Hammarlund HQ-150; SM-2

- 620 WWRN WV Beckley 12/29 call letters picked out of jumble 0512, later wx hrd 0520, mixed w/WTAE, fair at best. (TRS-NJ)
- 680 WCAW WV Charleston 1/1 strong to pattern/power change 1730 w/"Randy Dandy" C&W program w/sponsors in Charleston.
- 740 WBAM AL Montgomery testing w/rock again 12/28 0200. (JMo) (JMP)  
KBOE IA Oskaloosa testing w/OC and ID 0236 12/21. (JMo-NY)  
KCMC TX Texarkana 1/1 w/C&W mx almost non-stop. 0315 ID for AM & KTAL-FM 98.1, another ID for AM 0330, thru KRIG OC which ID'd for ET 0328. Sig. poor to fair w/SS QRM, nulled for the most part. New. (TRS-NJ)
- 770 KOB NM Albuquerque 12/21 0200 with great ID w/WABC off; very good o/SS but faded quickly. (JMo-NY)
- 810 KGO CA San Francisco weak but readable w/taped promo and ID during 10 second break in telephone talk show 0130 1/1. Had clear channel, but vanished for good shortly thereafter. California #8 here. (SF-TN)
- KCHO MO Kansas City 1/1 w/top 81 for '72 t/in to 0430 ID. Good at peaks, otherwise much CKLW splash even w/rx selectivity cranked up. (TRS-NJ)
- WQIZ SC St. George 12/29 s/off 1715 w/good signal thru WGY. Didn't hear if they had a SSB 'cuz the paper boy knocked on the front door half-way thru the anmt. (TRS-NJ)
- WMTS TN Murfreesboro 12/29 w/ID 1710 ending nx "News comes first on WMTS". Poor to fair thru WGY and WQIZ, but later good at 1730 s/off. (TRS-NJ)
- 840 WVPO PA Stroudsburg hrd 1629 12/27 while looking for WRYM. (dm)
- 850 WYDE AL Birmingham 1/3 1745-1800 w/ads and RR mx; good signal, no WRUF. (LVF-FL)
- 860 WSTH NC Taylorsville 12/28 s/off at odd time of 1709 w/SSB following religious message; fair but mixing w/WFMO. This one just 250 watts. (TRS-NJ)
- WFMO NC Fairmont 12/28 good w/s-off 1715 asking for comments on programming, no SSB. After this one, CJBC then took over the frequency. (TRS-NJ)
- WEVA VA Emporia noted on 1/1 w/Home Bible Time religious program to s/off; sig. fair to good w/much QRM from others 1702-1714. No SSB noted. (GWJ-MD) 12/28 1630 ID nx to 1635 following WTEL s/off. Good despite mixing w/CJBC. (TRS-NJ)

- 860 WOAY WV Oak Hill 12/28 s/off 1702 30 sec. after WEVA. Good, in clear w/o CJEC. (TRS-NJ)
- 880 KRVN NE Lexington about even w/WCBS 1735 12/29 ending Ae nx and into wx for Nebraska. (SF-TN)
- 900 KALT TX Atlanta all alone after WGOK s/off 1829 1/7. (dm-OH)
- 910 WRCH CT New Britain 12/29 ID and nx 1500-1505 w/WSPA nulled. Readable only at this time when WFLN was also giving nx, as sidebands of classical mx from WFLN very bad. Despite being so close, WRCH new here w/WFLN-900, WSPA-910 and WTTM-920 surrounding me. (TRS-NJ)
- 920 KDHL MN Fairbault u/o WGST/CKCY w/C&W format all AM 12/26 until 0258 s/off by Hiram Higsby. (SF-TN)
- 930 WFMD MD Frederick w/lady newscaster mentioning Frederick County three or four times u/WEOL 1632 12/26. (dm-OH)
- WALI MS Jackson finally hrd 1811 1/5. (dm-OH)
- CJEC ME St. John 0059 1/5 this one atop channel in WBEN null, no WPAT problem fortunately, w/nx & wx. (JMP-PA)
- 950 WBKH MS Hattiesburg 1/3 w/s-off at 1815; good signal. (LVF-FL)
- 960 WBAV NY Plattsburg fair 1825 1/2 w/NY state nx, QRM from CKWS. First time here. (JMP-PA)
- KFVS MO Cape Girardeau 1/5 0100-0115 fair to good on r/c-TT used, amts every 2-3 minutes, almost alone after WELI s/off 0103. (JMP-PA)
- WFIR VA Roanoke noted at 1827 on 1/1 mentioning Ae nx at :30 and apparently rock programming. Seldom hrd here (960 is generally WELI/CKWS/NJ--). (JF-NJ)
- 970 WYPR VA Danville apparently the one ending Ac nx at 1725 on 1/3. Definite s/off 1730. (JF-NJ)
- 980 WIAW WV Weston amidst mess 1619 ID 12/26. (dm-OH)
- 990 WVSC PA Somerset all over WIBG on 1/1 at 1707 w/basketball contest promo, Ai nx, etc. Unusual as WIBG was still on day pattern at the time. (JF-NJ)
- 1010 KLRA AR Little Rock 12/29 0626 promo re Dallas-Washington NFL game; fair thru WINS. New here. (TRS-NJ)
- 1020 WCIL IL Carbondale doing well u/KDKA to s/off 1800 1/1, mentioning something about City Hall (studio location?) First time here. (JMP-PA)
- 1050 WSKE PA Everett 12/21 TT & FC noted 0020+ as per FC list u/CHUM and WHN. Very poor as one might expect, but a partial ID hrd 0030. (TRS-NJ)
- 1120 WWOL NY Buffalo fair at s/off 1645 12/28. Heavy KNOX QRM. Have often heard traces of C&W way u/KNOX at SSS during the winter, but couldn't ID 'em till now. (SF-TN)
- 1130 KWKH LA Shreveport doing well u/WNEW w/assorted mx 1813 1/1. Long wanted here. (JMP-PA) Killing 'local' WNEW 1/1 at 1805. Ended CBS nx and went into local nx, ID between the two. Very unneeded. (JF-NJ)
- 1140 KNEI IA Waukon 1/4 very good w/WRVA semi-nulled from 1753 t/in till 1758 s/off w/no anthem hrd, several good IDs. (JMP)
- KBIL MO Liberty 1/4 1815 s/off w/SSB, weak but clear enough on tape replay, WRVA part-nulled. (JMP-PA)
- WCJW NY Warsaw (New) OC and IDs on hour presume testing. Hrd here days about 40db o/S9. There goes 1140 SS DX. (JMo)
- 1150 KXLR AR North Little Rock ending nx/wx on 1/1 at 1804. (JF-NJ)
- WGBR NC Goldsboro rock mx, AM-FM ID (FM has different calls), and then went DA and completely faded out; this at 1656 on 12/31. (JF-NJ)

- 1150 WIMA OH Lima 1/1 1930 good o/WUN/WDEL w/local ID and into Ae  
nx. (JIP-PA) 12/27 ID & TG for 0142, ad for fast  
service food stores; mostly atop freq. (TRS-NJ)
- 1220 WJUN PA Mexico 12/29 ID 1030, into MBS nx. Despite being so  
close, new here as WCAU normally makes daytime DX  
on 1220 impossible; fair signal. (TRS-NJ)
- 1230 WCMC NJ Wildwood 12/28 1530 w/ID, MBS nx, local ad 1533, atop  
WEEX & others. One of the closest unheards of NJ for  
15 years. Poor to fair. (TRS-NJ)
- 1240 WSDR IL Sterling 0203 s/off 12/26. (dm-OH)
- WENK TN Union City on unsked. ET w/TT ID at 0218 12/27. (dm-OH)
- WEKR TN Fayetteville 12/18 fair w/test 0340-0400. (JR-II)
- 1260 WIBV IL Belleville good sig. o/WIXY and WFBM, w/MoR mx 12/15  
2000-2027. (JR-III)
- WUUU SC Greenville s/off 1743 on 1/3, advised listeners to  
tune to 94.5 FM. Strong, but much interference from  
WBUD. (JF-NJ)
- 1270 WORX IN Madison hrd while looking for as yet unheard WHBF  
w/WXYZ nulled 1624 12/28. (dm-OH)
- WLBR PA Lebanon AN Xmas morning ID 0138 12/25. (dm-OH)
- WLIK TN Newport covering frequency 1/3 at 1753 with mostly  
C&W. Some competition from WXYZ who generally dominates  
everything. (JF-NJ)
- 1280 KUBY AR Newport mentioned FM in s/off 1801 12/26. (dm-OH)
- Almost surely the one w/AR wx and temperatures around  
AR (Memphis also) on 1/1 at 1811. Signal didn't hold  
for ID tho. Someone else on here carrying the NBC net.  
This one went DA at 1801 as great drop in signal at  
that point. Unfortunately, NBC was carrying FB so IDs  
were non-existent, suspect WGBF. Local WADO no problem.
- WYAL NC Scotland Neck s/off 1658 on 12/25 leaving WJAY (JF)  
mixing with WADO. (JF-NJ)
- WLMJ OH Jackson on top for nx intro 0605 1/6. (dm-OH)
- WHVR PA Hanover heard 1631 12/28. (dm-OH)
- WYVE VA Wytheville noted w/s-off 1/1 at 1730, no SSB noted;  
w/poor signal and much QRM. (GWJ-MD)
- 1300 WAVZ CT New Haven hrd most of evening 12/26 ID at 1930, forget  
to change antenna? (dm-OH)
- WHLT IN Huntington u/o WOOD/WERE 1516 ID 12/31. (dm-OH)
- WMTN TN Morristown good on s/off 1716 ID 1/5. (dm-OH)
- 1310 WJAM AL Marion s/off 1743 on 12/28. Cx wasn't auroral either.  
WJAM's s/off mentions coverage of West Ala.-Eastern  
Miss. (JF-NJ)
- WGSA PA Ephrata into WGSA nx after Ae 1635 12/28. (dm-OH)
- WDKD SC Kingstree s/off 1729 on 1/1. (JF-NJ)
- WDXI TN Jackson w/RR 0122 u/WMIC/CPGM/CKOY/etc 12/28. (dm-OH)
- WEEL VA Fairfax 12/30 schedule change? Noted 0200, again 0350,  
w/WCAM off. (TRS-NJ) (I have them listed as 24 hrs.,  
SP III.-IG)
- WSLW WV White Sulphur Springs s/off 1729 on 1/1 mixing w/WDKD.
- 1320 WENN AL Birmingham picked ID out of mess 1718 12/26 only (JF)  
to have them stay on til 1808 12/27 38 min. past s/off  
on top of everything. Oh, well, hi... (dm-OH)
- WHIE GA Griffin on top w/s-off 1729 12/26. (dm-OH)
- WKAN IL Kankakee in way after should have been 1830 12/24 still  
on non-DA? (dm-OH)
- WICO MD Salisbury just atop channel for few seconds w/"Wx for  
Delmarva", a dead giveaway, 1/6 0605. WKAP QRM. (JIP-PA)

- 1320 WGET PA Gettysburg good w/WBS nx at 1638 12/31. (JR-MI)  
 WKIN TN Kingsport "The Rock of Kingsport" 0618 ID 12/28. (dm)  
 WFHR WI Wisconsin Rapids in good on s/off 1644 12/26. (dm-OH)
- 1330 WROS AL Scottsboro up and over in soft spot in usual mess  
 1748 1/7. (dm-OH)  
 WFBC SC Greenville 12/30 ID & TC 0310, every other record  
 solid gold; atop freq. New. (TRS-NJ)  
 WTRO TN Dyersburg on top for s/off 1745 12/26. (dm-OH)  
 WESR VA Tasley ID up & over mess. Will wonders never cease?  
 1643 12/28. (dm-OH)
- 1340 KBHO MO Salem in w/local wx after mutual nx (ugh!) 1835 12/27  
 exceptional catch for this loc/cond, etc. (dm-OH)  
 WUSJ? NY Lockport had to be the one with a Grand Island nx  
 item momentarily o/the mess 1734 on 12/31. (JF-NJ)  
 (I agree, it was probably WUSJ.-NG)  
 WIZE OH Springfield finally after 3 weeks of trying heard  
 0243 1/5 w/ID similiar to WROS/WESR. (dm-OH)  
 WTRN PA Tyrone atop WJMA w/several spots for Tyrone, C&W mx,  
 0515 12/31. (JMP-PA)  
 WJMA VA Orange good 12/31 0505 w/RR, several IDs, first GY  
 catch since the WFTN/WKCS DX tests. (JMP-PA)
- 1360 WVBZ NJ Vineland f/c 1/5 0015-0030 after WHBG r/c, TT used  
 here too. Semi-local, so good signal. (JMP-PA)  
 WHBG VA Harrisonburg f/c using TT noted here 0000-0015 w/nice  
 signal, over WDRC. (JMP-PA)
- 1370 WHEE VA Martinsville ending local nx 1725 on 1/1. Rare here.  
 1380 WLCY FL St. Petersburg hrd w/Florida nx, mentions of (JF)  
 Ft. Pierce, etc 1757 1/6. (dm-OH)  
 WPLB MI Greenville very good here on r/c w/TT, 1/1 0020 t/in  
 to 0030 s/off. (JMP-PA)
- 1400 WGIL IL Galesburg w/perfect ID over mess "This is WGIL, 1400,  
 Galesburg, IL." 0215 12/26 then into C&W. (dm-OH)  
 WOND NJ Pleasantville w/jingle ID over mess 0136 12/26. (dm)  
 WVOG VA Portsmouth briefly atop the mess 12/31 with Tidewater  
 wx, ID, 'Big 14' slogan. (JF-NJ)
- 1410 WLSH PA Lansford good o/WRD w/s-off at 1630 12/31. (JR-MI)  
 1420 WLET GA Toccoa 12/27 TT t/in to 0102 ID & s/off on "regular  
 monthly f/c" atop freq. Not on FC list, so let's add  
 this--4th Wed 0045-0100. Good signal. (TRS-NJ)  
 KTOE MN Mankato caught w/mentions of Mankato during soft spot  
 on WIK 0455 1/6.  
 WKCV VA Warrenton very good w/C&W mx to s/off 1715 1/5; very  
 strong, atop semi-local WCOJ. (JMP-PA)  
 C??? PQ Plessisville the new one here noted very strong 1/1  
 0311 w/FF phone show, //as usual to CFDA-1380. The  
 Plessisville info operator has only CFDA listed, so  
 maybe a wholly owned relay operation??? (JMP-PA)
- 1430 WTTT MA Amherst 1/7 0550 very strong (atop WJNR/CKPH) w/ET,  
 using very short (10 second) 1 khz tones and anmts  
 every 5 minutes or so. (JMP-PA)
- 1440 WCDS KY Glasgow hrd amongst many others in mess w/ID 1719  
 12/31. (dm-OH)  
 WJAB ME Westbrook 12/21 0000+ w/3 C&W singing IDs in a row on  
 ET. This again topping freq...has got to be a best  
 bet for this state. (TRS-NJ)  
 WNPV PA Lansdale 12/28 hardly DX here, but hrd on regular f/c  
 per list w/ID 0028. (TRS-NJ)
- 1450 WILM DE Wilmington 12/18 good ID 0339 & soul mx o/mess. (JR-MI)

- 1470 WTKO NY Ithaca finally ID'd this one-w/wx for Ithaca 1/7 0633, over channel. (JIP-PA)
- 1480 WSHP PA Shippensburg 1/5 1715 this one a surprise w/s-off and very low modulation so hard to read. (JIP-PA)
- WBLU VA Salem nice w/s-off 1729 1/5, very little QRM, first time here. (JIP-PA)
- 1490 KTOP KS Topeka 12/18 w/ID at 0300 and then heard nx, o/WABJ.
- 1520 WNTT GA Garden City s/off 1742 on 1/1. WKBW nulls nicely (JR) in this direction. (JF-NJ)
- WSLT NJ Ocean City noted here w/r/c w/TT 1/5 0015-0030, severe WKBW QRM. (JIP-PA)
- KOMA OK Oklahoma City w/rock programing mixing with unID W-call (not WKBW, of course) at 1755 on 12/31. Good again 1/3 around 1800. (JF-NJ)
- 1540 WANL AL Lineville s/off 1730 12/28. (dm-OH)
- WBTC OH Uhrichsville s/off 1729 1/7. (dm-OH)
- WPME PA Punxsutawney heard w/s-off 1729 by Gary Siegel 1/6, I heard ID 1725 1/7. SSS maps indicate should be off 1715 this month. What gives? (dm-OH)
- WKKR SC Pickens s/off 1742 in mess 1/6. (dm-OH)
- WBFJ TN Woodbury s/off after WANL 1732 12/28. (dm-OH)
- 1550 WYOU FL Tampa noted running ET w/TT, one ID 0128 1/5. Very strong here. (JIP-PA)
- WCTW IN New Castle 1/1 w/C&W mx t/in 0340 to 0400 ID and into nx. At times excellent o/SS QRM, no other domestic on freq. Number 22 heard on this freq. (TRS-NJ)
- WSER MD Elkton noted on 1/7 with pop mx, local nx and wx. 1456-1510 w/good signal but QRM from many. Rare here as pattern is away from area. (GWJ-ID)
- WBAZ NY Kingston noted on 1/7 w/f/c using pop mx and very detailed ID noted in progress at 0140-0145; very good signal. (GWJ-ID)
- WBSC SC Bennettsville 1716 12/31. (dm-OH)
- 1560 KDDA AR Dumas noted on test 1/8 w/poor to good signal 0300-15 w/??? mx (What do you call it if it wasn't pop, C&W or rock??) Much fading noted. Recheck at 0330 noted WQXR's OC blotting the freq. (GWJ-ID) (Perhaps MoR mx?-IG)
- WAGL SC Lancaster heard w/s-off 1746 1/6. (dm-OH)
- 1570 WYTI VA Rocky Mount heard s/on 0600 1/6 on top. (dm-OH)
- 1580 KFDF AR Van Buren very good w/s-off 1830 w/no QRM 1/5. Total surprise to complete AR 1580's for me. (JIP-PA)
- WPKY KY Princeton 12/30 picked out of jumble at 1705 w/ID & ad for local gas station. Poor w/WSKT QRM among others. (New, number 23 heard on this freq.) (TRS-NJ)
- WANY MS Amory fair w/s-off at 1745 and CHLO slop, 12/30. (JR-MI)
- KNIM MO Maryville tone and ID 12/31 0230, exc. signal. (JMo) On w/Pop (per call) 02??-03?? 12/30 at 0310 tone dropped freq. and came back up to 1000 cycles per my request, since I couldn't seem to get a voice ID (just too weak). (dm-OH)
- WNJH NJ Hammonton on skip 12/28 1145 easy w/"Great 158". (JMo-NY) (Did you hear a JH ID on this one, Jerry? The reason I ask, is that about a year ago WNJH changed their calls to WRDI.-IG)
- WANB PA Waynesburg 12/17 good w/s-off at 1659 and asking listeners to turn to WTAE-1250 for the rest of the ball game. (JR-MI)

1580 KIRT TX Mission this one fair w/s-off 1900 1/6-had hoped that this one would be on top, and sure enough, s/off read by GM Chuck McKasson. (JIP-PA)

KWED TX Seguin how cx can fluctuate, this one atop 1580 s/off 1900 1/5. No QRM and 100% readable, next night no sign of 'em w/KIRT atop. (JIP-PA)

WILA VA Danville noted on 1/1 1655-1659 w/local and state nx, a local spot; severe QRM and fading, sig. poor. (GWJ)

1590 WATM AL Atmore w/s-off 1815 1/5 on top of WAKR (goody). (dm) In on 12/25 with nx at 1739. Noted again at s/off 1815 on 12/31 (That should be their Jam. s/off time.) (JF)

WLFA GA Lafayette in w/weirdo organ mx before s/off 1728 12/27. (dm-OH)

WNIR IN Indianapolis for call change; Radio 1-5-9 (one-five-nine) IDs, w/C&W mx and mutual nx. (dm-OH)

WGRY MI Grayling 1/7 0601 atop for few brief seconds, enough for ID before WHPA-PA s/on ruining channel. (JMP-PA)

WSMN NH Nashua 1/7 finally got this one w/WAKR nulled (and QKB laughed at anyone being able to do this in SoM-NH, hi QKB) 0555 s/on w/Brant Reed anncr. All tnx to QKB's SoM. (JIP-PA)

1600 WEUP AL Huntsville 1/6 1756 nice s/off, but quite low readability, so tape replay was required for definite ID.

WJNJ FL Atlantic Beach stuck it's head in just before (JMP) WHVL 12/31 0600. (dm-OH)

WSTL KY Eminence hrd w/s-on 0602 after WARU 12/27 hrd every time since. (dm-OH)

WAAM MI Ann Arbor surging over 'RL' at times around 1810 on 12/31, rock programing. (JF-NJ)

KATZ MO St. Louis 12/18 thru WCWC DX w/singing ID 0224, finally identified the interfering station to WCWC, noted when transcribing tape. New. (TRS-NJ)

WLNQ NY Sag Harbor 12/31 0600 and again 1/7 very good for a few minutes w/Long Island wx. This one long wanted here. (JMP-PA)

WHVL NC Hendersonville first heard s/off 12/24, now every morning s/on 0600 between WARU & WSTL another pest.(dm)

WBLY OH Springfield heard finally after three weeks trying for it SS3 & SRS. ID at 0800 1/4. (dm-OH)

A few people have expressed the wish to see ETs, frequency checks, tests, etc highlighted in some way. As a result, beginning with next week's column I'll put asteriks (\*) around the call letters of testing stations. Anyone else having a suggestion for EDXR write it on a post-card or at the end of a report. Until next week--best of DX & 73.

\*\*\*\*\*  
 Last issue was mailed, as promised, 1/11 AM. Many rpts of 1/12 AM cancellation prompted a complaint to the Supt. of Mails, Riverside; they've promised to check and said it shouldn't happen again. This issue is scheduled to be mailed before 0600 PST 1/22, MM; cancellation should be 1/22 AM; if not, we'll check w/PO again. Later on, if the problem continues, members will be asked to direct RSVP letters to the Supt. of Mails. Next issue should contain the ballot card and information for selecting BoD replacement for Lynn Brooks and for choosing a 1973 IRCA Convention site. In addition to balloting material, there is a Province of the Month, 4½ pages, and an article by Ronald Schatz which is being typed by Aris Papafingos. Please keep up your support of the sections; your editors appreciate your reports and must have them if there is to be a section every issue. Those who would like to help put out NMPs and can spend a few hours at IRCA HQ, please contact me. There's plenty to do. -DEE

January 20, 1973

EASTERN DX FORUM

Page 9

Editor: Bruce R Heimburger - 1710 Cambridge - Ann Arbor, MI 48104

Deadlines: Fridays. This may be your last chance to see elite type, the way this machine is operating. If I get the problem solved, you all may see it more.

Dan Myers - 2650 104th St. - Toledo, OH 43611 (419) 726-4348

Greetings, fellow DXers! I've been absent from these "blue" pages too long, so I will make an attempt to get in my two cents worth more often. For those of you who managed to forget me, or never heard of me, an intro: 22, single, DXing since '67, collect SC's and CM's & antique cars (currently have 7), attend classes Univ of Toledo, & work at two commercial stations in the area: WMHE(FM) & WLQR(FM), as well as the University Television Services. Biggest news here I suppose has to be the fact that I've started DXing again w/a vengeance. I came back from the NRC Convention & decided to DX this year, and that I've done. By 12/31, I was at 1026 hrd, having started the season in Sept. w/799. I hrd 293 on the year, w/227 this season. Also hrd 114 stns in Dec. alone. So far in Jan., as of 1/7, I have hrd 27 new ones. Just wait til I get my Admiral Nelson ScooperLoop put together (plans come in specially marked packages of CrackerJacks and/or DXN). Don't have much more to say (obviously) except that I would very much like to see the 1973 convention in Hammond. That's it.

Budd Bailey - 8800 Wenner Rd. - Williamsville, NY 14221

It should be perfectly obvious to everyone by now that the western New York area is slowly taking over the club. The only problem w/all the new members is that they keep getting stations that I don't have yet. Oh well. I think it's about time for my annual introduction, in case anyone didn't notice a year ago. Am 17, have been DXing for 1½ years. My rcvr is a trusty Allied A-2515, backed w/a SM-1. Current totals are 454/236, 44/38, 9/9, & 16/7. New veries include v/1-WIBG, WKST; v/q- CBU. KLEB deserves mention alone due to the fact that I rcvd a v/1, a personal v/1, CM, and to top it a tape of the ID I hrd! Must be close to a first, considering I didn't ask for it. The logging system which Jerry Monroe mentioned is fairly simple. I took a sheet of paper, used the front for data on stns I've hrd, and used the back on stns that I should have hrd. There is more, but it could best be used in Special Features if space allows. This is 15 so 73s.

Sheldon J. Swartz - 290 Court - Plymouth, MA 02360 617-746-9274

I apologize for the wording in my last report, regarding CPC tests; the statement had been made because of a misunderstanding in club policy. Please keep sending CPC info to the usual persons. Thanks. To those concerned: I had sent 2 FRIENDLY letters to WFEA on their verifying policy. As they would be too long to reproduce here, photocopies are available free to any person kind enough to remit return postage. True, some stns take up to 2 years to QSL! But once you read the WFEA letters, any my response from the stn (zero), you will have your proof that they do not verie. Or you can phone them as I have. So before anymore arrows are shot at me please reconsider. I also want to apologize for any "radical" remarks made by me in the past year - most were not thought out properly, and precipitated by some personal grief (divorce), I'd been going thru. This has finally been resolved, short of a nervous breakdown, so 1973 should be a good year. There's a pirate in MA - WCBU-1580. Their 20w have been hrd at points o/50 mi. away, so don't u/estimate them. They're progressive, w/no set schedule... (advance publicity on bootleg stn removed; in violation of IRCA Ed. Policy; Bruce, please read that Ed. Policy carefully. -DEE)

Michael M. McKeranhan - 422 Taylor Ave. - Pittsburgh, PA 15212

I have been a member for almost a year now, but this is just my 1st report. My rx is a Hallicrafters S-125 w/a 50' LW. I'm 18 years old, married, no children yet! Recent veries v/q-WIBW, WMEX; v/CM-WDEL, whose CE Joseph Jones recommends NRC to me. For SCers I have some from local rocker KQV so write. I don't have too many totals: 201/68, 33/28, 3/1. 73s, Best of DX. (Nice to hear from you Michael-Brh)

Raymond Arruda - 6 Wilbor Ave. - N. Dartmouth, MA 02747

MM 12/18 was the most interesting for me this season: WMCS & WTSO Tests were not tried. WEKR & WNOE Tests tried but not hrd. WCHV hrd weakly but not enuf for a rpt. On 1600 WCWC hrd fairly well & reported. They ran a good test for us. WWRL was off the air that morning and I anxiously awaited the parade of DX Tests to follow WCWC but hrd nothing, no sign of WCPK, KLEB, OR WLNG Tests. Can add 4 new ones to the log though, WCWC, WAAO, WDEN, & the big surprise, KATZ, which came in here quite strong after WCWC went off at 0300 EST. Several reports are out, but have not received any veries in months. 73.

Ronald F. Schatz - PO Box 2814, AMF - Miami, FL 33159

It's been a while, so an intro: 28, single, work for the USPS, electronics background, charter member of IRCA. I DX exclusively foreign stns; that's all I have time for. Present rx is Collins R-388/URR. NRC Coral Gables Convention was great; about 27 attended, most of whom were also IRCAnS, and all of whom were of drinking age. Boston is next for NRC, which should have no bearing whatsoever on this club's decision. CMS: WQBA is "La Cubanisima", not "Radio Cuba." The other local SS, WLTO is now WCMQ, w/a format almost identical w/that of WKAQ-580 in San Juan. Their letterhead copies the same logos (??-Brh) of the old CMQ in Habana (WCMQ). The "Voice of Sabs" on 1435 kHz s/off before 2100 EST. Note a 2-Hz het there, as Saba is that much above Kelkboom in freq. Again, I'm fairly busy these days, so don't hold your breath if you send me a letter. Best to call me at AC 305-251-2196--any time. Re FBIS and the CIA, let them be members, but if they use any of our info in their publications their liaison officer must execute the courtesy of supplying complimentary copies of BSW to the DX'ers in question--it's only right. 73 de RFS.

Jim Poterba - 949 Queens Dr. - Yardley, PA 19067

Greetings once again. DX this first week of the New Year has been phenomenal w/26 new stns logged here, an all-time record. Hope everyone took advantage of the golden opportunity of R. Paradise on 1265, since ZIZ is by no means an easy catch on 555. Veries this week: v/1-WRKO KRDS WMT WBMD WMCS for DX Test, KATZ WOBR; v/q-WJW WSUN WILK WHJB R. CURUM-855. As we start the hopefully good DX year of '73, totals here are 1026/340, 43/42, 8/7, 38/21. Looking for 500 veries by 6/31. Why all the lack of support for the DX Monitor? DXWW is about the only column worth reading these days. We haven't had any EDXRs of o/4 pages lately, & even support for DX Tests is down! The only 2 reports WMCS-1400 received for their DX Test were Ron Musco in Windsor, CT and myself. Some of you amy have hrd them on a DX Test back in 68, but it would still be nice just to check the freq & see if the stn's on. WCWC didn't lack support, tho....twas the best DX Test I've hrd in some time. Oh well, o/the limit already so 73s and best of DX in 73 - and let's hear from - DXM is what you make it.

Sheldon J. Swartz - 290 Court - Plymouth, MA 02360 617-746-9274

Happy New Year! Perhaps too late to report, but WRKO was on AN the MMs of Xmas Eve & New Years w/rr; they cut out their usual PSA programs from 2200-0230 on those MMs also. They are NOT NSP, but were on those 2 MMs only, which is their first try at this. And the fact that this was done at Xmas was great thinking, as WCFL, WABC & other area rockers were all on the obnoxious Christmas music bit (I don't mind the music, in fact I like it, but not on EVERY stn 24 hours!), including Boston's WMEX, WEZE, WBZ, & WVBF(FM), WBZ FM, & WROR, WRKO's FM. Would like to hear from cassette-sponders - I answer w/in 24 hours. Interesting note that Ottawa's rocker CFGO has increased from 10 kW to 50 kW and is actually weaker here. That's one stn I had been going out of my way to listen to. Glad to hear from Tom McEormack, a fellow DXer whom I felt had given up on the hobby at last. He's still going strong (how many veries, Tom, 4000 hi). WGNG will verify your reports shortly, if you've been waiting. Hope y'all hear the WHWB Test the 8th from 0000-0130. Good bet for VT.

Brian L. Cartwright - 106 Leila St. - Johnstown, PA 15905

Howdy everybdy. Before I run out of room, to the matter at hand. Always seems you have everything in the world to say, only 15 lines to say it in. Some western stns here on Leila St. are inaudible but have been logged 3 houses down the street. Take CBW for instance. First & last time hrd was 2/21/72. West of my house are 3 buildings, all made of stone and brick, in increasing heights. Down the street, to the south, the nearest house is 100 yds. away and made of wood. XERF, KSL, & CBW boom in there, hardly ever hrd here. Now to inform some of you on regular receptions here. Top "areas" (states, provs, etc.) are: PA-124, VA-79, NY-66, OH-46, & NC-45. Other top finishers are WV ONT KY CUBA TN in that order. Most of my loggings are from the states of KY TN NC VA & NY. PA ranks 6th. (what do the states & numbers of the first list refer to?-Brh) Top freqs. are: 1340-35, 1380-23, & 1310, 1400, & 1580-22. Totals now: 926/32, 45/22, 7/2 & 18/4. Only verie was KAAAY after 9 months. Before I go, I would like to put in my two bits about this convention hassle. I would prefer Hammond-73, San Jose-74, & Johnstown-75. Already have the Convention bid form, hi. Till next time, 73s & Great DX to ya all.

Thomas R. Sundstrom - Box 205 - Willingboro, NJ 08046

Greetings. Domestic DX has been good here, picking up almost 20 new stns in NC, SC and GA alone in the last month thru SSS. If you have the SR-SS maps, you'll see Dec. and Jan. are the most advantageous months for us in the NE, clearing off locals while leaving everything to the S. still on the air, due to the angle of the SS path. Have added a "new" receiver to the shack...o/heard on the CB two boys talking about a Realistic DX-150A for sale. Not a mark on it, seals on the bottom indicated it had never been opened, calibration good all the way up to 10/11 meters w/good sensitivity up there, so I bought it...6 months old...for 30 dollars! Guess I should have worn my bandido mask, hi. This will now give me a good second receiver for putting WWV on the second channel of my stereo tape recorder, or sitting on the TTs & ETs that have infrequent IDs and heretofore meant my wasting of time on one stn testing while I could have gone hunting for several on other channels. See EDXR & DXWW for details...73.

George W. Jensen - 4604 Anntana Ave. - Baltimore, MD 21206

The best of the New Year to all! Would hope that the 73 convention will be a little closer to the EC, or are a few on the WC trying to form their own little conv. group? or clique? The club is for ALL E. & W., we all can't afford to travel the width and breadth of the country every year to appease what wounds like a few selfish children. Hammond in 73 and San Jose in 74. A few veries received of late follow: v/q-CBW WOKY WKIS WJW WMBS WDAK WCNR; v/l-4VI WCVR PJA-6 WOIO WPMP WMMW; v/f-WBMD WIZE. Many others out and not hrd from yet. Finally hrd a TA on my Zenith portable - WDR 1586 w/gud sigs. and audible audio. Many TA hets also noted on 1/4.

Tom Yingling, Jr. - 221 Pinewood Rd. - Baltimore, MD 21222

Happy New Year, and all that stuff!! I'm going to start the year off right by re-joining via airmail, for my membership is shot on 1/13. Welcome to IRCA John Sally, now join the NRC! Veries in are CFGO-1440 ex CKPM, KCBS KFUE WJVA WPSD TV, & WHAS TV. A funny thing about my KCBS verie, it came w/no stamp, no return address, no meter-stamp, just on the other side of the card from my address was the verification. Has anybody got WTWB verified yet? Well, nothing else to say, so 73s in 73.

Brian L. Cartwright - 106 Leila St. - Johnstown, PA 15905

Greetings everyone! Christmas has rolled around, so now I have 2 trs & a type-writer of my own. A lot of LAs were on for Xmas, but so were a lot of us Yanks. To top it all off, I fell asleep just before midnight, but woke up at 0230 & still managed 10 stns in 2½ hours. Hope to make 1000 stns by 1973, and have 6 days to do it in. Totals are now 995/45/7/20. Out to a Xmas party N. of Pgh the other day & had some very interesting DX. On 910, KGLC-OK was loud & clear, while 75 miles E. in Johnstown it's very hard to get anything thru WSBA. See EDXR for other stuff. Dave Schmidt has a good statement in saying "never say a stn doesn't verie." But lower down you may have noticed that he states "why don't a few of you cats in Baltimore get together and find out why WEBB WBMD WITH don't verie" I wanted to point this out so nobody else slips like that. Let's see CDXR get even bigger. But nonetheless, EDXR must be best. Let's see if every DXR can make 6 stencils 2 weeks after this appears. But for now, 73s and Hammond in 73.

Matthew Wall - 2006A S. Titan Circle - Rome, NY 13440

Hi all. I am here in Rome, NY visiting my sister & her family and making the most of the DXing chance. I lugged the Monarch rx & antenna all the way from CA in order to aid my DXing. Found that it would not work and I can't seem to find the reason. But I brought along a Sun (??-Brh) design portable radio also and am doing relatively well w/it. I am also doing a little DXing on FM & TV. We will be leaving 12/28. We have been here since the 11th. I have not received any veries but recent catches include some of the better ones of-WRC WSAR WAAB WBIS- daytimer which was hrd at night while having a frequency check, WFBR WTIC WMAL, etc. I hope to send for veries from many of them but am having trouble finding the time right now. 73s.

Gregory Spencer - 700 Clark St. - Martins Ferry, OH 43935

Hi! Does anybody know the verie policy of WGOE & WWRL? Seems that my DX fever is rubbing off on my teacher, a hi-fl buff who is starting to listen to BCB. I have started SC collecting, would like to trade w/someone. Have been doing a lot of sunrise DXing and the results are super!! 73s and CU later.

John R. Sally - 29926 Truman Ave. - Wickliffe, OH 44092

Greetings radio freaks! If you've never heard of me, it's because this is my first report. So, I may as well go through the boring process of an intro. I'm 16, a junior at Wickliffe HS. I've been DXing since the fall of 70, but my totals aren't very impressive for BCB-224/66, 35/22, 6/2, 6/2. I'm also a member of the WTFDA. My rx is only a Ross 5 band portable. It's not the radio's fault for the low totals its me. I don't DX often enough. Cleveland is a big problem for running o/nearby kHz here. If it isn't known yet, there will be a new station in this area, beginning about April. WUSM-1000 kHz, Parma, 500w-d. It looks like no more WCFL in the daytime soon! (No great loss-Brh) All letters and tapesponders are welcome. 73s and good DX for now from the cloudy, cold shores of the big sewer (Lake Erie).

Eric Herson - 146 Glenmont Ave. - Columbus, OH 43214

Hello, I've just joined the IRCA, & this is my first report to EDXF. I guess an intro is in order; I'm 15 and in the 9th grade and I use a Hallicrafters SX-110 & 3 LW antennas. Began SW DXing in 70 and did not start to DX BCB until end of 72. I also belong to the NASWA. I'm mainly interested in foreign BCB DXing w/13 countries hrd so far. Some of my other interests are radio propagation and electronics. I would also like to get in touch w/other DXers anywhere. 73s & good DX.

Adolph Holmes, Jr. - 65 Intervale Rd. - Teaneck, NJ 07666

DX greetings. Cx here great. I have a few things to commend people for. Shel Swartz: I'll send you a few reports of WFEA when I get back to school. Also I think DEE is a great Editor and I don't think anyone could do as great a job as he does. I increased from 3rd to 1st class & instant results. I'll tapespond w/anyone who has 1 7/8 or 3 3/4 or cassette. Also gud luck to Nancy and EDXR. I'm all for a get together in Boston since school is only 25 miles N. Beware DEE I have a blank page. Holiday greetings and gud DX. 69.978 trees. (John Guiney got 1st place -DEE)

Frank Wheeler - 6589 Wattsburg Rd. - Erie, PA 16509

Nov. 21 received WONA, Wioana Lake, Miss., 0224, 1570, new. Dec. 8 WITN Worthington NC, 930, 1830, new. Dec. 11 KVI, 570, 0253 through WFAA thanks to Worcester SM-1. Switched over to long wire antenna and could only hear WFAA then to Space Magnet & there was KVI S5. First Washington state in a long time. Dec. 11 rcvd WMWM Wilmington, OH on for NRC Test another new one 0315. No luck w/12/18 Specials except KNOE which was received S5, too much interference for the others. Had to work when WPAD & WMCS were on. 73s.

Gregory Spencer - 700 Clark St. - Martins Ferry, OH 43935

Hi! Stayed up MM 12/25. Got a great Xmas present in the form of KSL w/WWVA on! I wonder if any other DXers are crazy about 1490 & 900 kHz? Celebrating one year of DXing. Totals 137/111, 29/25, 3/2, 5/2. Well can't win them all. Someday I'll move up from this car radio & power supply. Recently received v/1 from WMOP for f/c hrd 12/18 which was poorly typed. Last paragraph contained apology saying he (CE) was recovering from a wild night. Tim Saltmarsh, what ever became of your stn list idea. (such logs already exist in the form of the Broadcasting Yearbook-Brh) SC traders write. I have lots of WKWK & WEIP SCs. All letters welcome. 73s.

P.A. Desmond Lanktree - Apt. 18, 68 Weber St. S. - Waterloo, N2J-1Z7, Ont.

In Jan. 72, CBM QSL'd my r/rpt. from London, Ont. w/card in 11 days, enclosing a bilingual fold-out w/3 sizeable photos of the new Maison de Radio Canada. Write-up gives details of complex occupying 25 acres on Dorchester Blvd., w/a concrete, stone, & glass tower rising 320' & 23 stories high. 6 CBC Montreal stns operate out of it. These, in addition to R. Canada International & the Northern & Armed Forces Services, broadcast 900 weekly hrs. of programming, about 1/2 being "live" FF programming. There are 26 radio studios on one level, the largest being 65' x 38'. About 1000-1500 visitors are expected daily. They all receive free guided tours routed through glassed-in walkways to watch live programming, then by escalators from studios to control rooms, then exhibition area w/closed circuit TV viewing for public of non-public areas, on to the main reference library, then to the largest TV studio in the world. Available are records & toys based on CBC programs.

One more page to go as I clean out my DXF report files. I always wondered how Lynn Brooks made those little dots across his stencils. Now I know. -Brh

Jerry Monroe - 1030 Bonnie Lake Rd. - Alden, NY 14004

Hi all!! Conditions have been excellent the past few MMs. Not too great TA-wise but domestic-wise it has been fantastic. It's amazing how the static level can drop so fast. This past MM 12/18 brought in a new country w/St. Lucia. Wish I caught s/on but I guess I'll have to try again. The veries have been rolling in w/WGAN KNOX KPMC v/q; WXCL KTGR KESM WQIZ v/l. KESM sent a Christmas card w/a free pen inside. I guess RP pays off. KNOX has a 2-cent stamp on the opposite side. Guess they don't get too many rpts. No sing of KNOE, WCWC Tests. WWRL may have been off 12/18. 1600 was pretty open. Well 73s.

Randy Minnehan - 975 Chestershire Rd. - Columbus, OH 43204

Hi everyone! I would like to urge everyone to report foreign catches to the DXWW, in order to make the 2nd edition of the IRCA Foreign Log next year even better than this year. I'll do my part if you do yours. Shel Swartz's CPC Action is truly fantastic. If things continue to go well w/it, we might make it so that CPCers would have to send only 1 letter to Shel, and forget the idea of writing 5 notices of a DX Test. More on this later. I'm glad the hockey networks were published. It's too bad no World Hockey stns are w/in reach. I agree w/Angel Garcia's comments on HOL82. It should be counted as the Canal Zone. Now, how about splitting the Dutch ABC islands into separate DX countries? If anyone wishes CPC info, please write me. Phone # here is 614-279-4342. I am almost sure to be home anytime after 2100 nightly. Hammond in 73!

Frank Lawrence - 603 Gunby Dr. - Richmond, VA 23229 703-282-4683

Well, things are starting to go around here. For receivers, I've gone from a blown-out Harmon Kardmon Stereo Recital to the exotic (ha, ha) Motorola table model, AM only. Local WTVR has apparently changed from R&R to C&W for anyone interested. Does WWWE verie? Couldn't find them in the Ready Verifiers list. 73s.

Larry V. Flegle, KEQ4754 - 1004 E. Powhatan - Tampa, FL 33604

Hi gang! It's 1973 & I hope my best year in DXing. Cx are good here w/several new catches. Veries in: v/q-WAPI; v/l-WEUP; v/ppc-WCCF WESR. Does anybody have a correct address for XEVIP? I sent a rpt to Ciudad Satellite, D.F. & it was returned insufficient address. Also how long does HIJB take to verie? I sent a tape, report in SS & 3 IRCs 5 weeks ago. I start back to school in 2 days & will be spending 2 hours a day at our radio stn WUSF FM. Since I'll only be at school 3 hours a day I'd say that's a good schedule. Take care & 73s to all.

While harmonics are not really BCB DX, just in a way, it could be  
 construed as such as it is BCB stns. I'll print them for interest's  
 sake as well as the fact that perhaps someone could ID an unknown  
 from the information found on the harmonics. Anyone else interested  
 in this aspect of the hobby, since some harmonics fall in the middle  
 of the BCB band? If so, send them along.

EDITOR: Richard C. Evans.

PHONE: 219-981-3232.

How many people took advantage of the blank back side of the CROP questionnaire, and used it to make comments to Father Jack. I did, though how good the comments were. I can't remember. Those who talk about the proximity of Hammond/Boston with San Diego/San Francisco should look at a map. Other than the Seattle/Vancouver groups, Frisco was as a bad a location to most casteners as San Diego. However, Hammond is some 900 miles west of Boston in the middle of the country. And I remember well the people in 1971 who touted a San Diego convention on the reason that NRC was to be in Frisco. DX'ers could then hit both spots with a minimum of expense and time. Plus, with the elections this year, San Jose's dates are not exactly the best timed. No veries, but an 1823 newspaper in from Steve Taaffe. Thanks, Steve. 73.

CPC Write-ups

The following write-ups include information received through Saturday, January 20, 1973. When you send CPC information, air mail is now suggested. First class is taking 3 to 8 days after the cancellation; even air mail is taking up to 4 days. Most importantly, anything worthy of being published in DX Monitor as CPC information (whether a genuine DX from a fulltimer, a TEST from a daytimer, or a frequency check) should be sent at the same time to Ernie Cooper for DX NEWS. This request has been made several times & this is just a reminder. Please provide Ernie with three weeks advance notice if at all possible. Addressing labels for CPC members are available. Also, IBM file cards on which to provide the information should be used when sending to IRCA HQ as all info is kept on such cards. Plenty of cards are available; if you've requested them before and don't have them, please write again.

WCPK, KLEB & WLNG are scheduled to test the morning WWRL leaves the air for erection of a new powerline in the vicinity of their transmitter. Watch carefully. -Cooper & Poterba  
KTGO will use cycle tone and march mx; reports to: Charlene Power, KTGO, P. O. Box 456, Tioga, N.D. 58852. -NRC/Skip Dabelstein

WERC, formerly WBRC, will have a very, very special program. The exact contents of the program are not being revealed in DXM to prevent misuse of the info; tune in both dates and be prepared for a surprise. Adult contemporary vocal music will be featured; a 2-tower DA protecting KMA & WFIR is used for this DX. Reports to NRCer Dave Gleason, WERC, P. O. Box 10904, Birmingham, Ala. 35202. -via George Bertonz

KRBB will conduct f/c, a new r/c according to CE, last MM of the month. 1000 cycle tone and IDs can be expected. Reports to: Mr. Paul S. Demaree, P. O. Box 29, Sallisaw, Okla. 74955. -IRCA/Jim Boyd

KOWB will use 5kw 1st 15 min's and 1kw w/DA last 15 min's; cycle tone and Morse Code IDs should help. Verie signer not given but it could be Bob Rule, a long time friend of the DXer. Reports to: CE, KOWB, P. O. Box 1290, Laramie, WY 82070. -IRCA/Bill Lemak

WPCF reports to: Mr. Reed Kinney, Asst Engr, WPCF, P. O. Box 1430, Panama City, Fla. 32401. Frequency IDs, mx, and mentions of NNRC will be aired. -NNRC/Gene Vonderembse

WEEO will conduct a PoP w/cycle tone, voice IDs. Reports to: Mr. Jim Hartzler, CE, WEEO, R. D. 4, Box 309, Waynesboro, Penna. 17628. -NRC/Wes Boyd

KOTA rpts to: Mr. William F. Duhamel, Stn Mgr, KOTA, Duhamel Broadcasting Ent., P. O. Box 1752, Rapid City, S.D. 57701. -NNRC/Gene Vonderembse

KVHN reports to: Mr. Rance R. Rhodes, CE, KVHN-KMAG, P. O. Box 143, Fort Smith, Ark. 72902. -NNRC/Gene Vonderembse

(continued on page 21)

Steve Moss - Rt. 7, Box 939 - Austin, TX 78703

Since this is my first report to CDXF, here is the usual intro: I'm 17, a junior in high school, and have done most of my BCB DXing since spring, 1972. My present totals for stations heard are 352 total, 28 states, and 17 countries. My rx is a DX-150A w/a 2' box or 2' spiral loop, and a preamplifier will be added (hopefully) this spring. Have found the IRCA most helpful, and am sure it will continue to be. Any letters from other members are welcome. 73's

Rick Pinson - 2919 Summerdale Ave. - Rockford, IL 61103

Hi, gang. Thanks a lot to Carolyn Forehand, Rich Eddie, Tom Jasinski and our editor for their letters welcoming me to the club, with special thanks to Tom and John for answering some of my DXing questions. For Christmas, I bought myself a new receiver, a Realistic DX-150A. With it, I logged my 100th station, and I look forward to several new ones this week during vacation. Totals now 105/83. Happy New Year and 73's.

Tom Butas - 5612 Alta Dena Dr. - Huntsville, AL 35802

This is my first report to the CDXF. For a beginning I've been DXing for 16 months. I'm 17 and a junior at Huntsville High School. Equipment here is a Lafayette HA-600A receiver with a (get this) Ford F-15801 car antenna, mounted 4' up. This is the best antenna I've had, receiving 37 states and 4 countries. Recent Christmas holidays has brought great DXing. With over 16 new stations & 3 states. If anyone has received anything from the following stations here in Huntsville, Alabama, PLEASE let me know: WVOV-1000, WBHP-1230, WFIX-1450, WAAY-1550 and WEUP-1600. I've sent at least 5 reports to each with no results. Recent veries are WBZ, WJMW, KCRL, KAAV (after 7 months), KCMC, WYDE, WDMG, KYW, KVOO, WGY & WAPI. New totals heard 187/87, states 37/34, countries 4/4. 73's good DX to all.

Karl Forth - 630 South Ardmore - Villa Park, IL 60181

Happy New Year RK's get-together was great; too bad I had to finally beat him in that hockey game, hi. Taped 'veries' are entirely different from written veries, and should be counted as such. I think we will be hearing more about this in the near future as members voice their opinions. DX over the past 12 months has been good, with a variety of receivers used. I started with the M-502 and the A-2685, followed by the TRF, and finally the HQ-160. Final totals for 1972: 692/355 42/40. JZ: Do you know the way to San Jose?? 73's from KDF.

Tim Holderle - 7845 Morgan Ford - St. Louis, MO 63123

Hi gang. Hope everybody had a nice Christmas. With the new space magnet I acquired I certainly did. 42 new stations in the last month! Totals now are 220/59 33/27 states. Latest veries are KPSO (500 watt day only) Palfurrias, Texas, WJAX, WSUN, WGST, and WEMP. My latest catches are KTWO Casper WY and KGBS Los Angeles. 1/8 was the last MM I will be able to stay up late as school starts again on the 15th. DX has really been coming into St. Louis lately. Even with the snow and generally lousy weather conditions even daytime DX has been up. West Coast noted especially strong on 1/8 MM. Well, that's about all from here. Best of DX and 73's to all.

John Zondlo - Palmer Hall Box 113 - Muncie, IN 47306

Greetings all! Hopefully veries will be coming back sooner now that the Christmas holidays are all over. Not only will the mail load be easier on the PO, but now the stations will have a slightly easier work load. Only verie here recently is WCPM 1280 Cumberland KY. Welcome to Steve Moss and Tom Butas - please report to CDXF often and let us hear what you're up to. On KDF's comments about taped veries- I find them just as valid as written veries. 73.....

Dr. Richard Wood - Dept. of For. Lang., LSU - Baton Rouge, LA  
 DX in my old home, Hawaii, seems to be looking up; Credo Bisquera has logged his first graveyarder. Congrats. It would have been sooner if Credo had not lived on a side of Oahu almost impossibly shielded from the U.S. mainland. Glad to see 5.2-5, taped "veries" in contests, went down to defeat; I believe the club is getting over this temporary aberration. A DXer cannot tape, write or carve a verification for himself. That can only be done by the station in question. Enjoyed Page Taylor and Russ Edmunds' provocative "WHY is a Country??" (Dec.23 DXM) However, there is no such political entity as the "British West Indies"; no governor, parliament, capital, stamp issues, etc. in that obsolete name. Whereas, the Netherlands Antilles has all of those features: its capital is Willemstad, Curacao, which is also the seat of its federal Parliament (the Staten), its Governor (whom I met when writing my Ph.D. dissertation in the Islands), etc. Each of the islands listed as the so-called "British West Indies" has a separate governor, separate stamps, and most have separate currency; e.g. BVI uses U.S. \$, others do not.

Glenn Hauser - Box 62 - Von Ormy TX 78073

My position on the "CIA controversy": The American members of IRCA are paying taxes to support CIA, whether we like it or not. FBIS through its lists is one of the few ways we get some value for our apolitical tax dollar. So I say IRCA should cooperate in making DXWW available--we all know the FBIS lists could be a lot more accurate and DXM could help toward that goal. As for the price, it would not be unreasonable to establish an 'institutional', slightly higher rate. This is standard practice for learned journals, which DXM occasionally approaches--as it is standard practice for such institutions or libraries not to have any say, i.e. voting rights, in running the organization. Welcome to all the new editors, especially to JZ and the long-overdue YLs. As they say in Winslow, Arizona, "KINO"--Keep IRCA Number One! 73 in 73.

Tom Kraft - 3412 8th Ave. N. - Great Falls, MT 59401

Hi gang. Little DXing done on BCB lately due to the fact that I finally got my ham station on the air. The call is WN7QXY and anyone wishing to sked please write (I have VFO). Heard KOWH 660 f/c on 12-3 and sent them my first report of the season. Got my spiral loop completed and it does a fine job. Mike McCullough stopped by last summer and we had a nice chat. His Space Magnet really amazed me. KEIN (former KKEF) has declared war on KUDI according to one of their DJ's whom I spoke to on the phone. KUDI has most of Great Fall's young audience presently. Well my time is up for now so 73s and Gud DXes Merry Xmas to all.

Dave Bright - 513 10th Ave. - Coralville, IA 52241

Hello again from the state of Iowa. I haven't been in these pages for 3 years, so you're all wondering who I am, right? I'm 20 and a junior at the University of Iowa College of engineering. I've DXed about 7 years with 1,400 stations from 42 states. I'd like to know what other members do about "inspecific veries". For example, if a station says, "Thank you for your report of the reception of WPIN." or "Thank you for your letter telling us you received KWIC Radio in Muscatine, Iowa." Do you count them? I'd like different opinions, also, is a station testing required to ID? (sure is-JZ) It's kind of frustrating to listen to a tone for 45 minutes and not get an ID! 73's and have a good 1973 DX-wise!

Be sure and check the envelope of your next DXM for a ballot card. Every member in good standing will receive one. Those who renew late will not. -DEE

Robert Kramer - 3406 W. Pierce - Chicago, IL 60651

Much DX to report lately, see DXR. Most outstanding (in my opinion anyway) has been KXLF-1370 & KOFI-1180, numbers 2 and 3 from Montana. KXLF I consider to be the best of the 2 because it was heard w/WSPD on at the time. On MM 1/8 I was able to report KOGO-600. For those guys wanting a California regional, that's got to be the best bet. They were really in strong. The get together here was a blast. Many new stations heard by KDF and myself. The best being KHAC-1300. Some interesting veries were looked at. We also paid an unexpected visit to Don Eggert (we even got him out of bed). Also visited was George Boules. It was an interesting time. Al Ogrizovich dropped by at 6:30AM. Can you believe Karl Forth and myself were still up DXing? I'm way over the 1,000 heard mark now. Present totals: 1040/730, 46/44, 7/7 & 11/10. I'm proud of myself for actually getting 3 CPC requests out last week. That makes 6 for the entire season. Well so long for now. Good DX. The Big RK in the Midwest.

Gary Nuthals - 1155 Mather St. - Green Bay, WI 54303

Hi. 1972 was very uneventful DX-wise with 11 new stations being heard. New veries: v/1 WOGO, KTOE, CFTR v/q KTWO, WAMB, WBCM v/f WWJC. Totals now 646/345 + 71 tape veries. Re-intro: am 19, student at UW-GB, started DXing in January 1969, joined IRCA in July 1969. Interests include SCing, DXing, trading local station tapes and commenting on pro FB, BKB & BB games. Have WDUZ Top 72 of 1972 SC's available in exchange for Top Lists of other cities. Would like to hear from SCers & sport fans. Will be supporting Hammond IN and hope to attend. Would like to comment Allen Denny on his work on the Sport Network List. Even though it took more than two years to be published, I'm sorry to see the RVL being discontinued. Good DX in 1973.

# #

CPC Write-ups (continued from page 18) WAMO will use mx w/voice annmts; this is r/c of their AXR. Reports to: Mr. Milford Flack, CE, WAMO, 1811 Blvd. of Allied, Pittsburgh, PA 15219. -IRCA/Brian L. Cartwright  
KGHL will use pop mx; call letters & other pertinent info will be sent in Morse Code. Reports to: Mr. Wayne Coffey, PD, KGHL, Box 1657, Billings, MT 59103. -NNRC/Gene V.  
WNWI will use march mx & IDs. Reports to: D. E. Wiggins, WNWI, Center St., Valparaiso, IN 46383. -IRCA/Glen Swiderski  
WKIG date will be MM 2/19; times changed to 0330-0345. This is a freq. check; rpts to: Mr. Don P. Cobb, WKIG, P. O. Box 98, Glennville, GA 30427. -NRC/Dave Schmidt  
Write-ups on remaining programs will be included in future issues.

Editorial suggestions: While this may (hopefully) be the last DXR stencil I ever type, I would like to make the same old suggestions a few more times for members who don't pay close attention. Please type or print neatly; one rpt was used only in part because it wasn't readable. Always include times and dates as applicable and be sure you make an effort to give whatever detail is pertinent to the reception. Times throughout the domestic sections of DXM are Eastern Standard Time. Please add 3 hours to your PST times and always report in EST. Abbreviations help provided they can be translated by the membership; please avoid unnecessary words such as "on" & "at" & "hrd". West Coasters have a choice: either better support of WDXR and WDXR or the loss of these sections. As publisher, the time has come to request of all editors, DXR and DXF, to NOT type stencils when there will be less than one full stencil for any issue and to advise there will be no stencils that week. Then, please combine with rpts for the following week. The job of filling in stencils for sections where there is too little support for even a full page is too time consuming for the advantages to the membership. A final request to members and editors: please do not report old DX; it's history, not news; editors, please do not use DX dated more than ONE MONTH prior to the date of issue you typed at the top of the page. That should provide a convenient and very liberal cut-off for the difference between news and history. -DEE

State of the Month Quentin K. Brown, 59 Kenilworth Street, Ottawa, Ontario CANADA K1Y 3Y5, advises that the next State of the Month will be Montana and that tips will be accepted through the deadline of February 15. Tips needed include formats, skeds, anecdotes, verification policies, location pronunciations, and how well stns are heard in your area.

Pen pal request The following received at HQ: "I am a 14 year old DXer from Finland. I am most interested in listening to Latin American and Spanish radio stations and am a member of Finland's DX Club." Esa would like a pen friend from the U.S. Please write Esa Ronkainen, Kunnarentie 2, 38200 Vammala, FINLAND.

Elections Postal service willing, next issue, dated January 27, 1973, will contain the ballot card for the selection of the site of the 1973 IRCA Convention and for selection of the replacement for the Board of Directors seat vacated by Lynn Brooks. Please vote promptly and return your card to Dave Prather, IRCA Elections Committee Chairman, at the address which should be mimeographed on your ballot card. Watch for the white ballot card in the bottom of your envelope; lost ballot cards will not be replaced; please take care you don't toss it out accidentally.

Bill Harang, 811 Nevada Ave., San Jose, CA 95125

Greetings from San Jose. You should have or you should receive your ballots for the '73 Convention site. If u vote for San Jose you're voting for fairness and fun. We have many stn tours & guest speakers planned. One of the guest speakers you can't miss, that is the Bay Area's most favorite radio personality, Tom Campbell of KNEW (formerly KLOK&KYA). The Convention is planned to be on the 4th of July weekend. For nature lovers, Big Basin and Portola State Parks which have beautiful redwood trees & scenery that ECers haven't seen, are nearby. Yosemite & Sequoia National Parks are less than 200 miles away from San Jose. Beautiful beaches and seaside attractions are nearby which are for your enjoyment. We offer you more beautiful scenery than smoggy, dirty and crime filled Hammond w/ the Chicago area. By the way, Hammond is officially in the East & is east of the Miss. River. The world champion Oakland A's and SF Giants are less than 50 miles away from San Jose. When you vote for San Jose, you're voting for something worthwhile! There was a mistake in my 12/23 DXF, it should read that we understand the EC's view on having the convention in Hammond. 73.

Percy R. Kesteven, 13112-134 St., Edmonton, Alberta, CANADA

Hi all. Hope you had a great Christmas. Thanks be to all who sent me Christmas cards. They were really appreciated! ...I don't know where our '73 Convention will be held, but, as President, I received solicitations from a number of hotels in various areas, asking that we consider their sites as possibilities. The brochures and letters came from San Diego (seems to me we had a bash there recently!); New Britian, Conn.; Liberty, NY; Boca Raton, Fla.; Toronto; Burlingame, CA, (on behalf of the Hyatt Hotel chain); Palm Beach, Fla.; Winnipeg, Man.; and from more exotic places like Christiansted, St. Croix, U.S. Virgin Islands. I even received a large packet of materials from the Excelsior Palace Hotel, Venice, Itlay! And we're stuck with the mundane choices of Hammond or San Jose, hi! I will not be running for President again this year, though I do hope to compete for a Directorship. I feel that it's someone else's turn for this job. (Also, the Club needs someone to straighten out the mess I've managed to create, hi!) Speaking from experience, I would say that experience on the Board of Directors is almost compulsory for any candidate for President. 73.

Kevin L. Slater, 755 N.W. 23rd, Apt. 2-B, Corvallis, OR 97330

Well, time for another report from the home of OSU. Thought I'd break away from the girls, booze, and school long enough to let everyone know I'm still alive. If anyone happens to be passing thru the area, feel free to stop by. Paul S. Lotsof is now handling the evening news on the half hou- on KVOO-1170 in Tulsa. Paul says that eastern Okla. and nearby Kansas is filled with daytimers which would make excellent DX specials. Paul says that he has all the right connections to arrange such tests and would enjoy handling the details. Too bad IRCA had to lose out on all those valuable DX possibilities just to satisfy the egos of the club's President and publisher. Maybe in another year we might be able to throw out these two dictators and gain some leaders who are genuinely interested in promoting the DX hobby instead of merely promoting themselves. By the way, it's interesting to note that we seem unable to keep out editors; quite a few "resignations" lately, it seems. Too bad we don't have a better BoD; not that they're all bad, just a few. v/1 KYNG. 73.

Wm Larry Cowles, 362 W. Marcus Drive, Tucson, AZ 85706

Hi once again and I hope everyone had a good Holiday season. Latest veries: KPFE, KSVN KSOM KPOF KRVN Tnksto de Fish, KSVC KAFE XELO WFLA WHAM KAVR WSUN KIFN KBEE KPOL KCMO and KP-9374 the KTOT remote. Very bad results for reports sent in Nov. I guess part of it was the heavy load at stns with Xmas advertising, etc. Hope things pick up after New Year. KVOY-1400 Yuma, AZ is NSP heard them Xmas morning and every morning since, like a local, wall to wall good music format. KTUC is now signing-off @2230 a little earlier. One new state as of late, Fla. w/ WFLA and WSUN. Still have KHEY, KTKT and KHOS Surveys for SC'ers, just pay the postage. KOPO-1450 Tucson now has 500 watts day, started last month. KTKT still hasn't changed its day pattern, should come about in Feb. They have to put a null toward Phoenix as the owner also owns KRUX Glendale, AZ and the coverage areas now overlap. 73's

\*\*\*\*\*  
Note: What you send me gets printed....so please make sure your wording and such is exactly as you want it printed! I'm not going to try and second guess you or read your mind. Thanks. Bill Lipis, Box 325, El Cajon, CA 92022. =====

The preceding list of renewals includes those from July thru early November; the remainder of the past renewals will be listed as soon as possible. Early renewals are invited, appreciated, and requested. When you renew, if you'd like your call letters (ham, WPE, WDX, CB, or other) to appear on your label, just say so and they'll be added. There is no room limit on a label now that we are no longer using the computer. All renewals should be sent to IRCA HQ, c/o Donald Erickson.

NEW FCC ID RULES On page 17 of the 11/25 DXM we promised to publish the new FCC rule on station ID's as soon as it became available. Mike Northam has kindly sent a photocopy of the Federal Register, pages 23723-23726, 11/8/72, so we can now fulfill this promise. Thanks, mbn.

The station ID rule is Section 73.1201 under Subpart H, "Rules Applicable in Common to Broadcast Stations," so the rule covers AM, FM, educational FM and TV broadcast stations. Paragraph (a) was changed to provide for hourly ID's on both radio and TV, as close to the hour as feasible, rather than within a 2-minute limitation, and the ID on the half-hour was eliminated for radio (it was not required for TV before). Furthermore, paragraphs (d), (e), and (f) were eliminated. Paragraph (d) pertained to program interruption (breaking for ID's in sports events, concerts, or other continuous broadcasts), (e) pertained to deferred station ID's (postponed by any of the above), and (f) provided for ID's up to 15 minutes late during equipment performance measurements. Since (a) now states "as close to the hour as feasible," the detailed rules in (d), (e) and (f) are now unnecessary. Paragraphs (b) and (c) are unchanged, and are reprinted below.

Here is the new regulation, effective December 15, 1972:

Section 73.1201 Station identification.

(a) When regularly required. Broadcast station identification announcements shall be made: (1) At the beginning and ending of each time of operation, and (2) hourly, as close to the hour as feasible. Television broadcast stations may make these announcements visually or aurally.

(b) Content. (1) Official station identification shall consist of the station's call letters immediately followed by the name of the community or communities specified in its license as the station's location.

(2) When given specific written authorization to do so, a station may include in its official station identification the name of an additional community or communities, but the community to which the station is licensed must be named first.

(3) A licensee shall not in any identification announcements, promotional announcements or any other broadcast matter either lead or attempt to lead the station's audience to believe that the station has been authorized to identify officially with cities other than those permitted to be included in official station identifications under subparagraphs (1) and (2) of this paragraph.

NOTE: Commission interpretations of this paragraph may be found in a separate Public Notice issued Oct. 30, 1967, entitled "Examples of Application of Rule Regarding Broadcast of Statements Regarding a Station's Licensed Location." (FCC 67-1132; 10 FCC 2d 407).

(c) Channel--(1) General. Except as provided in subparagraph (2) of this paragraph, in making the identification announcement the call letters shall be given only on the channel of the station identified thereby.

(2) Simultaneous AM-FM broadcasts. If the same licensee operates an FM broadcast station and a standard broadcast station and simultaneously broadcasts the same programs over the facilities of both such stations, station identification announcements may be made jointly for both stations for periods of such simultaneous operation. If the call letters of the FM station do not clearly reveal that it is an FM station, the joint announcement shall so identify it.

You might be interested in the FCC's accompanying order printed in the Federal Register and what it had to say about changing the ID rule. "Requirement for more frequent identification of AM's and FM's is unnecessary. Identification at a natural break in programming is a simplification and restatement of the present 2-minute provision and its allowable variations." The FCC later states that all seven rule changes (see 11/25 DXM) will be "to the benefit of many and to the detriment of none; and that they will better serve the public interest. Therefore, prior notice of rule making and public procedure thereon are unnecessary . . ."

Really, unless a station has an uninterrupted hour of dinner music or underground, you probably won't hear the call letters any less often. You just may not hear the city of license at the bottom of the hour (like, KISN vancouver?). --BH.

Editor: Father Jack Pejza, 3266 Nutmeg St., San Diego, Calif. 92104. Deadlines: Fridays. Use GMT (EST + 5 hours) in reports, one side of page, preferably typed in order of frequency and by region. Telephones: 714-282-0076 or 714-282-2184.

##### 1973-- Year of Cooperation among DXers #####

Geomagnetic Indices-- Jan. 3-9 2 8 17 17 5 11 13

Geomagnetic conditions, unsettled on the 10th, are expected to become quiet after the 12th.

#### Listeners' Loggings-- Trans-Atlantic

- 1502 ... Poland, Warsaw 1/8 0500-0509 quite strong, but fluttery with man and woman with talk in language and brief musical interludes; some 1510 splatter, but local WTOP was off, natch. (WBF,E)
- 1554 ORTF France, Nice strong het noted between WQXR and CBE 1/5. No audio however. 0145 and through most of evening. Finally noted with audio and of good strength and readability on 1/10 from 0500-0518 plus with commentary in FF, brief bits of music, and what I guess was a comic sketch. All in FF, with male announcer(s). Severe slop from CBE-1550 and WQXR-1560. (GWJ,E)  
+ORTF suspected as source of carrier 1/7 0415-0430. Long fades. (JET,C)  
+Very good at 0700 1/7, but only 4 pips. "Inter-Verietes" also little tune. Xylophone heard after the pips. (JMo,E)
- 1586 WDR West Germany, Langenberg (Köln) noted with best signals ever on 1/4 from 0120-0140 with western type jazz music, (instrumentals and vocals) in GG and ID in GG at 0131. Signal good with little fade until 0140. (GWJ,E)  
+Suspected source of carrier 1/6 0400-0416; no audio. (JET,C)
- 1594 ??? UnID TA noted 1/8 0515 and on with what seemed to operatic or classical music program; carrier pretty good, but modulation was weak and heavy flutter present on TAs this AM didn't help any; wonder what the chances of Esbjerg are. (WBF,E) (Where's that? Ed)
- 1602 BR West Germany, München 1/8 0532-0537 better than usual, but with flutter with man and woman talking in GG; some WWRL splatter, but not too bad. (WBF,E)  
+Moderately strong TA het noted on 1/5 at 0150 and through most of the evening; presume this the German assigned to that frequency. (GWJ,E)

#### Trans-Pacific

- 830 KIKI Hawaii, Honolulu 1/7 1450 with rock music, Philipino program at 1500. Goo XEVQ also here. No JOBB since 12/18. (RS,W) (Nor here. Ed)
- 970 KPUA Hawaii, Hilo 1/6 0930, clear ID, 113:30 PM TC through KCHV OC. (JEC,W)
- 1005 ... North Korea, Will Pacific area DXers please check around 1240-1300 to see if Hamhung is in JJ instead of KK at this hour, and if //3016, where I have heard JJ from R. Pyongyang 1/5. Could be the first TP harmonic! (GH,C)
- 1040 KHVH Hawaii, Honolulu good 1358 1/5 with Honolulu ID, TC, MoR music. No Peking. (RS,W)
- 1178 VOA Ryukyu Islands, Okinawa male in KK 1335 1/7, in big, made the old loop glow. KCBQ slop a problem. First time I've tried for this power at this time, thanks to Gene Martin's note in DXWW 12/30. (RS,W)
- 1550 4QD Australia, Emerald, Qsld., no specific ID, but very civilized YL reading s/off info 0930 1/8. Besides KORL, this was the only TP peeping above LAs big night. (DS,W)  
+Six pips 0900 1/8 with ABC national news; fair steady to 0905. (JEC,W)

#### Latin America

- 540 HICM Dominican Republic, Santo Domingo, Radio ABC. Commentary by a man in SS from 1055-1100 as it quickly faded away in the D.R. sunrise 1/8. (JPM,C)
- 540 YVOV Venezuela, Machiques, Radio Perija, definite ID noted 1/8 from 0030-0059 in SS with mucho LA type bolero and tango music in a program called Buenos Noches, Buenos Aires. YL announcer; few IDs or commercials. More normal type of Venezuelan music noted at 0100. Signal very good with few fades and only slight QRM from Radio ABC, HICM. Definitely not a bad catch, but gets a bah-humbug from the Jensen bag of such goodies for fooling me to think it could have been LRA14 on the same frequency. (GWJ,E)

- 570 HJND Colombia, Bogota running AM on Xmas morning, 12/25, man mentions of Colombia and Bogota. (JMP,E)
- 570 YNRR Nicaragua, Managua noted 0932 1/1 with rooster IS and many mentions of Managua and Nicaragua, in null of HJND and WKBN with WMCA off. WMCA SSB at 0934 killed them. (JMP,E)
- 635 HCHA2 Ecuador, Quevado, "Ondas Quevadenas" noted regularly most evenings with fair signals. Up-tempo music and many promos. (RFS,E)
- 645 ZP.. Paraguay, "Encarnación"??? Had two fairly clear IDs on this one last season, but called it "tentative" because of the critical importance of this station among DXers. Sounded nothing like "Caaguazú." The case isn't closed yet--not until we get an affirmative QSL, etc. Reception this season has been lousy. (RFS,E)
- 650 HIAT Dominican Republic, Santo Domingo, Radio Universal believed to be the station here at 0950 1/8. No definite ID, but looped right. HJJX QRM at times. Strong until covered by YVLH s/on. (AM,E)
- 650 YVLH Venezuela, Maracay, R. Girardot a powerhouse at 1001 s/on on 1/8. NA, followed by complete s/on announcement. Completely covered HJJX/HIAT. (AM,E)
- 660 YVNA Venezuela, Coro, 1000 1/8 s/on zapped my UnID FF; Wish Ondas de los Medanos would go wave somewhere else...(DS,W)
- 660 ??? UnID FF excitable fellow with long raps and mediocre Latin music 0940-0950 1/8. 4VUE? Foreign Log sez s/on at 1000, so? (DS,W)  
+UnID FF talk re Vietnam over rumble, 1/8 0940; St. Lucia or Hiti? (GH,C)  
+FF/creole? Male with s/on ID, 3 or 4 sets of call letters, chime in the background. Second male with program schedule? Third male with news. Got a good tape. Haiti? (RS,W) (4VUE s/on listed as 1000. Ralph, probably what you heard. St. Lucia s/on listed as 1545 in WRTH. Anyway, do they broadcast in FF? Ed)
- 670 XETOR Mexico, Torreón, Coah. 1/8 0050 Mexican music, 0057 s/off distorted till 6 AM; also 1/8 at 1300 ID; RCN plug; heard both times on 2010 kHz, tho //670 detectable in morning. (GH,C)
- 670 YVLL Venezuela, Caracas with news and distinctive "ding-ding" 0958 1/8.(DS,W)
- 690 CMBC Cuba, Havana 1/1 2330-2335 atop domestics for a while. Good solid Radio Progreso ID. (JET,C)
- 700 HJCX Colombia, Cali strong 0920 12/29 with many "Sutatenza" IDs and no sign of Jamaican; WLW nulled. (JMP,E)
- 725 SRS Surinam, Paramaribo 12/26 might have been the carrier noted 0913. A check at 0940 showed them in Dutch with fair signals. (JAM,C)  
+Up-tempo music 1/2 0027-0045, really wierd Eastern-type, not SS. Later DDnewscast. (JET,C) (Hindi, I believe. Has been mistaken by some for North Korea or even Thailand. Ed)
- 730 HJCU Colombia, Bogota 0828 1/8 dandy ID, promos, Radio Melodía in/out with TGN. (DS,W)
- 730 TGN Guatemala, Guatemala City 0828-0830 1/8 apparent s/off with YL giving frequency list. (DS,W) (S/off listed in WRTH as 0430, but has been heard this season as late as 0757 previously. Last season, Bill Feidt noted s/off 0828 12/27, probably on late for holidays. Maybe new s/off time? Ed)
- 735 HCGB1 Ecuador, Quito, "Radio Melodía" with a lot of US rock, in well evenings. ID given slowly but excitedly. (RFS,E) (Ex-740. Ed)
- 735 ??? UnID, 1/2 0046-0100, very weak signal; SS MoR music. Just too weak.(JET)
- 740 CMJL Cuba, Camaguey, excellent all evening 12/28 with no trace at all of CBL, CBX, KCBS. (JAM,C)
- 746 ??? UnID 1/2 0050-0100, no audio, just low level carrier. Looped to LA.(JET,C)
- 750 HJDK Colombia, Medellin 0900 1/8 with CARACOL. dinning in my ears. (DS,W)
- 750 YNX Nicaragua, Managua mentioning Managua and Nicaragua several times; no slogan heard. Male announcer, steady talk 1143 1/8. (JEC,W)
- 760 XEABC Mexico, D.F. 1200 1/8, "Muy buenos dias" s/on; "Ah Bay Thay" with KGU and WJR. (JEC,W)

- 765 YSKL El Salvador, San Salvador 1/2 0104-0115 outstanding level; SS music with 2 or 3 DJs. (JET,C)
- 800 XELO México, Ciudad Juarez, Chih. 1130 1/2 IDed in SS (not XEROK); no ads till 1145. KDDD, Dumas, Tex. on regular FC with tone, but no IDs heard. (JEC)  
+Noted going AN after checking at 0930 1/1; announcer mentioned that "Radio 800" is operating with a new transmitter and at a new power. "Radio 800's new format will be music requested by you--you the listeners" and he gave a phone number and an El Paso P.O. Strangely enough, XELO call letters haven't been heard by me in a long time, just many "Radio 800" IDs. (JAM,C)
- 800 PJB Netherlands Antilles, Bonaire here every night with other stations, but on 12/28, was in like a local with no sign at all of CHAB, XELO. etc., even with PJB nulled. (JAM,C)
- 805 ??? UnID CA, "Radio ..", a 2-letter ID similar to BB-1225. VL announcer. (RFS)
- 810 HJCY Colombia, Bogota 0912 1/8, Radio Sutatenza ID and so on. (DS,W)
- 810 CMJE Cuba, Camaguey. Is this the one here with "Radio Progreso" IDs. Or are they now "RadioEnciclopedia?" Noted 1/1 0718. (JMP,E) (Listed with both slogans in RFS Cuban list. Ed)
- 810 XEFW México, Tampico, Tamps. good over KCMO with ranchero music 12/28; s/off at 0403. (JAM,C)
- 821a HIAZ Dominican Republic, Santiago 1/9 0015-0056 fair with Latin vocals and some NA music; Radio Santiago ID noted at 0030; signal pretty good, but strong het against 820 makes copy a little rough. (WBF,E)
- 840 ... St. Lucia, Castries, Radio Caribbean ID heard over WHAS carrier after "Back to the Bible" show 0944 12/18, "on 357 meters medium wave." (JMo,E)
- 850 HJKC Colombia, Bogota 0833 1/8, La Voz en el Camino seemed very excited about CARACOL's 25th anniversary. (DS,W) (Station slogan is Emisora Nuevo Mundo; what you heard was the program title. Ed)
- 855 PJC2 Netherlands Antilles, Curacao 1/2 0130-0140; low level, MoR music. Some EE vocals. Dutch DJ. (JET,C)
- 860 YVOL Venezuela, San Cristobal with beautiful Radio Junin ID 1016 12/30. (DM,E)
- 880 CMAF Cuba, Pinar del Rio, excellent signals all evening 12/28 from 0100 on. No sign of WCBS and semi-local KRVN was almost non-existent. (JAM,C)
- 885 ... Montserrat, Plymouth 1050 1/8, fair carrier with very weak music and unreadable talk. Looping LA. KRVN s/cn at 1100 wiped them out. (RS,W)
- 910 YVRQ Venezuela, Maiquetía, R. Aeropuerto presumed on 1820 kHz; 1/4 0413 with light classical music; seems AN. (GH,C) (So listed by Cesar Objic. Ed)
- 920 XEBH México, Hermosillo, Son. s/cn 1/8 1300 with KDEO already on (their s/cn at 1300 also. LAs on 810, 850, 900, 760, but no ideas. TP on 660 also. (JEC,W)
- 925 PJA6 Netherlands Antilles, Aruba 12/31 2345-0000, very low level; music. (JET,C)  
+Tentative, no IDs heard, but what else could it be? In the clear at 1005 with a quite strong signal, but by 1015 the reception quality had begun to waver. No particular sideband splatter from WKY-930 noticed. 1/8. (JMP,C) (Just about sunrise time there. Ed)
- 930 XEU México, Veracruz, Ver. , Radio Núcleo Oro is the slogan. (heard on 5580 6th harmonic! 1/2 2155-2233; SS music and talk, New Year's greetings, dedications; also 0414, distorted; 1/3 2338 local ad, 2359 ID with FM; no longer heard on SW 6020 channel. (GH,C)
- 940 HJGB Colombia, Cali 1/6 0700 peaking briefly over WINZ with Todelar/R. Eco ID; thanks to Al Merriman for tip. (WBF,E)
- 990 TGAF? Guatemala, Mazatenango, nominally 950 perhaps the station heard on 2970 1/5 0250; IDs every quarter hour, but unreadable except for 950 frequency given; 0557 long Guatemalan NA, 0601 off; also 1/5 1215-1240 fade with arithmetic. Perhaps Radio Indiana. (GH,C) (Listed in FBIS on 950; in WRTH on 990. Ed)
- 1000 PRB9 Brazil, Sao Paulo heard here while trying for KKIM f/c; XEOY partly nulled; good by no IDs noted here. 0720 12/25. Ernie Cooper sez this was them, though. (JMP,E)

How come so few TPs? It's not that people aren't trying...

- 1012a HJHN Colombia, Radio Sutatenza 1/8 0100-0111 very strong here with ID and into news in SS; much weaker //noted on 960, so I suppose this is the superpower job and the 10 kw is 960, but which is Barranquilla? NRC Log gives Barranquilla as 100 kw, while WRTH says Magangue and Barranquilla as 120 kw on 960. Ah---confusion; //s also noted on 700 and 810. (WBF,E) (FBIS also lists 960 HJHN as 120 kw; HJOC, Barranquilla as 10 kw on 1010. RFS Colombian list in NRC lists 1010 as HJOP, 10 kw, Barranquilla, and HJHN, 120 kw, in Magangue. Ed)
- 1024 ??? UnID, seems to be located on an island ("isla"). Plays both HJ and YV music. Not "R. Margarita" which is strong on 1020. (RFS,E)
- 1025 TIAC Costa Rica, San Jose 0355 1/5 male SS, nice big fade, in at 0400 for R. Fides s/off ID, anthem in background. Carrier off 0403. Good. Noted 1/6 0345. Fading. (RS,W)
- 1055 HJFZ Colombia, El Espinal, replaying my tape, I caught mention of "hora Super" between TCs, so add this to the "Super" network. (AMG,E)
- 1070 HJAH Colombia, Barranquilla, Emisora Atlántico, new harmonic on 2140, 1/4 0401 SS music, 0403 ID, 11:05 TC; (GH,C)
- 1075 TIFC Costa Rica, San Jose, 1/8 0415-0432, EE religious program; fair level. (JET,C)
- 1135 ??? UnID, 0350-0410 1/8, SS music, good level, pompous sounding SS DJ; some EE music, but I was unable to catch an ID. (JET,C) (The same one reported by Gene Martin a couple issues ago? Ed)
- 1150 YVMV Venezuela, Punto Fijo 1/1 0720-0735 with music program with Ondas del Caribe IDs and AST TCs between cuts; really dominated this spot in the absence of WHMC. (WBF,E)
- 1155 YSCF El Salvador, San Miguel, Ondas Orientales 1/8 0523 melodías, giving phone number; better on 2310 kHz where first noted; 0530 NA and off; also on 2310, poor 1/4 0041. (GH,C)
- 1190 HJCV Colombia, Bogotá, R. Cordillera, new harmonic on 2380 kHz; 1/4 0408 CCI (Co-channel interference--Ed), 0517 SAH with another; 0620 EST TC, 0633 TC, ID, music; seems AN. (GH,C)
- 1200 YSDL El Salvador, Mejicanos. Music interspliced with announcements; between each music selection, at least 3 announcements were IDs. Even so, I didn't catch the entire ID, only the tail end giving the city. This was the only thing on 1200 at 1025-1055 1/8. (JPM,C)
- 1216 ??? UnID CA, either YS or YN. IDs with call in 1-2-1-2 syllables and "Radio ...iedad"? Noted 1/5 0445. (RFS,E)
- 1225 TIBB Costa Rica, Cartago 1/8 0150-0200, lowlevel SS music, with woman DJ; some fades. (JET,C)
- 1250 HIBC Dorinican Republic, San Francisco de Macoris presumed the SS world news under WWV on 2500 kHz 1/8 1115, as HIFA was pounding in on 3199.7. (GH,C)
- 1265 ... St. Kitts, Radio Paradise heard 1/3 thanks to IRCA DXM scoop; 0047 talk, 0059 organ music and announcement, 0100 maybe news; tough copy 0300 sermon sound, but seems off at 0310 check; also 1/4 0045 sermon; 1/5 0200 giving frequency, ID. (GH,C)
- +A weak carrier noted 0200 12/27 with lots of splash from local CHSM-2150. (JAM,C)
- +Religious programming 12/30 0050-0137. Did mention special certificates to DXers. Good levels but some static due to rain storm over Kansas City. Word of Truth program 0115-0130. Religious music 1/8 0135-0145, good level and no fades. DJ announcing letters received from listeners. (JET,C)
- +Basseterre any evening, sometimes till 0300, much much better than 555. (JMo,E) (Lots stronger. Ed)
- +Basseterre/Ponterife very strong here evenings since they started testing 12/26; also 0900 s/on, usually quite good here. S9+20 here, only four miles from WBUD-1260. (JMP,E)
- +Noted 1/6-7-8. Male unreadable most of the time, hymn type music noted. Good carrier at times. Fades. Messy frequency, local on 1260 (KGIL-Ed) very sloppy ones on 1270. S/off at 0300? (RS,W)

- 1265 ... +Noted 1/3 0030-0300 s/off with "50,000 watts of golden gospel power." All canned gospel programs. On later nights /off noted as early as 0240. Excellent signal here that even exceeds local WBUD-1260. (TRS,E)  
 +Not on at 2350 1/7 but they were noted at 0717 on 1/8, apparently testing. Some tone at times. Possibly having transmitter problems. This station should make it to West Coast. (AM,E)  
 +In with S9 signal 0207-0237 s/off 12/28; not so good on 12/29, but readable ;audio at times, working up to about S6 by 0230 ID. (DM,E)
- 1270 XEAZ México, Tijuana, B.C. uses Radio Rancherita SIDs. Local slop from this one blocks me from St. Kitts-1265. (FJP,W)
- 1270 XENX? México, Mazatlán, Sin. likely on 2540 due to late hour of 1320 1/5; SS music, talk, and since IDed last year; another station QRMing. (GH,C)
- 1300 XE.. México, León, Gto. (calls unknown) on 2600 kHz 1/5 1313 local tire ad, over China; then 3-minute fast TC "en Serenata Trece"; also 1/4 0042 usual mix of at least two harmonics. (GH,C)
- 1339½ XE.. México likely from the late hour, on 2679 kHz at 1318; SS ads. (GH,C)  
 +Bad het noted here all evening 0100-0400 12/28 completely wiping out semi-local KAPC-1340. The het was gone when I got home at 0730, so maybe a domestic off frequency? (JAM,C)
- 1340 HRH6 Honduras, San Pedro Sula, Radio El Mundo, I probably erred in thinking call was HRHC as in previous report; heard again 1/8 1132 ID on 2680. (GH,C)
- 1345 HCRT6 Ecuador, Ambato, "Radio Paz y Bien" continues to be regular every AM past 0930 s/on. Good IDs. (RFS,E)
- 1350 HJ.. Colombia, on 2700 1/8 1121 SS vocals, not local KCOR-1350, never heard on 2700 despite 1350 strength; 1126, "La Voz de ..." ID, so probably one of the two Colombians so listed; 1145 fadeout checks with Tulua fadeout time. (GH,C)
- 1390 XEOR México, Reynosa, Tamps. 1/6 0602 end of news, ID, s/off with slogan sounding liek "Radio Registro." (GH,C)
- 1395 HCVE4? Ecuador? La Voz de Esmeraldas likely, 1/8 1004 monotonous 6/8 music; "la montana"; 1007 announcement seemed to give this frequency, and this is only known station nominally here; 1030 unreadable ID. (GH,C)
- 1410 XEKG? México, Guadalajara, Jal. likely the one on 2820 since IDed here in 1968, and late hour of 1307 1/6 with 7:09 TC; SS ad, polic PSA (big in Mexico) (GH,C)
- 1413 HJ?? Colombia? 1.8 1035 SS music; 2 Colombian possibilities here as last year, cf. IRCA Foreign Log. (GH,C)
- 1435 ??? UnID 1/8 0115-0125 low level, long fades, no audio, tough station to log. (JET,C)
- 1440 XEVSD México, Villa Constitucion, B.C.S. 1330 1/6, IDed in SS twice through KUHL and KPRO with male announcer. (JEC,W)
- 1454½ YNTJ Nicaragua, Jinotega, Ecos de las Brumas, excellent source of earthquake info, since R. Nacional was off SW and YNX-750 was poor; also noted 1/4 0043 with stuck record; 1/8 0037 music, back on air after 3-day absence. All on 2909. (GH,C)
- 1475 YNAG Nicaragua, Chinandega, R. Cosigüina listed 1/6 0207 SS, Nicaragua thanking Pres. Nixon; het of a few hHz (hektoHertz); also on 2950 harmon. 1/4 0035 earthquake emergency network //750. (GH,C)
- 1479 XETKR México, Monterrey, N.L. 1/6 1248 "TKR" ID on 2958 kHz; also 1/8 1230 with "Amanacer Petrolero" (for oil refinery workers?). (GH,C)
- 1480 XEPR: México, Paza Rica, Ver. (rich harmonic town) heard on 2960 1/5 1214 IDs 2-minute slow TCS; also 1/4 0044 2 stations SAHing. (GH,C)
- 1490 XEMK México, Huixtla, Ghis. R. Mexicana (possibly my UnID R. Mexicana on 1490 sometime back, although there could be several), heard on 2980 1.8 1156 s/on over another harmonic; "Mañanita Alegre", 1213 ID; other station heard from 1148; also on 1/2 at 0536 at least two stations mixing; then covered by Oakland Aeradio; (GH,C)
- 1505 ??? UnID 1/8 0105-0110 very low level; two stations about 50 Hz difference in frequency; looped to LA. (JET,C)

- 1515 YNCZ Nicaragua, León, R. Progreso, new harmonic on 3030, 1/4 0015 SS talk and music; 0023 proclamation about "el area del desastre"; //750 net central. (GH,C)
- 1520 HJLQ Colombia, Barranquilla, R. Minuto, new as harmonic on 3040; 1/4 0416 SS pop music; 0429 EE soul music, vibraphone arpeggi; 0510, 0600 still; 0700 YL ID, 0708 2 IDs, appears to be AN. (GH,C)
- 1525 TIEEAW Costa Rica, Turrialba, 1/8 0050-0105, R. Turrialba. Low level MoR music; man DJ. (JET,C) (I thought ID was R. Columbia, John. Ed)
- 1537½ HR?? Honduras, Tegucigalpa, R. Comercial, nominally 1560, is heard on 3075 kHz which indicates variant to here (unheard) or possibly 768 kHz which should be checked also, or even 1025. 1/8 0346 jingle, 17:10 (17 para las diez) TC, ID, "Dinámica 76" (or "73"?) may indicate a relay frequency; 0356, 0359 ditto, "Dinámica": 0459 worse at expected s/off; also 1/6 0412 with very distorted vocals, "Reloj Comercial," man and woman alternately in Cuban style; 0459 cutoff in midnote without announcement. (GH,C)
- 1550 HJZI Colombia, Bogota apparently the ESTer 0930 with Radio Fantasia IDs and light instrumentals. (DS,W)
- 1550 TICCR Costa Rica, Ciudad Quesada, noted here after CBE s/off 0618 12/30, assumed to be Colombian when first heard, tape replay had several "Radio Cima" IDs on it. (JMP,E)
- 1550 TG.. Guatemala, another mystery: "Cadena Azul de Guatemala" heard on 3100, 1/8 1101 with net list of several stations without frequencies; no Guatemalan known on likely fundamental here, or on 620; 1203 ditto, "Transmitiendo al nivel nacional"; 3 cuckoos; i.a. stations ment. incl. R. Caterizal(?) en Quetzaltenango, R. Modelo en Retalhuleu y Zacapa, and at 1208 Radio Emperador en Guatemala, probably the net originator (915 kHz). Maybe the WRTH'73 will clear this up? (GH,C)
- 1555 HCTR3 Ecuador, El Guabo, "Emisora la Voz del Guabo" now regular evenings to s/off 0430. Fair signals, native music. (RFS,E)
- 1580 YNE Nicaragua, Managua. This one AN 12/25 with program sponsored, I believe, by Volkswagen. Surprising in that this was just a few days after the earthquake. (JMP,E)

#### Verifications

- 764 ... Senegal, Dakar, card in 2 months with African instrument on front, verie statement on back, for one IRC and FF report. (JMP,E)
- 818 ... Andorra, La Vieja, nice card with picture of transmitter site atop mountain, and bumper sticker, along with some FF stamps for the cancelled US ones I sent. Took 1½ weeks for FF report and 1 IRC. (JMP,E)
- 818 ... Morocco, Rabat, inspecific FF/AA green v/q in 2 months for EE taped report. Fortunately there was a "Your report is correct" message scribbled on the back and an AA V/s referring to my lengthy report of 818/827/1232. No answer to my query about current power on 818. (AMG,E)
- +Received green card with "Your report is correct" scribbled on back. Took 3 months for taped report. Also 5 travel folders in FF. (AM,E)
- 855PJC2 Netherlands Antilles, Curacao, R. Curom sent standard cactus QSL in 5 weeks. According to card, the power of this one is 10 kw, not 5. (AM,E)
- +Specific v/q with cactus drawing in 2 months for EE taped report. (AMG,E)
- 925 PJA6 Netherlands Antilles, Aruba, Oranjestad, R. Victoria sent very brief, very specific letter and form letter and folder about station by air for report of 11/5. Reply sent air, arrived 1/4. Verie signer is Robert Catter CE. One IRC was used. (GWJ,E)
- 1088 BBC England, Crowborough standard BBC card sent in about 2½ months for 1 IRC; 1088 khz typed on back. (JMP,E)

#### New Year's Receptions-- Ron Schatz

The following stations were noted AN MM 1/1: Union Radio-675; Radio ..-805; Emisoras Fuentes-920; Radio Punto Fijo-940; La Fabulosa, WFAB-990; La Cubanísima-WQBA--1140; Radio Caribes-1146; Radio Puerta Plata--1241; Radiodiffusion Haitienne--1246; Radio Métropole, Haiti--1280; PJD2-1295; Radio Haiti-1330; Radio Kalkboom-1435; Radio Sogomosa-1445; La Vicx de Peuple--1475.

The new Cuban Year, per Radio Liberación is "...en el año del 20<sup>mo</sup> aniversario- Martí -autor intelectual del Asalto de Moncado." (26 July 1953). Last year it was "año de la emulación socialista."

#### IRCA Foreign Log

"Enclosed you will find another \$2.75 for another IRCA Foreign Log. My first is worn out already from constant use... I think I'll order two in the future; one for my DX library and one for jotting noted and flipping through on MMs." (Angel Garcia)

There still are a few copies of the IRCA Foreign Log available. If you wait too long, you may have to wait ever longer, until we get another bundle bound up. You can get your copy for a check or money order (no cash please) made out to IRCA, for \$2.75, to Father Jack Pejza, 3266 Nutmeg St., San Diego, Calif. 92104. If I have them on hand, you should get your copy in a few days (not the 4 week wait DEE suggested on the front page a couple weeks ago. Orders are usually sent out the same day they are received.

#### Polar DX-pedition--Jan. 9, 10, 1973--- Joe Markewicz

For the past few years, a Swedish DXer has been going 50 miles north of the Polar Circle every New Year's to DX North America. What follows is a list of his results from his trip in January 1973. You'll probably notice that he was able to DX 24 hours a day and all the reception was through the Arctic. I thought it might be interesting in seeing what stations get over to Europe. He said that CKY and CFRW are both heard every year there and CKY claims to have been heard in 87 countries and to have listeners in Uppsala, Sweden. In a contest a few years back, a listener of CKY in Sweden won a swimming pool, and CKY had to persuade this Swedish guy to give up his prize, so CKY drew again and this time, they picked a listener from Winnipeg Beach who has Lake Winnipeg at his backdoor. So much for that cool-pool swimming pool giveaway of CKY.

#### Stations heard 2230-0630 GMT

CBH	CKBC	WBZ-1030	WGAR-1220
