NOLPO # 22 Cliff Lavender-Rossenberg Texas

NOLPO # 25 Joe Brauner-17 East Spring St., Williamsville N.Y.

We take great pleasure in giving honorary NOLPO assignment to Carlo Spatari, 27-20-25th Ave., Astoria N.Y. who was the originator of the famous & up & coming Spatari Language. Carlo will be known in the NRC SW pages as NOLPO # 25. Carlo has done a lot to help the Radio hobby fans of the world and we are proud to have him amongst the members of the NRC.

Good ole Joe Brauner is a new reporter whom we have assigned as NOLPO # 27. We hope Joe will take this assignment & that we will hear from him when ever he has the time & some DX to report. Glad to have you with us Joe OT & lets hear from you often.

To the rest of you guys their is no need of me to thank you as you all have been so loyal & faithful and words cannot express my gratitude to you all.

--SPECIAL ANNOUNCEMENT--

There comes a time in everyone's life, when a person is placed between the devil and the deep blue sea, and where one must make a choice either one way or the other. Such a predicament is now being suffered by your Editor and this announcement is hard for me to make.

As most of you know the place I worked for ceased operation and all employees were thrown out of work. This indeed was a hard blow for yours truly. However 3 weeks ago a new job was given to me & this was a very good stroke of good luck. However I am now forced to make a decision. I have very little spare time for my radio DXing & work now. This means either quitting DXing and carrying on with my radio friends, but keep my other Radio activities up or to keep on DXing, what little time I have, and also try & keep the fine friends I have made by keeping in touch with them once in a while but quitting the other Radio activities I am in.

My decision is this. I am resigning as the SW Editor of the NRC & JSWL and also as Editor of the WWHC of the IIA. This is indeed a hard thing for me to do but it is the only way out of the predicament for me.

We do not know who the new SW Editor of the NRC will be but keep your reports coming to me and as soon as the new Editor is named I will forward all material to him. However regardless who the Editor is I will remain as the SW CONTEST Editor and also the rating of the members so please keep me informed of the new verities received for the contest and also your latest ratings.

--END--
It has been swell working with all you fine members and my only hope is that you will sponsor & help the new SW Editor out as much as you have helped me. Maybe someday I will be back with you all but in the meantime let's keep the NRC the friendly club it has always been & sponsor the new Editor and help him as much as possible.

I want to thank Leo Herz for the fine help he has given me during my stay as SW Editor. A finer and better pal could not have been found anywhere.

DON'T FORGET, I am still taking care of the SW Contest. I will find time for that regardless if I never get anything else done. Thanks a million to you all. A finer bunch of loyal supporters would not be found anywhere.

--VERIES DEPARTMENT--

Just take a look at some of the swell veries some of the embers have been receiving. Wish I had some of them. Nick Woytan spends all his spare time gazing at the verie from K60JL and says it is VFR. Many of the other members already have sent their reports to this fine station. Send 10 cents along with your report.

As soon as I get a few things straighten up I will make up the list of prizes and will announce them as soon as possible. Look who is on top on the verie contest. Aheal DeRosa & Tavener have a little rivalry all worked up and they are having a tough time trying to get ahead of one another Hi.

QUESTIONS AND ANSWER DEPARTMENT

Nick Woytan has been hearing a mystery at 7am on 9,500 mgs but signs are too wary for identification. We believe his station is either KZIB on 9,490 mgs or possibly HS8PJ on 9,510 mgs. What Oriental Station came on the air at 3:12 pm EST on May 1st on 15,170 mgs with a R8/Q4 signal? Fred Alfred. SOS someone?. I would like to thank all you membets for helping each other out in answering some of the questions in the minds of the members. That shows real cooperation & a fine spirit of friendship existing between the members.

--NOTE FROM HEADQUARTERS--

Watch for "YNDG" on 7,660 kcs, Leon Nicaragua Central America. Schedule: Week days: from 7:30 to 8:30 pm CST or 8:30 to 9:30 pm EST. D.E. Gallo is the Owners and Operator. All reports will be answered if you send 10 cents in coin as IRC are not excepted in Nicaragua. Also every Saturday night YN3DG 13,900 kc. dedicates to all his friends in the U.S.A. at 9:00pm CST or 10:00 pm EST. Watch for this station....
SPECIAL DX FROM RADIO ANKARA--

Station TAP 9.465 mgs (31.7 meters at Ankara Turkey will broadcast a Special DX program dedicated to the National Radio Club, The Cleveland Radio Club, The International DXers Alliance, and to the readers of the Radex Magazine. This program will be broadcasted Saturday July 29 1939 from 9:10-9:55PM G.M.T. (4:10-4:55 pm EST). The program will consist of dance music with announcements in English throughout the entire program. Greetings will be sent to the members of the clubs mentioned. The weekly Post Bag talk in English and German will go on the air at 8pm GMT (3pm EST) and everyone is invited to tune in on this program too. Our fine friend Mr. Gardner arranged this special program and we all thank him for this fine dedication and lets all listen in and report to this far East Station. Thanks Mr. Gardner for this fine tip.

--GOSSIP OF THE MEMBERS--

Joe Brauner says DX on the SW bands have been terrible with nothing unusual doing.

Jack Sriniger has a VFB SWL card fellows. Jack says he has no luck in increasing his VIC ratings, Oh Yeh. Take a look at his ratings fellows & use your own judgement Hi.

Mel Oliver says he has made a nice worrie of our new member Cliff Tavener of Rosenberg Texas who lives only 25 miles away & Mel is planning on visiting him sometime. VFB we call it.

Nick Waytan spent 2 weeks in New York City & says he still prefers good ole Syracuse (Home Sweet Home ey what Nick OM)

Cliff Tavener says "Well well well. It looks like my entrance into the SW contest has been made very conspicuous by the rash challenge of my friend "Peepulls Choice"DeRosa...Hi. Hi.

J.E. Gardner must be DXing 24 hours out of the day from the looks of the VFB reports he has been sending in. Keep up the fine work Jack O.T.

Carl Forestieri has been giving his apartment & furniture a good spring cleaning act & hams even had a chance to DX. Hope he gets finished soon as we miss his VFB reports.

Cy Will is moving. He is living at present in an apartment on the 10th floor. Plenty high enough for an antenna but Cy says there is too much noise & so DX for him has not been so good.

Leo Herz sent out plenty of reports last week & one of them was EKLAF which is a VFB catch in any hams town. Better watch this fellow in the SW contest. He really means business.

Bob Blanchard says it is so hot in Brooklyn that he has been keeping a fan going in the back of his receiver whenever he has been DXing. He received a good laugh at some of the articles publish in the last bulletin. I hope you liked them as much as Bob did.

John DeRosa is getting another new member for us. Good old John has been a hard worker for the NHC and a swell fellow could not be found anywhere. Have you seen the VFB picture yet of Johns DX room supreme. If not you had better write to him for one of those VFB Photo's of his.

Remington Alfred reports hearing SPW TGWA IRF 2R02. 2R03 VLR W6XBE, 9.530 On the SWBCB and on 20 meters VE3GC W1DADF W3DZZ W3ZIE W9QMK W9KBQ W9MLN W9AT WAEIG W9TTF W9KZS W9GTR W9G1Q W1DAFYV5RF W9GTFQ W1DWA V6ADP W9DFM W3MGH W1DXP W2JKQ W9ZOM W9THO W30UF W3ZDW W4GU W3ADC W9IEM W3QBM (Rem really going to turn out to be a fine DXer from the looks of things & Rem OM a finer and better Hobbie could not be found than DXing. Keep up the fine work.

Fred Alfred received a QSL card from CB-963 after sending them 5 reports. Fred also got a pre-selector for his receiver last week and it works swell. Fred sent us a whale of a VFB report this issue and many thanks Fred OM.
Greetings once again ham DXers. Our reporters this issue are:
Mel Oliver of Houston, Texas; John H. DeRose of Brooklyn, N. Y.; Leo
Herz of Chicago, Illinois; Larry Lundberg of Minneapolis, Minnesota;
Frank Schmidt of Pittsburgh, Pa.; Robert L. Blanchard of Brooklyn, N.Y.
and Yours truly.

---QSLs RECEIVED---
Mel Oliver reports cards from VP1WB and 2L2EX, the latter a 75 meter
phone verie. Leo Herz reports QSLs in from OM4PA, 20 meters; GWeJW,
10 meters; CTDPR, 14.004 megs.; G5BD, 20 meters; PK4KS, HK3CG, GcBX
and G6IK all on 20 meter phone. Yours truly received cards from
VK4KS, Australia who uses 30 watts and VN1IP, Nicaragua who sends a
nice QSL with some very fine stamps on back.

---OUR MEMBERS REPORT---

MEL OLIVER of Houston, Texas reports hearing the following DX:

K2LCH (Wm) Called CZ at 7:20 am 84 Q4 on May 4th.
KAI2W (If) Manilla, called CZ DX at 8:21 am R6 Q5 on May 4th.
G08BA (If) French Morocco calling CZ at 2:14 am R5 Q5 on May 10.
PK3WP (If) CZ "W" at 7:27 am R9 Q5 on May 10th.
C03C0 (If) Santiago calling CZ DX at 7:55 am R7 Q5 on May 10th.
KA7JR (If) Called W2VXML at 7:35 am R6 Q5 on May 16th.
KA7BR (If) Called CZ DX at 7:35 am R6 Q5 on May 16th.
KA1PH (If) CZ at 8:14 am R6 Q5 on May 11th also.

Mel also reports hearing NY4AV at Guantamano Bay, Cuba but
failed to make a notation on him. This is the first NY4 you rd has
heard about.

LARRY LUNDBERG of Minneapolis, Minnesota sends in some more very
interesting ham news. Larry reports as follows: "LU1DA, Buenos Aires
was hrd on 20 M using 800 watts and he verifies with a Rueda Del
Oeste card and also sends a VFB photo of his shack to those who
enclose a photo for him. His QRA is LU1DA, Felix Gunther, Hurlingham
Republic of Argentina. He can now be heard also on 7,140 megs., &
also in the 28 megs. band. His transmitter uses 800 watts input on a
couple of 606s Class B Modulation with two 822s. Four band single
wire antenna pointing NE-SW and he uses a HRO receiver. V6GXB verifies
with two color card of white and red. QRA is Thos. A. Archer,
"Claradon", Pine Road, Barbados, BWI. V6GXB uses a crystal controled
Xntr on 7,039, 14,078 & 26,156 megs. Input to power amplifier is
100/200 watts. Modulation is class B System. Antennas are two half
waves & 6JK beam and also a three element close spaced 20 mg. Rotary
beam. He has his WAC. The QRA of VP1WB is Box 60, Belize, British
Honduras. He QSL's with a 2 color card of white and black with the
call letters printed in big black letters. Ernest Baber is the Op.
and he operates on 20 meters using 20 watts power.

W8DUT of Pittsburg, Pa. is owned by Dr. B. P. Snyder, 12 Hazel
Drive, Mt. Lebanon, Pittsburg, Pa. He sends out a very attractive
dio color card of orange, red and black. Using a two element
rotary beam on 20 meters with a power of 600 watts with NME69
receiver. This card is well worth having. VE6XW owned by John
Gilbert, 12723-116 St., Edmonton, Alberta sends out a two color card
of red and black. He uses 70 watts on 20 meters with a two element
Rotary beam. VE1CR, owned by C. Reg. Rogers, 55 Milton St., Sydney,
N. S. sends out one VFB QSL card of four colors, white, red, black
and orange. He operates on 20 meters with 500 watts. VE4EJ, owned by
C. A. Vanderputten, 832 Strathcona St., Winnipeg, Man. QSLs with
a three color card, white, red and dark blue, a very attractive card.
LARRY LIPPEDMG (continued) VE3EE owned by Stan Comau of Montreal, Quebec verifies with a card that was printed in England. It is made in red, blue and white. He uses 112 watts and may be heard on any ham band. VE3EE was the first Canadian station to achieve WAC on phone and was also first to make four band trans-Atlantic club working EA4A0 and KAKD on 3, 5, 7, 14, and 28 mc, in the same day. He has worked 108 countries on CW and 82 by phone. VE3EE owned by W. E. Kockhart, 87 Broadway Avenue, Moneton, N. B. verifies with a black and white card with his photo printed on the card in the left hand corner. It makes a VHF addition to the GCI collection. A. Chosworth, 1071 4th Ave., Moose Jaw, Sask, operates VE4SY and QSLs with a three color card of white, blue and gray. Operating with 125 watts on 20 meters he has WAC and WAC. This is a VHF QSL card."

FRANK SCHMIDT of Pittsburgh, Pa. reports that he has a new receiver - there, an S-11 Super-Skyrider. Frank says he also stuck up a 20 M. sky-wire; a current fed extended doublet. This antenna is one full wavelength long and has 4 main lobes 54 degrees from the ends. The NE lobe hits Europe and N. Africa, the SE hits S. America, the SW goes nowhere fast via the S. Pacific off the coast of S. America, the NW covers Western Australia to Peking, China. He hopes to put up a single 8JK directed East and West shortly. This will cover almost the entire continent of Australia and also Africa except the Northern part. Frank reports hearing the following DX also. All 20 meters.
