WAWZ-ZAREPHATH N.J. Our series of religious DXes for the NRC on behalf of our boys in the Service continues with this broadcast from the Eastern Pillar of Fire station WAWZ. They are planning a live broadcast for us and if their former DX programs are any criterion (and they are), this program will be one of the finest DXes of the season. Lets all listen in and pray for our members in the Services and send your reports in care of Mr. Donald Wolfram. WAWZ. Pillar of Fire, Zarephath N J. Arr by E R C.

KUOA-SILOAM SPRINGS ARK This program closes our short series of Christmas DX programs and comes from the John Brown University Station KUOA. We realize most of us have already verified KUOA, but you are asked to listen in this program, which has been promised as a fine, inspiring half hour. With their 5KW all should be able to hear them anywhere. Please send your reports to an old friend of us veteran DXers, Mr. Storm Whaley, Manager KUOA. Arranged by E R Cooper.

KVCV-REDDING CALIF Here is another repeater, and is also our third DX from a 250 w West coast station. As far as it is possible to determine KVCV will have a clear channel except for KGEJ who doesnt bother many of us. KVCV's last DX was marred by WITH 2 yrs ago but this one will not be. Lets get in there & log KVCV & send a bunch of reports for their efforts. Send reports to Chief Engineer, Mr. Charles Castor. Arr by R H Cooper

CHPS-PARRY SOUND ONT Recall CHPS 1st DX last Feb when they were having trouble with their modulation unit? This time we'll get a truer picture of what CHPS sounds like, so lets all be at the dials to hear. CHPS has contacted WNOE to stand by and its hoped they will. We recall in Feb they had much live talent, making a fine show and this one should be just as good and more easily understood. Send reports to the new Chief Engineer Mr Alex Mitchell. Remember lots of reports. Arranged by J Quintrell.

Thanks a lot to all of you.

CARROLL SETH-ERIE PA Couldnt pull in CJFY and WMRF special found me down with a bad cold. However tnks to our mighty CBC I'm getting some new ones and expect more. KGCU-WCBI-KICD all hrd well and its nice to hear the boys like the specials that the old GI Harold Hardy turns out at KVGB. KNET hrd weakly behind WNOE. Harold Hardy wants to put on tests with some different hook-ups of KVGB's xmitter and I'd like you to name a date or day during the week when his channel should be clear, then we could have a pretty fair chance for a successful test. Harold is very anxious to see how the signal would be by using different power etc. Nothing definite yet but I imagine he'd be willing to dedicate these tests to the NRC and the more reports the merrier, maybe thats why KVGB is so enthused about DX-Harold had expected only one monitor, a guy named Seth, when he proposed the plan. Say when Great Lakes beat our Notre Dame I turned away from the old GE knowing just how Lefty Cooper feels every September. It aint good. (Say LEFTY drop a line to Carroll giving him the dope so he can send it to Hardy. QRA is 228 W 22nd St.. Erie. Penn-Rav)

TIPS and LPO REPORTS

BCB Page 3

BILL BARRETT-DENVER COLO As far as reception the bacn has been like a kitten, no noise and very little static. When I have time to DX the stations seem to roll in. WEGO was a gem in Denver Q5 R7 and the program was about the best I have heard. WOSH on the 14th was R6 Q4-5 and like wise very good, that was a corny joke at 6:50, Why do Announcers have small hand? "We Pause (Wee Paws) for station identification. KPOW was R7 with my carcus (Hi) as an antenna. WCOS was on for Van Nostrand from 3-3:10 on the 19th, like wise WGBR 3:10-3:20. & WMFG 3:30-3:40; KTNM at 3:15-3:30 On the 29th KWRC was R8 Q5 with QRM from a MEX 3-3:03 (Who was it) The program was swell. KSAN hrd in clear on 30th How Come? CKNX was rather poor here, Q4 R4 a rough average. They increased a bit on the directional, then fell to a flutter with 100 watts and R6-7 Q5 at s-off. 12/7 the band was good for DX but there was an annoying buzzzz. WSUN Q5 R5-6 and WIOD Q5 R7-8. Well thats the DX from here but will have some more in for the rest of this week for no 14. The CPC line-up is really tempting. I dont know how I'll get up in the mornings for school though. I would like to make one suggestion, Lets have some New England DX like Maine-N Hamp (WKNE-WLNH for example) Mass-Conn and R.I. I have not seen any so maybe the CPCers can shake some up. I am not criticising the CPC, this is only a suggestion. I think I will join the Bomb Under The Bed Club as I overslept WDLP.

JOE BRAUNER-WILLIAMSVILLE N.Y. A rather slow week here, one verie, a nice letter from WPDQ and WINC shows signs of failing to reply again. Nothing new hrd except CJFX, DX poor that morn, weak and noisy, no sign of KMJ here, but WDBO strong, CJFX very weakly in background at 4:30-4:35 and again at 4:55-5, only got parts of 2 announcements and one selection, never readable more than 30 seconds at a time. WDLP well hrd, was not at dials for KGCU and WCBI, WMRF just holding own with WJBK, when that high powered singing was going on it was too much for Lewistown but otherwise the band music was usually out in front. WSAP checked on 11/19 (3rd FRI) 3:45; Called it reg freq check with Van Nostrand but did not say when next would be held. 12/13 On 1240 kcs caught testing KODY maybe ex-KGNF. I pulled another boner this AM 12/13 tuned to 1240 shortly after 1 AM, picked up a Canadian which turned out to be CKLN through plenty west coast and Mex QRM. Later logged the new KODY testing with a good strong signal but none to good tone on announcing. Lots of westerners testing, some like KVFD-KGIW coming in R8, fell asleep over this and missed both KICD and KNET, So am sending thank you cards.

NEWTON MC LEOD-DIXFIELD ME Sent report to ZNS, wonder if they'll verify. That freq is a mess with VONF-ZNS-WHKC and TGW all at once. Most of time its just a buzz and then some one comes out in the clear. 12/7 Swell DX till 2:15 and then Oh Boy the frying was terrific. Sent reports to WOW-WORK-KFEL-WDSU and veries in from WFCI-WSB. 12/9 Got first 5 minutes of KGCU and that was all. KFJR poor too. Reports to WBIR-WAAC-WRVA-WWJ. On 12/10 Slept through WCBI, reports off to KDYL-KGCU-WCCO-WFOR. 12/11 CJFX strong most of time but lot of QRM. Report off to CJFX and veries from KDTH-WEXL and CKNX on 11/30 NRC-DX. 12/12 Woke up to find aerial down and lead in snapped off other one. It was windy to say the least, no wonder I couldnt hear WMRF. Sent thank you card. Help-does anyone know what radio beam uses the call "DD". I can get this on 580 kcs and it sure gives WDBO the works. (About veries counting in the contest Newt. All count that you have received for reports on or after Oct 1 1943-Ray)

ELDON ADDY-MARCUS IA Reception has been good here during the past 2 weeks. Reports out to CKNX-KVGB-WMGA-WDLP-WBIR-KGCU-KONO-WPBR-WMRF-KICD-KNET-KODY who must be a new station testing this AM. Veries from CKNX-KWTO-KMMJ-KWRC-KVGB-WIBU. Was CJFX on? All I could hear was WDBO and KMJ. Hrd WCBI on car radio on way home and sent report. Hope you all hrd KICD and reported as owner is a personal friend of mine. Got me started in radio

NATIONAL RADIO CLUB DX NEWS

BCB Page 4 _____ TIPS and LPO REPORTS _____ December 18 1943

HERB CAMPBELL-ATHENS PA WDLP was a fine program Q5 R9. I liked the swell music. How did you like your number Pop? KGCU Q5 R7 was a needed station. KWOS testing on 1240 at same time. 12/10 couldnt read KWYO thru WBTH with special Grr. CJFX gets a R3-7 Q1 report for its efforts to break thru WDBO. I think that is the toughest spot in the Americas to pull them from in the morning. Did anyone ever see a skip from there between 3AM and sunrise? Or a broadcast that didnt fade out badly in 30 minutes? WMRF was a job that just makes an old DXer feel 10 years younger-it had IT. To E COOPER-Guess I can just about ditto your reports. I seem to have given up just about 5 min too soon for KWRC. KICD well received this AM Delete-Only thing the matter of the announcer was that he didnt seem to know what to do with his feet. KICD was QRM'd by strange station until 4:12 conducting equipment test and giving call as I got it KODY-North Platte, Neb. Cant find any record in Whites or La Roc's list. KNET copied in part with extreme difficulty. Just wait. We will find out who the panty waists are when we get the gold bricks from KINY.

FRANK JOHNSON-PITTSFIELD N.H. Veries since last report are from WOOD-WHBC-WOSH-WMBC-WAGA-KORN-WAML, all DXers should have this one. The c,e, Bruce Dennis sent me a nice snap shot of studio and xmitter bldg, also letter head, he states photography is his hobby. They test 2nd FRI around 3:45 AM EMT. Hrd half of WDLP DX. Terrible QRM by WCAU, also hrd KGCU for only 5 min. I dont know whether I got enough for a verie or not, altho I wrote. CJFX terrible, just as they signed on WDBO jumped in just as if they increased power double fold. What would make this? WMRF put on a swell program, over rode WJBK all the way thru, Did you hear WQMI sign on just as they signed off. I must bow to you CPCers once again for CJCA & KINY as WMRF announced. Just what the DR ordered. Its rather nice to see a DXer from my old home state, Maine. I came from Sebago Lake. Repts went to WGTC-WMGA-KVGB-WHOP-WDLP-WSLB-KGCU-WFAA-KFBK-KWON-KVOL-WAPO-WMRF and CJFX.

GRANT BATSON-WESTFIELD N.Y. Another good bunch of reports out and plenty of veries back. KPOW didnt pull thru WITH so tnx card sent. CJFX-580 kc not hrd, not a peep tho I tried for entire hour. WDBO was Q5 R9 plus, believe CJFX was on as a severe hetrodyne caused KMJ to back out. Was up at 2:45 one AM and missed CKMO that over rode KERN easily, am I disgusted. Here is the rest 12/7 WDLP well hrd but KFXJ and KHBC in background battle. 12/9 KGCU special well hrd; WSOC on 3:10-3:25; KGHF test 5-5:15 faded badly 12/10 WCBI logged thru mess of QRM for a moderate report; WBLK on test 3:15-3:30; 12/11 KOCA test 4:55-5:10 and asking for reports, havent hrd this one since the New London Texas school disaster. 12/12 WMRF 6-7 a super duper program and the best ~~xxxx~~ one hrd yet on that freq, Q4 R9 all the way. 12/13 WAIM behind WITH 3-3:10; KODY equipt test 3:15-3:30 and causing QRM to KICD. Whats this KODY, a change in call for former North Platte Neb station? KICD had another swell NRC special, 3:30-4:30 and for 100 watts did a very good job. KNET 4:35-4:52 poorly hrd behind WNOB but enough for a report. Veries in, KWRC-KVGB for NRC specials-KHMO card very neat and attractive-WJHO veries an photo of Xmitter-CJBC reg CBC card and letters from CBA-KYUM-WSNJ-KSD-CKNX and last but not least WTBO who sounded surprised to get a distant daytime report.

DON MEYER-BOSTON N.Y. Late veries here are from WOSH-WAML nice photo-WRRN-WFLA-KSKY-WHCU-CKNX-WTSP-CKTB. Late reports to WTSP-CKNX-WSAU-CJBC-WSLB-WALL-WHIZ-WSOC-WAAC-WMRF-WSPA-WPIC-WOLS-KVGB-WDLP-KICD-KNET. Tnx card sent WDLP-CJFX. All I got from CJFX was a whistle, slept thru WDLP 12/8 WALL was pounding in over the 1340 mess 4-4:30 and dedicated to NRC Even covered WEBR completely on their check. KNET-KICD-WMRF all fine, who was the mess on KICD for 1st half hour, too much slop on my 4 tuber to figure it out. (Looks as if it were KODY Don)

REMEMBER BOYS THE NEXT ISSUE WILL BE MAILED DEC 27th. ACCOUNT XMAS-SAT.

NATIONAL RADIO CLUB DX NEWS

December 18 1943 TIPS and LPO REPORTS BCB Page 5

FRED VAN VOORHEES-WHITESTONE N.Y. Veries since last Sunday have been WBEN WAKR-CKNX-WLOF. Reports have been sent to WDLP-WAAC-KALB-WEOA-KGCU-XESM-WFOR-WCBI-WPEN-WFCI-WMRF-CJFX-WSPA. Pretty good for me. Swell programs from WDLP-KGCU-WCBI-WMRF-CJFX. CJFX was pretty poor, deep behind WDBO. Sent them a meger report. WCBI was as poor as usual but they got a meager one also. Nice card from CKNX. Hrd VAS Glace Bay N.S. sending code on 1320 kcs at 4AM Dec 7th; 12/8 WFOY-WAAC-WEER-WPAR-WEOA-KALB were all good 12/9 Grand show from WGCM-WFOR-KGCU-WHIT-XESM. 12/10 Only WCBI. 12/11 CJFX poor. 12/12 Swell show from WMRF, also reports to WFCI in clear at 7 and to WSPA-WPEN fighting it out on 950 kc after 7 AM. Sure would like some 6-7 AM Sunday specials from WTMC-WSTP-WSAP-WRGA-WOMI-WOLF-WMRN-WMRC-WMOG-WMJM-WMIS-WKRO-WKBV-WKBB-WIGM-WGTC-WGKV-WGAL-WERC-WDBC-WDAN-WBTA not to mention a number of K stations. If the NRC doesnt get them, I never will. How about KRNR-KTBI-KTOH-KVOE-KEEF-KDB-KYCA? Sure could use some of them. (Say you got a lot of nerve asking for WBTA, when you lived in Buffalo and too lazy to report em. You'll learn some day-Ray)

ORES WILSON-READING PA My latest log has not WATT in it, please tell me its QRA, see you have it verified. (Well Ores just a little error, its WAAT in Newark-Ray) 12/22 WMRF had fine DX from weak to moderate-WJBK same strength made it exciting most of time. WBAB-WRDW s-on at 7AM; WCED s-on 8AM; WJLB strong at 7:30AM; CMCY-CMQ heard, temp was 24 degrees at 6AM and bright moonlight. Veries received, WOSH, they got 20 reports-WLIB WHUB-WSAP-WHIT to make it 831. reports out are WMRF-WJLB-WKPA-WEGO-WASK. Evenings this past week I hrd WSAP-WHIT-WINC-WHIZ-WJEJ-WJAC-WMRF-WRRN-WWSW. Reading is good DX location. Using a short indoor antenna too. A MERRY XMAS to all my fellow members.

LEFTY COOPER-BROOKLYN N.Y. Verie rec from KVGB, nice card. Hardy says he got 26 reports and they are still coming in and he is tickled to death. Reports to WDLP-KGCU-KMAC-KICD-KNET-KRBC and tx cards to CJFX-WMRF. On 12/7 WDLP had very nice signal starting with "Remember Pearl Harbor" which was thrilling in view of the date. We got nice publicity from them. WINS was testing at 3:30; KMOX seemed to be silent. 12/10 Hrd CMCM announce in English their SW Call, COCM and sign at 12:26; took log on KMAC easily hrd on top of 1240 from 1:05-2AM; WCBI had tough going, but they cut thru very well indeed. 2 minutes before they came on WGTM opened up with a test program/ WEXL sounded very poor and WEMP was imperceptable. Heard our tips read by Mr Livingston right thru this mess. 12/11 Tried CJFX but it was no go-all WDBO with KMJ also in there. 12/12 I didnt hear the clock doggone it and slept until 10:30 in the morning, a bit too late for WMRF. But I heard them anyway that night on station break and local commercial over everything at 7:30PM, and sent tx card. Really sorry to missed this one. 12/13 KICD came in fine but was not alone-who was the weaker station-KOVO possibly. more publicity for the good old NRC. KNET had to buck WNOE who didnt go off, but they came right over them most of the way. KRBC followed KNET and their signal was better than either WNOE or KNET. KFGQ was caught s-off at 5 from check with WOL on testing. They are generally silent Mon AMs. Think I had CBAM this morning 12/13 at 7AM Announcer had Canadian-New England dialect and advertised a Packard dealer. I'm up at that time every day now, working from 8-4 instead of conventional 9-5. My suggestion for verifying WBYN is to send a report with home-made verie card enclosed for signature to any announcer you happen to hear give his name. I am going to try it. Glad to see Pete Clarius is with us again-say that NY Chapter looks better and better eh fellows? Watch for Costa Ricans and Cubans and French Canadians on Xmas AM. (Say I thought you were going to let us know where CBAM is this week? And you better get a new ribbon for that mill of yours, its getting tough to read, or dont they sell those in Brooklyn.-Ray) Well these boys in Brooklyn heard KWRC and your editor couldnt, now your Editor heard CJFX and Brooklyn couldnt. Thats some satisfaction here anyway.

TIPS and LPO REPORTS

December 18 1943

BILL GABRIEL-LAKEWOOD O Recent reports are out to WKAT-KVGB-XEFI-hi-KROY KORN-WTAX-KOCA-KPAC-WMRF-WMBO-KFGQ and are still out to WTMA-WFEA-WFOY-WBKK-WKPA(help)-WEGO-CJRL-WASK. Few veries are in, WTOP nice card-WKAT ditto-KVGB-WDSM-KCRJ. WDSM sent 2 page letter besides a verie form. C.E. said he'd buy me a short beer for calling him an announcer if I were in Duluth. Really a neat guy..KCRJ sent long letter signed by Wayne Fernyhough,c.c. He really built up the City of Jerome and also mentioned KCRJ had been hrd in N.Zealand 3 yrs ago but in last year the station hadnt been getting any reports from hardly any distance. I got a laugh out of the letter head,it being a messey pen and ink drawing of a map of surrounding territory and an Xmitter in the middle,very hay-seedy. WMRF really had a nice DX for us,equal to WEGO I think. WDLP came in nicely here hope all you boys reported em. KNET buried behind WNOE,so no report. HEY LEFTY-Where is your new CBAM located? I think you mean CJEM-Edmonton, New Brunswick. Whatsa-mat? Do those Dodger fans make so much noise you cant hear a station's call letters-Hi. Think I barely hrd CJFX if they were on. Caught a mens voice thru the QRM of WDBO several times. KMJ??

DAVE THOMAS-PROCTORVILLE O To VAN VOORHEES, When you visit WBYN for your verie get me one also-they have dozen or so reports from me,including Firts of May on 1st time they used their new call WBYN(inks) TO-AUCH-STETTER-WLIB sked 7:45AM-6:30PM EWT daily,often hrd here thru WOWO. To LEFTY-I too would like to know who was on 1230 kcs 3-3:15 AM Dec 14th Wanting reports using 100 watts. NRC members help LEFTY and I on this and our Spick on 1240 kcs also. To REILLEY-Verie signer WAAC is H E Ritchey; To ROGER LANE-Get Berne List by sending 6 Francs(Swiss value) to Bureau De L'Union International des Telecommunications, Benes, Switzerland. I received mine and ordered dozen more of their next printing. 1944 edition.. Tunis transmitter used is Radio Tunisie and power is 20 Kw. Old WABC xmitter on 995 kc. Tunis is on 868kcs. Who was carrier who ruined CJFX. F om here sounded like WCHS. It was the same carrier who was on last year same hour, Antigonish was to be on.

SID STEELE-LOUISVILLE KY Several new ones hrd this week which include WBIR badly QRMED by WJBY on 12/8 at 3:15; also WHIZ QRMED by WCOU; WGAC 3:30-3:40 in clear and WAAC like a ton of bricks at 3:55 with the announcer telling how warm it was in Florida and me sitting here shivering. WMRF hrd fairly well on their 12/12 DX. No trouble from WJBK, QRMED mostly from KSTP on 1500; KICD hrd very well with fb program for us on 12/13 KODY North Platte,Neb hrd through entire program in background. This is a new one for me. KNET had plenty of trouble with WNOE; I already have them verified but sent a report anyway. Only verie received in past week was from WBIR signed by Virginia Erwin. Still waiting for replies from WAFJ-WJPF-WEGO-CJRL-WASK-KWON-WDLP-WHIZ-WGAC-WAAC-WMRF-KICD-KODY.

PAT REILLEY-JAMESTOWN N.Y. Listened for WSNY on Dec 10th but hrd WSAY at that time mentioned in bulletin. Nothing hrd from CJFX on 11th,too much WD. WDBO-KOCA at 4:57; WHBQ at 5:13. Dec 12th hrd WMRF for a good program for the Club; Dec 13th KICD had swell hour program but only 2 announcements from KNET because of WNOE and at 4:50 KRBC come on and over rode WNOE; KGFQ was on check at 4:50 also; WMRF on the 14th was pretty good but had a very bad buzzing noise all thru the program here. New veries are CJBC for new one or number 1270,signer H R Hilliard, chief operator Toronto studios and a dupe from KVGB and Harold Hardy used to be with KGFW. To GRANT BATSON KGER verified for me on Nov 20th so I was the other one in NY state. a MERRY XMAS to Everybody in the Club.

RAY (POP) EDGE-BUFFALO N.Y. Very little DX past week, have bad cold and hope its better soon, did not listen to KICD or KNET or KFMB. Sorry to have to have missed them but am still doctoring the cold. See that I also missed a new one KODY. Reports last 2 weeks to WDLP-WHIZ-WJBY-WAAC-KWRC KGCU-WTAL-WCBI-WFIG-CJFX-WEBQ-WMRF-WRRF-WITH. Veries KFXM-CJBC-CKNX-KVGB.

PFC EDWAYD J WYMAN
ASN-32585765
21st Training Group
Squadron "C" Bks 512
Jefferson Barracks, Mo.

Well I finally got here and for all I care they can give it back to the Indians. This is only our second day here but they sure work us. The rest of the time I'm here looks like it might be plenty tough. Well anyway while I was home I tried my hand at the dial and I think my hand is still

OK. Got both KVGB and WDLF on specials, using a 6 tube Zenith, without any antenna what so ever. Just for the heck of it I also reported KEX-KDKA-WHLD-WNBF-WXYZ-KTSA coming thru WGR beautiful in fact they almost drowned WGR out. By the looks of things I wont have any chance to DX here because of a very great lack of time and just too doggone tired to do it. (Sorry boys but I just didnt mention that E, and your Editor had a swell visit for a day. Ed came to Buffalo during his furlough and spent the entire day at Club HQ. It is hoped that he enjoyed his visit half as much as the Edges did in having him. Good luck Ed.-Roy)

PVT LEONARD KRUSE
Co "E" 4th SIG TNG BN
Barracks # 8 W S C T C
Camp Kohler, Calif.

The veries in past week are a nice card from KGU and letter verie from KQW signed by Fred Ruegg. Tnks to Jack Quintrell for information on WQAN after my request. Incidentally Jack is enjoying a furlough with XYL in Washington

at present. Glad to see Eldon Addy back with DXing and so Iowa has another active DXer and reporter again. Sent thank you cards on some of those recent specials which were impossible for us west coasters. Who won the \$5 prize from WRRF program? Fellows it looks like Ray Edge wants another special from KWRC-Hi. (Yea Ken, I hrd them on their next test, not much but enough for a verie I hope-Ray) (Above is Len's new QRA)

PFC JACK QUINTRELL
HQ Det 6th QMTR
Camp Lee, Va.

How about some help on the verie signers of these? WHBY-WXYZ-WDAF. Late veries here are WBAP-CBL-KWOC-KOY-WHEB-WOAI-WSAU-WIP-WRAK. Hrd WMRP 12/12 only R-5 while WWSW was R-7 and WJBK R8-9. Reported to

WGR. (Sgy Jack WWSW were off at 6:03AM) Today is my 1st day home. Have a special from WLAP 1/20/44 4-5 AM EWT. (Had DX CALENDAR made up Jack but next one will not be too late-Ray)

JOE BECKER-HAMILTON O Have you any idea who was on 1240 on Dec 13th before KICD came on (Sure KODY Joe) It was a station in North Platte, Neb but could not get call, but sounded like KOVY or KOEY (Well Joe they do sound something like KODY) WMRP came in swell. KICD failry good, KNET was weak under WNOE; WRRF very good this AM. Weather here is cold and about 14 degrees. (Its cold here too, Typing with one hand and holding the handkerchief to my nose with the other)

STAN MORSS-BRADFORD MASS Verie in from WSAJ. They gave their schedule as Sunday 4:30-5PM; TUES & THURS 7:15-8:45PM. Verie signed by H W Harmon R, ports out to WJBY-WBIR-WCOV-WGAC-WFOY-WAAC-KALB all on for Van Nostrand checks. KDYL-WHIZ-WPAR-WEOA-KSCJ-KPDN-WDWS-WLSL all heard on Dec 8th. Who was dedicating to NRC at 4:17 AM on 1340 kcs. WEBR was testing and left the air at 4:20 returning at 4:25. Announcer dedicating was a woman. On Dec 9th reported to WJLS-KONO-WHIT-WSOC-KLS. KFYR just audible on their test. WFOR was R-5 on 1400; KFPY was R-8.

HAROLD WAGNER-ERIE PENN Havent done much listening yet this season. Did wake up about 7 AM last Sunday and was sure amazed at the way the TPs were coming in. Heard one on 650 sign off at 7:20AM. Have tried but have not succeeded in waking up since then. To@ many kids home from the Army and getting married and I cant take all these stag parties-Hi.

TO J QUINTRELL-According to FM Radio the following are the Chief Engineers, maybe it will help for your veries, WHBY is George E. Merki. and WDAF is Joseph A Flaherty. Station WXYZ is not listed. Your Editor got a verie from WORK this AM signed by Philip Rohrbaugh, chief engineer.

NATIONAL RADIO CLUB SHORT WAVE NEWS

SW Page 1 ----- EASTERN WAR TIME THROUGHOUT ----- December 18 1943
