DUES/ADDRESS CHANGES: Ralph Sanserino 11300 Magnolia #43 Riverside CA 92505

REPRINTS: Steve Ratzlaff 295 Pettis Avenue Mountain View CA 94041

BOOK STORE: Phil Bytheway 9705 Mary Avenue NW Seattle WA 98117

IRCA CPC UPDATE: The IRCA CPC effort is now under way and needs your support. Postage donations are most needed and welcome. Also, your lists of suggested stations to contact are most welcome. Also, anyone willing to write text for a BCB DX info brochure for inclusion with the CPC letters, please contact me at the address below. Do you know any personnel at your local stations? Why not contact them about conducting a test for IRCA? Also, if anyone wants to see what the letters and info sheets we are currently sending the stations look like, please write and I will be glad to send you one. As always, your questions and comments are most welcome. 73 J D STEPHENS IRCA CPC CHAIRMAN PO BOX 605 HUNTSVILLE AL 35804-0605

DX Test Courtesy of the National Radio Club - Colorado CPC Machine. KCRV-1370 PO Box 9 Caruthersville MO 63680 will conduct a DX test on Monday morning October 28, 1991 starting at 0515 ELT. Test will consist of tones, music, code & voice ID's. Thanks to Cleat Stanfill GM...Thanks

CONVENTION: You still have time to send your money to: JIM HILLIKER at 1705 WITHERS AVENUE #12 MONTEREY CA 93940. I think his address was missing from the other releases on the convention, I am sorry about that, my fault convention goes. Time is drawing near are you ready. See you there

ALMANAC: This will be the last time you will see the ad for the 1991 IRCA Almanac. They are almost all sold, if you hurry you have a very small chance of getting a copy. I am glad this project is almost behind us and we will have an announcement in the near future that will make I think a 1 of us feel very good. Stay tuned.

PUBLISHERS DESK: Not much going on here as foreign DX is still slow at my location an apartment complex with about 100 TV sets, microwaves and some other noise generators. And I also have mountains almost surrounding my location, I would say this is not the ideal location to do any DXing. But we chug along. Just bought a mint Collins 51J-4 what a very nice rx to do BCB DX with, I was going to buy the R8 but changed my mind because of the problems and the 51J-4 cost less and has good image rejection, good audio and good selectivity and will keep you warm in the winter with its tubes. In the near future I will have a lot of gear to sell that I have collected over the years: R390A's, HQ-160's, HQ180, HQ180's, Heath SB-620 a lot of this stuff is in very good condition. All equipment will have manuals.

*** IRCA AM-FM ALMANAC, 5th Edition 1991 ***

The fifth edition of the IRCA AM-FM Almanac is now available! This 240 page book is a must have cross reference for the serious AM DXer. Within it you will find the current frequency check list, affiliates for news and talk show networks, syndicated music and religious programs, AM-FM simulcasts, station slogans, broadcasting in Canada, AM stereo, sports networks, utility stations and many articles on AM broadcasting. In addition, Volume V contains a section focusing on AM band foreign DXing (including a compressed IRCA Foreign DX Reference). Each list is in frequency order and many include the FM frequencies as well as the AM (great for FM DXers).

The IRCA AM-FM Almanac is available in large comb bound or loose leaf (please state preference when ordering). Post-publication prices are:

IRCA member: US - \$13.00 Canada - \$14.00 Overseas Sea Mail - \$14.00 Overseas Air-Mail - \$17.00
non-members: US - \$15.00 Canada - \$16.00 Overseas Sea Mail - \$16.00 Overseas Air-Mail - \$19.00

The IRCA AM-FM Almanac is available from: Phil Bytheway, 9705 Mary NW, Seattle, WA 98117.

Just 12 more days till we switch back to Standard time, the DX season is definitely here! For everyone who's going, have a good time at the IRCA convention in Monterey!!!

IRCA Mexican List, 2nd edition

The IRCA Mexican List, 2nd edition, is now available from the IRCA Reprint Service! This comprehensive guide lists calls, frequencies, locations, powers, schedules, networks, slogans and formats of AM stations throughout Mexico. It contains a wealth of never-before-published information received direct from Mexico City, and has been updated by listener tips through September 15, 1990. AM radio in Mexico has undergone an extensive shuffle in the past year. If you DX Mexico (or want to), you need this publication.

The IRCA Mexican List is available in four convenient formats: Please be sure to specify the volume(s)

Volume I - Sorted by Frequency, State, City (24 pages)	US \$3.75	Canada \$4.75	Foreign \$6.00
Volume II - Sorted by State, City, Frequency (21 pages)	US \$3.25	Canada \$4.25	Foreign \$5.25
Volume III - Sorted by State, Frequency, City (22 pages)	US \$3.50	Canada \$4.50	Foreign \$5.50
Volume IV - Call Index (Call/State/City/Freq only) (6 pages)	US \$1.00	Canada \$1.25	Foreign \$1.50

Send your order to: IRCA Reprint Service, c/o Steve Ratzlaff, 295 Pettis Ave., Mountain View, CA 94041

 OF SPECIAL INTEREST

- 630 KIDD CA, Monterey 10/8 1554 surprise change of calls, ex-KXDC! After "101.7 FM, Radio Pacific" UD & 2 spots, legal ID heard: "KXDC, Carmel; KIDD, Monterey-Salinas-Santa Cruz." Call change took effect 10/7. Also, on 11/1 KIDD-630 will change formats to Unistar's "AM Only" big band type format. (JH-CA)
- *****
- 530 TIS OR, Newport weak here on groundwave during the day. Operated by Newport Chamber of Commerce. Came on Oct. 1st, heard on 10/8 at 1420. General tourist info, 10 watts. New, reported. Reports to KNPT-1310 -- they engineer the TIS, located on Highway 20 towards Toledo (about 2 blocks off Highway 101. (PM-OR)
- 610 KYJC OR, Medford 9/25 2315 strong with KONA looped out. "KFMJ-KYJC Stereo Magic" IDs, adcon music, network ads, SNN news spots. (RCW-WA)
- 630 KXDC CA, Monterey per call to KXDC, changing calls back to KIDD and format to Unistar adult standards within a month. I believe they are still KXDC as of 10/7, only ID's as Radio Pacific 101.7, even on the hour! //KXDC 101.7. Don't they have to ID sometime??? (RW-CA)
- 660 KTNN AZ, Window Rock 10/2 2250-2305 C&W music, ID on the hour with water restriction PSA then NBC news. Heavy mixing with semi-local KAPS-660, Mt. Vernon, WA which is usually dominant. (RCW-WA)
- 700 KGRV OR, Winston 10/7 2115-2130 good over KSUR with a national relig. talk show. Fading by 2128, with True Value Hardware ad with local tag for store in Roseburg. 2129 Timberland Tire & Firestone in Roseburg. 2130 ID "KGRV, Winston-Roseburg," ment. FCC rules to reduce power at SS from 25kw to 500 watts. "Some of you may lose our signal until sunrise tomorrow." Lost at power down. Not heard in a few years. (JH-CA)
- +Apparent s/on (just missed) 10/8 0845. (LG-MT)
- 780 KAZM AZ, Sedona 10/5 0900 weak with ID. (LG-MT)
- 830 KNCO CA, Grass Valley 10/3 0845-0900 unbelievably strong with non-stop oldies (not by original artists). ID 0900, then said would start ABC news. (LG-MT)
- 850 KMDY CA, Thousand Oaks now // KNJO 92.7. J. McAuley says he heard of a CP for 50,000/1,000, maybe adding 2 more towers to current four. (GL-CA)
- 870 KOWA NV, Laughlin 10/6 0621 good with C&W music, "The Cow" IDs. ORM from KAIM. (PM-OR)
- 1050 KOFY CA, San Mateo semi-local heard with announcement they will drop "Kool Gold" 10/17 and change format to Spanish. (JH)
- 1200 CHMG AB, Saint Albert 10/7 0857 a powerhouse, IDing as "Classic Gold MG-1200," then plugging National Cleavage Week. (L)
- CKDA BC, Victoria 10/5 0902 weak but in the clear on that loop bearing. (LG-MT)
- 1250 KWSU WA, Pullman 10/7 0900 s/on, no anthem, very strong. (LG)
- 1330 KRDG CA, Redding 9/29 0430 huge with KWKW off. "Christian Music Radio K-Love." 5kw night CP must be on. (TRH-CA)
- 1440 KVON CA, Napa 10/10 0935 local-like with news by man & woman, local ads, faint ORM in background. (bp-WA)
- 1490 KCUZ AZ, Clifton 9/22 0303 ID by man "The best variety 24 hours a day on KCUZ." New, AZ #70. (TRH-CA)
- KRUI NM, Ruidoso 10/5 0358 fair with ID on car rx. Station apparently 24 hours now. (TRH-CA)
- KEYG WA, Grand Coulee 10/9 0700 atop with ID "Serving north central Washington from Grand Coulee...KEYG..." mixing with KENE. (bp-WA)
- 1550 KAPL CA, Apple Valley 10/7 per call to John McAuley ex-GM now consultant to new owners, day power is 5000, nites 500. Station phone remains 619-247-1111. I think they're interested in reports. (GL-CA)
- 1600 KBBX UT, Centerville 10/6 0859 OC with RGST & possibly KUBA under. Then, end of relig. program faded up and ID

"Christian Radio...KBBX, Centerville-Salt Lake City."
Then, KNMY "Money Radio" s/on. (SM SP?). New. (JH-CA)

LOCAL CHANGES

- 570 KVI WA, Seattle per phone call, now has Rush Limbaugh 1200-1500, Alan Combs 1500-1700, Barry Farber 1700-1900, Dean Edell 1900-2000 M-F, with repeat of Limbaugh Sat/Sun 0900-1500; however, I also noted repeat of Alan Combs 10/9 0745. Still live oldies 0800-1200, rest of time SMN oldies. They've been rearranging their schedule a lot lately, so don't be surprised if this is out of date soon. (bp-WA)
- 680 KLDY WA, Lacey 9/27 2220 local over KBOI-670 and KNBR. Back on the air after 9 months silent with relig. program (started 6/10/91). Days only; currently 6:45am to 7:30pm PDT with 250 watts. Phone 943-5539 or 1-800-659-5539. Health Ministry Radio out of Colorado with write-in address in Ferndale, WA. S/off 2230 but about 2 min. overrun, then gone. (RCW-WA)
- 1240 KNRY CA, Monterey carries CBS Monday Night Football. (JH-CA)
- 1250 KKFY WA, Seattle now has Spanish Sunday night 2200-0200, rest of time still urban contemp. (bp-WA)
- 1570 KTGE CA, Salinas per CE, CP for 5,000/500 has been in effect since mid-April 1991! I thought they sounded louder at night, hi. Patterns unknown, but must protect KCVR. Shares KPUP-540's 5-towers site. (JH-CA)

Help with unID's

- 820 LG-MT's unID OC in 9/28 WDXR is probably XEYX. (TRH-CA)
- 1290 "Real Country" is KCUB--AZ. (TRH-CA)
- 1310 "K-Mix" is KMYX-CA. (TRH-CA)

UNIDs

- 125C 10/7 0704 unID TT loud looping east most of morning. KHOW? (RW-CA)
- 1430 UNID Spanish all alone 10/8 2305 and 10/9 0650, o/u QRM 10/10 0937. KNTA most likely. (bp-WA)

Tim Hall asked if the Port Angeles, WA TIS is on 1600 or 1610. It was on 1600 with 0.1 watt, non-licensed, with advertising. Now it is on 1610 with 10 watts licensed to the city of Port Angeles.

Date: 11th February 1991

To: Professor John H. Bryant, A1A
RTT 5, Box 14
Stillwater, O.K. 74074
U.S.A.

Dear John,

It is indeed sad to note that you have not at this stage received my first letter. I remembered three of us playing the tape and trying to identify who the announcer was.

Anyway this letter then is to confirm that your reception report on 19 March 1990, is correct. However this station does not carry any pennant or sticker of any form but this brief letter is acknowledging your report is correct.

Thank you once again for writing for the second time.

Cordially

Mr. John Bryant,
P.O. Box 364,
Stillwater, Oklahoma,
U.S.A.

Dear Mr. Bryant,

We are in receipt of your letter informing us that you were able to pick up our station on March 17, 1958, and that you found our signal strength moderate and our quality very good.

It might be of some interest to you to know something about our transmission equipment, which consists of a 280' mast with a "T" aerial. We radiate 20 kw from two ten-kw transmitters into a combining unit, giving us a total radiating power of just under 20 kws.

This equipment is situated at our Transmission Station at Caroni which is approximately 8 miles away from Port-of-Spain where our broadcasting studios are located.

We wish to thank you very much for taking time out to let us know you were able to receive us, and if, in the future, you are able to do so again would you please let us know as it is of great interest to us to know that we are favourably received in such distant places.

We are returning the postage coupons which you enclosed as it is our pleasure to communicate with you.

Yours faithfully,
TRINIDAD BROADCASTING CO., LTD.

UNIDS

990 unID 9/29 fair o/u/CKIS in WIVK null. 0201 with jazz/BBD/EZL music. No ID. 0220 faded. Best on west wire or north wire. Any ideas? [VAL-DX]

UNID HELP AND CORRECTIONS

Robert Wien offers a correction and some help with unIDs from the 10/5 CDXR:

990 [SA-MB]'s unID with AI news might be WLDX-AL or WEEB-NC, these are the only two nighttime stations on 990 w/AI News.

1140 [VAL-DX]'s TENTATIVE "The Fox" is not CISS, they changed calls to CFXX.

1360 [RS-MO]'s unID with the phone number "390-KKMJ" is strange. He must have been tuned to 1370 not 1360...note KKMJ-1370 Rollingwood runs 5,000 watts day, 500 watts night. Rollingwood, Texas is not too far from Austin.

Thanks, Bob, your help is appreciated!

25 YEARS AGO

October 29, 1966 issue of DX Monitor....Berkeley, CA DXers Larry Godwin and Bob Wilkins logged KINY AK on 10/2....C.M. Stanbury II continued discussion of Swan Island....A feature article on radio piracy in Russia mentioned one transmission ended with an apology by the operator "We would like to continue our broadcast of music but first we must take time out and chip in for a bottle of vodka."

OPEN MIKE

 Ideas never work unless you do. Keep sending in your tips and DX loggings! Thanks to all that reported this time. Thanks also to Robert Wien for his valuable assistance. 73, John.

DX TESTS, FREQUENCY CHECKS, TIS

- 1280 CFYZ ON, TORONTO (PEARSON INT'L AIRPORT)
TIS 9/30 0745 GOOD w/usual bilingual airport information; ex-530. Obviously had to vacate old frequency when CIAO moved to 530. Do you know of any other TIS's that are not on 530, 1610 or 1620? This is a very unusual TIS frequency. (MB-ON)

QUIPS & QUOTES

FROM DAVID REITZ: Well, it looks as if the DX season is upon us. Sunday evening (10/6) was an incredible opening to the Texas/Louisiana area with 1430 - KCOH in at local level and 890 - KVOZ in quite well also (a new one for me). These are the kind of nights that can really get those DX juices flowing.

COMMENTS

Thanks to David and Mike for their contributions to this issue's EDXR. Until next time, **CONTINUED GOOD DX MY FRIENDS** and 73 de Mr. B

Western DX Forum

★★★★

CHANGE OF WESTERN DX FORUM EDITORS -- PLEASE NOTE:

OUTGOING EDITOR: Bill Hardy, 2301 Pacific Ave., Aberdeen, WA 98520.

Bill's final deadline in Aberdeen: Sat. 26 October.

NEW EDITOR (pending Board of Directors approval):

Reid Wheeler, 5910 Boulevard Loop S.E., Olympia, WA 98501.

Reid's deadlines: Each Saturday beginning 2 November.

PATRICK MARTIN, P.O. BOX 843, SEASIDE, OR 97138-0843

First off, I really enjoyed Gerry Thomas's forum in the 28 September bulletin. I'll never complain about all the scratches and cuts I have gotten through the years working on my Beverages. I guess that goes with the territory. You pay for all that DX you get, hi. It is funny - when you are out there and get into all the brambles and such, the cuts don't really hurt as you are doing something you really want to do. It seems all worth it. If you got cut mowing the lawn that would really hurt, hi. CJVB 1470 Vancouver, BC has done something to their pattern recently. They now mix here with KELA Centralia (only 70 miles away) during the day. I don't notice any difference at night. I had wondered about it. Thanks for mentioning it, Bruce. Most of the Vancouver, BC stations are regular here day and night. CHQM 1320 and CKST 800 aren't heard much during the day. CHQM has KXRO to contend with, but they do make it in during the day in the winter at times. CKST is directional northerly so if I hear anything else on 800, except for KPDQ Portland (in the winter), it is CKOR Penticton. CKST is heard at night with the NNW Beverage, though. CBU 690 is about the strongest, followed by CKWX 1130 and then CHRX 600 and CKLG 730. CKNW 980 is also not bad off a northerly Beverage during the day. CFUN 1410 is heard, but is weak. All three of the Victoria stations are heard, with CJVI 900 by far the strongest and CKDA 1200 the weakest. CKDA used to be a bit better on 1220, but had KCCS Salem, OR QRM during the day. That's it for this time - good DX to all. 73, Patrick.

GARY LARSON, 2806 LINCOLN, BURBANK, CA 91504 (818) 559-1500

Hello. New info here is KMDY 850 in late September dropped all comedy and is simulcasting KNJO 92.7 adcon format. Call is still KMDY as far as I know. Also stations have new owner who may put a Spanish format on 850. Talked with general manager a few days ago (today is 7 Oct.). Interesting on 960 now using KAPL call, probably means Apple Valley. Yes, I do think they're 5kw now. KJQI 540 still is favorite regional station to hear in car. Good reception in area of El Segundo and Westchester. A friend in Missouri tells me KIDS 1340 aired on 1 Oct. with kids type format 0700-1300. Too bad KICK isn't still on 1340 with oldies. KICK call now used elsewhere. Randy Stewart had an interesting report in DXM 927. Here's wishing the San Jose Sharks a good first year. Pretty good network they have so far. Bill, good job as temporary editor. Hope more members report often. In addition to above home number, I also have (818) 846-5540. Usually am home 1900-2400 Pacific time. Good DX everyone.

JOHN C. JOHNSON, 979 NEPTUNE BLVD., BILLINGS, MT 59105-2129

The new season starts off with a most welcomed verie from WRC 690, so far the best catch of the season. On the subject of computerized reports, I must say it is far less expensive to mail a letter than a floppy. I will accept reports on floppies, but I will not return the floppies to the submitters. (IBM compatible only.) If you are a computer owner I suggest you get a modem and subscribe to Prodigy. This service is available in a lot of cities with a local phone number so you only need to pay their monthly service charge (\$12.95). Part of their service is E-Mail. I am a Prodigy member (address MPNN49A) and accept CDXR material via Prodigy. Also a nifty way to send tips between members. Please keep in mind it is still cheaper to use the

mail system (you can mail some 44 letters for what you pay in service charges per month to Prodigy). If you are interested in Prodigy, visit your local computer dealer (or a Sears store) for a demo. 73, John.

LARRY GODWIN, 2390 CLYDES DALE LANE, MISSOULA, MT 59801

Greetings! I just received Radio West's current catalog, and ordered the "Great Little Loop." It occupies only one cubic foot of space, and covers 400-2000 kHz. The older 18" and 23" models are no longer available; they covered SW as well as BCB. The BCB loop costs \$121, including UPS. The address is 850 Anns Way Drive, Vista, CA 92083. Phone (619) 726-3910. As you probably know, Ralph Sanserino makes these loops so we can be assured of quality. Conditions to Asia were grand 22-24 September (see last week's DXWW), then deteriorated. I haven't heard audio from any TP or DU stations since. I thoroughly enjoyed Gerry Thomas's account of the Labor Day Beverage. Hope someone volunteers to edit WDXR soon so Bill can do more DX'ing. 73.

NEIL KAZAROSS, 332 RICHARDSON DRIVE, MILL VALLEY, CA 94941

(415) 389-6064 (never after 9:00 on a weeknight)

Just moved from San Diego to the San Francisco Bay Area. I will be at the convention at Monterey. I'm interested in organizing a Beverage DXpedition to Ano Nuevo State Park (has been used by Bay Area TP DX'ers in the past) for Saturday night of the convention. I have enough wire for two long Beverages. Interested DX'ers are invited to call me. I would prefer that there be at least a minimum of one Beverage per DX'ing setup. That way we don't have to split one Beverage to many receivers. I'm hoping to make the Newfoundland DXpedition that Mark Connelly is planning. I will miss DX'ing with my good friend Tim Hall from Chula Vista. 73 from KAZ.

BILL HARDY, 2301 PACIFIC AVE., ABERDEEN, WA 98520

Great turnout this week! Neil phoned in his forum so it would make this week's deadline. Hope you have a good turnout, Neil. Gerry Thomas's forum in the 28 September issue was fascinating. I could sense his anguish about burying his Beverage wire and then stringing it into the brambles - four hours of hard work - and not even getting to use it! Thanks, Gerry, for sharing a great story, and I almost hate to ask what's next. I must give myself two sets of 100 lashes with the stiff penguin flipper: first, for putting "Change of Western DX Roundup Editor" at the top of last week's column, which I've corrected this week (Nancy is still Roundup editor and she caught the mistake); and second, for listing 1490 Grand Coulee, WA as "KEYF" in the 14 Sept. WDXF, as well as Robert Wien's column on page 5 of that issue. They are KEYG, but their FM was KEYF years ago. KEYF is on 1050 in Dishman and 101.1 in Cheney, WA. Thanks to Bruce Portzer for catching the mistake. Patrick, I noticed a much stronger daytime signal into the U.S. from CJVB 1470 when Nancy and I camped near Mt. Vernon, WA on the last day of vacation in August. With KAPS moved from 1470 to 660, CJVB may have seized the chance to eliminate their null of Mt. Vernon (about 60-70 miles from Vancouver). CKST 800 likely has a wide null of KGMI 790 about 25-30 miles south. CHQM 1320 supposedly nulls Aberdeen, but can mix with local KXRO some evenings and is good after KXRO goes off at 0300. Gary, per the newspaper clipping on KMDY 850 you sent me with your forum, KMDY still has "Comedy Radio Classics" Mon.-Fri. 2200-2300 local. Re your WDXR this week, why would KMDY or any other AM in a high-price real estate area want to add more towers?? Some stations are lowering night power so they can eliminate towers and sell the land! Larry, glad to hear Radio West is still around; I had wondered. I don't know if I'll get any more DX'ing done when Reid takes over as WDXF editor in three weeks, but I'm glad he's taking over so that other projects, including Almanac updaters, can get my time. It's been fun. Now please support Reid in this same fine manner! 73.

IRCA ALMANAC UPDATER 5.3 is coming! We have a complete, official list for Rush Limbaugh's talk show, plus NFL and college football networks and other items! \$2 U.S. and Canada, \$3 elsewhere, payable to IRCA, from Bill Hardy, 2301 Pacific Ave., Aberdeen, WA 98520.

EASTERN DX FORUM

RICHARD C. EVANS
PO BOX 21883
MILWAUKEE WI 53221

Deadlines: Saturdays

Karl V. Jeter, 2115 Scarbrough Road, Stone Mountain, Georgia 30088

Greetings! I recently renewed my membership in the IRCA, making 15 great years continuously as a member. A brief reintro: I am 38, and a single parent to Kevin, my 7-year-old boy, and am self-employed with a small engineering/drafting outfit at home. My DX career began while in high school in Conover, NC in 1969, the same year I got my first verie from WCPL-Chicago. My current totals are 1841/1446 with 44 states, 6 provinces and 21 countries verified. I concentrate on domestic DX, but do try a little international DX every so often. To those of you with children, the following may be of interest. I began to suffer from a loud buzzing QRM on the broadcast band that appeared at dark, and would last through the night. Cursing the new apartment complex that now stands behind my house (where my antenna farm used to be), I immediately assumed the source of the interference to be from back there. I began investigating, and decided to check my house first; armed with a battery radio, I shut off the main power to the house, and the buzzing stopped! Turns out the source was a little automatic night light (the kind that has a small photoelectric cell) I had recently bought to use in my son's room! The brand is "Good Nite Light", manufactured by Intermatic, Inc. of Spring Grove, IL, model no. GN-1. Needless to say, it has been returned for a conventional non-interfering variety! Has anyone else noticed what may be a new trend in AM programming? On 9/27, I was tuning around, and on 1100 kHz, I noticed audio from a local Atlanta TV newscast. Puzzled, I listened on, and at break time, heard the following announcement: "This is Don Farmer, (a local news anchor) and you're listening to Channel 12 Action News on Country 11, WLBB, Carrollton". Other than the stations that rebroadcast the audio of CNN Headline News (like WCNN-680), this TV/Radio simulcast must be a new trend. Not much DX to mention in this young season, but what a start: heard KOKK-1210 Huron, SD on 9/25 at about 0658 briefly before being buried by the WSBI-Static, TN sign/on. I have been trying for more, but not much luck; just a tiny piece of KOKK the next AM. It sure is nice to see those weekly DX Monitors! Good DX, and 73's. (Karl, wasn't Don Farmer an anchor at one time on the regular CNN network, perhaps six or seven years ago?--rce)

R.C. Watts, 4109 Graf Dr, Louisville, KY 40220-3016

Sold some haws and went to the Monitoring Times Convention. Ran a little short but a had a couple shoats in the trunk, just in case, which I was able to see to one of the BBQ joints. Them people down there use something called "plastic" to pay for things, just like they do up North, and charge 15c more for a gallon of gas. Anyway, Knoxville was having its becentennial (whatever that is) so I was distracted by a spectacular fireworks display over the river on Thursday night (10/3). Had a good view from the Hyatt Regency. Looked like a lot of bicen was going on and I'm fer it! The Caribbean Beacon-1610 was fair about 2000 while the Atlantic Beacon was way down in the QRM on 1570. At 2:00, TWR-800 was very good with English news. So didn't hear anything of note. I stopped by Renfro Valley on the way down I-75 and picked up a copy of the "Renfro Valley Bugle". It lists the stations that carry the "Sunday Morning Gathering" with broadcast times. You can probably get a sample copy from Renfro Valley Folks, Inc., Renfro Valley, KY 40473. They also sell old program tapes (unedited, 1960-1980). John Lair, the founder, was a delightful MC back in those days. Back to the convention: highlights for me were a tour of WATE-TV6 and construction/operation of WwCR shortwave in Nashville, presentation by George McClintock. He is GM of WwCR and co-located sister station WNQM-1300 as well as

WITA-1490 in Knoxville. Without Karl Zuk and IRCA, there was nothing about AM/FM broadcasting. The convention may have outgrown Knoxville and could be in Atlanta next year. I may sell another batch of hawks and go again--so eat more pork!

Ernest Cooper, 5 Anthony Street, Provincetown, Massachusetts 02657

It's been three months and one hurricane since I last appeared in these pages, so let's get back in the limelight. Veries have come in from WPNT-820-IL (sent by the present WPNT(FM) in July for my 820 reception back on 1/3/91 w/out a f/up!, WIZA-1450-GA out 21 months; WwBH-1550-FL (ex-WCCZ); the brand new WVNE-760-MA (Leicester, pronounced 'Lester'), WLPZ-1440-ME and Caribbean Beacon-1610 to bring the total to 4385, counting call changes but not frequency or power changes, the way virtually everybody counted them in my day. Bob and I took a second vacation this year, going back to a favorite spot of ours, Green Lake, Leeds, NY on 8/6 for two weeks. On awakening on Monday 8/19 we heard the news on the radio of Hurricane Bob, then 15 miles S of Providence, RI, and it was pouring rain there in Leeds, so we decided to leave right then and there, a day sooner than planned, and try to get home before the storm hit Provincetown. Figuring a hurricane generally takes about an hour to go 15 miles, we thought we might be able to get home before Bob (the storm) hit. Ha! I am "allergic" to toll roads, so we were travelling East on US 20 and listening to storm reports, and not making very good time, so we decided to swing over to the Mass. Pik- the first available entrance to it, which came at Worcester. The first thing we encountered was a toll booth, but the guy was standing outside it and waving us through and yelling "don't stop! Keep going!" That we did, as the now heavy winds swerved our Chevy Cavalier considerably, but we made it to the Sagamore Bridge (across Cape Cod Canal) where we were stopped, and all traffic was forbidden to cross due to the severity of the winds. After about a two hour wait, we got the OK to continue, and all was OK till we got to Orleans, where at the traffic circle between Orleans and Easham we were again stopped, with all traffic, as the roads were blocked by fallen trees. All electric power was off on the entire Cape, but we tried backtracking to find a restaurant that might have gas stoves in their kitchen, to no avail - there was one, with a line about a mile long! Finally after another two hours we were allowed to proceed, until we got about four blocks from our home where we were told that a roof had blown off up ahead and no traffic could move due to it and fallen wires and trees. We got back out to the highway and took the next exit to Provincetown and came in from the other direction, wondering if it was our roof that was lying in the road! To make a long story short, 'twasn't our roof, but that of a large hotel two blocks from us which had blown completely off. We had no damage - the TV and FM antennas survived the storm intact, thank God- and believe me, we did!...(continued next week)

Rick Evans, 4841 South 26th Street, Milwaukee, Wisconsin 53221

A newspaper clipping from Howard Kemp says that WKBR-1250 Manchester, NH is back on the air again after being off since January. It will be combined with WWNH-AM of Madbury/Dover to make up the Love Radio network, with a format of contemporary gospel, inspirational music and teaching that will reach a potential audience of over one million people. I don't know what you did this weekend with the expanded Thomas hearing in the US Senate but I watched a lot of it on the new "Court TV" cable channel. Locally, the coverage was live on WCKY-920 and possibly other stations in the area. The latest Arci-tron listing is out, and only 2 AMs wound up in the top ten: #1 WTMJ-620 and #2 WOKY-920. #11 was WISN-1130 #16 WMVP-1290, #17 WEMP-1250 and WNOV-860 (tied), #19 WGN-720 (chicago) with 0.8%, and #21 WLUP-1000 (tied with 5 others including WBBM-780) with 0.5%. I was surprised to find 3 Chicago stations on the list in Milwaukee 90 miles away. I was down in Illinois Saturday doing some "leafing" (as it's called in Penn.). My wife decided she wanted to look thru an antique store in Hebron so I went in with her. In there, I found two copies of Radio Life magazine from WWII. I've just had time to glance at one of them but it was interesting. Perhaps next week...73.

THE INTERNATIONAL RADIO CLUB OF AMERICA (IRCA)

The IRCA is a non-profit organization devoted to the hobby of hearing distant stations on the AM Broadcast Band (510 - 1630 khz). **DX Monitor**, the official publication of the IRCA, is published 34 times a year, weekly from October to March, twice in September and April, and monthly from May to August. **DX Monitor** contains members' loggings, articles on radio stations, receiver reviews, technical articles, DX tips, and other material of interest to Broadcast Band DX hobbyists. IRCA is a member of ANARC, the Association of North American Radio Clubs.
