"DX NEWS" A BARGAIN

"Even if someone swiped my National and left a small crystal set I'd still want to follow the住 tips in 'DX News.' The 'DX News' covers EGB DX so well that someone using it could do foreign DXing with a Dick Tracy wrist radio if they had a mind to. Enclosed please find $3 for another year's membership in the NRC. If this isn't the biggest bargain in America today may Ted Williams never blast another home run at Fenway Park!" - John Cowles - Massachusetts Institute of Technology

NHQ

R. W. Service, Librarian

CHW X

This is the second of four hour-long record shows to be dedicated to our club. The program is on the air each week at this hour, but the dates specified are being dedicated to us, so let's all make an effort to log this station during the time it is dedicated to us. EOX seems to be on at the same time, so it may be a bit on the difficult side, particularly this late in the season - however, let's try!

Arr; Sid Rosenbaum

WHWD

Earle Silver, General Manager

A telegram from John Pohl informs us of this special program for our club. WHWD is a new station and is of course needed by most of our members. The only fly in the ointment should be CKWX, which means most of us ought to have a good clear shot at WHWD. John tells us they may be on even before 3 a.m., and John goes on to say that he will be at Mike-side himself, so let's be sure to listen-in and report. Many of us heard John a while back on WGGG. Our thanks to WHWD! Arr; John Pohl

NEXT ISSUE

Will bring you your ballot for voting for the next season's Board of Governors of the National Radio Club. In the past, we have noticed that many members just do not cast any votes at all. For the life of us, we can't figure out why, for after all, you are all a part of this club, and a vital part of it, too. So this time, let us all follow the voting instructions and go through with the voting. Cards will be enclosed for your convenience. The issue will appear two weeks from now, under date of April 17, and then the next one will be May 8, and the second Saturday of each of the summer months, unless otherwise decided in the meantime. Those DXing during the summer months are being counted on to supply "DX News" with your doings, in each of the various sections. May we count on you!
April 3, 1954

CREDITS

REMEMBER TO SEND IN YOUR RECENT WRITING
SIGNERS AND TO USE THE SYMBOLS AS WE USE
THEM HERE. PLEASE MAKE SURE OF THE CORRECT
SPRING OF THE NAMES AND ALSO LIST
THE STATIONS WITH THEIR FREQUENCY. THANKS!
I do not know just how to begin with this report so if it sounds rather poor please blame me not my dear friend BE. To a lot of you I can imagine wonder what in blazes I am doing and probably wonder the same for seeing me in this DX News. I know however that some of you do remember me and have sent me cards and letters and I can never tell you just how much it meant to me to get them. I know it has been a long time since my last report, but it could not be helped. Being in the hospital for 15 months is no fun but I am out now and I sure thank God for that. If it hadn't been for my family and my friends of WBC etc. I think I would have just plain given up entirely. Oh well, it's all over now to coin a song title. I guess that is enough of that now. Let's get down to business. I have a terrific log of veries that came in while I was in the hospital. For those who wonder what equipment I am using, here it is again. U.S. Navy Communications Receiver, backed up with Converter equivalent of 26 tubes giving an overall power for reception of 40 tubes. Antennas directional, non-directional, AM, FM, TV, all SW bands. Ham Radio Antennas, 6, 10, 20, 75 meters. It is very effective. I have listed the calls, kW/s., network, address, location, watt power, broadcast hours if they have given them. I have not listed the type of antenna used by the station. Or other things that are listed in the official FCC log. I will do it if you wish and when I catch up a little with all of these veries, so here goes. They're listed by city order. KXEO Inc., Broadcast Advertising Service, Aberdeen, Wash., Miss-Don Leo. Verie 4/9/52 1:15-1:30 P.M. "KXEO operates on 1320 kW/s. 1 kw. DA-M. Hours 6 A.M. - midnight and 8-11 Sundays." "KXIV, KBB, E. L. Allen, Owner, in the heart of the great San Luis Valley. We operate on 1450 kW/s. 250 watts and had Liberty Network for two years until its closing. Operating hours 7-10 on the air for monitoring purposes the last Sunday morning of each month from 10-12:15 MST. Alamosa is located on the southern edge of Colorado, 20 miles from New Mexico entirely surrounded by mountains, many of them over 14,000 ft. The transmitter at the transmitter 7,553. Thanking you for your report and would be happy to furnish a special live talent DX program this fall or winter. This came in after I went to the hospital. I do not know how much I'll be able to do for WBC this year as the doctors have told me to take it easy for at least a year or more. (Welcome back, Pete, and we're all glad to know you're feeling fine. -Ed.)

- Hank Ward - 404 North 16th Street - Ponca City, Oklahoma

Well, for slightly safe past few weeks with bowling activity and other interferences that left reports to lagging high and dry, so rather than rehash old stuff now, will skip heard stations and mention veries since last report which are from KANID KBUI KBEY KBVY KLON KHROI KUKR KOMI KOPR KOCY KSD WISI KXTB WRIE KUIN WISE Y KBOX KEBB KURO WALS WOUI KUKE KUIC KUIN WISL KUUI cards from WUGZ KCHR and "Ward Specials" from WFRM. Don't know what this would do for my contest standing, but paper work now involved to compute this stuff as well as February's slightly staggering. A quote from KYR verie, "I was at the Keyser station the month of January and while I was there I finished some of the letters out of the waste basket and answered them. All were from members of the National Radio Club. I answered all that I could. While I was at the Keyser station I was in the capacity of Program Director. Of course it wasn't my duty to answer the letters but I felt I should and I'm glad now that I did. I imagine it is very discouraging to spend a lot of time and effort to write a station and then receive no reply." Signed by Richard Steider, now at WMPR Clar广播, West, V.A., which is owned by the same outfit that has WYHR. Further correspondence, "missionary work" I believe Scotty Sverkates called it, brought the following information: "I'm going to add any time you wish to report on WYHR or your colleagues tell them to write me and I will check with the engineer and see if it is correct. I'd like to help you all out any time I can. As for WMPR, if any of your friends wish to write me and I will be glad to check. The management of this station in my opinion cares little about the sports. However, Robert Flood (Cactus) answers a few. So there it is on the line for two stations in so far as veries are concerned. His reference to the fact that the letters in the waste basket were all from MDRs with me no mention of any of the other clubs or "lone wolf" DXers makes me wonder what caused the engineer at WYHR to single us out. "?? 73s. No sign of WMS here which was a low blow. Damn. 

****THE NEXT ISSUE, IN TWO WEEKS, WILL INCLUDE YOUR BALLOT FOR ELECTING THE 1954-55 N.B.C. BOARD OF DIRECTORS. WE'D LIKE TO SEE 100% OF OUR DOMESTIC MEMBERS CAST THEIR BALLOTS. THE VOTING CARD WILL BE ENCLOSED. WATCH FOR IT IN NEXT ISSUE. ******

April 3, 1954

James B. Ochsenschlager - 1110 West Arbor Drive - San Diego 3, California

My report to you dated Feb. 24th has not yet appeared in the "DX News." It probably arrived too late for one deadline, and too early for the next. But please let me know if you did not receive it. (I don't find it in the box here, Jim.) I will try to contact the Board of Governors concerning the larger type typewriter. Certainly would be an eye-saver for us older DXers. DX notes since March 9th include KEDF testing while WGBB was on. WGBB didn't try for WNYH on the 14th. WSMR impossible through KPAC; WNVK WOOF and KEIM not heard; WZVE good. KSG was not on at the scheduled time either Feb. 16 or Mar. 16; less than 100 miles from here, and I have heard them on. KIUP had KEQA interference, but still good. KEHA rather weak, but readable. WNYH surprisingly clear on 3/21. 3/22, WJBY and WJOY not heard; WJMU might have been on, but completely covered by KJMI tone full 8 hours. KEAG very bad through all-night WNTX. WZVE logged to 4 s/off, Saturday; 3/20; and WTPX finally identified 4:30 Monday, 3/22. WJBU WJLQ and another signed on at 6 through WNYH, Monday, 3/22. Recent varies from 650 KFOD, 790 WGBB, 660 WHEX, 1150 WFTX, 1260 WREX, 1340 beautiful QSL from KEHA; also 1240 KFRA and KEIM; 1460 WITC for s/c identification, and 1490 WITC. From Kenneth L. Reddell, JR., Public Relations VP, 1110 WDNS "All reception reports have heretofore been channelled to our Engineering Department and I have blindly assumed they were handling them expeditiously and courteously. From now on, I see, I have a new job." He was quite apologetic over delay. Oldest holdings are 650 KFQP, 630 KDB, 900 KEHA, 940 KIOA, 960 KIOA, 1060 KERG, 960 WHEX, 1260 WJPT, 1370 KERG, 1450 KDBI, 1450 WJHH and 1470 WITC. I see Your WITC is gaining on WJY. Keep coming, ten 73s to all.

Fank Wheeler - Box #176 - E. D. #5 - Erie, Pennsylvania

Here is another small report. My luck with the NEC Specials was as follows: WDBC, 1-5 through a mess of stations, WERZ 1-9, WNYH WNYH WNYH WJUP WJBY WJOY. Other new stations were as follows: WSSS-1620 Amsterdam, N.Y. sign on 5 a.m. Mar. 5. KONI-1280 Broken Bow, Neb. test for NEC and WABC-6-6-15 a.m., March 8, KEDA-1440, Amarillo, Texas, f/c 5:18 a.m., s/off, March 21, WITS-1440 Evesleth, Minn., test 2:31-2:45 a.m. March 15, 1954. New varies: WNYH KJQZ WNYH WNYH WNYH WNYH. Some of those were very nice. - 73s.

Sid Rosenbaum - 906 Market Street - Wheeling, West Virginia

Three new stations this week, all NEC Specials. Mar. 22, WJBY 1240 heard fairly well and over WJUI. WJUI (1320) was very difficult, but enough heard for proof of reception. KFOP (1340) with Ken Headrick and the Manager of the Fremont Chamber of Commerce put on a fine show that got through here 100%. Others heard on 3/22 but not needed were: WJUI (1340) 1:45-2:15, WNYH (1340) f/c 2:00-2:15, KEDF (1240) f/c 2:00-2:15, KEHM (1340) on at 3:00 with musical check and KEHA (1340) strong at 3:00 s/off. I could use WNYH but think it useless to try again for a ver. Veris ant: KEHA sent letter and say they will advise Roy Miller of another date in May. WNYH sent a large card with photo of transmitter. Don Wheatley of WJOY says in par-ticular a nice response to our program, with 20 reports now in and expect more. Will advise of full response in a couple of weeks." Card from Don Hill of KONI says response good to his NEC-KMWR test. At the end of this season I consider WJOY KEHA and KFOP my best catches. Would like to include KEHA (1320) but no verio to date. Friendliest verio letters are WNYH KFTR and WYNM. Nicest cards: KEHA and KEHM, even though both of these are duplicates. Will continue to DX until the start of Daylight Time. If nothing unforeseen happens, will be at the Convention in Buffalo, accompanied by my newest find, Hiram Deek from Fobunk, Pennsylvania. That secret of Lefty is it is a 'tispy' or should I say all a-twitter. Best of DX to all.

Bill Moser - 212 Connellsville Street - Uniontown, Pennsylvania.

3/15, reports went to DXer of WREB-1460, CKLC-1350, WQX-1440 and WFM-1330. Varieties received from KLC-1270 and WFM-1270. 3/16 reported WREB-1460. 3/17 report to KJUI-930-dr vari from WOAB-1270. 3/25 report to KJUI-930-dr vari from WOAB-1270. 3/28- WJBY-1440-dr reported. 3/23 report sent to WSPA-1440 on Jimmy Faulkner Telethon. 3/24. WING-1440-dr reported. This is my third report. 3/25, report to WREB-1460 f/p; vario received from WREB-1460. 3/27, variety received from KLC-1270-dr, KEKG-1340-dr, and KJUI-930-dr. Mike's "Post" station is WREB, owned by the Washington Post, owners of FOB. We have reached the end of another great DX season, made great by the efforts of our editors, executives, committees and you, if you sent in regular reports to Lefty, Pop, Fred or Roy. We are a lot to these people and perhaps the best way we can repay them is to follow their suggestions as to reporting, etc. I would like to quote a (con'd on page 6)
Bill Moser, con'd from P. 5. portion of a post card I received from Lefty. I got your report all DX on Wednesday, and had only it to print, but nothing else to fill up the rest of the page... I couldn't think of what to use the other 60 lines or so for the page, and it was almost 1:00 a.m., too, which meant I wasn't thinking too clearly anyhow. 'Nut said: I'm over 30 lines - 73s.

Hubea G. Dacon - 5913 Highgate Drive - Baltimore 15, Maryland

Since I am a new member of the NLL, I'll start out by telling a little about myself. I am 15 years old, and I am a High School student. I DX on both BUS and SW, but mostly on BUS. The Hallicrafters S-39C has been my receiver since I started DXing, which was June, 1953, on the BUS. My heard log is at 415 stations in nine countries. I've verified 260 in five countries. The countries are U.S.A., Canada, Mexico, Lille (1976) and England (1947). Here is a report of my last two weeks of DXing: report sent.

3/14 - W9HE* (1360) NNNR DX 3:00-4:45.
3/15 - W9HE* (800) f/c 3:00-3:15; W9HE* (1360) NNNR dx 3:10-3:30.
3/16 - W9HE* (1400) f/c 4:05-4:12.
3/19 - W9HE* (560) 5:05 s/a.

Veris, W9HBB, K5HBB dx.

3/20 - Veris, W9HE f/c 1:35.

3/22 - K5WBB f/c 7:45.
3/22 - W9HE* (1400) NNNR dx 4:15-4:55; one of my best headings.

Veris: WE9R, W9HE, K5HBB dx.
3/24 - Veris, K5HBB. 3/24 - Veris, K5HBB.
3/25 - Veris, K5HBB.
3/26 - WE9R f/c 8:00 s/a.
3/26 - W9HE* (1400) NNNR dx 3:15-4:00.

W9HE* (910) test 4:00-4:15.

A day of Yoyth, 6-08 s/a on.
3/27 - W9HE* (1360) NNNR dx 4:30-4:45.
3/29 - W9HE* 5:00 s/a.
3/29 - W9HE* 5:00 s/a.
3/29 - W9HE* 5:00 s/a.

Amusingly, it took "DX News" of 3/20 six days to reach me - not quite as slow as the previous edition, but still much slower than is should be. By contrast, I get "Life" and "Newsweek" and "Variety," clock-like, each Thursday, thus indicating the tie-up isn't on this end, yet for a change, 3/22 came two days later. My latest catches are: 3/22, YTA 1260 very weak midat a Mexican at 3:57; 3/23, a tone and record playing on 570 at 3:15-3:30 seemed to be KTA.

Veris, W9HE* (1400) NNNR dx 4:15-4:50; one of my best headings.

Veris: K5WBB, K5HBB dx.
3/23 - Veris, K5HBB.
3/23 - Veris, K5HBB.
3/24 - Veris, K5HBB.
3/26 - W9HE* (1400) NNNR dx 3:15-4:00.

W9HE* (910) test 4:00-4:15.

W9HE* (660) 5:00 s/a on.

K5HBB, K5WBB, W9HE* (1360) NNNR dx 3:15-4:00.

W9HE* (1360) NNNR dx 4:15-4:45.

Again, W9HE* 5:00 s/a.

Veris, W9HE* 5:00 s/a.

3/29 - W9HE* 5:00 s/a.

3/29 - W9HE* 5:00 s/a.

3/29 - W9HE* 5:00 s/a.

3/29 - W9HE* 5:00 s/a.

3/29 - W9HE* 5:00 s/a.

3/29 - W9HE* 5:00 s/a.

3/29 - W9HE* 5:00 s/a.

3/29 - W9HE* 5:00 s/a.

3/29 - W9HE* 5:00 s/a.

3/29 - W9HE* 5:00 s/a.

3/29 - W9HE* 5:00 s/a.

3/29 - W9HE* 5:00 s/a.

3/29 - W9HE* 5:00 s/a.

3/29 - W9HE* 5:00 s/a.

3/29 - W9HE* 5:00 s/a.

3/29 - W9HE* 5:00 s/a.

3/29 - W9HE* 5:00 s/a.

3/29 - W9HE* 5:00 s/a.

Ivan Kruse — 318 Fourth Street — Dubuque, Iowa

The latest DX loggings included on 3/19 Station WTVS (1340) Eau Claire, Minn, on its regular third Friday f/q; some QRM from WDEB and GJOB. The morning of March 26, some stations added to my DX log. I was happy to log the DX from WDBY (1340) Gadsden, Ala., but with some QRM from all-night WCGN. And WJET (1320) Burlington, Vt. was most welcome on its hour-long DX for the NEC. Then my last-needed station in the State of Nebraska was Station KFGT (1340) Fremont, on its NEC DX, and let's hope this 100-watter reached the west coast despite the new all-nighter KNTF. The #4 station logged on 3/23 was the fourth Monday f/q of KFLO (1490) Mountain Home, Ark, 6:15-6:44 a.m., for my last needed Arkansas station. The new WMO (1250) N-Comb, Miss., formerly WGBK, was heard on its regular s on and programs on 3/23 from 6:25-6:40 a.m., and topping this frequency. Then on March 27, I heard a test from WAVJ (1210) Springfield, Ohio, using both WWSO and the new calls of WAVJ, from 3:50-4:12 a.m., with weak WCIU QRM. Verifications added recently were letters from WHEN: WHEV-dr KXUW-dr KZVQ-dr KLAX KXCO-dr WHHY. And a card from WCON, Lewiston, Maine, who consider my last DX careful this season. Duplicate verifs were received from such DX logs as: KXUP KGUW WYTI WGVK OKJ; etc.

J. A. Brennan — 23 Howard Avenue — Willimantic 21, New York.

Still not hearing the right spots on the dial when the needed ones are working. Nothing new here this week except KFOT-was very strong in, stronger than WDEB but hardly QRM'd by KMOE. WJQY was really hard to work here, had heard him before, but never well enough for a report, so that DX was as welcome as that from KFOT. WNY not heard, WMOE, 1490, heard signing on 3/23 and New York's newest call, WHEN, 3/25, heard through KFLO on 3/25 at 3:50 a.m. This station signs on weekdays at 3 a.m. DX has been good but they are all older DX's, good DX, not a trace of them here, surely could have used 'em. Regarding the KMOE and KFOT-f/q, also noted them on the third Monday here in March, but they were still on the first Monday, as listed, in February. Verifies are letters from KCHC-dr, a form from WATZ after months' delay, KXCG-dr a form, a fine letter from KXKZ. That's it from here — will have some convention news for an early issue, probably next week. Everything pretty much planned out here and the dups will be along shortly, so keep those Labor Day weekend dates open for it! 73.

Kent Corson — 511 Kingsley Avenue — Waterloo, Iowa

Well, here is my last report of the season to the "Wavers" as static already is causing trouble here. This my first season with the NEC has certainly been an enjoyable one and through NEC I have added many stations to my log which otherwise I would not have logged. Here's a rundown on my latest DXing: 5/8 — KIAM (1340) Vernal, Utah, heard on with their f/q from 4:45-5:00 a.m. WSCU (1250) Greenville, S.C., heard with g/q on at 5 a.m. WSHA (1370) Columbus, Ga., with regular programs at 5 a.m. WCTO (1460) New Brunswick, N.J., on f/q on from 5:15-5:30 a.m. and WDP (1450) Wilmington, Del., with f/q 5:30-5:45 a.m., both these due to Len Kruse, 3/13—WOSB (1440) Red Lion, Pa., with NEC DX program at 4 a.m. WYIA (1320) Danville, Va., signing on at 5 a.m. WURF (1400) New Rochelle, N.Y., heard weakly with DX at 4:32 a.m. WHEN (1490) Augusta, Ga., on OS at 4:55 a.m. WBBB (1490) Cleveland Heights, Ohio on OS at 5 a.m. KZVQ (1490) Laredo, Tex., heard from WSHA at 4:50 a.m. with NEC DX. WOBN (1450) heard behind all-nighter KMXR at 4:15 a.m. WHEN (1330) Evanston, Ill., at 3:30 a.m. Happy to hear Ben Fatch at the mike for first-hour. K planting (1420) Las Vegas, Nev. signing off at 4 a.m., latest verifie is here by letter: WHERE WARE WERB-4x KXEL KW KXU-dr KDFW KXUW WALL-dr KSDW WATE-dr KMBI KOJY WJCI-dr WBBF WQOY WERB KJAM and KXAM. By ear: WHEN WERO WQYO and WAWL. Welcome to the club, Ken. Tarnawski! Best DX to everyone. 73s.

Stan Morss — E. R. #3 — Bradford, Massachusetts

2/28 — WJBY-dr easy over WREB 3:30-7:00. WATF test 3:25. WJQY-dr 2:30 tough under WHO nor and over WWHO, and offering maple syrup to furthest correct report. WARH with what sounded like an all-night show and KOMO took them easily 4:30 on. WALK test with hillbilly music 4:20. 3/29, verifie CFCG WDI WDI WDI WDI WDI WDI WDI WDEB KXUW WBBF WBBF WBBF WBBF WBBF WBBF WBBF WBBF. DX season done for me as spring work and 14-hour day back again. If I owe anyone any letters, will try to get to 'em as soon as I can.

Here goes for my last report before the great DX contest ends. Some of you members noting I had purchased a new Ham-Ryde KG14DX have written asking how I liked it. Well, I don't like it, so much as I sent it back. As waiting now to hear from the factory in New York. If and when I accept a replacement I'll report the results in these columns. Now for the DX Mail Bag. 3/23, letter from CKED (850) quoted, "We are very pleased to confirm your reception report #1502 which contained sufficient material that agrees with our station log." QSL card to follow and another DX for NCB on May 1. Watch "DX News" for time. Also a nice positive letter was in English from XNIA (940) after second report. Both were surprises as CKED got a poor tentative report and XNIA a "holdout" over three years. And a nice letter from WJTJ, same information as appeared on front page of 4/20 DX News." He also promised to let me know the dates of WNIX (1480) ETs if I was interested. I sent him a prepared card so all he has to do is put the date in. Well-advice Bay Edge for "DX Down the Dial." 3/23 - KDSP (950) and KLIM (1240) for NCB DX, "by AM using a 10 900 card and another for two reports and two f UPS, the last one a letter to the President of the Station. 3/26 - WATZ (1380) KLX (950) both by letter and an 805 QSL card from WJOY. Duplicate for NCB-dx, 3/27, a nice longhand letter from new engineer of WOFT (1240) says he found my report with postage attached dated 4/9/55 in the back of their operating log. On 2/8/56 after a f UP on 9/15/53 I received a plain post card but this letter is a real verification. DX loggings since last report - 3/22 - KBET (1490) Baton Rouge, La. WJZ (1290) Burlington, Vermont for NCB, WALK (1370) Patchogue, N.Y. M-ET 3:15-4:30, not needed of course. KGZ (1940) Fremont, Neb. sends fine signal on NCB-dx. 3/23 - WHEA (1440) Montgomery Ala. and 24-hour political talkation 3/24 - KHER (1390) Long Beach, Cal. Coming in here like a 50 kilowatt 2:00-2:15, must be KCEO "signs off" at 2:00. WTUP (1380) Tupelo, Miss., heard on f/c with organ music "don't know if regular." Wrote for information. WZLZ (1330) New Martinsville, W. Va. M-ET 3:55-4:10, my fourth report, this time a prepared card sent. WING (1410) Dayton, O. on for NCB 3:15 but not needed. Same for WMSH (1450) Hamilton, O. 3/26- WALE (1280) Retseville, Wis. f-c-ET 3:53-4:16.

_Croton DX Club - 46 Morningstar Drive - Croton-on-Hudson, New York

Howard boys. The long tests are as follows: KBOL WCBY WAYS KLK KSmith KBSD Nice, France. XNIA WSTA KONO CRED EKHC KSVY KPEM KUEP WEIX WJWY WALK. Now the loggings 3/22 - KERK (1350) ETing and asking for reports. Wanted to know if they were getting out of the state of Texas. QSL from XNIA. KBOL (1350) Pretty, Kans. for a nice 250-watt daytime testing through. KGZ (1400) roared in with their 1/10 everyone 3/24- WHEA (950) s/0 5:30, 3/25- WEOY (1470) s/0 5, 3/29- KGWV (1450) s/0 5. WOFT (1340) s/off 1:30. WATZ (1240) f/c in here a powerhouse although some QRM from a station of 1260 with tone, and WJZ (1290) came in about 8:25 on the NCB-dx. Well, that's the whole club, save one; rolled up to Watertown, N.Y. last weekend by train and want to visit WATN. Mr. Righter, the president of the station, also a member of the NCB and NCB, was out as we got there at 7 in the morning. So we left a note and got on the train and rolled up to Massena, N.Y. There we arranged a f/c from 1:30 to 7 over WMEM, and a modulation test with music and ID at 3:30 over the same station. This will all happen on Saturday, April 24, so it will only carry in the east. However, next season WMEM Massena, N.Y. and WIGT, Malone, N.Y. will DX for the NCB. After we left Massena, we had to make a stop in Canton for about 2 hours, but the next train was about six hours later, so we did a little DXing. Logged WSHS, Ogdensburg, N.Y., CFSX, Brockville, Ont. CENF Cornwall, Ont., all good catches. The best one of all is KJIK in Canton, N.Y., a station operated by St. Lawrence University students. The station's transmitter is the electric wires on the tower. Well later that evening when the train came, we rolled down to WATN and WNYX both in Watertown. Two of the members went to visit WNYX's studios; a nice place. The other two want to WATN. There we met Mr. Righter and was he a nice guy! We talked and asked DX and arranged a special frequency check over the station last 3/29, with the whole program dedicated to our club. (Incidentally, Mr. Righter, it roared in), and we hope you verify the reports that we sent in, hi. Well, that is the end of our little story. So long, good DXing; and 73s.

*****DON'T FORGET, THOSE OF YOU WHO WILL BE DXING DURING THE SUMMER WILL HAVE TO CARRY ON HERE ON THESE PAGES UNTIL NEXT OCTOBER, SO DON'T FAIL TO SEND IN THOSE REPORTS, IF YOU ARE ACTIVE AT ALL, DURING THESE COMING WINTER MONTHS. THANKS! *****

1550 WLOA Braddock, Penn S/off 1800 from 4/15 to 10/1 (Moser)
1600 WHEL Springfield, Ohio week-day S/on is 0400 with increased power of 1Kw. (Kruse)

Well we have the old typewriter back and seems good. Only trouble is that its so old that the parts now have to be fitted instead of just replaced. So again we remind you that the annual NNC election will take place with your next issue of DX News which will be mailed April 17 1954. The official ballot will be enclose in that issue and they must be used to send in your votes. As usual they are government postal cards and have been already addressed to Hal Williams who will tabulate them again this year. The postal cards were again furnished by Hal. He only asks 2 things, the first is that all of you vote and 2nd, when writing and listing the 10 names you are voting for, to please them in alphabetical order. Doing this makes the tabulation so much easier, so I believe all of you will grant Hal Williams these 2 requests. Just one thing more. If any of you wish to have your name omitted from the official list (providing you are eligible to be listed and that is to be in your 2nd consecutive year as an NNC member and in good standing, which means your dues are paid) then drop Hal Wagner Route # 1 North Girard, Penn a card stating that fact and it must be in his hands no later than April 12 1954. To you Canadian members, a Canadian government postal card is enclosed for your voting, its a 3¢ postage paid card but if it happens that it now requires 4¢, it is hoped that you will be kind enough to put on the additional 1¢ stamp.

I would like to take this opportunity to thank Fred Van Voorhees-Bank Ward-Lefty Cooper for their cooperation in sending the stencils to me to mimeograph. Their cooperation resulted in you receiving your copies of DX News on time. Also to Sid Rosenbaum who also supplied me with any late DX programs that would have been too late to list had they been sent to Lefty only. Finally thanks to all you members who have been reporters to DX News, those reports have made the DX News the outstanding DX publication of its kind. So until 2 weeks from now will say so-long and all of you have an enjoyable summer - AND VOTE.
April 3, 1954

Ralph Johanna - 72 East Genesee Street - Buffalo 3, N. Y.

This (3/29) was a change of weather night which makes for good reception at certain places only and so WNDR (990) BS through the rain till 2 a.m. off to return at 3 p.m. GMT; or 1:45 was French CKFQ raising with a man from Kemowiski giving final and double anthem off at 1:29 to return at 7 a.m.; KGW r/TT/c, then WCON TT/performance test to 4:07 and WRCI m/c 2:19 till after 2:30: a short test at 4:15 by XHEI and all through this an all-nighter, KBEI. At 4:07 a s/off on 1460 (KENO); CKW, WRKO strong till 3:43 a.m. to return at 5 a.m. They had WCGE with a v/c and call at 3:43: WBEH (1460) m/c 4:28-4:45 through a carrier: WMT like a local till 5:15 to return at 6. They had TT and music and any station that wanted the frequency to call. 3/28-3:35: KFCO (TT/c) 1249 kr/a, and believe r/TT/c by KNEP; the BS WGSW (1360) after 5 a.m. for 3 hour, then through XES took r/TT and m/c by WJAZ 5:30-5:56 for with daylight will I never hear 'em again. 3/27: CKW (710) WBSG had French songs; WGGI (660) through WIND; WBAI (660) at 5 a.m. RS for 3 hour, a TT/c on 690 5:30-5:44; maybe KPFI? 1360 test call through GMC (740) at 5:47. 3/25: WDBD (1450) KBEI to 4:17 with Stanley Griswold on CB and topping WLEU; WJON (1430) Tied. Read a nice letter from KASH (740) for an inquiry of 3/17 packet and so maybe was KBEI. CB says a three tower array with directional east and have test periods Friday midnight on (Saturday AM). John Poole (owner) furnishes each employees with a jeep on the island Avalon and water taxi or air taxi service provided from sail and, as studio are in Hollywood; during winter about 2000 people there but in summer up to 2500 a day come to see this nice place. I bet Earl Raymond doesn’t read this. A v/c by WGSW (1450) with the colored U.S. map; KPDF (930) v/c and a/v, they’re directional in early hours, then non to sunset and back at night; mood is 6 a.m. - 11 p.m. (Sunday 10-1 p.m.) WRK; v/c is third Sunday 11 p.m., 11:45 p.m., MMT; PO Box 841, San Juan, Dig. Co. See youse in a couple weeks again.

Coral B. Pendergrass - 1510 Lexington Road - Chattanooga 5, Tennessee

Well, overslept XBIG, darn it. Got KNUP’s DX. They said they were broadcasting a special program for “DX Club of America.” I guess we got a new name, huh! Also on 3/17, WGGI-1320 testing, but didn’t say what for. Also WBAZ-550, but not enough for a report. Got cards from KFSW, a picture card of Colorado from KGEM, a plain post card from KFBB, and KFBB’s v/c from WMT. All from WMT. KPFI KBEI: also got a card from KBEI saying I didn’t send enough for a QSL, so I will try again. Now ones are WBNL-1540 on 3/19, s/on at 7 a.m. KEGS-610, CKW on NHEX DX; KBEI 1340, but no WBNW — wonder if they were on? Every Sunday morning at 6 a.m., WAPC-1150 here in Chattanooga uses their auxiliary transmitter, which is 250 watts. This is RS and not a test, so I doubt if any of you all can get them with just 250 watts. Too much QRM, but if any of you do get them you’ll know they only had 250 watts. 73s and good DX.

--Western Style"

April 3, 1954

570 WRNC Asheville, N.C. noted on R/s 5:42-5:52AM, FRI. Mon., 3/22. (Critchett)

929 KXVC Richfield, Utah noted 8/4 on 8AM, Fri., 3/26. (Critchett)

990 KESV Artesia, N. Mex, noted 8/4 on 8AM, Fri., 3/19. (Critchett)

KJIR Denver, Colo. on 5:15AM, Fri., 3/19. (Critchett)

1150 KANI Kaneohe, Hawaii 8/4 on 4AM, Mon., 3/29. (Critchett)

1180 "VOA" Okinawa, Ryuku Is. 8/4 on with 4 gongs then into Foreign language. (Cameron)

XEKR Mexico City, D.F. may be the L/A heard here after midnight; doesn't seem to be TGN, and seems to mention Mexico. This listed at 250 watts night. (Miller)

1230 WNQR Norfolk, Va. heard to Id. at 5AM, Mon. 3/29. (Critchett) A nice catch, Jim; a 24 hour station. -Ed.

1250 CRBC Fort Parker, Texas 8/4 on 6:30AM, Sat., 3/27. (Critchett)

WHYY McGinn, Miss. (ex-WSBK) 8/4 on 6:25AM, Sat. 3/27. (Critchett)

1280 NW Melbourne, Victoria believed Ausie heard here. (Cameron) If Id. is correct, this is one swell 600 watt catch! -Ed.

1290 WHEL Batesville, Miss. heard F/0 4:30-4:45AM, Wed, 3/17. (Critchett)

1360 WACK Atlanta, Ga. (ex-WATL) Id. at 6:03AM, Sat. 3/27. (Critchett)

WEBL Beloit, Wis. 8/4 on 6AM, Est. 3/27 with News. (Critchett)

1410-200 Newcastle, N.S.W. apparently the Ausie heard with a dramatic program of the London "blitz", but failed to catch Id. (Cameron) Again, may I say a swell catch; if Id. correct, that's 500 watts! Long ways for 2KW! -Ed.

WFGB Dunkirk, N.Y. 8/4 on 5:59AM, Mon. 3/22 thru WING, (Critchett)

1570 XBGX Mexicali (?), Baja Calif. heard on R's Sun. 3/21 at 1:30PM. (Critchett) A new DTer. Wayrich Log says "Mexico, B.C., but I take this as erroneous; s/b Mexicali." -Ed.

1590 KLQ Seattle, Wash. NOT heard on R's as of 3/31. Have heard of no tests to date. (Miller)

FREQ. CHECK heard as listed: KASL on 3rd WED, per Critchett.

NEWS of "SPECIAL DXes"

From Ted Salting, a card reporting reception of KVOZ, KIUP, WJBY, & KFRT. Also a questionable report to WING on NNRG IX.

Gene Allen reports hearing KVOZ and WNRG DXes.

Jim Critchett lists KIUP, GWK, & KFRT heard; also 1 Id. from WILW.

From Gene Cameron, a "try" at WTWN inasmuch a tone tester was heard behind KXWR; whether a F/O, or the "DX" very much a question.

As to VERIFICATIONS reported, Gene Allen has WEKZ and "Radio Peking" in; those here are more: KVOZ, KOTN, WHED, WTIU, KOTP, GWBP, WEKP, KTH, WBN, WICN, KASO, KREL, WRHF, KLJK, WON, Wako, KIUL, and KENT. Some details of his "Radio Peking" logging and verie: Heard 12/14/52 on 640 kc, 4:37-5:30AM with KFI not on; woman announcer with some music; a tone-beep heard at 5AM, also buglers. Letter says "Report checked against station log and found to be correct". May I extend to Gene congratulations on adding this Asia mainland verie?

Jim Critchett reports veries from KIUP, KBEI, WIEE, KOKI, & KVOZ.

Gene Cameron has KVOZ, KSFO, LHA, KIUP, & WWPO in.

Your "Ed." can only say that one new verie in, that KFRT-540kc.

"TRANS-ATLANTIC DX FROM THE WEST"

OK, lads, here is what I've dug up on European veries from "Fm" DXers: FRANCE "4 FM" Normandy, 1205 kc, heard 2:28-3:05AM (EST I presume) on 10/7/44; definite verie signed by Officer in Charge. GENE ALLEN.

ENGLAND "3BC" 877 kc verified. GENE ALLEN. Gene also notes that Stagelaw, 1120 kc, 60 kw was heard at 12:23AM/11/17/44, but no verie obtained. Remember too, that Ted Salting noted recently that BBC-881 kc was heard frequently in Oregon a few seasons back.

GERMANY "NWR" synchronized group on 1586 kc verified from 8PM report of 12/1/53/53; Oldenberg-40kc, most powerful. ROY MILLER.

THERE ARE ALL THAT HAVE BEEN REPORTED TO ME! Don't forget, I want your "TOP 5" veries for DX NEWS of 4/1; BELLEVUE deadline, A.M. of Apr. 13.

1. John Alexander, St. Albans, West Virginia. Adds none-64x30-1920

2. Harold Schrock, Paxton, Illinois. Adds none-12x10-120

WEST COAST LEAGUE

2. Gene Cameron, Spokane, Washington. Adds none-9x6-72

4. John Brierly, Reedley, California. Adds none-0x0-

That is the story for this week. Contests close only in the East, but a lot of fun for all. Hope for better participation next season.

Now let's turn to the DX of the week.

NORTH AMERICA

CUBA--Always in the DX news, this week RA reports an air mail verio from "Radio Progreso" Havana, for CMHC, Santa Clara, on 660 Kc. Signed as usual by Domingo Fernandez, Gerento. CMH reports his QSL form signed and rubber stamped by CMH. He says that CMHD in Baracoa is operating on 1445 Kcs. They are assigned 1450. This is from hearing their harmonic every night on 2890 Kcs. Sign-off at 2200 and may be off Sundays. CMH also has logged CMHE (1080) Ensenada on 3/23 at 2000. Logged their harmonic on 5/21 at 2100 Kcs. This one also goes off at 2200. CMH says that MP's mystery station on 880 Kcs. is CMHD in Camaguey, where they were working when Mike heard them.

MEXICO--CMH says that RHM's mystery on 1180 Kcs. is XEPR, Mexico City. RSW reports a positive verio for XEWA from the XEW office in Mexico City. Quoting from it, "This is in verification of your excellent report of Thursday, February 25, 1954, from 11:30-12:00 Midnight on 540 Kcs.". They also thanked him for his interest on XEWA on 540 Kcs. Says this was second report in 3 years.
FOREIGN PAGE 2  

April 3, 1954

HT reports a verie from XERX (1560) "La Voz de la Provincia", Apartado Postal 17, Salamanca, Gto. Air mail signed by Gabriel Caillas V. HT also has a reply card signed by an unknown person (Shucks) from XEDA (1290) Mexico City. Says this took a dozen reports in past 2 years. To quote from Shucks, "The moral is (I think) don't grow up!"

EL SALVADOR-* HT reports a reply card signed and rubber stamped from YSDR (620) Santa Ana. Signer is Raul De Griess, Gerente.

PUERTO RICO-* CAS reports that his QSL form was returned signed and rubber stamped by WLAC.

COSTA RICA-* CAS also reports a verie letter in from TIGRH, which said they would send a QSL card later.

SOUTH AMERICA

ECUADOR-* HCGM (1490) Apartado 418, Quito, has air mailed a verie to HT, signed by Gerardo A. Munoa, y Rom, Gerente.

COLOMBIA-* HJCS (920) "Radio Continental", Apartado Acero 53-42, Bogota, has air also mailed a verie to HT, signed by J. Palacios, Gerente.

BRAZIL-* Another nice verie for HT in from ZYU-7 (1350) "Radio Borborema", Campina Grande. International Reply Card returned by Gerente (Can't read his name) with photo card clipped on reply card. Number 26 for Brazil and result of plenty of follow-ups. (HT) CMS says he has a verie in for harmonic of YVNL. His QSL form which specifies their harmonic frequency of 2520 was signed and rubber stamped. They also sent their own QSL card.

EUROPE

GERMANY-* RA has an attractive blue-white glossy QSL card from Munich for Radio Free Europe (854) signed by Technical Director. Address is APO 166, C/o Postmaster, New York, N. Y. HT reports that Fred Anderson said in verifying AFW Stuttgart to toll NRC members to send OQ air mail stamp instead of an IRC where APO addresses are in use. (Editor's note-I thought you all know) More from RA's verie from AFW-Stuttgart. It is a 200 Kw. station using half power. On 0600-2400 GMT on 1106 Kcs. On Tuesday, Wednesday, and Thursday, the AFW transmitter is on 24 hours a day relaying the Voice of America. CMS reports a verie letter in from NWR for station on 755 Kcs.

ITALY-* Verie cards in from RAI for stations on 656 and 1034 Kcs.

(PMS)

PORTUGAL-* Lisbon I (665) and Parede (1034) heard on 3/24 with 3-8 signals at 1820. (RA)

SPAIN-* RA reports a yellow QSL from Radio Nacional de Espana definitely verifies 584 Kcs. outlet with 120 Kw., but no mention of transmitter location. Can any of our European members help on location? RNE (584) and San Sebastian (1026) heard at 1015 on 3/24.

FRANCE-* RA has an air mail letter from Paris office to verify Limoges I (793). This is 77th European verie.

DENMARK-* Kalundborg (1061) with picture card verie of Copenhagen Radio House. nicely worded verie in. Signer is Paul Borg. (HT)

BULGARIA-* CMS has verie cards in for Sofia (826) and Stara Zagora (1235). (CMS)

AFRICA

FRENCH MOROCCO-* Form letter received for reception of Seba Acin (611) signed by rubber stamp of "Ingenieur on Chef", Services Techniques. (RA)

TANGIER-* "Radio Tangier" (1079) and "Radio International" (1232) both heard at 1820 on 3/24. (RA)

ASIA

THAILAND-* HSK9 (825) Bangkok, operates in the National Home Service at 1900-2000 and 0500-0620 EST daily along with short wave stations on 6540, 7140, 11910, and 15640 Kcs. (SV)

Bill Moser-217 Connellsville St-Uniontown, Penn is going to Washington DX for a visit and would like info regarding the FCC as to visiting hours of business and their QRA, how about it Washington DX members?
JAPAN--JOFR (1190) Fukuoka, "Radio Kyushu" Broadcasting Co., Watanabe-dori, 2 Chome, has sent an air mail verio to RT stating that station was started in August, 1953, and has been on 1190 Kc. since. Also says this is first report from JAP, Hank's 9th Japanese verio from the Vermont hills. JOFR also sent Hank a list of some of the more powerful Japanese stations now operating. They are:

JOFR  Tokyo  1150  10 Kw.
JOFR  Fukuoka  1190  10 Kw.
JOFR  Osaka  1210  10 Kw.
JOFR  Satsumo  1230  3 Kw.
JOFR  Smando  1250  3 Kw.
FEN  Nagoya  1270  10 Kw.
JOFR  Kitami  1290  10 Kw.

CELEBRIA

JOHNSTON ISLAND--CMS has a verio letter from WTV. In addition to definitely verifying his reception, they specified frequency and power.

HAWAII--CMS reports a verio letter in from KH.

AUSTRALIA--CMS has logged SWL (770) Melbourne on 3/10 at 0430 and 4AT (540) Atherton on 3/15 at 0400. RA notes logging 2FR (1560) from 0451 to 0530 on 3/27 with TT from WXYR. Also 2CR (1540) with amazing S-9 signal at 0515 on 3/27. Others heard on 3/27 were 2HT (1570), 2K0 (1140), and 2MW (1440). HS adds his list of Australians logged in March as SWL (1450), ZNX (1560), 2KO (1410), 2SM (1270), 4BK (1290), 3CV (1440), 2MW (1440), 4MK (1220), 5XM (1280), 4MK (1150), and the following ABC stations; 2BK (550), 3N (620), 5CR (640), 2CO (670), 2KF (580), 2KR (700), 5CL (730), 3EL (740), 4RS (750), 3LO (770), 4GS (790), 2NA (820), 36I (830), 4MK (840), 2CQ (850), 5AN (890), 72R (940), and 4KM (940).

NEW ZEALAND--HS also reports the following New Zealanders: 2XP (1370), 2XC (1180), 3YA (570), 2XG (1010), and 2XH (1200).

REPORTERS

CMS-S. M. Stanbury II, Box 218, Crystal Lake, Ontario, Canada.
RT-Roger Anderson, 5700 Eighth Road North, Arlington 6, Virginia.
RT-Rank Tynadall, 225 North Street, Burlington, Vermont.
SW--Swedon Calling DXers, Radio Sweden, Stockholm, Sweden.
KSW-Harold S. Williams, 50 Third Avenue, Seymour, Connecticut
RS-Harold E. Schrock, R. R. #1, Foxton, Illinois.

Supremacy Ratings will be in the April 17th issue. Get them in now with your best African catch. Still interested in DXers who are interested in rejoining. Plan to start a round-robin letter among us very soon. Soon to be at least 8 so far.

THE LIST

The LIST will appear through the summer months in an effort to help all members clear up holdout reports. Here will be listed the stations which members list as hold-outs (Foreign only, please). If you see a station listed which you have verified during the past 2 years, please send us the name of the signal, and anything you can tell us of the address, slogan, etc. The list will be started this month and continued in the next bulletin, and so on. The figure after the station indicates the number of DXers who report it delinquent.

NICARAGUA--YNE (935)-2
MONACO--SAME (1466)-1
COSTA RICA--TINS (918)-1

CUBA--CMJE (1180)-1
CMCF (1420)-1
CMAG (1650)-1
CMCF (910)-1
CMCU (660)-1
CMGD (740)-2
CMCK (980)-1
CMCG (1050)-2

More in the next bulletin when the LIST will be continued.
