The Zenith
TRANS-OCEANIC
 The Royalty of Radios

By: John H. Bryant, AIA and Harold N. Cones, Ph.D.

Schiffer Publications Ltd., is pleased to announce the imminent publication of : *The Zenith Trans-Oceanic: The Royalty of Radios* by Professors John H. Bryant, AIA and Harold N. Cones Ph.D. This definitive work details the story of the most romantic and expensive series of portable radios ever produced. With access to the Zenith corporate archives and their long experience as radio enthusiasts and writers for both the popular and scholarly press, Professors Bryant and Cones present the engrossing stories of the development and use of the Trans-Oceanic throughout its forty year life. They present a wealth of never-before published photographs, documents and information concerning these fascinating radios, their collection, preservation and restoration.

S*A*V*E \$3.00!!! The authors are offering a special pre-publication price of \$23.95 for numbered autographed copies ordered prior to Dec. 15, 1994. IRCA Mexican Log, 3rd Edition

After months of preparation, IRCA has published the 1994 edition of the IRCA Mexican Log. The log lists all AM stations in Mexico by frequency, including call letters, state, city, day/night power, slogans, schedule in UTC/GMT, formats, networks and notes. In addition, stations that have changed frequency since 1990 are cross-referenced on the old frequency. The call letter index gives call, frequency, city and state. The city index (listed by state, then city) includes frequency, call and day/night power. The log has been completely updated from the 1990 edition and carefully cross-checked by IRCA members in Mexico and the US. This will be an indispensable reference for anyone who hears Mexican radio stations. Size is 8 1/2" x 11" and three hole punched for easy binding (optional). Prices: IRCA/NRC members - \$6.00 (US/Canada/Mexico/seamail), \$7.00 (rest of Americas airmail), \$7.50 (Europe/Asia airmail), \$8.00 (Australia/New Zealand airmail). Non-members: add \$2.00 to the above prices.

+10/17 DX Test not heard here. Only CKX, CKOC, and KSAL. [SA-MB]
- 1160 WPIE NY, Trumansburg. 10/24 DX Test good at times with KSL also coming in. 0200 with code ids. Report sent. [TN-WI]
- 1200 WBZY PA, New Castle. 10/25 DX Test quite strong at times o/u/WOAI. 0000 heard with code IDs. Report sent. [TN-WI]
- 1210(WILY) IL, Centralia. 10/17 DX Test not heard. Only WGMP and KGYN. [SA-MB]
- 1300(WZZZ) NY, Fulton. 10/10. 0500-0530 listened for scheduled DX Test. Nothing recognizable heard. WZZZ did make it here during the 1989 DX Test. [TMJ-IL]
- 1600(KBOR) TX, Brownsville. 10/9. 0430-0500 listened for scheduled DX Test. Nothing heard. This frequency sounded like a GYer. [TMJ-IL]
- 1620 KA2XAU PA, Richland. 10/10 DX Test excellent, nearly fade free and almost 100% copy from 635 miles. 0214-0236. Heard male and female voice IDs and code with two call letter groups. Nothing heard before 0214. The 1620 TIS from Glen Ellyn, IL gave only slight interference. [TMJ-IL]

unIDs

- 1010 unID 10/18 poor. 2228 with "The World Tonight" program. ID sounded like "KRID." Any ideas? [SA-MB]
- 1230 unID 10/18 good during SSS o/WJBC, WJOB. Frequent WZZQ 107.5 IDs. Promo for "Side show....on Tuesday....Abby Road and The Beatles...on the Rock. 107.5 ZZQ." Assume this is Terre Haute, IN, but what are the calls on this 1230 station? WBFX or WZZQ? [TMJ-IL]
- {Tom, I show this as WBOW, but WBOW moving to 640? WZZQ is 107.5 Terre Haute, but WBFX is 100.5 Grand Marais, MN. Perhaps someone in the Terre Haute area can tell Tom the complete story and current call letters. John.}

25 YEARS AGO

November 15, 1969 issue of IRCA's "DX Monitor"....Rick Evans of Gary, IN heard 96 stations in October....Paul S. Lotsof of El Cajon, CA said since the second attempt to merge with the NRC had failed, he would offer a one year subscription to "DX News" to whoever predicted the exact failure date of the third attempt to merge....Fred D. Precht1 of Cincinnati, OH commented on the windshield antenna on his new 1970 Chevy Nova.

OPEN MIKE

Ours is a world where people don't know what they want and are willing to go through hell to get it. We're well into the new DX season. If you haven't turned on your receiver yet, perhaps this weekend is the time to do so. Please report your DX and tips to the columns. You can still join the latest DX contests, Nancy would appreciate your entry. Details in a previous DX Monitor. 73, John-John.

A DXers TECHNICAL GUIDE

Now in its 2nd edition, this 120 page book answers questions on receiver and antenna theory (how to improve their performance), how audio filters and loop antennas can improve DX (and hints on their construction), how to build a beverage and phasing unit, and much more. Only \$5.50 for IRCA/NRC members, \$6.50 for non-members (overseas airmail add \$2.50).

Order from the IRCA Bookstore, by sending the correct amount (in US funds) to:
IRCA BOOKSTORE, 9705 MARY NW, SEATTLE WA 98117.

IRCA Foreign Logs

Before the creation of the IRCA Foreign DX Reference, the IRCA published nine volumes of the IRCA Foreign log. Each volume contained the several hundred actual tips that were reported to the DXWW sections during an entire year, compiled and retyped in a book format. In addition, special features include: articles on foreign DXing (volumes 6, 7 and 8), utility lists (volumes 7 and 8), shortwave parallels (volume 8) and BCB propagation (volumes 6, 7 and 8). The IRCA Bookstore still has volumes 3, 4, 6, 7 and 8 of the IRCA Foreign Log available for \$2.50 each (overseas airmail add \$2.50/book).

TIS

- 1610 WNHQ 550 NC, New Bern Ferry information Stn noted off 10/20 (AM & PM) during commute though area. Transmitter and antenna still there, so possibly seasonal. Don't know if TIS in Supply, NC (same call sign) also off (MH-NC)
- 1620 KPD 581 CT, Winsor Tentatively the stn noted 10/24 @ 0126-0155 w/M & W anncrs, opening line: "The CT DoT reminds motorists..." and "...up to \$2000 a year..." "...driving alone ..." loop was approximately 1:20 minutes. Very poor w/ heavy fades and QRM from stn w/vocal mx (Rock), and later, UNID stn w/phone #s. Poor, at best...but VERY WELCOME!! (MH-NC)
- 1620 UNID Presumed TIS (or was this KPD 581?) on 10/24 @ 0340-0405 w/M announcing phone #'s w/"350" prefix: 350:2418,2435,3455 3441, and others, I believe. One mention of "transmitter," but don't know if this stn or another. Looping basically N?NE-S/SE. Seem to recall a stn w/"350" prefix being rptd last year, but can't readily find info. Poor: only hrd infrequently. (MH-NC)
- 1620 UNID Stn noted 10/24 @ 0126-0155 very infrequently o/u CT Dot stn; and stronger @ 0340-0405. Mostly rock mx. No ID across hour. Seemed to loop in basically same direction as CT DoT stn, and fade pattern about the same. Pirate? Test for band expansion.??? (MH-NC)

Thanks to all for a super column this week. If anyone who is a ham and wants to swap info, please drop me a line and we can set up a sked. I have 160m-2m and Packet. 73's best DX de N7EIJ Mark.

At the Monitoring Times convention, Atlanta, Oct. 21-23, not much in the way of MW DXing. Joe Eisenberg, who assumed MT's American Bandscan column from Karl Zuk, did an enjoyable program about broadcast DXing, but FM and TV for the most part. Radio Budapest, VoA, Radio Romania, BBC, Radio Miami International, Monitor Radio and World Radio Network sent representatives. Betty Bearcat and ACE were the only clubs with booths in the exhibit hall. The European DX Council was there to advertise EDXC-95 to be held June 2-5 at Rebild Bakker in Denmark. The convention is reasonable and low cost lodging is available, but round trip air fare makes it a BIG TICKET item. May be a last chance to hear some of those big European AMs before they go the way of the dinosaurs. Back in Atlanta, David Jones brought along some very nice MW QSLs and bought a Sony ICF-2010 from Grove, so you know what he's up to! I took the Delta Airlines Museum/Maintenance Facilities tour in the AM Friday and say their Dispatch Center/Radio Room in the PM. Lots of waiting and walking, but worth the bother. Used a lot of Flex-all 454! Good banquet and speaker (Ian McFarland) but hotel food and drink high as the cats back. Ole Col. DX will have to sell some hawgs again! Was fortunate to hear VIDs and CIDs from KA2XAU-1620 and got a quick verification in return for my report. Sort of what makes the hobby worthwhile.

WHAT was received: L = Letter; Q = QSL card; P = Prepared card supplied by DXer; R = DXer's letter returned with statement; F = Verification by FAX; M = Coverage map; B = Bumper or other sticker; bc = Business card; + = Extra goodies

WHEN the reply came: Number of days elapsed; f = Follow-up; n = Return postage not used; r = Return postage returned

NOTES: . . * [for this report] = Verie received for SW but signer and address also valid for BC8

Mike reported that he received a second verie for the KSD-550 DX Test from Dave Obergonner [see the last few columns for more information on this station, its former signer, and his new address for follow-up reports]. Mike also notes that the signer for WSEZ-1560 requests reception reports. Many of J D's reports this time around are welcome station address updates. I think it's time for a new printer ribbon, J D, hi. He also thanks Mike for walking though his reception report to WLAS-910. Anyone else having trouble verifying this station might try prevailing upon Mike's good nature (don't you love it when someone else volunteers your services without asking, hi!). Patrick reports that his verie for BEV67-1161 is a beautiful hand-drawn certificate in Chinese and, that at 1000 watts, this is his best Taiwan verie. Nice going, Patrick! The rest of us can only dream. Eric sent a report of about 100 veries received over the past 13(!) months that arrived last night that I will not have time to type up and still get the column to Ralph on time. Because his

14

report was very nicely typed, I have sent it on to Ralph for possible inclusion with this month's column. It contains a number of signers from last year's DX tests that were pretty widely reported by others months ago. If Eric's report isn't printed this month, I'll try to include list the veries he's received over the last couple of months in December's column. As a reminder too all reporters: This column runs monthly, so it does little service to the rest of the club to save up your reports of veries received for several months before submitting them to me. I don't want to discourage anyone from sending reports to this column, but with the way station personnel hop all over the place these days, a verification signers column is only useful if it's current. Thanks! This column was prepared on 10/28/94. 73, SSH.

[10/21] On latest CalTrans situation in Bay area to replace 1030 kHz: The company CalTrans hired to check out new possible frequencies have come up with 660, 890, 930 and 1130 kHz as possible replacement frequencies. I have asked several DX'ers in Bay area for comments; anyone else in welcome. Write to me & I will forward it to CalTrans. 73's

[10/20] Hi again. Working now in Hollywood at a construction site, graveyard shift. Correction (or a typo) of KLAC address - Box 3300 - not 330. Maybe my mistake *for just as easily, mine - rcw*. Saw ad in LA Times on a new fm 88.3 beginning today in Thousand Oaks, CA. Phone listings have a KRCL under Cal Lutheran U. - carrier current AM? Haven't tried calling about it yet. I get 820 TIS for Hollywood Bowl info clear at work. Go down Highland past it on way to job, so not sure where its antenna is at. I usually listen to 600-KOGO w/Art Bell Coast to Coast AM during most of shift. An very near Hollywood HS. I've heard little on car rx at job, tried dxing some. 740 KBRT v/KCBS near s/on mornings. Think 99.5 KKLA is now on Mt Wilson. 870 still using Eagle Peak site. 1240 KPPC audible at work site. 73 everyone.

Rich Toebe, 2550 Hilborn Rd #34, Fairfield CA 94533

[10/20] The latest Arbitrons for Sacramento were printed in the Bee last week. Interestingly, AM is still top of the heap here. KFBK-1530 had a share of 11.6 in the Summer book vs. 11.8 in Spring; the next highest ratings were received by KSFM-102.5 with 7.4 for Summer vs. 8.4 for Spring. The next AM in the list was #12 rated Sunny 1320, KCTC with a 3.2/3.9 Summer/Spring; Talk 650 KSTE was #15 with 1.7/1.6 although Tom Leykix quadrupled their 18+ female audience; KGO-810 was #16 with 1.6/1.4; KNBR-680 was tied with a local Spanish language FM, La Zeta 92.1 at 18th place with 1.0/1.4 and in 20th position was Hot Talk 11-40 KHTK with 0.9/0.5. KSTE and KHTK are chipping away at KFBK's audience, however, and so they dropped one hour of afternoon news, 3-4 pm, are replaced it by lengthening the 1-3 pm talk show hosted by local financial whiz Tom Sullivan. An article about the new TIS on 790 in Pittsburg appeared in the Contra Costa Times last Sunday. To paraphrase, "WPEI, 790 on the AM dial" was established by the cities of Antioch and Pittsburg and the Dow Chemical Co. as "East County emergency radio". The City of Pittsburg holds the license but the transmitter is sited at the Dow Chemical plant. The company bought the antenna and transmitter for less than \$10,000 and donated it to Pittsburg. No studio has been built yet, but Antioch, Pittsburg or Dow employees could get on the air by cellular telephone. Live broadcasts would be made in the case of a chemical release at the Dow plant; Pittsburg and Antioch are down wind of it. Otherwise, public service messages would be aired. Thanks to all of you who responded to my request for help in updating the Slogans List! 73, Rich

QRN! duh-duh-duh, duh-duh-duh...Looks like August's column didn't make it and the July one was printed instead. Oh well...This column is admittedly late, but not because of any strike. At this writing I'm in New York City for medical tests, having attended the National Radio Club convention. (Thanks Bruce Conti!) Since NYC is the center of major pro sports league headquarters, I'll try to obtain sports network stuff from their hallowed halls and send more Manhattan columns. But the column contest still goes on so contribute at least some college and pro material—you might win! (see below)
