Volume 21 Number 4 Our Twenty First Year October 10 1953

COMMENTS FROM OUT MEMBERS

Really enjoyed "DX NEWS" with all the fine reports and humor. Seems "DX NEWS" gets bigger and better each issue. Ed. Johnson, Mendota Ill.

From the looks of the DX Calendar it is surely going to be a swell season. Bob Seifert - 214 Wentworth Ave - Wyoming 15, Ohio.

CPC NEWS

Again your CPC intends to go after DXes from the stations they believe most of you members need and would like to get verified. In return they ask that you report to as many of our DX programs as possible. This season Sid has more CPC workers and it is believed that they will be able to present the best DX Calendar possible. It might of interest to you newer members that it takes several letters between the CPC staff and the station to get a DX program. This requires a lot of time on the part of both parties, that's why the CPC is always asking the members to report to as many of these stations as possible in order to show the station that our members really wanted to hear and verify the station. After a station has broadcast a DX Program and in return only gets a few reports, you can imagine how many of the stations might feel because it takes a lot of time and man power from the station to come on the air in the early hours of the morning. It must also be remembered that by broadcasting these DX Programs for us, the station has added expense for which they get no return except the reports they receive from you members. Besides it must be remembered too that those engineers and station operators must get up in the wee hours of the morning to get the station on the air for your listening, so we DXers are not the only ones who have to lose a little sleep. So with our trying and your reporting it is hoped that all of us have the best season ever. Thanks to all of you. Your CPC Staff.

Don't forget cigars next convention. Hal Williams and congrats Grand-Pa. Very good to see a report from Kermit Garey again. To Paul Wharton, you can't need the cellar antenna on the barn now, hurry and get well.

KEN MURPHY-STATION "B" BOX 213-LINCOLN NEB Sorry not to be able to make the convention again this year but conditions just wouldn't allow. I have done some DXing during the summer with fair success. September has proven an excellent month for me with at least 50 new catches added to my log. I heard my first and second stations in Rhode Island in WJAR and WPRO. My best catch however was WABA heard thru WDEE. They sent me a very nice positive verification via air mail and expressed great surprise at being heard out here - it surprised me too. Now I hope that WORA comes through as I reported them the same day that the WABA verification arrived. A few veries have arrived lately, amongst them: WTEL-WVAM-WOKZ-KGAK-WPRS-KVOG-KTOE-KJCF-WJMC-WHUL-WVRF-KKOK. WJMC who tested with Phelps in Minneapolis said they were not heard by Phelps although they put a good signal here into Lincoln. I shall enter the DX contest again this year but my hours of 9:30 PM to 6:30 the five days per week are still not conducive for good DXing. Best of luck to all during this coming season. / you know where.

HANK HOLBROOK-1710 EDGEMOR LANE #105-BETHESDA 14 MD Had a wonderful
time at the Convention and I hope I'll never miss another. Wheeling
caused a slight revolution here. The other day when the "DX NEWS"
arrived my WifE Mary Ellen grabbed it and in front of my blood shot eyes,
no it wasn't beer, I'd been DXing most of the night, proceeded to read
it from cover to cover. The word is that all the "DX NEWS" are
underlined and verified. 9/12 WTON-1430 testing 0047-0058; 9/13 WLX

was this morning 10/1 when WNEJ 3GN Cawney, Australia was heard
fairly well on 1540 kcs between 0520-0550 with political program. WOKY
splash over made it difficult at times. Two interesting foreign waves
received of Late-YSAI-800 kcs sent a beauty of a card for report of last
Dec 25th and FSS-653 kcs came thru with CB card for January reception
This report from time to time when I have more material. (OK Hank ans
welcome to the domestic end of DXing, its quite interesting too-Pop)

PETE TAYLOR-BOX 5068 DUKE STATION-DURHAM N. C. First of all a belated
thanks to Sid Rosenthal for a fine convention. It was great meeting
the 25 other members and friends who also made it through those crazy
Blue Ridge Mountains (from the south) or on the Turnpike from the east,
along with those from out of town. (What do you mean, "crazy Blue Ridge
Mts", we drove the Blue Ridge Pky from opp Natural Bridge, Va. through
to Asheville, N.C. and we thought it was the most beautiful and scenic
drive we have ever had-Pop.) It was interesting. Joe Braucher has
more pages of cataloging material than I have verbs and Sid keeps his
verbs about like this in my homework papers. Bob Dugan tells me that he
was able to hear WINZ out in the Atlantic east of Miami, that's interest-
ing since its power increase, it is now poor in Ft Lauderdale, 24
miles north. Bob Seifert "flew" home Saturday so as to hear the coach
on WTPF the next morning at 0730-0800. Bet he was surprised. Then it
was interesting to hear from the members just how many of the Florida
stations went verify, I could run down the list, but looking thru the
9/19 issue I can see that it has already been done. Anyway it was great.
As for DXing, I drove with one hand and logged with the other, and
drove up from Miami to Durham to Wheeling to Philadelphia to Atlantic &
City to Philadelphia again and then back here. Besides the usual locals
heard, I did seem fair DXing between 0500-0600 on Sat the 5th. WGBI
was heard with plenty of Cuban QRM on 550. KSTL-6690 has a proof of per-
formance test; KLBC-910 was testing with QRM, KPFC-1220 testing also.
Allnighter WABF-1470 was also logged; WUPF Palatka, Fla logged on 820
while I was in Fla and their verbiage states they'll be on 1260 -
5000 within 60 days which means about 40 by the time you read this.
I missed the Conelrad test on 16th as well as taped DXon WTPF the 20th.
Alarm failed! Working at Duke carrier current at WBB-576 kcs here on
West(malea) and 560 kcs on West Campus (females) (3/4 mile drive)
INTERNATIONAL DX DIGEST

Edited by Fred L. Van Voorhees, Box 132, Lomaye, Pennsylvania, U. S. A.

FOREIGN DX CONTEST RULES 1953-54

1. The contest to be known as the NFC Foreign DX Contest will be run in conjunction with the INTERNATIONAL DIGEST. It will be managed by Roger Anderson, 5700 Eighth Road North, Arlington 5, Virginia.

2. Each contestant shall submit an entry fee of 25¢ on or before the date of November 15, 1953, or in the case of new members within 30 days of the date of their membership.

3. Contest will run for the period from October 1, 1953, until March 31, 1954. Loggings must be from one specific location except with the permission of the manager. Entries may be submitted until June 30, 1953.

4. All foreign stations are eligible and will be counted as follows: one point will be given for each foreign station verified. This total will then be multiplied by the number of countries verified to give the total point score. (Example: 12 verified from 5 countries = 50 points.) For the purpose of this contest, CANADA will not be considered a foreign country, and no Canadian station will be counted in the contest.

5. For purposes of fairness to all contestants, the contest will be subdivided into three Leagues. The winner in each League will receive an equal prize. The three leagues are to be known as the West Coast League, the Central League, and the East Coast League. Divisions of the leagues are to be as follows:

Note: For Canadian members, the province of British Columbia and Yukon Territory shall be in the West Coast League; the provinces of Newfound land, Nova Scotia, Prince Edward Island, New Brunswick, and Quebec will be in the East Coast League. All others shall be in the Central League with the exception of Ontario. All of Ontario west of a line drawn from Pittsburgh through Erie and extending north will be in the Central League. All that part east of this line shall be in the East Coast League.

6. Prizes will be announced later in the contest, but will probably again be awarded to the top winner in each League only.

7. Contest standings will be published in the first DX NEWS of each month with the final standings in the July, 1954 DX NEWS.

8. Any member living outside the United States and Canada who wants to participate in this contest shall apply to the contest manager for a list of countries which will be counted as domestic for him. If enough foreign members are interested, the contest manager may set up a fourth League for just foreign members.

9. Word will be received later from the contest manager as to how he wants you to submit your entries.

NOTE: There will be no weekend contest attempted this season unless more than five of you want us to run one. Let me know your ideas.
Well, fellows, there are your contest rules, so let's all get busy and start verifying the foreign stations. Good luck to all of you, but I'll be in there trying to do my best too. Now, let's get into the late news on DX around the world.

NORTH AMERICA

CUBA—From KG information which appeared elsewhere last week about CMHC and their projected DX series. CMHC is in Santa Clara on 1410 Kcs. They are to start soon weekly programs for the NRC running until 0200 Sunday mornings. English announcements will be made and reports from our members are desired. SSB should be forthcoming, and Komai says his was friendly and arrived in one week. Power is 1 Kw. Address is Sr. Mario Perez Marroco, Proprietario, Radiomisora CMHC, Radio Cadena Central, Apartado 253, Santa Clara, L. V., Cuba. KG also says that the Spanish-speaker evenings on 1080 Kcs, is actually CMHE "Radio Emergencia," here from 1090 Kcs. He has also noted CMJQ, Nuevitas, evenings on 1305 Kcs, with strong signals. CMS also says that CMJQ in Camaguiy is operating on 1272 Kcs, logged at 1900 on 9/23. He wonders if Cabans are going to split frequencies now. JH notes that he has logged CMQ (650) Havana, on 9/25 at 2030 S-9 Plus. He has his voric from CMCP (910) on 9/25. Also logged CMBP (1080) at 2130 on 9/25 with powerful signal. LR logged CMZ (1560).

COSTA RICA—RA reports a letter voric from TIAQ (935) "Radio Fidos." Also sent photos. Have a 240 foot antenna, the highest in Costa Rica. Use 3 Kw. Voric signer is "Fidus On 14." SW reports the address as Apartado Postal 1774, San Jose. Has short wave outlet on 6500 Kcs. CMS says that the unknown station on 1445 Kcs, is TILX "Radio Colombia," San Jose. He definitely identified them on 9/19 at 2145. He also reports his voric from TICQ.

MEXICO—Only note from this country this week is JH's report of reception of XEG (1050) with good signals.

EL SALVADOR—RA reports 2 vories from this country. First from YSC (1015) 1500 watts, an orange printed card signed by Rolando Ochsa Valenzuela, Director General. And from YSS (655) 10 Kw., a control panel photo card with no signer. Slogan is "Radio Nacional." CMS also reports a YSS voric, likewise, no signer.

NICARAGUA—RA reports YIV (936) "Radio Mundial," heard on 9/25 at 2115.

HAITI—CMS has logged 4VO (1080), Port-au-Prince, at 1950 on 9/22.

GUATEMALA—Also from CMS the item that TGO (1140) can be heard under WRVA almost any evening.

SOUTH AMERICA

VENEZUELA—LR reports a voric by air mail from YVLR, "Radio Barquisimeto," taking 15 days. Gave frequency as 1490 Kcs. (INT LOG says 1475) Power is 3 Kw. Signer was R. A. Segura. KS reports logging YVLR "Radio Central," Maracaibo, on 1002 Kcs., but announcing as 990 Kcs. Heard most evenings.

URUGUAY—RA reports a voric from CX-18 for an April 5th report. Station is on 690 Kcs., and voric was a nice card in English, one of RA's better vories. Signed by Jorge Cubillo, Gerente General. Sent full pamphlet on "Difusora del Uruguay, S. A.," and another pamphlet on tourist attractions of Uruguay.

COLOMBIA—CMS reports tentatively logging HJFX (1080), Manizales, at 1310 on 9/26. (Check CMHE under Cuba, Stam.)

1380 WTUP Tupelo, Miss. Had QTH 0215-0245 on 10/1 & 2 (Watson-Schudy)
LUXEMBOURG—From LR, news that Radio Luxembourg now sends out a new card from their London office. The card is normal size, black and white. Medium wave outlet is now on 1442 Kcs., from 1439 Kcs. New QRA for the London office is 38 Hartford Street, London, W.1.

AFRICA

SUDAN—SW sends a late schedule for "Radio Omdurman" on 571.5 Kcs. Times are GMT. In Arabic daily 0415-0445 and 1630-1930. Fridays and Sundays also at 0600-0900, and on Fridays at 1400-1500. In English on Fridays at 1730-1800 and on Sunday and Wednesday from 1615-1630.

ASIA

PAKISTAN—LR reports that APL, Lahore, is regularly logged on 1086 Kcs. at 1630-1830 GMT, sometimes later. Programs usually consist of native songs and music. Small QRM from BBC on 1088 in the beginning, but this station blots out APL later on.

GENERAL—I felt that you might be interested in the following list of Asiatic reception which recently appeared in the NZ DX TIMES. Times are New Zealand time:

- 570 JOIK heard after 2100, 1145 PM.
- 580 DZBB sign off at 6 AM.
- 590 JOIK Tokyo, 1 AM, KGM 5-20 AM.
- Calcutta signs at 5:30 AM.
- 609 Peshawar with news at 3:15 AM.
- 540 Peking strong at 2 AM.
- 550 DZBB Manila at 9:00 AM.
- 601 Kabul and 674 Kcs., on horc.
- 670 JORB logged 11:45 PM.
- 680 DZAS sign off at 4 AM.
- 695 Kuala Lumpur-Rad Network.
- 700 Peking, English at 1:30 AM.
- 710 DZBF poor at 2:30 AM.
- 730 Hyderabad sign off at 5:30 AM.
- 740 KSAR 4 AM, AIR off at 5:30 AM.
- 770 FEN Tokyo, off 3 AM.
- 777 Allahabad news at 5:30 AM.
- 780 Gauhati good at 3:30 AM.
- 800 DZFI Manila fair at 3 AM.
- 810 Okinawa-Calcutta mixed 3 AM.
- 825 Pakistan-Karachi Eng 5:30-6:45 AM.
- 830 JOBB strong at 5:30 AM.
- 840 DYSR fair 11 PM. Vijayawada 3:30, 1450 Sondai FEN 2 AM.
- 850 Bombay good at 3 AM.

1560 DXCC at 2 AM.

Might be fun to find those stations on our dials come morning. Sure would put the spice in our DXing. But, I guess the boys down there would like to see a bunch of our neighbors too. Thought you might find the list interesting.

QSTIA

AUSTRALIA—Certain changes went into effect on Sept first. They were frequency changes as follows: 2AM Murwillumbah from 1470 to 1440.

- 2CV Maryborough from 1470 to 1440.
- 3A0 Mildura from 1436 to 1470.
- 4FL Ipswich from 1440 to 1010; 4AL Maryborough from 1010 to 1160; 4AQ Cairns from 890 to 940; 4RK Rockhampton from 940 to 945; and 7VZ from 1160 to 940 (This is in Hobart). This from JF, and also in NZ the note that DXers will have to hurry to verify DYSR on 940 before the above changes took place. A late and accurate South Pacific list to be used in this year's INT LOC is at hand, and any questions will be promptly answered if directed to your editor. If you want a real quick reply, enclose a self-addressed postal card.
This section is devoted to general interest reports from our
members in foreign countries. You are all invited to send your reports
directly to the International Editor.

L.ES RYDEN, Barrwagen IL, Solleciutuna $, Sweden-H-Since my last
report I've got reports from W5AR (1460), letter and QSL stamp; YVVR
Barquisimeto (1460) air mail letter; RSFZ (4040) folder; Radio Dora
(901) card; Pan American Radio, Tangier (1175) card; also Europeans
MKDR, Oldenburg, Germany (1588) letter; Kerestved, Denmark (1420)
view card; Zagreb, Yugoslavia (1135) letter; Borlango (1223) and Sunda-
vall (525) Sweden, letters. Due to my school work I have not been DX-
ing too much but conditions seem to be only fair. South America is
coming through most nights. North America is beginning to do so.
Logged this season from North America are WOAO, WLCQ, W5AR, W7OF, W5E8N,
Africa at least the northern part, can be heard most nights. Asia has
began to come through in the afternoons, but only a few stations. Well
all for now, 73.

KEN HICKLEY, 2 Dornoch Street, Dunedin, New Zealand-Well, here
we are again; getting under way for another season. I certainly hope
that I can get in amongst them again this year. Conditions are pick-
ing up again fast here and PST stations are quite good when opening.
KXRA, KQEL, KDHU being very good. My recent reports are away to KNPT,
AFAN Homestead, FEK Japan 1570, 100 watts, Rawalpindi, Pakistan
7500 watts on 1150 Kcs., JOHR, KBUR on listed 3rd Friday FC, KFPG,
APRS Guam 1 Kw, 600 Kcs. heard signing off at 0900 EST after 18 hours
of continued broadcasting. This would be at 1400 GMT. They are
apparently an APRS station of the navy according to ann. at sign-off.

KPOL, DZIA, a new station in Manila operating on 1540 Kcs. with a
power of 5 Kw. This station is putting out an excellent signal. It
signs off the air at 10 AM EST after 19 hours of broadcasting. XYZ
Rangoon, JOJR, Colombo, Ceylon 925 Kcs., WHX, DYRO. Verifications are
in from JOJL, BAEK, KARO, KAD. Dkbp. W8NT 1360 Kcs. 1 Kw, W4IV, W5ON,
WGB, WXML Kwajalein, Marshall Islands, 1 Kw on 1440 Kcs., WPUL, and
WWJZ. Have not yet had any of the South American I heard during the
winter back, only sent them by surface mail and it takes about three
months each way. Present delay on surface mail from US is about 27
months. Still looking for those two most elusive states, Maine, and
New Hampshire. Countries now 73, vories 1289. A late item of interest
PAGG Pago, American Samoa will have a new station, or rather already
has one, call uncertain, but possibly W5YU, as this was used during the
war. Transmitter is a 50 watt job but may be running 65 watts. The
transmitter was neutrally mod. by a chap here in Dunedin when he was
over there at 2AP in our half of the island. Freq. is 1120 Kcs. and
schedule 1230-5:30 AM EST. I am getting these details checked by a
local hem first contact he has with one of our chaps over there at 2AP.
KMOX makes things pretty tough on this freq. Had a couple of tries for
it and heard orchestral music, but got no station break.

CONTEST NOTE: LET'S ALL LET THE WESTERN DXERS GET IN ON THE SPECIAL DOMESTIC DX CONTEST AND SEE WHO'S "BEST IN THE WEST"!. I BELIEVE JIM CRITZHELT IS THE "RECORDING CHAMPION", SO LET'S ALL GO AFTER THAT "SOUTHWEST" TITLE, EVEN IF NOT MUCH CHANCE TO PLACE IN THE NATIONAL-WIDE CONTEST DUE TO OUR LOCATION... AND DON'T FORGET THE "WESTERN LEAGUE" FOREIGN CONTEST. "DX" AT THE BELLEVUE DEN----I see Lefty finally discovered the deep dark secret of my move to Bellevue! Say, do you like the use of "CAPS" as above? Want to make this column as readable as possible, hi? If any of you think too much chatter here, not enough "DX NEWS", well you know WHAT YOU can do about it! DX conditions very good here past two evenings: topped last night off by logging a 20 watt CBU relay on 730Ks, s/off at 2:0AM, EST. Believed it was CBRE, Fernie, B.C., my first 20 watt.

With Cubans and N.E. U.S.A. stations being heard evenings; I really consider recent DXing unusual. WEBZ like a "local" again last night. Say---Let Bob Stelfort know that you want the RQSB-DX (See DX NEWS of 10/3); don't want W/LW testing at that time! So, 73s 'til next edition. BELLEVUE DEADLINE IS TUESDAY A.M. "IT'S UP TO YOU TO SUPPORT THIS "FWS"
