**INDIVIDUAL MEMBER AND CONTRIBUTOR LISTINGS:**

From **Mydesert.com**. Listen up, KDES and KWCY radio fans. Their programs won't change, but you'll soon need to adjust your radio dial to get them following a \$17.5 million deal. R&R Radio Corp. of Palm Springs has cleared the last Federal Communications Commission hoop to sell the 104.7 FM channel that KDES now uses to LC Media LP, a Santa Monica investment group led by former Clear Channel Los Angeles executive Roy Laughlin. The \$10.5 million sale to LC Media, set for Monday, will change the city of license for 104.7 FM to Redlands. Once the ink is put to paper, it will consummate the \$7.5 million transfer of the KWCY-FM license long controlled by Glen Barnett Inc., to R&R of Palm Springs, said FCC spokesman Peter Doyle. The transactions will trigger a series of events for Coachella Valley radio listeners beginning Tuesday. KDES-FM moves its "Greatest Hits" of the 1960s and 1970s station to 98.5 FM, the 50,000-watt frequency that KWCY-FM had been operating on. KWCY-FM reverts back to 1340 AM, its original radio frequency. KPTR-AM, the progressive talk radio show carried on 1340 AM, moves to 1450 AM, the new home for the Los Angeles Angels. KGAM-AM, the talk station on 1450 AM, will be disbanded. KPSI, operating on both radio bands, stays the same. Ric Supple, chief operating officer of R&R, said all the changes are predicated on the sale Monday of the 104.7 FM Channel license to LC Media. (DP-HI)

**690 CINP 940 CINW QE MONTREAL**

FROM THE NATIONAL POST 01-29-10 Canada's first radio station fell silent Friday night, as Canadian media and entertainment empire Corus Entertainment Inc., pulled the plug on two Montreal AM stations. AM Info690 Montreal and AM940 Montreal's Greatest Hits went off the air at 7 p.m. local time. Both were deemed unprofitable. AM940 is a direct descendent of Canada's first radio station, CFCF originally at the 600 dial on the AM band. In 1919, the Canadian Marconi Co., launched XWA (Experimental Wireless Apparatus) in Montreal and it became the first commercial broadcast radio station in Canada. The name was switched to CFCF in November 1920. Before the station signals were killed, recordings ran most of the day. They were made by general managers of the respective stations, thanking listeners and advertisers, and explaining it was a difficult decision to close the stations. "We put tremendous effort into trying to find the right format and content to grow our audience base and operate profitably, but after years of effort, it is clear these AM stations are not viable," Mario Cecchini, vice-president of subsidiary Corus Quebec, said in a prepared statement. Brian Kenemy, a former vice-president of Corus Quebec's English radio holdings, said in an interview that he thinks Corus "did its best to hang on as long as they could, looking for affordable formats." But with most money directed toward FM programming, Mr. Kenemy suggested that the public company found it too difficult to continue supporting the struggling stations. Bourget MNA Maka Kotto, Parti Quebecois culture and communications critic, argued the closing of Info690 "is not good news because it sounds the death knell of another francophone newsroom in Montreal and further undermines the media in Quebec." The decision to cease operations affects eight jobs at Info690 – three journalists, two traffic reporters and three operations positions – but five of those positions are to be retained. The Info690 Montreal newsroom, known as CorusNouvelles, will continue its activities as part of 98.5 FM Montreal. Two jobs, an on-air host and a technician, are affected at AM940, which switched from all news to all music in 2008. (DP-HI)

1180 VOA FL, Marathon: From Andy Sennitt's blog on the Radio Netherlands Media Network site:

The Voice of America (VOA) has expanded its Creole service from 1.5 hours to 5 hours on weekdays following the earthquake in Haiti. The service is now on the air at 1230-1330, 1730-1930, 2200-2300 UTC and 0100-0200 UTC. The evening programs are being carried on 1180 AM from the transmitter in Marathon, Florida, which normally carries Radio Marti in Spanish to Cuba. VOA says this is because most of its satellite affiliates in Haiti are off the air. (EB-MO)

**1480 KLMS NE Lincoln FROM JOURNALSTAR.COM**

Three Eagles Communications has dropped sports talk in favor of Oldies Music at Lincoln Radio Station KLMS 1480 AM less than two weeks before the Super Bowl. The Lincoln-based radio company issued a press release Tuesday, exclaiming "Lincoln's Music Station, 1480 KLMS is back!" The new format, which will include music by such artists as the Beatles, Rolling Stones, Elton John, The Eagles and more, went on the air Tuesday, but officially kicks off at 10 a.m. Wednesday. The new format will target adults 35 and older. KLMS has been a sports talk station – Lincoln's only one – since 1997 and an ESPN affiliate since 2000. Before 1997, the AM station featured music and was extremely popular in Lincoln in the 1960s and '70s, turning such folks as Lee Thomas, Jay Marshall Stewart and the morning duo Gary and Judy into household

names. "Those great days of the past are back on the radio again with KLMS," general manager Joy Patten said in a press release. "We are so excited to be bringing back a radio station that so many folks in Lincoln grew up with. (DP-HI)

02/06/10 0900. Lots going on this week, as we are still trying to "catch up." I noticed that the FCC has "DELETED" some applications, license, and call sign for WHHO 1320 in Hornell, NY. I don't see any other mention of it, and am wondering if it is a "glitch" in the application process. I do not show them as "silent" So I am leaving it off the list for now. 73's.

#### UNIDS

1220 UNID WP?? UnID station here with ID at 0059:55 1/31. After another UnID station said "We're Number One," a weak signal with a woman announcer said "...WP??... News, and ???" then lost in the jumble. I listened back to the cassette with EQ and 4 different sets of headphones. Whatever it was, it was a goodie! But, knowing the Beverage and the way signals pop in & out, it is doubtful I will hear it again. Often, I hear these flea power distant stations once and on occasion one will pop in strong

enough at TOH ID to catch it. 1220 is a jumble of a dozen or more signals most nights. (PM-OR)

1240 UNID Man gave PST time check and call seemed to be KTZO at 0928 on 2/3. Nothing like that listed. (LG-MT)

1400 UNID Country station gave ID at 2100 on 2/4 that sounded like K?BY and city seemed to be Canon City. Not KRLN. (LG-MT)

Congratulations to Nigel for logging New Hampshire, state #46. In fact, I'd love to hear any of the stations he reported (ON, QC, and NL still needed here). There will be no WDXR deadline next Friday as the weekly issues have come to an end for the season. Nancy 2/5 2100

#### DOWN THE DIAL

680 KNBR CA, San Francisco. 1-25 fairly good with WSCR's IBOC turned off this week. 01:00 with ESPN program, ID "All the sports talk you'll ever need, KNBR San Francisco." First CA on an ultralight radio! [KDF-IL]

950 WNTD IL, Chicago. This station is still religion and Relevant Radio (including some SS programming) during the day, but has "The Avenue" with contemporary/jazz music from 06:00-19:00 daily. Plus they carry Loyola basketball. [KDF-IL]

1190 KQQZ MO, Saint Louis. 2-1 fair. 01:35 with country music. I heard a KQQZ Saint Louis ID, but didn't hear University City mentioned. This was on top of the frequency and would seem to indicate that the new CP is on the air. EX-KRFD. [KDF-IL]

1420 WCOJ PA, Coatesville. 1-19 fair. 21:00 with dual legal ID with WISP 1570, mention of web site. New. [TN-WI]

1570 WBGZ IL, Alton. 1-24 fair to poor. 23:00 with legal ID into SRN-USA News. First time heard in years. [TN-WI]

1660 KXOL UT, Brigham City. 2-1 steady signal. 15:00 with many "La Favorita 16-60 AM" IDs. Interesting to get them despite the high mountains to the west. [RW-CO]

Kind of a bleak way to end the weeklies. I was traveling most of January, so DX was at a minimum. Altho I still have a ton of audio files to week thru. Probably will be over 30 days old by the time I get to them. My audio logger can be accessed remotely, so I was able to review some files while on the road. Looks like I am in one place until the NAB in April, and the Dayton Ham-vention in May. Thanks to Kraig and William this week. Please note the new deadlines above reflecting bi-weekly issues. Seems like just yesterday the season started. Have you joined the contests yet?? Send Nancy your loggings!!!! Contest rules are in a previous DXM... Best to all.... fresh 2-07 0830
