FROM THE EDITOR-IN-CHIEF

SportChannels IRCA returns in this issue; your EIC has decided to take on this task. The networks for teams in the National League Central and American League Central are featured. Your EIC also passed a test for a license upgrade on May 22; I now hold Extra Class privileges. For a message on the state of the club, I turn it over to my esteemed colleague from Florida, Mr. Freshwater.

FROM THE PRESIDENT

Greetings fellow club members. I felt that it was time to update the general membership on several items, as we enter into the long days of summer. First of all, I will be

announcing the status of the 2012 IRCA convention in the next issue. We have delayed this decision WAY past the October 30, 2011 deadline date, and feel it is now time to make a final decision. We had several people working on possible locations but as of today, nothing has been found.

As we wind down this volume, it is time to start thinking ahead. VOLUME 50 WILL BE MY LAST AS PUBLISHER. I agreed to do publishing for 2 years, and I have kept my word. We owe a great deal of thanks to my wife, Penny. She has worked as long and hard as I, to keep the publishing on schedule. I have decided to start cutting down some of my activities, both in club management, and columns. I would like to find some time to actually DX. With that in mind, I will not serve another term as President or on the BOD.

That being said, I would also like to find someone else to do the Broadcast Info Column, Reprints, Awards, and the ON LINE New Member Packet. I will continue to do these thru the next volume or until new replacements are found. In addition, I will be "stream lining" the Info column. If no replacements come forward by the end of Volume 50, these features will go away. At this time I have no plans to stop editing the EDXR. However, if submissions don't improve, I may change my mind. If it wasn't for Kraig Krist, we would have no EDXR. It is time for some other people to STEP UP and be a part of this club, not just posting items on line.

As I think back over the years, I have taken over a number of club duties when no one else would do them. These jobs have gotten to the point where I can no longer give the time needed to do them properly. I am very proud that we now have ALL the reprints and all the past DX Monitors available for sale on CD and DVDs. We have made great strides into the future, but it is time for the torch to be passed. If you would like to help, PLEASE email me at edxr at amlogbook dot .com

If you are interested in what these duties require, I will include a brief outline. Obviously, you need to have a computer.

REPRINTS... Print and mail reprint articles as well as burn and distribute the CD and DXM DVD's. Must have CD & DVD burning software. Does not take a lot of time, if you keep a good stock of CD's and DVD's. I take a day and burn a pile of 25 or so. That usually lasts a long while. Then all you do is box them up and mail them. We do so few "paper reprints", I have been just printing them on my laser printer as needed... A large order could be taken to a printer. The last update to the reprint list was around 2001, so we are over do for another update

AWARDS : Not much to do here except for printing out the HEALD award every year. . No one has applied for the DX awards for many years.

BRD INFO: Collect updates from 1000000 watts, AMLOGBOOK DOT COM, FCC, and other sources. I have been doing this each issue, but it could be every other issue. This column probably takes more time than any other of my IRCA duties. I spend a great deal of time going over the daily FCC action report, as well as copy pasting many articles that are sent to me. Altho I have not needed to, the club will pay for the 100000 watts subscription as long as you agree NOT to share it.

PUBLISHING : Get address list from Lynn. Create labels and envelopes. Send (email) PDF file from the EIC to the printers, Pick up, Staple, Fold, stuff, then mail. It takes me about an hour to do the labels and envelopes. I usually do the envelopes on Wednesday morning before leaving for work. I pick up the DXM at the Printers on Wednesday night on my way to dinner. I staple, fold and mail on SATURDAY AM. It takes about an hour to fold and staple. It helps when you have a wife that assists you. You can set your own schedule as long as the issues goes out on or before the masthead date. You will also need to send out sample issues as needed

NEW MEMBER PACKET : We have an "on line" version of the new member packet that I worked on many years ago.

It is due for another update, and should be moved to the IRCA site.

NRC/WTFDA CONVENTION – BRIDGEPORT, WV

Bill and Brenda Swiger would like to extend an invitation to all club members to come to West Virginia the weekend of August 3rd, 4th and 5th for the NRC Convention. This year the Days Inn and Suites at 112 Tolley Drive, Bridgeport WV will be the host hotel. Rooms can be reserved by calling 304-842-7371 before July 20, 2012. The cost of each room is \$79.94, and this includes the tax. The rooms are double or king and the cost can be split between however many people are in the room. Be sure to tell them that you will be with the National Radio Club to get this rate.

FROM : RADIO INFO DOT COM It's classic hip-hop "BDay" in Jackson, Mississippi Friday's format change at 970 AM and its co-owned FM translator at 99.1 was observed Friday evening by the Mississippi Board of Radio-Info.com. One poster wonders if original owner Roy Harris "would roll over in his grave if he knew [onetime WRJH] would eventually end up playing hip-hop?" An engineer who says he constructed the AM station in early 1970s says "spin he would." The April 20 flip from classic country to classic hip-hop occurred after Jackson Radio played a continuous loop of a Mary Mary song. Not only is the old format gone, the station is now marketing itself using the FM translator frequency, as "BDay 99.1." The AM call letters have changed from WJFN to WFQY, still licensed to Brandon

FROM : RADIO INFO DOT COM Phil Lerza, legendary San Francisco radio engineer, has died It appears that Lerza was the man hit by a northbound Caltrain in San Mateo around 7:30am Monday morning, in the fatal incident reported by the **San Francisco Chronicle**. The paper says "a preliminary investigation suggests the man intentionally stepped in front of the train." Phil Lerza started at KFRC in 1969 and was still working at the stations now owned by CBS Radio at the time of his death. CBS Senior VP of Engineering Glynn Walden tells Radio-Info.com that Lerza was "a great engineer who will be missed." Current WCBS-FM, New York programmer Brian Thomas worked with Lerza during the nine years he programmed KFRC. He says "Phil was a classy guy, and one of the best engineers I ever worked with." Lerza enjoyed entertaining at his Bay Area home - and letting visitors do radio on his custom-built home studio.

FROM : RADIO INFO DOT COM New York region WSNR-AM: Is it worth \$16.5 million? WSNR-AM (620), licensed to Jersey City, N.J., and serving much of the New York metro area, is on the block by owner Blackstrap Broadcasting. It is holding an auction June 15, with a minimum bid of \$16.5 million. The station, which currently airs brokered Russian news & talk and ethnic specialty programming, is authorized for 3,000 watts daytime and 7,600 watts at night, but has a construction permit to increase to 8,500 watts/5,000 watts. Russ Jones of Blackstrap Broadcasting says, "It is our belief that solidly profitable New York stations are always in demand, especially since they come up for sale so infrequently." The company is working with broker Michael Bergner, who also believes there is pent-up demand for such a frequency—especially from ethnic broadcasters who want to reach people for whom English is a second language. Talking up the signal, Blackstrap says WSNJ reaches 11.5 million potential listeners in the daytime and eight million at night

FROM: RADIO INFO DOT COM Steve Fredericks, who did talk and sports-talk in Boston & Philly, dies at 72 Fredericks grew up in Philadelphia, joined the Air Force and became involved with what was then known as Armed Forces Radio. After he got out of uniform, he came back to Philadelphia and enrolled at Temple University, where he worked with future broadcasters like Merrill Reese. By the time Fredericks graduated from Temple, he was calling 76ers NBA games for WCAU (1210). He went to Boston in 1965 and worked there until 1978, doing political talk and then sports, on WEEI and WMEX. Steve returned to Philadelphia in 1978 and except for the early 1990s when he was at New York's WFAN, he spent the rest of his career in Philadelphia. He hosted "Sports Line" for WCAU (1210) until CBS pulled the plug on the station in 1990. When WIP (610) went all-sports, he joined the staff there, and remained until he retired in 2004. Fredericks had recently been battling pancreatic cancer.

FROM: RADIO INFO DOT COM Michael Smerconish will replace Limbaugh in middays at CBS' WPHT, Philadelphia The TRI Newsletter last week speculated that Merlin Media might be going talk with its recently-acquired WKDN, Camden (106.9), instead of all-news. (It does news on FM stations in New York City and Chicago.) Now CBS announces that Rush Limbaugh syndicator Premiere "recently notified WPHT they will be syndicating Limbaugh on a new station in Philadelphia." TRI had reported that Limbaugh's contract was coming due at WPHT. Having Limbaugh leave the lineup lets WPHT shift locally-based Michael Smerconish into the early afternoon slot, so his syndicated show can be heard live, instead of on a delayed basis in PM drive. CBS Radio's WPHT previously cut the syndicated Glenn Beck, to concentrate more on local Philadelphia talent. Speculation is that the WKDN daytime lineup would be this: PD Al Gardner (from WBT, Charlotte) leading a morning show. Then Glenn Beck, Rush Limbaugh, and Sean Hannity.

FROM : STAR-TLEGRAM DOT COM DALLAS RADIO STATIONS DIAL UP NEW FORMAT Talk radio is changing, and not only stations. The recent upheaval over Rush Limbaugh, 61, came just as the industry is changing both tone and target to go after younger audiences and more women of any age. Locally, Dallas' toughest immigration-hawk "Tea Party radio" station, KLIF/570 AM, has switched to morning and afternoon news, ending 30 years of drive-time talk. Nationally, Limbaugh gets a rival Monday with the premiere of the midday Mike Huckabee Show. But the sharpest jolt came Thursday with the news that WBAP/820 AM host Mark Davis is off the air in what he called a contract dispute. Note what his boss told Radio Ink this week: "I think people are fatigued" with talk radio, said John Dickey, co-chief operating officer of Atlanta-based Cumulus Media. "It's no different than music-based stations. If you burn out a record, you are going to lose TSL [time spent listening]. If you burn out a subject and a perspective, you are going to lose TSL." Dickey told the magazine that somebody like Huckabee won't "intimidate and shout at people" and will draw younger, female and minority listeners. Former KRLD/1080 AM talk host Scott Braddock, a nonshouter but nonetheless looking for work, said radio is changing because listeners now can shout. "For a long time, radio was one of few places for instant reaction," he said by phone from Houston. "Now there's Facebook and Twitter. Look what happened to Limbaugh. He said something and they went to war with him. People are saying they're tired of the meanness." Democratic candidate and former radio host Rich Hancock was often Davis' debate foil before Hancock quit to run for a Richardson Texas House seat. "When you see somebody

with Mark Davis' talent fighting for his relevance, talk radio is in trouble," Hancock said. "But the pressure is what caused talk radio to double down with more inflammatory talk. Radio got away from being entertaining. Sure, [The Daily Show host] Jon Stewart is political, but he's a success because he's funny. Somebody like Glenn Beck only thinks he's funny."

Bob Wien sends along the following:

Two new radio stations debuted this week Mike Knar, the general manager of SOCO Radio, recently completed an agreement with Walsenburg Radio to manage and operate KFEZ 101.3 FM, also know as Easy 101.3 (www.easy1013.com). KFEZ, which has an adult contemporary/easy listening format, has a signal that reaches most of southern Colorado, including Pueblo and Colorado Springs. SOCO Radio also is managing the sales and marketing for the new KCEG (780AM, www.780kceg.com), which launched in Colorado Springs with a country oldies format. Both KFEZ and KCEG began broadcasting this week. "I feel Easy 101.3 will fill a large void with the loss of KCMN," said Knar. "I believe the 45-50 plus audience is grossly under served in Pueblo and Colorado Springs by the current radio ownership." Knar says he has several more stations to announce in the coming weeks and is looking for a variety of talents and help.

Bob also sent along some local tips:

KCEG-780 is just on air from 6 AM-10 PM again 7 days/week, they were very briefly 24 hour at least on the w/e's but not now, their internet feed isn't up yet on their site, but their website is (http://780kceg.com). Broadcasting classic country/gospel format, they are getting more ads now (mainly for Denver area businesses), but no live DJ's yet, their slogan is "The Ranch". Still ID's as "KCEG, Fountain Colorado" regularly, though studios are in Pueblo on Thatcher Avenue...

KCMN-1530 is simulcasting KWRP-690 Pueblo purely (with a slight delay between the 2 broadcasts), using the "I-25 Radio" moniker. KCMN's internet feed isn't working right now, and their website is down, KWRP's is active however.

Also, the nostalgia programming that was on KCMN-1530 (plus the disc jockeys and some of the bartered programming), is now moved to KCBB-1040 Monument CO, they are now nostalgia and no longer Christian programming, mainly pure nostalgia format now, but they still sign off at Des Moines local sunset...

And from our Editor in Chief:

WQQW 1510 Highland, IL is back on the air. The station has adopted Cumulus Media's "Real Country" format, calling itself "Madison County's Hometown Station". This station had been silent for the better part of two years.

Thanks to Dale Park and Bob Wein this week

5/5 0930 73's. fresh Please see the message on page one about this column !!! When sending information for this column, please try to put it in a form I can use. "WXXX is now country" Is not what I can use. I do not have time to research City Of License and FREQ. The more "Copy/Paste" I can do, the better it is for me... please HELP ME OUT. As much as I like putting LONG narratives in the column, I am going to cut back on those that take the most time; IE: FCC FINES. Eric usually does not have the space for them anyway. I can not use copies of long emails unless they are in "article form"

- 610 KRTA **OR**, Medford 4/1 0000 Spanish vocal music. Finally an ID after over an hour, fair on Drake with Kiwa. (GH-OR)
- 770 KKOB **NM**, Albuquerque 4/25 2115 female presenter and male, discussing "here in Albuquerque," well before local sunset. Fair to good. (RB-AZ)
- 800 KBRV **ID**, Soda Springs 4/26 0345 fair with "Continuous Country Favorites on KBRV." Did not sound like 10kw, as it could have been the 29w listed as I have heard other ID stations with 1p, with a signal like this. With the A&K high tonight, no sign of Penticton. I have been after the freq. change of KBRV since they switched. I had them on 790 from some years back. (PM-OR)
- 840 KXNT **NV**, North Las Vegas 5/7 2230 KXNT ID and ad block. (AB-ID)

- 870 KFLD WA, Pasco 4/15 0030 faint ID in the mix, very weak and soon lost on Drake with Kiwa loop. (GH-OR)
- 900 CKBI SK, Prince Albert 5/2 0600 "Country 900" slogan. (AB-ID)
- 920 KSHO OR, Lebanon 4/23 0100 "K-Show" slogan under KXLY. (AB-ID)
- 930 CJCA AB, Edmonton 5/2 0700 "AM 930 The Light" slogan. (AB-ID)
- 940 KYNO CA, Fresno 4/15 2305 Gary McNamara show, good to fair and alone on Hammarlund with E/W wire. (GH-OR)
- 950 KMHR ID, Boise 5/4 0803 "KMHR Boise" into Mexipop music. (AB-ID)
- 1220 KPJC OR, Salem 5/10 0900 "Christian Talk Radio" slogan. Weak. (AB-ID)
- 1230 KKEE OR, Astoria 4/17 0100 big noisy jumble with "KKEE Astoria" ID in the mix, nothing else intelligible on Hammarlund with E/W wire. (GH-OR)
- 1240 KGY WA, Olympia 5/11 1400 weak with news but totally alone in the static. So much for daytime DX! (GH-OR)
- 1260 KTRP ID, Weiser 4/21 2303 a mix of CBS news & ads, "1260 KTRP" at 2307. (AB-ID)
- 1280 KIT WA, Yakima 4/11 0100 weather report in a noisy jumble then back down into the mix on TMC with S/W wire. (GH-OR)
- 1440 KAZG AZ, Scottsdale 5/9 2345 trying to ID oldies format station coming in & out mixing with 2 other stations rising out of the GY jumble. At ToH was surprised to hear jingle "KAZG Scottsdale-Phoenix." Conventional wisdom is that KAZG, tho licensed to run at night on only 50w, actually just shuts down. My own observations confirm this, having been mere blocks from the transmitter site after dark and hearing nothing. But there are other times I have heard what might have been a "new" oldies station I suspected might really be them. Now I know. (RB-AZ)
- 1450 KZNU UT, St. George 4/29 0805 Fox news to ID by M "FM 93 point 1, AM 1450 KZNU, Saint George." (RB-AZ)
- 1540 KXPA WA, Bellevue 3/29 0000 noted format change playing oldies in & out of the slop, on Drake with Kiwa loop. (GH-OR)
- 1620 WTAW TX, Bryan 4/29 0100 Politalk to ToH, ID x3 by M "WTAW College Station-Bryan," went to C2C program. Had dominated frequency all night, but after 5 minutes of C2C began fighting it out with Sacramento Catholic radio. (RB-AZ)

Thank you to our reporters this time. The next WDXR deadline will be June 1. Nancy 5/18 2100

TRANS PACIFIC DX ROUNDUP

153 **RUSSIA**, R Rossii, Komosomolsk. 1130-1139 4/28. Fair signal with music and woman/man in RR. (DV-WA)
 + 1157 5/1. Good signal with 3 R Rossii ID's and music preview. (DV-WA)
 + 1217-1220 5/2. Good signal with Irish music. (DV-WA)

180 **RUSSIA**, R Rossii. 1140 4/28. Better sounding signal than 153 with same programming.
 (DV-WA)
 + 1159-1200 5/1. Poor signal with pips at 1200. (DV-WA)

189 **RUSSIA**, R Rossii. 1200 5/1. Weak signal with man in RR. DV-WA)

279 **RUSSIA**, R Rossii. 1142 4/28. Good signal, best of the three Rossii stations heard. (DV-WA)

828 **JAPAN**, Osaka, JOBB, NHK2. 1144 4/28. Weak signal with JJ and domestic station splatter.
 (DV-WA)

1566 **REP KOREA**, Cheju, HLAZ. 1245 4/28. Assuming the station with poor signal. (DV-WA)

PAN AMERICAN DX ROUNDUP

670 **MÉXICO**. XETOR, Torreón, Coahuila. 1201 4/4. Mañanitas, birthday greetings to listeners, R
 Ranchito ID, 7:01 TC, jingle, full ID as mil watts from, i.e. XETOR; IRCA Mexican Log and
 WRTH show 5000/250 watts, but Cantú has 1000/250. Hard to believe they would assert less
 power than reality. (GH-OK)

750 **MÉXICO**, XECSI, Culiacán, Sin. 1215 3/31. Steady música romántica from WSW/ENE, alone
 on frequency and no signal from KMMJ Nebraska even when nulled. 1217 ID as "Stereo
 Vida, sólo para ella," and the next song also sung by a YL – so maybe the format is really
 only for lesbians? Fading by 1221. Cantú shows the only Stereo Vida on 750 is: 750 XECSI
 Stereo Vida + FM 89.5 Culiacán, Sin. 5,000 250 WRTH and IRCA agree, except with day
 power of 1,000 W (GH-OK)

880 **MÉXICO**, XETC, Torreón, Coah. 1210 4/4. Several local news items about Gómez Palacio,
 such as closing public telephones. G.P. is the Durango city adjacent to Torreón, Coahuila,
 really the same metro area, so this has to be, per Cantú: 880 XETC Kiuu + FM 91.1 Torreón,
 Coah. 10,000 1,000 Kiuu? What a strange name; derivation?? While IRCA has it as XETC,
 slogan: 880 AM, 10,000/100, 24 hours and WRTH has XETC, 880 AM/Estéreo Mayran,
 10000/1000 (GH-OK)

970 **MÉXICO**. 1213 4/4. Choral NA is playing at odd time, as I try to minimize splatter from local
 KGWA 960. 1214 a quick sign-on I could not copy, right into music, 1219 segué balada/
 romántica. IRCA shows schedule times for each station, but nothing starting at 1215 or any
 other quarter-hour. Maybe the morning person was late. (GH-OK)

1050 **MÉXICO**, XEG, Monterrey, NL. 1212 4/26. With 'El Mañanero' program from Monterrey NL,
 "The morning man," but YL DJ voice is not manly. (GH-OK)

1190 **MÉXICO**, XEPZ, Ciudad Juárez, Chih. 1209 4/6. "La Norteña 11-90," so likely a Mexican, as
 in US terms the slogan would be "La Sureña" [hi], bolstered by the Mexican government
 PSAs which followed. IRCA Mexican Log 2011 shows the one with this name is XEPZ, R.
 Norteña, Ciudad Juárez, Chihuahua, 1000/100 watts and it was well before sunrise, but what
 do you bet they were on day power? (GH-OK)

1320 **UnID**. 1224 4/26. SS from N/S, 1224 TC, kids' birthdays. Accent maybe border-influenced
 rather than pure Mexican, so likely XECPN Piedras Negras, Coahuila; the only other
 possibility around here in NRC AM Log is KRDD Roswell NM. Soon with Chinese CCI, no
 doubt KXYZ Houston TX, which NRC AM Log says is SS/ETHnic. (GH-OK)

TROPICAL BAND DX ROUNDUP

The NRC AM Antenna Pattern Book

The Pattern Book now includes daytime and "Graveyard" frequency patterns for the first time. For those stations which operate with 50 kW (and higher in Mexico) non-directional (designated U1 in the AM Log), the day 'pattern' is shown to approximately the predicted 0.5 m V 1M coverage limits, while the night pattern is illustrated approximately 1.5 times larger. Stations in Alaska and Hawaii are listed on separate pages at the end of the book. The basic list of U.S. and Canadian stations comes from the 26th Edition of the National Radio Club's AM Radio Log. Mexican stations in the states bordering the United States plus those stations elsewhere which are easily heard in the U.S. and Canada are also included. All data is up-to-date as of November 1, 2005.

Prices: \$16.95 to USA/Canada IRCA/NRC members, \$22.95 USA non-members, \$25.95, Canada non-members/all overseas orders. Order from: NRC Publications – PO Box 473251 – Aurora CO 80047-3251 (CO residents, please add 3.5% sales tax). Please state your IRCA membership affiliation when you order.

The County Cross Reference

What a time-saver! A complete list of counties, parishes, and similar political divisions in the U. S. and Canada. Two lists are included: alpha by county, and by state. Compiled by Bill Hale and designed and produced by Wayne and Joan Heinen. \$8.95 for IRCA/NRC members, \$11.95, non-members; overseas customers, please contact us for exact price. Order from: NRC Publications – PO Box 473251 – Aurora CO 80047-3251 (CO residents, please add 3.5% sales tax). Please state your IRCA membership affiliation when you order.

IRCA Mexican Log, 16th Edition (Winter 2011)

The **IRCA MEXICAN LOG** lists all AM stations in Mexico by frequency, including call letters, state, city, day/night power, slogans, schedule in UTC/GMT, formats, networks and notes. The transmitter site index (listed by state, then city) tabulates the latitude and longitude of transmitter sites. This is an indispensable reference for anyone who hears Mexican radio stations. Size is 8 1/2" x 11".

ARRL Hamfest Calendar

As you may know (and I can say this from experience-EiC), a Hamfest is a great place to find good deals on new and used receivers, wires and cables for antenna projects, and other hobby-related needs. The American Radio Relay League has a Web page to help you find a Hamfest near your home QTH or while you're traveling to other parts of the country. You can search by Zip Code, select from Hamfests within 25, 50, 100 and 250 miles of your home QTH, as well as city and state. (Searching by ARRL division and section is only for the Ham-savvy, hi.) To find a Hamfest in near your home QTH, visit <http://www.arrl.org/hamfests-and-conventions-calendar> and plug in your location or Zip Code. You'll be able to find upcoming Hamfests in your local area.

IRCA Facebook Page

The IRCA's Facebook page is now online! This is a new feature of IRCA, featuring photos of transmitter sites (many of which provided by our Chairman, John C. Johnson), members' shacks (your Editor-in-Chief included) and plenty of information. If you have a Facebook page, enter "International Radio Club of America" into your Facebook search engine, then click the "Like" icon. Many thanks to Mike Sanburn (KG6LJU) and John C. Johnson for setting this page up.

The **IRCA** is a non-profit organization devoted to the hobby of hearing distant stations on the Broadcast Band (510-1720 kHz). **DX Monitor**, the official publication of the IRCA, is published in "soft" form 35 times a year (weekly from November through March, twice monthly from April to November) and in printed form 30 times a year (weekly November through March, monthly April to November). **DX Monitor** contains members' loggings, articles on radio stations, receiver reviews, technical articles, DX tips, and other material of interest to Broadcast Band DX hobbyists.
