We welcome Frank Shell Jr-Rome Ga as a new member and the renewals of Newt McLeod-Fred Van Voorhees-Peter Clarious-George Hutton-Harold Wagner. Thanks a lot to all of you and may the coming season bring plenty of new catches. Also a MERRY CHRISTMAS & HAPPY NEW YEAR to ALL.

WATN-WATERTOWN N Y Again we are indebted to Mr Righter for an interesting test and dedication to the NRC. No doubt most of you reported WATN but you certainly miss a swell half hour of entertainment if you don't tune on the 29th. Be sure to hear S/Sgt Al Maley again be taken over the coals by Mr Righter, as our "Long Hair" member again requested one of the high class selections it is understood. Then to top off "Long HAIR" request, your Editor has requested the playing of "Hum and Coco Cola". This should be good and bring forth many comments, so be sure to tune WATN.

WAZL-HAZELTON PA Here is a station that I am sure is needed by a good many DXers, especially our newer members. Even though WWDC will be on it is believed that most of us here in the east will be able to hear WAZL without much trouble. Those in the west should have no trouble as WAZL should be heard as good if not better that WWDC, the power is the same and lets hope that conditions are favorable. With no info from Lefty to whom the reports should be sent, it will be requested to the station to make such an announcement during their DX Program. Anyway thanks to WAZL and let us all be in there gunning for this station. Arr by Al Bartholomew.

Norm Baguire-Stamford Conn Veries rec CHLT on DX-KSAI-WKVF-VOWN-WHBL-CHUM-WMRN-CJ5O on DX-CJEM-CKFI on DX-VOCE-WORL-WOOD-WPIK and WISH-CXCH-CFGP on DXes, also Radio Seipan on 800 kcs. Where were all of you on CFGP? See where Grant was only other Easterner to get them and with a fine pro they put on. CFGP rec in Stamford too. Still looking for my 1st TA verie but have several rpts out so have hopes of getting one soon. For LEFTY there is no listed AFRS station on 990 kcs, but CMHT has been on very often of late with fine broadcasts. Best wishes to all NRC Members for a MERRY CHRISTMAS and HAPPY NEW YEAR. (Just too much noise here on CFGP Norm-Pop)

RALPH JOHANNES—BUFFALO NY Where DXers are pretty restricted due to work and shoveling snow, took me 2 days to get car out and to mail box thru 3 ft of snow. Veriey rec from KCBP—Sheldon P Brown, eng; CFB by A M Bishop, Mgr; CFOR by Don McBride; CJKL by Jan Kirkpatrick; WPIK by Howard D Hayes, Pres. WMBO with card by Fred L Koese, Gen Man; KRL for 8/26 hurricane rpt, also informs me that KEEW became KVAL on 11/27 (Hello Joe Dekosa); Govt card from WATW for 12/5 test by Hine Danbiacka, C.E., nice Xmas present from WGTN in form of box of 6000 safety matches. To all a VERY MERRY CHRISTMAS and a VERY HARPY NEW YEAR! and also a lot of good DX the coming year.

ERIC BLESTOW—CHICAGO ILL Tried to separate WIZB—WKHII with others but no soap. Got CFNB on also snagged WSB on test. Slipped and hurt my back and off last 5 days, will go back Wed. 12/24 CFBC 3:15–3:45 no go. See that I am not only one with no verie from WATX, need WKRO and WJBC to complete state. Will try next month, last 2 not heard yet. For contest got Verie from WISH-CFAC-CJHL-COKI—CKOS on DXes and CJHL on reg. 9 rpts to KHKH one was 45 min on 1/1 and abt 3 months later said they never rec it. 2 rpts to KTBB and Verie said other didn't get there. Some eng toss em in basket I think, got letter too from another fellow saying SE said he could ans.

SID STEBBLE—LOUISVILLE KY WPIC in clear at 6AM s/on. Verie in from CBJ to make 1058. Just counted and found I have 171 calls verified that are now deleted. Wish they would stabilize F/C. Would like a dependable list as they are hit and miss now, mostly miss.

ALFRED B BRUCE—PHILA PA Rec verie from WPIK on 730 kc, they came in 100% and sked is from 7:15AM–4:45PM daily, say they have large coverage and have been heard from Canada to Florida.

S/Sgt AL MALBY—HIGHLAND FALLS N Y The whole band seemed flat the last 2 AMs but Mexicans were terrific today (SUN) XEBB on 1410 terrific. On 1370 one faded from 9-9 plus to 9-0 in 10 seconds. Mentioned Caracas but FCC list shows nothing there. XEBB kept repeating "Allaya" after each number. FCC showed Chili with slogan "Elisas" and I was hopped up for a while until announcement. No Veries since CFB. Rpts—Algies 941; Mennes—Lille XEBB and XBOY.

DR JOHN KIRK—PT PLEASANT W VA What's the matter guys? My CJEM is in less than 3 days, have em verified 5 times. Current holds out are KFLU—KCHT—KOTA—XEBB—KADA. All are rest are either fairly recent or else veries are in. Well Merry CHRISTMAS to all of you and will try to write all whom I owe letters to as soon as I can. Excuse not as good as when antennas were atop church steeples. Might get a good one up at my new location.

MEL OLIVER-HOUSTON, TEX For some unknown reason the electrical noise cleared up here so I gave a listen. 1/2/12 WKVM testing 3:30 till after 4; WhHl testing equipment 4:02; WCLO F/C 4:30; KVAL ex KEEW testing 4:48; KFDM F/C at 5 and KSAI relaying KHRO Honolulu. Couldnt hear CFNB until KFDM S/off at 5:15 but got a nice report from them until 5:30 when another carrier came on and all but ruined his sig. 12/13 WAIR at 4:45 F/C; KJNO at 4:58; KGHF at 5 starting F/C; WHIT at 5:15 on 2nd TUES F/C, thought I hrd a station announce "Pasadena, Calif" in WHIT's background, but I fail to find one listed there; KHBR concluding F/C at 5:25; WKVM coming on with National Anthem at 5:28; 12/14 Alarm didn't wake me; 12/15 Clear and cold but heavy static. Logged KCGC on NNBC DX but they came in rather poorly here, I hpted. Hope conditions continue so good I can get a few reports out, and I see where Buffalo has a lot of snow again this year. In low 30's here.

FRED R. BORCHERT-WILKIE, WIS A short turn across the bands and we have myself home for good once more. I want to sincerely thank all the NRC for sending me the bulletin during the past few years. I realize that I've lost contact with most of my old friends and with the printing of this I hope to hear from some of the same. Not much DXing to date though I have warmed up the old Sky Champ and tuned som across the bands and 10 meters. May the coming holidays find most of you back home and may this Christmas be the happiest ever. QRA 5103 N Sherman Blvd Milwaukee 12, Wis.

PHIL NICHOLS-EAST HALIFORD, VA About time to catch up with the gang. Vories now total 1257 with the following in since last rpt-WMAJ green ink-WLEE swell letter-head-WDAD-VOMC-WGSK card & letter-KMED-CFBR-KHSL-KVOP-WPIK. Have sent out the following 11/25 KSAI; 11/27 VOMC on about 846 and s/on at 4:30 PM; 12/1 CS2ZA Parede Portugal s/on ZAM on att 1065 kc and DEFINITELY IDENTIFIED with National Anthem, good sometimes to 3AM. 12/3 CFBR on DX swell pro; 12/5 WPIK on test with excellent sig 1-3AM back already, Lindberg, CA has been in hospital, just out, WDAK on 5:45 s/on; 12/6 AFN-Stuttgart on 12/49 kc 1:15-2 and later announced they were using the Munich studios with Stuttgart Xmtr, excellent volume, hrd several times since; SBV (SCC now according to Van) Palun, Sweden on 1086 hrd just once with swell sig 2-2:30 ware on earlier; WVOG on F/C, back already; WVGO-Guadalcanal hrd weakly 4:15-5:05 with bad slop over from WLM on 690 and YV5RB Caracas s/on excellent sig at 5:30 AM daily; 12/7 KBUR on F/C and YV1LK Maracaibo on at 5:30 on 1250 kc; 12/10 CFBR-1450 at s/on at 5:55; 12/11 CJAD from 2:45-3:10 PM with CKLW in background, this station opened up at 7PM on 12/8 and hoped to be with CBS but turned down by Dept of Transport until further study; 12/14 WCBI on F/C. Hamm also sent out dups to several Specials such as St Pierre-CKWS-CFNB-CFCY and dups to WGVW-CBSJ for contest. A verie this AM that I am proud of is from WVTJ in Hollandia, New Guinea. DX has been spotty lately. The AM of 12/16 was the best for reception from west-east-south for years. TAs hrd up to as late as 5AM. The AMs of 12/12-13 were also good for TAs altho noisy. 12/14-15 has a blanket over every direction but the south. Was with difficulty that I rpted the NNKC special from KGCX for dup. However AFN-1249 kc was hrd weakly so we hope the weekend will be better, wish to extend hearty Xmas Greetings to all the boys and may the coming year be full of all the good things in life for you and all have plenty of good DX thrown in.

December 22, 1945  TIPS and LPO REPORTS

PETER A. CLARIUS--STATEN ISLAND N.Y. Well since my last report I logged the following stations--WXML-WDAD-KPRO-WMLT-FQN. This brings my log to 946 with 833 verified. Veries are coming in very very slow. Well I want to take this opportunity to wish each and every one a very MERRY CHRISTMAS and a very HAPPY NEW YEAR. In this weeks Broadcasting I saw where a new bcb station has been OKed for Bermuda, so this will be another new station--Hi. I would like to know how many DXers read Broadcasting?? Lets know in rpts.

GEORGE HOTTEN--MILWAUKEE WISC KSAI is best here from 4:30-5 AM EST. An English announcement is made at 5AM and KHRP their SW station is also mentioned. Also hrd an unidentified Jap on 920 or 930 kcs at 4 AM EST. May have been KHJ with foreign language program but I doubt it. According to FCC JOCK on 920 kcs with 500w and JOAG on 930 with same power. CKWS heard and rpted despite CW interference. CFNB not hrd account WIND is practiced a local here. Unidentified Mexican on around 1540 or 1550 kc nightly at around 3:30. It cant be XWMC cause he's lower. (XEQN--1540-Hermosillo, Mex 5KW and XEML-Mexico City-10KW and XEAG-Tijuana both on 1550, latter 5KW) XEGR hrd & rpted; WISR verified with a neat card, outside of that nothing new. Sure hope that loose leaf log book goes thru as it is sure needed by all I believe. Stevenson is anso good because it lists foreign stations separately. Wish you all a Very Merry Christmas and a Happy New Year.

JOK ENZ--BROOKLYN N.Y No FQN here on 11.28 only a carrier. WXLQ definitely on under heavy noise level 4:13-4:45 on 12/l, WXML very poor on 12/2. On 12/5 WPQ on 6 also WAKR same AM 6:30; 12/12 WGGK on 1490 kcs test at 4AM also WRHI on 1340 at 4:30--CFNB on NRC very good 5:30. Tuned Kirks WBOU someone on, not at 4:15 but 4:30 playing Hawaiian selections, no call or s/off 4:45 back again at 5:15, just selections, no announcements. Reports out to XZFR-XISM-WVUR-WXLS-WXML--WPQ--WAAR--WRHI--WGGK. Veries in from WISR--CJEM. CBA R-4 8:30Pm here, also WMNR--WJJD--XHJS--WWVA--ZNS all good 6PM and WBZ all day and KDKA at 6:30 PM. My Helicraferes takes 4 to 5 weeks to get same, maybe by Xmas I hope, but I doubt it.

MRS JACK WACHTEL--CEDAR RAPIDS I A Well the Flu had put a stop to me early morning DX. Since 12/6 CKWS was my last special and sent report to them, am able to be up and around now but thats all, am going yo try for CFCY providing I feel well enough. Received my verie from CKCH today and signed by Max Gebhardt, CB which was a govt post card, also list of reporters. Rct both letter and card verie from WISR, letter by Mr Snyder informing me that my report was the most complete and detailed received so far. ZMM (Hope you are feeling OK again and swell on the WISR compliment)

DICK COOPER--MINTANNING PA Veries since last rtp include letters from WPIK-KMED--KAG--CJCH--CKOU--UAUJ. All new except Canucks who were on NRC DXes. It leaves CHK & CJKL unanswered and I am wondering what is the matter with the birds at CHLT. They have rec 4 rpts from me and only answered 1, that is over a period of years. CFNB good on DX but CFCY was almost washed out by high noise level. Did manage a bit on him. Thks to Naley for dope on YVIRK. Congratulations to the Brauners--MERRY CHRISTMAS to All.

TED SINGE--ESTACADA ORE. 12/6 Logged KSIL on reg sked 3-4AM but not hrd this last hour since. 12/7 logged Koval 3:20-4AM on special test; 12/8 Veries in from CFGP on DX and both letter & card from WISR on DX. Sent tnx card to PAAT. Didnt hear of this DX in time. CJ50 sent list of reporters and Phil and Dick. All others were NRCers, what the matter you 2 guys?

DON WEBER--BOSTON N.Y. Recent veries from KFEB--KWS--XANS--WHCV--CJ50--Its a grand one--CHUM--CFAC-- CKBI on reg sked and WISR for their DX. Still waiting for KAR--KGIR--WJLD--CJEM with the others, Have been busy as usual, havent got any DX since WISR, tried for ones not on or didnt wake up, mostly letter. No snow yet this year to speak of, very happy about that. (OK Don why dont you come to Buffalo and we will give you plenty of it and how.)--Pop

HILDING GUSTAFSON-Rockford Ill. KSAl and Espiritu Santo are still coming thru good here in the AMs and a few TAs are breaking thru. Sent a report to BLA-1 Hamburg, Germany but the report got as far as New York and was marked "Service Suspended." Wonder how I can get a report to him for a while?? Also sent rpts to BSC for reception of stations on 1474 and 1050 and all I got was a thank you for them and it wasn't even a good acknowledgement. Am hearing a mystery TA on 1095 in AMs. Have hrd him on 2 AMs. (Night be BLA-2 as he is listed on 1095 kcs by FCC as being a British Forces Sta) Hrd about a dozen TAs on AM of 12/4. WLS Greenland was poor here due to the interference from 2CY; The 2 stations were about equal in strength. Trying to separate them was just like combing gum out of ones hair. Merry CHRISTMAS and HAPPY NEW YEAR to all of you.

HANK WILKINSON-Burbank Calif Rec verie from KTKN-930 for rpt of 11/28. His time is 4 hours behind EST and should never hear OK MON AMs as he stays on longer. Copied him from 4:02-4:29 AM EST. Signer Murry M. Durham, C.E. Rec verie in good time, mailed 11/28 and back 12/11. Raleigh Biss of Banning Calif was here over the week end but DX not too good due to the funny actions of the moon. The moon was responsible for the high tides also on the west coast a week ago. An eclipse is due on 18th. Raleigh's veries are now over the 1000 mark and he is becoming one of the better DXers in this area as well as other areas. Waiting patienty for all night DX sessions on Xmas AM for there will be SAs and CAs. They can be heard here very well as I hrd YV5RB s on at 5:30 and held them till 5:44 PST on 11/28 on 790. no sign of AFRS in Canal Zone.

HAROLD WAGNER-No Gihard PA Not much to report part because my receiver is not working properly and I am using a Howard 7 tube now. Only 1 evening with TA reception and that on 12/4. Hrd BBC on 804 & 1013 and man speaking French on 1185; Hrd lots of powerful heterodynes but couldn't bring them in. 12/5 No TAs hrd but WOCM on 1006 was coming in around 7PM. Hrd 2 stations on 12/10 at 4:30 AM think now they are Aussies, Mi God. Only other item is WHEB 750 kc coming in at 5:10PM on 12/13 and KMBJ same freq same night at 6PM. KRRV 110 kcs s/ogg at 1AM on 12/16. No veries in as no reports sent out. Don't seem to be able to get up at right time.

ELWOOD DREBERT-Walnutport PA Rec veries from WAAT on DX 12/7-WTMA who rubber stumped my report-WBGO-KFEL-WFLA-WKWF. Say how many DXers caught WABO on 12/14 on a DX for NZRDXC at 3AM, sigs here r-9. Hrd equipment test of WHI on 12/14 3:45-4:00AM. WHAT puts in r-9 sigs. WGH s on 6AM; WSPD at 6; WDAD put on test 12/15 till 2:15; TGW r-9 12/14 10PM; CMHQ r-9 12/14 at 11PM; WMGB s on 6:30AM and too much QRM for CFCY and KGCX.

BOB DUGGAN-Macon GA Rpts out to WJAS-KBUR-WCLO-YV5RB-WPIK-WBRI-KSAM-KOMT-WBHI-XEU-KGHL-KWBC-KFPW-WBBB-WOII. Thought maybe I hrd CKLN on DX but as it was not on it was undoubtly KCOX. Veries in XEMO-XERB-WFIM-WHKK-WBYN-CKEY-WLAM-WATM-WNTM-WENY-WRAW-WKBZ. To VOORHEES-WKBZ not WKBZ was testing 1490 at 3AM 12/1 (Bob maybe it was my error in typing-Pop) Already verified. RAW R A Gaul, mgr; WBYN Peter Seston, C.E. WBZ Geo Kinitsky, C.E.; At noon 12/6 & 7 logged KXK-R1A-WGN-WBBM-WBAP-WFAA-WNRR-WLS-KLRA-CMI-KWMA-WMA etc. very good DX weather. MERRY CHRISTMAS to all. Oh yes KE5WS F/H 2nd THURS, 5:05-5:20 and see if they use KV5L call.

TOM MOHRISON-Camp Robert Calif Some bulletins are coming thru OK and got veries from ZNS-XEW both delinquent. Got hold of radio and hrd XERB-XELO-XEMO-XEW-CBR-KIRO-KMPC-KDYL-KSL-WMAQ-KTAR and other Calif stations. Went to KVEC and had talk with announcer and had a good time talking over radio a couple hours. Told me KVEC will move to 920 kcs and increase power to 1 kW and owner of KVEC then will establish a new station in Paso Robles a town of abt 10,000 which is 30 miles north of San Luis Obispo. The new station will fill in the 1240 spot vacated by KVEC and use old KVEC equip. (OK Tom and lots of good luck. thanks for this info on KVEC.-Pop)

JOE BRAUNER-WILLIAMSVILLE N Y DX has been below par since the snow storms, noisy and generally weak signals. Nothing new to report except the logging of the new alnicht Mexican on 1030 kcs and KSAM hrd on 12/12. Came in very well at times with the 5AM announcement heard nearly perfectly. On same date CJAD was logged at 6:30 PM coming thru CKLW fairly well at times.

JOE BICKER-HAMILTON Q 12/12 anyone know who was on 1340 at 3:34 AM and mentioned 1-2-3-4 quite and again at 3:36, at 3:40 lady sang America. She sang it again at 3:43 and 3:46 and at 3:50 WRHI came on. Sounded like KFBIW and it could not have been KFKW, any help on this one? Finally verified XESM on rtp sent in 3/44, also hrd WEXL-WAT-WSAJ-WBEC-WBEB-WRHT & unknown on 1340. KVAN a nice letter verie and folder from WERF. No reply yet from 3 rpts to KOTA (You will get them Joe as announced 12/8 DX-Pop) Kall no reply either. Veries coming very slow.

GRANT BATSON-WESTFIELD N Y Only a few rpts out. 12/12 CNB was swell and QRMed by WGRs carrier at 5:40; 12/14 CFCY was really hard to copy they were on but reception about lowest ebb. 12/15 KGCK fairly well copied but the static was heavy. Veries a bunch of dandies, WIS-WAAT DX-KLZ-CJEM-CKCH(yup) WMEX-CKOV for DX and KLZ is a beauty, one of best I have ever seen. 12/15 Evening reception was terrific, anyone wanting Spicks could have them on any spot the day. 650-660-670-770-830, any place one of our 50 kW was crowded off, so far nothing could be heard but Spicks. On 640 ZNS s/off at 10PM and TWW and HOK had an even battle. This zero weather and snow (Hi Pop) doesn't seem to contribute to much added DX here.
