**IRCA Convention 2008 News**

The 2008 IRCA Convention will be held in Flagstaff, Arizona on September 12-14 at The Days Inn, 1000 West Route 66, Flagstaff, Arizona 86001. The phone number for the Days Inn is 928-774-5221 and tell them that you are with the IRCA. I have a block of 20 rooms which they will hold until August 12 but after that date the rooms will be gone very fast. So if you don't make your reservations by August 12 you will not get a room at the Days Inn. The room rates are \$65 for single, double, triple or quad. The registration fee for the convention is \$25 per person and you can pay at the door or sent it to me at the address below. The banquet will be held on Saturday night at Black Barts Steak House in Flagstaff. There are many things to do in Northern Arizona and a few of them are: The Grand Canyon, Lowell Observatory, Wupatki National Monument, Meteor Crater and Sedona. So start now and make your plans for the 2008 IRCA Convention in Flagstaff.

**WHWC 1480 kHz Canton, OH DX Test**  
 Date: Saturday morning (late Friday night), March 29, 2008. Time: 3 - 4 am Eastern Time, 0700 - 0800 UTC. The station will test with daytime power and pattern, carrying their regular Fox Sports Radio talk programming and interspersing Morse code and sweep tones. Reception reports may be sent to Director of Engineering Dale Lamm/NX8J by several means:  
 You may submit a report via the station's Web site by clicking on this link: <http://www.whbc.com/pages/1418821.php?>

You may submit a report directly to Mr. Lamm by sending an E-mail to "DLamm [at] WHBC.com" Recordings in mp3 or wav format as proof of reception will be accepted.  
 You may send postal reports to Mr. Dale Lamm, Director of Engineering, WHBC-AM Radio, 550 Market Avenue South, Canton OH 44702-2112. Audio files in mp3 or wav format will be accepted. If you only have cassette recording capabilities, please contact Jim Pogue ([KH2AR \[at\] comcast.net](mailto:KH2AR [at] comcast.net)) for special instructions.  
 NOTE: All requests for postal verifications must be accompanied by return postage in order to receive a reply. Many thanks to Mr. Lamm for agreeing to conduct this test.

**WNTP 990 kHz Philadelphia, PA DX Test**  
 Date: Saturday morning (late Friday night), Mar. 15, 2008. Time: Midnight -1 am Eastern Time, 0500 - 0600 UTC. From midnight until 12:30 am the station will test with their non-directional pattern and 50 KW power. From 12:30 until 1 am they will test with their non-directional pattern and 12.5 KW power. Previous non-directional tests have been conducted at 5 KW, and this higher power should give more listeners a chance to hear this station. "We'll especially be running a lot of sweep tones since they seem to get the best results. Morse IDs, steady 2 kHz tones, and some odd ball music - which I have yet to pick," says Chief Engineer and DXer René Tetro. Reception reports may be sent to René at [WNTP, 117 Ridge Pike, Lafayette Hill PA 19444](mailto:WNTP, 117 Ridge Pike, Lafayette Hill PA 19444). E-mail reception reports may also be submitted to [rtetro@pobox.com](mailto:rtetro@pobox.com). "If sending an audio recording, I prefer CD or mp3 (MP3s can be an attachment to an e-mail, provided the size doesn't exceed 3-4 mb)." René adds. No eQSL service is being offered for this test. This is the fourth year in a row that René will conduct a test over WNTP, but this higher transmitter power opens up lots of new possibilities. NOTE: All requests for verifications must be accompanied by return postage in order to receive a reply. Many thanks to René for his great support over the years to DXers and our hobby, and in particular for conducting this test.

## DX FORUM

**Richard C. Evans – 3908 Grand Oak Ave Apt 4 – Indianapolis IN 46237-4694**  
 E-mail: REVANS435@yahoo.com DEADLINES: Sundays

**Deadlines: 3/22, 4/5, 4/19, 5/3, 5/17, 5/31, 6/14, 6/28, 7/12, 7/26 and 8/23**

**Larry Godwin, 2390 Clydes Dale Lane, Missoula, Montana 59804**

Greetings and Happy Anniversary, IRCA! You’ve come a long way, baby. I’m 65 and a charter member. I began DXing around 1958 and have DXed from Amarillo, TX; Boulder, CO; Berkeley, CA; Corvallis, OR; Durango, CO; and now Missoula since 1990. I’m sorry to say I’ve lost most of my enthusiasm for DXing but enjoy reading about other’s successes in the DXM. I’m sad at the passing of several long-time members during the past year, especially my friend Richard Wood. Thanks to our publishers, Phil and Doug, and to all our faithful editors, officers, and committee and projects chairs. I hope our fine club continues to thrive. 73, Larry

**Nancy Johnson, 265 Waterton Way, Billings, Montana 59102**

It’s time for my annual anniversary issue re-intro Forum. I’m married to CDXR editor John who I met through IRCA 37 years ago, and have two children and a grandson. I’m still working fulltime at the OfficeMax store in Billings. In addition to DXing, other hobbies include genealogy and camping. In 1969 I began BCB DXing from Fredonia, NY and joined IRCA in 1971. From my three DX locations (Fredonia, NY, Aberdeen, WA and Billings, MT) I’ve heard a total of 2553 stations (some duplicates). I’m a domestic DXer and spend much of my DX time on the challenging graveyard channels. I’ve just added a new DX receiver, a Sony SRF-59. It arrived just last week, but I’ve found it to be a remarkable little radio for its size. I would like to thank all the people who make IRCA the great DX club that it is today. There are many people who donate hours of work, both behind the scenes, and those whose names are visible in each issue of the bulletin. Also, thank you to all the club members who take the time to report to the various columns, as without you there would be no bulletin at all. Happy Anniversary, IRCA!

**John Johnson@Prodigy.net – www.johninmontana.com**  
 Another year has passed, and it’s time for all of us to send in our DX Forum reports to celebrate IRCA’s anniversary. Happy Anniversary, IRCA! As most of you know, I am a Charter Member of the club, joining when the club formed in 1964. I’ve seen many changes over the years, but the friendship of fellow members has always been foremost when considering everything about the IRCA. I’m married to Nancy, your WDXR editor. Nancy and I have known each other for 37 years. I edit your CDXR column and currently serve on the Board of Directors. I work for KTVQ channel 2 here in Billings. May 8th marks my 36th anniversary with KTVQ. It was KOOK-TV when I started back in 1972. There have been many changes over the years from film to computer files, but the biggest change will come on February 17, 2009 with the scheduled shutdown of analog television broadcasting. My DXing started in 1962 from Sheridan, WY. Back then I used various old receivers including a Hallicrafters SX-16. Now I use my 23 year old Icom IC-R75A or Nancy’s much newer Drake R8B with a Kiwa loop, and even Nancy’s Sony SRF-59. Other hobbies include computer video and audio editing, web site design, genealogy, TV DX, and collections of all kinds including TV Guide magazines dating back to the late ‘50s, old radio station music surveys (yes, I still collect these), bumper stickers, sports pocket schedules, Coke-A-Cola items and even The Three Stooges items. Lately I have been converting my old vinyl record albums into .mp3 files. I currently have some 3,000

songs on my iPod. Nancy and I attended the Salt Lake City, Utah IRCA convention this past summer and have already scheduled vacation in September for the Flagstaff, Arizona convention. It is wonderful knowing the IRCA is still going strong after all these years. Happy Anniversary! 73, John.

**Richard Evans, 3908 Grand Oak Avenue, Apt. 4, Indianapolis, Indiana 46237-4694**

Looks like an all-Montana issue this year. There wasn’t much notice this year as to the deadline for the anniversary issue since there hasn’t been a column for the past couple of months. I joined IRCA back in March, 1965 about a year before I left home to make my way in the world. I am semi-retired now—a shorthand way of saying I am collecting social security plus working two jobs, so I have not had a chance to turn the radio on this season. After the first of the year, I was advised to get rid of my 1992 Ford Escort so I wound up with a 2002 Dodge Neon. The radio seems to work pretty well in it, even though it doesn’t have the push-button station selectors I am used to. I have maintained radio logs at eight locations in six different states. If I have only one regret in life, it is having moved around so much, but with the extreme contraction in the trucking industry over the past 35 years, there wasn’t much choice. I see where the Forum has now lost three reporters in the past year, with R. C. (Col. DX) Watts, Richard Wood and Gary Larson. When I joined IRCA back in 1965, it was a group of young people ready to make our mark on the world and the hobby. Now we are the old guys and, unfortunately, at the age where we will be passing on. The good news is that we are living longer and staying in good health for a longer period of time. So... on to the next year and, hopefully, more columns. I was listening to the WXLW-950 here in Indy this afternoon while I was out of the apt. In the past, they were ESPN which the old WIBC-1070 took over at the first of the year. Now, WXLW is Sporting News Radio. Which is better? I don’t know. I don’t listen to sports radio anyway unless it is a game I really want to listen to... and care passionately who wins. Only 11 more potential columns until Labor Day and the start of the new season, hi. 73

## ULTRALIGHT MADNESS

**John Bryant – Stillwater OK, Gil Stacy, Savannah, GA – Co-Chairs**

**2008 Cabin Fever MW DX Sprint**

We would like to thank those who participated in the event even if they didn’t officially submit a log. Paramount in planning the event, we wanted the participants to have fun and not be burdened with onerous log keeping. We think that we succeeded.

We had 13 official submissions. 8 participated in Barefoot Class and 5 in Unlimited Class. There were quite a few other DXers who intended to submit loggings, but the “real world” intervened. Rob Ross of London, Ontario, took top honors with 150 stations logged. Rob has learned his way around the dial on his barefoot Sony SRF-1615 having logged over 400 stations on it in the past two months. He is still using the original batteries, but wore out a Lazy Boy Recliner.

Mike Tuggle of Kaneohe, Hawaii, and the multi-operator team of Allen Willie and Lorne Harnum of St. John’s, Newfoundland, had staggering scores in the World-wide DX category. Mike participated in the Unlimited Class and amassed 34,706 km. For those who don’t know of Mike, he is a longtime DXer who uses minimalist rigs and is widely known for his creative set design in crystal radios and simple electronics circuits. Mike’s top 5 World Wide DX stations: KFAQ Tulsa, OK 6160 km; 530 R.V.C. S. Caicos 8794 km; 740 KTRH Houston, TX 6299 km; 1520 KOKC Oklahoma City, OK 6011 km; and CHWO Oakville, ON 7442 km.

Since this fall, Allen Willie has logged over 60 Trans-Atlantics with his Ultralight radios. His team’s 5 station total in WW DX was 44,069 km and reads like a Middle Eastern travelogue: Radio Sawa, Arta, Djibouti 9504 km; 1575 Radio Farda, Al Dhabbaya, United Arab Emirates 9251 km; 1521 BSKSA, Duba, Saudi Arabia 8730 km; 1548 Radio Sawa, Kuwait City, Kuwait 8446 km and 1503 R. Sarasate, Bushehr, Iran 8138 km. The total distance of these five stations exceeds the distance around the Equator.

In the Americas DX category, John Bryant of Stillwater, OK, was top scorer with 12,334 km in the Unlimited Class, and he logged the following stations: 570 Radio Reioj, CMDC Santa Clara, Cuba 2245 km; 670 R. Rebelde, CMQ, Ciudad Habana, Cuba 2018 km; 710 R. Rebelde, CMW, La Julia, La Habana, Cuba 2052 km; R. Rebelde, CMB, Villa Maria, La H., Cuba 2017 km and 800 TransWorldR, PJB, Bonaire, Netherlands Antilles 3912 km.

In the Americas DX category, Barefoot Class, Rob Ross of London, Ontario, was top scorer with 17,502 km and logged the following: 750 Radio Caracas YVKS Caracas, Venezuela 3863 km; 800 PJB3 TWR Bonaire, Netherlands Antilles 3649 km; 1060 XEEP Mexico City, Mexico 3108 km; 810 Caracol HUCY Bogota, Colombia 4313 km; 530 Radio Vision Cristiana Grand Turk, Turks/Caicos 2569 km.

These catches by John and Rob are noteworthy because of their landlocked locations, demonstrating that great DXing into Latin America can be had with simple equipment from non-coastal areas of North America.

Mike Tuggle, Kanehoe, HI, thrift store Sangean DT200V ("Diamondhead DXer"), coupled to a 70" 4 wire flattop antenna, up 24-34" coupled to radio via an eponymous Tuggle Tuner ferrite bar. (Crystal radio antenna tuner: double-ganged air variable, one gang tunes antenna and ferrite bar, the other gang tunes ground) 34,706 km.

We had previously announced no prizes for participants. However, during the course of the Sprint, the Yahoo ultralightradio mailbox began filling up with offers of riches from a former government official, Mr. Magubwe of Nigeria, and, how about this, we also won the Irish Sweepstakes! (Neither John nor I recall entering.) It was my intent to provide the top scorers with the contact information to begin the process of collection of the well-deserved money, but for some unexplained reason, John deleted the emails. Instead of untold riches, the participants received a classy certificate, suitable for framing.
