VOLUME 35: With this issue volume 35 is now history. Volume 35 was some what tough to do with Ralph having health problems. Had an operation on my right shoulder at the end of June to remove a gob of cancer an it is still healing. With a heart attack in June 1997 and more heart problems in Feb 1998 and now the operation in June 1998 it has been tough to focus on the DX Monitor this past year. I told Phil that I would do Volume 36 and this would give me 10 years of publishing of the DX Monitor.

OF SPECIAL INTEREST

- 1190 KDYA CA, Vallejo 6/29 0900 good, alone after KEX fadeout with ID
"This is The Light, AM 1190, KDYA, Vallejo-Oakland-San
Francisco," another ID "You're listening to The Light, AM
1190, The Bay Area's Gospel Voice," and "Inspirational and
Uplifting, we're the light of northern California, Gospel
AM 1190, The Light." Call change, ex-KXBT. They were
never KDIA per the FCC (a station and its X-band
counterpart CANNOT share the same set of call letters at
the same time per the FCC). That should straighten out
any confusion on that part! (RW-CA)
- 1590 KXFS CA, Santa Barbara 7/13 0800 good with ID in KLIV null as
"Esta es Fiesta 1590, KXFS, Santa Barbara." Call change,
ex-KXSP for me. (RW-CA)
+Ex-KXSP, in Spanish under KLIV at 0753 7/23. I heard
partial call ID plus "Radio Fiesta," and phoned station to
confirm. Update NRC Log to show new slogan and phone
number 805-240-2070. Woman said it's 24 hours now. New.
(LG-MT)
- ?KXFS? +7/6 0850 probably the one with Spanish in tight KLIV null,
faded before ID. Has changed to these calls, ex-KXSP.
This is a nighttime regular here in KLIV's null. (RW-CA)
- 1670 WTDY WI, Madison 7/1 fair signal over/under static crashes with
talk, ID at 0159:55 "WTDY 1670 Madison" into net news.
X-bander #10. (PM-OR)
+7/15 moderately strong with call ID during commercial for
Clark Heating & Cooling. New. (LG-MT)
+7/27 0600 strong, mixing with WNML with ID on hour, then
traffic report. Sounded like dual ID for WTDY and WAWY??
Definite state #42, had been tentative last week. (RW-CA)
- ?WTDY? +7/6 0545 tentative mixing with WNML-GA with Art Bell (WNML

had ESPN), faded out before ID, would be a new state for me if WTDV! 7/20 0550 tentative with Art Bell // KOGO-600, fair under/over WNML-GA, but faded out at 0600 before ID, came up at 0630 (switch to day power?) but faded rapidly under WNML by 0632 and gone, this time appears to coincide with Madison LSR per LSR/LSS maps. (RW-CA)

1690 ?WMDM? MD, Lexington Park probably the one running Larry King with USA News at 0500 7/21. No ID at 0459:55, just dead air. KAYK off and on with open carrier. Heard from local sounding VA spots. I may try a tentative taped report. (PM-OR)

530 WPJV572 CA, Novato 7/5 2000 weak with ID mixing with Sacramento & Altamont Pass TIS/HAR's. (GJ-CA)
TIS NV, Reno 7/5 2400 in good with road info about Nevada freeways. (CM-NV)

540 KVIP CA, Redding 7/5 2405 with ID, coming in poor. (CM-NV)

560 KSFO CA, San Francisco 7/5 0200 coming in good with ID "KSFO San Francisco-Oakland." (CM-NV)

570 KLAC CA, Los Angeles 7/5 0215 coming in poor with ID. (CM-NV)

580 KMJ CA, Fresno 7/5 0230 coming in good with newstalk. (CM-NV)

KFXD ID, Nampa 6/27 0330 great signal with country oldies. Format change? Book says news/talk/sports. (GH-OR)

600 KOGO CA, San Diego 7/5 0300 in good with Art Bell program. (CM-NV)

610 KFRC CA, San Francisco 7/5 0300 in poor with oldies. (CM-NV)
CKYL AB, Peace River 7/3 2350 with live report concerning large fire at Canadian Tire store in Peace River. Back into country music, using "YL Country" slogan. Heard while in Peace River. (JcJ&NJ-AB)

680 KKGR MT, E. Helena s/off (no SSB) at 2252 (odd time!) 7/17. Announcer said "We have to leave the air in order to protect the nighttime signal coverage of AM 680 KNBR in San Francisco." (LG-MT)

700 ?KWLW? UT, North Salt Lake City 7/27 0500 strong in KVRG null with ID "Another 12 solid gold oldies in a row, Oldies 94.1, KODJ, Salt Lake City," jingle ID "Oldies ninety four point one." No ID for 700! FCC database shows them as KWLW, will send tentative report, ex-KFAM. (RW-CA)

860 CBRB AB, Banff 7/2 1657 programming // CBR (CBRB is a 40 watt relay). (JcJ&NJ-AB)

CBXJ AB, Jasper 7/3 1350 while in Jasper heard programming // CBX. This is also a 40 watt relay station. (JcJ&NJ-AB)

940 (KFRE) CA, Fresno 7/13 0400-0800+ totally off, but back on with open carrier about 0715, past 0800. Garbage underneath. Their MM SP, it turns out, seems to be irregular, had been AN past 3 MM's. (RW-CA)

CJGX SK, Yorkton 7/13 0530 booming in over all on frequency with weather for Yorkton, ID "11 degrees here at GX-94." This is turning into a regular! (RW-CA)

960 KABL CA, Oakland 7/5 0355 in poor with ID. (CM-NV)

CFAC AB, Calgary 7/5 0350 in fair with ID & then country music. (CM-NV)

970 KBUL MT, Billings 6/29 0500 surprise coming in quite well over both KANM & KBBK, with ID "Continuous country favorites, here on KCTR-FM, and KBUL-AM, Billings," song "There Goes My Baby" (country remake of rock classic). Faded out. Call change, ex-KDWG. (RW-CA)

CJYR AB, Edson 7/3 1400 with noon request show "Noon Request," mixture of rock and country, using "The Y-R Network" slogan. // to CIYR-1230 and CKYR-1450. "Y-R" stands for "Yellowhead Radio." (JcJ&NJ-AB)

990 KKSAB CA, Santa Barbara 7/5 0400 in good with ID. (CM-NV)

1060 KKDS UT, Salt Lake City 7/5 0420 in poor with ID. (CM-NV)

1151 KGVO MT, Missoula is source of weak signal I've received here for years. ID'd at 0900 6/29. (LG-MT)

1200 CKXM BC, Victoria 7/5 0430 in good with ID. (CM-NV)
1210 CKWA AB, Slave Lake 7/5 1000 with ID, using "12-10 KWA" slogan. Signal is very faint unless you are within 15 miles of Slave Lake. (JcJ&NJ-AB)
1230 KORT ID, Grangeville strong at s/on (no SSB) 7/16 0759. Man said "full-time power not exceeding 100 watts." Does this imply it's running less power? S/on time is inconsistent; already on RS (regular schedule) at 0759 7/18. (LG-MT)
KRXX ID, on top with Spanish program at 2258 6/29, with legal ID's (Rexburg-Idaho Falls) in Spanish and English. Slogan seemed to be "Rosarita AM." (LG-MT)
KXLO MT, Lewistown s/on with SSB at 0758 7/4, weak. (LG-MT)
KMUZ OR, Gresham strongest ever at 0800 7/17 in Spanish with "La Zeta" ID's only; nothing in English. Played "Looney Tunes" theme music at this time. (LG-MT)
CIYR AB, Hinton 7/3 1400 // to CJYR-970 and CKYR-1450. (JcJ-AB)
1290 KGV0 MT, Missoula 6/27 0029 fair signal fighting it out with unID and others. Art Bell nonsense. New. (GH-OR)

1450 CKYR AB, Jasper 7/3 1400 // to CJYR-970 and CIYR-1230. (JcJ&NJ-AB)
1480 ?KVNR? CA, Santa Ana 7/6 0915 possible one with Oriental programming in KYOS null over/under KGOE, lotsa KSJX-1500 splash and it faded out rather rapidly. Santa Ana used to be common here! Tentative, ex-KWIZ. (RW-CA)
1560 KZIZ WA, Sumner 7/14 2254 strong in Spanish with call ID & mention of Renton and Tacoma. (LG-MT)
1590 ?KVBG? KS, Great Bend 7/16 2300 assumed the one battling KLFE with familiar slogan "The Talk of the Town." (LG-MT)

WPHF829 WA, Spokane Airport 7/19 0925 with airport information (parking, etc). John heard this as WPHF and I heard WPHS. (JcJ&NJ-WA)
1640 KKJY OR, Lake Oswego 6/29 0050-0100 faded up strong over semi-local KDIA with fiery preacher, then s/off caught on tape at 0100, mentioned s/on time of 0900 and simulcasting KKSL-1290 Portland. Gave dual ID "1290, KKSL, and 1640, KKJY, Lake Oswego-Portland, thank you for listening." Left 10kw transmitter on, judging by signal! New. (RW-CA)
1650 KKTR CA, Costa Mesa 7/5 0510 in good with info about Los Angeles traffic. (CM-NV)
1690 (KAYK) CO, Pueblo 7/6 0530 with open carrier, looked for WMDM-MD but nothing under carrier except KLOK-1170 spur! (RW-CA)

25 YEARS AGO

August 4, 1973 issue of IRCA's "DX Monitor" ... This was the first issue to be published using off-set printing. Editor-in-Chief was Father Jack Pejza ... Larry Godwin of Boulder, CO told of his new address ... Anthony Markewicz of Winnipeg, MB told of his talk with the Chief Engineer of CKY ... Michael Herman of Cicero, IL said he was 23 and a teacher in Bridgeview, IL.

OPEN MIKE

The human race has one really effective weapon, and that is laughter. We're almost to a new DX season. Be sure to check out the expanded band for new stations. Hope everyone had a great time in Missoula for the IRCA Convention! Nancy and I couldn't be there due to conflicting plans on those dates. 73, John.

SPECIAL BANDSCAN # 1 FROM RICH BOEHME

A couple of weekends ago I had the opportunity to go on a long weekend vacation to the Finger Lakes are of New York State. We go up every year for a Wine festival which is held at the Watkins Glen international racetrack. This time we stayed in the Holiday Inn in Gang Mills, NY (just west of Corning). I compared my logs from this trip and last years trip and saw some major difference. I got fewer stations form western/central PA, but more from Ohio and New England. This may be because last years hotel room had a southern exposure (window) while this years had a western exposure. Another reason may be that I used a Grundig YB 400 this time and a Radio Shack DX 375 last time (and an old one to boot!). This report is more of a bandsca n type informal thing, but it gives a general indication of what I was able to hear those evenings before my wife shooed me to bed at 11:00 each evening. Listening times were 8:30 to 11:00 pm. I do have one more official logging at the end made with my VW Jetta radio one Sunday Morning!

Radios: [RB-NY] Grundig YB at Holiday Inn, Gang Mills, NY
 [RB-PA] VW Jetta Car Radio, Allentown, PA

Gang Mills reception report:

- 0580 WHP PA Harrisburg 07/25 Harrisburg mention and generic talk. [RB-NY]
- 0590 WARM PA Scranton 07/25 Phillies and general sports talk. [RB-NY]
- 0600 WICC CT Bridgeport 07/25 Oldies and station ID. This station has consistently made it to the Finger Lakes in all of my vacations here. Not bad for 500w. [RB-NY]
- 0610 WIP PA Philadelphia 07/25 Eagles talk (more like whining, if you understand Eagles fans!) [RB-NY]
- 0620 WHEN NY Syracuse 07/25 Baseball game/Sports. [RB-NY]

24-25 July 1998

SPECIAL BANDSCAN FROM AL QUAGLIERI

The following is a midday AM bandscan performed at Hatteras, NC during the week of 13-18 July, 1998. Receiver was an R8A, antenna a random longwire about 200' long. Vacation activities plus 4 days of heavy thunderstorm QRN account for the missing frequencies. Still, it was quite an eye-opener to hear everything from Hartford to Camaguey at high noon, and to drive around listening no Newsradio 88 (WCBS) at local-like levels! Next time I'm bringing the KIWA Loop...

QUESTION OF THE DAY

The "buzz" around a couple of newsgroups on the WEB is that WMBT-1530 in Shenandoah,PA has been staying on past sunset causing some QRM to WSAI. Has anyone heard this ????????????

Not much in the way of DX this month, but some INTERESTING band scans... Looks like Rich had a good time DX'ing in the Finger Lakes. Rick Evans was kind enough to forward a neat band scan from Al Quaglieri. Sorry I don't know where Al is from, but thats all the info we had. Hopefully we can hear from Al and let you all know more about him. Had a GREAT time in WV, but no time to DX. Was able to pick up a couple of WW2 newspapers for my collection. Can't make the convention this year. Hope you all have a great time...Still working on a MAJOR update to the AM database WEB site...Will have that done by the end of September in time for the DX season. I want the info to be as recent as possible.... Let us hear from all of you as we begin the bi & weekly issues. Thats about it from the hot state of Florida !!! (at least the fires are out) 73's and all the best.....fresh
