which confused me as there is no MN stn listed. (TRS)
- WCVR VT Randolph 10/23 amcd ET 0000-0045 completely dominating freq w/many IDs & TT. Log change; at s/off PSA pwr amcd as 250w (not 215). (TRS)
- 1330 WCRB MA Waltham s/off during WBTM f/c o/jumble; vy few details noted 0123 10/1.
- WTRX MI Flint 10/23 blew WHOT right off channel w/strong sig; 0336 ID, (JMP) "conducting tx tests" & TT. WHOT buried but good. (TRS)
- WBTM VA Danville noted f/c-TT doing nicely w/rest of stuff on channel 0126 10/1. (JMP)
- 1350 WLNH NH Laconia 10/22 nx fair thru jumble 0705; only second NH stn hrd. (BLC)
- WKLK ONT Oshawa 10/22 w/ID & TC for 0125, then promo for "CKLB Sports Scoreboard" upcoming at 0130, briefly atop freq. (TRS)
- CJLM PQ Joliette 10/22 w/pop mx, FF & EE vocals, TC & SID 0029..."CJLM Radio..." o/WORK. WHWH had signed off 0005. (TRS)
- 1380 WPHM MI Port Huron on DX test for IRCA, u/CFDA w/several prolonged IDs, "W - P - H - M," & some band mx. Sig not what was expected; 0322 10/9. (JMP)
- WAYZ PA Waynesboro 10/21 s/off wk u/WKKE 1830; PA #123. (BLC)
- CFDA PQ Victoria Ville 10/8 FF talk pr 2358. (BLC)
- 1410 WHLN KY Harlon 10/15 s/off gud 1859 o/WSRC. NRC Log lists lkw D1 in Alexandria LA but is 5kw D1 in Harlon. (BLC) (Alexandria is KDBS, ed.)
- WSRC NC Raleigh 10/15 RR gud 1855 o/u WHLN. (BLC)
- WIKI VA Chester 10/22 s/off 1830 giving PSA pwr 500w o/WPOP. Gd sig, new. (TRS)
- 1440 WHHY AL Montgomery 10/16 1908-1915 many ads, RR mx, strong sig. (LVF)
- WAYK FL Lehigh Acres 10/16 1855-1908; nx, ads, u/WHHY. (LVF)
- WRBE MS Lucedale 10/16 ET pr 0352 u/unID; kept repeating "WRBE Lucedale, MS, conducting ET." (BLC)
- WHHH OH Warren fair o/QRM w/nx & sports 0532 10/23. (BB)

- 1440 WGCB PA Red Lion on top freq following WCDL s/off 1830 10/8. (JMP)
 CFGO ONT Ottawa gd w/RR mx & ID 0130 10/16; QKB said this is recent call change. (BB)
- 1450 WKLA MI Ludington 10/7 s/off pr 2359; gave s/on as 0700. (BLC)
 WKIP NY Poughkeepsie 10/10 ID pr thru slop 1919. (BLC)
- 1470 WEAG? TN Alcoa tent. s/off w/some WSAW QRM, hrd s/off weakly & then "Dixie" 1859 10/12. Anyone w/info; it's much appreciated. (JMP)
 WSTX VA Broadway-Timberville new stn here noted nicely w/ s/off, vy little WSAW for some inexplicable reason; 1845 10/12. (JMP)
 CHOW ONT Welland 10/23 gd for a few min's 0100-0105 w/nx, sports, wx; WSAW off.
- 1480 WABB AL Mobile 10/17 1910-1930 w/RR mx, ads, QRM f/WRDW. (LVF) (TRS)
 1490 WPXE FL Starke 10/24 1900-1904 then faded, definite ID, typical GY. (LVF)
 1500 WKIZ FL Key West 10/16 w/C&W mx, ads, operating ND array at 100w, gd here. (LVF)
 1580 WAMY MS Amory 10/6 f/c exc 0508; woke 0507 to discover missed DX test but grabbed f/c. (BLC)
 WORV MS Hattiesburg 10/18 s/off wk 1930; didn't hear SSB or ann. but 'Hattiesburg' kept slipping thru. (BLC)
 WHEX PA Columbia 10/15 little early for an ET but kept repeating jingle "WHEX mx 1580." (BLC) (Time? ed.)
- 1590 WNOS NC High Point fair s/off, "WNOS time now 6:45....." 1845 10/6. (JMP)
 WLSO TN Jonesboro 10/6 pop fair 1845; kept ment'g Johnson City but IDed as Jonesboro. (BLC)
 KYOK TX Houston 10/23 0115-0138 w/nx, soul mx, slight fade. (LVF)
 1600 WEUP AL Huntsville 10/24 1905-1915 w/ads, nx, soul mx, gud sig. (LVF) 10/18 s/off pr u/WWRL 1913. Be careful when listening; address is Jordan Lane but sounds like Jordan, Maine. (BLC)
 KATZ MO St. Louis 10/11 spots & mentions of St. Louis, fair 1928. (BLC)
 WAQI OH Ashtabula s/off pr u/WWRL&WFRC 1845. Ae nx was aired 1830. (BLC)
 1618 WPES CT Milford; pirate stn w/hard rock; distorted audio anncd freq as 1618 & location. Call letters too distorted to make postive ID 1950 10/15. (AMG)

ABBREVIATIONS Please do not use sx for sports; pse spell out both sports & spots. Continue to use nx & wx for news & weather. Country & Western is C&W and not cw, c/w, or whatever else. Static is QRN & interference is QRM. For our purposes, QRM will be considered other stns; QRN will include ignition noise, etc. However, your local noises are of little real value to DXR; QRM is very important.

Flash Tips & CPC Results Taking CPC Results first, it seems 10/23 didn't yield much in that category. WCSH, if on, was not reported by anyone but those who tried rptd lots of QRM. Going back to 10/16, both WHLM & KYMN were on and rptd by most who tried. On 10/9, WPHM was on; KWOA and WVOV apparently not. CPC members who arrange a test are requested to advise HQ if the test was definitely not on.

Geomagnetic indices for week of Wed. 10/18 thru Tue. 10/24: 11-20-10-12-11-12-8. UGH!!!

John Oldfield, Edmonton's #1 DXer, advises that the CJOC relay on 1490 is now on with 1kw/250w. Licensed to Coleman, Alta, the call is CJTR, not CJOC1 as listed someplaces.

Seems XEBG's AN (?) soul mx pgm in EE from Tijuana is being widely confused with tent. 4QD reception; XEBG's EE will feature mentions of San Diego & Los Angeles.

CPC Write-ups The following represents chiefly changes in previously published info or additions: KLEB & WLNG date will depend upon the morning (a MM) when WWRL is off. KRSN cancelled their AN program special for hunters and thus the DX program. WHGR info card from Dave Faulkner has no time indicate; it will be an unsked f/c with TT & IDs. Reports to: Paul Luecke, CE, WHGR, 3431 Houghton Lake Dr., Houghton Lake, MI 48629. WCWC reports to: Mr. Paul Veleke, Op Mgr, WCWC, Greycote Inc., Ripon, WI 54971. KLCL will use C&W mx. Reports to: Mr. Mike Fluit, CE, KLCL, P. O. Box 3067, Lake Charles, LA 70601. +++ Remember to send all CPC information directly to IRCA HQ in Riverside as quickly as you obtain details. If you wish to phone in info, please follow up with immediate written confirmation. Cut errors. -DEE

EDITOR: Richard C. Evans - Box 2048 - Gary, Indiana 46409

+++++
OF SPECIAL INTEREST:

- 690**KBBA**AR Benton, r/c 4th Sat. 0345-0400 per verie. Heard here on 9/12, but said this was just a make-up. (BN)
- +++++
- 570 WKYX KY Paducah; xlint o/WIND nulled w/Rock 2358 10/4 (DP)
WNAX SD Yankton, finally hrd 0139 10/6 w/record offer and weather (JZ)
- 580 CFRA ONT Ottawa, 10/2, in well 0115 w/Steve Anthony show and RR music (JZ)
- 640 WOI IA Ames, good with s/off after Education Today 1918 10/14 (SW)
- 680**WCAW**WV Charleston, 0148 10/14 in w/ET using TT & EL Mx (JZ)
- 690 CBU BC Vancouver, 10/5 0304 w/wx for Vancouver, then for Victoria, most wanted BC stn, quite fady, surprisingly more QRM from XETRA than CMBC (RSK) (That was my impression in 1969 also when I logged CBU, Bob--rce)
- 710**WHB**MO Kansas City, 10/8 0120 w/TT using various tones (KM)
10/5 0230 in fair u/WOR for stn 900 w/ID unrptable (RSK)
WOR NY New York, 10/8 0130. w/talk pgm about fashion, good through WHB TT (KM)
- 790 WSGW MI Saginaw, 10/14 1211½ w/local spot followed by a bowling report fair-good some WBBM slop (RSK)
WEAQ WI Eau Claire, 10/8 1903 good, slight WBBM slop with NBC News (RSK)
- 850 CJJC BC Langley Prairie, AN ID 0418 10/9 C&W (BN)
- 880 KRVN NE Lexington, excellent w/farm calender and pause for technical adjustment 2000 10/14 (SW)
- 940**WFNC**NC Fayetteville, 0204 10/9 testing new 50 kw. txmtr, in w/excellent signal using TT, EL Mx and old time rr (JZ) 10/9 0324½ w/ET ID followed by about five record albums really in strong (RSK)
- 950 KLIK MO Jefferson City, poor w/rock and SID at SS 10/9 (SW)
- 980 CFPL ONT London, Nx,Wx, sports contest for wrist watch and greeting cards 0429-0448 10/16 MoR Mx, S-2/S-3 level, some QRM (JT)
CKRM SAS Regina, 0404-0437, ID-16 Wx, Nx Dave Hart program pop and C&W Mx Singing IDs some QRM, S-2/S-3 (JT)
- **WRC**DC Washington, short test with statement of power and frequency 0501-0512 10/16. 400 hz tone interrupted several times (Can I count this as Maryland?) S-2 S-3 levels, some QRM (yes, local KMBZ was off til 0530) (JT) (I don't count it as Maryland, just DC. As far as this year's contest is concerned, DC is a 51st state--rce)
- KFWB CA Los Angeles, 0448-0501 no music all news sports and weather S-2/S-3 levels some QRM (JT)
- 990 KTKT AZ Tucson, 10/8 2350 w/SID and RR Mx o/CBW, good signals with heavy fading, moderate QRM, enuf for a rpt (KM)
- 1030 KCTA TX Corpus Christi, 10/6 0727 in like a ton of bricks, with religious program. Do they verie? (RSK) (They did in 1968!--rce)
- 1060**KAMA**TX El Paso; ending TT/ET 0205 9/25 (BN)
- 1070**KFDD**KS Wichita, 10/8 w/TT. Varying tones many times (KM)
- 1080**KYMN**MN Northfield, in on DX Test 0119 10/16 with good signals, but some fading, They were using varying cycles at this time. (JZ) Very weak u/WTIC/WKLO on DX w/TT 0254 10/16. unn. (DP) 10/16 0104 on DX TT and OC o/u WTIC/WKLO, fair (RSK)

EDITOR: Richard C. Evans.

DEADLINES: Wednesdays!

+++++

1140 KNEI IA Waukon, poor u/WRVA & unID w/spot 0757 10/4 (DP)

1230 WJEF MI Grand Rapids, in w/weak signal in GY mess 0149
10/2 with C&W Mx (JZ)

WNOR VA Norfolk, great signal 10/16 0315 with RR Mx and promo
for a secret student contest (JZ)

1260 WEKZ WI Monroe, good o/WIBV w/s/off 1914 10/13 (DP)

1310 KOKX IA Keokuk, 10/1 2310 w/PSA, good sig, heavy QRM (KM)

1330 WELW OH Willoughby, poor with s/on 0600 10/8 (DP)

1380**WPHM**MI Port Huron, 10/9 on DX quite fady 0306 o.u much
wanted KRKO with EZ Mx (RSK)

KRKO WA Everett, 10/9 0313 6th most wanted station w/spot
severe QRM from WPHM DX test (RSK)

1440 CJOI ALB Wetaskiwin, RS Nx 0235 then RR 10/9 over KPRO (BN)

WRBEMS Lucedale, ET 0228 10/16 w/excellent signals, using
mainly RR Mx, and giving IDs almost every seconds
(sic) starting 0245 (JZ)

1450 WMIQ MI Iron Mountain, good over mess at s/on w/non-vocal
SSB and announcement 0700 10/4 (DP)

1550**WKBA**VA Vinton, 10/8 0139 w/ET. These guys really have fun
on their ET, sounded like RS w/o commercials, played
mostly C&W and R&R Mx (RSK) (That's a normal WKBA
ET, hi--rce)

1560 KGHO WA Hoquiam, DX. Listened 2 full hours for few meager
details to report. Someone else testing
intermittently (BN)

1580**WAMI**MS Amory, 10/6 0439 on DX w/DT and IDs every five
minutes bombing in (RSK)

1580 KZIA NM Albuquerque, a regular Sept. SSS 2040 on o/KPIK (BN)

1590 KEND TX Lubbock, Has been using these calls for more than a
year, not KCBD as reported in 9/23 DXR (BN)

1600 WWRL NY New York, 10/2 0135 w/ID and RR Mx, moderate
fading, weak to good signals (KM)

WHVL NC Hendersonville, hrd on SSS 1900 10/11 with a good
signal. Usually KCRG and WTRU dominate SSS here
on 1600 (JZ)

PER THE LIST:

1st MON:	KNOX-1310 ND (BN)	3rd MON:	WDIC-1430 VA (BN)

CENTRAL DX FORUM

Page 9

editor: John Zondlo - Palmer Hall Box 113 - Muncie, Indiana 47306
deadlines: Thursdays before publication, now that we're weekly

Steve Wayman - 12 E. Oak - Villa Park, Illinois 60181

This the first time I have reported to the CDXF since joining the IRCA. I am 16 and have been DXing since 2/71. I have had the TRF since 2/72. Present totals are 213 stations heard and 76 verified and 32 states heard and 28 verified, which I hope to improve with the help of the IRCA. October veries: v/q WOWO (7 months, 21 days) WBAY WLW WTAD WAKR WILS WJOB WOC WONE, v/l CKPH WKCT WKYX WOAI. I also wish to thank Dave Schmidt for the SC's. 73 (Welcome, Steve. Report often-JZ)
Rob Harrington - 3181 South York St. - Englewood, Colorado 80110
Greetings again everyone. Denver has a new station on BCB. It is "KAAT 1090 testing at this time". KAAT plans to start regular broadcasts about 11/1-11/15 72. They say 50kw, it seems that they just really don't know what they are going to do. They did know that the station will broadcast from sunrise to sunset. Good. I have lost my BCB 1970, 1971, 1969 records, must go thru old IRCA's and make new records. Special hello to Bill Nittler, hey Bill, can you hear KFAB? Hi... Brad Hart and I plan to resume BCB DXing Oct. 27, 1972. Until then I will be setting up for BCB DXing and correcting records. Look for my future reports starting after Oct. 28, 1972. 73s and Auf Wiedersehen.

Frank McCoy - Box 22374 LSU - Baton Rouge, Louisiana

Hi, everybody. Stayed up until 0430 10/9 and heard 27 new stations, many from LA. The IRCA Foreign Log really helps since I don't speak SS. Tried some SRS last weekend. Heard KFI loud and clear after CMQ faded, also KOB for state #31. Best state for distance is KSL, always in good after local WJBO s/off. At present I am using a DX-150A w/SM-1. Thinking of buying a new one in a few months but can't decide what kind. V/q: WOWO after 6 mo. Totals 220/90, 31/28 states. 73's

John Zondlo - Palmer Hall Box 113 - Muncie, Indiana 47306

Hi gang. Let's keep up the support for CDXF. The other 2 forums are still showing us up, so let's go. Nothing new here in the way of veries, but many good catches lately (see CDXR). I'm finally getting the bug back for the BCB, so rce will be seeing a lot more reports from me (I hope). The CPC is really doing a great job this season; keep up the great work. As you've probably seen, the NW Indiana group (of which I'm part) has a bid up for the 73 convention. All support for it will be much appreciated. And I'm sure all of you know where Hammond, Indiana is (home of the top Little League team in the country). 73 and Good DX from ye old editor---and now a word from DEE-

Western DX Forum

Temp. Editor: Don Erickson, c/o IRCA HQ. Bob Jacoby has advised Percy Kesteven that a new job requires extended travel and continued typing of WDXF is impossible. Volunteers are invited to write Percy for an app. form. As long as I remain publisher, it will be my policy that every section will appear even if they must be typed at HQ and all timely rpts will be used provided Ed. Pol. and guideline requests are followed.

Dave Christensen - 3434 39th West - Seattle, WA 98199

Hi; just finished reading Gene Martin's exc article on WLW & old-time radio, 9/23 DXM! Really great. A couple of points, though: 1) WLW was the only stn ever to get on the air w/50kw (in reg pgmmg, anyway) but KDKA-1020 also had plans and may have been on the air for tests, although I'm not sure. They had bought land and I believe they had the tx when the law establishing 50kw max. went into effect. 2) Gene mentions how U.S. stns have so much less pwr than other important nations. But, U.S. broadcasting is set up vly differently. As he says in the article, U.S. stns don't try for distant listeners anymore, instead aiming for local listeners (where, in most cases, the money is). 500kw would not help local sig of any stn although a super-power would definitely help stns that broadcast AN C&W shows for truck drivers. An exc article, Gene! 73.

October 28, 1972

Please see previous page regarding Bob Jacoby's resignation from WDXF editorship; mail WDXF rpts to HQ with deadline of Thursdays. Double-space and stick to BCB. -DEE

+++++
Geomagnetic Indices-- Oct. 11-17 22 15 19 23 07 10 01

Geomagnetic activity was moderately high 10/11-14 and was the sixth in a series of 27 day recurrent disturbances.

Listeners' Loggings-- Trans Atlantic

- 638 RNE Spain, La Coruna giving KFI much trouble 0610 10/9. Equal to Spain-953 on an excellent TA night. (QKB,E)
- 647 BBC England, Dzventry, 0405 World News for first TA of the night. Heard hetting WSM as early as 0300 10/9. (JMo,E)
- 665 ... Portugal, Lisbon loud and clear for a report 0618-0624 10/9. No QRM, undoubtable best TA here. (QKB,E)
- 719 ... Portugal, Porto 10/11 2235-2300; started fairly weak at sunset with soft MoR vocals and talk in PP by man; built up to rock-steady S7 by 2254, stronger than WGN; after that began to have cross-modulation problems as WGN built up. (WBF,E)
- 764 ... Senegal, Dakar first time ever, heard IS at 0158, then announcement and into chanting 0205 9/25. (JMo,E)
- 782 ... Portugal, Miramar, good het, talking, definitely in PP, good signal, music, 0010 10/2. (JMo,E)
- 818 ... Morocco, Rabat. Good level most evenings. Apparently a new high power transmitter on this frequency. I mistook it for Egypt until I noticed it was //209. (WG,E)
- 827 EAJ1 Spain, Barcelona in with good signals 10/14 at 0040. Man in SS at this time. (AM,E)
- 836 EAK35 Canary Islands, Las Palmas in at s/off 0100 10/13. (AM,E)
- 881 ??? TA carrier hetting WCBS 0546 10/12. Weak audio, woman speaking at 0547, not readable. Faded out 0550. (AEL,W)
- 917 EAJ2 Spain, Madrid 10/14 0010-0028; very good with lively SS music to 0015; 2 minute dialogue by man and woman in SS and back to music; S7 at times. (WBF,E)
- 962 ??? UnID, strong het but no audio 10/9 0230. Good conditions means that locals don't splash as much as my local NSP station on 970 gave no QRM. (QKB,E)
- 971 ??? UnID carrier 10/14 around 0140-0150 kicking up 1 kHz het; could split off carrier, but cross talk from 970 made audio impossible. Nothing seems to be listed for this time, but judging from conditions, I would guess ENR-2 on late; anyone have any info on this? (WBF,E)
- 998 ... U.S.S.R., Kishinev, Moldavia. Good level 10/10 2245 tune in in RR and classical music. Radio Moscow IS at 2258, a minute of silence, followed by IS again at 2300. Then lost under slopcover from 1000 kHz. (WG,E)
- 1025 EFJ15 Spain, Barcelona 10/14 0035-0120 extremely strong and steady for almost entire period; had man with talk in SS with deep, but strong modulation; had brief periods of bullfight type music in background; mention of Madrid; Valencia, and Radio Juventud at 0100; WBZ splash a problem at times. (WBF)
- 1034 CSB2 Portugal, Lisbon, RCP had excellent signal at 0433 on 10/16. Was playing a comedy record at the time. (AM,E)
- 1097 ECS4 Canary Islands, Las Palmas 10/16 0655-0700; OC to 0657, then into guitar IS consisting of 3 ascending notes, chord, 3 descending notes; chord; brief anthen at 0659 and ID by man in SS as "...escuchan Radio Atlantico." Also had weak audio from second SS while ECS4 had OC, but no ID possible. Could have sworn I had FF talk by man around 0630, just before many of the SS put carriers on, but who might this have been? (WBF,E)
- 1133 ??? Spain brief periods of music breaking on top of the jumble of carriers here on 10/15 at 2309. Surely these off frequency stations are interfering with each other. Wonder why they don't try to keep them on freq. (AM,E)

- 1196 VOA West Germany, Munich 10/9 0546-0600 poor traces of audio. (JO,C)
- 1205 ORTF France, Bordeaux, FF female, TC at 0200 10/2. (JMo,E)
 +S9+10 db at 0550-0600 10/9. At 0600 had 4 pips. Reports in IRCA Foreign Log show same number of pips at this time. TC or IS? (QKB,E) (IS, I would suspect; France is on CST which is GMT - 1 hour. Ed)
 +Het broke 10/10 0555, but no audio till 0558. Faded forever at 0611. Man talked in FF entire audio time, and seemed to go into news at 0600. Four equal (in strength) pips, equally spaced, followed by what sounded like a strum of a harp. Must be automatic as they came over man's voice. No WCAU. Their FF seems twice as fast spoken, as my local FF CHFA-680. First real audio; France #1. (JO,C)
- 1205 ... Sierra Leone, Freetown believed the station with tone test under Bordeaux at 0548 on 10/16. Tone ended at 0554:45 and their IS noted at 0556. IS over Bordeaux at times but faded under them at s/on time. (AM,E)
- 1205 ??? UnID TA, with loop DF suggesting Sierra Leone. Weak music 0601-0610 10/15 (AEL,W)
- 1214 BBC England commonwave. 10/2 0529-0626 with pips at 0600; fair. Many 7 o'clock TCs indicating DST. MoR, rock, plus jingles like "It's #1 on Radio One". On 10/3, 0545-0609, fair/good, pips again at 0600, more pop jingles, dedications, contests. Peaked at S3. Audio poor 10/6 0547-0609, only pips and 2 songs. 10/9, traces of audio, poor. 10/10 poor audio. Tuned back at 0612-0647 for best signal ever. All pop music, Arlo Guthrie and EE rock stuff, TCs, jingles, dedications of cards and letters. Earlier poor audio at 0540. (JO,C)
 +Tentative reception 10/12. Very weak audio 0516-0535; stronger at 0608 retune with pop music and announcements that seemed to be in EE. Gone by 0630. (AEL,W)
- 1232 ... Morocco, Tangier, Voice of Morocco is likely the AA station here at 0535 10/16. If them, this is earlier s/on that listed in WRTH. Strong carrier but little audio. (AM,E) (Ramadan has started already, I think. Ed)
- 1349 ... Mauritania, Nouakchott. Apparently the north African carrying AA programming 10/14 and 10/15 2235 tunein to 2305 s/off. Good level but difficult to separate from 1350 kHz at times. (WG,E)
- 1367 ... International Waters, Radio Northsea International, rock and EE heard but fades made copy hard 0510 10/9. (JMo,E)
- 1394 ??? UnID, s/on at 0630 10/16. Brief music at 0630, then a woman speaking to fade out at 0652. Language doesn't sound like SS or PP to me. Tirana a possibility in Hungarian but would have been way after their sunrise. (AM,E)
- 1425 AFRS Greenland, Thule AFB, heavy rock fair 10/2 0628-0640. Poor with fades 10/3 0830-0838. Had jazz (unusual!) On 10/10 0520-0531 S9+40 slopping 1420 and 1430 with unusual live DJ request line "25-24 Thule AFB"; mostly rock. Tuned back 0650-0719, still S9+40. Live to 0700 news via ABC Ai; 0714 and are you ready for this! AFRS scul tapes with Wolfman Jack! (JO,C)
- 1457 BBC England, London. Radio London is probably the station here at 0614 10/16. Not enough audio to determine language, but this late I don't know who else it might be. (AM,E)
- 1466 ??? UnID TA in GG 0450; also noted an OC on and off, moving off frequency each time they went off. 10/9. (JMo,E) (The one usually heard here is Radio Monte Carlo, Monacc. Ed)
- 1475 ??? UnID. Noted 0605 to fade out at 0613 10/16. Had opera with a woman singing in high pitched voice. Weak. Should have been after Vienna sunrise. A remote possibility is Mallorca; wouldn't that be nice, hi. (AM,E)
- 1525 ... China, Urumchi, Sinkiang noted with best signal ever heard on 10/13, 2306 to complete fade out at 2350. Was over S9 at 2315 and perfectly readable for 10 minutes or so with a man and woman yapping away in RR. Some very brief period of music. At about 2328 a second carrier noted just on the high side, causing a slight het when Urumchi faded. Both signals completely gone by 2350. Not to get a verie. (AM,E)

- 1525 ??? U.S.S.R or China. RR language program 10/13 fair and 10/14 poor level. 2305 tune in to apparent fade out around 2325 to 2330. Missed IS on hour for more accurate ID. (WG,E)
- 1546 ... Ukraine, Vinnitsa, EE language program 2230-2258 is African Service of Radio Moscow. (WG,E)
- 1554 ORTF France, Nice 0400-0500 10/9, solid signal, no QRM, programmes ranged from telephone talk show to weather reports and music. Very loud. (JMc,E)
- 1562 ... Switzerland, Beromunster probably. Noted with het around 0520 10/9 strong, No audio. Will try again next week. (JMc,E)
- 1578 ??? UnID TA, with Latin type music. S/off at 0100 10/9. Who? (JMc,E) (most likely Portugal with that type music. However, s/off not listed until 0300.
- 1586 WDR West Germany, Langenberg, super signal, very strong, all in GG, music was MoR, 0400-0600 10/9. (JMc,E)

Latin America

- 555 ZIZ Leeward Islands, St. Kitts heard with music program (calypso), ID "The time in St. Kitts, 10 PM", BBC news, new here. Fair signal. Loop was very directional here (also, I'm lucky WGR-550 nulls in their direction. 0145-0205 10/6. (JMc,E)
- +Springfield strong with news 0030-0035, soft music to 0100, rock after 0100. 10/13. Bad CFRA-580 splash made reception possible only when CFRA wasn't playing a record. (QKB,E)
- +Heard both 10/15 and 10/16. On 10/16 at 0945 with IS until 0955 s/on with hymn, fade. In and out all evening 10/16 with EE, light music 0130-0145. BBC news 0200-0205. (GWJ,E)
- 560 ... Guiana, Georgetown, 10/17 news 0148, into C&W program on Jim Reeves, till 0200, with good signal. Faded at 0200. (GWJ,E)
- 590 CMW Cuba, Havana 0710 10/8 with what sounded like a Castro speech //600, 640. Usual WOW not heard. Good signal. (MS,C)
- 600 CMKV Cuba, Holguin, 0709 10/8 programming same as CMW-590. Signal just under WMT. (MS,C)
- 640 ORTF Guadaloupe, Arnouville in briefly with program noted in FF before fade out to Cubans 2330 10/12. Country #38. Shoulda tuned in 15 minutes earlier. (QKB,E)
- +Excellent 10/17, but deep fades. QRM from Cuba, Venezuela, and possibly KFI. Hard rock and FF pop music, some with EE lyrics. Announcements in FF 0205-0224. Marseillaise at 0230 s/off. (GWJ,E) (Sounded good to me when I heard it over the land line. Thanks for the call, George. Ed)
- 650 HJXJ Colombia, Bogota heard with excellent signal 0730 10/16; ID as "Emisora Monserrate, ahora 24 horas con la mejor programacion...todas las noches!" They are going to make KORL tough here on the EC. (AMG,E)
- 655 YSS El Salvador, San Salvador very strong with Radio Nacional IDs all evening of 10/12. Equal to WNBC. (QKB,E)
- 670 XETOR Mexico, Torreon, Coah. heard for first time MM 10/16 with KBOI partly nulled; ranchero music, RCN SID. 1209-1213. (FJP,W)
- 690 CMBC Cuba, Havana fair 0458 10/2 with CBF off. ID mentioned Havana. (MS,C)
- 728a YNG Nicaragua, Chinandega, R. Titania almost certainly the LA here to 0400 s/off on 10/13. No definite ID but frequency mentioned as 725 and Chinandega mentioned in s/off announcement. Signal only fair. (AM,E)
- 750 YNX Nicaragua, Managua Radio Equis heard with strong signal 0425-0518 10/9 with instrumental music. QRM till WSB s/off 0505. (RNA,C)
- 760 XE.. Mexico, UnID IDing as Radio Moderna with fair signal 0105-0215 10/3. SS rock music and frequent IDs. QRM from WJR and an UnID LA. (RNA,C) (This is XEABC. Ed)
- 760 \$VI Haiti, Aux Cayes in briefly in FF with EST TC with WJR easily nulled and Cuban in brief fade 0136 10/13. Unreal signal for 1 kw. (QKB,E)
- 770 HJKH Colombia, Bogota, with SS music 0710-0720 10/16 with R. Tequendama IDs. There's a Cuban at 1/2 kHz down, causing a rumble on this frequency. (AMG,E)
- 810 XEFW Mexico, Tampico, Tamps, very strong over KCMO QRM 0225-0240 10/5. SS pop music with many ads, including one for Pepsi. (RNA,C)

- 820 XESB Mexico, Santa Barbara, Chih. presumed the strong SS 1253-1302 10/16 with WBAP under. Faded badly and quickly. SR rules out other Mexicans; this reception would have been right at SR in Santa Barbara. (FJP,W)
- 855 PJC2 Netherlands Antilles, Curacao with US rock 0010 10/3. (JMc,E)
+With rock 0125 10/13. Completes "ABC" islands; now to hear the 3 "S" islands. (QKB,E) (Saba, St. Eustastius, and ??? Ed)
- 860 XEMO Mexico, Tijuana, B.C. 0617 10/4 with IDs mentioning Am and FM outlets; very good for early September. (JMc,E)
- 880 CM. Cuba, UnID IDing as Radio Enciclopedia with very strong signal and no WCBS 0522-0625 10/9. SS and pop instrumentals. (RNA,C)
- 880 ??? UnID, SS talk and Caribbean type music 0351-0400 9/28. KRVN precluded ID, even with loop. (MS,C)
- 1025 YNW3 Nicaragua, Esteli, R. Mundial noted with fairly good signals at 0440 10/16. Newscast with multi-note chimes used between items. (AM,E)
- 1030 XEQR Mexico, D.F., some sort of ID, a couple of minutes before 0900 10/15; whistling their little theme. Good signals. (PMo,W)
- 1035 4VEF Haiti, Cap Haitien excellent "Radio 4VEH, the Sound of Love" 2330 10/2. (JMo,E)
- 1035 ??? UnID, very good signals for a few minutes around 0910 10/15. Religious-type folk music in EE; weak at 0930, time tone, then ID(?) in unknown language, sounded like a cross between FF/SS. 4VEF? (PMo,W) (Probably)
- 1160 HIBG Dominican Republic, Santiago, Radiolandia noted with romantic music on 10/14 at 0410. (AM,E)
- 1180 PRE3 Brazil, Rio de Janeiro, Radio Globo heard with excellent signals 10/15 from R. Mil s/off at 0630 to after 0800. Some long deep fades and QRM from WOWO. Many IDs as Globo by a man breaking in over the music. 3 chimes noted just before 0800, but these may have been part of a spot for a bank. (AM,E)
- 1180 HIBE Dominican Republic, Santo Domingo, R. Mil good 10/15 to s/off 0630. (AM,E)
- 1190 HJCV Colombia, Bogota, with SS music and ID at 0825 10/16 as "R. Cordillera esta en todas partes." Was expecting a Voz de la Costa ID here; are they still on? (AMG,E) (Yes, per NRC list. Ed)
- 1190 XEZP Mexico, Ciudad Juarez, Chih. good 1120 10/8 with complete ID: "Radio Mexicana, XEZP, 1190 kilociclos, mil kilovaticos de potencia, desde Ciudad Juarez, Chihuahua." (BP,W)
- 1200 YVOZ Venezuela, Caracas, 10/9 Radio Tiempo in well over WOAI OC, lots of IDs and ads. (JO,C)
- 1325 ??? UnID, noted a carrier on this frequency for most of the AM 10/16, but too weak for audio. Tuning by the frequency at 0405 yielded some audio and taped the following: music ends, announcement, "A-E-O...La Voz de Zapato El Bonce Sigu en Recife da la hora..." TC was GMT-6 which doesn't fit for Brazil; research at the library lists only one Recife in Brazil. Thought about a wandering Cuban but they are GMT-5. I'm sure about the Recife. Tape sent to RFS with fingers crossed. Help! (AMG,E)
- 1469 CMGE Cuba, Cardenas 10/11 0125-0134 very strong against 1470; ID runs, "Esta es radi Ciudad Bandera...desda Cardenas, Cuba, territoric libre en America." This one sounds like a lot more than 250 watts. (WBF,E)
- 1470 XESM Mexico, D.F. heard with R. Fiesta ID 0640 10/16 in passing. (AMG,E)
+With fair signal and plenty of QRM from KRBC and KTRI, 0305-0410 10/17. SS rock music and frequent ads. (RNA,C)
- 1560 XEVIP Mexico, D.F. in mess with chimes and TC 1200 10/8. May have s/on just before 1200. (BP,W)

Trans-Pacific

- 635 ... North Korea, Chongjin in with music and talk in Asian dialect (not KK) must be a foreign service station, at 1400 10/12. (PM,W)
- 640 ??? UnID Asian station mixed with KFI at 1352 10/12. Too weak to ID. (PM,W)
- 645 ... China, Peking with talk in CC at 1406 10/12. (PM,W)
- The IRCA Foreign Log lists all stations reported last season. It can help you ID the stations you receive. Only \$2.75 to IRCA members.

- 650 KORL Hawaii, Honolulu after sitting on 650 for half an hour, brief fade in with mention of working in a library 0823 10/9; reappeared 14 minutes later with music for half a minute. WSM OC at 0850 ruined reception. 50 minutes of listening produced 1½ minutes of audio. (QKB,E)
- 655 ... North Korea, Pyongyang with talk in KK at 1346 10/12. Fair signal.(PM,W)
+With fair signal about 1113 10/14. No ID, but matches what I heard in the Philippines. Egad, my old neighbor again! Would create a 26 Hz SAH with YSS which was measured a while back as 655.001. Therefore 655.027.(CAT,W)
+Only Korean heard MM 10/16 1155-fade at 1158. Man in KK, orchestral music. (FJP,W)
- 670 JOBK Japan, Osaka under KBOI with music and talk in JJ 1409 10/12. (PM,W)
- 700 2NR Australia, Grafton, with "You're tuned to the ABC" at 1355 10/12. Faded in, then gone! (PM,W)
- 735 ... North Korea, Pyongyang with talk in KK 1410 10/12. (PM,W)
- 750 KFQD Alaska, Anchorage good 0814-0821 10/9; KXL testing intermittently; Connie Francis record 0814, ID 0819. Readable through KXL's OC and TT; not readable after KXL starting playing music at 0821. Some fading around 0817-0818. (AEL,W)
- 770 JOUB Japan, Akita with program in some northern Asian dialect (not JJ) at 080839 10/9. S5 signal. With talk over KXA at 1327 10/12. Good. (PM,W)
+Fair with NHK pips 0800 10/9. Fading, static and SAH at 0803, returning to fair level by 0806 tune-out. (AEL,W)
- 784.984 .. North Korea, Pyongyang measured here fair about 1113 10/14. (CAT,W)
- 810 ... Asiatic R.S.F.S.R., Home Service, Midnight in Moscow chimes and 6 pips at 1000 10/16, weak under Sutatenza. Not listed in any of 4 logs. At that time it would have to be on or near Pacific Coast. This was previously reported to have Kremlin Bells, which is incorrect. New for me. (AWP,W)
- 830 JOBB Japan, Osaka with talk in JJ at 1329 10/12, mixed with KIKI. (PM,W)
- 830 HSK2 Thailand, Bangkok, almost certain this is what I heard under JOBB 1405-1420 10/16. The language sounded the same as heard on 997 kHz 10/1, but more readable; man speaking, with many words ending in -or or -aw. Pretty sure it was Thai. Signal nearly equal to JOBB the first two minutes, then faded somewhat. Another station with classical music rose above them at 1408, sometimes overriding JOBB as well. The Thai still audible occasionally in the background. Both the classical music station and the Thai (if that's what it was) disappeared about 1420, leaving JOBB alone on the channel. (AEL,W)
- 840 JOQK Japan/South Korea, Niigata/Seoul mixing here with weak signals at 1337
HLKY 10/2. (PM,W)
- 844 VSZL Gilbert and Ellice Islands, Tarawa just a weak carrier when checked 0850 10/16. I didn't stick around to try and get any audio. (AM,E)
- 877.292 .. North Korea, Wonsan measured here good about 1113 10/14. (CAT,W)
- 890 JOHK Japan/South Korea, Sendai/Pusan mixing here with Adak at 1345 on 10/12.
HLKB (PM,W)
- 920 KMPH Midway Island, 10/16 0814 heard nightly with rock music, static. Not fair to report this station since it comes in like a local. However, to-night reception was poor. Taped. (CAB, Hawaii)
- 939 ??? UnID China or North Korea? With audio, het against 940, at 1417 on 10/12. Ideas? (PM,W)
- 1000 LZD New Zealand, Tauranga? Tentative 10/16 0821. An announcer describing an exciting horserace. Taped. Time check "26 minutes past *" followed by music. Good reception with some fading. (CAB,Hawaii) (Seems likely since NZ is GMT + 12 hours. Ed)
- 1007 ... North Korea, Hamhung, Net. 1, has shifted once more from last season's 1005. Heard 1040 10/15, with talk and singing in KK. Recent report of carrier here is indeed the North Korean. Good signal. (AWP,W)
- 1020 ... China, Peking, with KDKA. Long fades. Male in UFO language, very nice signal over KDKA at 0902. 10/15. (PMo,W) (AEL, below)
+Weak with much wailing 0918-1013 10/15. QRM from KDKA and probably Tonga

- 1020 ... China heard 1000-1006 10/15 (GOAT segment 8) with pips (5+1 high) at 1000. Then woman in CC into a speech which continued beyond 1006. Signal strength 1 of 10, readability 0-1 of 10. with QRM from KDKA and light static. (RAK,W)
- 1020 A3Z Tonga, Nuku'alofa apparently the one over/under China and KDKA 0920-0951 10/15 in a Polynesian language. (AEL,W)
 +Heard 0908-0930 with man talking entire time (as far as I could tell, signal faded out several times). When strongest language sounded Polynesian or Hawaiian. Signal strength 0-4 of 10, readability 0-5 of 10. with QRM from KDKA and heavy static. (RAK,W)
- 1030 ... China, Kweiyang or Yingkow, Kweichow or Yingkow Jen Min Kwang Po Tien Tai, two possible stations monitored 1345-1405 10/15 with KTWO looped. Rather weak and fading with talk in CC and the standard 6 pips at 1400/Leading up to the hour was some singing. New for me. (AWP,W)
- 1030 VQO Solomon Islands, Honiara, male announcer speaking in EE with public announcements for Solomon Island Center. Weather reports given. Good reception. Taped. (CAB, Hawaii)
- 1040 ... China, Peking with talk in JJ at 1314 10/12. Good signal as always. (PM)
 +Foreign Service at about 1113 10/14. Too much domestic QRM to determine, but sounded like JJ. Most certainly not in Peking, but along NE coast of People's Republic of China. Measured as 1040.003. (CAT,W)
 +On top of KHVH 1000 SM 10/15 for GOAT. Faded, back at 1004 with man in JJ. SAH of 140/min. At armchair level with man in CC at local sunrise here 1350 10/16; faded in a couple of minutes. Children's chorus heard here several times. (FJP,W)
 +Good to fair 1014-1031 10/15 in JJ. WHO testing with OC. (AEL,W)
 +Heard 1028-1035 for GOAT. Opera music by man and woman. 1028½, talk by woman in JJ? More opera music. 1030, sudden 2Hz flutter followed by WHO ID. 1031 "Kochirowa Peking Hosojode" (recognized thanks to Richard Wood) then orchestra music (IS?) for 30 seconds. Man said ID again, then kept on talking past 1035. 1047-1105, with music by children's chorus and woman in JJ. 1050½, 800 Hz tone fades up very strong for 60 seconds, then disappears. 1059, woman said "Touchi-aira Peking hosojode gudes" then instrumental music. Woman talking over music. 1300-1306 with man talking in JJ beyond 1306. Strength and readability clear and loud. Some light static and slop from KOPY-1050 and KTWO-1030. (KGBS and KSWs-1020 also on now). 1303 HNL starts, source unknown. (RAK,W)
 +A long monitoring for the GOAT. 0930 s/on (blanking KHVH) with "East is Red", chimes exactly like those used on the satellite, ID as "Peking Hosojode" "East is Red" from orchestra, "Peking Hosojode" and into program. An OC causing het on KHVH was noted some time before s/on. Strong signal with fades. Also monitored 1005-1030 at which time it was very strong. WHO ran what appeared to be a low power test OC with announcer 1019. Also tuned in at 1300-1310 with talk in JJ, no ID on hour, and strong signal. (AWP,W)
- 1040 KHVH Hawaii, Honolulu ID at 0830 10/15. Female on talk show "Viewpoint". (FMO,W)
 +Tuned 0910-0930 10/15, deep fades noted. Had news, weather report 0920, major fade 0927. Also tuned 1000-1005 with Peking looped (that's a switch--looping the more distant station). 1000+30 ID as KHVH and went into s/cff message. Did not hear a SSB. (AWP,W)
 +Heard 0807-0806 10/15 for GOAT with man talking until 0807½. Then woman beyond 0816. Heard phrases like "Women of Hawaii are going to vote" and "People on the local level". Strength 1-3 of 5; readability only 1 of 5 due to heavy static, TVI and SS on occasion. (RAK,W)
 +Weak with heavy static 0804-0813 10/15; SS QRM nulled. Promo for Red Cross, ID and phone number at 0807. Two YLs conversing 0811; think it was a phone talk show. (AEL,W)

- 1040 KHVH+On at beginning of GOAT segment 1000 SM 10/15, but then quick s/off announcement 1001 and off without SSB. (FJP,W)
- 1178 VOA Ryukyu Islands, Okinawa with talk in UnID language at 1332 10/12. Strong het against KOFI-1180. (PM,W)
- 1210 KZOO Hawaii, Honolulu news, weather, sports 10/8 0900-0904, poor but no WCAU. Loop to Japan noted audio of possible JJ. Then I found the 1214 het slopping 1210. (JO,W)
- 1210 JOOR Japan, Osaka with call letter ID 15 seconds before the hour, then a single pip at exactly 1300 10/12. Fair, with China in the background. (AEL,W)
+Mixed with other station in JJ, probably KZOO, at 1335 10/12. Poor signal. (PM,W)
- 1210 ... China, strong in KK 1338-1400 10/12, JOOR overriding them at times. Home Service pips 1400, then an Id which sounded like "Kwan (?) Jenmin Kwangpo Tientai." Seemed to be in CC under JOOR at 1406 tuneout. Must double as a Foreign Service outlet. (AEL,W)
- 1210 ... China, a second station, much weaker than the above, with bits of CC by YL, Home Service pips at 1400 10/12. I guess China doesn't time their pips very accurately. The first pips of the weaker station was one second ahead of the first pip of the stronger station; they gradually drew closer together until the sixth pip from both stations occurred simultaneously. (AEL,W)
- 1210 ??? UnID at 1200 10/12. Halfway through China's pips, someone else with six long, low pips, occurring at one second intervals. Signal level about the same as the weaker Chinese. JOOR also in there with their single pip. 4 TPs at once; what a mess! (AEL,W)
- 1214 ??? UnID strong het 10/8 0904, but sleep won. (JO,C)
- 1220 WXLG? Marshall Islands, Kwadjelain? tentative 10/16 0850. When I first heard this, I thought it was an Aussie or NZ. It was a program of "The House of Usher" with a definite accent. However, the announcer with an American accent said "U.S. Armed Forces". Poor reception. Taped. (CAB,Hawaii)
- 1260 JOIR Japan, Sendai with (would you believe) MoR JJ music, with spots on nightclub at 0848 10/9. S9 signal. (PM,W)
- 1310 JOUF Japan, Tokyo with music and announcements at 0854 10/9. S3 signal. (PM,W)
- 1350 KIVM Hawaii, Honolulu fair with fading and QRM 10/8 0850-0901. Rock jingles like KOL or WLS. Poor with QRM at 0845 on 10/14. (JO,C)
- 1376 ??? Strong TP het 0907-0911 10/8 with KRKO splatter. Guessing a TP, maybe the RR.... Sleep time. (JO,C)
- 1395 ??? Strong het 10/9 1325-1400, maybe CC. Power was off in the part of city, most of 10/9 AM. So much for GOATSPSLC. (JO,C)
- 1440 JOWF Japan, Sapporo with talk at 0816 10/9. (PM,W)
- 1529 ... Asiatic R.S.F.S.R., with CC service at 0903 10/9. So strong couldn't hear much of UnID station on 1530. (PM,W)
+Strong het, maybe RR. 1400 is near sunrise 10/9. (JO,C)
+Strong het on KFBK 10/16 at 1250. (FJP,W)
- 1560 2RD Australia, Taree surely the one here with MoR and light rock (Roy Orbison, Jody, Miller, Bobby Goldsboro, etc) 1033-1104 10/15, looping NE/SW. Accented EE announcer mostly just gave song titles, etc., and at 1034 gave TC as "26 minutes until 9 o'clock," which corresponds to Australian Eastern Time. WRIN s/on 1059 made further reception too rough, although something resembling accented EE was heard after 1100. (BP,W)
- 1580 ... Thailand, Ban-Phachi, Voice of Free Asia. Caught this at the transition from RTG (anyone know what that stands for?) to VOA program which occurs at 1130 10/16 After several checks during the morning, noted moderate signal at 1125 with news. Program featured a woman announcer in EE. At 1128:57 woman said "This program has come to you from the broadcasting ??? in Bangkok, Thailand...the Voice of Free Asia..." The same (I assume) was repeated in Thai. At 1130 they shifted to at least 30 minutes of news in EE from VOA. The signal strength increased considerably at 1135. At 1138 KDAY turned on their carrier, but VOFA was still audible until KDAY

1580 ... +s/on at 1200:00. I have now enough for a report to Thailand (where reports on RTG programs should go--only VOA program reports to go Washington.) It that this outlet has decided to go by Voice of Free Asia instead of Radio Free Asia. All-time best bet for Thailand which everyone but LBG needs, hi. (AWP,W)

Verifications

- 540 HJKA Colombia, Bogota sent inspecific letter for taped report on 6/19. Signer was Julio Hernan Arango Uribe who is the DJ from 0500-0900 EST. He wants me to send him a radio. (AM,E)
- 725 TILX Costa Rica, San José, an excellent letter was received from Arnoldo Alfaro Chavarria, an amateur, TI2AAC, confirming my reception on TILX and TICA-1175 Puntarenas. Arnoldo sent along this information: the 725 outlet has a power of 2 kw which is fed into a "L" antenna. Modulation is through a pair of 833 tubes (plate modulated) and the final amplifier consists of another pair of 833s. The 1175 outlet, a repeater, has a power of 3 kw, using 4 833s for modulation and four 833s in the final, fed into a $\frac{1}{4}$ wave length vertical. Both transmitters are homemade (as probably are the others; unfortunately he limited his information to the stations I reported). Note that the 1575 outlet is located in Palmeras according to the information on the letterhead, not San Carlos. I am sure an accurate reception report will be a pre-requisite to obtaining a verie. Address per WRTH. (AMG,E)
- 834 ... British Honduras, Radio Belize regular v/q received in 2 weeks air, for one IRC. (JMP,E)
- 840 YVMY Venezuela, Barquisimeto, received nice v/q in 2 weeks air, for one IRC, has all frequencies on front, but specifies 840 on reverse, also a decal. (JMP,E)
- 870 WHOA Puerto Rico, Hato Rey, nice v/l received in 6 days, v/s Carmina Mendez, President, via air. (JMP,E)
- 960 ZFB Bermuda, Hamilton, v/l received in 1½ weeks, v/s Delano Ingham, CE, sent via air. (JMP,E)
+V/f in 7 days, same data and signer as others have reported. (QKB,E)
- 970 KPUA Hawaii, Hilo sent v/l in one week from Hiroshi Hironaka, Chief Technician. (BP,W)
- 1050 XEG Mexico, Monterrey v/q in 1½ weeks, usual v/q with transmitter pic on front, no v/s. (JMP,E)
- 1090 XEPRS Mexico, Rosarita sent gold and white v/q in one week for bilingual report. Verie text in EE. No v/s. Address is A.P. 1090 Tijuana, B.C., but was mailed with 9¢ of uncanceled U.S. stamps on it. (BP,W)
- 1100 ZDK Antigua, St. Johns v/q received in 3 weeks, along with business card, sent air for one IRC. (JMP,E)
- 1130 KLEI Hawaii, Kailua, usual Roycroft card for 8/14 reception. About 30 days air. Alan mentions that KLEI is the least reported of all (presumably his) Hawaiian stations. CKWX knocks it out to north and east, and a range of mountains makes it equally rare to the South Pacific. (DGC,W)
- 1180 PRE3 Brazil, Rio de Janeiro, Radio Globo sent v/q but with 11805 indicated as frequency heard rather than 1180. Why do they do such things? Card, which looks quite old, still says PRE3 for 1180; WRTH says ZYD65 is call. No v/s as such, just an initial. Specific as to date and time. Will count it for now, but I intend to follow-up for a correct card. Country #43. (AWP,W)

Peoples Republic of China-- C. Alan Taylor

Although the high-power foreign service transmitter sites ID as Peking, they are almost certainly not located in Peking. My best experience is with the 1340 kHz outlet which floods the Philippines at segments after sunset. Although the carrier is steady, the modulation is subject to intermittent phase shifts, so the evidence is that the modulation is taken off SW, just as VOA-1140, 760 and 1580 does.

Directional antennas are used. Services to different areas were heard in the Philippines with differing average signal intensities. In addition, as a service to one area is completed, the carrier is cut and reappears at a different intensity after a pause of 0.5 to 1.5 second. This is the length of time likely to complete phasing component changes. A mere transmitter power change could be completed more quickly, or even with no interruption as in the case of a single transmitter being switched for different power outlets.

The 1040 outlet would appear to be along the NE coast of PRC, judging from its target area. The 1340 outlet would appear to be somewhere in Fukien province.

As I expect to return to the Philippines inside of a month, I hope to research this interesting matter to a greater extent.

Father Jack Pejza, 3266 Nutmeg St., San Diego, Calif. 92104

Just a comment about a situation which I was sorry to see--in the 9/23 DXM, DEE was named temporary editor of ECDXF. He was already temporary editor of another section. To me, this is an appalling situation. As publisher, DEE already has enough work to do. He shouldn't be expected to take on the additional task of typing up a couple more columns. If no one in a part of the country affected has enough interest to volunteer to take over as standby editor, or permanent editor, then I feel that that column should be dropped from the bulletin until an editor is found. The other side of the coin also should be examined--if an editor feels that he can't do the work involved any longer, then he should give the publisher and president sufficient time to find another editor, instead of just dropping the whole thing in their laps, a week or so before the column is supposed to be typed up. Responsibility, gentlemen! We can't expect one man to turn out the entire bulletin singlehanded. When DEE gets sick, as he did two issues ago, the bulletin will be late, but it shouldn't be because he has all the work to do.

IRCA Foreign Log

Comments from satisfied users--

"Already used the IRCA Foreign Log many valuable times, e.g., opened it at 1205 kHz and noted pips were heard; exactly what is on my tape." (John Oldfield)

"The foreign log is superb; the assembled information gives a clear pattern as to the best times to receive each station-- well done!" (Quentin Brown)

"I received the IRCA Foreign Log the other day, and it's all that I thought it'd be. It's electric! (Dave Christensen)

You can get your copy for \$2.75 (make checks or money orders payable to IRCA, no cash please), c/o Father Jack Pejza, 3266 Nutmeg St., San Diego, Calif. 92104.

THE WORLD TOMORROW FREQUENCY-ORDER RADIO LOG

In August, Bill Harang of San Jose submitted a log of stations carrying "The World Tomorrow," a half-hour program. The radio log is carried monthly in the program's "Plain Truth" magazine, and because of the frequent changes, reprinting the list in DXM would be meaningless. However, Bill added a new twist by arranging each of the geographic sections of the U.S., plus Canada, Alaska/Hawaii and Mexican border, in frequency order. I have carried this one step further and will combine all the lists into one big list in frequency order, which will represent all domestics carrying the program as of August, 1972. No foreign stations are listed. Those who take the "Plain Truth" may keep the list current by making additions or deletions. I have also condensed the column widths to get two complete columns on each page, so I hope I haven't squeezed too much for you! Many thanks to Bill for all the work on this-BH.

I hope I don't get TOO many contributions like this 'cause they're hard to type! I really appreciate Bill Harang's work on this, though, and I hope it helps the members in their DXing even if some of these stations subsequently change. One final note: don't be surprised to hear different shows on different stations the same day. Tapes are "bicycled"; that is, sent on from one station to another. -BH.

OFFER: If anyone in the club is making updates on the AT40 station list run in DXM last April, I make this offer to you. KGHO started running AT40 in September, and part of my job involves listening to each show. Casey always mentions the stations that are added each week (although, regrettably for our purposes but for obvious reasons, the stations that drop are never mentioned). Also, he mentions a handful of stations regularly carrying the show, which proves they're still on. Anyone who keeps up the AT40 list and who doesn't wish to spend 3 hours a week listening to it may write to me (at home, 303 W. 10th St., Aberdeen, WA, 98520) and I'll send you the stations added and promo'd each week. Naturally, I can't help you with stations added before 9/10/72 since the list which came out early this year. Incidentally, an ad in 9/16 Billboard says AT40 is now on 180 stations, not counting the 300-plus AFRTS outlets worldwide (including ACA20-790, hi!). --Bill Hardy

Despite a lot of other work that sometimes makes it rough for me to do stencils every week, I intend to stay on as Special Features Editor as long as everyone likes my work. These stencils are used on a space-available basis anyhow, so I don't have an absolute deadline. I guess you could say, contribute anytime! -BH.
