SPECIAL N.R.C. DX SHOWS
C.J.M.T.
Mr. Achille Soucy. Program Director

Mr. Achille Soucy. Program Director

Please note this time has been changed to 3:30-4:00 to avoid the new early sign-on of Station WKTF in Warrenton, Virginia. So we believe this will be a clear channel for a big DX Show from friendly CJMT. They will read our official N.R.C. pamphlet over the air during the course of the broadcast, and will give information about their station, city, and region. You will hear French Canadian music and songs, and their station identification is going to be given in not only English and French, but also in Italian and Spanish. Customarily, CJMT speaks French only, but M. Soucy hopes you will all understand the English, and that they will be heard far, far away. Mr. Lucien Simard is the Chief Enginner, and we thank him and Mr. Soucy very heartily.

_W_S_N_J_

Mr. Paul Alger, General Manager

This is a station many DXers need, and herewith is a chance to hear them on a special DX program. Of course, 1240 will not be clear, but we feel WSNJ should get out quite well to the Easterners, and we hope, into the Mid-West at least. It has been a long while since WSNJ has been on at such an hour as this, and we do hope that everybody will be tuning furiously for this 250 watter in Southern New Jersey. They are expected to play popular music, while making station identification after every selection. Stations which will probably be on are WEDC in Chicago; WROV in Roanoke; WEML in Macon and WINN in Lauisville. They'll be looking for a lot of reports, so all of you who can pick up WSNJ please be sure to report, and others, send that thank-you card!

ON THE STATION'S STATIONERY - WKNX-1210

Gentlemen; October 25, 1959
WWKNX-Radio (1210 kc) will soon be transmitting with ten thousand watts (compared to our current one-thousand watts). The power increase is scheduled to take place by the end of this month.

"For your information: Our hours of operation during the next month or so are: November, 6:45 a.m. to 5:15 p.m. (EST); December 7:15 a.m. to 5:30 p.m.; January 7:15 a.m. to 5:30 p.m. (EST).

"WKNX-Radio welcomes reception reports (Please enclose postage).

"WKNX-Radio is a day-timer on 1210 kc.

"Could you inform your members of the above? Thank you. Please send report of reception to me or to the CE, Max Thomas." (signed) JAMES HUCHES, DX Correspondent.

OTHERWISE IT WOULD HAVE TO BE HELD UNTIL MONDAY. Pop

MUSINGS OF THE LABORS

Rey H. Millar - P.O. Box 778 - Bellevue, Washington A very rewarding 13 new additions added to my logs in October despite restricted time element; credit "hot" CK during late October for this swell run of DK, Picking up from last report, by "date-log" - Oct. 12- XEC-970 Matamoros, Tems., ID at 6 a.m., apparently s/on. Oct. 13- TGXA-1040 Guatemala atop WHO for a brief period around 12:05 a.p. Oct. 14- WTCR-1420 Ashland, Ky. s/on 4:30 a.m., logged till 5:00; JOTG-700, Aomori, Japan, (500 watts per my logs, WRH, etc.) ID at 6:00 a.m. for a real DX thrill. Oct. 23- CFCP-1440 Courtenay, B.C. s/off 3:06 a.m., s/of 8:58 a.m. (thanks to tip in DX NEWS from FN). Oct. 24- JOPK-880 Shizuoka, Japan "NHK" ID at 7:30 a,m.; KGRL-940, Bend, Ore. s/off, very rough to copy at 8:30 p.m.; KQTE-1340 Missoula, Mont. (ex-KBTK) ID at 10 p.m. for most Eastern "graveyard" evening skip ever encountered - what a sarprise! And a needed call at that! Oct. 25- KDWB-630 (ex WISK) St. Paul, Mirm. ID at 6:55 a.m. shortly covered by an XE-- s/on, just too fast for me to ID, but will work on it; 40N-630 ID at 8:00 a.m., s/off with GSQ at 8:28 a.m. This station in Townsville, Queensland is the first Aussie s/off ever heard, and a real welcome catch as 4QN was the only Aussie verified from Colorado when I was Tking there some 20 years ago. Veries: KICN-710, KDIA-1310, KRLA-1110, KLOQ-1390 (after several tries; verified on face of report) XEO-970 and KQTE-1340. Enjoyed C. Freman's recent Musing indicating that he is another Diver that is also really interested in local and semi-local DX as well as the Foreign; good work! California is 186 logged, 154 verified here as comparison. Also, the en-

thusiasm of Larry Godwin is really wonderful; oh to be young, hi! Live DX session Nov. 1 with one new logging, WACT-1420 Tuscalousa, Ala. s/on 7:00 a.m. atop KPEP. Also noted: KMEL-1340 s/of? 4:03 for another report; KPGA-630 (ex-630) new log on 650; LA AN on 660; XERPM? KHAT-1480 ET 4:56 a.m., KDEN-1340 apparently AN; CHUB-1570 not AN, just XERF; KMAJ-750 fair from 7:30 a.m. s/on for another report. At 10 p.m. Nov. 1, TA on 1015, app rently recently reported YSC (definitely not my HJAI-1013 of a year ago); will see what a tape will bring. Pro-run of 11/2 tape discloses KEYZ-1360 DX in

but barely making it through heavy QRM - FXOL? 73.

Marrin E. Robbins - 7805 Woodworth Avenue - Omaha 14, Nebraska A number of things have been keeping me protty busy around here lately, and I'll just bet many have been wondering what in the world has happened to me. Well, I'm still here, and trying like everything to get things caught up around here. The Omaha gang really enjoyed very much having the NRC 1959 Convention here, and we would like to express our appreciateion to those who were able to attend. We ajoyed chatting DX again with the Convention regulars and many new members who attended for the first time. A number of letters have been received here expressing appreciation for the Convention, and I have passed these on to other members here in the Cmaha area. I have been try ing to answer as many as possible within the past few weeks, and hope to finish these soon now. Incidentally, several members who could not attend have asked for a copy of the Convention program that we printed. I will be happy to send out more of these on request to those who send postage along, and as long as the supply lasts. DX here has been limited somewhat by the beginning of the school year, but have a few DX mornings to report for September and October. 9/5: WAAY-1550, Huntsville, Ala. on AN. 9/14: KALI-1430 San Gabriel, Cal. on ET at 4 a.m.; WHHH-1440 Warren, C. at s/on at 4:30 a.m.; WPCC-1410 Clinton, S.C. at s/on 4:50 a.m.; WHLM-1410 Harlan, Ky. s/on at 4:55 a.m.; WCUB-980 Manitowoc, Wis. already on at 5 a.m.; CKSB-1050 on 9/15 overriding XEG at 9 p.m.; 10/17- KAAB-1350 Hot Springs, Ark. at 8 p.m. with Arkansas- U. of Texas football game. 10/20- WABG-960 Greenwood, Miss. with an ET at 1:30 a.m. Several veries heceived here which I'll list in my next report. Say, Still ater gang, Tulsa gang, what did you think of that Nebraska team yesterday? 25-21, hi! A Convention surmary is being prepared here and just as soon as I get it finished, it will appear in DX NEWS. Sorry to be so long in getting it finished, but things have piled up so much lately that prevented me from finishing the summary. Until next time, 73.

Sam A. McLaughlan - 309 Frontenac Street - Kingston, Ontario

New stations added to the log in the last two weeks or so are WJMK-1220, a new local in North Syracuse, N.Y. On the Lth WKTF-1420, WKBK-1220, and WNAE-1310 were added to the log. On the 25th at Gatineau WTSN in Dover, N.H. was heard at 2 p.m. with only the from antenna. No DX then until 10/31 when WKMI-1360 AN was heard at 4 45 a.m. WATN-1240 can no longer be heard, so I suppose they are off the air, temporarily at least, since their lease was cancelled. Instead WGVA-1240 can be heard in Kingston in the daytime now. Guess that's it - hope to have more to report next time. 73.

1909 Dago (Herbert H. Thoads Jr. - 122 Carlisle Street - Gettysburg, Pennsylvania Heard since last time are: KNX-1070 at 3:03 a.m., WERE-1300 at 3:25 a.m., WNOS-1590 at 4:30 a.m., KRLD-1080 at 11:20 p.m., WTMJ-620 at 10:00 p.m., WAVE-970 at 10:30 p.m.; CJKL-560 at 11:00 p.m.; CHOK-1070 at 11:15 p.m., WHIO-1290 at 10:45 p.m., WLAK-1430 at 10:45 p.m., WAPI-1070 at 7:30 a.m. Latest veries are: CKNX-920, WJAR-920, WWSE-1450, WILK-980, WERE-1300. Have about 16 points for Contest. Will have more later. 73.

Philip Jacobs - 6097 Macdonald Avenue - Montreal, Quebec DX has picked up well here in the past two weeks, especially with the sunset skip. New DX: 10/23: WANN-1190 at 4:29 p.m. They had ome on with 10 kw. at 2:15 p.m.; WSET-1410 at 5 p.m. Oct. 24: WCDL-1440 at 5:02 p.m.; WGNY-1220 at 5:05 p.m.; WJMK-1220 at the same time as WGNY; WPAC-1590 at 5:15 p.m.; WLNH-1350 at 4:51 p.m.; CBN-640 at 9:30 p.m. Oct. 25: WCAR-1130 at 5:10 p.m. overriding WNEW. Oct. 26- KOMA-1520 at 3:13 a. .. on their AN show; WISC-1480 testing at 3:15; WKTF-1420 at 4:13, IDing as "The Big K"; WGCB-1440 at 4:17; WDXB-1490 at 5 a.m. Oct. 28: WTVN-610 at 10:30 p.m.; Oct. 29-WNYC-830 at 4:55 p.m.; WEEP-1080 at 5 p.m., WVOS-1240 atop all the mess at 6 p.m. for over five mimutes. Oct. 30- WSLB-1400 at 8 a.m. and Nov. 2- WJLB-1400 at 3:00 a.m. CX were very poor here on the 2nd of November. Other stations reported to besides the above were WDOT*1400; WICU-1330; WBBC-1330; WHIL-1430. WBBC and WICU never verified reports from last year. Other stations which won't verify my reports are WISK WSAR CHVC and WPOP. 73s.

Stan Morss - R. R. 3 - Fradford, Massachusetts

10/27- WCRL-1570 testing under XERF 4:49 a.m. for a very welcome catch. 10/28- French speaker s/off 1060 2 a.m. - CJLR? Tester on 730 using WOAI Prggram - stronger than WOAI, but never did give an ID, 2:43-3:03 a.m. KELP-920 AN 3:37, so sign of WOKY. Verie from WANS, a handwritten petter on plain paper - very friendly. CE is a ham, W3JIJ/4. 10/30- WOV using old call still, but with plugs for WADO change. CMFW-810 with WGY off, running a Marathon to collect money for Custro to buy planes and asking for reports in English. XERF off 1570 most of AM. Verie from WWWW after many years, and YND Managua out eight days - W.S. stations should do as well: 10/31- WLOS test 3:48. VKTF-1420 RS 4 a.m. 11/2- Well, the East lost 1450 to WILM and 1490 to WBCB, both saying AN seven nights a week. WING TT 1:14. WBKN-1410 f/c 2:28, QRM by another who mentioned Lafayette, Ind. at 2:30 - missed call - WAZY? WKAY-790 TT 3:04. WWIL-1580 testing at 3:30, but not on AN. WILM show being bradcast from a bowling alley or so I understood the announcer. VKAT all over 1360 so no KEYZ-DX. Verie, CMHW.

Roy Barstow - 16 Harding Road - Walpole, Massachusetts One more member to the greatest Broadcast Club of the World. This is my first report, and hope to have many to follow. I receive on a Hallicrafter, Model S-85, the antenna is 2001 long, strung 351 above the ground. Some of my better DX in the past is as follows: 540 WDAK Columbus, Ga.; 550 KFYR Bismarck, N.D. and KTSA San Antonio, Texas, also on that frequency; 640 KFI Los Angeles, Cal., 680 KNBC San Francisco, Cal.; 690 WTIX New Orleans, La.; 740 KHMG Tulsa, Okla., WEAT West Palm E@ach, Fla. which I was very fortunate to get for WHDH-850 in Boston on the same frequency was off the air at that time. Also 1240 WMMB Melbourne, Fla., a 250 watt station. I have ten Mexican stations, plus 54 Canadian. Just last summer I received CFCN-1060, Calgary, Alta. 411 with hardly any static, so who says you can't get distance during the hot months? tal so far is 422 received. I think I will put up a new antenna but am confused as to what kind etc. I heard that the thicker the wire the better - is this right? Is copper the best or tin plated copper or some other material altogether the best? Also, would a 2009 wire be superior to two 1009 wires? Well, 73 and the best DXing to all. (Welcome to our Club, Roy, and we all will be looking for more reports!

Jim Warner - 379 Washington Street - Berwick, Pennsylvania Sorry to be so late with my weekly report to you but wanted to be sure my letter last week got to the right place! So after this I will get my report off on Sundays so that you will receive it by Tuesday deadline. So much for that. Heard list is short this week due to so much school work, but will be doing some twilight listening soon. Stations heard: 10/15- XG-1050 S-9, QSB. 10/2 - WTSN-1270 S-7 8:55-9:30 p.m., first New Hampshire station. 10/21- CKLW-800 real strong here any time of night, my mainstay Pop music station, hi. 10/22- VBZ-1030 verified real quick with QSL card. 10/23 CKOY-1310. 10/25- CMA-1200 S-9. 10/31- WHAS-840 S-9. Well, that's it - not much, but will have much more next report. 73s and best of DX. TRY TO SEND A "MUSINGS" REPORT EVERY WEEK. PLEASE DOUBLE SPACE. DEADLINE TUESDAYS.

Alan Merriman - 7504 Montrose Street - Alexandria, Virginia Greetings to all NRC members. I guess the DX season is really with us now, but I have noticed a lot of static the past two AMs. Finally did some serious DXing and have come up with 20 new stations since last report. DX by dateline: 10/19- CHOK-1070, Sarnaa, Ont. at 11:05 p.m. 10/21- WYDE-850 Birningham, Ala. at 6:05 a.m. 10/31- CMCU 660 Havana heard at 10:03 p.m. 10/28- WCGC-1270 Belmont, N.C. at 10:30. 11/1- WEAN-790 Providence, R.I. at 1:06 a.m. WDBJ-960 Roanoke, Va. on late with latest reports on airliner that crashed near Charlottesville, heard at 1:20. WDAS-1480 Philadelphia, Pa. at 1:28. At 2:35 heard Chicago station on 1240. Could not get call, and White's Radio Log lists three calls in Chicago on this frequency. Anyone tell me which call is in use? (WEDC at that hour, Alan - Ed.) WKY-930, Oklahoma City, Okla. at 2:39. WINZ-940 Miami, Fla. at 2:50. KIOA-940 Des Moines, Iowa at 2:55. WWJ-950 Detroit, Mich. at 3:05. At 3:28 heard WDCL-1470 Tarpon Springs, Fla. ending test broadcast. WTRY-980 Troy, N.Y. at 3:33. VHDH-850 at 3:36. 11/2- KWK-1380 St. Louis, Mo. at 12: 5 a.m. WOC-1420 Davenport, Iowa at 12:29. XMWK-1190 Guadalajara at 1:00. WINN-1240 ouisville, Ky. at 1:30. WBCB-1490 Levittown, Pa. at 2:00. At this point the strang drive for the main tuning on receiver broke, so QRT for rest of morning. Was very disappointed that I couldn't try for DX from KGYZ as I have hever heard North Dakota. Also have a few unID stations heard. On 11/1 SS on 1550 at 2:30. 11/2, TTs on 1410 and 1440 from 1:00-1:15 and on 640 at 1:30. Any help on the above would be much appreciated. I would also like to know if anyone knows of a way to prevent TV interference to a BCB receiver. It is almost impossible for me to do any DXing in the evening for this reason. Well, I guess I have satil my 20 worth this time. How about you other fellows getting on the ball and sending in reports so we can bring this bulletin up to par? Well, 73 and best DX to everyone.

Kent Corson - E-108 Hillcrest - Iowa City, Iowa

Although I had intended to do quite a bit of listening at school this year, things just dadn't work out and I am again a vacation DXer. The usual do mitory problems - a loud buzz and no antenna - I have been unable to solve. If any of the other NRCers in college have had any success in solving these problems I would be more than happy to hear from them. I'm happy to see that my Waterloo DXing buddy, Gerry Dxter, finally joined the NRC and just hope he doesn't pass me before I get a chance to get back at the dials. A few veries have trickled in from my September listening; these being:

KSYL KLFW WNIL WMOR KFDA KMHL WLBL WDXR KMCD KSVC and KRNY. I would like to say a belated, but nevertheless sincere Thank You to Marv Robbins, John Sampson and all the Omaha gang for a really wonderful Convention. I guess local KXEL is again running AN so will have to get home and see what I can do about getting them to cease, hi. Did you order that mud for the Purdue-Iowa game, Don Roller? Well, guess I've rattled on about nothing long enough. Hope to have some DX to report next time. 73.

Sid Rosembaum - 806 Warket Street - Wheeling, West Virginia A few new ones added to my heard list: 11/1- *WRCV-1060 in afternoon. *KVGB-1590 at 6:00 p.m. ZNS-1540 easily copied near 7:00. 11/2- WJEN?-1490 --- ville? sounded like Indiana or Alabama for location?? WROX-1450 f/c at 2:10. KOLS-1570 through 6:15 s/ off. A station on 1480 giving calls as WLAK at 5:00 p.m.?? IDs very clear! 11/4-WBOC-1300 Salisbury, Md.? f/c at 2:00, nave trey moved from 960? Signals from all directions except South were weak on the eve of 11/4. 11/5- *WPFP-1450 f/c 1:10-1:25 and *WMEG-920 with r/c first Friday (music). The latter has ignored reports in the past, but hope to make the grade this time. Veries in are KSTT-1170 postal and WHAW-980 a nice letter. Francis E. Andrew, co-owner of WHAW says in part: "We are always" appy to hear from and co-operate with members of radio clubs. / For a period of about Ix years ending in 1935 I was a DMer and member of MWRC. Somewhere in the attic are near 400 veries including a ten watter in Camada." Fading has been bad in the past two weeks on all but higher powered stations and the only explanation seems to be sun spots. Newsy letters in from Don Ruland and Fred Schroyer and they are both mowing 'em down. Enjoyed the comment of Bob Foxworth and Joe Brauner in last issue of DXNEWS.

Bob Duggan - 1112 Mason Woods Drive N.E. - Atlanta 6, Georgia

A momentary spurt in DXing here to catch some of these CAs now being heard. HRN on
685 comes in well, as well as several of the Guatemalans, Costa Ricans and Salvador
stations which have recently been reported by several members. A strong hetrodyne on
1230, but haven't yet picked out ZBM-1.

EETTER SUPPORT THIS WEEK, BOYS - BUT LET'S KEEP IT THIS WAY. EVERYBODY REPORT WEEKLY!

Jeff Stewart - 2013 Was cington Street - Amarillo, Texas Quite a few stations heard, but not many veries since last report. Here is a rundown of the stations heard in the past two weeks. 10/26-WGY, Schenectady, N.Y. 2:30 a.m. RS; KBIS, Bakersfield, Cal. 2:55 a.m. RS; WISC, Madison, Wisc. 3:00 a.m. ET; CJRL, Kenora, Ont. 3:31 a.m., DX Special; CKSA, Lloydminster, Alta. 3:45 a.m. RS. KSVP, Artesia, N.M. 11 p.m. RS; XECL, Mexicala, 11:15 p.m. RS. 10為8- CKSB, St. Boni face, Man. 8:16 p.m. RS. 10/29- CKBI, Prince Albert, Sask, 3:01 a.m. s/off; KSTR, Grand Junction, Colo. 3:07 a.m. f/c. 11/2- KFSG, Los Angeles, Cal. 1:57 a.m. RS; KRUX, Glendale, Ariz. 2:30 a.m. RS; KGMS, Sacramento, Cal. 3:05 a.m. RS. 11/2- KSCJ, Sioux City, Iowa 10 p.m. RS; KXLF, Butte, Mont. 10:06 p.m. RS. KRES, St. Joseph, Mo. 10:05 p.m. RS. 11/5- WKBH, La Crosse, Wisc. 8:05 p.m. RS; KATZ, St. Louis, Mo. 10 p.m. RS. 11/6- KWCO, Chicasha, Okla. 7:46 p.m. RS; KVGB, Great Bend, Kans. 7:49 p.m. RS; KCVR, Lodi, Cal. 7:54 p.m. s/off; KRKC, King City, Cal. 8:00 p.m. s/off. Veries in lately include WITA San Juan, P.R., KLAS, Las Vegas, Nev., KWYC, Sheridan, Wyo. CJRL came through in fine style on their DX program, but didn't have such good luck with KEYZ. KXOL was too much for them. There was a station strong beind KXOL which I presume to be KEYZ. On 11/2 heard Japanese programming on 990 kc/s. which I rather imagine was KOOD in Honolulu. Larry Godwin finally get CKSA, a station which he has wanted for two years now. I also heard them, but accidentally erased the tape which I made on them, and didn't get enough program details for a report, so no verie. I heard KTKT, 990, Tucson, Ariz. who is now daytime only, say that they would start Alling starting in early November, but this might have been postponed. Lucky break on 11/6 when I caught XERF off the air early in the evening. During this time I heard three Californians sign off, KACE, Riverside, 1,000 watts, KCVR Lodi, 1,000 watts, and KRKC, King City, 250 watts. That's about it from here, so 73s.

Dan Phillips - 445 Eagle Bend Road - Clinton, Tennessee Well, it sure is time that I got a report into Musings. I haven't been doing much DX as the HQ-100 is in the shop and hasn't been orking for about a month. It is suggested to be out tomorrow. It was with pleasure that I renewed my dues to begin my second year in the finest Club yet Invented! I sure to look forward to the weekly bulletins now. Well now to DX (if you call this DX): Varies, KSTT KTLW WLAK and TGXA for a total of 286 and 757 stations logged. DX: 9/25- Willis Lewis visiting for a fine DX session, receiver went bad so used his Strato World - a fine receiver. We logged on 9/26 WENL-1540 s/off 7:00, TGXA-1040 at 9:00-9:15, verie back in a week for my sixth country. 9/27- KTIW-920 at 6:13, verie back; WANY and XEOR 1390 on fighting it out at 6:30 and WLCM 1370 at 7:00. 9/28- WCRT-1250 s/off at 7, WMSC-1320 at 7:02. 9/29-WKBC-810 on at 6:37-6:45 for hurricane. WERD-860 s/off at 6:46 for one I have tried for a long time. KCLS-1570 s/off at 7:15. 9/30- WILL-580 s/off 7, WLAK-1430 at 6:45, 10/3- WGML-990 ET 12:15. 10/12- WDKN-1260 at 6:13, WEDR-1220 s/off 6:15. Oct. 13-WRFS and WCOR at 6:07 and 6:15 and today, Nov. 5, WGAF-910 at 5:34-5:45. I think I had WOZK-860 but not sure, WATV-900 s/off at6:00, KFDF s/off 6:1 and then IMDO-1600 Fort Scott, Kansas s/off at 6:15 with Bill Hettz the announcer. So that concludes the Sure hope to have more to report next time. Good DX to all from ole K4FNR. Larry Godwin - 2808 Bonham Street - Amarillo, Texas

Hello World! DX in the Land of the Sand has been as follows: 11/2- VROX-1450 Clarksdale, Miss. r/c 2:28 EST; WCLD-1490 Cleveland, Miss. r/c 2:35; KEYZ-1360 Williston, N. D. DX heard under and over KXOL from 2:44 to 3:28 with several good taped IDs; KWSO-1050 Wasco, Cal. r/c 3:31 s/off on top of XEG - drool? WCAR-1130 Detroitm Mich. RS at 4:05 in the clear. XERF-1570 seems to s/on at a different time every day - sometimes as early as 6:30 p.m. EST and sometimes as late as 8:00. Good chance to log s/off of California daytimers if you're sharp. I finally heard KTWO-1470 Casper, Wyo. (ex-KSPR) in the clear with 5-9 signal until 2:55 s/off on 11/7 - clearest signal of any Wyoming logged. DX has been pretty good this week, but hope for better results, especially from the foreign standpoint, next week. Yesterday (11/6) I received a tape from Bob Foxworth, with interviews of Roger Williams, Charlie Territto, Lefty Cooper, Larry Fox, Jim O'Brien and Richard Morris - thanks, Brother Bob! No New Zealand tape here yet, but we're still hopefully waiting. I'll try to get most of the Amarillo group here this afterhoon, to send tapes to Murray Mann, David Roys, Phil Jacobs, and Bob Foxworth, so you guys should be hearing the word soon. First snow of the season came a couple of nights ago - sure glad to see it. 73s to everyone everywhere who is a DXer and may all your CHAs be little ones! Best DX from KIXZ-land; KIXZ has started testing new 5 kw. rig this week.

Francis H. Nittler - 2634 South Josephine Street - Denver 10, Colorado DX continues very good here in the "Mile High" city. I'm writing early this week because I am leaving in the morning (Friday) for Geneva, Nebr. for my sister's wedding. Atter the calevration probably won't feel like DXing Monday morning when I get back. hi. Here's my DX doings for the week. Sunday 11/1 started November off with a bang by adding three new ones all on early AM RS - WGHE-11590 Indianapolis s/on at 6:00, WXOK-1260 Baton Rouge RS at 7:26 and also on 1260, KBHC, Mashville, Ark. on RS at 7:32. Monday 11/2 also had good luck. First the brand new WAZY-1410 Lafayette, Ind. heard on ET with good signal and believe they were on All morning. Another brand new one on ET was KYAP-1340 Ruidoso, N.M. heard with good signal from 4:01-4:10. Another new catch was WGOV-950 Valdesta, Ga. with s/on at 5:30 and RS. Galina, Jamaica-750 heard with very good signal topping WSB most of time from 5:00-6:00 so report sent. Also fairly good signal for Jamaica on 700 but not reported. KEYE DX heard. Before 3:00 signal poor behind KXOL but after 3:00 good with nice show for NRC. NNRC and DXRC. Not needed but reported anyhow. Only other time I listened this week was this morning 11/5: Third brand new station of the week was heard when KPCN-1580 Anderson, Calif. heard on ET from 3:22-3:47 with good signal easily overriding ANer KLOU. Another new one was KBEK-1240 Elk City, Okla, on ET/TT from 1:53-2:25 topping 1240 most of the Third new one was VDSK-1410 Cleveland, Miss. on ET/M from 2:32 up to 3:15 when they had their r/c-TT. Was surprised to find KLAK-1600 off AN show for an hour and 20 minutes this morning. This is only the second time I have caught them off in the three years they have been AN. Was a real pleasure to hear s/offs on 1600 of KASH 3:00, KATZ 3:01 and KWOW 3:02 although none of them needed. Then someone weak that I couldn't ID until KLAK back on at 4:00. Vories this week from CKDA-1220 VTUG-790 KMDE-1340 WISC-1480 WXOK-1260 KBOM-1270 WSGN-610. Fx-MRC member Jack Rhea sent very nice v/l for KNDE and this is third station I have received verifications from him for KCFH, KIOX, and KNDE. Adios. 73**s.**

Hal Williams - 50 Third Avenue - Seymour, Connectiont Guess the mailman has forgotten where I live as absolutely no veries have come in and DX has been very scarce. Here is what I have logged by dateline. 11/2- WAZY-1410 Lafayette. Ind. on ET/M and asking for reports 1:55-2:20 and later. Also WBKN, Newton, Hiss. heard on f/c under WAZY 2:05-2:15 for two new ones. Thanks to a DX NEWS tip for WFKN. KEYZ-1360 was not heard as WKAT all powerful and announcing as 24 hours seven days a week. SS on 1420 2:30-2:45 but could not ID. A sports program, I believe. Some station on 1490 from 2:45-3:00 but could not ID because of that persistant tone. TT also noted on 1590 under WAKR. ZBM-1 must be AN as plainly heard announcing "Radio Bermuda" at 3:00 and later. 11/3- Took half hour log on WADO-1230 (ex-WOV) for a new New York City call and that is the sum-total of my DX. Hope I'll have some luke on Monday 11/9 as the four DXes listed for NNRC and NRC are all needed. Nice letters from Ev Johnson, Fran Hittler and Joe Brauner ware much appreciated and I'll try to get answers off to them soon. Just finished my "DX Project" that was arranging my QSL cards in album form using photo corners and typing a caption alongside of each verie. Some job but I think they look much better and they can easily be removed if one wants to read the other side. Sorry I was working 2:00-10:00 p.m. on 11/1 or I should have gone to Summit, H.J. for the DX gabfest. Quantity of AM stations seems to be the trend nowadaas but quality is a forgotten subject. Hope we hear some good news anent Harry Righter and his WATN as he sure has always been the DXers! friend, and how. Until next week, 73.

Len Kruse - 816 Euclid Street - Dubuque, Iowa

Five new loggings the last week to my DX log. On Sunday morning 11/1 I heard the new calls of WISZ-1480, Madison, Wisc. from 3:75-8:30 a.m. This was followed from 3:30-9 by the log ing of the second change in calls in that State of Wisconsin recently, that being WEAQ-790, Eau Claire, Wisc. While listening to WEAQ at 9 a.m. lo and behold, a brand new station signed on the air for the very first program on the very first day of broadcasting, Station WEMS-790 Beardstown, Ill. It is heard with a fair signal throughout the day at this den, quite well for a 250 watter at 175 air miles away. This was the first news I had that WEMS was on the air. On 11/2 I heard the new WAZY-1410 Lafayette, Ind. on ETs from 3:40-4:30 a.m. followed later that AM by the logging of the RS of WKRK-1390 Murphy, N.C. signing on at 5:09 a.m. and heard till near 5:30 a.m. QRM was hoted from WFBL. Only one verification letter in this week, from KRLA-1110, Pasadena, California.

Ray H. Kraul - 6425 53rd Serset - Berwyn, Illinois

The last week has been fairly good DX-wise, but very little outside of the usual ANs being heard. Last Monday 11/2, electrical interference wrecked any chance of hearing MEYZ DX program. Did hear WAZY-1410 Lafayette, Ind. ET 3:05-3:15. Tuned back at 4:30 and they were still on. WQAM-560 coming in well, AN, 3:55-4:05, with WIND silent. WPKY-1580 r/c 4:05-4:10. Did not listen again till Nov. 4. Heard WRFB-1580 ET 12:05-12:20 - first time I've heard them since July. At 12:40-12:50, VCPK-15?0 College Park Ga. ETing and holding their own against XERF: Nov. 5- WLTC#1370 5:05-5:15 s/on and RS. Lost them at 5:15 when receiver went dead. Friday Nov. 6 (receiver OK, replaced tube) Got out of bed long enough to log WICA-970 s/on at 6:30. Tried a little early evening DX on 6th - KRRV-910 RS 7:30-7:40 p.m. Heard five minutes from Baytown, Tex. 1360 7;25-7:30 but call sounded like anything but KREL. Too bad because I could have used that logging, Saturday morning the 7th brought in KFJM and WGHN, both 1370 on r/c. Noticed other testers on 1320 1410 920 1150, but heard no IDs. Believe I heard KSRC-1290 on f/c-TT but WIRL is so strong as AN that I couldn't begin to hear IDs. Time coincided with f/c list and signal strongest with antenna oriented in their direction. Nothing concrete for report - will try again next month. Only other item aseveries in this week: QSLs- CJRL WTJH WQAM KMHL. Letters, KOSY KUTI, form letter, WCDL, and PP cards, WRVK KGHM WFBF KWEW.

Don Ruland - 834 3th Street - Holly Hill, Florida

DX continues to be good, except for the early AM/static which is still around. New ones this week are: 11/3- WICE-1290 at 4:30 a.m.; WAYX-1230 at 4:33; WGUS-1600 at 4:43, WLAT-1330 at 5:58; WCCO-830 at 6:00 (first Linnesota). 11/5- WDAR-1350 at 5:05. 11/7 KQV-1410 at 2:28, WSPD-1370 at 2:40; WKLO-1080 at 2:57, WJHO-1400 at 3:05, WHK-1420 at 3:20, WAKY-790 at 3:41, WVET-1280 at 4:08. Total log now at 371, 47 new since 10/23. I wonder if any NRCer has received any of my locals here? WMFJ-1450, WROD-1340, WNDB-1150, WQXQ-1320 and WELE-1590. WNDB4s XR is about 300 yards from me, hi. The others are within five miles. Till next week, 73s.

Pat Reilley - 628 Spring Street - Jamestown, New York The last verie was received 12 days ago and I wonder what one really looks like, and 27 new reports still out. 10/30- CMHW I guess on 810, man said "Radio Marathon" in English and asked for reports from the Continent at 2:55. HJAT, 1030, readable at 3:30 atop KRLD. That KFH, 1330, was topping S-9 at 3:47. CHUB, 1570, while KERF off air. 10/31- KXYZ, 1320, clear at 3:20. A SS bothering WRVA, 1140, at 3:04 but couldn't catch any ID. Unknown TT atop KQV, 1410 at 3:20 but never an ID. 11/1- KWIZ and KYOS, 1480, scrapping at 2:35. One on 1010 with WINS, sounded like WABZ at 3:30 with 11/2- No KEYZ DX as VKAT too strong. No KIXZ either John. TT, 1220, 3:35 to after 4:00 with TT but no ID. WRR, 1310, in cleat at 4:05. 11/3- Unknown on 1550, 2:25 to 2:48 and off with no ID at all. IT on 1530 at 2:55 to 3:23 but no ID. WEZY, 1480, came on air at 4:00. 11/4-00 at 2:31 to nearly 3:00 on 730 but no ID. Unknown on 990 with marches or band music, 3:00 to 3:24 but no ID. XERF not heard at 3:45. WEBF, 950, S-7 here at 4:02. 11/5- Too noisy to DX, 570 here after work. 11/6- WADO for new call, exWOV, 1280, at 2:40. 630 here and very noisy. If they think Radio Free Europe is the only one jammed up they should be here on our radio frequencies to find out what real jamming is. 11/7- Down to 310 today, 630 yesterday. WEAS, 940, f/c 1:45 to 2:00 and heard two months now. HJAT and KRLD battling at 2:00 on 1080. Unknown TT behind WDEL, 1150, at 2:10. WHGR, 1290, w/c. Hope you Omaha boys won't blame all that snow on the MEC Convention doings.

Keith Robinson - Kapuka, No. 7 Rural Delivery, - Invercargill, New Zealand

First, you'll be interested to know that the tapes sent over by Larry Godwin of the Omaha Convention were played at the October meeting of the Southland Branch of the N. Z. DX Radio League and were well received. It was great to hear all the guys who had been only names up till then. A short tape was made at the meeting and will get back to the States in due course no doubt. We have about 40 DXers in Invercargill and near by, which is pretty good for a town of about 30,000 population. There were 20 at this particular meeting. My recent DX: Oct. 1: WDSK-1410 with a long ET and f/c 3:05-3:30. Oct. 6: KBON-1490 on AN show 3:30. Oct. 12: XEVH-1450 appsereduto/bayANJandeXENB-760 at 5:45 s/on. Oct. 24: KFMA-1580 at 2:30. Oct. 260 WISC-1480 ET 2:33-3:15 announcing over and over. KOOD-990 new Honolulu station Japanese until s/off at 4. I have received my first verification from a U.S. 100 watter - KLGR-1490. Other veries from WXYZ JOUF-1380 KYNT KIMO KENL JOXR DZMT KLEO WTVB. Regards.

Everett Johnson - 504 16th Edget - Mendota, Illinois

Not too much to report since last issue. I was up Saturday Oct. 31 and no new ones heard but some not needed ones ware: WMIX-940 test at 1:25. KGHL-790 Billings, Mont. coming in at 1:30. CKWS-930 Kingston. Ont. s/off at 1:36, on again 5:27. WQXR-1560 TT 1:50. XERF was off that AM but nothing on; seemed to be dead on that frequency. KWEW-1480 f/c-TT 2:00-2:15. WHHY-1440 said AN. KRAG-740 AN but not Mondays. 11/1-KRLA-1110 good, on AN. KRUX-1360 good signal 3:20. VD0L-1470 musical test 3:15-3:30 WAZY-1410 new one in Lafayette, Ind. on Eds. VMPS-630 AN. WQUA-1230 AN. KXEN-1010 St. Louis saying studies in Congress Hotel. WHZ-WHZI-JOSO but it sure sounded like announcer was saying WBZI. 11/2- The DX from NITZ Williston was heard here but very poor. Did get 15 minutes of program so hope for veri. KEYZ stayed on past 3:30 sked. 130B-1490 Levittown, Pa. had a powerful signal 3:45-4:00 AN. WQSN-1450 AN. 1220 TT. no voice - wondering if it could be WDEE, Harden, Conn. WOAM, only one on 560 here. KIMN-950 off at 4:00. WGUS-1600 s/on 4:00. Four veries this week - WKNX-1210 sent back powtage with very nice letter, no ten kw. KWAM-930 KRLA-1110, WETC-540 sent back report saying "verified." Wow: veri back from CJRL and nice QSL card. CJRL was tops here at Mendota. Announcer said a Chicago DNer said reception was very bad that AM, hi? Hope to do a little better this weekend. I'll admit CX were bad Saturday and Sunday and lots of static Monday. KMOL and WHAT were tops on 1350 Monday AM. Thanks to all of you for sending in those fine tips and we sure have a page full this week. Best DX to all and 73s.

Norm Wagnire - 1420 Columbia Urive N.E. - Albuquerque, New Mexico
After ending my most dismal ECB DK season with only six veries received, I intend to
do far better for the 1959-1960 DK Season. An additional disappointment was the failure of four DK Specials to reply to my reports. Thus for this season, the following
new stations have been reported: 9/14- INGL-730 RS. 10/12- KHOV-630 RS. 10/15- KICN710 RS. 10/16- KBOX-1480 RS. 10/26- KBYG-1400 AN show. 11/2- KEYZ-dx-1360; KABL-960
test, KAVI-1320 RS. 11/3- KBHM-1220 s/on. Veries have been received from KMGM KHOW
MBOX and KICN. Broke down and retired my 20-year-old Trimm phones and purchased a new
similar pair. The old ones were really dead. Just checked over the Hammarlund HQ-129X and found five bad tubes, which have been replaced. Bad ones mostly in audio section, with good volume now, not much improvement in sensitivity.

Murray Mann - 3702 South 17th Street - Omaha 8, Nebrakka
So far this season DX is OK. October 17th showed the most up to now. CKSB-1950 heard over XEG in French. They have been dominating the frequency for a good percentage of the nights since then. Also, KAAB-1350 s/off at 11:45 p.m. Sent a report and they returned it with no word of verification. VXXZ on top of VXYR-1270, and CJOR-600 with news at 5:00. Letter back says they are on every morning except Monday. Strong SSers including one on 685 with a strong signal. Still don't know what it is, though. I have to tape an ID for Marv to translate. October 19: VDMG-850 on RS. October 24: VAAY-1550 with news at 11:30 p.m. Hope the gang at Foxy's had a good time. The same night we were supposed to get accall from the Amarillo group. We sure were disappointed to have missed it through our own impatience. Sorry fellas - try again?

Lefty Cooper - 438 East 21 Street - Brooklyn 23, New York
Hey boys - I got a verie! It is a QSL from WADO-1280 "Radio Adio - 12-adio on your Radio" as they often say on the air. They crossed out the "WOV" on the card and wrote in WADO. They own KYA-1260 and KCBQ-1170 I am told, out in California. Is this what California radio is like, you boys out there, hi! Well, three reports wended their way out of this almost closed down DK den, to the afore-mentioned WADO-1280, a local, and to WAZY-1410, and this morning to WEUS-1300, who s/on at 4:00 a.m. Mondays along with louder WBLY. I tried the three MMC Dies, but none made it here - I might have gotten CKRP-1230 but when I heard a new 1600 er on, I stuck with them until I got en nough for a report to them, as 1800 is blocked all AMs but Monday by SS WWRL. WITH-1230 seemed to sign on at 4:30 a.m. instead of 5:00 as previously on Mondays. Somebody on 1150 with music and no calls or voice during the time for the KSEN DX didn't seem loud enough to have been WCOP, and much too loud to have been our DX show. WOV tecame WADO on 11/2, and seem to be following WOV's sked. WHBI still has 1280 on Sundays, as of yore. WMCA5570 is now silent 1:07-4:00 a.m. Mondays except for intermittant ETs with OC and TT. I'd like to thank the four NRCers who told me my station on 1450 with the Pirates-Podgers ball game last September was WJPA. Heck; I had hoped it might have been WMPF, hi. WWOD-1390 has quit AN and 1400 sounds much better Mondays.

Bernie Duffy - 77 Livermore Avenue - Statem Island 2, New York
This week's additions to my heard list consist of WHLT-1300, Huntington, Ind. heard
overriding all else on that channel @ 2:00-2:15, as they presented their monthly first
Saturday f/e, and KFAL-900 DX 11/9. The latter was weak, behind very strong CHML. I'm
ondering if a weak station that I heard on 1500 kc/s. that latter date was KBLA Burank or KXRX San Jose - either would be welcome in my log. Unneeded KGER-1390 and
WB-630 boomed in fine that morning. No sign of CKAP's DX behind WCOL and WNOR,
though. One more veri came in, WBKN, Newton, Miss., who sent a form letter.

John Tudemham - 4248 West 12 Street - Amerillo, Texas

This is my first report of the season. With the colder weather, 6X have been very good tut have no outstanding DX to report. Reports out to KTAR-620, WLW-700, WWL-970, KIOA-940, KVWM-1050 and KBON-1490. KVWM was received over XEG at 7:15 p.m. on November 2. Veries received from KLZ WLS KENT KRNY KSPI and WGN bringing my total to 97. Have a new member here in Amarillo. His name is Jerry Hickman, and engineer from KIXZ, making a total of three NRC members from KIXZ. Keep Listening on 940, as the new 5 kw. is now ready to go and KIXZ will be happy to receive reports. 73 to all.

Joe Braurer - R. D. # ! - Smicksburg, Pennsylvania Since last report the following new calls have been added. 10/27-WEYI, 1520 poorly through WKBW and WHOW from 5:05 to 5:15 p.m. s/off. 10/28-WCGO, 1600, also poorly through QRM 6:00 to 6:15 s/off. 11/1- WAGY, 1320 RS s/on (Sunday) at 6:55 a.m., fair until WZOK took over at 7:00. 11/2-WAZY, 1410 ET much of morning and at 6:00 p.m. a call on 1570 saumding like KBRI. Others going off earlier blocked all but final call and a few words. And last but not least, thanks to tip in DX NEWS we have had good reception of our 39th country, HRN heard nicely three times this week on 685, as early as 9:30 p.m. One on 675 on 11/6 with baseball game 10:00 to past 11:00 p.m. but no ID heard. Some English spoken but no cue to where from. Only one veri, a PP from WJDY on third try. Replies as slow as ever. DX generally good with the South leading. On twilight DX 1570 to 1600, WRFB-1580 being heard nightly at 5:45 s/off, WKWF generally stopping WWRL and WINX completely. On 11,/3, interference-free reception from WOKJ-1590 at 6 p.m., no WAKR. On 1570 WFEF to 5:30, then WONA and lastly KLLA. XERF then put an end to the fun. At 6:30 WRDW in the clear on 1480 and WRGA on 1470, blocking semi-locals 100%. Interesting, but nothing new here. Sunday morning DX no good today. Tried 970 while WWSW silent but only KAKC heard, plus very weak signals from WEBR and WVOP at 7 a.m. No luck ith KEYZ DX, tried 30 minutes but only ANs heard here. Wanted this one badly, too. 73.

DX NEWS so we can get a bigger one out every week. Come on fellows - help out! 73.

James Warner - 349 Washington Street - Berwick, Pennsylvania

Not too much to report this week. Been busy realigning my receiver this week. I

tuned the coils up on the S-38 and boy what a difference! Signals from all over heard

S 9-8 with volume all the way down! Some of you boys who think you have a bad receiver ought to tune up those coils - you might be surprised at the difference. Heard

list the past week comprised the following: 10/31- WHASp8@O. 11/3- WPCF-1430 S 4-6 at

5:27 p.m., Panama City, Fla., 5,000 watts - a good catch at that early time. 11/3
WRBL-1420 S 3-8 at 6:15 p.m., 5,000 watts from Columbus, Ga. 11/3- CBF-690 S-9 20 db

at 10:45 p.m., 50,000 watter while looking for HRN Honduras at that time, but QRM from

CBF too bad. 11/5- WCMB-1460. Also heard Station KBCorZ, not sure which, on 1430

on 11/3 at about the same time I heard WPCF but can't find it in my call book. Any
boly heard this station? Well, that's it for this week - not much, to be sure. 73

and the best of DX.

AND THAT'S "MUSINGS" FOR THIS WEEK. MUCH BETTER, BUT STILL WE CAN IMPROVE EVEN MORE. SO LET'S ONCE AGAIN BEG YOU NON-REPORTERS (thus far) TO JOIN THE ACTIVE RANKS & MOW!

MEW YORK CITY and NEW YORK STATE should remind us that next year's Convention will be in the Empire State, at White Plains, New York. We are working out some special and different ideas to present, some as "surprise" items - when you get there - so by all means, make those plans now to be on hand. Save your pennies, and have a real ball!
