KTNM-Tucumcari, N Mex will honor the NRC with a DX program on the morning of December 20th from 3 to 4 AM EST. The chief engineer says they are glad to cooperate with out club. You can look for an interesting program from this station on 1400 kcs. (R. Cooper)

KMTR-Los Angeles-Calif., agreed to DX for us on December 5th from 3 to 4 AM EST. On checking the frequency it was found that KVI is on until 4 AM and KMTR was contacted with a request to change the hour to 4 to 5. They have not answered as yet. We suggest you try for this station from 3 to 4 and if not heard listen from 4 to 5 AM EST. (Eldon Addy)

KVCV-Redding Calif., will conduct a DX program for the NRC on Monday morning December 29th from 5 to 6 AM EST. We welcome this program and will contact WITH to see if the channel can be cleared on that hour or part of it. (Eldon Addy)

DEC 6th HJCU Radio Cristal 720 kcs in Bogota Columbia 11:00-11:20 PM will dedicate a special program to you and your friends, this was in a letter to Kermit Geary. I don't know if this means National Radio Club or just Kermit Geary and his friends so that is why it is not listed in the column. The following was included in Kermit's wire, "Believing that a Good Neighbor Policy is worth little without a mutual acquaintance among the American peoples, we think that the broadcasting stations of all America and the personal relations among the radio-friends will contribute a great deal to that realization of that noble ideal.

"In keeping with this spirit of good will and friendship, we shall be glad to broadcast for you and your friends on Saturday evening, Dec 6th from 11-11:20 PM a special program which you may tune in on our frequencies of 720 kcs 5KW or 4,855 Kcs with 1 Kw. We hope you will enjoy listening to this program and please let us know the conditions of reception" Kermit urges all to listen and report as this certainly makes one feel that the DXers Utopia is at hand. Their address is, Cristobal Paez G. general manager- Radio Cristal HJCU-Apartado 744- Bogota Columbia. And their air mail address is Apartado Aereo 4409. Let's all try and report to this station as Kermit says they override WGN quite a bit.

Per the request of Mr. C.C. Penny of WBBS, Burlington, No Carolina this info for your members. Both will come in the near future so please make it known through your channels that all requests for a verification will be mailed out as soon as we can get them from the printers. We will appreciate any report of reception and will verify 100% as soon as we receive our verie cards. signed C.C. Penny C.E.

DON REYNOLDS—NEWBURGH N Y Here is my first report as a member of the VFB NRC. I will try to get a report in every week on my DX goings over here between the mountains in Newburgh. My receiver here is a 1937 model RCA Victor 15K all wave with 15 tubes. It is badly in need of first-aid. Latins hrd here after 6:30 PM include CMK-CMCY-CMHL-CMHC-CMBC-CMCF-CMKW-CMCN-CMKG-MCMH-CMBD-CMBY-CMKC-CMKU-CMBZ-CMEX-CMWH-CMWW-TIEP-TIPG-XEAW-XEG-XEOX-XEB-WNEB-LRL-HJAN-HJCZ-HJCS-HJCR-YV5RA and YV5RB. Some are very good others barely identified. I think I have HJCB on 1105 but I'm not sure. (That's HJCB coming thru Don, I had them last night—Ray) 11/22 WWPG-1340 on initial test 2:30am; XEmC-XEAW-XEDW-XEJP all hrd fairly well after 3 AM. XEAW now exclusively on 1010 kc; WRAL on all night asking for reports; KBWD-1380 testing at AM; YV5RA & YV5RB very good here near 8PM also VONF; HJAN really loud but fading in and out very much. No sign of and TAs or TPs now until receiver is completely fixed, still need volume control and condenser. Recent veries are WJHL-KOAM-WSSR-WBTM-WSOY; Reports out to WKAQ-WDGE-WGAR-WRAY-WJTM-WGR-WBEX-WITH-WWPG-WRAL-KBWD-XEJP-XEMC. NRC—a wide awake club—Sorry I didn't join in 1934 when I first heard about it. Please announce that I would like to strike up regular correspondence with any BCB NRC boys. (Will boys drop Don a line)

DONALD S BARNES—ST ONGE 3 DAK. Just a note to let you know of a change in my address from Chicago to So Dakota. Box 366; Haven't had a chance to DX since arriving here but will be set up and under way yet this wk. Past 3 weeks have not DXed at all because of vacation and moving. This location here seems to be pretty good, but noise from the AC line is a bit bothersome on the few sets I have had opportunity to listen to. KPOW on Powell Wyo puts in a good signal most of the day. It certainly will be a relief to get away from some of the all nighters that have bothered me for years; WEDC-WHDK-WNOE and a few others. (Will Don we hope you will report often on your new location and what some of us boys here in the East would give to hear some of those stations you will be pulling in. By the way waht part of So Dakota is St Onge? Vol 9 No 10 sent as requested, did you receive it OK—Ray)

ERIC BRIStOW—CHICAGO ILL Sent reports out to WHIS-WCKY-WEXL-WISN-WCAR-WIJS-WJZ-WJR-WJSC-WISR-WHEM-WEDC-WSB-WKOK-WEWD-WNEW-WCOO-ATSA-KPGM-KSL-KGF-KFJY-KGIF-KRLL-CLKL-CKCC-CMCK-KFZ-KFEL-Mexico XEDP. I have 2 new states in this bunch. Received veries from WLAG-WAAT-WAGF-KFVD-KATE-WPAR-WBNY-KCMB—WACU-KSTP. Had to get up and get my Mother to the train so I missed out last week. She is 75 and wanted to see her Min folks once more. (Yes Eric that comes before DXing by a long way) I also lost an Aunt last week who was around 90 years young. (I know that the entire club sends you their Sympathy Eric) I now have 6 countries on the BCB verified in less than a year DXing, I started last Dec 12th. Will check and see how many stations and countries I have after Dec 12th and will send you a report on them to see how well I have done. (OK Eric)

WIMPY KALSBAECH—WASVILLe N Y Veries since last report have been from KMO WLPW-WDME-KGET-WGAA-WAGE-WLAG-WBON-KHMO-WMRC-WMNT-WLAK-WING-WY6M-WBOW-WICA-WBIX-WBNIB-WOBN-CKNZ-KFJZ-WQXR-WBOY-WOBE-WNLH. Have 17 reports still out. (Note to J Becker—YY4RA and HIAR that does not count in US-Canada-Mexico contest) To Dick Cooper, thanks for swell WISR program for which I did not hear because I listened for 15 minutes and heard nothing and went back to bed, now I am toled that my clock was 15 minutes fast. But thats not so bad as I at least got up, Pop Edge was burning up because he shut off the alarm at 2 o'clock and then didn't wake up until 7 am thus missing the KBIZ special. Also tried to get him to eat out of Junior's dish with Junior's breakfast food but he very reluctantly refused. And he also missed up his bottle of milk. Hows KBIZ Pan?

SIDNEY STEELE-TOLEDO Q I am home for a couple weeks (should be days) and also went to Ann Arbor for the OSU-Michigan game sure was a humdinger. Got up at 6:15 AM Sunday morning 11/25 and ran into a few new ones-WGAA R9 at 6:15 and was still in the clear at 7:30; WBLJ Dalton Ga at 6:25-6:42 with religious program; WHKY on at 7 with an unidentified one in Georgia also on at 7; WION with news at 7:07; when WJBO came on at 7:30 I stopped KBTC on 1150 who was in the clear 7:7:30; Verries received since last report are KROS-WIZE-CBM-WISR-WWKM-WAIT. (Glad to see you take time out to report Sid, we all wish you the best of luck at school)

DICK DANERER-LANSDALE PA I'm still among the DXers but am not doing much. Am devoting some time to the hobby but results are lacking, can find no new material, have been at the dials 9 times past 3 weeks in the mornings. (You must be like me- listen the mornings they aren't on-Ray) The following were found CHAB-CKRN-CBKBJW-CNICO-CJIC-CHLW-WISR-KMIR-KAIJ-KXAA-XESM-WHIB-KEFV-WBLY-WAGC-KGMB-XEMC-WBIM-WCOP. No TP's and no TAs and no SAs and not much DX. The allnighters are a pain in the neck, cant get any new ones thru them. Noise has improved some but DX has been spotty, once good and then no good. (According to reports Dick I guess we will have to tune for those SAs in the evenings from now on) Got a new boss at the house just 16 months old and believe me I'm kept busy when ever I sit down by the set as he too wants to DX also. (Well Dick we wouldnt be the same without them). Hrd WISR and WEIM both good programs, XEMC comes in pretty good on 1590 kc in the early AMs.

JESSE STRAUN-WHITING KAN Since last rpt have logged 49 new ones to bring total to 820 hrd. LEN KRUSE-DUBUQUE, IOWA Reception has been quite favorable for DXing the past week as colder weather moved in on the midwest; WIGM on air since 10/26, Nathan Williams C.E. plans test program every Thur for next several wks from 2:30-3 AM EST. The special over WCOU on 11/23 could not be heard here as WEDC & WRAL took over; 11/23 KTSM on 1260 kcs at 3:30 AM. WEDC made an announcement to all NRC members shortly before WIGM put on their DX program, about it. Thanks to them. Weim put on the outstanding DX program. I have ever listened to and from all reports they have received bags of mail. 1st hr could not be heard as WEXL too much; WELJ comes on at 5:30 with religious program; 11/25 The 1st part of DX from WCOV not heard as WISN was on test; However program ends at 4:24 AM, another fb program for church and kids to them. At 5 AM CKOC signed on so that's all of WCOV; WCED had nice DX R9, new station for me, on air last Tues of month 4-5 AM. Vories received, cards WSTP-WNLN-WCOV-WATX; Letters WGNR-WBTH-WFAS-KLO and WIGM. (See note on Poets page)

WJIN 950 kHz at 6 after 23 hrs continuous broadcasting. 11/24 WEXL ruined 1st hr of WEIMs program but I could barely detect them after QRN was on. Still poor receiver. KTMS test at 4:30 AM; 11/26 Got a fair log on KBIZ but they were abt breaking even with WEDC. XEG verified for me in one week with picture postal card of their stations blig. This was last April. I sent them a 4-contavas stamp which would convey a card but not a letter. KTTHs new 50 kw job ready about the 1st of the year. WNNY sent clipping with vories and seemed pleased with results of NRC DX. WEIM program received 100% and they sent me a handsome GE Wall Clock fm previous program. Fred Mirchardt also got one. Missed WCOV program for 1st special missed this year except KEVE which could not be heard. KBIZ had swell program with Ham chatter in place of routine anns. K PRO heard on reg sked signing at 3 AM EST; KGGF hrd in early evening in back of CEF; WWPG hrd test several times past wk promising beautiful vories. WJMA promised to verify reports soon. I prepared cards for them and they should be sent out soon. WISR not too pleased with results from their DX but conditions were not good. Watch for WPER soon; WFIN not on yet. My bulletin received regularly EVERY SUNDAY MORNING in as much as I have it sent to a PO Box and can get it by calling at the PO. The only time it was not there Sunday was once last year when the bulletin on a Friday or gave it to another party at Buffalo PO. I'M sure the fault must be at local PO so if any of you boys are not getting service look there. KFRE to join Mutual network on Dec 1st so should be testing.

ELDON ADDY-MARCH 1A Just a line to let you know of my DX activities for the past week or so. Reception very poor, lot of static & poor sigs. New vories are YVARA-WGAA-KFKK-WISN-WLAG-WNNY for 400th. Don't you fellows forget to report on KMTF on December 5th, they say a special verification will be sent. Eldon.

NATIONAL RADIO CLUB DX NEWS

November 29 1941  By Fred Borchert Esq.

"LIKE THE LION"

This old earth of ours has grew & grew
I've see Japs French & Germans to
But Im sure theres very few
That I compare to the Leo we know
You & I we both know him well
We all love to hear his "Und & Vell"
And oh what stories he can tell
But all of us are still his pals
You've heard of lions they sure can roar
To our wee Leo lions are only a bore
A good fight is the thing he does adore
So we call him Slugger & Killer the man of demeur
He loves wine women and song
Every time he sings he gets the gong
To the red white and blue he will always belong
He's a real American or else Im wrong
Saurkraut und Wiener he sure can eat
And our Leo loves Pickled Pigs feet
We tease & kid him every day
From early June till late in May
We all know hes worked very hard
And hes been given his just reward
In the form of our Chairman of the Board
That's Leo Herz our lion shield & sword

"A WORTHY FIGHT" By Fred Borchert

I've seen tennis wrestling & dogs that bite
And big boxers that punch with all their might
You can have Europe its bal all right
But our BCB is sure the best fight
England & Germany are big & strong
They got what they want by singing a song
But I'm sure theyed get the gong
If they were in our contest long
The roar of the cannon Europe does rear
The noise is heard from far to near
Our clubs receiver they should hear
Then theyes hear noise that is sweet to the ear
In Europe they have the report of the gun
But our reports are all in fun
We mail our reports to East & West
Over there the males forever rest
Our DX contest is our real pride
As through the airlines the sigs do ride
By our trusty receivers us DXers are tied
We fight & fight with all our might
The QSLs received are sure real sight
As more and more DX off we bite
The points they mount to left & right
Friendly enemies we are in every sense
Picking at each other from over the fence
Competition is really getting very tense
But the fellows are all very fine gents
Wholl win is only a long guess
But congratulations hell get from the rest
Again I think I now need a rest
SO I'll shut up and not be a post.

From reports received in last weeks mail the bulletin must have been waylaid at Chicago the transfer point for the west. It seems that all the members living east of there received their bulletin for the week on November 15th on Monday as usual. So it is as I expected, the trouble was not in Buffalo as the 2 fellows who handle it on Saturdays alternate and they do give us real service. The only restriction is that I have the bulletin to them by 9:30 AM every Saturday morning and they will do the rest. Last year the Club bought a carton of Cigarettes for the man in charge at the P.O. but I believe that the asst should also be considered this year as he handles the bulletin half the time. —Ray.
