Good day members, we hope that the news which we have for you this week will be of great interest to all of you.

First of all we are in receipt of a card from Earl Roberts, who with Ray Lewis and C. G. Huber are working on our Mexican Nights which seem to be coming along very nicely at the present time. Earl advises us that he had just received an airmail letter from XETH Pueblo, Mexico advising him that they would be on the air for our club on the morning of January 13 from 2:00 to 3:00 A.M., E.S.T. Now the thing we urge each of you to do is to write a letter, a nice polite one, to WEDE Chicago, Ill., who operate on 1210 kysc, asking them if they will please stand by during this hour for an International Goodwill broadcast from this station, who incidentally operates on their same frequency. We feel that it is your duty to do this in favor of XETH, we feel confident that if WEDE receives enough requests to stand by for this broadcast that they will cooperate with us, for they very kindly did likewise for us last season when we wrote them about the broadcast which was to take place over YV3BC.

We want to thank J. Warren Houtzahn, C. G. Huber and any others that sent us the information that WNL was heard testing during the frequency tests last week on Tuesday morning, from 4:10 to 4:30 A.M., E.S.T. No doubt this will be a monthly check and we would advise all of you to try for them next month at that time.

Joe Becker, Sr. our Vice President sent us a post card last week advising us that he had just received a letter from KMTA San Francisco, Calif., in which they advise us that they would run a DX program for the members of our club on Wednesday morning, November 7 from 3 to 10 A.M. They said that no doubt their letter would reach him too late for him to notify us, nevertheless we hope that some of you were able to hear this broadcast and sent KMTA a letter of thanks for the file program. Joe also advises us that he heard KMTA testing on November 9 and the announcer said that after the Inaugural program on Sunday at 6:00, the call letters will be WOC. It is quite evident that the net call will be a new call letter; according to this information.

We want to thank Howard Schlobach for arranging for several frequency check dedications for the members of our club. The first of which will take place over station KOOS 1200 kysc, Marshfield, Ore., from 4:00 to 4:2 A.M., E.S.T. on Monday morning, December 3 and the second of which will take place over station KFIZ 1420 kysc, Fond du lac, Wisconsin on Thursday morning, December 6 from 3:50 to 4:10 A.M., E.S.T. We urge that you will all listen in to these broadcasts and send in reports to the station for they will certainly be greatly appreciated. Howard also advises us that WEDE 1200 kysc, Cincinnati, Ohio conducts a frequency check program the last Friday morning of each month from 3:00 to 3:15 A.M., E.S.T. in addition to the one the run the beginning of each month for the F.C.C.

C. G. Huber, our faithful Advisory Chairman sends us the news that HDAY Fargo, N. D. 940 kysc, tests the third Tuesday morning of each month from 1:00 to 4:00 A.M., E.S.T. the first of which will be held on November 20.

We have had quite a few requests for us to repeat that list of Canadian frequency checks which we sent you two weeks ago, it is found on #3.
MORE NEWS CONCERNING OUR BIG PRIZE CONTEST.

Bob Rawstron who has kindly offered the prizes for this contest sends in his Rules to cover the Contest. It gives us great pleasure to enumerate them for you at this time:

1. Duration - December 15 to March 31 both dates inclusive.
2. All members are eligible including officers.
3. The honor system will be used entirely!!!!
4. Any falsification to be automatic disqualification.
5. Score:

   A - Three points for each verif received on one of our special broadcasts during the contest.
   B - One point for each Thank You Card sent to a station that put on a DX program for us during this contest.
      1. "Thank You's" for NRC DXes only.
      2. "Thank You's" must be separate communications.
   6. Contestants advice the Chairman of Qualifications bi-monthly of progress, naming stations in each class -ie, Verifs and Thank You's.
7. Prizes - to be awarded as soon as the contest is scored after March 31, announcements of winners will appear in the first issue of our Bulletin in the month of April, for this should give our foreign members an opportunity to enter into this contest.
   A. Most points - Lynch all-wave antenna kit with new "Giant Killer" lead-in.
   B. 2nd - Burc 'Vis-o-glow' Lightning Arrestor with neon tube.
   C. Most verif points - Night Light - 2 candle-power
   D. Most Thanx points - Night Light - 2 candle-power

Bob Rawstron says that he feels like we do in regards to the Honor System which is to be in effect during this contest. We feel that you are all a trustworthy group of members and that you desire to live up to our idea of always being fair and honest in your DX dealings.

Luther C. Orr, our publicity manager seems to have turned poet and written a poem about the National Radio Club, it was so good that we felt that it should be published for the benefit of all of our members.

(1) By the old hit or miss
   I wondered, "What is this?"
   When I heard from over sea,
   Now I know because I joined the NRC.

(2) My DX was all blind,
   Stations were hard to find.
   I licked that nasty rub
   By joining the National Radio Club

KREG 1500 kys. Santa Ana, Calif, have advised us that at the present time they are making frequency checks of only fifteen minutes duration of the morning of the first Thursday in each month, 3:00 to 3:15 A.M., E.S.T. Here is your opportunity to hear KREG, we appreciate Mr. Wiggins informing us of this regular frequency check schedule.

The Columbia Broadcasting System have advised us that they will transmit a special program on 360 kys., on the morning of December 9, 1934 from 3:00 to 4:00 A.M., E.S.T. and will use the call letters WBOQ. This broadcast has not been arranged for any particular group of listeners but is the result of requests from several of the radio clubs. We know that many of our listeners will welcome this opportunity to try for WBOQ.
NATIONAL RADIO CLUB, DX HITS - NOVEMBER 16, 1934.

Page three

CANADIAN FREQUENCY CHECKS - Compiled by the members of N.R.C.

1:01 - 1:09 - 630 K. CPOT - Charlottetown, P.E.I. All time E.S.T.

GRANTS SUSPENDED

WALR, to move station from Zanesville to Toledo, Ohio
In a letter of verification Mr. J. J. Donaldson, one of our Greenville members, received from Mr. G. Mascarenas, Manager of Radio Station KZAF, Nogales, Sonora, Mexico, Mr. Mascarenas, asked if the National Radio Club would be interested in a program from KZAF. Mr. Donaldson has turned the letter over to the Program Committee and they have written Mr. Mascarenas thanking him for the kindness and courtesy in offering us a DX program and have set a tentative time and date for 3:00 A.M., E.S.T. on Sunday morning, December 23. Thank you KZAF and thank you Mr. Donaldson for turning this letter over to the Program Committee.
