

Sorry not to have our regular Front Page with this issue, but our very busy Printer says he hopes to have it in time for Dec 14th issue.

Vol. #14 - No. #11

December 7, 1946

We welcome the renewals of Ray Sahlbach and Mel Oliver. Good

DX to you boys!

WWCO-WATERBURY, CONN. This is a big program, boys, and WWCO offered it - no one solicited it. They are going to have prizes - First Prize will be a Gentleman's Bulova Wrist Watch, and will go to the correct report from the furthest distance. Second prize is a Gentleman's Fine Wallet. There will be two prizes also for the earliest postmarks on reports. First prize here is another Gentleman's Fine Wallet, and the second prize is \$10.00 in cash. Mr. Louis Steady, C.E., is the man to whom to send reports, and WWCO is very anxious to hear from DXers all over the world. Don't fail to show your club off well by sending in a large amount of reports, and if you don't hear them, don't forget that small but important thank-you card. We in the DX game feel very much honored that WWCO thinks enough of DXers to go to this trouble and expense to please us, and we feel sure that all DXers will bear this fact in mind, and will report.

KGFX-PIERRE, S.D. Another mile-stone in DX has been reached, and we feel sure that every DXer will be on hand for this program. KGFX is one of the rarest DX catches we know of, and all clubs and DXers have been excitedly talking about this program ever since we announced it two weeks ago in DX News. Mr. Ida McNeil, owner of KGFX, has explained that an ex-service man and ham, back from the War, will run the program. We also believe Mrs. McNeil will also say a few words at least to the DXers who are tuned in. Mrs. McNeil has two sons, both in radio in the Service, and her late husband was the original owner of KGFX, so you can see radio runs in the McNeil family. We are very grateful to Mrs. McNeil for this courtesy she has extended to us, and we hope that the number of reports she receives will amply compensate her. KGFX may have trouble with KFOA, but we believe they will be on top. KGFX is the only station in this country which uses 200 watts, so that is another novelty in this program. This program was arranged by the members of the National Radio Club, with their cards, supporting the original request by your Editor, Lefty Cooper. Thank you again, Mrs. McNeil!

KFUO-CLAYTON, MO. Owned by Concordia Theological (Lutheran) Seminary, KFUE will undoubtedly have some of Christmas' beautiful hymns. A prize of a beautiful Crucifix will be awarded to EVERYONE who reports - to Rev. H. H. Howenstein. On NNRC shows - Reports to S.K. Kotovsky, C.E. - might be in clear! (KBNE, this is)/KANA - We don't have name, but try first 1/2 hr on acc. of check by WKVM. /WBMS - Brand newie - Send rpts to Mr. Newman, Gen. Mgr. XELO will QRM, but they MAY stay on later for Western DXers - watch for these.

MUSINGS OF THE MEMBERS

TOM MORRISON-SEOUL, KOREA This is the first you've heard from me way over here in Korea. I haven't reported much to the NRC since I left civilian life. Lately, I find that I've been having a little time to get in some DXing and altho the facilities are none too good, I've managed to get some good out of it. Before I launch into the report sections of this letter, let me tell you that my NRC bulletins are arriving here OK in about 7 or 8 days which is pretty darned good service, I think. I also think you are doing a wonderful job on the bulletins, Lefty, and I hope you'll keep up the good work. Well, on the matter of a report - Reports are cut to XMHA-XONE-XGOB-XMHE. Hope I get some veries out of it. Got a couple of SW and ham veries too but (in accordance with NRC policy) we don't talk about that. I am not seriously interested in SW anyway and by the way, would rather see the NRC stay the only BCB club in existence, than change over to half BOB and half SW. In my opinion we're a top club now so let's not lower our efficiency any by adding SW, and dividing the club's interest. DX on BCB over here is really difficult due to the abundance of long wave CF stations on the ECB. They are all over the band and sometimes with such volume that you can't read an AM station for anything. I am getting along a little bit, though. I expect to be back in the States by the end of December so after the first of the year, I'll be able to report more often with some decent DX.

BRUCE KENNEDY-PALEMO, ONT. Reason for no reports from this LPO after the barrage some weeks ago is that I have been forced to give up DX completely for the time being. Old "Hiram" just can't take the heavy work all day and then get up for a few hours at nite. As it is I have to get to bed by 9 to get my 8 hours sleep-hi. And I don't even feel like getting up at 5:30 much less earlier for DXing. So I am calling it quits for now. Anyway there's too many stations to get. If you're over the 600 or 700 mark it's not too bad but when I look at all the stations I need, I lose interest. The 300 footer gives about 4 harmonics of CBL which is 5 miles away. The rest are whistles on every frequency something like a regenerative set, I guess. 18's OK after midnite, tho. Leo, I have a Taco outfit too. Got it at an auction sale, brand new for a song. Let's hear how yours workds. Haven't got mine up yet. Glad to see Spence coming thru with the reports now. See new member John Jones really going to town too. Better watch out Ralphie as you've got another nite-owl competitor. And say Ralph that Varga calendar is OK. Had to wait 10 minutes at the customs at Fort Erie while the officer looked it over, hi. Got in at 3:30 for a couple of hours' sleep. Bill- your DXes are good! Canadian Air Mail rates are just about double US rates now. 10¢ per 1/4 ounce to S.A.

JOHN JONES-BUSTLETON, PENNA. DX has been OK this week. Sorry that I cannot listen to more of the DX specials but those that fall in the week are an impossibility for me since I am in my Senior and last term at High School and I am up to my neck in work. Therefore I cannot see my way clear to get up during the early hours. However on Saturday morn and Sunday morn I can DX and also on holidays such as Thanksgiving week-end, Thurs-Sun. Here is what happened 11/20. Logged WHBL a surprising catch at 9:30 PM EST. This is on 1330 Kc/s. and has 250 watts from Wis. On 11/23 CFAC-WMBD and WBMS testing 1:15 tune-in, to 2 AM tune-out and they were requesting listeners to call and they would pay the toll if you lived 400 miles away or more. Did you call, Ralphie? WENK testing at 4:15 off 4:17 WLOL also hrd on all-nite program. Rpts out: KOA-WSMB-WEMS-FMBD-WGAC-WCBS-KWK-WHBL-CKLW-WFBC-WENK-WFCI-WPTF. Veries were at a low ebb: These came in, WWON-WHRU-WLBR-WMFT-WGRM. WGRM incidentally was hrd on f/c on 11/17 and R.V. Hand the signer says, "I will see you Dec. 15 on the air." WGRM came in here from 3:15-3:30 S6. That about winds it up for this week except to say that I hope to listen to Harry's VATN on Friday.

BILL BARRETT-DENVER, COLO. Sure hope I get good old Greenland tonight - ought to get it tonight if at any time because it is cold and snowing here and on the whole DX has been swell. I now have in 8 veries - KOWH-WMRF-WBHE (a nice letter)-VMOX another swell letter and card-KSFT-WIHM card-KTFS & KBNE. Reports out now to KBMY-WENK-WCNT-KGKY-KBUN-WBBZ KBST-WSUA-WMFT-KVNI-KHOZ-KGCU-KWOS-KGVL-WLBH-CHLT-CKUA-KCIL and I have to type up rpts to WEDO-WKTM-KARM-KBOW-KWJB-KSRV-XFFI-KOLO-KROP-KHSL-KDFN-KIUN-KNET-WTOK. Time is my shortest commodity again - Just don't have time to type up all the rpts I have. Some DX-er I am, hi. Vy swell letter from KSFT and do they have coverage- hrd in N.M, Tex, Col. of course and in Kansas as far as Dodge City. That is reaching out! PS-Any of you block letter post card fans that want some good Colorado cards, how's abt a swap as I can still get some good Army camps around here. QRA is 770 York St., Denver 6, Colorado.

MUSINGS OF THE MEMBERS

PETER J. McKENNA-NNRC's Sec'y-NEWARK, N.J. Congratulations to the NRC on getting KGFX to DX after some many years of all clubs trying to get Mrs. McNeil to present any kind of a program for the benefit of DXers. I for one, need them, and will certainly try for them even if it will be against the doctor's orders. Hope the station is swamped with rpts. (Thanx, Pete - Surely appreciate this note and here's hoping you're well soon! - Ed.)

"LONG HAIR" AL MALEY-HIGHLAND FALLS, N.Y. Have been fairly active this season, but also sleeping thru plenty of good nights. However, since season started I have verified HJAN HJBJ HJAF CMCB CMHQ CMKF XEFW CMHW YV5RL HHW FMGR WARD WKNB VOHS VMOG WMOA WWRN KBIZ WCCP WBUY WKRZ WACO WMOU WBHB WRHP VFNK WKLX KWHK WRHP WKER WKDK WWWE WVEZ WHHM WMRP WFTL WSUA WDUK WTIK WCMW WWNS WLBR WWON WHGB KTFS WARL, bringing varie total up to 1080 (Frank Wheeler, please note- you still show 981 varies in your listing.) Rpts are currently cut to OAX4A HJCC HJCU HJER HJAA HJER LR3 CMCD WECW XEOY XEDN CKVL YV5RC VOOB TIEP Lopik-995 WTSB WWGP WFVL WBEJ WAYN KCHS WLBH WATZ. Don't any of you fellows besides Nichols-Geary-Moore and Burnham report foreigners? Would like to see more info on stations outside of the U.S.A. SAs are strong almost every evening, particularly YVLRD on 1164. YV5RC on 1095 HJAT on 1275, also HHW on 1305. No trace of Ray Morre's Venezuelan on 1305, only HHW, altho they sometimes have a hetrodyne on them.

RAY "RIP VAN" EDGE-BUFFALO, N.Y. Well since last report have sent reports to WRQN VFUN WBET WACE KMHL CJOB VTCN CJOR KSEL CKY KPOA. CKY for a letter to replace thank-you card and CJOR hrd on test. Varies in are letters from VKRM-WLEX and cards from KCHS-CKRC-CJCB WKBR for a total of 1014 varies. Also reported to WATN on DX and again heard WPLH on 11/29 but WWDC and WPLH about split the 1450 Kc/s. channel, first one on top, then the othr. Carrier on 1400 Kc/s. Bul fails to annoynce. Heard one back of VJLE again and then I find it's WGRC, seems I can't remember they are on late. By the way the boys should remember that all Dog orders should be sent directly to Art Foerster and that those who received their logs thru the club HQ will receive their corrections direct from Art. A new log will be published about mid-December so to those wanting one should send that \$1.00 at once to Art Foerster, 1213 Bosart Ave., Indianapolis 1, Ind., NOT to club HQ. Carberry left a Christmas gift card he received in his "Broadcasting". It shows that if 5 or more can get to him or someone subscribing to it, they can get it for \$4.00 a year. However it would have to be sent in by a subscriber. Have a month yet almost, so if 5 of you fellows want it say so and drop a card to club HQ (325 Shirley Ave., Buffalo 15, N.Y.) and if 5 can be had, will notify you for \$4.00.

BOB SPENCER-BUFFALO, N.Y. Rpts out this week to WATN WACE CKDO WXLS(?). Mr. Harry Righter put on a fine program, as usual. WACE on Nov. 28 all morning test, prior to reg. sked. CKDO on NNRC DX. WXLS-didn't hear call but identified onesong and hrd others and announcements not understandable. Very difficult on SX28A but sent what I heard, so here's hoping. Missed CKRM CFNE, couldn't hear CKLN or any west coast ln 1240 after WATN s/off either. Varies from WKDK WFAF (on WNEC letter-head) WABC (on WCBS letter-head) WNLC card, letter from KHOZ, VJEJ. Now I ask you fellows - who was testing on 890 from 2:45 to 3:31 11/29 with records now and then. Could it be Chicago or WHNC? Lefty, some errors somewhere - Nov. 9 DX News lists Stanford Texas - 1400 as KDWR, and Nov. 23 News says it's KDWT. (It is the latter, Bob, as far as I can determine - KDWT -Ed.) Foerster lists on 1230 KDLK as Dickinson, N.D., Nov. 23 DX News lists KDLK as Del Rio, Tex - could it be KDLT maybe? (No, Bob - But both were right at time - KDLK was originally assigned to Dickinson, N.D, but they changed to KDIX, and the KDLK call was then assigned to Del Rio - confusing, I'll admit, but that's the way FCC lists show it. -Ed.)

JOE DRAUNER-WILLIAMSVILLE, N.Y. Not so much to rpt this week. WVBZ logged s/off, after WPPA signed at 4:45 on 11/17. KSVP for a few ann. thru WATZ & KIUN on 18th. WATZ on initial test, KFLW weakly thru WATZ 4:05-4:15, then KSRV rolled in with a 100% readable R-6 sig., almost as strong as WATZ. WKRM hrd on 19, 20, 21 at 5:30 testing, weakly thru QFM. WPLH weakly on 21st. WRQN easily thru WWDC on 24th. Also on 24th, WLEH concluded its test series, and a rarely heard one, CJOB tested briefly with a strong sig. at 5:30-5:45 first time hrd here since 1934. Varies this past week, letters from VCTA WCIL WNEC WVBZ WIKB WHKP WSIV KROP VARL and cards from WTOK WLEJ CKTS. DX has been only fair this week, good Monday, below par since that date. Lackawanna, N.Y. is to have a new station on 1120. We'd like to call to your attention that your late figures in the HEARD-VERIFIED contest must be sent direct to Frank Wheeler, % TJSchwartz, R.D. 7-Erie, Pa. Your Ed can't make changes

TOM CABBERRY-KENMORE, N.Y. Since my last rpt the following rpts have been sent out: CHEF CJRL WSUA WPLH WKTM WATZ VENK CJSS KPRO WING WMOX WAGE WHTB WREC KJBS. Letter veries in from: WLBR WMFT WCAO WKDK WAJR WNLC WSUA CKDO KHOZ WING CJCS. Cards from KFBK WAGE. Pulled a Johans on 11/28 and called WHTB, Talladega, Ala., but reversed the charges at their request. KPOA has been hrd here very weakly several times around 4 AM. Sure will be listening for KGFX DX and hope it's good night for reception. CPC did fine job getting this. As ov 11/8, FCC says 1034 AM stations licensed, 425 CPs outstanding and 648 applications pending. WOW! Before Ralphie confuses our Philadelphia member John Jones any more, let me explain that the I.R.C. used to be the transportation system in Philadelphia (Mitten Management) but they had sense enough to kick them out years ago and so we have them, What is this - a DX column or a correspondence club, hi! (Both, Junior, hi! -Ed.)

ED WYMAN-BALTIMORE, MD. I have since I came down here on 10/1, recd veries from VSVA WSAN WRUF WFOY CFCN WKNE WKRC WMRP WLOL WFKY WKDK CHEF WKY WLBR WSUA KTFS WURL WDAD WCHA WMEF WLCS CHLT WCIL WKLX WNLS WWVB WGAC. Also recd veries at home from rpts before I came down here from WAIT finally, after 9 months- WHHM WJNO WADI WATT WSTV WHSC KHOZ WFTL WFAF. From rpts sent out before I came down here the following are delinquent: WEVD WKER WKV WXYZ WFBR WHTB KFH WBYN WTAX WJOY WEDD WDAR WBNY TGO CHML WHUM WHP WFAA WNOG WCTA WDC WCCO WSAM VTOD WCAZ KCHS WCCP WGGP WTL WCHS WILM. Now to what I have done since I have been here but first I use a new HQ129X (and I think it stinks. I still like my 6 tube job) and also a S20R. No ant. yet except wire strung around the room. 10/5- WSVA on reg sked. 10/14- WFOY & WRUF on hurricane extra, besides others already rpted by others. 10/18 WSAN reg sked. 10/19 CFCN on s/off and CHEF on DX. 10/23- CKVL on test. 10/26- WCIM for lack of something better to write, also WKNE on reg. sked. 10/29- WWVB on test covering WATN. 11/2- WKLX on s/off & WLOL on all-nite program & WMRP on test. 11/3- WKRC only an R-3 and WFLV on test, and haven't answered yet. 11/5- WFKY on DX and WKDK on test. 11/9 WKY. 11/10- WLCS testing behind WJLB also WAGE on f/c and WLBR on testing and that day got the first hour of the first broadcast of WURL, also got ambitious and copied WCHA because there was no sign of them on their DX altho I see that several have said that they hrd 'em. They are R9 local during the day which makes me think they were not on. The verie doesn't say whether they were or weren't. (They were, tho, Ed - I have the verie for the DX -Ed.) 11/11- WILM on f/c. Anybody know how I can get a verie out of this one? This is my 3rd rpt to them & still no answer. 11/13- VSUA on test and WNLC on DX. 11/15- WTOK on test and KTFS on test & WEDO on DX. 11/16- WMEF on test over the mess on 1340. Knocked them all for a loop. Also CHEF on DX. 11/17- WCIL on test and WLBR on their all-night test and CHLT on DX. 11/18- WDAD & WKRM DXes, latter good after WHM s/off, also CKUA an R7 here for a good rpt. "What happened to Ralphie on this one - I see he did not hear them. Ralph, you're slipping!) also WTON on DX and later that day logged WYN behind CHML. 11/20- WTSD on f/c. 11/23- WPLH on test and WOLF on s/off 2 AM & WIMS on 1090, testing and said they would open on 12/1, also KCIL testing. 11/24- WRQN testing. 11/27- WAGE on test and WRET also. 11/29- WATN only an R3 thru sidebands of WITW whose smtr is located abt 5 blocks from me. I can't even cut them out with the xtal filter on the HQ129X, also WDSC thru WCHA on s/off. 11/30- KLO R9 here so I shot them a rpt as I don't have them. Tnx Bruce Kennedy for info he sent me and also I hope he sees this so he'll know I haven't hung up phones. Congrats on vy fine bulletin. (Tnx! -Ed.)

G.E. JACQUES-HORNELL, N.Y. Regret do not do any too much DXing. Reception's been terrible. Hardly able to hear any of your programs and don't know how the Canadians ever were hrd by anyone else. To Ed Wyman- Your (VTOO?) was verified by me on 11/21/40 by Joe Hassett. Green and White card. KDFN Casper Wyo. hrd and verified on 4/10/32 on test from 1:05-1:15. To J T Jones- Yes my verie from WVL was mailed 10/2/31. Hrd on 9/1/31, 1:30 EST. You stated that the Loose Leaf Log would fit any 3-ring loose leaf cover 6 $\frac{1}{2}$ "-9". I bought one and it wouldn't fit so had to buy another one. The correct size is 5 $\frac{1}{2}$ "-8 $\frac{1}{2}$ ". I hope you won't mind my telling you this. I tried here to get some loose-leaf sheets but couldn't get any. I want them ruled, not plain. Did you hear from "Greenalands Icy Broadcasters" this week-end? Hope the rest hrd it this time.

LEO HERZ-CHICAGO ILL. Was too lazy & got up vy little so rpts were few and far between. Rpts sent to WSIV KFAB WLOL & follow-up to WDSU. Veries in from WBHB KCIL KANE CKDO. Bought myself a railroad reservation (Pullman) for Christmas Eve for a trip to visit Eldon Addy. Hope the Coal Strike won't stop all trains as this would ruin my plans. (Coal is so short here, Leo, that we have to turn on Gabriel Heater to get warm! -Ed.)

DICK COOPER-KITTANNING, PA. Veries in since last report include letters from WKAX KBIO WFRP KTFB VMRP VSUA WENK KANE VKDK VVNS VLBR VAYN (hi Lefty) KVSM WCIL WLCS CKSB CKDO CJRQ and cards from KCHS CHEF WTOK CKTS VVWB. Also dups from some of the DX specials. Verie total is now 1214 counting them by call letters. Reports out to WACE WBET WKUL WRQN WHSC WTIP ECRT CJCS WKRM WLEK WKBR CKUA WPLH WATZ WLBI KCIL WARL WGRV KROP WHBS KBUN KVSP KLIZ CKVL WRHP KWCO VMON VJOY WQUA WFVL WBHF VMGY WCMA. The last 10 have whiskers. CKUA was heard very well on the DX. Biggest disappointment was KDFN whom I gave up on too soon. XEFI was better during the hour preceding the DX program than during it. I called WRQN on 11/24 and am wondering how many heard them acknowledge calls from Kingsport, Tenn and Kittanning. Wanted to beat Ralphie on it, ha, and by the way Ralph, they asked for collect calls. Mon. AM continues as the best DX morning and I would suggest that anyone having only limited time for DX should try to arrange his schedule to allow listening on Mondays. It appears that the FCC now requires stations to run (new ones) 30 frequency checks, than to check weekly. Suggest you try for these new stations as they come on the air, for there are a few that may never be heard again after initial ETs.

BOB BROWN-GOSHEN, IND. I got home for 4 days for Thanksgiving so I got a little DXing done. Rpts are out to KPOA WACE KIEM CJOC VLEH KYA KORC VLLO KHSL KSIB WHHM KLFM WBEJ OAX4A. Latest veries are in from WMLT KQV WVAR WLAR KCHS for a total of 570. I now have 53 rpts out. I have a 3-week vacation coming up starting Dec. 21 so I should really pull in some DX. (I hope.) KSIB had their first test this morning and they said that Carl Horton called them long distance. I thought Ralphie was the only one who spent his income on telephone bills! I just finished my 7th year of verifying with 162 veries - I'd have a fair log if I'd have gotten that many veries every year. I did get 452 in my 3 best years but only 63 in the 3 worst ones. Must close now and get ready to drive back to Lafayette.

"VOICE OF THE DX WORLD"- KOOP - RODNEY, MICH. (Edgar Koop, hi.) I did some DXing since 11/13. I got a card verie from WNLC a letter from WATT and I sent reports to KHOZ WEDO WKTM CKUA WTON CJRQ KDFN CKDO KCIL WTOK WTIP WLEH VMRP VPRA VEXL VKRM WPLH KFUO KIUN WPHB VGRV WCMA WFUN WHOT WENK WATZ. I sent reports to all those station since I got home from Chicago 11/10. Not too bad, do you think? I've logged a few others, but didn't report yet. I've been using a 7 tube Superhet rcvr called Son-O-Matic with 4 SW bands from 16 to 31 meter band, and Standard, it is just a car radio I brought back from Japan with me. It was made for Jap. Buick card built by G.M. over there. Boy it sure is a radio, I use just a 26' vertical antenna. I can get most anything on it but I can't pick up Police calls, or ham stations. I can't figure that out either, because my Emerson portable picks up Police calls right beside the Son-O-Matic. Have you any dope on good antennas and how to erect them? (Did you see Leo Herz' report from Nov. 30 DX News, Ed? -Ed.)

SID STEELE-LOUISVILLE, KY. Well, Nov. was a real old fashioned DX month here. 40 rpts went out. Hope a lot of you fellows stayed with WKTM on 11/18 DX. He stayed on an extra 15 minutes to be free of QRM from WHN. Ernie Pell, C.E. really did a fine job of boosting the NRC. Also on 11/18, KROP until s/off at 2:35. CKUA (I hope) for a rather meager report, he was pretty weak here. 11/20- KSWM, Joplin, Mo., on test with voice only 1:30-1:45. 11/21- CJCS with a fine DX show. 11/22- WPLH on test asking for rpts & promising veries 1:12-1:31. 11/26- WACE on ET at 5:11. Also hrd several mornings thereafter. WHBS off at 5:30 after test. 11/27- WRQN on top of everything on 1450 at 1:05 on test. 11/28- KQVL on test at 5:36. Also copied WNBC & WCBS on early AM studio recorded programs. VLEK hrd at noon here on the 28th, he now takes over the 1340 band in the daytime from WLBJ & WLBC. 11/29- KVSP with voice test only at 3:21, VBSR also with a voice test at 3:33 for another new one. 11/30- West coasters coming in vj well, especially Oregon and Washington KWIL took over 1240 from 2-3. KELE for a rpt altho he had trouble with XESM. WLEH on test at 2:48, KORC for a new one most of the morning; KMHL for another new one at 3:36 on, WTSP on test 3:53 and WTIK at 4:11. Veries now at 1,157 with 29 rpts out.

RALPH JOHANNIS-BUFFALO N.Y. Well a couple more (WPET & KSII) can and went reg'r. KSIB hrd because Fire Engines woke me up (ch yes, I sleep once in a while.) WIET surprised me when Lloyd Staples said 'Hello' - KSII nearly caught me with my pants down & it was Raining, mixed with snow here. CHLT/CKTS after mailing 60 PH'erie cards they mail me a couple to Radio Branch, E'lo City Police (of all the places!)(What's happened, Ralpie - did Pop put the pinch on you? Hi -Ed.) CKDO goes and puts E'lo Zone # in fr Date Heard! CJCS varies with 50 watts for Spl DX & says 250 watts eq't is still on the 'vague' - Mfrs. promise list, if rec'd will look forward to a DX spl them. KCIL's CE gave me rpt to Gen. Mgr. as monitor had trouble rec'g them, they used part of test un-modulated. KHAS send nice letter & program. KFLW also WACE & WKRM. I hears: Tom Carberry got told we accept C.O.D. from Buffalo (but station asked for it during test!) Tom, I missed Talladega - tocc slee-pee-ee. 11/29 - The cats in the alley woke me and hrd on 1450 WCCP 4 AM, WPAD & WRQN fought 4:16, etc. WIAR 4:44-5, WFUN had the BEST fun with WWDC-WPOR 5:30-5:45. For me that 669 fellow speaks Spanish and says "KHEZ" y niente por KEAR till 5 AM but after we shovel some snow off (in near future) I guess I'll discover the stranger too, no hurry yet. Look at Right Bottom Corner of the CONVENTION PICTURES and on top row (left to right) are Len Kruse-ME! - Norm Maguire-Lefty Cooper-Fred Van Voorhaes - Bottom row - Dick Cooper-Léo Herz - James Reilley - Pop Edge. Next week we (I'll) tell you who the ladies are. Say Bruce how'd you like to read "The Rose of Ausenberg?" (URDXC spl/novel.)

KERMIT GEARY-VALNUTPORT, PA. Veries during the past week have arrived from CHOK CKST KEUN KVNI WABL WODS VKLR WKRM WNEC, all letters except VKLR. Reports were sent to the following: 11/26 WACE on ET from 5:20-5:59 s/off, 11/27 WIET on all A.M. ET, and WECW on f/c from 4:21 to 4:44 a.m. and WHKP at 6 A.M. s/on (Sunday A.M.) 12/2- WWNS on f/c from 2:05 to 2:25. I have just tabulated the call letters which have been issued and find that at the time of writing, there are 402 assignments which I need to verify, 200 K's and 202 W's. Of course, most of these are not yet on the air. This includes 50 stations operating for 2 years or more, and stations in Alaska, P.R., and Hawaii. In addition, 58 'W' and 45 'K' calls have not yet been assigned. It looks like "Never a dull moment" for a long time to come!

JOHN R KIRK-POINT PLEASANT, VA. Have had a bad cold hence very little DX during past week. Rpts out to: WMRP VCMW VPAR VKLX WHKK WOI WCNT CKDO WTIP VSUA VMGX WCMA VKLW KJES KLX KWBR KGU WXLS IYA. Rpted 11/18 and verie rcvd by me on 11/28. Really good time via Air Mail between here and Hawaii and return. AM of 25th unusual here. KGME KPOA pounding in with R7 and R4 sigs. KGU a bare R2-3 but got a good rpt off to him. IYA with R3 sig., and sure hope that he kicks thru with a verie. WXLS was maybe hrd. Since I am not absolutely sure will wait & see what he has to say. Sent him a log on abt 13 minutes of program (hrd at 3 different times) but did not get any call, and hence not positive. ZJG is located at Butaritari, Gilbert & Ellice Islands. He has been asked to DX but I do not as yet know whether or not he will, he is 1554.4 Kc/s. acc. to Berne List.

GRANT LATSON-WESTFIELD, N.Y. Yep, agn another bunch of new on's, 8 out of 16. 11/25- WFUN on 1450 testing 3:18-4:36 also WNVA 4:02-4:10. 11/26 CKRM on 980 Kc/s. DX 4-5 AM rather poorly hrd but enuf to rpt. CFNE fairly well hrd being behind WKRC carrier. On 730 WACE testing 5:30-5:45, been testing since every AM. 11/27 WIET on 990 testing 4:49-5:00. WAGA on 590 Kc/s. 5:29-5:45 RM for a clear one, not always hrd here and WSJS on 600 Kc/s. at 6:01-6:24. 11/28 VHTB testing on 1230 3:08-3:25, really put the allnighters back where they belong. WITU testing on 1240 at 3:49-4:00 a.m. quite a lot of static, some fading. WSFA on 1440 over-riding everything 5:30-5:47^{PM} and CKK on 540 5:53-6:15 PM the earliest I have ever hrd them. 11/29 WATN 2:00-2:38 the best hrd test in a long time, a dandy show. 12/1 KSIB testing on 1520 @ 3:25 & asking for rpts. JAMES F LUCKE-6319 NORTH OAK PARK AVE. CHICAGO 31, ILL. I have a National 240*C with speaker to match, gray, purchased new in Feb. 1946 for \$248.00. Also a Hammarlund Super-Pro 110 SX with speaker to match purchased new in 1938 for \$261.00. This set was not used for the 4 years that I was in the Army. On my return I sent it to Hammarlund for necessary repairs and adjustments and paid \$38.00 at that time. I intend to buy a new set this month, meaning in December, so I want to sell both the above receivers as I don't want 3 in the house. If any of the members are interested I will appreciate the best offer.

LARRY YARNES-BELMONT, CAL. Have been "mopping up" after a severe rainstorm for the past week or so and have had little chance to DX. (What? Rain in Cal.? -Ed.) Recd a verie for reception of KFAR, Fairbanks, T.A. early this month - Nov. 4, and the verie signer, Jack M. Walden, Ass't. Eng., said he could verify my report because I had reproted the commercial announcements in detail. He also said (and here's the lesson we might learn from this) that the station log they keep does not specify individual musical selections and times played. They record only the general character of the program. I wonder how many stations do the same thing? (How abt it, Harry Richter-David Mirales-Roy Phelps-Jack Pelletier-Harry Elliott-Tom Morrison?) Has any careful study ever been made to determine just what types of information the majority of broadcasters require for verification? That is, in addition to the technical data? Maybe a great many stations keep logs in the same way. Anyhow Walden went on to say that they receive many reception reports from the States each season, but he implied that he could not verify many of these for the aforementioned reason. Also recd a verie yesterday from WVFT, signed by Sanford J. Willis, C.E. Logging of late include WBIR WTOK KSRV KATC KERP KFLW WEDQ & WKDK.

JOE BRAUNER-WILLIAMSVILLE N.Y. (Ed. note - In error, I put Joe's 11/30/46 report in on page 5 - sorry!) Not much to report this week. New stations, VFUN WACE KMHL on tests & WMS hrd very well, 4-4:15 PM, s/off on 11/28. Veries in: KOLO KBUN WERM VBSR VFUN, all nice letters, form letter from CKSB. DX generally below normal strength, plenty of static. Too many all-nighters. Could not pick up XEFI's DX at all, here.

LEN KRUSE-DUBUQUE, IA. How many DXers were tuned to 1520 on 12/1 to hear the new KSIB, Creston, Ia. station present their first test broadcast? Wayne Hatchett, C.E. who many fellows will remember from his associations with other stations, is continuing his friendliness towards DXers, and has consented to broadcast a special program for DXers sometime in the not too distant future. On 11/25 logged WFUN & WRQN, both with ET, the former hrd several times since. The CKRM DX on 11/26 hrd fair. Thanksgiving morning added 4 new ones to my log. WDSC with a test 4:07-4:12, WACE with an ET 3:40-4:18, WLEX with their new early-morning program 4-6 a.m., hrd each week day morning, also VTIK hrd with reg. pro. 6:45-7:15 a.m., QRMd by CKAC. XEFI sent swell letter and post 1 on recent NRC DX, CJBQ also sent nice letter verie, stating they recd more than 50 reports. Several other recent veries were KFLW WMC CKY. Remember fellows, the WHFC DX on 12/9!

Logged KOAL, 1230 now, 11/17 (3rd Sun) 3:15 a.m., XED testing nightly on 1050, KVNI test 11/20, 4:30 a.m., 1:30; KWLK test 11/22 4:55 a.m. KVYO (1400 still) 11/22 5:53 a.m., KPRL 11/22 at 7, all E.S.T.

LEVITY COOPER-BROOKLYN N.Y. Rpts out to WACE WLEX KSIB KBUN KMHL VPRP VLBJ VARL VGAY. Veries are in from WEDC CKDC VDMJ (My prepared card) to bring total to 1191. 11/28 - Pad buzz here all a.m., had trouble with WACE, but WLEX did all right thru the crowd on 1340. Rested until 12/1, and caught KSIB's first test, and hrd WNOX s/on at 5. 12/2 - My favorite a.m., Mon., and for 3rd straight Mon, I logged 2 new ones on 1450 - this time KBUN and VPRP, the latter testing with RCA in Riverhead, L.I. 4:30-5:00, R 5-6 here, with TT QRM. They were playing Latin-American music. At first I thought it was KSVP. CFCS loud and very interesting show, and that carrier wasn't on, either. 12/3 - WKNE testing 3 a.m. Found XEBZ on 660. 12/4 - WLFJ taken on f/c 3-3:30. I had verified this one, but have never been able to find their card, so it isn't in my count, and I'm trying again. VARL on 780, and almost as loud on 2nd harmonic, 1560, at least 3:15-4. VGAY, 1050, Silver Spring, Md. testing most of a.m., not too terrific here.

JOE BECKER-HAMILTON, O. (2nd rpt)-A few more new ones hrd - VTTL VTSI VRHP VSIV (Daytime) VKAY WCNT (daytime) WKYB & WDSC daytime WTIK KORC WHBS. KSIB 1st test 12/1 & prob. WAYN daytime this a.m. 12/1. Also would like little help on station on 1240 which I hrd 11/30 banner mentioned, once a week Jam session, with dialogue bet. man and lady, men. J. Fred Peters. Was it VBIR? Since 11/13 I've added 58 new ones. Was surprised to hear WKYB-WDSC on 800 at 5 p.m. & CKLV was out of the picture. Last Mon. tried for WNR on 1240 until I looked at the list and found it was on 1450 s: I quickly turned & hrd WNR s/off! VFUN v'd my rpt and said they recd a lot of rpts, but I was 1st one mentioning I hrd them on a sub-harmonic which is on or abt 540 Kc/s.! They said it helped eng. greatly. VNGO shld be on soon. (Had to cut some, Joe - but got the important parts in! -Ed.)
