## A WORD FROM YOUR CPC

As we kick into high gear in arranging tests for the '94-'95 DX season, for some reason donations are way down as compared to this same time last year. Your support is needed to continue the same level of CPC activity which everyone has become accustomed to.

Some of you have already sent donations, and we thank you. For those of you who haven't yet, donations in the form of checks (no cash, please) or postage stamps may be sent to; J.D. Stephens, IRCA CPC Chairman, P.O. Box 605, Huntsville, AL 35804-0605.

Thanks again for your support!

DEADLINE: MONDAYS

Another good DX week and reports from Shawn Axelrod, Larry Godwin, Gary, Jackson, Robert Wien, and even a phone tip from Tim Hall on a new Mexican! First off I will mention the Mexican, Tim Hall and Doug Martin reports a new Mexican in Ensenada, XEEBC, 730 KHZ with 1KW. The station uses the slogan "Radio ACIR" running the network. Unknown if the station is 24 hours, but does run nights. Address: XEEBC-Matamoros 8, Fraccionamiento, Bahia, Ensenada, B.C. Mexico. Thank for the phone tip on that Tim. Appreciate hearing from you. Conditions have been great with even a possible Russian from over the pole, on 873 KHZ. So on with reports.

## PAN-AMERICAN DX ROUNDUP

- 535 TURKS AND CAICOS, Radio Vision Christiana-9/12 0712 old friend not hrd since last Winter, strong hetting 530/540 w/preacher in SS. What is the exact freq. for this? (RW-CA) (They are on 535 KHZ. They moved from 530 to get rid of the Grenada QRM. PM)
- 820 MEXICO, SS sign on 1258 9/5, UNID. (GJ-CA)
- 920 tMEXICO, UNID in SS even with KXLY 0257 9/5. Mentioned "LMR" but apparently not an ID. (LG-MT)
- 990 tMEXICO, UNID at 1200 8/25 and 1207 9/9, I hrd vocal national anthem here, then intro. with violins to program in language that seemed akin to GG or RR. On 9/9 I think anc. gave call ID before anthem. Intriguing. (LG-MT)
- MEXICO, UNID s/on w/Inst. NA weak at 1202 9/12. (LG-MT)
- MEXICO, Xelpa-XEFP IDed as "Radio Alegria" at 1203 9/10. I think the station was on before 1200. (LG-MT)
- MEXICO, UNID apparent s/on w/NA at 1301 9/9. Maybe XECL. (LG-MT)
- 1035 HAITI, Airspace-Radio Democratie-9/13 0157 Poor to fair signals in WHO slop. Man speaking in Creole which sounds FF sort-of to those who never has hrd it. There is a gong of some sort and R. Democratie IDs. s/off very abruptly at 0200. They are supposed to be on from around 2230 to 0100 or 0200 daily. The station is from aircraft flying over Haiti and run by the USA. This may be gone soon. (SA-MB)
- 1130 MEXICO, Toluca-XETOL very strong w/Radio lobo ID at 0254 9/12. No CKWX on this AU evening. (LG-MT)
- 1180 CUBA, Havana-"Radio Taino" strong atop KOFI with IDs in both EE and SS at 0300 9/7 and 9/8. Another strong SS audible at the same time both days. (LG-MT)
- 1500 tMEXICO, Mexico City-XEAI 9/5 1200 Susp. w/XE NA in tight local KSJX-1500 null mention of "???" Tropical" but XEAI is listed as 24 hrs in XE log, they weren't signing on were they? (RW-CA)

## IRCA BOOKSTORE

International Radio Club of America publishes several items which are available from the IRCA Bookstore.

### IRCA AM-FM ALMANAC, 5th Edition 1991 - (Reprint)

This 240 page book is a must have cross reference for the serious AM DXer. Within it you will find the current frequency check list, affiliates for news and talk show networks, syndicated music and religious programs, AM-FM simulcasts, station status, broadcasting in Canada, AM stereo, sports networks, utility stations and many articles on AM broadcasting. In addition, the fifth edition contains a section focusing on AM band foreign DXing (including a compressed IRCA Foreign DX Reference). Each list is in frequency order and many include the FM frequencies as well as the AM (great for FM DXers).

IRCA AM-FM Almanac is available loose leaf or comb bound (please specify). Prices are:

IRCA/NRC member: US - \$13.00 Canada - \$14.00 Overseas Sea Mail - \$14.00 Overseas Air-Mail - \$17.00  
 non-members: US - \$15.00 Canada - \$16.00 Overseas Sea Mail - \$16.00 Overseas Air-Mail - \$19.00

IRCA AM-FM Almanac, 5th Edition 1991 Updaters are also available from the IRCA Bookstore!

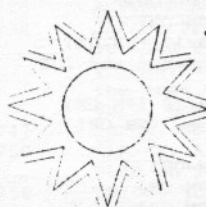

Updater 5.1 - Almanac index, AM slogans. Updater 5.2 - Satellite Music Network, Unistar/Transtar, talk updates, BRN, 1991 Baseball. Updater 5.3 - updated NFL and college football, NHL Hockey, 530/1610 TIS/Highway Radio update, Rush Limbaugh. Updater 5.4 - updated NBA and college basketball, AHC-AP-UPI-USA network lists, ESPN-SEN sports talk lists, Canadian Music networks and more. Updater 5.5 - 1992 baseball, Spanish networks, Interstate Radio Network and AM Slogan list updates.

Each IRCA AM-FM Almanac, 5th Edition 1991 Updater is 20 pages. Price \$2.00 US and Canada, \$3.00 elsewhere.

(NOTE: IRCA Almanac (third and fourth editions) are still available for \$5.00 (overseas airmail add \$2.50))

### A DXers TECHNICAL GUIDE

Now in its 2nd edition, this 120 page book answers questions on receiver and antenna theory (how to improve their performance), how audio filters and loop antennas can improve DX (and hints on their construction), how to build a beverage and phasing unit, and much more. Only \$5.50 for IRCA/NRC members, \$6.50 for non-members (overseas airmail add \$2.50).

It is hard to believe, but the new DX season is here and DXM is again weekly. The 1994-95 contests are beginning on Oct. 1, and I hope that many of you will enter one (or more!). Whether you are a domestic DX'er or a foreign DX'er, there is a contest for you!

## IRCA Reprints

The IRCA maintains a large file of articles which have appeared in past issues of DX Monitor. These articles cover a wide variety of topics, including: antenna theory and construction, tips for the foreign DCB DXer, how to improve your DXing skills, history of DXing and broadcasting, lists of stations by subject, construction projects and receiver modification, receiver reviews, medium wave propagation, and more. Copies are available for a nominal charge. For a list of reprints, send \$1.00 to:

IRCA Reprints, c/o Steve Ratzlaff, 1885 E Bayshore Rd Sp 90, E Palo Alto CA 94303.

IRCA MEXICAN LOG, 1994 - 3rd EDITION.

The log lists all AM stations in Mexico by frequency, giving call letters, state, city, day power, night power, slogans, schedule in UTC/GMT, formats, networks, and notes. Stations that have changed frequency since 1990 are cross-referenced on the old frequency.

The call letter index gives call, frequency, city and state. The city index (listed by state, then city) gives frequency, call, day and night power. There is even a guide to the Spanish alphabet and numbers.

The log has been completely updated from the 1990 edition and carefully cross-checked by IRCA members in Mexico and the U.S. This will be an indispensable reference for anyone who hears Mexican radio stations.

The price, payable to IRCA in U.S. funds:

IRCA/NRC Member: \$6 U.S./Canada/Mexico/seamail, \$7 rest of the Americas airmail, \$7.50 Europe/Asia airmail, \$8 Australia/New Zealand airmail.

Non-Member: \$8 U.S./Canada/Mexico/seamail, \$9 rest of the Americas airmail, \$9.50 Europe/Asia airmail, \$10 Australia/New Zealand airmail.

Order from Phil Bytheway, IRCA Bookstore, 9705 Mary N.W., Seattle, WA 98117.

[9/2] Hi. After reading in DXM 1027 of KIDS possibly going silent, I decided to call to ask about it. Spoke to Bob Kramer who later said they went off 8/26. They could return if sponsors are found or they could sell the station. Would like to see them continue or if new owner bought 1340, maybe go on with 50s-60s oldies. A friend, Bill Dean of Branson area, has kept me up to date on many changes in MO/AR radio as he discovers things. He's hoped 1340 will stay on, too. We frequently trade airchecks. Heard ID on 1050 this morning about 9am of KKG0 Frazier Pk/Bakersfield. Have a car now and radio isn't too bad. I listen a lot to KOGO-600. Ralph - sorry to learn of your stepping down. Thank you, from me, for all of the years of great publishing. 73

**Frank Aden, Jr., 4096 Marcia Place, Boise ID 83704**

I want to thank Bill and Nancy Hardy for a great convention! It was good to meet everyone especially those for the first time. Mark, Ted and I were also impressed by Heidi at KAYO who gave us a tour after our visit to WalMart, we all had missed the regular tour on Friday. I am currently working on the convention video and am suggesting we make all of the video available, about 5 hours worth, on a T-160 VHS tape (LP speed), cost will be around \$22.00 postpaid. For those of you who are trying to find sources for the SONY SRF-42 AM Stereo radio I see it is listed in the J&R Music World Catalog, phone # is 1-800-221-8180. I will be mainly watching for the DX tests this year and checking out the band for AM stereo stations. 73 and it's 95 in Boise!

**Rich Toebe, 2550 Hilborn Rd #34, Fairfield CA 94533-1062**

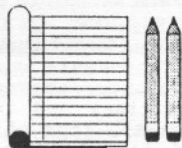

[9/6] I want to thank Bill & Nancy for putting on a very nice convention! The tours were fun, the banquet was great, and the keynote speaker very entertaining. The DXpedition to Midway Beach was enhanced by the extremely dark sky (it isn't every day the Milky Way shines so bright) although we never did figure out who the Polynesian on 1557 was. It was great to see old friends again, and to make some new ones! Nina also had a very nice time; she was touched by the surprise party for Larry and felt a bit guilty about her winning 50-cent bid for the Q-106 T-shirt, hi! To those of you who didn't go, it's your loss! The talk is that next year will be in Boise. I'll be looking forward to it! I managed to take copious notes of station slogans during the drive up and down I-5, and these will be incorporated into the all-new Slogans List of AM and FM stations which will be released soon. I could use some help in the updating. If you can find the time, please go through your locals and semi-locals during the next two weeks and record whatever slogans you may happen to hear, including FM stations. Please note as well any stations that are AM-FM simulcasts. I am hoping to make this List as comprehensive -- that is, as useful -- as possible. Driving through Southern Oregon, I noted KCMX-580 using "Northwest Direct Network" IDs. I suspect that KUGN-590 is the flagship. Does anyone have more info about this? Also, KAGI-930 calls itself "Jefferson Public Radio." Is this right? Grants Pass is in Josephine County, so did I mis-hear this? [During the convention the recent TV network swapping was discussed - in Sacramento, 10 & 13 are swapping nets (they are CBS & ABC, respectively, and have been so since the '50s. This was front page news here!)] Good DX to all. I find my DX interest has been rekindled despite poor local conditions. 73.

**Larry Godwin, 2390 Clydes Dale Ln, Missoula MT 59801**

[9/13] Greetings! I have bought an update (version 3.5) of the computer program Earthwatch and am very pleased with it. It shows graphically the position of the terminator, the line separating day from night, on the earth's surface at any time or date the user desires. I find it useful to display the sunrise/sunset curves to visually explore reception possibilities between Missoula and other points. The program also has a routine that shows sunrise and sunset times for any latitude and longitude combination, for any month of the year. It requires CGA or VGA monitor, and sells for \$25 from Elanware, Inc., 134 Normandy Dr.,

Brunswick, OH 44212. Or you can buy a shareware disk for \$9 from Public Brand Software (800-426-3475, Item WC4) and register later if you like it. Sad news dept: the Long Wave Club of America has dropped its coverage of the upper band (1610 khz plus); it was good source of beacon info. Well, good DX and 73.

R.C. Watts, 4109 Graf Drive, Louisville, Kentucky 40220-3016  
Really enjoyed the Kentucky State Fair 8/26. Picked up some WHAS-840/WAVE-TV3 Rush buttons plus others from WAMZ 97FM and The Hawk 107.7 WHKW. Bought a nice WAMZ T-shirt. Just about every chow and drink tent had a music FM station set up to do remotes, but most didn't have people there during the day. Did take some pix of station vans and banners. Was in Winchester, KY 8/27 and listened a bit to the local. WHRS is now "WLNT, Winchester-Lexington, News Talk 1380 AM". Heard UPI news and For the People network. A friend gave me an old Zenith Transoceanic tube radio. Rough on the outside but relatively clean inside. Even has the WaveMagnet still in the back. One tube lights up and some static comes out of the speaker. No smoke so it must be fixable, but don't know what I'll do with it. Data Broadcasting Corp. arrived here in August via WFPK-91.9 sub-carrier. Already in 50 or more other cities. Services are Quotrek (securities), Sportrax (sports), RaceTrax (horse racing) and Signal (PC based investment info). Buy a handheld receiver or a receiver-modem and pay a monthly fee. You can buy some essential options like pre-game Las Vegas odds on your SportRax, for an extra \$300 per month. So says the Courier-Journal Scene of 8/20, DBS Marketing came to town in August, also, so Col. DX has overdosed on high-tech info. I made a rare trip to downtown Louisville in order to see my ophthalmologist. Couldn't see to drive so walked over to the Heyburn Bldg for a visit with Real Country WKJK (KJ 98.9). Had a long, enjoyable conversation with the GM, Mark Steven Williams. May go with him to see the transmitter site at Greenville, IN one of these days. On the way back to the parking garage, I stopped by WTMT-620. Besides country music, this station covers auto racing, the only one around here that does so. Finally, Ralph Hacker, Voice of the UK Wildcats, President/GM of WVLK-590/92.9 and head of HMM Broadcasting, Inc. has submitted the high bid for the stations. WVLK is one of the broadcast holdings of bankrupt Kentucky Central Life Insurance Co.

Tom Jasinski, 419 North Raven, Shorewood, Illinois 60435

Greetings. Another great summer has come to an end. A few weeks ago my wife picked up a Hallicrafters SX110 all band radio at a local garage sale for \$25.00. This old set is in near mint condition. It took me just a few minutes to knob twisting to bring this radio back to life. A few minor problems need to be corrected to make this a top notch set. This summer I discovered a new source of RFI. Had been plagued with 60HZ buzz in certain areas of the house. I had been blaming this on the neighbors with lite dimmers. Turned out to be one of our portable phone base stations. This Radio Shack unit has a power supply that is radiating a terrible buzz through out the house via the phone lines. Unplug the 120v line cord and the interference ceases! In early August we drove up to western lower Michigan and spent a few days around Ludington. On the way back through Holland we stopped at the Tulip City

Antique Mall on south side of town. Saw a room full of restored antique radios! In the car on the way back home noted WISZ-640 from Zeeland/Grand Rapids on with Radio Aahs program. This is very children oriented. My 8 year old son enjoyed the show. There is nothing in my area that compares. Had good reception all the way back to Illinois. Just south of Chicago their signal starts to go to the dogs. Out here it just makes it with WOI nulled. Got a complete list of the entire net of Radio AAHS stations. There are now 14 AM stations that carry this program. Two more in Fla. (to be announced) will make it 16. Looking forward to another good DX season. 73's.

Jim Wallace, 1391 Stone Road, Charleston, West Virginia 25314

Greeting and welcome to a new DX season. My appearance in these pages is rare, but I have found a little time to write, thanks to more than a week of vacation time spent at home. I am news director at West Virginia Public Radio, a network of eight full-power stations and two translators, all FM. I have been DX-ing for 25 years, 22 1/2 from Ohio and the rest from here in Charleston. Last season, I logged 94 new stations, 27 the result of DX tests. Thank you, J.D. Stephens and everyone else who contributed to the CPC effort. I am glad to see you are already off to a good start this year. I got verifications from 22 DX tests last season, both those arranged by the IRCA and those arranged by the NRC. The holdouts include: WCGC, KDLA, WFRM and KFGQ. Anyone else had any luck with any of them? My best catches were KREW-1210, KATL-770 and KURL-730. I guess it is still possible to receive stations from way out west when the conditions are right. I would love to be able to do that with Idaho and Oregon, the only states other than Hawaii and Alaska that I have never received from any DX location. I have been doing some house cleaning this past week and have discovered I have lots of coverage maps from stations where I used to work, including: WOMP-AM & FM, WWVA, WOVK and West Virginia Public Radio. I would like to trade them for other coverage maps (but no photocopies, please). Send me any you would like to trade and I will send you twice as many from any of the above stations you specify. I will also trade bumper stickers from those stations for coverage maps. Have a good DX season.

Rick Evans, 484 South 26th Street, Milwaukee, Wisconsin 53221-2937

I've been listening to Radio Aahs (WISZ-640) while typing the three Forums above this one. Really an interesting format and I can understand why Tom's son enjoyed it. I don't have kids at home, but the music sure brings back the memories for me. It's strong here, much stronger that I remember the 640 station being when it came on the air several years ago. I typed the last sentence, then discovered that I actually was picking up the station on the null side of the loop! I'm now on a 1830-0400 CLT shift, probably permanently, so it'll be interesting to see if that helps me with SSS DX this season. I was down to Compton, IL on Sat. 9/10. I spotted a couple of single radio towers just south of Rochelle, but I assume they're FM. Coming back, there was a sign on the I-90 at the Wisc. border, outside of Beloit, mentioning a station on 530 and urging tourists to tune in. It was around midnight and slightly foggy, so I didn't bother. 73. (added later) I spent the weekend of 9/16-18 in Indiana, at the Vietnam War vets reunion in Kokomo. I spent the nights in Indianapolis and was surprised at all the towers on the north side of the city. The area looks like a nice area to live in, but I wouldn't want to because of the towers. On the way down, while on the I-94 near Gary, I listened to WISZ-640 Radio Aahs. On the way back, I heard the 530 TIS with road conditions, both new for the Gary/Northwest Indiana log, bringing that one up to 1338 heard. The TIS has been around before, as I've listened to it before while travelling thru that area. See you in 7 days. 73.

### IRCA Foreign Logs

Before the creation of the IRCA Foreign DX Reference, the IRCA published nine volumes of the IRCA Foreign log. Each volume contained the several hundred actual tips that were reported to the DXWW sections during an entire year, compiled and retyped in a book format. In addition, special features include: articles on foreign DXing (volumes 6, 7 and 8), utility lists (volumes 7 and 8), shortwave parallels (volume 8) and NBC propagation (volumes 6, 7 and 8). The IRCA Bookstore still has volumes 3, 4, 6, 7 and 8 of the IRCA Foreign Log available for \$2.50 each (overseas airmail add \$2.50/book).
