Volume 22 - Number 17 - Our Twenty-Second Year - January 3, 1958

WERE BUDDY-BUDDY TO BUDDY
"N.R.C. tips have sure been helpful and the DXes wonderful. Thanks to the varie signers list I got K4PC in the fold after nearly eight years. Have received plenty of help from the "DX NEWS.""

-Buddy Giles - 2844 Guilford Lane - Oklahoma City 13, Okla.

**THIS IS A COMPLETE LIST OF THOSE ATTENDING THE CONVENTION**

Oscar Carlson, wife, and son  
Leo A. Shelly, wife, and two daughters  
Jim O'Brien, wife and baby daughter  
Joe and Marty Braun (our hosts)  
Dick Cooper and Ted Salzer  

**FRANCES NITTLE, Denver, Colo., for being the first to get points in 35 areas and double points in 25 areas.**

**SAYS PARTY (LRS. JOE) BRAUNER**

My greeting for the season to all members of the club and both Joe and I hope to have the gang here at the farm for a Convention in the year of 1956. Joe went back to Buffalo to work until the last of August and even if I do have Dad with me, it is mighty lonesome without my partner."

And once more, we want to thank again Joe and Party for a wonderful Convention week-end.  
And remember that the 1955 Convention is all set for the Labor Day week-end, in Cedar Rapids, Iowa.

A WINNER

Hal Williams is the winner of #10 prize being 5th place on new years day. I also plan to some knot that we have 37 contestants contine, yours truly. I have $12.05 toward the prizes. Total needed is $16.00 so thanks to all for their contributions.

By James, Decatur, Ill.

A couple of queries this week: Gene Cameron wants to know if anyone can tell him where the AFRS stations on 590 in Alaska is located. Lefty wants to know is the last on 1070 under XERF by 1/2, around 0530.

Well, we had to cut down on everything this week in order to make this one stick, so we wouldn't have a blank cover and an extra sheet of paper in the envelope to make for extra postage. These articles were last important, and which could be held to next week here.

No more room, so
73 & 50
NRC/CDXC/AM
FOREIGN PAGE 5

January 1, 1954

EAST GERMANY--**-Berlin (782) logged by CMS at 0005 on 12/10. USSR--**-JA reports some interesting reception having logged some rather rare ones lately. Says 12 heard this season. On 12/15 he logged Voronzov (944) at 2220, weak signal, Kursk (1214) fair at 2350, and Vilinus (665) at 2235-2300, even with local WRCA on 660 and no crystal. Also heard Simferopol (548) 2240-2300 on 11/23 fair but severe fading and. Yaroslavl (926) weak signal 0010-0015 on 11/29, blocked by Brussels carrier after 0015. Also heard and previously reported were stations on 735, 935, 988, 1034, 1106, 1124, and 1142. If anyone has a recent list of USSR stations, please check JA on his locations. CMS has been having good luck too with Moghilev (1106) logged at 2305 on 12/10. He also reports Tallinn (1034) at 2230 on 12/15 and a Radio Moscow outlet on 656 Kcs., at 0100 on 12/17. (It's Murmansk, Stan)

ESTONIAN S3R--**-Tallinn reported above on 1034 was also logged by RA from 2200 on most mornings.

NORWAY--Stavanger (1315) with S-9 Plus signals, good modulation and nice Christmas program heard at 0155 on 12/25. Vgna (629) with S-7 signals on 12/24 at 0220, and Fredrikstad (1578) also on 12/25.

YUGOSLAVIA--**-English news is broadcast over Yugoslavian stations at 2315-2330 GMT (1815-1830 EST) over 1263, 1133, and 917 Kcs. (FP) Roy, the WRH says this is 2215-2230 or 1715-1730 EST. Can you check?

SWEDEN--**-Sundsvall (593) logged with S-5 signals, poor modulation for 150 Kcs. on 12/24 at 0203 with news and story-time program. Common wave (1394) with floa power had stronger signals but unreadable. Common wave (1562) on 12/23 and 12/24 from 0200 on with S-6 signals. Best signal of all was Falun (1223) with S-9 Plus signal on 12/25 at 0150 with very clear Christmas church service. Very good despite Christmas all-nighter on 1220 Kcs. (RA)

BULGARIA--**-Sofia I (827) with S-8 signals and good modulation on 12/24 at 1555 was logged by RA who figures it must have been a great afternoon that he had to miss by leaving for Christmas eve supper.

WEST GERMANY--**-965 Kcs. transmitter heard evenings, 2500 on 12/23 12/24. Which affiliate is it? (Hop, only thing listed close is Hof on 962 Kcs., Bayerische Landfunk) Also RIAS (989) with S-8 signal first time ever heard clear on 12/24 at 0125. (RA) CMS logged NWDR (1484) at 0145 on 12/16. JA says that there are two stations in parallel on 962 and 853 Kcs., heard around 0030 most nights. Seem to come on about 2230 which may indicate that they are East German. (Infor here has a Soviet station in Berlin on 860, nothing on 858-FV) AFN (548) finally logged around 0140 on 11/29 much more difficult to hear than Frankfurt (872) or Stuttgart (1106). The VOA was also logged on this frequency in Russian 2250-2215 on 11/29, positive ID in English, "This is the VOA station in Munich", Munich (800) heard with good signal, on clear at 0215-0230 on 11/29. (JA)

AUSTRIA--**-Vienna (584) heard 2345-2400 on 11/19 with fair signal. (JA)

GREAT BRITAIN--**-England Bbc (908) (692) (1088), Scotland (809), North Iroland (1151) still S-8 at 0415 on 12/20. On 12/24 noted different programs on 908, 809, and 1088. (RA) CMS notes 1434 freq. logged at 0330 on 12/15. JA reports different programs on 692, 861, 908, 1088, and 1151 during their "Program Parade" at 0211-0215 on 11/29, and figures this a good chance to get individual transmitters.
HMS had quite a field day on 12/24 with Brockman Park (008) 0130-0155 band music, detailed weather report, then time pips at 0200. Same program heard on 309 Kcs. with WGN silent. Also heard on 692 Kc. Last signal not readable. Clevedon (1457) was logged at 0256 after WGN went off, held to about 0315. Sending reports.

MONACO*-HSW logged a French speaking station on 1466 Kcs. on 12/24 at 0230 and thinks it must have been Monte Carlo, and he is sending a report.

FRANCE-*Lyon (602) heard with strong signal at 0115 on 11/29. Lille (1376) heard with English 1740-1800 on 11/29. (JA) Nice (1554) verified with letter from J.P. Faur, le Secrétaire des Emissions, 2 Place Grimaldi. Nice. (RR) Bordeaux I (1205) logged at 0214 on 12/13 with a signal which was good in spots. (DR)

POLAND-*SPI (618) logged at 0110 on 12/16. This one is in Warsaw. (CMS)

CZECHOSLOVAKIA-*Missed this one when doing the item first time. RA reports Prague (633) logged on 12/24 at 0136 with fine musical program.

ITALY-*Trieste (813) heard with good signal on 11/25 from 1730-1809 sign-off. Also a station heard on 1175 Kcs. in Italian from 1700-1745 on 11/28, signal good. (There is one listed on 1178 Kcs-FV)

BELGIUM-*Brussels (620) heard at 0210 on 11/29 on top of US stations. (JA)

NOTES-*HS sends along a tabulation of his TA reception on 12/9, 12/11, 12/14, 12/16, and 12/18. It is too long to include, but to cut it short, no experienced good reception of stations in 12 TA countries, not bad from the middle west. Says BBC and France are the most consistent.

Romania--English news is broadcast over Radio Bucharest (755) at 2230-2300 GMT or 1730-1800 EST. (SW)

AFRICA

Egypt--Schedule for Cairo stations is as follows: 2300-0500 on 320 Kcs., 0500-1900 on 773 Kcs., and 2300-1800 on 980, 1079, and 1142. This is Arabic. In several languages including English over Program II from 0130-0300, 0530-0600, 1000-1600 on 557 Kcs. Then External programs are in Sundance on 620 Kcs. from 0930-1120; in Turkish on 320 Kcs. from 1130-1200, and "The Arab Voice" on 620 from 1200-1615. (WRK) RP logged the 773 Kcs. station at 1700 GMT behind Stockholm.

TANGIER-*Station on 1232 Kcs. logged at 1630 GMT with English on Thursday, Saturday, and Sunday. (IP) "Radio Africa"-Maghreb (935) with S-8 signal at 0200 sign-on on 12/24. Radio International (1232) with S-7 signal on 12/19 at 1730. (RA)

ALGERIA-*Constantine, Gran I and II (1304 & 1142) have S-9 plus signals in afternoon from 12/15-12/24. They must be using their increased power this year. (JA)

FRENCH WEST AFRICA-*Dakar Inter is now on 1430 Kcs. from 1430, heard with French news 0230-0245 on 11/29. (JA & SF)

Spanish Morocco--"Radio Dorra", Tetuan, is now on 918 Kcs. from 904 Kcs. (KB)

FRENCH MOROCCO-*ER reports a mystery station APRS on 1581-2 Kcs. Hours are all 0000 sign-on to 1900 EST sign-off. Five hours ahead of EST. Poor modulation and varies in freq. Call sounds like WIND. Seems to be in general direction of Iceland or Scotland. ER guesses it to be Prestwick. We put it here because we have definite info on a WIND operating on 1582-1586 Kcs. in Normandy, French Morocco. It is an APRS station.

ASIA

Pakistan--APF1 Peshawar, has moved to 790 Kcs. from 629 Kcs. (NZ)
FOREIGN PAGE 7

JAPAN- JS-JOHR changed to 1190 Kcs. on May 15th. Was on 1230. Says station now on 1250 is not Japanese. (KR) 830 Kcs. Asian heard to identify at 1005 12/7 at VUNC, The Voice of the United Nations Command. JOEB transmitter, probably. Verica is from NHK-Sendai, JPCR on a QSL card and friendly letter definitely verifying JOEB. This in answer to direct report to JOEB. On 12/3 strong Japanese was heard on 1250 Kcs., at 0445 on, so a report to JOEB, "Radio Sendai", 3 Kw. Following is a list of Japanese stations logged by NC during December, and he suggests that you Far Westeners try for these you don't have: 540 Either JQOZ or JQJO; 590-JOA8, most consistent Jap heard around 0530 best; 670-JOBK, fair signal when KNEC is off; 690-JOAB, S-7, with LA QRM; 790-JOFK, very poor; 830-JOEB, usually overriding WOCO; 850-JOAK, S-4, bad QRM; 870-JOLB S-5 in clear until WWI comes on; 880-JOPK S-9 with excellent signal; S-50-JOHK S-3 in clear until 0600; 930-JOGK S-4, usually poor in QRM; 990-JOPK S-6 over all QRM; 1100-JOFR, S-7 easily overrides KOCO; 1100-JOBK S-5 in clear as KDKA, usually weak; 1040-4 Japs on this freq and one here usually over WHO at 3-7; 1130-JOCR S-5 in clear until KWKH signs on; 1210-JOCR S-6 overriding WC AU; 1270-FEN S-4 in bad QRM; 1290-JOCR S-6 in bad QRM usually; 1390-FEN Osaka or a Jap scooter. (It is JOKD, Kitami, 10 Kw.-TV) FEN Osaka is inactive. 1460 another unknown in QRM. (Only one here is AFKI-Motoo) JOFP, (1490) Koh, Japan; 3 day, 600 w night, opened 7/1 with verico signor C. E. Yashito Sato, (NZ) JOBR (1130) is now on from Tokyo. signor is Junji S. Saito, Editor. Power is 3 Kw. day and 1 Kw. Night. (NZ)

RYUKU ISLANDS- WA- Okinawa (1180) good most mornings at 0500 sign-on. Should get to the East on Sunday mornings. (RC & KMM)

CHINA- Peking (728) verified with letter from Chong Chang-fong. (KR)

Iraq- Baghdad Radio on 764 Kcs. operates in Arabic from 2255-0000, 0400-0600, and 0755-1430. (WRH)

Syria- Active frequencies now are 665, 752, 602, and 719 Kcs. (WRH)

OCEANIA

HAWAII- Air-mail typed verico card from KIKI (860) and 250 watts for eleventh Hawaiian. No signer, but address is KIKI Ltd., 320 Ward Ave., Honolulu. (RA)

AUSTRALIA- Long verico letter from 3OV, Cairnsbrook, Victoria (1440) for recption of 3/15 after report and two follow-ups. Signor is Ken J. Parka, Mgr (VOCNPE) and now address is Box 9, Cairnsbrook, Member of Macquarie Broadcasting Service. 24th Australian for RA.

GILBERT ISLANDS- VTW Tarawa has been testing irregularly on 844 Kcs. Two test were broadcast in October starting at 7 PM local time. (KR)

MYSTERY

If you fellows who send your foreign quierics in your musings would direct them here, you would get better attention. I don't always have time to read all the musings, but if you write to me, I will definitely answer you. To John Johnson, Cuban on 690 is GMHD, and one on 670 is CHKP. To Pat McHenry, your Englishman on 900, must have been Broomans Park on 908, nothing else close. To Francis Nittler, the Cuban on 1490 is definitely CMOX.

Now, RS has some questions directed to the Digest. Spanish speaker on 1555 Kcs. 12/9 music to sign-off at 0130. (No help) One on 620 Kcs. in Mexico sounding like KEXK, "La Voz de something". (This one likely KEXK, Mexico City.) Also one on 975 Kcs. in Spanish music to 0330 sign-off. (Look under Cuba, this is CMED) Another on 1440 Kcs. with music to 0200 sign-off, probably Mexico. XELZ or XEPF
FOREIGN PAGE 8 · Dr. NEWS · January 1, 1955

HS also reports an unknown on 1424 Kcs., on 12/16 in Spanish at 0150. (TIAN is on 1425 Kcs., FV) and his last is Spanish on 780 Kcs., on 12/20 to 0515, possibly a Venezuelan. (Could be YVOD)

Also to HS, BBC stations could be addressed at their locations. We did give you the Belfast address which sends a quite acceptable veric letter. We have no other addresses except as you send them to us. If either KB or RP can help you, why don’t you write them direct. Addresses are below.

MF has asked about a mystery Latin on 975 Kcs., but we have already answered this one, Mike under Cuba above. This one was heard by several and identified as OMD.

DR has a few mysteries with one on 370 Kcs., on 12/12 signing off at 0215 with the tones that sounded similar to those used by Portugal on short wave. Also one on 380 sounding like BBC. Don, this is the BBC transmitter in Wales with transmitters at Washford Cross, Ponancock, and Wroxham. DR also asks about an Arabic speaking station on 1375 Kcs. logged at 0208 on 12/15. (Don, Lille I is the only station in Europe or Africa on this frequency—FV)

If any one of you can help on any of the above unanswered mysteries, stations, please drop a card to your editor.

REPORTERS

MF-Mike Ferguson, 3337 Prospect, Houston 4, Texas.
KR-Keith Robinson, Kapura #7, R. D. 1, Invercargill, New Zealand.

DM-Don Rollor, Route #1, Dunont Road, Fort Wayne 8, Indiana.
SJ-Steve Johnson, Box 145, Havre de Grace, Maryland.
TV-Your Editor, Box 132, Lemoyne, Pennsylvania.

Hope that I haven’t missed anyone, but it is quite possible with the large number of reports to be taken care of this week. I feel that with the new information included in this DIGEST, that it is the best issue we have had this season. Now, let us keep the news coming in so that we can all share it. I certainly appreciate your cooperation in sending in material grouped properly. If you didn’t, I just couldn’t have handled it this week. Perhaps with the holiday season past, we can settle down and have the material for you each week on time.

I would like to take this opportunity to extend my sincere thanks to all who send Christmas cards. I wish that I could acknowledge them all personally, but since that is impossible, please accept my thanks given here for all of your cards and sincere wishes.

To those who asked about the INTERNATIONAL LOG, I was caught with it only about 3/4 done at Christmas time, and just didn’t get it finished. Will promise nothing, but I will let you know just as soon as it is ready. For the future, deadlines must remain Tuesday morning at Lemoyne, although occasionally material arriving Wednesday morning will arrive in time to be used. Now, to all of you, the Happiest of New Years with at least 25 new stations in foreign countries now. 73

Continued on next page
I am up DXing here at 5:00 and have been since 3:00 but not much on except the all-nighters which I have reported or verified that I did log the new station in Central City, Ky. this AM at 5:55 with some tone and one ID in an hour so was lucky to get him, 1,600 kc/s. Here is my latest since last report. 12/18 - KE6X 1480 s/off at 2. KYOS-1480 RS at 2. KASH 1150 for NNNC. KVOE-1480 RS at 3.

WIAK new one in Jackson, Tenn. ET. WJRM 990 test at 3:02. WJVB-1010 test at 4:15. KBEL-1500 ex-1450 testing from McCook, Neb. 12/20 - WJMN-1450 RS. KUTI-900 DX in very clear. No sign of WGRA for DX. KWIL DX in clear. CMHG-780 on at 4:45. NNNC DX also good and clear as was WMVO DX. Same one on 790 kc/s. playing waits but no ID. A foreign one on 800 kc/s. with a language that I never heard before, Arabic, or something, but very weak. Not much on Christmas. I am from France Canadians on but did not identify any. Thought I heard CKGY 1280 ID but not sure so sent report anyway. CMKX-770 heard on that AM. 12/25 - KFNC-1560 RS at 2.

KELP-320 RS at 2:30. KXME-540 s/off 3:07. Who is on 720 after WGN gets off 720? Organ music, not Spanish at 2:30. (KXMR -Sd.) 12/27 - WTRH-1380 added to all-nighters. WION 1430 test at 4:18. WELY-1450 DX but trouble from WIX and another KONY-1470 s/on at 5:00. 12/33 - KXLO-1350 s/off at midnight. WAFB-610 RS at 10 p.m. WESS-610 at 10 p.m. 12/33 - WNES Central City, Ky. ET on 1600. WBOC 1560 s/on at 4:00 and WREG-1370 s/on at 5. That seems to be it for this year of '54. Very good year for DX, having verified 297. Verifies since last report are from KNWS-80 KEUE-820 KBOA-1370 VOFB-1370 WELD-1360 WBBM-1560 KYA-1330 OAKA-854, WMTO HERSX, KFSD-600 KEHEL-1050 WMAK 1480, KOMA 680 KASM NVRG DX. My total now stands at 223 in three years of DXing. My third year with good old NNC is almost here and I must say I have enjoyed it very much. Hope to be with the club a long while to come. Here's wishing all of you a very prosperous and Happy New Year.

Sid Rosenberg - 306 Market Street - Wheeling, West Virginia

DX continues for here and the same applies to verify. Dec. 27 - WJRM (1380) announced 24 hours and that included Monday AM. *WJIV (1450) heard past 2:00; Lot in testing testing on 1450 with March music and s/off at 2:557; (English used). (CWMY -4d.) *WCRE (1420) on NBC DX easily copied despite heavy static. WELY (1450) failed to get through static and QRM. Dec. 31 - KATZ (1320) St. Louis, Mo. on ET with strong signal 2-3. Will go on? Jan. 3, 6 a.m.-6 p.m. EST with opening program, "Highway to Heaven." A station under KATZ signing off ET at 2:15. Four letters sounded like WNES. WOTC 1590 on ET 3:15 through 5:26 s/off. *WHRM (1320) (? ) r/c 3:32-3:40. Jan. 1 - *KORG (1500) with Natural program 2:30 and on. CGBI and CVJL (500) fighting it out on 900, with CVI usually on top. KOPP (730) strong at 3:30. *KERY (730) Medford, Ore. on ET 2:40.24145 and on Jan. 2 - *WOCJ (1450) North Vernon, Ind. on ET. *WABS (1600) Central City, Ky. 500 watts on ET 3:00-3:50, prior to RS Jan. 2 at 3:00 EST (first program). Verifies in are: WKEN KAYO WADA WOGW WELW KBOA KERS WAMES, all letters. Verifies creeping toward 1400 - only seven more to go. I can feel the breath of Hal Williams on my neck. Hi, Hal! Enjoyed the Pittsburgh Press story on the WILY DX and hope the NNC can get more publicity like that. (See Holbrook, Page 8, Sid -Ed.)

PFC, 2nd, Barry Foote - 273 North Avenue - Weston 93, Massachusetts

A Happy New Year to you all. Been on a ten day leave and have had a wonderful time. Got some DX in and it sure felt like old times. Most of my catches were thanks to "DX NEWS." New ones here are: WDKR 540, WORE 1420, WOIC 1470 s/on 5:00 in clear, WJIO 1450, WICK 1400, WETP 1350, WOTC 1290, another all-nighter I guess. WILL 730, WHRM 1330 s/on 5:00, WZHJ and WWJ 970, WINS 790 at RS s/on 6:00, and WBB 810. Others not identified, but believed to be WJLY 1080 at s/off 4:45 p.m. and BRC on 851. A few others heard on various weekend passes here are: WDAF 980, WKM and WGC 1350, WJIO 1380, WLBH 1560, WRRI 1380 first day on 11/28, and VOGC 1370. WPDE is no more and WSSR is heard on the 1420 spot now. Local WORE 1380 is unlimited and schedule is 5:00 (1000)-12:30 a.m. They have added HI and feature "long hair music." CKVX 960 announces they are moving to 850 soon. Well, this is my year - become a civilian again and back to more active DXing. Have hopes to be at the Convention this year, too. So long for now. Got to get ready to drive to the arsenal in New Jersey.
My DX activities have been greatly curtailed the past ten days with the Christmas Rush at the local Post Office. However, I did manage to get to the dials on several occasions. The big morning of DX Specials on 12/20 profitted my DX log with four new ones, namely KUTI (900) Yakima, Wash., WKDH (950) Barnesboro, Pa., WISO (1330) Mount Vernon, Ohio and WJVL (990) Albany, Ore. A report was sent to WJVL (1330) Little Falls, N.Y. on their all-morning DX show, although not needed, but I'm sorry to report that the DX scheduled from WHAR (1540) Clarksbury, W. Va. could not be heard, as CQOB's all-night program was a powerhouse at this den at the time. And on how I wanted to hear WHAR, as it is one of three needed in the state of West Virginia. On 12/24 WSTN (1420) St. Augustine, Fla. was heard with their regular s/on at 5:30 a.m., and for the ten minutes following as WBBL overslept on this particular morning. My thanks to Joe Brauner for this tip. Then on Christmas morning I logged one new French Canadian station, namely CKNL (310) Roberval, Que., as they were spinning records 4:30-5 a.m., with some CQI from all-night KPOD. Thank you, Steve Walbridge, for your kindness in aiding our members with valuable information on French Canadians on Christmas morning. At 5 a.m. on 12/25 I logged that new all-Negro station WIOK (1150) Tampa, Fla. with their RS, having slight interference from CQJL (1550) St. John, N.B. Evidently WCIU signed on late on this holiday morning. Another thanks to Joe Brauner for the tip on the logging of the new WACR (1480) Lumberton, N.C. which I logged on Sunday, 12/23 at 5:59 a.m. with their regular s/on and in the clear till 6:05 a.m. when WCIN took to the air on their RS. Verification letters were few and far between, possibly due to the heavy holiday mail. Letters came from WFOJ-dx WSTN WJAK. (Len's, and Steve's report below, came one day too late for the 1/1 issue).

Stan Morse - R.R. 3 = Bradford, Massachusetts

Dec. 19 - WIOK 1380 Poughkeepsie testing at 2:30. WJAK 1450 Jackson, Tenn. ET at 4:59. CKHJ 1350 heard at 1:01. CKHJ 1350 heard at 3:05. KEFO s/off 690 test at 3:13. Station with polkas on 990 at 3:50 - XET test at 3:43 covered them - possibly WMMN? No announcements were heard. Dec. 19- XEMK "Radio 620" with La Pasada Festival music, 2:30. WEDJ test 3:20. 12/20- KRLM 1250 still on. AFN on 970. Spanish-Polish news at 2:30 on 1340 - BBC Foreign Service? WBBW 1340 f/c 3. Tried WHAR for about five minutes, then as not heard, copied KUTI 900 easily to then WVO 1380 to 4:20. A powerhouse on 790 testing. Didn't get any calls - may be WMMN? But through occasional carrier, KW11 booming in for our favorite march and s/off - not enough for a report, though. Veries, WJOB and WTB, Hipsley, Tenn. 12/24- Veries, WSB to finish Delaware again, WKNW WJOB, a rubber stamp. GCH 1460 North Vernon, Ind. on ET at 2:45 to s/off 2:55 to complete active Indiana again. BEC on 809 in clear 3:05. No WGY or KCMO in sight. KVIM 1360, New Iberia, La. under KREL at 3:15. WHAI test 1230 at 3:45. WJOB clearing house - two veries, one for October 15th report and one for September 15th report. A patient waiter is no loser, hi. Also WSTN a carbon form. I wonder if any station has changed calls as many times as KEHS (as-KGBS-KABC-KTAP-KCMM?) Several have had four sets and lots have had three. 12/25- Christmas - got my present or one anyway in seven new stations logged for reports - CHRL CHLN CJMS WARN TIPW WSES and WTVN. Late s/ons etc. helped. Heard as follows: XEDM 1580 2:05 a.m. in Spanish. 0350 1330 2:07. CKGT St. Joseph 91.5 2:09. CIEE Matamor 2:10 (1250). WVOA 1240 at 2:15 f/c, QRM by several, WSN and I think CKTS. CHER 910 Roberval 2:30, covered by BBC 908 at 2:35. WNES 1300 Central City, Ky. at 2:45 on ET and asking for collect calls. QRM by KASH and unknown. CJMS 1280 topping CKOV at 3:08. CHER 910 again for good report 3:28. No BBC this time. CHLN 550, annual report 3:50-4:05 s/off. Never replies even on WMSR DX last season with three f/ups and prepared card. Here's hoping. TISQG 550 annual report also. Once they verified for SW, 4:05-4:27. WWVA WOAR CHIN off at 4:30. WWVA always off Christmas M. CJON 4:45 a.m. St. Johns; WARN s/on 1330 at 5:32 a.m., only CQ12 QRM, said second anniversary. WKST 5:30, 1330; KLON 5:35 910, QRM from station advertising something as a bargain at $9, 280 - scammed like some or the prices farm equipment dealers give us as "bargains". WAKR 1590 s/off 6:29, WIOK 1390 at 5:30, WBOA 5:30-1350, WTVN 5:31 easy over WIP until 5:45 when WSSN topped them. WFAF WQXI WATC all heard at 5:55 on 790. WNEB s/off 6:56 14:35.
Well, the above is the new home address. We haven't become farmers yet but we have gone rural on you and brother, what reception? WBZ to KCBF all legible during the middle of the day! The antenna I have been using is all rolled up in a pile on the ground. I'll be back at 15 Harrison in Charleston Ill., but I'll take my radio, after Jan. 3. Was home during Thanksgiving for the last Vinetka DX session and sent report to WAAK KTHU KCWE and WJIA, also KEEO. Only reply was a poor QSL from WAHX. Why no WAAK reply? Came home to help move here the following weekend and logged WAVE WSVF and WNAME. All in but WSVG's. Didn't you get my letter, Phil, since I see everybody else got raises? Now to Christmas vacation DX.

12/13 logged KASQ dx for WAVE 100% perfect for a prized logging. Then WAVE on test, WSGS W430 and WMAK 1430. Lash three have all verified. Then also logged WAVE 860, WAVE 930 and WCAP 1400. Daytime loggings noted WAVE 1080 in like a local followed by WAVE 860 and WAVE 930, both having verified. WAVE said they had no other reception reports from DXers at the same hour. Also logged WAVE 930 signing off. 12/14, WAVE logged. 12/30- A hammer warning with DXers from KUTI KCKM WAVE and WAVE in like locals and WAVE a bit hard. WAVE 730 heard but unable to send report due to some station playing "The Spirit Waltz" and "The Danube" over and over. Who was it? Other loggings WANA 1490 test, WCAH 1280 s/on, WBCU 1450 s/on and KCMG 1260 MT. 12/21- WCGW 920 r/c and WAVE 70 first day of RS. 12/22- WAVE 930 s/on. 12/23- WAVE 1430 test, CJIY RS, WTST s/on 15. 12/5, WBCU reading Ted Weiser's report at 4:15, WAVE 960, WAVE 1470 s/on 6 s/end, KAVU s/on 6:30. Then daytime reception of WCGW 1130 on 12/24. 12/25- WCGW 930 on all night with sponsors. Hope not on all night now. CJSW 1970, CKC 1280 and JUJO 1320, also other French Canadians heard weekly all over the dial. Also report to WSCB 1570 after six unsuccessful tries. 12/26 - Daytime reception of WAVE 930 and KCMG 1260. 12/27- New 24 hours asked for WAVE and Monday too. DXers from WELY and WCGM in fair with CJSW. Also heard and reported WWUS 1520 4:15 s/on, KCMG 1360, WAVE 1570 r/c, KCMG 1260 and WAVE 1260 s/on at 5. Heard WAVE 1260 s/on at 5:45 but too much QRM. Then WIND s/on. Can't they delete or something? I am always adding stations to my heard log but never can send them reports.

Mike Ferguson, 332 Prospect Street, Houston, Tex. Lots of DX to report this time for a change. 12/25 and 12/27 were two of the best DX days ever seen here, and I took advantage of both of them. Actually, 12/25 was excellent too, with Rennes-674, Nancy-636 and a couple others logged. 12/26 was the top DX day, with the following stations logged: Brussels-926, Hilversum-946 and 1207, BCW-908 (running the U.S. signals on the 910 spot), Setons-754 and one on 1170 which must have been Horky, although the language didn't sound like Swedish. Bordeaux-1265 and BBC Germany 1295 heard weaker, along with BFN-1234 and one on 1106, evidently AM, which couldn't be copied very well. There were several others heard, but I reported those last winter, so won't repeat them here. Also heard 12/25 was LA on 1138, evidently TQ4. 11/7 - Brought BBC-881 easy with QRCN off the air; EBC-1151 strong after 3 a.m. KEKH-1550 0/off shortly after 3, WAVE-dx. March music noted on 800 kc/s, during KINJ 1/c period, so a tentative to them. KEKH-900 well heard with Billy Graham show, then pop music. Then a real surprise at 4:50 when the Japs started coming in. JCEB-830 was the strongest, and the only one on which I could get good positive log information. Others heard with weaker signals were JOKH-890, JORD-970 and one behind WAVE carrier which sure sounded like a Jap, but the logs list only 500 watters from Japan on that frequency, so I can't be sure. Also a Jap on 990, the one that had been keeping me guessing all these weeks trying to figure out what I was hearing. At 5 a.m. I ran a tape of WAVE s/on, sent them a card for word log of their first few minutes on the air. WAVE was late getting on, so I had an easy time of it. WAVE would be my first New Hampshire verification. Guess that's it for now. 73s.

Roy H. Miller - Route 2 - Box 6704 - Issaquah, Washington

My DXing by date since last report: 12/26- WMAF-619 Kansas City, Mo. ID at 7:30 a.m.; possibly Bordeaux I on 1250 at 7:30 p.m. with mass. 12/25 - I tried 1430 in hopes of LA Christmas DX, but after KDO 0/off at 4:05 a.m. nothing but Teters and light Jap QRN heard during hour of recording. Unidentified Teter heard on 1356 leaving air at 9:43 p.m., TA. I don't know. CBJ-1580 Chicoutimi, Que., surprisingly atop frequency at 11 p.m. ID. 12/25- KOME-1260 Tulsa, Okla. (conf'd, P. 6)
R. E. Scarborough, St. R. 1, Paxton, Illinois

12/13, all DXes OK except doubtfuls on KAVL and KFIR. COJB dominated 1340 km/s. KSL 1130 off 3:00, s/o 8:00. CKX 1430 3:30, WPAB 1/2 550 3:35. KAYU 1150 interfering with KOME-dx. YRC 880 5:00. WJEF 1230 s/o 6:30. WCOL 1230 s/o 5:40. 12/14 KOA 30th Anniversary. COJA 920 s/o 3:05, s/o 8:00. WEOL-dx OK. WWK 1420 test 3:50. WBFT 1600 s/o 4:00. 12/15, evening, SA/CA loggings - Curaçao 865, CAYA 874, TICG 325 km/s. 12/15 around 2 a.m. Good Europe reception, six countries logged. Best EBC on 1063-08-457 etc. and France 964 km/s. Day and evening loggings WARU/WBGT 1370, WBFF 1370, WDXM 540 s/o 5:45 p.m. WWAJ 540.

12/17 - XEFK 970 s/o 2:00, New KSLM test 2:30. KUSA 1240 all night. KBBF 1360 3:45. KBBF 1370 s/o 3:00, KDON 1460 s/o 3:00. KNCO 1430 3:00. WWYO 970 3:15. 12/18 - KILO 1440 s/o 1:08, Maracor 1463 and French group 1429 at 2:00. XEFK 730 s/o 3:00. KASM 1150 to NNNJ 3:00. KNMA 1150 test 1:55. 12/20 - All DXes except WHAR, WJMA WABN 1:30, 3:10, TT. KCKR 1230, KBBF 790 test 4:04. WHMT 850 TT 5:00, 12/21 - KANS 1480 to 3:00 with Salvation Army Auction. WBXK 1230 s/o 5:00. 12/22 - WIBF 970 s/o 2:00, New WCLO 1300 Morgantown, W.V. 3:15. WCRO 1390 2:45. 12/23 - Europe signals 1:30-3 1196-1057-1554-1333-1313-1357-1303-1253 km/s. 12/25 - CFQT 1270, COJO 1320, CKOH 1280 French programs. KWW 1270 s/o 2:00. VOY 1280 s/o 3:00. Europe signals 1313-1325 km/s. KIT 1280 s/o 3:07. Very CA/SA/WI stations. TEDO 852 km/s. Very good. Best catch, KJ 730 km/s. 12/27. WCRB, WEFT, DX on OK. SBI-BBC good 2:30-3:00. EBC 1450 good 2:40-3:00. Latest I've heard Europe signals but only these two held out. WBN 1450 and to 4:45. 12/28 - No KCBG - instead, WACG. WNY 325 km/s. s/o midnight. 12/29: WABF 1480 km/s. 2:00-2:15. WWB 1300 testing new 1,000 watt transmitter. The new KATZ 1500 St. Louis test 3:15. KENO Las Vegas 1460 in clear. 3:00. 12/30 - The new WCDS, Columbus, etc. on 1320 km/s. KMM 1050 testing 3:00. KDRM 1350 test 3:15. KCKY 1150 test 3:15. WCBM 1150 test 3:15. WTTN 1800 test 3:00. KNX 900 test 3:50. CVOO 903 s/o 4:05 - not 24 hours.

David A. Day - 121 North 8 Street - Manhattan, Kansas

Just thought I would start off the new year right and send in a report on DX doing around this part of the country. Although I have not had too much time to go much in the way of super DX, I have been able in the past few weeks to log my first DX. For the past two Monday Alls I have logged from 3 BBT on 701 km/s. Seba Ayoun, French Morocco with strong signal on my SX-22A Hallcrafters. Also have had quite a few applause frequency stations in Latin America, 695 XN, etc. Nothing terrific. At present am still going to college, am a junior in radio and TV speech here at K-State College, Manhattan. Am also still working at KMM, 1350 km/s, 1500 watts daytime. Am staff announcer. I am planning on having a special from KMM in the very near future. Check calendar. That's about all the doings and goings on around here. Would like to hear from any DXers in New Zealand if they have a little time to correspond. Best of luck to all in the coming year.
C. N. (Stahl) Stanford - Box 218 - Crystal Beach, Ontario

To start off here is Domestic EOB DX by date line. 11/28 - CVIY Victoria, B.C. (900 AM RS, W7MO Clarksville, Tenn. (540) sunset, 11/28 - WABR Tabor City N.C. (1370) NRC DX. 11/29 - KECF San Angelo, Tex. (1420) et. 11/30 - WQRC Louisville, Ky. (790) sunset, KS00 Sioux Falls, S.D. (1140) sunset, 12/1 - WLLI Lenoir City, Tenn. (730) sunset, WJNA Charleston, W. Va. (950) evening. 12/3 - WWIN Laconia, N.H. (1350) daytime, WKBW New Britian, Conn. (940) daytime, WAFI Bangor, Me. (910) daytime, WWKO Ashland, Ky. (1430) daytime. 12/6 - KAYO Seattle, Wash. (1150) s/off, WPXM Lexington, Md. (930) NRC DX, KGBM North Bay, Ont. (600) NRC DX, CHSJ St. John N.B. (1150) s/on. 12/10 - KWJJ Portland, Ore. (1030) RS. 12/13 - WPTF Greensboro, N.C. (950) NRC DX, WKBH Franklin, Ky. (1260) NRC DX. 12/12 - KOFE Pullman, Wash. (1150) NRC DX, WJAS Jacksonville, N.C. (930) NRC DX, WMAL Washington D.C. (650) evening. 12/14 - WQW Omaha, Neb. (550) AM RS, WCEQ Elyria, Ohio (930) NRC DX. 12/15 - KOX Phoenix, Ariz. (550) AM RS, WWHN Huntington, W. Va. (800) s/c. 12/20 - WLLF Little Falls, N.Y. (1320) NRC DX, KXJY Yakima, Wash. (900) NRC DX, CKOM Saskatoon, Sask. (1420) NRC DX, WVMO Mount Vernon, Ohio (1300) NRC DX, KWII Albany, Ore. (790) NRC DX, WNOO Barnesboro, Pa. (950) NRC DX, GJHS Summerside, P.E.I. (1240) s/on. 12/22 - WMD Frederick, Md. (930) NRC DX. 12/25 - KFSA Bismarck, N.D. (550) s/off. 12/27 - KELY, Ely, Minn. (1450) NRC DX. 12/29 - WAFB (1460) Baton Rouge, La. (940) KFME San Diego, Calif. (540) RS, CJY Vernon, B.C. (1470) s/off, KTIB Thibodaux, La. (630) ET. Incidentally, Tom Cooper did a very fine job of announcing on the WJNA and WNOO shows. I imagine they wish he was one of their regular announcers. We are in from WKEH WLPH WAGD WASH KTXJX KTVX WGRC WHERE KNSW KS00 W7MO WIVG WACLM KENS KEPH CBM WTAB WJNA WKEH WACLM KAYO. As for the KWAK DX not counting in the contest, well, I don't see how you can change the rules after the contest has started. Also, KWAK has now been on a total of 45 minutes for the NRC. On the hand, it certainly isn't worth starting a feud over so I think the whole thing is best left where it is and forgotten. Non-CBC loggings are as follows:

On 1530 kc/s, VAK the coast station at Victoria, B.C. and WFG the West Coast tow "San Juan" were both logged. On 2132 kc/s, VCK the coast station at Seven Islands, Que. was logged. On 3945, Trans-Canada Air Lines flight 594 over mid-Atlantic...

Gene Cameron - W. 5004 Hoffman Place - Spokane 14, Washington

Flash: KYNO which has been on RS on Monday AM till 5:00 has replied that on Jan. 17 they will s/off at 3:00 and not interfere with the CRAFT DX. 1954 has ended and totals are 707 logged and 561 veries. KBI3 is sure consistent - they failed to show for the third time. The two shows of 12/27 were both heard, WELY with a beautiful signal, WCRE quite weak. On 12/27, I also added WBNF (1430, Big Rapids, Mich.) on r/c as per list; KJHE (1340, Seward, Alaska) on r/c as per list; KWG (1230, Stockton, Cal.) on s/off at 5; WDIA (1070, Memphis, Tenn.) on RS by 5:15; and WFTF (1330, Greenville, S.C.) on RS by 5:32 and heard through strong KQAC. Up for KFBI on 12/28 I added WNF (1470). Flint, Mich. all-nighter; WTOP (1530, Washington, D.C.) all-nighter (but where was KFBI?) and KFBR (1400, Grand Coulee, Wash.) on r/c and as per list. Veries in this week from WNET WJTC WTAR KSKY KJXC KEEN KAYO KATL and KWIL.

James E. Critchett - 1119 West Arbor Drive - San Diego 3, California

DX notes recently were mainly written on Monday, Dec. 20. KUTI was quite strong after KEW left the air at 3:16. Got off a good report to CKOM, which was also dedicated to the NRC. WHAR and WJHA on 1340 were not heard. KYNO has a new late schedule, on until 5:04, so no WIVO on 1300. KWII was fair until KABO went off at 4:11, but when they changed their directional antenna pattern, they dropped two points on the 3-meter. On 1130 KEW was so strong that I sent a report to them, but am wondering who was behind them with American music and advertising at 4:45 to 5. (KLFY - Ed.) WNGC was weak behind WHLS for the NRC, sounding like RS. Friday, 12/24 tried for WSM, but the two stations heard seemed to be WQAR and CKCS, not WSM! I called 1240. Didn't try for foreign languages. Sunday, 12/26 found KEA a misfire after 3 on 1490, still there at 5:15. No DX Monday, 12/27 because Mother passed away Sunday morning, in her sleep. Veries are from 810 KGGM 790 WSIG, 1290 WTCO, 1300 WJDA/WOOD, 1330 WHE and 1340 KORH. What has happened to WAGS WINT KAIM and WWIN? Again, best wishes for all in the New Year, at work, home, and DX.

GLAD TO SEE SOME NEW REPORTERS IN THIS ISSUE - HOW ABOUT SOME MORE OF YOU BOYS?
Hank Holbrook - 4710 Edgewood Ave. #100 - Bethesda, 14, Maryland
(moved from #106). Have just finished moving to larger apartment across the hall. A dream come true as I use the small bedroom for DX prep. If any of you fellows has a subscription to Town Journal Magazine (formerly the Hamwire) be on the lookout for an article about the DX hobby which should appear in the February issue. Also will be a picture of yours truly DXing at his receiver. It should be worth a chuckle as I'm attired in my beach robe. Article may attract some new prospects to the club, whose address appears. Will send copy to HQ as the Town Journal is not sold on the news stand. (How about a copy for re-printing here, Hank? -Ed.) Well, WHAR failed to show up after exchanging several letters with their president. This is the second year in a row they've promised to DX and failed to come through. Have lost three CPO programs this year from domestics. "Radio Herman" set up for end of January DX over HPSC and HCX. Next year I'll focus my CPO activities on foreign stations only, so if there are any you fellows want, let me know, and I'll see if we can't get some of them on for the good old WRC. December DX has been rather heavy so will simply list stations reported, excluding date and time. A good number of them are the result of DX programs. Reported were (*-verified) WMO* 900, WABE 1010, WKF* 920, WBBG* 1250, WKF* 1260, WPET 1360, KQSM 1180, WLAS 910, WITA 1140, WACX 1560, WPRR 1590, WHK 930, WKF 1040, XVJ 1090, KUTI 800, WMWO 1300, WAGG 800, WLFH 1290, KSNL 1280, Hessieker Grundfunk 553, Donmen 1295, Brussels III 1124, Lvov 335, CFFT 1270, SKNL 910, CBX 1390, KHEF 1370, WKNZ 1430, Turko 1952, Kalundborg 1061, KMBW 540, "Radio Turnover" 1180, "Radio Africa" 330 and HOFH 606 kea. Peak at verification log here shows 1422 stations in 56 countries. Leading state is Pennsylvania with 87. Top ten stations in order: KPAR 650, AMRI 730, 2LT 1370, Kaline 998, KPI 1040, CGS 760, Heidelberg 1283, DX 28 1030, Dakar 1433 and Algiers III 1421. Before signing off, I'd like to thank Steve Wallbridge for his valuable information on Canadian Christmas morning programs. All for now and may the New Year bring and end to the 24-hour pests. I can dream, can't I?

Len Kruse - 815 Euclid Street - Dubuque, Iowa
A Happy New Year to everyone! The two WRC DX Spots Specials for Dec. 27 from WCRE (1420) Charon, S.C. and WERY (1460) Ely, Minn. were heard well, and new to my DX Log. Then on 12/28 the new WNNS (1500) Central City, Ky. was heard on ET at 3:55 a.m. with QRM after 4 by WBOF with their RS. Then on the following morning, 12/29, two more brand new stations were heard with both, namely WCLS (1580) Columbus, Ga. at 1109 a.m. and KATE (1600) St. Louis, Mo. at 2:17 a.m. And still another brand new station was WCHC (1460) North Vernon, Ind. on ET at 1:22 a.m. on 12/30, for my final logging in 1954. And as for my first entry in the new year of 1955, it was the New Year's Party of KWIZ (1460) Santa Ana, Cal. heard the clear from 4:00-4:30 a.m. And on 1/2 I heard the new KCMJ (1380) Columbus, Mo. with their RS 7:30-8:30 a.m., the final 15 minutes interfered with by WHRR. My final three verification letters received in 1954 came from KSNL WPON KAW to bring my official count of verities to 2,637.

Ernie Katterly - 73 Craft Street - Cincinnati 32, Ohio
This is my first "flushing" report so I will state that the receiver here is a Hallcrafter 3-38C modified for a noise limiter and another IF stage, with an 13 meter consisting of a vacuum tube voltmeter across the AVC bus in the receiver. There is also home-brewed regenerative "booster" between the antenna and the 35. The antenna is only about 58 feet long and is strung from one side of my bedroom to the other. DXing here is confined mostly to the mornings special is on and late evening if I can log anything through the QRM from the neighbors' TV sets. After the first week or so of the new year I think I will be able to do more DXing at night for a change. Now to the DXing. 12/27: Logged WCRE 1420 DX 3-3:40 a.m. Also tried for WERY 1460 DX but couldn't get enough for report through the QRM. Received "DX NEWS" and QSL from WQHO 1470 for 12/20 report. Logged WBBG 1480 on RS 10:58-11:24 p.m. 12/28 Logged Scorer on KPAR f/c. Received nice Christmas card from Hal Williams. Thank you, Hal. 12/29 Received veries from WPRD 930 ke/s, for 12/22 WRC DX. 12/31 Received veries from KASM 1150 for 12/18 WRC DX. Logged and reported WHK 1440 on RS 11:24-11:45 p.m. 1/1 Logged and reported WERA 1440 s/off 1:10 a.m., WBUW 1440 on for New Year, WWBE 1420 Jasper, Ala., testing new kilowatt transmitter (and judging by their signal it certainly needed testing), expecting to be using it some time in first week (concl, Page 9)
January 8, 1986

(Ennis Netherly, con'd from P. 8) of new year, still daytime, though. WBOF 1300
RS 4:35-4:57 a.m., WKN 1320 RS 5:00-5:31 a.m. WNCO 1320 RS 5:00-5:12 a.m. WWEB
was logged between 3:39 a.m. tune-in and 4:14 tune-out. 73.

Rudy Giles - 2844 Guilford Lane - Oklahoma City 16, Oklahoma

Have been rather negligent in not getting in a report before now as I have been
Dxing like mad all this fall and winter so far. Sure some good DX and I have
passed the 1300 mark. Sure lots of new ones on. NHC tips have sure been helpful
and the DXes wonderful. Thanks to the varie signers list I got KJET in the fold
after nearly eight years. Recently KJET has verified and has been trying since 1948. Read in bulletin someone asking about KIVN. They are on 1290 kc/s. now and
KJET is KJET with Negro programming. Bad trouble with them as KJET. Hope it
is better with KJET. KIVL is using that call now too; heard them daytime on 1460
with that call. KENS also changed and verified. KVGG verified recent /c, most
difficult ID I have ever run across and took about a year to catch. I am however
approaching saturation in Texas. Oklahoma is complete as in New Mexico here.
KVIN has been testing early AMs on 1470, also KSYM testing on 1250 kc/s. several
AM's last week. DXes of WBB heard this year were KOEL KALM WAGS WMM KWW
WJMA WPWT WMTT WYWO (WMMC) KASM WYGC WSPM WMYO WMYD ACA, no AGB-20. Several
Japs heard that AM though. Last WPAB f/c here found of all things KEN in
them and good and strong. First Alaskan for me. Reports out since 12/10:
WBOF WBBR thanks to NHC tip, WENH WENI WPAB KERK WJMA WPWT WPOL WSSW WPBL KASM KSHK KDIO WYGO WYGC WJMY WYGD WAKG WBBR WBBR KSHK
listed /c, KVIN KJOM listed /c, KJOM BT, WBBR testing, WBOF RS, KVIN Christmas
music, KHEMA f/c, KOB testing on 930 kc/s. several AMs. Have five reports out to
Puerto Rico this month with three others added. For member, WHY tones nearly
every AM between 5 and 6 EST, s/cn 6. KTOK is on until 4 most mornings on 1000
kc/s. WSHN varies in today, second from New Hampshire. Don’t hear many New
Englanders here. West Coast good this year with KMPQ KYSG KVEC KBBR KBBR KGQ
KABC KGIO KELA KMBZ KSPA KIRO KURI KUSM and KAGB verified here since September.
Hold you I had been Dxing like mad, hi! Also Arkansas since September: KETA KJRT
KCON KFPP KBBM KBBM KBBN KBAO KTOO KPOC KAMO KWCN and KBBM KBBM. State
nearly complete, about four days which I can’t get /c dates out of. If whoever is preparing the /c list is interested, can send number of check dates I
have received this fall, Arkansas, New Mexico, Louisiana and a few Tennes., have
been concentrating on them trying to complete them. Will try to write weekly with
more info. help instead of chatter. Have received plenty of help from DX NEWS.

Joe Brunner - 2066 Spartan Drive - Buffalo 21, New York

Starting the new year out right with a report. Since the last one we added a few
new bands. WNTT 970 was heard well through WEBR’s carrier, WSSW and WBBR
from 5:10 to 6:30 on 12/17; On 12/18 KENS, 660 at 3 a.m. with a short test. 13
added WMM, 1360, fairly well between 6:10 and 6:30, first and only time this
one has made it on that Sunday program for me. This time WEBR didn’t show at
all. The other was WTEB, 1370, heard for a few minutes on RS at 5:30 p.m. On
12/20 KSHL, 1250 was heard well with a special test and WMBV, 1300 strong and
clear on DX for two more. WEYI’s DX came in here easily, with some WTXI interfer-
ence on 127 7 for another nice catch. KTOB, 1470, heard on /c at 5:25 a.m. on
12/28, thanks to new /c list. Just about last after WSAH came on at 3:30. Ended
the year with another rare one, WNXT, 1380, heard on top of the 1360 jam as
they signed on RS at 5:30 a.m. 12/31, using 5,000 watts. They just made it for
five minutes before losing out to the others. Started 1985 with three new ones,
WOCR, 1460, North Vernon, Ind. on all-night test; WNES concluding an ET on 1600
at 1:55 a.m. and right after that KFOR, 1600, with late benefit program, had a
hard time logging it through KORC, KUBR, etc. Also a good report on WIZG, 1480
in clear with all-night party. One of the rare but not needed ones heard on 1/1
was WFDF, 910. Missed out completely on Christmas programs from Quebec. Heard
a few, but none needed. Those needed I could not clear up. On 12/20 I barely
managed a few announcements from WEBR, a few titles, etc., all when WITH was si-
lent. WNCO was very well heard, but not KURI WHAR WMYD or KIVN. None needed.
WOER’s 12/27 DX came in very well. Recent variants include WMLP WPNW WMLV XQF WIC
WEBR WKBH. A Happy and DX full New Year to all. 73.

GET IN THE RACE AND GET IN THIS RACE - AND DON’T FORGET TO DOUBLE SPACE, ACE!
Hal Williams - 50 Third Avenue - Seymour, Connecticut

Well, here we are in 1955 and I hope it will be a good year for all of you, good health and good DXing, hell! I took a log on four new ones here on Dec. 31 to make exactly 200 new loggings in 1954. Had 231 in 1953, so a few behind. Only one varie all week, that a letter from WFRN (1220) for NHR DX. Varies now total 139$, just six short of my hoped-for 1400. Only 173 varies were in the past year, the worst year for me in the six years I've been DXing. Loggings, all new here: 12/27- KGA (1510) Spokane, Wash. S+4 signal 8:45-2:45. I never had 1510 so wide open before as when WAC is silent WACX is usually making some tests. WOKC (1420) Cherry, S. C. in with a good signal on NHR DX. WFLY (1450) Mly, Minn. heard from 4:30-5:00, but with tough QRN and some QRM. No music could positively be identified here but six or seven good station breaks were copied. 12/23 - I got home from work at 10 p.m. and looked at "DX NEWS" which came just before I left for work and I missed seeing the DX listed for KEG (740) but as I have them verified I don't feel too bad. 12/29, first ET for KATZ (1360) St. Louis, Mo. 2:15-2:55. I had a QRM signal, also heard here 12/30 after 1:00 saying they would be on the air on 88 MHz Monday, Jan. 3 at 3 a.m. (CST) of course. They were also heard on 12/31. On 12/30 WOCH (1660) again on with what they said was the second ET. WDRF (1550) Chester, Pa. logged 8-5 after WBRX s/off at 12:05, well heard until s/off at 1:02. At 2:25 I a.m. positive I heard the dial letters WNEW (1060) but if it was WNEW, their 550 kc signal was too weak to copy under the 5 a.m. KATZ. WJZ (1260) Atlantic, Pa. 2:23-2:52 with only two station breaks given. Also on 730 from 4:15 to 4:45 I heard WHOE, New Jersey, P.C. easily read, all Spanish, but some of the records were well known here but vocals all in Spanish. I start work New Year's morning at 6 a.m. for seven days in a row so not much DXing I guess, so will say...

Howard Perkins - 1935 Georgea Road - Cincinnati, Ohio

12/27- Logged and reports sent to WFRN 1220, KHEL 750, CFTV 1250. Haulman brought letters from WNEW 1240, WBYO 970 for DX, KERK 1360, KIAC 1250. 12/39- WSUI 510 good on f/s 1:30 to 2:00 - Monday if this is each month? Could be last Weds. or 29th of month. Also on same morning got TINS 917 kc/s, from 2:10 to 2:45 a.m. very strong. Varies in from WFRN 1230 for DX, WAFB 1570, WINS 1420 for DX. 12/31- Letters in from KASH 1150 for DX to WNB 1570. KPHW 1330, New Year's card from "Radio Moscow" on SW, XERF 930 very nice letter. They leave no doubt in anyone's mind that you heard their station, a real positive conformation. I want to wish each and every member of the NAC a very Happy New Year, better than 1954! Take it.

Joe Rez - 288 Central Avenue - Brooklyn, N.Y.

First report from here in the New Year. Coming to the varies, they are slow in arriving. Only a few in here - WKBW KCII WRTV WDXX WBOB CKXL WABC about the latest. Reports out to WIFG who also announced all the varies were sent out, kin. not received; WABD WOOG WGIW WNBX WLAG. WOOG first ET and on all AM New Year. WNEW and a BBC heard here near 900 kc/s, Dec. 31 and Jan. 1. This had two or singing at 4:55, then announced BBC Home Service. Gave European WX reports a 3 a.m. Announced Greenwich time, gave six short beats and would broadcast the 8 a.m. news there. Heard Friday and Saturday AM till after 4 but not Sunday. New 24 hour station on 1220 now is WTCN. Christmas AM the usual French Canadians and also the LA station. Only new addition that day was WNGE, Central City Ky., ET a 1600 kc/s. WLBG can be logged in N.Y. area from 4-4:45 p.m. if WFRN can be separated. They s/off 4:45 p.m. to return at 7:45 a.m. the next AM. On the "DX NEWS," last one received here Dec. 11. Three due here, and don't think the mail that slow. To Alex, hope you send to 288, not to 296 as last one was sent. Extra $1 on the way. Well, that's about all here. Best of UX and New Year Greetings to all.

Leif Cooper - 45 A 21 Street - Brooklyn, N.Y.

We closed the year here two short of our goal of 2,600, but four came in on 1/3 to make it now 2,509. Letters from CKOF WNEW WVUI WSIB all in that day, with Phil Potter returning my stamp. Thanks, Phil! Also verified since last report was KCIN with a two-pager saying they'll have regular weekly f/s, but they didn't say when. DX: 12/30- KATZ 1600 s/off ET at 2:32. 1/1- CFIS-1090 logged 4:30-5 p.m. in and out with WRAL's football game for a very welcome one. Also CHRI-1110 5:00-5:15 p.m. s/off under WKNJ. Both were heard again 1/2 afternoon. 1/3- MKN-1510 f/s-ET through WCAJ 1:15-1:30 a.m. WVOX-1550 ET/M under XEDH at 1:15, and in clear after 2, but weak. BES-1464 logged. Log says 2 kw! 1/4- WRGS-1570 5 s/
