## News from Headquarters

**ANOTHER RAY BRIEM TALK SHOW:** ABC Talkradio will hold another shortwave oriented radio talkshow on Saturday August 2, 1986, beginning at 0706 UTC (12:06 am PDT). This time, the emphasis will be on shortwave radio around the world, with in-studio guests Arthur Cushen, President of the New Zealand DX League, and Ian McFarland of Radio Canada International. They also expect to talk with H.D. Norman, founder of NDXE Global Radio (a new shortwave stn) and John Beck, host and producer of HCJB's DX Partyline program, among others. The Ray Briem show is heard on the ABC Talkradio network, which includes WABC-770, WCNN-680, WHBQ-560, KPRC-950, WINZ-940, KABC-790, KFBK-1530, KGU-760, and other stations around the country. Outside the Los Angeles area, listeners may join by calling 1-213-879-8255 (this is a toll call, when you dial , let it ring until they answer --- then you're on the air). Also note that the show is Saturday morning (aka late Friday night), not Saturday night (there always seem to be a couple of otherwise intelligent people who get these things mixed up, hi).

**LANGUAGE LAB:** This is the title of a new book compiled by Gerry Dexter. It is a spiral-bound 50 page book which will enable you to create a variety of letters and reception reports in a foreign language. The first edition, Spanish, will be available in June. Later versions will be in Portuguese and French. The book includes 15 ways to open you letter, 36 ways of describing reception conditions, hundreds of program descriptions, 17 ways to ask for the QSL, 23 closings, hundreds of phrases, ways of describing yourself, ways of asking questions, and pages of sentences for use in followups, tentatives, and prepared cards. The cost is \$12.95, plus \$1.00 shipping, or \$2.00 shipping overseas, in U.S. Funds. It can be ordered from Tiare Publications, P.O. Box 493, Lake Geneva WI 53147.

**NEW GILFER CATALOG:** Gilfer Associates, noted purveyor of radios and accessories, has just released their Spring 1986 catalog. It includes receivers, antennas, filters, books, and other items. The catalog costs \$1.00 (refundable with first order) from 52 Park Avenue, Park Ridge, NJ 07656. Phone for orders is (201)391-7887.

This issue is going out a week later than planned because I was on vacation last week. My normal backup, Phil Bytheway, was out of town on business, so I decided to let things wait a few days. Barring unforeseen circumstances, the next DXM will hit the streets June 14. It will include the ballot for the TVA Award, information on nominations for filling the Board vacancy, and the usual assortment of DXtips and station news. Until then, happy DXing. Now here's news of Ric Heald's July GTG. 73, bp.

It's the 1st Annual Capitol Area Mediumwave Proponents (CAMP) GTG. Saturday, 05 July 1986, from 1000 PDT to ??, at Heald's QTH. Bring your favorite equipment, veries, radiojunk, and best lies. Junk food and soft drinks provided, **BYOB**. Get a free lesson in how to construct an ERBA Loop. Sorry, no overnight accomodations available. Write or call R4H for further information and directions. (Getting into this subdivision will give your map reading skills a real workout, hi). See y'all on the Fifth of July!

Bill Townshend, 4500 Connecticut Avenue NW, #901, Washington, D.C. 20008  
202-966-8046. A re-intro is the order of the day around these parts. By the time this hits print, I'll be several days past my "Double Nickel" (CB lingo for the 55-mph speed limit) birthday. I'm happily single and live with my 83-year-young stepmother on the top floor of a nine-story yellow brick (not road, hi) pile diagonally across the street from WJLA-TV-7 studios in NW DC, 5.5 miles northwest of the Capitol and work as a computer programmer for the National Weather Service (don't blame me for the lousy weather, hi) on the third floor of an eight-story pile of concrete and steel next door to WXTR-FM-104.1 studios in Marlow Hts, Md., 7 miles southeast of the Capitol. My office building is a DX-buster as far as AM is concerned; FM and TV are unaffected. I've had some of my best FM/TV DX catches at my office desk, but my QTH is a white horse of another color. It is the pits as far as that kind of DX'ing goes because of the close proximity to the Xrs of WKYS-FM-93.9/WRC-TV-4, WASH-FM-97.1/WTTG-TV-5, WLTT-FM-94.7/WBMW-FM-106.7/WDCR-TV-20, and WRGX-FM-107.3/WJLA-TV-7/WDVM-TV-9. I did get down to DSA (Chile to be exact) for nine days in early April to chase Halley's Comet, which was a letdown after West's Comet in March, 1976 which I saw with the naked eye from the roof of my apartment building. I did some serious BCB DX'ing on Easter Island (Ram Nui), hearing stations from all four time-zones of the mainland U.S.A. Boy, is that island ever loaded with statues (Akus) dating back to the stone age. I even got down to the tip of South America, at Punta Arenas (53.2 deg. south lat.) on the Magellan Strait, Looking across into Tierra Del Fuego (SS for Fire Land), I saw sleet as I was ready to head back to Santiago and even saw a rainbow at high noon, a very unusual time, which is an indication of just how far south I was, well into the "Furious Fifties". The rainbow was during the real splash (not from "chainsaw" stations, hi). Jack Parks, when you DX 770, 900, and 1250, it looks like you need foul-weather gear, hi. I had a similar problem here with WWDC-1260 when it was "chainsaw" (AoR), but the channels around 1260 are more DX-able now that WWDC is MYL. Talk about Ric Heald having flood problems in central Calif in late Feb., we had our own Venetian appearance here on the EC six months ago, with severe flooding in the James and Potomac River basins, with the C&O canal towpath shut down for two years. This afternoon Arlene Luskin hosted a WADXA GTG at her QTH just outside the Beltway in Silver Spring, Md., attended by 19 including Greg Monti, and yours truly. This was an Alfresco affair. Enough for now. So I'll s/off. CUN28. 73's de WPT.

Bill Harms, 23 Walden Birch Court, Woodlawn, Maryland 21207

With the resignation of Dr. Richard Wood as our President, the mantle of the presidency falls upon the Chairman of the Board of Directors, Bruce Portzer. This procedure is clearly outlined in the By-Laws of the club. As a member of the club and as a member of the Board of Directors, I would like to say that Bruce has my 100% support as did Dr. Wood when he was President. At this time I will reserve comment on the content of Dr. Wood's letter of resignation as I have not seen the full text of it yet. Until next time, Ch'il-ship-sahm de WJM.

Tim Kridel, P. O. Box 147, Middle Island, New York 11953

Being a new member of the IRCA, this is my first contribution to the forum. First off, I'd like to say that from what I've seen so far the IRCA is one great club. In response to Bob Foxworth's report on the GE 7-1900A, I think it's a great little radio. Mine is a 7-1900C, and I'm not quite sure what the difference is. I know there is another one just like mine minus the clock, so that might be the 1900A. The memories and LCD display are what attracted me to it (I hate hit-and-miss tuning). It pulls in the stations on both AM & FM, with great sound. A strong AMer like WPTR almost sounds like stereo. If GE ever comes out with another version of the 7-1900, I'd like to see the clock dropped in exchange for AM stereo and a tone control. I'd recommend this for anyone who wants a serious radio for on-the-go listening. I used to be an avid SWL with only a casual interest in MW DX, but after while I got bored with the QSLs and programmes. After my first OSL (WLW-700), I was hooked. I really enjoy the home-grown programmes and the colorful slogans of the US stations. Well, that's it for this month. 73s and great DX!!!

John H. Demmitt, Box A K0848, Bellefonte, Pennsylvania 16823

April 26th is an interesting day for this monitor. My day started at 0600 when I heard a woman ID as "WNYM-New York and started giving the news first telling of a NY officer shooting a teen for taking \$17 and later telling that Union Carbide admitted mercury has contaminated the soil near an old plant. I listened to this station for a full five minutes but what is so unusual is that I was listening to 1450 kHz! I suspect that WMAJ in State College attempted to get its feed from NBC on the hour via satellite but hit the wrong frequency. The error was not noticed at the station as they normally cut out after five minutes for a local sports feed. Later while listening to WCAU from Philadelphia, I heard a siren like noise (old police type) for approx. 20 minutes. Radio was not alone with strange happenings as HBO viewers found the start of the movie, "Falcon and the Snowman" interrupted as pirate Capitan Midnight took to the airwaves with his homemade color slides protesting the \$12.95 monthly fee HBO charges. RCI & CBC this AM gave an interesting run down on the radio war between Cuba and the US playing samples of programming from each station they mentioned including two of the newer anti-Castro stations in Fla. 73.

Richard C. Evans, P. O. Box 1294, North Wales, Pennsylvania 19454

It was a shock tuesday night to get the phone call from Bill Harms letting me know about Dr. Wood. From what Bill said, apparently there was more behind the scenes dissension than what I was aware of. I told Bill that I had planned to defend Dr. Wood in this spot this week, and I still will. I have not seen the letter that Dr. Wood sent to Nancy Hardy, as most of us have not, I presume. If, as I assume, Dr. Wood was asking her just to print reporter's loggings of stations and the information which was being developed on other things such as programmings, sports lists, etc. should go instead to those respective editors. I think as president of the club, Dr. Wood had the right to make such a request, even though as a DXer, I think the information is just as handy in a DXR. When I check for information on a station, it's easier to look thru the DXRs for it because the three are in frequency order. However, that's not the point! The president of the club is charged with the responsibility of promoting and administering the affairs of the club to the best of his ability. (See the By-Laws Article V,2,1,b.) The main function of the club, so to speak, is putting out a decent, well-organized bulletin 34 times a year, because that is the only way most of us communicate with each other. To require the president of the club to get the approval from the BoD before his contacting any editor about that editor's column is ridiculous. One has to figure on two to three months really before that would be complete. While the editor-in-chief should be the one to police the editors and the columns, he doesn't select the editors; the President of the club does (with the approval of the BoD, of course), and he should have the right to let the editors know what he thinks about the job they are doing. The question at hand is whether or not Dr. Wood had the authority to do what he did with writing that letter, and I say he did! Whether his judgement was correct in writing the letter is another story, and not really in this discussion. However, Dr. Wood has resigned, and Bruce Portzer has taken his place. A special election must now take place to fill the vacancy on the BoD, and I do intend to throw my hat into the ring. With the issues which have come up this fall, I've regretted not running for the BoD last year. Tim Kridel, welcome to EDXF! Please report often..and the rest also please. Will be gone to the Midwest during the week of 5/19-24, but back in plenty of time for the column to be typed on 5/31. PTL.

## Radio wave extension

GENEVA (UPI) — An extension of medium wave radio bands for broadcasting in the Americas was announced after talks at the International Telecommunication Union, which regulates use of world airwaves.

U.S. delegate James McKinney said the agreement will result in hundreds of new medium wave radio stations in North, Central and South America.

There could be some 500 new stations in the United States alone, McKinney said.

Widening the spectrum of medium wave broadcasting frequencies will also permit such countries as Brazil to extend radio services to remote regions, he said.

## GRAVE SITUATION

KNX probably would rather bury this one. The newsy station carried an item the other day about a New Yorker who fell into an open grave, broke his leg and is suing St. Patrick's Cathedral for \$5 million.

Without missing a beat, anchor Harry Birrell segued into the business report . . . sponsored by Forest Lawn.

"It was one of those times, folks," news director Robert Sims told us. "These things aren't supposed to happen, but we don't want everything canned and polished."

Forest Lawn rep Audrey Barrett said the park won't demand free ad time as compensation: "It (the gaffe) was just an accident and, besides, since it happened in New York, it doesn't affect us at all."

Has anyone ever slipped prematurely into a grave at Forest Lawn?

"Oh Lord, no!," said Barrett.

IRCA — The #1 Choice of the Broadcast Band DX'er

1986 DEADLINES — 03 JUN, 01 & 29 JUL

W. GEORGE ELLIOTT, P.O. BOX 312, PENICHTON, BC V2A 6K4 CANADA

Took an unusual midweek trip to Kelowna for my parents' 27th Anniversary pm 24 April and took advantage of the chance to DX that evening. Noticed a lot of "old friends" either on top of or fighting with pests that rarely give them a chance. Mind you, with the loop, it makes some of them a little easier to catch.

New ones heard here were: CHOR 810 Calgary, Alberta which I had once had tentatively under KGO a couple years ago. This time there was no sign of KGO at all! Also, new KDXU 890 St. George, Utah/Las Vegas, Nevada which was heard where I'm used to finding WLS all alone an somewhere in the background. It's kind of nice to find a little activity on the Clears for a change.

Under the new call column goes KBSN 1470 Moses Lake, Washington. This is ex-KSEM and was hard to nab in a CJVB null. VB usually booms in and has been hard to null in the best of times. I made a list of new calls of stations I've already heard and added it to my wanted list and found that there's 15 new calls I've yet to hear. I didn't think there were that many just by flipping through the pages of my log book, which once again needs updating.

The only other thing I sent to WDXR was the strange dominance of KRVN 880 Lexington, Nebraska. It hasn't been heard here for many years and was just stomping all over KIXI which always owns that frequency when I go by it.

That's all for now. Will write again next time I'm with the radios. '35 de WGE.

RANDY SEEVER, 1154 VIA TRIESTE, CHULA VISTA, CA 92011

I almost hate to bring it up, but did anyone else notice the blatant errors in the "Radio World" article reprinted on page 18 of the 04 January 1986 DXM? The substantive errors I've noted so far include:

a) The so-called Kennelly-Heaviside layers (which were named the E and F layers about 60 years ago!) are at 100-to-250 kilometer altitude, not 100-tp-250 miles above the earth.

b) The claim that skywave during the daytime reaches beyond the primary service area is dead wrong (with rare exceptions - the groundwave doesn't stop at the primary service limits, but gets weaker with distance. The skywave is almost completely absorbed by the D-layer of the ionosphere.

c) The claim that night skywave can skip several hundred miles is certainly true, but a more appropriate distance would be over a thousand miles, which can be heard almost any night (well, maybe we should say "used to be heard?") in the US on Clear or Regional channels with a TRF or car radio.

It would be interesting to know if the author of this article has ever DX'ed on MW or is just a hack writer who read a few articles and thinks he's an expert. Does anyone have a copy of this magazine? I'd love to know if there were any letters to the editor about the errors in the article. If there were not, I'd be happy to send one in if someone send me an address! 73.

GLEN KIPPEL, 612 WEST AVE., MERCED, CA 95340

Hello again. I haven't written in a while due to the press of work, and the necessity for me to help care for an indigent relative. She's toothless and totally incontinent, cannot feed or dress herself, cannot communicate effectively, and suddenly goes into fits of violent rage for no apparent reason. But we're putting up with it for now, because she's only five months old. (You've been re-writing too many wire service stories, Glen, hi-Rth.)

In talking with Mike McAdam, manager at KLBS, he says they should be on with a three-tower array this summer, beaming nominally east/west with 5 kw nights. Days will be 500 watts nondirectionals. Present operation, according to the license on their transmitter building wall is 440 watts nondirectional days.

I've come up with a provocative, controversial idea for the club to consider: I frequently see professional newsletters which go for \$100-to-\$400 per year. DXM is just as informative as most of these, and ought to be priced accordingly. But who, you say, can afford that? Thought you'd never ask. Why not have an initial subscription rate of \$20 and \$100

for each year after that, with discounts given for each submission to the various columns during the previous year? With a \$10 or \$20 bounty for each column, forum report or group of reports to DXNW or DXR columns, forum people would report more often! (A \$20 yearly minimum membership would still be required, of course.) Comments? (No, no, no, my good fellow, base it on the following year's contributions. Would keep everyone guessing, hi-RtH.)

Oh Ric, you thought my name for California DX'ers was grody - try the Bay Area Broadcast Engineers Society! And, Gary Parton, are you related to Dolly? (Wonder who her doctor is when she has a chest cold?-hi-RtH.) 73.

GARY LARSON, 109 S. CEDAR, #105, GLENDALE, CA 91205

Not sure if I'll make it to the DX'pedition east of 29 Palms on 11 May, but will try. GE Superadio was stolen from the rear floor of my car a few days ago.

Got a room in Glendale for sleeping so got a new number: (818) 244-1974. Speaking of the original phone numbers, here in Glendale it's 24 or Citrus. Believe the L.A. exchange was Chapman (245) and Burbank's was Victoria (849), etc.

Will be strange to see a seventh tower among the six (ex-1500) atop the mountains above Glendale in the future. Will be for new KRDD FM. Looks like 1500 will never get on.

Some MM if you don't hear BBD on 590 KFXM, it's because they're simulcasting KDUD with EZL.

Hope the CAMP GT6 goes well, RtH. (You coming up?-RtH.)

Does KGOF stand for anything? Wish they kept KRED or KRCD.

Recently Golden West Broadcasting purchased KUTE 101.9 Glendale so that means KGFJ 1230 is alone in building on Riverside Drive. G.W.B. also owns KMFC 710.

That's about it from here. 73 everyone.

ALBERT S. LOBEL, P.O. BOX 26762, SAN DIEGO, CA 92124

(Via Tele-Forum). So, RtH, you have to mace the cockroaches to get into your kitchen? Hope you have a license, for the mace, that is, hi. You sure it wasn't just a can of Raid? (Well, Albert, the line went over well at the expense of a fellow DJ at K-RED, hi-RtH.)

For those who might have missed it, I'm your rep for ANARC here in IRCA country. If you have any comments, suggestions or constructive criticism, don't hesitate to drop me a note.

Best of DX to all and 73 de ASL.

BILL HARDY, 2301 PACIFIC AVE., ABERDEEN, WA 98520

You may have heard about the tsunami generated by the 07 May earthquake in the Aleutian Islands of Alaska. Unlike the 1984 one that killed 12 people in Crescent City, California, waves here were just minimal, four hours before high tide. Some low-lying areas were evacuated as a precaution, and it was the first time I heard a real broadcast of the Emergency Broadcast System.

I first learned of this at 1750 PDT when I picked up Nancy to run an errand. She had been listening to KXRO 1320 with the news, so I put on the car radio. Imagine our surprise when KXRO broadcast the two-tone EBS signal without saying "This is a test"! Then they broadcast the various EBS emergency scripts such as, "All stations will broadcast this emergency action notification, do not use your telephone," etc. Then KXRO's news director talked with the county sheriff advising anyone on the coast below 50 feet elevation to move to higher ground, including the towns of Westport and Ocean Shores.

In the ensuing hours, messages were updated and repeated. KXRO's FM, KDUX simulcasted newscasts and messages, but had its own hot-rock hit programming at other times. KAYD 1450 and its FM simulcasted the EBS messages, including the KXRO/KDUX ID's, but split off when the KXRO DJ started music. KGHD 1560 and FM did their own thing. Spot checking KGHD produced occasional messages from the local authorities, but they mostly continued Satellite Music Network and may have failed to receive EBS alerts. After all, KGHD's EBS tests include recorded 1 kHz tones (pre-1976) which are not legal and KGHD may not have had a working EBS receiver either. (And also, very illegal, hi-RtH.)

At 2040, a new EBS alert on KXRO/KDUX and picked up by KAYD AM/FM advised residents in lower elevations of Aberdeen to move to higher ground. Hoquiam was on standby, but didn't evacuate. At this point, KAYD dumped regular programming (halfway through Mariners baseball on 1450 AM) and simulcasted KXRO for at least two-and-a-half hours. It was odd to hear ADC, "KXRO, the one to turn to" ID's, and even KXRO's commercials on 1450 and 99.3. I didn't hear KXRO change power/pattern at 2045 sunset. They should have stayed 5 kw nondirectional to serve the beaches (for residents without FM radios), but they continued to carry commercials at times. KDUX continued

its normal rock format, joining KXRD for newscasts and messages. About 2130, someone at KXRO finally realized that KAYD was simulcasting them, and the DJ tried saying "KXRO and KAYD" but kept relapsing. The 2200 ID was for KXRO-KDUX-KAYD.

Finally at 2240, the two-tone EBS signal was followed by an official ending of the emergency. KXRO ran the official EBS "end of emergency" message, "All stations may now resume regular programming." KAYD kept simulcasting past 2307, including the 2300 KXRO ID and UPI news, but by 2330 KAYD was back to its C&W AM and rock FM.

Nancy and I only tuned the locals, as we live in a low-lying area and went up to my parent's home until 2300. We've already logged all the Washington, Oregon, northern California coastal stations, although tuning in an emergency would have been interesting. If you heard strange things on 1320 or 1450 07 May, now you know why. Luckily, nobody was hurt and it was like a drill and almost like a party. 73 and good DX. (Portions condensed per author's request. Good report, Bill-RtH.)

RIC HEALD, 8539 BELLAMY WAY, SACRAMENTO, CA 95828 Tele-Forum: (916) 386-8677 to 2200 PDT & apd

Before getting on to things, like DX, a reminder, keep your July 4th weekend open for the 1st Annual CAMP (Capitol Area Mediumwave Proponents) GTG at my place. See front page of DXM for details, or call or write me.

Bill, I've experienced EBS on the air only once, in '81 when the Russian River flooded portions of Sonoma County, California and KPLS Santa Rosa along with several other stations took their feed from KSRD 1350.

A more unusual situation took place at KRED Eureka, the EBS station for Eureka/Arcata/Fortuna. Before my six nights a week schedule, I had just Sunday night, on call remainder. I drew a Friday midday shift, and had an EBS test scheduled for the noon hour. I had heard that the Office of Emergency Services (OES) took lunch and locked the doors from noon to 1PM. EBS was scheduled for 1230. Off air I tried reaching them on our UHF radio; no luck. So on the air, mentioned we were supposed to do the EBS thing and proceeded to call OES via landline, phone on air. After about the eighth ring, I hung up and mentioned that I guess Humboldt didn't have earthquakes or floods during the noon hour and went to next music set. EBS, by the way, was done the following hour after they contacted us via UHF radio. But OES closed for lunch?

Glad to hear your EBS kicked in and operated. As for KGHO, we had the fear of God instilled in us about EBS tests. Seems a local jock didn't know how to do it and ended up getting fined (personal fine) \$1500 by the FCC.

On to DX. Seems like I'm always the last to pick up on a change, but KPRZ 1210 San Marcos, California finally logged. Not that great a signal and gets creamed by KCLG in the LSR time frame. KASY and KREW still dominate along with KRSV's het.

The headline in Sacramento Bee's "Scene" read, "You pays your money and you takes your chances." If you believe Arbitron, KRAK-AM and KRAK-FM take seventh and ninth place. If you believe Birch, KRAK AM/FM are reversed at fourth and fifth respectively. K-HWY doesn't figure in either survey. Numero uno in both went to FM102 (KSFM Woodland).

Well, keep those cards and letters coming and I'll see you next time around. Best of DX and 73 de RtH. .

How's that for the East Coast edition of Vane Jones? Amazing, you guys! A tip of my hat to transportable uplink operator "Captain Midnight." Amazing stunt, even if it wasn't too legal! See, the airwaves really do belong to the public! I'm not sure that's what the FCC had in mind, though. Next column in two weeks...enjoy the Spring! What ever happened to the propositions that were voted upon in January? Does anybody know? 73s and good DX de kz. 4-10

DXing from Arkansas & Kansas

Some items were cut this time due to their lack of DX value. Please, if you are vacationing, limit your loggings to true DX. Do not send groundwave or routine stuff. Also, just because a station appears on Don Kaskey's list of unreported stations does not mean that you need to report it, unless it is a true DX logging. I would strongly advise people that do a lot of DXing while on vacation to write an article about it.

\*\*\*\*\*  
OF SPECIAL INTEREST:

- 530 "Expo Information Radio" BC, Vancouver area 5/3 1100 s/on announcing  
530 and 1600 kHz. 530 much the better frequency here. Noted  
testing 5/1 with tone & CFML (FM cable) programming. Only trace  
on car radio in this area, but good on home receivers with loop  
or longwire. Noted s/off at 2230 5/3 on car radio at Lakewood  
High School parking lot, but don't know for sure if this is  
regular time or not. (RHM-WA)
- 540 CJSB ON, Ottawa 5/1 fair to poor w/MYL music, ID at 0540. Faded into  
noise and back up several times. Some 550 splash. (PM-OR)
- 770 KRPM WA, Seattle per call to KRPM-106 FM Puyallup, KRPM-AM will be  
moving to 770 on May 30. KXA is currently silent on 770. (RW)  
(Robert, there is currently no KRPM-AM. KRPM-FM is in Tacoma.  
They did own KRPM-1450 Puyallup in the late 1970's, but later  
sold the AM, which is now KJUN. Evidently KRPM-FM is buying KXA  
Seattle & changing the calls and format.--NH)
- 1230 KSZL CA, Barstow per call, coming on air Mon. May 5, 6am-midnight  
schedule, "K-Sizzle" IDs, C&W format. (RW-CA)
- KOLC UT, Murray per call to KLAJ, has changed calls to KOLC, ?? FM,  
adult contemporary format. (RW-CA)
- \*\*\*\*\*
- 530 WNAG556 CA, Coronado 5/8 0612 noted back on air with tidal wave update  
recorded at 0215. Good sigs. (TRH-CA)
- 560 (KSFO) CA, San Francisco 4/28 0326 totally off. (RW-CA)
- 570 (KLAC) CA, Los Angeles MM 4/21 0400 noted with TTs earlier than usual.  
Regulars KVI, KLUB & CMEA all noted underneath. Also off SM 5/4  
0400-0702 leaving CMEA, KLUB. (TRH-CA)
- CKWL BC, Williams Lake 5/1 0442 fair // 840 kHz w/Cariboo net AN  
program, pop music. New. (PM-OR)
- 600 KSJB ND, Jamestown 4/18 0149-0159 poor in KLZZ null with C&W music,  
YL DJ with sports scores, ID. (TRH-CA)
- 680 \*KNBR\* CA, San Francisco 4/28 0453-0800 off w/OC & TTs this period, but  
never totally went off! Very rare SP. (RW-CA)  
+MM 4/28 0450 noted LOUD TTs. I have yet to hear any other station  
on this frequency! (TRH-CA)
- 710 KIRO WA, Seattle seems to be settled on alternate MM silent period,  
shortly after 0300 to shortly before 0800. Noted off 3/24, 4/7,  
4/21, 5/5. KMPC seems to be off until at least 0500, sometimes  
later. No sign of KFIA here; just Cuban on these MM SP, but will  
keep close watch. (RHM-WA)
- 730 KLOE KS, Goodland 5/9 0730 poor in QRN w/s/on by OM, male choral  
version of National Anthem, then news, weather, sports and into  
C&W music. New, KS #4. (TRH-CA)
- KURL MT, Billings 5/2 0802 fair with news followed by KURL Weather  
Watch. Previously logged on DX test, but this is the first time  
I've heard them on regular schedule. (TRH-CA)
- 740 KMEO AZ, Phoenix SM 4/13 0730-0742 weak in KCBS OC null with EZL  
music, OM announcement, ID. New. (TRH-CA)
- (KBRT) CA, Avalon 5/6 2140 noted off early today. Local sunset for  
Avalon is 2245 in May. (TRH-CA)
- KISZ CO, Cortez SM 5/4 0754-0800 poor-fair in KCBS OC null with rock  
music, OM DJ with weather "currently 61 degrees at the Four  
Corners on KISS 98" (// FM). New. (TRH-CA)
- 760 (KFMB) CA, San Diego totally off 4/20 0453-0456, then back on in mid-  
sentence of reg. scheduled pgm. Assue transmitter failure rather  
than planned SP. While they were off, I noted 2 stations looping

KFMB-760 east-west, which appeared by their formats to be KGU & WJR, and  
cont'd one station looping north, probably CKGR which I still need.  
Ratts!! (TRH-CA)

770 KATL MT, Miles City 4/28 0725 strong in KOB null w/ID "Your super-  
station, 77, KATL." On 1kw night pattern at this time, KROW-780  
slop. Second time on RS here. (RW-CA)

810 KCMO MO, Kansas City 5/2 0703 poor-fair in KGO null. Network news,  
ad, then YL weather, ID "KCMO newstime 5:07." New, MO #3. (TRH)  
KAFF NM, Santa Fe 5/3 0804-0810 fair in KGO null after KBHB fade-out.  
Network news followed by jingle: "KAFF, Super Country," into C&W  
music. West coast DXers looking to ID this one at SRS, try it on  
a Sat. morning--during the week they run a long news program in  
the morning & don't ID nearly as often. (TRH-CA)

KBHB SD, Sturgis 5/3 0734-0744 poor u/KGO. ID by OM, followed by  
weather for Sturgis. News for South Dakota, then weather for  
other cities such as Billings, MT. Noted several dual IDs for  
KBHB/KRCS (??) so was apparently simulcasting FM. New. (TRH)

CHQR AB, Calgary 4/24 2344-2347 good with NHL play-by-play. ID into  
spot break as "The score: Edmonton 5, Calgary 3. This is Flames  
Hockey on C-H-Q-R." Back to game after single 30-sec spot. No  
sign of KGO. New. (WGE-BC)

840 CKEX BC, 100 Mile House 4/28 0300-0306 fine signal after KSWB s/off  
in WHAS null w/BN news, ad for pizza parlor in Williams Lake,  
jingle ID as "Radio Cariboo." Per call to station, running 1kw  
days, 500 watts nights, ND, just moved ex-1240, // CKCQ-920 and  
CKWL-570 (I still need both of these!). Great signal for 500  
watts at 1100 miles! Station was stunned when they found out  
from where I was calling! New. (RW-CA)  
+5/6 0517 "Radio Cariboo" ID, time, call. In & out all morning.  
Better 5/8 0757-0820 using dir. loop. (RHM-WA)

850 KMDY CA, Thousand Oaks 5/4 2322 fair in KOA null with local XEMO-860  
off. Don't think I've ever logged them on night pattern before.  
5/5 2211 fantastic signal (still on day pattern) with Guido  
Sarducci routine. Local XEMO still off, and I wish they'd stay  
that way! (TRH-CA)

860 KTRB CA, Modesto 5/4 2245 good sigs, even on car radio, with local  
XEMO off. (TRH-CA)

880 KRVN NE, Lexington 4/25 0415-0420 good with C&W. ID by male at 0417,  
"George Jones on K-R-V-N..." Then another ID heard as "Hi, this  
is Janie Fricke and you're listening to Doug Johnson. DJ the DJ  
with your kind of country on K-R-V-N." Have not heard this for  
years because of KIXI which was buried. (WGE-BC)

890 KDXU UT, St. George, NV, Las Vegas 4/25 0347-0404 fair to poor o/u  
WLS with AdCon music. ID heard as "...on K-D-X-U," then something  
about sports and/or news coming up. Legal ID at 0400, "ABC news  
on K-D-X-U, St. Groege-Las Vegas." Up until now, WLS was always  
alone here. New. (WGE-BC)

900 KGRE CA, West Covina SM 4/27 0839-0850 fair w/Big Band music, IDs.  
Just one problem...they signed on an hour early, failing to take  
daylight savings time into account!! Anyone looking to log this  
station sure missed an easy chance this morning. (TRH-CA)

CHML ON, Hamilton 4/29 heard w/ID into news at 0500, o/others. Haven't  
heard this in years. Heard again 5/1 0231 w/ID u/CJVI, others in  
mess. (PM-OR)

980 (KFWB) CA, Los Angeles 5/3 0520 totally off. KUPI/GKNW mix. (RW-CA)  
+5/4 0436-0600 off except for OC/IDs every 10 or 15 minutes. (TRH)

KMBZ MO, Kansas City 5/4 0455-0510 poor o/u CKRM w/Talknet, promo/ID  
by OM, PSAs, NEC News. Promo after news for KMBR-FM 99.7--  
"about as close to 100 as you can get," then weather & back to  
Talknet. New, MO #4. (TRH-CA)

KUTI WA, Selah-Yakima 5/4 0450-0455 poor u/CKRM with jingle ID, messa<sup>g</sup>  
about Wash. state emergency procedures. Only 2nd time heard here.  
(TRH-CA)

CKRM SK, Regina 5/4 0504 excellent signal w/KFWB off. ID by OM as  
"Saskatchewan's news leader, 980 CKRM," then back to C&W music.  
Ric Heald, this is probably your unID nonstop C&W music station,  
as I get them nightly here in KFWB's null. (TRH-CA)

1000 KVSD CA, Vista noted daily throughout April using these calls (not  
KBPT), which stand for "the Voice of San Diego" & "Vista to San  
Diego." Other slogan used is "classic oldies," format now seems  
to have settled on lighter oldies from the 60's. (TRH-CA)

1010 KDJW TX, Amarillo 4/16 0740-0745 fair w/OM DJs doing morning show. Amarillo weather, human interest features, etc. New. (TRH-CA)  
CFRB ON, Toronto 5/1 fair w/CFRB News at 0601, Ottawa news reports. (PM-OR)

DX conditions still seem to be pretty good for so late in the season.  
See you all in three weeks! ♡

MONTHLY A. N. A. R. C. REPORT

NEXT DEADLINES:	BY: ALBERT S. LOBEL,	PUBLICATION DATES:
31 MAY 86		14 JUN 86
28 JUN 86	Post Office Box 26762, San Diego CA 92126	12 JUL 86
26 JUL 86		9 AUG 86

Latest word on H. R. 3378 is that there are still some dangers for the club membership to watch out for. The bill is still not completely dead! According to a report in the A. N. A. R. C. newsletter by the Executive Secretary [QUOTE]: "The first danger to watch for is believing that what we read in the hobby press and hear on DX programs about the bill is the only 'truth'. W5YI (I do not know who W5YI is. Anyone know who?, Editors note.) reports on the bill, stories over RadioNederland, and World of Radio, comments in the Westlink Report, RiB and other similar things have led to thought among hobbyists that the bill is dead. If you were to read the cellular telephone trade press, you might get the idea that the bill was going to pass any minute. Both of these views are equally wrong. Not necessarily because the report itself (in the case of the hobby press and DX program reports...) is incorrect, but because the reports covered only a small portion of the whole process and proceedings surrounding the bill. That narrow view taken by itself can be very misleading." [END QUOTE]

The A. N. A. R. C. Executive Secretary goes on to say [QUOTE]: "The second danger is the thought that the bill doesn't affect the entire listening hobby. It is very easy to say that since the bill doesn't directly affect mediumwave DX'ers . . . those listeners should not be concerned with the bill. That thinking is accurate only for those with a depth of vision that ends at the tip of their noses. The complete reversal of public policy regarding the freedom to listen to ANY type of broadcast so long as the contents are not divulged is a very dangerous matter. H.R. 3378 makes the mere listening to some radio services a Federal crime. Even the least curious among us should ask where the limitation will end. The answer, quite obviously, is that no one knows. And for that reason, if for no other, the Congress should not enact H.R. 3378." [END QUOTE] This is exactly what this editor has in the past said so many times. Come on! Send your letters to your congressman or congresswomen now or it may be just too late later. If you'd like send them to me and I will collect them and forward them to A. N. A. R. C. to include in reports to Congress. If space permits in DXM I may send a list of those who let me know they have written to their congressman or congresswomen to IRCA HQ's for publication in DXM, provided each contributor wants his or her name mentioned in DXM.

I have a request! An important request at that! The United States Postal Service is at times confused enough. Let's not confuse them anymore. IRCA's mailing address is not my mailing address! When you send me something for my A. N. A. R. C. column do not mark it simply IRCA or ANARC with my post office box address. You may mark IRCA or A. N. A. R. C. on the first line and on the second line "C/O Albert S. Lobel". This way the United States Postal Service will not return your letter marked "Unable to deliver as addressed" or "Addressee unknown". I will not mention names, but someone sent me a letter addressed "International Radio Club of America, Post Office Box 26762, San Diego CA 92126" and the postal clerks put a big red "X" with a question mark on the envelope. Thankx for your understanding.

The big event of the year -- ANARCON '86 will soon be upon us. This years A.N.A.R.C. Convention will be held in Montreal, Quebec CANADA and will be hosted by Radio Canada International. The dates are July 18th thru 20th. I will not be able to attend and hope some IRCA Member who does will make a full report to me so I can inform the entire IRCA Membership of what happened at the 1986 Convention.

I once again request that any IRCA Member who has any information that may fit into this column to send me that information. Remember, just like any other column in DXMonitor, this is your column. I will report to you anything of interest to IRCA that is found in any A.N.A.R.C. Newsletter or other official letter I get from A.N.A.R.C. HQ's. However, I will also depend on information from the membership of this club as well. My next three deadlines are shown on the left above. The publication dates corresponding to the deadlines are shown on the right. If you wish to telephone something in at the last minute call (619) 566-0092 between the hours of 1900 thru 2100 Pacific Time and leave up to a 30 second message. If I just happen to be in I may intercept your call from the telephone DX machine.

Until next month . . . 73 and good DX! *Albert* Albert

# WORLDWIDE EAST

EDITOR: JIM HALL #240 BYRON ROAD #PITTSBURGH,  
PENNSYLVANIA 15237, U.S.A.

Conditions have been very cooperative so far during the normally slow spring season, as this month's reports show. By the looks of them it seems few have been experiencing much difficulty with foreign DX (aside from having to skirt domestic storm QRN) -- just look at the TADK column, with Pan-Am not too far behind. Hakiel & Connelly continue to exhibit their expertise, and William Yllie, I think that's the first TA you've ever reported during my DXW-E editorship. Nice job, gentlemen. The MW from Havana continues to send me running to consult my WRTH for info -- many Cubans have been noted tweaking up and down just a bit off freq, and then there's the blatant QRNers such as the R. Rebelde which continues to wander between 700 & 710, and the recently heard Reloj time standard station coming up on 931 kHz. Others include 590 Rebelde and 660 Progreso, both drifting off even ever-so-slightly, causing SAH's and audibly irritating hets. 670 also occasionally drifts, among other outlets from the island country. And the 740 Cuban continues to alternate between Rebelde & Progreso programming, with dated R. Liberacion programs still heard from time to time. I sent a report and a letter to the Rebelde network inquiring about their MW services, but expect no reply since I asked several questions on the issue of drifting & interference on their part which may come off as intimidating to the company. Times continue to be UTC (GMT) here:

## TRANS - ATLANTIC DX

- 531 ALGERIA, Ain Beida 0502 5/3 : V. strong w/lang (seemed AA) & AA mx, apparant het from Costa Rica-530. Just a weak het on 549 and suprisingly nothing on 891. (Hall-PA)
- 549 ALGERIA, Oran 0434 5/4 : AA violins, to good peaks. (Connelly-MA)
- 585 unID, weak 0505 5/3 : Man in pos SS, brief mx'al interludes. Spain likely. (Hall)
- 612 MOROCCO, Sebbaa Aioun 2342 4/10 : Fr w/AA wailing, AA talk. (Hakiel-NY)
- 666 PORTUGAL, Lisboa 0442 5/4 : Bits of PP talk, poor (in slop). (Connelly-MA)
- 675 FRANCE, Marseilles 0139 4/14 : Fr w/FF talk, after-dinner mx. (Hakiel-NY)
- unID, weak 0507 5/3 : Extremely splattered talk by man. (Hall-PA)
- 684 SPAIN, Sevilla 0350 4/10 : Good w/SS talk - aria by woman. (Hakiel-NY)
- +0246 5/4 : Good w/opera pgm. (Connelly-MA)
- 720 PORTUGAL, Norte-Azurara 0258 4/28 : PP talk mixed w/VGN & Latin Americans. (Connelly-MA\*)
- unID, 2350 5/3 : PP talk mixing w/YVQL. Portugal would be first guess, but a northeastern Brazilian would be almost as likely owing to the semi-auroral conditions in effect at the time. (Connelly-MA) (That's a toughie because of the time. With winter beginning in the Southern Hemisphere I might be inclined to think it was a ZY on sunset-skip. ed)
- 738 SPAIN, Barcelona 0248 4/28 : Pop mx, SS talk by man & woman, fair w/CBL phased. (Connelly-MA\*)
- +0438 4/10 : Fr w/SS m in talk. (Hakiel-NY)
- 747 unID, 0253 4/28 : Strong OC (Presumably Holland) with 2 stations underneath -- one of these had a female vocal, the other had instrumental mx. There was bad slop from Newfoundland C8GY-750 (which was noted //CBL-740). CBL slop largely phased out. (Connelly-MA\*)
- unID African (Namibia or Burkina-Faso) 0037 5/4 : Afro. mx at poor audio level / low fidelity. Dakar-765 was local-like at the time. (Connelly-MA)
- 756 WEST GERMANY, Braunschweig/Rävensbürg 0234 4/28 : Talk by man in GG, poor to fair. (Connelly-MA\*)
- +0326 4/21 : Gd w/EZL mx, GG atlk. (Hakiel-NY)
- 765 SENEGAL, Dakar 2355 5/3 : Festive Afro-Caribbean style mx. Super loud! Strongest TA by a wide margin. cx semi-auroral at the time. (Connelly-MA)
- 774 SPAIN, synchron. 0121 5/4 : Good w/man & woman in SS. +0230 4/28 : Excellent! w/Louis Armstrong vocal. (Connelly-MA\*)
- +0150 4/25 : Fair w/SS talk by woman. (Hakiel-NY)
- 783 GERMANY, DDR Burg 0042 4/8 : Gd w/GG talk, lite mx. (Hakiel-NY)
- PORTUGAL, Miramar 0508 5/4 : Poor to fair w/fragments of PP talk. (Connelly-MA)
- 837 unID, (Azores or Canary Islands) 0518 5/4 : Mostly just a het on WHAS / LA's-840. (Connelly-MA)
- AZORES, Barossa 2346 4/10 : PP talk by man, fair. (Hakiel-NY)
- 846 ITALY, Rome 0132 4/28 : II talk by woman, poor. (Hakiel-NY)
- 855 SPAIN, Murcia 0147 4/14 : Fr w/SS talk by woman. (Hakiel-NY)
- +Murcia et al 0217 5/28 : SS talk by man & woman w/interspersed mx, footsteps, paper shuffling (probably a radio "soap opera"). To good peaks w/WHDH phased. (Connelly\*) (Suppose a local pgm? ed)

- 882 ENGLAND, Washford BBC 0209 5/28 : Fair to good w/male rock group version of Carole King's "It's Too Late". I managed to phase WCBS down to nothing at the time. (Connelly-MA\*)
- 891 ALGERIA, Algiers 0126 4/24 : Good w/male AA chant. +0145 4/27 : Good w/female AA vocal. +0211 4/28 : Good w/male AA vocal & violins. (Connelly-MA\*)  
+0002 5/4 : AA talk, then chanting; fair to good. (Connelly-MA)  
t+2225 3/29 : Sd/1/k Arabic chanting (20 min. long) ea. part. ID at 2300 GHT but I couldn't understand Arabic. Have this on tape if someone will help me ID this. Gone by 2315. Long fades. (Willie-MA) (Almost no doubt about it being them, William - send me the tape; I'll be glad to confirm it for you. ed)  
+2333 4/7 : Heavy drum-beat mx w/male vocals, AA talk, good. (Hakiel-NY)
- 909 ENGLAND, synchros. 0247 4/14 : Fair w/pop mx, EE talk. (Hakiel-NY)
- 1035 PORTUGAL, Lisboa 0301 4/28 : News in PP to good peaks through WBZ slop. (Connelly\*)  
+0352 5/4 : Fair to good w/rock hit "Take These Broken Wings", then PP talk. (Connelly)
- 1044 MOROCCO, Sebaa-Aioun 0123 5/4 : Chanting at low modulation level on potent carrier. (Connelly-MA)
- 1062 PORTUGAL, Sao Salvador 0313 4/28 : PP talk by man, then guitar mx. o/u another TA station (Denmark or Italy?). (Connelly-MA\*) (I'll vote Italy. ed)  
+0350 5/4 : Fair w/slow PP vocal. (Connelly-MA)
- 1087.8 unID, Het against BBC-1089 0319 4/28. (Connelly-MA\*)
- 1088 t ANGOLA, 0137 5/4 : Afro. mx, poor. This reception definitely on 1088; nothing noted on 1089 (high-latitude TA's like BBC were "aurora'd" out). (Connelly-MA) (Yes, Angola seems likely -- maybe even for the 1087.8 thing also, huh? ed)
- 1089 ENGLAND, synchros. 0318 4/28 : Rock mx. fair w/WBAL phased. (Connelly-MA\*)
- 1107 EGYPT, Batra 0028 4/29 : Poor w/AA chants, AA talk. (Hakiel-NY)
- SPAIN, 0321 4/28 : Bits of SS talk amidst bad growl of slightly off-channel carriers. (Connelly-MA\*)
- 1116 MOROCCO, Ouarzazate 0322 4/28 : AA chanting - poor to fair. (Connelly-MA\*)
- 1134 SPAIN, 0327 4/28 : Rock, then SS talk. Good at times despite heavy WNEW slop. (Connelly-MA\*)  
t+0531 5/3 : Could barely vank out bits of SS audio in slop. (Hall-PA)
- YUGOSLAVIA, Biograd 0028 4/28 : Fair w/polka mx, Slav. talk. (Hakiel-NY)
- 1251 LIBYA, Tripoli 0329 4/6 : Fair w/long-winded tirade. (Hakiel-NY) (Boo!..ed)
- 1314 NORWAY, Kviteseid 0314 4/6 : XInt w/US pop mx, Norse talk. (Hakiel-NY)  
0137 4/27 : INCREDIBLY LOUD! w/rock mx, then Norwegian talk. Best TA at the time. Also 0134 4/24 : Norwegian talk by girl, then MoR female vocal, good. (Connelly\*)
- 1332 ITALY, Rome 0420 4/10 : Light mx, woman ancr, fair. (Hakiel-NY)
- 1375 ST. PIERRE & MIQUELON, 0141 4/27 : Strong w/Bryan Adams record. (Connelly-MA\*)
- 1395 ALBANIA, Lushnje 2328 4/14 : Fair w/woman in SS talk. (Hakiel-NY)
- 1413 YUGOSLAVIA, Pristina 0309 4/14 : Good w/near Eastern mx, Slav. talk. (Hakiel-NY)
- 1422 GERMANY, Heusweiler 0425 4/14 : Good w/US pop mx by "Cher", GG talk. (Hakiel-NY)
- 1458 ALBANIA, Lushnje 2358 4/13 : "Internationale!", abrupt s/off s/off @2358. fr. (Hak)
- 1467 MONACO, Monte Carlo 0349 4/5 : Fair w/rigs mx, GG talk. (Hakiel-NY)  
+0512 5/3 : TWR in well w/end of GG rign. (Hall-PA)  
+0341 4/28 : LIKE A LOCAL w/music-box interval signal. (Connelly-MA\*)
- 1503 SPAIN, 0403 5/4 : SS talk by man, badly sloped by WTOP-1500 & WMRE-1510. (Connelly)
- 1521 SPAIN, 0516 5/3 : Stronger than usual best 1504 w/fast SS commentary. (Hall-PA)  
SAUDI ARABIA, Duba 0300 5/4 : AA chanting just fair w/WKB phased. The Saudi's signal at 0300z in May is nowhere near as strong as it is at the same time during the winter months. (Connelly-MA)  
+Duba 0307 4/19 : Good w/AA chants. (Hakiel-NY)
- 1539 GERMANY, Mainflingen 0441 4/6 : Good w/classical music with aria by woman, German talk. (Hakiel-NY)  
unID, mx strong but too much 1540 slop. Spain likely -- higher-latitude TA's in poorly (in slight auroral-like cx) ruling out Germany (1593 barely in if at all). This at 0455 5/3. (Hall-PA)
- 1562 unID, 0338 4/28 : Het against WQXR. Do any of you European readers know what this is? (Connelly-MA\*) (I'm sure glad someone else is hearing this - now I'm sure I'm not crazy. (3/22 DXMW-E). I still think it may be the Portuguese stn.. Richard Eckman, can you check this??? ed)
- 1575 PORTUGAL, Porto-Canidelo 0337 4/28 : Rock, PP talk o/SAH cluster from other TA's. (Connelly-MA\*)  
+0003 4/25 : Fair w/chimes, PP tlk. (Hakiel-NY)
- 1584 SPAIN, commonwave 0510 5/3 : Fair SS jumble. (Hall-PA)  
+0336 4/28 : Rapid-fire SS talk by man at very strong level. (Connelly-MA\*)
- 1593 WEST GERMANY, Langenberg 0334 4/28 : GG talk by man, then Dixieland jazz a'la Petri Fountain. Excellent signal. (Connelly-MA\*)  
+0445 4/16 : Show tunes, GG talk, XInt. (Hakiel-NY)
- 1611 VATICAN, Vatican City 0249 5/3 : YL & man w/mass, fr/gd and hatted by weaker 1470-C.B.. Once again definitely //6185 SW. A surprise; other high-band TA's of slightly higher latitude not in well except for common Spains. No Germans. (Hall-PA)

P A N - A M E R I C A N D X

- 530 COSTA RICA, Cartago 0429 5/4 : Folk-style SS mx, hatted by Algeria-531. (Connelly)  
+0348 5/5 : Rumbos very tentatively //6070 (nom 6075). Few Carib./CA's in at the time. (Hall-PA)

- 535 GRENADA, Morne Rouge 0250 5/3 : Man in accented island EE, TVI 534.965 kHz. (Hall-PA)  
+0047 5/4 : Fair w/calypso mx. (Connelly-MA)
- 540 COLOMBIA, Bogota HJKA 0430 5/4 : RCN network ID w/reverb., just above other SSLA's. (Connelly-MA) (This is ex-R. Exito, now back to Em. Horizonte - I'm pretty sure the change was accompanied by signing on with RCN. ed)  
unID, 0056 5/8 : Amer-type uptempo mx, SS talk. Pos Dom. Rep. at fade-in, but channel way too noisy (storm QRN & powerlines) to ID. (Hall-PA)
- 570 CUBA, Santa Clara CMEA 0435 5/4 : Reloj pgm way o/WACA. (Connelly-MA)
- 580 PUERTO RICO, San Juan WKAQ 0232 5/4 : SS mx, shrill beeps like an electronic watch's alarm, then "W - Kah - Ah - Coq (Q)" Radio Reloj jingle. Strong, burying WTAG. (Connelly-MA)  
CUBA, //network 0210 5/8 : Earlier had SS non-// which seemed to be Puerto Rico. It'd probably be safe to generally consider these Rebelde net stn's as relays (or even repeaters) since in effect they cover all of Cuba and then some, wouldn't it? (Hall-PA)
- 590at+ CUBA, 0202 5/3 : Rebelde just a bit above 590 w/LA vocal. (Hall-PA)
- 595 DOMINICA, Roseau 0204 5/3 : EE rigs show fair. Apparently they've extended BC hours. This stn was very consistent this past season. (Hall-PA)  
+0212 5/4 : Caribbean EE talk (sporting event) at very good level, about as loud as I've ever heard this one. (Connelly-MA) (Suppose they revamped xmtr? ed)
- 600 CUBA, 0255 5/3 : XLNT w/vocals, //5025 shortwave. (Hall-PA)  
COLOMBIA, Barranquilla HJHJ 0151 5/4 : Suprisingly o/Cuban w/ID heralded "...en Barranquilla!..". (Hall-PA)  
+2100 3/29 : Strong signal o/Cuba w/SS mx. (Wyllie-MA)  
+0436 5/4 : "R. Libertad" ID, fast SS talk, then accordion mx. Dominating channel; other SS LA's audible in background. (Connelly-MA)
- 620 CUBA, 0237 5/3 : Strong, toppling domestics w/"Radio Rebelde" ID. (Hall-PA)
- 630 PUERTO RICO, San Juan WQBS 0226 5/4 : "Cadena Q-B-S" ID, salsa-disco, rolling in way o/WPRO's Sat. night oldies show. (Connelly-MA)
- 640 CUBA, Progreso fading u/domestics w/radical SS mx. 0231 5/3. (Hall-PA)  
GUADELOUPE, Arnouville 0225 5/4 : FF talk, mixing w/YVQD. (Connelly-MA) (Quite an elusive station here; nice catch. ed)  
VENEZUELA, Puerto la Cruz YVQO 0439 5/4 : "Portenas" ID, then vocal disco version of "Miami Vice" theme. Signal at monster level, 10db stronger than WNBC-660! (Connelly-MA)
- 655 EL SALVADOR, San salvador 0243 5/4 : Poor w/LA songs. +0231 5/2 : W/LA-beat mx. and ments. San Salvador (seemed political). (Hall-PA)
- 660.2 CUBA, 0350 5/3 : //900/640 Progreso net -- seems to be 200hz above on a long-term basis - been there for a few months. (Hall-PA)
- 670 VENEZUELA, Caracas YVLL 1933 3/29 : Strong sig o/WMAQ, SS mx and "Radio Rumbo". (Wyllie-MA)  
+0553 5/4 : o/Cuba, no ID hrd but clearly //9660 SW Rumbos w/distinct doorbells accompanying news. (Hall-PA)  
+0245 5/4 : Loud and alone on channel w/SS mx of varying tempos, then "R. Rumbos" ID. (Connelly-MA)
- 700 CUBA, 0501 5/4 : Reloj outlet noted mixing w/other SSLA's. Little evidence of WLW. (Connelly-MA) (Unlisted in '86 WRTH. ed)  
COLOMBIA, Cali 1955 3/29 : V. strong o/other SS stn. "R. Sutatenza". Other station might have been R. Popular, but not sure. (Wyllie-MA) (Or Jamaica?)
- 705 ST. VINCENT, Kingstown 0045 5/8 : Fair w/EXTREME het from Cuban on about 706, w/Carib. mx/talk. Cuban hetting its own on 710. (Hall-PA)
- 705.2vf CUBA, poorly modulated on fair carrier 0136 5/2, drifted to 706.5 by 0245. (Hall-PA)
- 710 CUBA, 0517 3/24 : R. Rebelde v. strong. All alone on freq., no WOR at all. (Wyllie)  
VENEZUELA, Caracas YVKY 0248 5/4 : Culture Club record, "R. Capital" ID -blasting out WOR. This Venezuelan is still the primary QRM source to WOR; Cuba not as much of a problem. (Connelly-MA) (Opposite here. ed)  
CUBA, 0243 5/4 : R. Rebelde in fine style - het from same on 706.1a. (Hall-PA)
- 720 t COLOMBIA, distinct HJ accordions in muck, u/fadey Rebelde stn. 0217 5/4. (Hall-PA)
- t JAMAICA, 0240 5/4 : EE rigs pgm generally o/mess -- does Jamaica air such pgm's Sundays? (Hall-PA) YES - ED, SEE END
- CUBA, eve 5/3 : A Rebelde stn poor, u/WGN/muck. (Hall-PA)
- 733 unID, 0059 5/8 : Again a het on 730 from someone on 733. I know someone's got to be here -- I've heard this before. Can't pull audio. (Hall-PA) only on Bev's
- 740 CUBA, 0312 5/3 : Carrying Progreso net feed tonite //900/640/660. Primarily carries the ubiquitous Radio Rebelde. (Hall-PA)  
COLOMBIA, Valledupar HJNS 0458-0500 5/4 : Briefly atop pile of LA's; "R. Guatapurí" ID, then electronic tones from "Close Encounters". (Connelly-MA)
- 750 VENEZUELA, Caracas YVKS 0454 5/4 : Loud / dominant w/SS mx, then Caracas mentions followed by "Hotel California" by the Eagles. (Connelly-MA)
- 760 CUBA, CMBD 0232 5/3 : Radio Reloj //570/790/931 et al. o/another which was prob. the YV which was consecutively IDed later. (Hall-PA)  
VENEZUELA, Puerto La Cruz YVQO 0233+ 5/3 : Fought for 1/2 hr to ID R. Puerto La Cruz - hrd w/Rumbos doorbells but didn't think to check if //9660 SW Rumbos. But hrd again 0349 5/5 and seemed to be in // w/ballad and Rumbos db's again. Someone else under, not //Cuba, so prob. HJPL. (Hall-PA)

- 760 +(YVQQ) 2020 4/5 : Poor sig o/other two stn's R. Reloj and HJ. Hrd many ID's cont. "Puerto La Cruz", first time logged. (Wyllie-MA)  
COLOMBIA, Barranquilla HJAJ 0453 5/4 : RCN net pgm w/brassy SS mx //HJKH-770. Signal atop other SSLA's w/no trace of WJR. (Connelly-MA)
- 770 t COLOMBIA, 0314 5/4 : Weak HJ mx u/WABC. (Hall-PA)  
 +Bogota HJKH 0450 5/4 : RCN pgm of brassy SSLA mx //760. Signal was o/a YVKK w/WABC phased. (Connelly-MA)  
VENEZUELA, Valencia YVKK 0450 5/4 : Good (o/HJKH & phased WABC); "Boxer" by Simon & Garfunkel, then SS talk (Venezuela mentions / local ads), followed by "Time After Time" by Stevie Nicks. (Connelly-MA)
- 780 COLOMBIA, Cali HJZG 0507 5/4 : "R. Sonorana" ID, romantic SS mx. Signal was good, o/a low-pitched background "growl" and a stiff het from Portugal-783. (Con)  
VENEZUELA, San Cristobal YVOD 0357 5/5 : //4900 SW, mostly over WBBH and other SS stn on south wires. The second LA might be Connelly's HJ (above). The south wires terminated in the crick: sure perform well. (Hall-PA)
- 790 CUBA, 0513 5/4 : Reloj ticker, beeper, man w/nx in SS, audible through WEAN & fierce splash from juggernaut PJB-800. (Connelly-MA)
- 800 NETHERLANDS ANTILLES, Bonaire PJB 0410 5/4 : KILLING CKLM //9535. M sure was at local level except for CKLM weakly under. Not too shabby for May. (Hall-PA)
- 810 COLOMBIA, COLOMBIA 0412 5/4 : Weak u/WGY but def. //5095 w/LA ballads. (Hall-PA)
- 820 VENEZUELA, Upata YVSH 0017 5/4 : Barquisimeto & Upata ads in SS, good o/others. Hefty Morocco-819 het present. (Connelly-MA)
- 830 t COLOMBIA, 0520 5/4 : "R. Vision" ID, then LA mx. HJDM Medellin had used that slogan at one time; WRTH '85 lists it as "R. Tropical", so I'm not sure who this R. Vision might be. (Connelly-MA) (Mark, this is HJDM presenting the woes of slogan shuffling - '86 WRTH lists R. Vision with same 15kw power. In the country listings of the '86 it says R. Vision, La Tropical de Ora (and 24hr) and not //SW. The address remains the same. Apparently the "Tropical" listed in the '85 was the unrecognized sub-slogan of the same. Hope this helps! ed) \*G city of Medellin
- 860 CUBA, Regla (Havana) 0210 5/4 : R. Metropolitano good o/WDMG w/Cuban pop show. (Hall-PA)  
DOMINICAN REPUBLIC, Santo Domingo 3/29 (time) : Poor signal but noted ID "Radio Clarin". (Wyllie-MA) call HILR
- 880 CUBA, CMAB 2313 3/8 : Good signal u/WCBS w/SS mx. ID "R. Progreso" sd/1k it was //with 870 kHz, but weak on that freq. (Wyllie-MA) (Very likely same on 870 - very often heard here (in the right cx). ed)
- 885 MONTSERAT, Plymouth ZJB 0010 4/23 : Talk by EE acc'td man, fair. (Hakiel-NY)  
 +0112 5/3 : Extremely weak (although some nights it really seems to get out on its 1kw) talk hindered by slop from both sides. (Hall-PA)  
 +0009 5/4 : Good w/Caribbean islands news in accented EE. (Connelly-MA)
- 900 CUBA, 0309 5/3 : "R. Progreso" ID into song "America Latina" by 'a famous virtuoso'. (Hall-PA)
- 931 CUBA, One of the Reloj stations (which was running more than the listed 250 watt / 1000 watt) or both were stepped up exactly one kHz eve 5/3 (noted het previous eve). Next eve back to 930 even by 0216. What's their motive? Think they want to QRM the US-backed Costa Rican (read VOA)? More than likely... (Hall-PA) \*on 930
- 940 CUBA, Reloj pgm u/Mexican 0230 5/3, fr/gd. (Hall-PA)
- 950 CUBA, Sancti-Spiritus CMGD 0240 5/3 : Rare Radio Reloj, sds/1k listed 1kw. (Hall)
- 960 CUBA, Cienfuegos CMFD 0348 5/4 : Cuban Reloj pgm briefly atop here, instead of usual HJHN/CHNS. (Connelly-MA)
- 1000 VENEZUELA, Moron YVMM 2338 3/29 : Noted ID "Mundial Hill", SS mx, WINS splash from teletype. (? ed) (Wyllie-MA)
- 1012 unID, 0144 5/4 : SSLA hetting WINS. Drifter Colombians & Cubans have been noted hereabouts in the past. (Connelly-MA)
- 1020 VENEZUELA, La Asuncion YVRS 0422 5/4 : SS party-mx, "Mundial Margarita" ID. Burying KDKA at the time. (Connelly-MA)
- 1050 t MEXICO, Monterrey 0244 5/3 : Max accordions (ranchera-like) u/WHN. (Hall-PA)
- 1055 unID, 0351 5/4 : SS LA here, poor. Any ideas? (G. Thomas, C. Hutton, C. Baskind, etc)? (Connelly-MA) (How about HJLZ ex-1050, La Voz del Cinaruco, Arauca, Col.? Reportedly on 1055. ed)
- 1070 VENEZUELA, Maracaibo YVMA 0418 5/4 : Festive mx, "Mundial Zulia" ID; dominant o/"growl" of other LA's. (Connelly-MA)
- 1080 VENEZUELA, Maracay YVNR 0416 5/4 : "Mundial" ID, punching through WTIC. (Connelly-MA)
- 1095 unID, 0323 5/4 : SS mx / murky audio; not helped much by a combination of dimmer noise and of slop from WBAL-1090 and ZDK-1100. (Connelly-MA) (Possibly Dominican Republic HIHD, formerly 1100 - reported by Geo. Hakiel in 1/22/85 East. I occ get a bit of audio but can't luck an ID. ed)
- 1100 ANTIGUA, St. John's ZDK 0116 5/4 : Excellent (loud and totally dominating the channel) w/brassy calypso mx having Carib. EE vocals. (Connelly-MA)
- 1165 ANTIGUA, St. John's C.R.L. 0116 5/4 : Excellent w/preaching; at least as strong as the WANA / unID SS amalgam on adjacent 1170, and stronger than the hodgepodge or 1160. (Connelly-MA)
- 1180 VENEZUELA, 0340 5/4 : Rumbos doorbells, LA mx w/flutes. Not sure if this was YVNIJ or YVOR. (Connelly-MA)
- 1205 CAYMAN I., George Town 0454 5/3 : R. Cayman v. weak w/bad Bordeaux-1206 het. (Hall)

- 1555 CAYMAN ISLANDS, Gun Bluff 0354 5/4 : "Late in the Evening" by Paul Simon; fair to good signal. (Connelly-MA)  
 1610 ANGUILLA, The Valley 0355 5/4 : Caribbean Beacon in like a local w/C&W style hymns. (Connelly-MA)

Certainly some respectable DX for Apr/May! A last minute note: I heard WTIX-690 (Birmingham, AL) with a slogan "The Mighty 6-90" at 0142 5/5 -- it may have been incidental, but be sure you don't confuse it with Mexico. John Wilkins, I'm writing to my friend in Sierra Leone, so I'll be sure to mention you. 73's

Shortly after finishing this, Carib. cx escalated providing for some classic DX for me. Jamaicans were practically piped in, and were quite easy to ID with co-channel YV's etc. off for the morning. I hope other DXers caught these cx as I have:

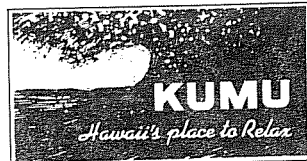

PAN-AM DX:

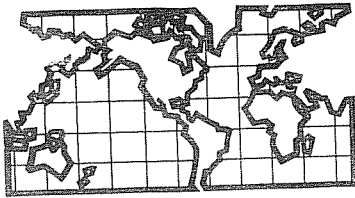

- 550 JAMAICA, Montego Bay RJR 0259 5/10 : Carib. EE anmt "From Jamaica, the Caribbean, and the world, this is nx from RJR" mixing w/fadey Cuban. +0429 5/12: Nicely //720/580 w/EE preaching.  
 560 JAMAICA, Kingston JBC 0454 5/12 : Mostly on top of domestics, but w/timed Fades, as with //750. Frantic EE preaching.  
 580 PUERTO RICO, San Juan WKAQ 0338 5/10 : "R. Reloj" ments in SS talk by m, "Radio Reloj" SID's by YLs w/brisk watch-like alarm pips (thanks to Mark's mention of these in his report of WKAQ this time - I probably would not have known these were from WKAQ). In long Cuban fade, but came up once and stayed up for the rest of the evening.  
 640 JAMAICA, Galina 0429 5/12 : RJR w/thickly acc'td Carib. EE man w/rign P.O. Box, fo'l'd/by EE preacher shouting quite loudly, //550/720 eo/u Cuba / Puerto Rican. CUBA, (2) Las Mercedes CMNH & Guanabacoa CHBB 0417 5/12 : At first I thought it was Progreso CMBB w/Rebelde pgm for MM, but "Progreso" ID (//660/900) o/a Rebelde // definitely IDed CMNH Radio Rebelde. CMNH, despite its 10kW, is rare around here with the 50kW Progreso goat mostly dominant.  
 650 DOMINICAN REPUBLIC, Santo Domingo HIAT 0401 5/11 : Consec. 15 fade-ups o/weak WSM, ID o/hour "HIAT estereo 650 khz...programa telefonico, Sto. Domingo, Republica Dominicana" fo'l'd/by a jx ID by YLs "Esta es, Radio ??" (not Universal), back into pgm. Usually Honduras but C. Am. in poorly all of May.  
 690 COLOMBIA, Bogota HJ CZ 0422 5/12 : Moody HJ crooners, flutery fading u/CBF OC.  
 720 JAMAICA, Kingston RJR 0429 5/12 : Boisterous preaching //580/550. Couldn't get 770 // to complete the R. Jamaica, LTD collection, but there's no doubting one of Mark C.'s LADX articles that Jamaicans are more reliably hrd after 0400.  
 750 JAMAICA, Port Maria 0453 5/12 : JBC definitely on -- man in acc'td island EE ment Box # BEFORE preaching. Unmistakenly //560. Largely o/WSB on fade-ups.  
 840 CUBA, Santa Clara CHEL 0300 5/11 : ID by YL over hour "Esta es estereo Dobleve B-40 khz...Sta Clara". Man & woman w/prov. net Cuban mx program.  
 1200 CUBA, Palma Soriano CMJQ 0429 5/11 : YL "Musica en Cubana" w/presentacion da musical Cuba. Common, but local signal tonight.  
 1555 CAYMAN extremely powerful OC 0530 5/12. 1205 fair OC.

Five pages of DX is unbelievable for early May!!! This beats some of our winter columns. The indicies from WWV have been borderline but cx sure seen at least mildly auroral...73

IN DX News this time around, 1PHR-Canberra, Australia has closed down because lack of funds(1620 KHZ).4CD-927-Gladstone, Q. is now 4CC. This from DX Aust. We only have one report this time around, from Nick Hall-Patch, Victoria,B.C. So on with report:

### PAN-AMERICAN DX ROUNDUP

530 COSTA RICA, Cartago-TICAL 0410 3/30 "Rumbos....diez a noche diez minutos" by man, ads and 30's style band mx. Fair for a short while. Although this has been tent. logged over the years, this was the first ID hrd. (NHP-BC) (Now if they will verify....PM)

### TRANS-PACIFIC DX ROUNDUP

153 U.S.S.R., Khabarovsk-1351 4/4 Chamber mx, fair //5015 (NHP-BC)  
180 U.S.S.R., Petropavlovsk-Kamchatchskiii-1342 4/4 Woman talking in RR //4485 Fair, but lots of noise. (NHP-BC)  
189 U.S.S.R., Blagoveshchensk-1345 4/4 Woman and man talking in RR with lively snatches of mx //5015, but with about 1/2 sec of delay. Note this and 153, 180 KHZ have moved 2KHZ down from their former channels. (NHP-BC) (Thx for the info on this Nick. PM)

531 AUSTRALIA, Kempsey-2MC Monster signal 1240 5/4 with tc by man and ad for game on 2MC-Mid-Coast Radio. (NHP-BC\*)  
540 AUSTRALIA, Longreach-4QL Fair and virtually alone 1249 5/4 //4920 First time logging on this. How to hear them at home! (NHP-BC\*)  
558 AUSTRALIA, Wagin-6WA 1253 5/4 Poor but //9610 with comic sounding Radio Play. (NHP-BC\*)  
657 D.P.R. KOREA, Kangnam-1330 4/4 Choral mx nil-fair //3320 (NHP-BC)  
738 AUSTRALIA, Grafton-2HR 1313 5/4 good signal talk and jazz //4920 but 4920 lagged about 1/2 second. (NHP-BC\*)  
774 AUSTRALIA, Melbourne-3LO 1256 5/2 Poor to nil with jazzy organ mx //76150. (NHP-BC)  
792 AUSTRALIA, Brisbane-4QC 1316 5/4 poor //4920 with Jazz, as were 576, 621, and 846 which usually are in // with each other and 9680 SW, instead of with 4920 with all the usual Jazz channels 612, 702, 774, 828, 837, etc. as they were this morning. (NHP-BC\*)  
810 \*\*AUSTRALIA, Bega-2BA 1318 5/4 Poor w/Jazz singing //4920 under strong KGO. New and a fine surprise. (NHP-BC\*) (Good catch Nick, as this one is even fairly rare anywhere on the coast. Now try for Fiji, that is under KGO quite often, as they are now 10KW,PM)  
1008 t JAPAN, Osaka-JONR-1238 3/30 poor to fair signal. (NHP-BC)  
1467 REPUBLIC OF KOREA, Mokpo-HLKN 1255 3/30 Group vocal mx almost sounding Latin //3930. Nil to poor. (NHP-BC)  
1620 UNID, DU talk here by man 0625 5/4 fair but with poor readability This is awfully early for even coastal Australians as local S5 should be past 0700. NZ is supposed to be putting on one of those handi-capped stations, has one appeared on 1620? (NHP-BC\*) (Nothing in the NZRDXL or DX AUSTRALIA, and I haven't heard anything here as yet. I have heard 4RPH-1620 quite early; though. Anyone else hear it? PM)  
1629 AUSTRALIA, UNID RPHs 1230 5/4 man talking and pop mx intermixed here with fair signals at this time. These are rough to positively ID it seems. (NHP-BC\*)

OOPS! (OPUS: I definitely heard an OOPS!) Looks like I was blitzed by deadlines twice. Seems that the mailings of DXM threw me off some, the delays causing some confusion. I did mail one column but it's probably lost in the mail; the other was put off due to exams. Now that's all over until summer, let's go to the scoreboard, I mean station listings. First, I'll have to clear some clutter...
