**DX Get-together**

Announcing a Cape Cod DX get-together Saturday, Nov 19th. Due to the cancellation this year of the well known Ray Arruda event, we will be keeping the tradition of DX and fellowship alive. The address is Chris Black, 12 Cypress Point Way, S Yarmouth MA 02664 - 508 394-0528 -- **n1cp@comcast.net**. For those with 2 meter VHF, 146.955 (88.5) will be monitored for talk-in.

Although we are not directly at the water, if conditions are decent, there should be a lot of good DX heard. We are shooting for a real hands-on, interactive event so bring your radios and anything you think will be of interest. There will be a couple of "guest" stations available with noise reduced long wire antennas pointed to Europe. This will definitely be an "All Mode" event with an FM phaser demonstration by Keith McGinnis and some innovative MW loop designs by Craig Healy to try.

For those who want to stay over, I have numbers of some motels within five minutes driving. The lowest rate I found was \$43 for your basic no frills motel to \$69 for a Quality Inn with an indoor pool, dining room, etc that looked quite nice. If anyone has a specific accommodation request or requirement they would like me to check on, just let me know.

There will be drinks and snacks and a buffet type dinner to maximize our time in the prime DX window.

This should be informative and fun, and I am looking forward to learning a lot and making new friends. Try to RSVP if possible by early to mid November so we can get a rough count and contact me with any questions.

**Chris Black**, Cape Cod

## DX WORLDWIDE – WEST / TROPICAL BAND DX

**Patrick Martin – P.O. Box 843 – Seaside OR 97138**

E-mail: [mwdxer@webtv.net](mailto:mwdxer@webtv.net) all times UTC

Greetings everyone,

Another nice group of TA's this time around along with some TP DX too.

### TRANS-ATLANTIC DX ROUNDUP

153 **UNID**, strong carrier, probably Algeria 0335 10/24. QRM pulses from ute station on 136. First TA for me in many a moon! (AWP-CA)  
 198 **UNID**, carrier, possibly Algeria due to their power at 0345 10/24. (AWP-CA)  
 639 **UNID**, 10/25 0221. Weak audio hrd, but no details. Could be several TAs including: BBC Cyprus, Czech Republic, VOIRI Iran as the most likely stations on at this time. (WS-BC)  
 819 **EGYPT**, at 0205 10/25, weak with AA chanting. (SR-OR)  
 864 **UNIDs**, two stations hrd presume France and Egypt 0227 10/25, dominant audio had man talking at poor level. (SR-OR)  
 864 **UNID**, France? La City Radio de Paris, 10/25 0219. This is my guess for this frequency with weak audio. Too weak to make anything out though. (WS-BC)  
 945 **FRANCE**, France Blue, Toulouse, 10/25 0217 FF talk weakly, so presumably Toulouse with 300 kw. (WS-BC)  
 1017 **TURKEY**, Mundanya TRT 1 10/25 0210 Koran recital noted until 0210 at surprisingly decent level, so presumed Turkey with 1200 kw. Harder to copy once completed the recital and into normal talk. (WS-BC)  
 1017 **UNID**, presume Turkey 0203, poor with man talking 10/25. (SR-OR)  
 1089 **UNID**, not sure Russia or England at 0216 10/25 with mx, then deep fade with deep voiced man talking, weak couldn't get the language, but didn't sound EE. EMWG gives Russia a sign on at 0200. (SR-OR)  
 1134 **CROATIA**, First audio 0202 10/25 with man talking, later with mx, poor from the start. All my TA loggings have deep fade cycles. (SR-OR)  
 + Also fair with vocal and inst. ballads, news in and out 10/24 0254-0350. (PT-WA)  
 1215 **ENGLAND**, Virgin Radio at 0211 playing modern rock weak-medium level. (SR-OR)  
 1314 **NORWAY**, Kvitsoy, strong carrier with huge slop from local on 1310, looped the best I could, pretty hard to dig audio out though. New. (AWP-CA)  
 + Audio first hrd 0106 playing big band, jazz, weak. This lasted to my last check around 0230, with heavy fading and audio coming and going. My best TA 10/25. (SR-OR)  
 + Fair at best with ballads and minimal talk 10/25 0205 to 0239 disappearance. (PT-WA)  
 + 10/25 0228 Not quite armchair level, but nonetheless pretty nice audio monitored over about 30 minute period with initially piano bar type mx. (WS-BC)  
 1359 **SPAIN**, RNE 1 Madrid 10/25 0205. Weak audio and I'm thinking Madrid with 600 kw, the most likely station here. (WS-BC)  
 1377 **FRANCE**, Lille, France Info 10/25 0206. Not much doubt about this one with FF audio, poor to fair. (WS-BC)  
 1485 **UNID**, 10/25 0209, Wow! a real graveyard channel with no stations of any great strength. Weak audio only, so it is anyone's guess. (WS-BC)  
 1575 **UAE**, First audio 0117 with modern pop mx hrd at weak audio As with 1314 fading up and down, until 0230 last check. (SR-OR)  
 + Radio Farda (presumed), Readable quality (If I understood Arabic) on and off between 0158-0205 10/30 with pops (Female DJ) news with male ancr and then Mideastern piece of mx. (PT-WA)  
 + 10/25 0223. Pretty certain on this one with rather strong audio 0223 with modern Western mx and later AA mx 0229. (WS-BC)

### TRANS-PACIFIC DX ROUNDUP

153 **RUSSIA**, Komsomolsk, Radio Rossii, fair 0910 10/22, best of the LWBC this date. (AWP-CA)  
 164 **MONGOLIA**, carrier 1135 10/23 new. Interesting that Mongolia is still on the old 9 khz plan. (AWP-CA)  
 180 **RUSSIA**, carrier 0920 10/22. (AWP-CA)  
 189 **RUSSIA**, Belogorsk 1150 to 1200 10/23, mx leading up to time pips on the hour. (AWP-CA)  
 207 **RUSSIA**, Tynda Radio Mayak 1045 10/23 barely more than a carrier. New. (AWP-CA)  
 209 **MONGOLIA**, barely more than a carrier 1120 10/23 new. (AWP-CA)  
 279 **RUSSIA**, good with weird electronic mx 1220-1240 10/23. (AWP-CA)  
 550 **ALASKA**, Anchorage KTZN 1417 UTC 10/29 with local spots and "ESPN 550 The Zone" slogans. Traffic report promo, on top with a pretty good signal. The best I have heard them. (PM-OR)  
 560 **ALASKA**, Kodiak KVOK 1359.50 10/29 end of C&W tune and "KVOK Kodiak" into nx lost in the jumble shortly afterwards. (PM-OR)  
 585 **UNID**, carrier, prob Russia 1100 10/23. (AWP-CA)  
 594 **JAPAN**, Tokyo JOAK NHK1 10/25 with apparent sports event, pips and other talk 10/25 1250-1310 fair 1458-1505. (PT-WA)  
 + Also hrd 10/30 1324 man in JJ, not hrd this strong in a while. (DV-WA)  
 630 **ALASKA**, Juneau KJNO in the jumble with a spot for "The largest car dealer in SE Alaska" 1421 10/29. (PM-OR)  
 639 **FIJI**, Drasa Radio Fiji (presumed) Polynesian mx fair 10/31 1156 but couldn't pull any talk out of it afterwards. (PT-WA)  
 640 **ALASKA**, Bethel KYUK very good and nearly S9 with non-stop C&W mx At 1459 10/29 "You are tuned to 640 AM KYUK Bethel Alaska" Then repeated in native language. Weather partly cloudy and a high of 40. (PM-OR)  
 650 **ALASKA**, Anchorage KENI good and on top with "650 KENI" ID at 1450 10/29. (PM-OR)  
 670 **ALASKA**, Dillingham KDLG At 1505 "NPR News" then a local ancr at 1510, after anmt "This is NPR News" by a woman "10 minutes after at 670 KDLG" 10/29. (PM-OR)  
 700 **ALASKA**, Anchorage KBYR 1503 10/29 with local Alaska news, high of 49 on "700 KBYR". (PM-OR)  
 750 **ALASKA**, Anchorage KFQD 1529 10/29 "Currently 29 degrees at the airport" mention of "750 KFQD". (PM-OR)  
 774 **JAPAN**, Akita JOUB NHK2 excellent with talk 10/30 1128, slicing through KTTH slop. Fair until 1201. (PT-WA)  
 + Also noted 10/30 1400 with pips and news of EE by woman. Good signal. (DV-WA)  
 780 **ALASKA**, Nome KNOM totally tearing up KKOH at 0820 10/28 on WNW EWE antenna with a mix of C&W and pop. "Currently it is 13 degrees in Nome". (PM-OR)

**THE LOGS**

- 153 **NORWAY** Ingoy, NRK Tentative 0240 10/15 w/ bits of music at times, male talk 0342. Peaked around 0404 w/woman talking, possibly news, similar audio on 1314 at the time but couldn't confirm //. (bp WA Oct 2005)
  - + Presumed 10/15 0402 utc. poor audio. (Ratzlaff Oct 2005)
  - + t, 0427 15 Oct. Talk and pop mx but way too murky in noise for any identification. (NHP-WA)
- 153 **RUSSIA** Radio Rossii, Komsomolsk , Oct 14 1050 - Noted here throughout the DXpedition, often at excellent levels. Also heard in parallel: 180, Petropavlovsk; 189, Belogorsk; 234, Arman/Magadan (occasionally) and 279 Yuzhno-Sakhalinsk. Of these, 279 was usually the strongest, often at near-studio quality. (Bryant-WA Oct 2005 Oct 2005)
  - + "Radio Rossii" 10/14 1246 utc. Strong. (Ratzlaff Oct 2005)
  - + Oct 15 11:07 - Location as per PAL. Fair reception with usual Russian program. Parallel to much stronger 234 (with satellite delay). Initially the program was Radio Yunost (for youth), followed by a Radio Rossii ID at 11:11, and 'Dobroho Utro', or good morning. 234 is Arman, Magadanskaya oblast. Other Russian long wave broadcasters included 180 (good reception from Petropavlovsk-Kamchatskiy), 189 (good reception, listed as Belogorsk, Amurskaya Oblast), 279 (by far the strongest consistently from Yuzhno-Sakhalinsk). (Salmaniw Oct 2005, Grayland, WA)
- 162t **FRANCE** Allouis, France Inter. 0455 14 Oct. Snippets of talk in the static and whistles heard on all wires. Also heard 0340 15 Oct w/lady and man talking, best on NW; pips on hour; woman talking but couldn't dig out much (NHP-WA)
  - + 0339 10/15 France-Inter fair w/rock music, then man & woman in French. (bp WA Oct 2005)
  - + Presumed 10/15 0402 utc. man and woman in French, medium. (Ratzlaff Oct 2005)
- 164 **MONGOLIA** Mongolyn Radio Khonkhor, 1335 10/15, fair w/woman in presumed Mongolian. Played Santana's "Samba Pa Ti", then "Mongolyn Radio" ID by man 1353, more talk & occasional inst music followed. Anmt and fanfare 1400 into what might have been news by woman. Was //4895 SW w/about a 1 sec delay on LW. New country, finally heard after many years of trying. Checked the other 2 LW freqs (209 & 227) but both were covered by beacons. (bp WA Oct 2005)
  - + Oct 15 1336 - Again thanks to Bruce Portzer and PAL, heard this at just above threshold level amid terrible powerline buzz. Clearly // 4895 after 1400 UTC. Watch this channel like a hawk for remainder of DXpedition to no avail. (Bryant-WA Oct 2005)
  - + 1412 One of my highlights for this dxpedition. Bruce Portzer first heard them. I could hear absolutely nothing until I engaged the noise blanker... something I never use normally. What a difference! All of a sudden audio replaced a loud buzz so dominant in the longwave region. Still only at poor level, but parallel to SW 4895 (which itself was co-channel with another). 15/Oct/2005. (Salmaniw Oct 2005, Grayland, WA)
- 180 **RUSSIA** Petropavlovsk, R. Rossii. 0635 14 Oct. Man talking in RR //7320, but lagging by over a second. Poor strength, but clearish w/static noise. Also heard 0548 16 Oct; already there on NW wire w/RR talk by woman; well before local transmitter sunset. (NHP-WA)
  - + 10/14 1247 utc. Weak. (Ratzlaff Oct 2005)
- 183 **GERMANY** Felsberg, Europe 1. 10/15 0412 utc. poor audio. (Ratzlaff Oct 2005)
  - + t, 0439 15 Oct. Man talking, just mumbling in the noise... could be FF by accent? Definitely FF talk by woman by 0447. (NHP-WA)
- 189 **ICELAND** Gufuskalar, RUV tentative, 0342 10/15 w/music faded up briefly. (bp WA Oct 2005)
  - + 10/15 0418 utc. weak audio, Beatles tune "Can't Buy Me Love". (Ratzlaff Oct 2005)
  - + t, 0419 15 Oct. Traces of talk in among the noise; pop mx riding in there 0424, sounding vaguely Beatle style, but not recognizable. (NHP-WA)
  - + Oct 16 0348 - Modern western pop music heard at fair level. A first for me at Grayland. TA long or medium wave signals! Poor to fair. NB essential. Normally I never touch this button, but it's a necessity to rid of the relentless noise on the LW spectrum. The NB on the Icom 756 Pro2 works very well too! (Salmaniw Oct 2005, Grayland, WA)
- 189 **RUSSIA** Belogorsk, Radio Rossii, Oct 14 0959 - Nice ID in RR and into time pips. Parallels include 153, 180. 189 is ahead fractionally than 180. 234 is weakly heard and listed as GTRK Magadan, Arman. Difficult to hear due to LW beacon on frequency. 279 at poor to fair levels, presumed Yuzhno-Sakhalinsk. (Salmaniw Oct 2005, Grayland, WA)
  - + 1103 10/14 the strongest Russian LW station at the time, news in Russian //153/180/279. (bp WA Oct 2005)
  - + 10/14 1248 utc. Strong. (Ratzlaff Oct 2005)
- 209 **ALASKA** Oct 14 1009 - 'The transcribed aviation weather briefing is suspended'. Resumes at 1400z or 0600 local. I heard many of these on the Charlottes. Strong reception and will have to look up the location of this one. Identical heard at fair level on 260. Another very strong one heard on 394 with an extensive aviation forecast for the Kenai Peninsula at 12:18. (Salmaniw Oct 2005, Grayland, WA)
- 209 **ALASKA** CYT Yakataga Oct 15 0234. (Ratzlaff Oct 2005)
  - + Oct 16 0340 utc. (Ratzlaff Oct 2005)
- 212 **ALASKA** CGL COGHLAN ISLAND Oct 15 0224. (Ratzlaff Oct 2005)
- 219 **ALASKA** GAV GUSTAVUS Oct 15 0223. (Ratzlaff Oct 2005)
- 223 **ALASKA** AFE KAKE Oct 15 1329. (Ratzlaff Oct 2005)
- 227 **ALASKA** MHM MINCHUMINA Oct 15 0759. (Ratzlaff Oct 2005)

- 229 **ALASKA** AKW KLAWOCK Oct 15 0210. (Ratzlaff Oct 2005)
- 233 **ALASKA** ALJ JOHNSTONE POINT ISLAND Oct 15 0210. (Ratzlaff Oct 2005)
- 234 **RUSSIA** Arman, R.Rossii. 1215 14 Oct. Man in RR, followed by orchestral mx //7320, fair w/ALJ beacon. (NHP-WA)
  - + 10/14 1249 utc. Medium. (Ratzlaff Oct 2005)
- 245 **ALASKA** KAH-94 HNS HAINES Oct 15 0228. (Ratzlaff Oct 2005)
  - + Oct 15 11:27 - Aviation weather beacon stating that the service is suspended until 06:00 local, and to call 1-800-WSB (not sure how that works, but that's what they said). Fair to good. Other voice beacons heard this morning include: 252 (not sure weather this is 251 Bethel KBB 54) at poor strength, 260 KCB 20 ESS Middleton Is (fair to good), 277 KCH 20 ACE Homer (good level with weather forecast for various areas including Homer), and 338 KCB44 CMQ Anchorage (good reception). 529 KBN 58 FDV Nome (good under KQA 59 SQM Nome which is almost always strongly heard on the west coast. Also heard were CW beacons on 524, MNL Valdez, and 525 ICV, Nenana. Thanks for Steve Ratzlaff for sharing valuable beacon information with me. (Salmaniw Oct 2005, Grayland, WA)
  - + Oct 16 0341. (Ratzlaff Oct 2005)

- 277 **ALASKA** ACE Homer Oct 15 0309. (Ratzlaff Oct 2005)
  - + Oct 16 0344. (Ratzlaff Oct 2005)
- 279 **RUSSIA** Gorno-Altaysk, Radio Rossii, Oct 14 1207 - Strongest LW Russian at this time with an ad, followed by 'Reklyama, Radio Rossii', and a Moscow phone number, followed by the weather. Very good reception. Strange program called 'Muzyka Computer internet' at 12:13! (Salmaniw Oct 2005, Grayland, WA)
  - + 10/14 1250 utc medium. (Ratzlaff Oct 2005)
  - + 0647 10/16 R Rossii already strong w/Russian music //weaker 153/180. (bp WA Oct 2005)
  - + Oct 16 13:03 - Very strong reception on this remarkable morning. Virtually every channel across the medium wave band had audio. The question becomes where on earth to start! Radio Rossii had fashion news at 13:07! 153 (fair) and 189 (poor) were in parallel. (Salmaniw Oct 2005, Grayland, WA)

 + 0616 10/15 & 1137 10/16 "ICW" beacon good. (bp WA Oct 2005)  
 + Oct 16 0403 - Nice to hear this beacon from central Alaska with 25 w so well at this early hour. (Salmaniw Oct 2005, Grayland, WA)  
 529 **ALASKA** SQM Level Island, 0245 10/14, SQM beacon strong hetting 530. (bp WA Oct 2005)  
 + Oct 15 0203. (Ratzlaff Oct 2005)  
 + Oct 16 0354. (Ratzlaff Oct 2005)  
 529 **ALASKA** FDV Nome, 1141 10/15, aviation weather for places in western Alaska, fair u/SQM, ID as "Nome transcribed aviation weather broadcast". Also noted 1140 10/16. (bp WA Oct 2005)  
 + Oct 16 0354 (beacon CW ident heard weakly in background, under SQM CW ident during TWEB message). (Ratzlaff Oct 2005)  
 + Oct 16 0400. (Ratzlaff Oct 2005)  
 530 **ALASKA** Adak, "ADK". 0542 14 Oct. ID'd over and over, as is its wont. Fair signal, even heard on SW wire; best on NW, but needed USB to get past SQM het. o/Turks & Caicos on NW wire. (NHP-WA)  
 + Oct 15 0513. (Ratzlaff Oct 2005)  
 531 **AUSTRALIA** 2PM, Oct 15 1340 - Male and female announcers mixing with China. Mentions of 'Easy Listening 531'. Fair during peaks. (Atkins-WA Oct 2005)  
 531 **AUSTRALIA**? 4KZ, Innsfail, Oct 14 1243 - 'double 9 one' heard, and Australia. 'Radio 531'. There are 2 stations at least audible at 12:49, with the English one dominant. Presumably the other is NHK1. 'Thank you' at 12:50. Call in program. Another 'Radio 531' ID at 12:52. As per usual faded down before the TOH. (Salmaniw Oct 2005, Grayland, WA)  
 531 **JAPAN** JOQG NHK1 Morioka, Oct 14 0930 - Noted here throughout the DXpedition, often at fair to good levels. (Bryant-WA Oct 2005)  
 + Oct 15 1035 - Good signal of sporting match (baseball?) with two excited announcers, parallel to 594 Tokyo NHK1. (Atkins-WA Oct 2005)  
 + 1143 10/15 sporting event //594 good. (bp WA Oct 2005)  
 + Oct 15 11:43 - NHK1 programming at 11:43 at good strength, and // to massively powerful 594. (Salmaniw Oct 2005, Grayland, WA)  
 531 **PHILIPPINES** DYDW, Tacloban City (p) Catholic Media Netwk, Radio Diwa, Oct 14 1341 - Presume this one with mention of religious terms, etc., in Tagalog dominant over usual Morioka, Japan. (Bryant-WA Oct 2005)  
 + 1355 10/14 apparently the one w/what sounded like religious talk in Tagalog, 1401 more talk w/possible ments of catolico & Tacloban but need to reply recording to make sure, fair-poor. (bp WA Oct 2005)  
 + Oct 14 1405 - Filipino talk often at good level at 14:01 tune in. Heard the work 'Catholico', so I'm presuming this to be the Catholic station DYDW. (Salmaniw Oct 2005, Grayland, WA)  
 + t, unID. 1425 14 Oct. Tagalog talk, fair and alone on NW wire, but noted on all wires. (NHP-WA)  
 549 **AUSTRALIA**? 2CR Orange, Oct 15 11:44 - Tentative as no ID heard. English weakly heard, so either 2CR or NZ. (Salmaniw Oct 2005, Grayland, WA)  
 549 **JAPAN** JOAP Naha 1227 Oct 16 fair and parallel to NHK1 on 576 and 594. (CH-WA Oct 2005)
