PLEASE NOTE---------------------RADEX---------------------PLEASE NOTE

QUOTE:- Mrs Byrne, my sister, has just informed me of the receipt of your special delivery letter about the rumor that Radex was going out of business. This is not true. The March-April issue is now being distributed although a few days late because Mr. Taylor has been ill for several weeks. However, I expect he will be back to work in a day or two, as he is about recovered.

Radex is doing better financially on the bi-monthly plan and is a long way from being ready for the scrap heap. We are all confident it will still be alive for many years. We are sorry that circumstances did not permit Monthly Publication but look forward to a revival of interest one of these days that will again make that possible.

Your devotion to DXing and friendly spirit toward Radex is of itself an incentive to us to continue our efforts in behalf of the hobby. We all hope to continue to merit your support and you may rest assured that we will cooperate with you to the extent we have in the past.

Do what you can to suppress the rumor about Radex. Will you please? Subscribers will receive their current issue a little late but the copies are printed and will be delivered as will future issues. The Newsstand copies are already in process of distribution.

Thanking you again and with best wishes, we remain.

Sincerely yours,
Radex Publishing Co.,
W.C. Auer
(Auditor)

The above letter was received by me here at HQ this week, so as for them rumor's they were untrue. This letter explains why the delay, but not why the mail was returned from their old QRA.

*********** SPECIAL *********** Send all reports direct too Mr. R. W. Hamilton, In Care of WXOK, Saint Louis, Missouri. All veries will be issued by one of the NRC member's that lives in St. Louis, Ray W. Sahlbach, was the member that arranged this program. Here's a chance for each and every member to get this station verified. To you member's in the East drop a line to WNBW and get them to stand by for you. I believe if they get enough request to stand by they will. Let's give Mr. Hamilton and Ray Sahlbach 100% cooperation.

Mr. C. S. Chapman--of CKBW sent a very nice letter to HQ, we are going to quote a few items taken from Mr. Chapman's letter:-- QUOTE You must have done a good job of publicity on this programme and certainly the results far exceeded our expectations both as to distance reached and number of reports received.

If you find room for it in your bulletin, please tell the boys how much I appreciated the splendid and accurate reports they sent.

Verification cards have been sent out to all who made accurate reports of reception and if you hear of any who turned in a report but did not get a card, will you please ask them to write again, because it will be a case of either their letter or our card being lost in the mails. (Thanks Mr. Chapman for this wonderful letter, we always try to give all the NRC programs months of publicity if possible. I know all the members will appreciate reading your letter. Editor)
On the slow veriers we have not received a complete report on few of the stations that was sent in, altho we have seen in the LPO reports of this week that KURN has started to verify. Here's some dope on KORN-thiis station was sending out veriers up to 12/1/40 and were signed by B. Lenox Dunbar, Engineering Staff. So keep your information coming in on all slow veriers, if you send this dope on a 3 by 5 card, if you have no card cut paper 3 by 5 or cardboard. It makes it easier for me here at HQ, you must remember there's only one person that issue's the bulletin, so please help in this manner as much as possible.

***************

Try the National Radio Club Official report forms, from the reports of all NRC members that are using these report forms they say that they get 100 per cent returns. I know I have used these forms for four years and many of the suppose to be hard stations are in my file's. Only three hold outs this year so far, Norway on 830kc., CX16, and Scottish Regional on 767 kc., all the other's are in. Try one order of these report forms and see what results you have. These are the ONLY Report forms of this type in the U.S.A. In fact the NRC report forms are COPYRIGHTED and can not be used by any other Club or person. The features on these report forms are such as a GRAPH to give you accurate reading on the R and GSA readings, the exact time, QRN, QRN, Modulation, Programe Level, Weather Receiver, Antenna, Ground and your location. Every one of these items is what the station Eng want's to know about. ((Order's are ready for mailing March 12, so the first one's are the first served. 100 report forms for 75 cents, post paid, with complete instructions with each order on how to fill these forms out.)) Try one order and see the results you get by using these forms. Such stations as WLW KDKA KADA 1YA HJAN HOK and numerious of other station's "say's" one of these reports are worth a dozen of other's.

JOE BECKER-Hamilton Ohio. XEAG verified report of their Broadcast of FEB. 16th, which program was dedicated to the NRC. XEAG QRA is Avenida 1 Numero 135, Cordoba, Vera Cruz, Mexico. Also today received a verification from HJAK Barraquilla Colombia S.A., which I heard FEB. 4th 1940. Everybody said that call was HJBJ well I understood it was Achay, Hotah, Aye, Kahn and as I hrd it in English it was HJAK. Senor Vassalls of HJAK said (QUOTE) I cannot understand how you got us so perfectly, from a dancing hall during a carnial night. Your report is very accurate, he also said a local Amateur with a big power full equipment did make a retransmission of our broadcast) Well I did hear HJAK that morning on 1140kc., I hrd his call in both Spanish and English so I knew I was right. And his verier say's I was accurate. Latest new ones hrd are 2/25 KHUB, 2/27 WFTN, 3/1 KYUM, 3/2 CBY, 3/3 XEBP, 3/5 WFIG and the old log reads 1306 hrd 1292 are verified, 63 Mexicans, 72 Cubans 113 Canadains, 16 South Americans. I would love to have 1300 Verified by April 1st 1940, well I have 14 reports out, if 8 verify well and good, then I win. Radio Reception has been pretty good lately. 3/6 station on 1370 behind WOC, no announcements, just played music. Sunday morning after 6AM EST their was a South American in 1400 kc., I believe it was HJAR Cartagenia Colombia S.A. WFIG official opening March 15 at 11AM. WTRY has asked for more time to complete their construction. I wonder why WHJBS WLEJ WHAL WJHP WINN KHAS do not come on the air.

JACK BIRINGER-Lakewood Ohio. Veriees are coming in fairly well and the total has reached 935, in exactly 3 yrs of tuning, with 37 active Mexes, 49 active Cubans, and 65 active Canucks verified. However I am mostly interested in Foreigners (excluding U.S. Canada, Cuba and Mexico,) and have 70 verified, including 14 TAI's. XEIP in in Torreon, Coach, & not Durango. XEAl is a new one on 1450; YV3RE breaks thru on 1475; XEAM now on 1400; PRC9 shows on 1100; XEFO hrd on 925; XEHI on 940; All my reps of RHC stations verified via Habana (Box 770) Blanding's list of Cubans is correct. CBAM, now on 570, used 990 on XEAS morning.

JIM WALKER-Cassville Va. New verie KUIN Signer William Rambo Chief Eng. Who said they were running 60 watts when I hrd them. Little wonder they were weak. CBAM HOK and WKAII at last. I want to sincerely thank the kind friend of the NRC who wrote to them for me. That was a thrill for a long time. The friend of our friends. CKBM verie in, new verie from HJCZ on 1620 kcs. New ones hrd CKNB KECW YSS came in fine after KTII signed off. 2YA 3BA quieting KGBF until 5:30, and WABA fine this AM. WSC in Buster S.C. They are on from 3-6 AM and will acknowledge reports. TPS are iYA 4YA 2BL 2XC and 760 kc., who, (4QS on from west coast reports Daly in Aus.) (Note: Watch after this one after KXA signs at 3:00 AM EST. Ed) KFAS KIRO KRSC XLE KFVD K53J KJBS AII very good KUJJ up to K7. Went home over the 24th so missed out on some of the DX. WMAAN verified in 3 days for me, by H.J. Enard Eng. WMAH by Air Mail after 6 reports verified, KADA will verify a typed verie card they did it for Merlin & F. KFRU KUTA KAMS KVJU verified right away for me.

DON HOURISON-Berkeley Calif. An enclosing some data on KFRU, verie. A verification dept would help me a lot.

KYUU 1210 kc. hrd testing the past few nights untill 6AM EST asking for reports from long distances and promises to verify. KBBR testing 2.19 and 3/1 at 4 EST. Believe the Aussie on 760 is 4QS according to announcements heard. It sounded as if they were relaying ARK and 4QN/ the following announcement had at one time: "This is the A.B.C. stations ARK 910 kc., 4QN 630 kc., and 4QS on 760 kc.,” Verie in from Cheek from Roy Denton from a church program hrd at 7:30 AM EST in English. His letter mentioned that this program in English is hrd 7:30-8:30 EST every morning except Monday. A few new stations hrd lately but not many veries in.

PETER C. LANDRY-Montreal, P.Q. Well on 2/19 I cleared off all the states and provinces when I hrd KOK and CQJA. As well on that morning I picked up the following new stations KIDO KIRO KGBH CKSV KKEF WMAH KRBK KJBS KJY KFSG. I have also heard KRLD at R4 under WJIC. I have picked up KGAN on a small club special, 720 and WCHV on specials. Today I got much needed veries Kand and KNET. Reception went down 25-27th but has picked up the last two night. I am giving the following data on some of the stations listed as hard to verify all of which I got veries from without a follow-up. They are: KFRU-verified on FEB/40 after 38 days with a DX card which was unsigned... KANB-verified on July/14/39 after 4 days with a card signed By: E.M. Donohue... WMAH-verified their special program with a two page long-hand letter after 14 days and signed by "Wendell A. German.." To Jack Welsh-You heard KLPM Minot on 1360 kc., on Sun AM at 4:00.

(Dont for get the KXOK KGFX FCN WCAJ WGBR TCB these are all Club Specials KGBA is the outstanding program of the year.)
In last week's bulletin we made the announcement to the WLEU Feb.9th DX Contest as to the most distant, now we find we made one mistake, we gave Merlin Otten second place, where it should have been Jesse Strawn, Whiting Kansas. Sorry Oh we should make that mistake.

JOE BRAUNER, Williamsfield N.Y. Only new ones here recently have been XEZ (no reply) WMAL CKBN KBM and WHOP. The first three verified, WHOP, logged one Ah as he signed on at 7, was over everything that Am but has not broken thou since, freak reception I guess. Veri in this week from WHNY, letter form. Thought they were getting out cards.?? Cards would have been better then these unaddressed form letters. Out side of all the spics, the only unresponsive stations so far this season are KOAN WESX WKBW WFVA. WHTA also did not come thru but on him all I got was the sign-off of a test and figured he may wants more to verify on. (Joe drop G.Pace-Rey Kr. Mgr., HJAN a line about your reports, dont send him any postage, but PLACE THIS ON THE ENVELOPE, PERSONAL, he wants to know about this matter, tell him where you received this info (wmg).)

PAT KEILLEY, Jamestown N.Y. Not much to report, not a great deal of DX here as I havent had the time. Dog has four puppies and I play with them a lot. Reports out to WFTG hrd March 5th XEPB on the 3rd, KVEC and KHB also heard-new varies from KWAT CKBN, XEPB and a stick pin. XEZ WHNY KUIN and HJLABN card on a report of Jan 1st, when they used call of HJAN, also KBM KHB varie. Be patient I'll answer the mail soon, TPs are good when the noise is absent but no new ones heard yet.

New stations hrd last week are XEPB KUIN CICF CMBL CMCL CMCL WMTA NIFG EFMT and WABZ. New varies received are WHIP WMTA WABZ and a VFB card from XEBZ. Have sent reports out to KELA KSLM XEPB CICF KBM WABZ WHOM NIFG WFB and WABZ. To Joe Lippincott--KVIC vari by letter Jan.4 1940 signed by Paul Wolf Ch.Eng. To Grant Batson--KDCA vari by letter on report of Nov.20 1939 signed by J.B. Baudino, Plant Manager (10 days) KUSD vari by card Feb.11 1939 signed by Larry Johnson DX manger. To Herb Tucker KOC sends a VFB card signed by John Lee Hilster Ch. Operator. (11 days) Now I would like to know if WMTD KULY YTHW WABZ KPJM KLOC KHOU WBRB and WSBE ever verify. DX of the week Feb.29 WFTG 4:15, KG 4:46 Mar.1 WCOA 2:30, KSLL 2:45, KELA thru KXZ at 3:01 (What station on 1370 played "Pinch Me" three times straight between 4:55 and 5:00 this AM.)

Mar.2 WBAI 3:00; Mar.3 XEPB 3:00, CICF 3:30, and KUIN and just as they were going off at 4:00, KGIR KBM thru WHOE and believe it or not KIRA thru WEDC most of this AM. (What station on 1340 kc had a religious program on after KGIR went off at 6:05.) Mar.4 WABZ 4:15. Mar.5 WABZ 2:15, WCO 2:30, WMTA 2:34, WSAV 2:40, WAIG 2:45, WSPB 2:48, WISE 3:00, WAPY 3:06 WMTA 3:10, WBC 3:56, WFTG 4:10, CKBA 4:30, WGY 4:37, KUEH 4:50 Same AM) Mar.6 KJOS 2:15, WFTG 2:17, WAZB 2:25, WCO 2:30, WSAV 3:15, WFB thru WEDC at 3:25, KROY thru WEDC at 3:30, WCOA 4:00. Heard Spanish Speaking station on 770 and 810 kc this AM at 5:00 EST.

HARRY H. GORDON, Erie Penna. Monday nite, Ed Peichtner and I had a private DX party, using a New Howard 460, I will give you just a few stations that we hrd, CKMO NEI CBRWBS KVJJ CKOD KFVD XMBK KJF KXKX KNOX KGO KXO CICF KICA all of these were R7 to R9 with A-i reception, but last but not least CPRN was logged, KGO KGMB 17A were also heard. This 460 set is a real DX set.

NATIONAL RADIO CLUB DX NEWS  March 11 1940

EDITOR'S NOTE: We are sorry that the bulletin for this week is not uniform as in past weeks, but here at the last minute we find that we have so much work left over that we just can't hold it over. Hi. So we will try and clean it all up, so that we can have a fresh start next week. I don't know how long we can stand this expense, as it runs into money for stencils and bulletin paper at the rate we have been going the past few months. One way to bear some of this is by new members, so how about you members giving some real honest support and contact a few of your friends about joining the NRC.

STEVE MANN-Lakewood Ohio. New Vories: YV1RE XEZ CM49 CM51 WOC and others.

YV1RE on reply card. Report was addressed to Luis Mantellini, H. Not signed by him however. New stuff hrd: WFG PKOV CFJC KGHL and others. XEAW is now on 1020 kc. CKOV is on CBC network till 3 AM EST, CFJC on CBC net till 2:30 AM EST. CJAT was hrd behind XENT one morning but I couldn't quite log him. CKMO has been quite good here in the East lately. CMKH Santiago Cuba is easy on 640 evenings. CMJN in Camaguey on 610 kc. is also possible. CMGN 740 kc in Jovellanos and CMJN 870 kc... in Ciego de Avila are others possible. Cubans have not been too good lately though. CMBH is definitely still on 1600 kc.

JOHN KALMBACH-Williamsville N.Y. Vories received since our meeting have been from WAGT thanks to Ernie Cooper's information. WHIP WISE and WAGK. Have repairs out to WBER WAGA WMIN KVHS. The only one I question as to whether or not I'll receive an answer is WMIN. I knew they didn't answer, but typed a veri on a double card with the hopes that perhaps they might answer.
WALTER R. SMITH-Owosso Mich. My first report in three weeks. Dx has been good for me lately even tho a little snow almost every day has caused a high noise level nightly. New stations since last report. KWAT KVSC KGU WCNC KVNU CMKE WFMJ WGAI WATC KCNC CAHI KGBB 3DB 2KY 3GI KJSL CBX WBMA WFIG and KJWE, who has been testing on 1370 the past two mornings or so Mar. 4-5-6 and not announcing. Verifications received since last report KATE KSAM WDMJ WSAY WGBR KBGB WJHC KTMB WJPR KTEM KJYC KBRA WFOR KLEI KJAN KPRE WLYR FENY WHIZ WISE KDPN KVOK KOBH KGBB LXAT WJHL CRFC WLXK TDCN WFMJ WPRA WMLT KTUC KJRE XZB WABS and the mail man just bought CBL. All the underlined have really swell cards. Jack Welsh KGLO verified me with a swell card signed by Milo Knutson.

HENRY J. LEINBACH Jr. Chert Chase Med. To Merlin Steen: Plymouth is very close to Wilkes-Barre (10 miles on the trolley). The xatir is in Kingston just across the river from Wilkes-Barre.

RANDOLPH HUNT-Leucadia Calif. My last report in bulletin stated that "From now on NO U.S. station will ever get a report from me if I meant to add "except those asking for reports." Made another check on stations written during 1939, 11 stations have not verified or acknowledged my letters in any manner, and I don't think they intend to do so. These 11 stations were sent a total of 23-3 copies with original reports, carbon copies sent in etc, these stations were from 800 to 2000 miles distant, and I thought my reports would prove of interest, a bum DX I must be. An error in my last report in call of only station ever heard on FCC saying they would not verify checks, in bulletin this shows KGEX, I sent in KGEX, the Sterling, Colo. station. (Ok about a year ago had KGEX testing one morning, the announcer said they did not want any reports, but they were coming in here with a B8-9 signal, and I dropped them a Postal Card, in about two weeks I received a very nice letter from them verifying my Postal Card Hi, Ed.)

J. WARREN ROUTZAHN-York Penna. Since last report I logged WFMJ HJAN YVIRK XEBP WEXX 2NR 3AW and WABF. Received vises from WISE HJAN WJHL WATW WSAM KOBH CKNB CBK KHPC WFMJ KIDW WENY WMAI and WHSC.
