WGIL-GALESBURG ILL. This station has been asking for DX reports on all their test programs and so we figured that a good way to get them reports they want was to have them dedicate one of these programs to the National Radio Club. Mr. Dale L. Emery, who runs the tests agreed and so they will dedicate to us on Christmas morning from 4-4:20 AM EWT. I imagine all DXers will be tuning around then and so they ought to get a lot of listeners and a lot of reports. Shall we take 20 minutes out of our Christmas morning Spick Hunting and listen to the WGIL program? Certainly we should. Send reports to Mr. Emery, ASST Chief Engineer. Arranged by E.C.

CHEX-PETERBOROUGH Ont. This station says it will be very glad to cooperate with us in putting on a DX program- their first one. This station began operations on March 31st of this year. They are our third Canadian DX this season and the Canadian stations really are swell to deal with. Since this is their first FC, let's send a lot of reports so they will see how well we repay those who DX for us. Chief Engineer Mr. Bert Crump and Program Director Don Insley decided to give us this program and they will make our Club announcements. Our hats off to these two gentlemen and let's not let them down. arranged by E Cooper.

KNRC-Nothing more definite on this program but it is listed in case.

KGVO-This DX program will be for the boys over seas in Service.

Harold Auchstetter would like to know if the following have monthly tests and when. WBBG-WDAK-WQHJ and would like to know when WSLB-WCNC & WNCN can be heard. If any of you lads know drop him a card and also a line to Club H4, but be sure they are accurate and not guess work.

It will pay you to look for Spicks on Xmas morning especially South Americans. However dont get all excited about verifying them as your editor has just got a report back from the censor saying transmission forbidden. (figure that one out if you can) This report was sent to TIPG, & about 7 weeks ago a report went thru to TIBAS. I will send it to the Censor in Washington and see if I can get a definite answer as to why they claim it is a Transmission. Results will be published in bulletin.

Fred Van Voorhees-Kansas City MO. Very little to report. Had a severe sore throat for about a week so no DXing. Reports to CAKN & WHBY before my sore throat. Veres from WALA a nice letter; WHB nice card and KWAL on DX special. Latter a smell letter with my stamp returned with inks. Said they were surprised and pleased to receive reports from as far away as New York City. (They didn't say Brooklyn did they Fred-Ray) Looks as if lefty slept thru that one too. Be back next week I hope.

JOE ENZ-286 CENTRAL AVE-BROOKLYN N.Y. Sorry to have not answered sooner but as I am working in a war plant I don't have too much time. In regards to my SWL cards, I swap 100%, but my 1st hobby is DX. Have been DXing since 1924 and have 552 veries. However some weeks I work 7 nights and have just 2 nites to DX when I get home at 2AM on Sunday and Monday. AMS have logged just 2 new stations, WSTP testing 30th of every month-1380 and on 1450 CHPS in Perry Sound, Ont., Nrd on Dec 7th. In their letter they state that it is a new station and on a regular test but will DX on Feb 12, 1943. From 4-5 AM at which WNOE will stand by. I also joined the NNRC and hope to get quite a few new stations by being a member of two such fine DX clubs. (Thanks for the compliment and hope your DXing goes on)

TED BAMBERGER-SHAKER HGTS Q. A catalog from the Rensselaer Polytechnic Institute was received about 2 weeks after verie from WHAZ. Other veries in here are cards from CKY with EKDO stamp-KDTH-KFPP-WFNC-CKN-KGVO and letters from KROS-WGIL-WGGB-WDKO. KROS states they will be on from 2:30 to 3AM EWT Dec 23rd instead of the regular last Friday check. Recent reports are to KWAL plenty glad to get this one-KGB-Whit-KGOb-WALL-WWAL-WLW. I might get a horizontal aerial up over the Xmas vacation.

AL BARTHOLOMEW-BRADFORD N.Y. DX rotten for me in Nov but has improved thus far in Dec. Logged KWAL and WHIT on our specials, both swell here, tnx to WNOE. Both gave NRC fine boost as did WALL on special. Sent WNOE tnx card for standing by. This AM caught KMLK for first time after trying a long time. I too logged and verified KBON on special. Tough time catching em. Hrd station call 5 different times. Other veries are WJLB and WPDQ. Kenny Page please note for contest.

JOHN CURGAN-PHILADELPHIA-PENN Have been too busy to do much DXing although I do get a few minutes now and then. Did get KWAL-KGVO-WTRY-CJOC-KITS-WALL and I did hear our friend in Campbellton and which I got enough to get a verie, but unfortunately that same day my Father died from a heart attack and ond age, he being 84 years old. I hope we have another one from this station. (John you can be assured that all the NRC members express their deepest sympathy in your deep loss.)

JOE BRAGHER-WILLIAMSVILLE NY Nothing new since last report except WALL who came in well. Veries coming in slow, nothing this week except letter from Perry Wilson of WJAN after I told him not to bother. 12/15 listened in most of AM, Mexicans on 1400 & 1440 till 2:30 or later, 1440 may have been XELZ, no luck getting call of 1400 one. Another on 1380 sounds like XEMX. KROY in the clear & pouring in during s-off at 3AM on 1240, later heard unidentified station on 1290 till after 5AM, no announcements heard in 90 minutes of steady listening, WHO WAS IT? Just checked my list of stations with recent additions and find I need 41 in USA plus 18 more to verify. 8 active Canadians still to be heard with 5 more heard but not verified. (Tell Joe you are going good, now its getting tough)
LEFTY COOPER - BROOKLYN, NY
Very little DX done. Two reports, one verie. The
reports to WALL on DX and WTAW. Verie, KWON. 12/9 WALL came in nicely on
their DX program, with interference from some station testing most of the
time. Who was this station? It wasn't WEXL. Also caught WTAW finally on
freq check 4:40-4:55 a very difficult catch here. They're never louder
than R3. I don't know who signs for WGN-NY. Is a big city. No kiddong
KGVO was showed under by images of WAAAT and WNEW.

JIM HEDEMAN - WASHINGTON, DC
Not much in line of BCB DX here but good Sw
reception. Latest veries besides the card from KG a are WSB A and CFCX in
4 days a dandy card and a card from KFON verifying my reception of them
on Special and at the time I was on a train enroute here. What do you
suppose caused that? I never even communicated with them in any way since
last summer when I got the first KFON verie. Latest catches are WTGC reg
sked and WHIZ-CB 76-WGNY 8:15 s-on and a few others. HJCU is heard often
thru WGN and CB 76 thru WJF. Hope to hear WLOF tomorrow AM. Sorry to miss
all the specials. Couldn't help it though. Latest Sw catches C6RC-TAP-
FGA and others. Have reports out yet from here to WINX-VONH-WIAW-WGNY-
WEDE. MAXIM From Iowa have over 200 out yet. Censor knows where they are.

ED WYMAN - HORNELL, NY
Well fellows this will be my last report for a while.
I've just got back from Rochester and I'm now a buck Private in the US
Army. I leave the 22nd. Hope to see you after its all over. Well since
last report, got veries from CBJ-KGVO-CYR and letter veries from WMAN &
KTTS. Sent reports to CKRN on 11/28. 12/4 KWAL boy did they come in; 12/5
WHIT a nice program; 12/4 WGN, 12/15 WLOF. Got a card from KFON thanking
me for sending them a thank you card. TO LEFTY COOPER - The other 2 stations
I heard were KSAE & KBBK. I clearly heard their call letters and
location. Say who tested on 1340 kcs from 5:40-5:35 AM on the 15th?

ERIC BRISTOW - CHICAGO, ILL
I have reports out to WGOV-WBAZ-WOMI-WJNC-WCAE-
WBBY-WCP-O-WGEC-WFAB-WGUA-WHLL-WHNB-WHNN-WHAT-GRAY-KGKL-
KGHL-KWKH-KRLD-CHIC-KXEO-KEG. No veries coming in though. I have
just finished 2 years of DXing and and have 41 states, 4 provinces in
Canada, 1 in Hawaii, 1 Cuban, 1 Puerto Rican, 1 Mexican. In the US I have
300 stations. On 12/4 WHIT test and WBG. 12/8 Hrd CHAB on 400 kcs which
is their new frq and another which mentioned quebec. 12/8 KGHL on reg
sked on 790 and WTAH-WHNN on reg sked. 12/14 WLBZ-WSTP-WDBJ-KMA on reg
sked. Would like tests time on KIDO-KICL-KRLC-KFAX-KSEI-WRDO-WAWI-WBBZ-
WCOU-WGSH-WQAN-WBEN-WCAX-WMSD-WBEV-WHSR-WKNP-WBEB or when they can
be heard. (Any of you boys know the exact time or dates drop Eric a card
at 5674 Ridge Ave-Chicago, Ill.

HERB CAMPBELL - ATHENS, PENN
WALL broadcast well received (5 R9), no fade
or QRM except when 1 station was hrd to play a band selection "Herr Sch-
icklegrubber" and mention the studios in Hotel Jefferson. Was this part of
some other DX program? Receiver drift or WEXL?, which I thought was
not on at this time. I would like to see in our members reports this info
on our specials, the strength-readability and fading as I think it would
be of interest to our CPC men and others like me who enjoy figuring out
the pattern that the good reception area seems to have made over the ear-
th. (Herb the only station on 1340 kcs with studios in Hotel Jefferson
is KRLD in Shreveport, La.-hay) (Yes send ZNS a report, Kenny and I did
on Oct 7th and verie was back Dec 2 1942, Kennys was censored and mine
was not-figure that out-hay)

FROM GRANT HATTON - IMPORTANT - WSAAM hrd testing on 1400 kcs on Nov 16th.
I reported and here is their answer. "A card from c.e. Simon Maruszian
says: Sorry we do not have Acknowledgement Cards so we cannot verify your
letter of Nov 16th. Appreciate your attention but cannot verify because
of war conditions". Well DXers thats the answer so you know how they
stand. It is really swell that they at least answered instead of leaving
us in the dark. Thanks for the above dope Grant.
