Vol. 29 - No. 13

Thanks for the swell job you have done for the National Radio Club. It has made my first year of DXing a real success.

See Pages 2 and 10 for write-ups for this week's NRC programs. Late flash is the confirmation by KHAS of their DX date and time, above. KGEM has to be listed as tentative, for no word of positive confirmation has been received as we go to press.

Please be sure to report reception to all our DXing stations, as you must realize, they are going to a great deal of time, trouble, and expense to put these DX Tests on the air for us. If you cannot tune for any program, or do, and can't hear it, don't forget that a little kindly gesture - a thank-you card - will be very much appreciated by the station, and by the National Radio Club.

Due to having only one night this week to work on DX NEWS because of the Christmas Holiday, we are omitting the v/s list this issue. There are not very many here anyway, and they'll appear next week.

We want to ask for more Business Reports. We hope you didn't interpret our remarks to "be briefer" as meaning "don't report at all." We need these reports to keep this a topnotch publication, and that, friends, is strictly up to you, the members.
(As we cut this page on 12/24/51, we do not have the information on whether the DXs from KGem will go on as tentatively scheduled. See foot of front page for the latest news on them, if received on 12/26, final mail day for this issue.)

K C W - 1400 - Alliance, Nebraska  
This will be KCOW's regular quarterly f/c  
1/3 3:45-4:00 a.m. which will be dedicated to our NRC. The  
programming will consist mostly of a cycle  
tone (1,000 cycles) with four station breaks given during the course of  
the f/c. They will use their 1,000 watt daytime power on this f/c, and  
we hope they might use Morse Code IDs with their tone to facilitate ID of  
this station on a difficult channel. Thanks to Robert Carr, CE.

FRANK WESOLOWSKI

K G E M - 1140 - Boise, Idaho  
KGem is planning an all-night DX program  
1/8 2:01-3:00 a.m. for the NRC, but as we go to press we do  
not have confirmation of the date, nor any  
details on what sort of programming it will be, nor to whom to send your  
reports. However, let us say we believe the 1140 spot will be clear at  
least between 3:00 and 4:00 for this program. KGem, if you'll recall,  
carried announcements of our Amarillo Convention last August, so it can  
readily be seen they are a friendly station to the NRC. BART CRONIN

K H A S - 1230 - Hastings, Nebraska  
WILL DEFINITELY BE ON AS LISTED.  
1/8 3:00-3:30 a.m. The date has not been finalized as we go to  
press, but it is believed this will be on  
as here listed. Mr. Robert Senne, CE of KHAS says he will do the program  
himself. We do not have the data on what he will have on the air, but it  
will probably be a musical show with frequent IDs, in Morse Code, we hope  
occasionally, to help us hear this one on a tough frequency. We thank  
Mr. Senne for his cooperation, and send reports to him. FRANK WESOLOWSKI

W E M J - 1490 - Laredo, N. M.  
WEMJ's program will be in the nature of a  
1/8-3:30-4:30 a.m. TEST and they will use their 1,000 watts  
during this program of HAND music which  
should get out very well. Mr. Donald Lefebvre, CE, is most anxious to  
learn how far out WEMJ can get on this transmitter to our DXers, so be  
sure to try for them. IDs will be made after every selection. A few  
all-nighters will be on, but we think WEMJ should top them for many of  
us - give it a real try! Our thanks go to Mr. Lefebvre. STAN MORSS

W R S C - 1390 - State College, Pa.  
"WRSC will go on the air for your test  
1/8 4:00-4:30 a.m. purposes on monady Jan. 8 from 4-4:30 a.m.  
if it will meet your Club's requirements,"  
states Mr. Dick Kruppa, PD of WRSC. The only other 1390 station on then  
figures to be KCSC, so most of us ought to be able to log this station  
which opened late last spring. They are non-directional with 500 watts,  
and reports should be sent to Mr. Kruppa, whom we thank for this test  
broadcast. Frequent IDs are expected, and be sure to tune in! STAN MORSS

W A D A - 1390 - Shelby, N. C.  
WADA will immediately follow WRSC, above,  
1/8 4:30-5:00 a.m. on the same channel, and they will remain  
on the air from 4:30 a.m. through to their  
regular s/off time that late afternoon. Again only KCSC is expected to  
be on the 1390 spot at this time, and we feel their kilowatt should get  
out very well. They too are non-directional. Frequent IDs will be given  
and our thanks go to Mr. Boyce J. Hanna who set up this program with the  
NRC. We hope they get a lot of DX reports from you all. STAN MORSS

WLES states that this time is satisfactory  
1/8 4:30-5:00 a.m. to them, and it is with us too, so they  
will be on with a special test broadcast  
at this time. Interference is expected from KGES and KGY (see on P 10)

Happy New Year to all, and trust all had a Merry Christmas. Better get my last report to Musings for 1961. So far DX has been good to me. At this writing I have 51 verifications since 9/1/61 and have 35 reports out to date, 21 for December. 12/1 KXQ-1230 on r/c, also KGAK-1330. 12/2 WKPR-1420 on f/c. WPLL-1340 f/c. WJIL-1550 heard on second day of v/c. KGCO-950 in fair at 2:50. WCKR-510 good at 1:30. 1570 KTEX-1350 test. KGEX-1200 test, KRAM-920 AN, WNGG-dx good, WCHG for five minutes. CJTJ/CHIN DXes fair. 12/8 WHEO-800 on test. KCB-1370 test. 12/10 KELI-1430 ex-KTUL Tulsa on most of AN. On 12/11 I was sure surprised to log all the DXes. WLEO-1170 heard s/on in clear in English, then Spanish, played Christmas tunes, mentioned NEC and told about Ponce. WDTL-dx for a few minutes, mentioned Fran Nittler's name and NRC. WDEB-dx very good. Thought I was going to miss WNGA DX as not a peep from anyone on 1600, only jamming and WCKF then at 4:11 a.m. WNGA came in slow but sure and copied till 5. They played organ mx and gave ID after each selection. 12/14 KOTE-1250 heard on r/c. All above have been put in DXDD for other DXers. Verifies - what are they? Only eight in 17 days. They are from WITS-1430 KWOX-1230 WJIL-1550 KLER-1550 WPYZ-1390 WCHX-dx WJPR-1330 and KGID-1250. Thanks to all who are sending in Tips and welcome more DXers' tips. Will use all I can get on one side of sheet. Looks like a lot of competition in the Domestic Contest. I think that the one who hears the most DXes will win. Best DX to all in 1962. 73s.

Alex Powab - Box 539 - Atmore, Alabama

12/17- WTXG-930 s/off 12:53, WSAZ-930 s/off 1:03. CFW-990 1:03 over XECL. KXQ-950 in 1:24. KNKY-1150 TT 1:42-1:45 behind XEJP, and afterward, CHX was well logged as they broke through Mexican in spots until 2:00 s/off. WNG back on AN so any chance for CJGX ruined by them and WYLD. WATF-820 RS 1:55 p.m. 12/19- KSSS-740 s/off 3:03 even with KGEX. KNZY-730 ET/TT/CC 3:05-3:19 with a sick-sounding announcer. KPNC-950 has been off AN for last few days, and KIMN/WWU fight it out on 950. WITS-1430 heard on test as announced. Only 13 months ago WABF was only 1430 station in Alabama, and now there are four. WENK-1240 r/c-CC 3:21-3:34. XEK-950 also heard on r/c-M with female DJ. WNNG-910 on its r/c-CC (third Tuesday) 4:30-4:45, asked for NRC reports. 12/20- Noticed XEFH off about 3:00 p.m., and that made 1750 the center of attention the following morning. Reports taken on CFYR until 1:12 s/off, then CHYR until 3:10 s/off. Somebody came on testing with boogie-woogie piano mx from 1:13 to 1:17 but didn't ID. WONA, Wiruna, was on on 2:37 saying it was their r/c, although they stated on for only three minutes with CC and then off. Verifies received from WDEB and WDEO both for DXes. Charles Cordero of WLEO included a list of names of DXers who sent reports in all, and 20 of which were NRCers. Most distant ones were two from California congratulations, Raleigh Fuss and Clarence Freeman. They ask that NRCers be patient in waiting for replies, due to lack of time to answer around Christmas time. Oh yes, CFYR has not increased power yet, still 250w, per s/off announcement heard.

WE HOPE YOU'VE ALL MADE NEW YEAR'S RESOLUTIONS TO SEND REGULAR MUSINGS REPORTS IN TO DX NEWS, AND TO SUPPORT DX DOWN THE DIAL AND INTERNATIONAL DX DIGEST REGULARLY TOO.
Another report after a couple of weeks of considerable DX inactivity on our part.

Christmas exams are now over so now we're free to open wide the throttles on DX. Loggings made during breaks in studying include: CFCW-730 under semi-local KGM at 7:45 p.m. on 11/29; On 12/4: KFRU-1400 Columbia, Mo. in absence of CFUN's CC at 5:30 A.M.; two badly wanted daytimers heard signing off on 12/17: KHKK-1550 Hagualam, Wash. in for an ID and s/off, then out again at 7:29, and KNEF is this ex-KRED?-1470 Redwood, Ore. s/off at 7:44.

12/13 brought WLLS-1380 in Lansing, Mich. at the s/on at 4:00. This same morning we tried for WPCT-800 but all that was heard after the last bars of the SS (KDMC s/off, 4:10) was a weak station playing continuous Christmas music. Oh, well, scratch one North Carolinian! I thought I heard CKYY-1310 s/on at 5:00, but well try again next week at that time. Actually Keith and I should have had a holiday from DX that morning, but we just couldn't resist WPCT. Now, the varie situation. Varie total has been creeping up very slowly, as usual. KOLX-1450 Colfax, Wash. who have been on 1,000/250 since early March; KZY-1350, Box 1240, Williston, N.D.; KUTT-1550, Universal Blvd., Fargo, the Easternmost station in a chain of four, in Ellings, Bismarck, Minot, and Fargo; KPEK-1330, E. 3310 Loes Avenue, Spokane 24, the sw station in Spokane; a card from KTRK-1290 in Wichita Falls, and KFRU-1400, 1,000/250 in Columbia, Mo. A few odds 'n' ends: No CHLN DX 12/4 because of KARI-550's ET until 3:00, then WMKI s/off; CJHR DX in S-7; CHQW-1320 held another one of its "Stereo Weekends" and went AN for 12/10; CKLG was off, if I discovered this ten minutes before s/on, and logged nothing. This was at 12:40 p.m. EST.

Time to wrap another report, so 'till next DX NEWS when I'll tell you of the 50 new stations we're going to log next week!

David E. Hoyes - 5121 Rainton Road - Indianapolis 14, Indiana

The Good Fairy must have been listening when I wished for Europeans! Bordeaux-1205, BBC-1214, Porto 1-1573, BBC-1457 Oldenburg-1536, Nancy-336, Nice-1554, Lille-1576, Dumbarton-1562, Monte Carlo-1466, VOA-1196 CSAR-355, Toulouse-944, plus suspicious signals on 813 827 901 1594 1562 1475 903 1053. Good Grief! Nice-I and Monte Carlo in like a ton of bricks (in other words, 40/3). They were only 9/9 because my S-meter doesn't go any higher! On the other side we have KALM/20E-870 1YO-630 BMA-1510 2RE-1560 (I hope I hope! and stuff like that). Being centrally located has its advantages. Noticed the Cuban jammer on 710 (used to jam WGRS' special Spanish programs) was drifting around from 690 to 700, so they were actually jamming their own stations--nice shot, Fidel! Why not get the Cubans off completely and save all that trouble and clear a few frequencies? I've noticed the Tibetans, Cuter (also Inner) Mongolians, Indonesians, and Nepalese stations aren't so good this season. Away whistles, Southern Rhodesia continues to elude me. Flash: CE73-730 will DX on 2/12 from 3:30-4:30 from Valparaiso, Chile. Goodie, goodie gum drops. They will suspend SW operation to keep cheaters out--I hope there are none in this Club who would stoop so low! One more thing--my DX NEWS arrived one or two times on Saturday, after they were postmarked the Friday before, as Pop for some reason mailed them early. Most of the time I get my DX NEWS on Monday, as it is mailed Saturday. ?3.

Neil Eubanks - 2902 Monroe - Amarillo, Texas

Greetings once again. Guess I can take a couple of minutes out and speak of my ever improving DX. Since last issue I have logged 25 new stations, thus boosting my total loggings to 356. Finally got my most prized varie, 1ZD with a real nice letter and QSL card. Other varie by DK6D included KQZS KIUZ KALG KSUS and of course 1ZD. Reports still out to WERE W4IZ KFEC KWWO CKOW. Catches since last issue go like this: 12/1-12/10 W4OA Worthington testing 4:15. 12/2-12/10 KU6 Cedar City f/c, KALG Alamagordo f/c and KENN with ow mx. 12/4-12/10 KU6 Cedar City Utah with a basketball game. They sent a fairly good looking QSL card; KNOW Austin, Tex. an AN, KDHU Twenty-Nine Palms, Cal. or r/c, K6UX St. George, Utah on with f/c, TTRB Trafford, Fla. with more ow mx, KFRU-1400 WQIC-1390 W1LC-1370 and CKOW with s/on at 5:15. 12/7-12/10 KPOW Powell, Wyo. 12/8-12/10 KJMB-1050. 12/9-12/10 KNOK-970 testing, CKOK-800 on top of CKOW for about ten minutes and KYNO-1300 in Fresno. 12/11-Another good Monday AN with eight new catches and one tentative. (KZIC Charlotte N.C. K5NE Aztec N.M. testing, KPIK Cedar Rapids testing, KWN Ashland r/ET 3:30 with TT and frequent IDs, KELI ex-KTUL, KDJI Holbrook, Ariz. r/c-M, WRFC Athens Ga. s/on 5 and finally WDOD Prestonsburg, Ky. with s/on at 5:20. Recent reports out to CKOK KPIG KNW KDJJ VTIC. Total varied to date is 116 with more to come I hope. That's about it so 73s till next issue. Have a Merry Christmas, all.
Howdy! DX has taken a powder thanks to some nice exams. Le/10: Three new ones from the 51st state - CKSL-1290 1:17; CKME-560 1:20 s/off; CJWE-730, 2:10-2:19. Heared the new WIND-920 in Lake Placid, N.Y. at 4:15 p.m. s/off - sent a report but no answer yet. 12/11- Tried for all four DXes, didn't hear anything but CKMG WOOP WNF WEF, and half a sneeze. WQPI-1490 was heard on f/c 4:29 for a new one. Reformation has taken place in mailman circles - v/s: WMNE KEKE (f/up) KEFD WQYR WPUT WAIT WES. V/1st: WEEX (f/up) FISN WIXI. PPS: WMYR VDAS FRD YND WTEC. YND came back in a week (or was it two?) two-way airmail, no v/s, just signed "YND Union Radio" and gave power as 2,500 watts. Wheel FEIS is right for once. For Stan Morse and anyone else who may be interested: I force myself to listen to CFOX (ever it get down in Brooklyn, Ernie?) (Occasionally -ed) mainly because I consider it to be the best bet in Montreal during the daytime, when WPTR doesn't boom in, and no cw. A while ago, 11' ol' Andy, des- perate for some rr, tuned to Channel 93 for two days. Then came CKMG's anniversary - back to CFOX. Why trade a headache for an upset stomach? The Pointe Claire Chamber of Commerce is really at work. We finally got honorable mention in Montreal's High Society Newspaper, "Midnight." While looking through the Broadcasting Yearbook I came across WMNE. Hey Stan - look and see who the PD is! Wow, what a shock! Is the former PD, Melvin Miller, the present Melvin X. Melvin? What happened to my 12/9 DX NEWS? It arrived on 12/12. That's ridiculous. Doesn't the P.O. know they are supposed to handle third class mail after advertising circulaters and then first class? I am supposed to get it ten days after postmark that I sent Pop a buck for First Class Mail. That should do the trick. 73.

Anyone still want to spend a night DXing?

John D. Hathaway - 4701 South Milam Street - Amarillo, Texas

CGHDX received OK here and report off. So far the three DX shows I have reported over the last several weeks have not verified. To David Combs: I think your best bet for Idaho would be KGEM; for Nevada KOH; for S.C. "SPA but I can't help you ith the others as I don't have them either. hi. I now have 644 logged with 193 verified. 12/11- WIVI-970 heard and reported 4:28. 12/15- WRTC-1310 heard 6:09 a.m. ECGS-790 at 6:22. KRNY-1460 at 5:37, KMEO-350 heard 7:05. 12/15- KEET-1360 heard 6:16 a.m. WCRW-1070 7:00. 12/17- KEGR-1390 heard 4:32. Recent misses: XEHF-1370 XEDM-1580 VDSU-1230 XETRA-590 XWEI-1090 KWOK-1260 and WKOW-1070. Guess I'll cut this really short as I'm under the WX with a "strep" throat I've had the last few days. Best 73 and DX.

Bernie Duffy - 77 Livermore Avenue - Staten Island 2, New York

Thanks to phoned tips from two NRCers I logged WQVA-1530 Quantico, Va. even if poorly, behind dominant, same-assigned WCK. That was around 7:30 a.m. 12/13. The only new verification is a mine spot from recent DX-caster WJRC, North Charleston, S.C. They state in it that they test every third Wednesday at 4:30-4:45 a.m. (Don't you mean third Tuesday, B mic? -ed.)
Another good week at the dials. 12/7- WTKV-990 ET at 12:57 a.m., WLSH-1410 TT and ID at 1:00, WATT-1450 TT and ID at 1:37, unk KGMO-1560 ET at 1:40. Noticed KGFL working CT again. WKVA-920 TT and ID at 1:55; KYES-1440 s/off at 2:01, unk TT at 1:30 at 2:03. WKYK-1600 English ID at 2:30, WFOR-1490 AN. KECK-920 RS at 3:40, and finally CKDY-920 RS at 4:00. 12/9- WTVB-650 r/c at 12:15, WATS-960 r/c at 12:32. TT on 1430 which sounded like WGS, Ga. at 12:42. (WWSG, Dave - ed.) vs 930 s/off noted at 1:08. KTRH-740 over KGRO and other at 1:10, KGMO still testing at 1:25. WKBA-1550 ET with KGMO at 1:23, WKID-1530 at 1:30 s/off. WKYJ-1590 test at 2:01 s/off. On 1350 heard what sounded like WMGC, Ga. on with a test. Who? (WWSG, Letter, Ga. - ed.) Not listed in Jones Log. 12/11 Mike King came over again and listened to my radio. First of all, who or what is WIF or WIS on 1230? It was heard at 12:13 s/off. WKTY-580 RS at 12:23 ID. KTOS-1240 at 1:11 s/off. Then at all once TAs were all over the place. Nice-1554 at 1:5, strong. Radio Monte Carlo-1545 1:55 strong. UK Frenchman on 1420 or so, strong. unk German-1440 or so, VOA-1196 and Bordeaux-1205. The letter two were not needed. Worst part of it is I sent away two weeks ago for the WRH. I received a letter from Gilfer Associates. Guess what? No more copies! The addresses and power, frequency, etc. for the _above_ TAs would be greatly appreciated. CKCK-620 RS at 2:25. Nothing new until WMEC-660 500v. AXR test at 3:07. Tried for the four DX programs; no luck. WOPI-1490 r/c at 4:24. WTVI-970 first V.I. with s/on. No sign of WDTI DX. Radio Jamaica-580 4:56 s/on. This is Port Maria, isn't it? Then logged the following s/ons: WTH-920 Lake Placid N.Y. (Where is that, new station?) at 4:59, WKS-1320 at 5:00, WPO-1450 at 5:01. Others heard were WFDJ-910 at 5:19 with WX. WRAD-1460 at 5:27 with ID, mx, and finally WTH-1560 6:30 s/on, with WX, ID, and cw mx. Only veris this past week was a nice letter from WERN. Remember, would appreciate any letters. 73s.

John A. Callarman - Box 2732 - Monroe, Louisiana

Space Cadet Callarman reporting duty, sir! 12/3, PM- Heard KIRT-1530, WSPD-1370, WBCD-1310, KSD-550. 12/11 AM- KIRL-1430 ex-KTLU noted 1:17-1:55 with VUL QRM and TT 1:43-1:55 during KERR f/c time, with time out to log WATC-900 during f/c 1:31-1:42 s/off through QRM. HJCQ now seems on 730, noted here 2:07; KRAM-920 off and on between 2:08 and 4:00 s/off. Fnn KRON-1460 ET to 3:00 with Basty Robbins, and I remember DX with Phil Robbins! TT on 940 cut carrier sans announcement, 3:25. WDEL-1150 DX in 3:30-3:57 rough through tough heterodyne, but logable after XEPJ s/off; s/on KDJI s/off f/c 3:49; KABU-920 surprise logging surging up at 4:02 s/off; WELO-1170 DX faintly logable through KVQO OC. If WDTI changed call to WYPR or something similar, I got 'em; through bad tone or heterodyne, WTVS, and possibly a Portuguese speaker, and WTVI s/on 4:25 to scotch. WNGA stood for No Good at All until I turned on frequency calibrator which squashed WKFY, the Cuban Jammer, and WFIS and let Jessie Crawford organ mx through, shades of the 1956 Millar signal generator experiment! WGS-1350 logged 4:43 5:00 fighting non-announcing semi-classic station (needed WATZ?) (WATZ s/on 5.30, John - sounds like WQX to me - ed.) WEZJ-1440 logged 5:02-5:05 s/on of unm WQCK. PM, HKN-970 atop 7:03-7:06; 7:21-7:31. 12/12 AM- TT on 1550 1550 1450, no IDs, TT on 570 IDeD 1:16 - "TAS!" LA on 645 difficult through thunder static, logged 1:21-2:02 for tentative to Radio Mia, HOS22, heard that slogan once; XEN-655 good 2:02-2:07. 12/12 KWEV-1350 noted 6:05 p.m.; KLLA-1570 logged to 8:15 s/off, with QRM from unm KVLG; KXWI logged 6:40-9:00, KHEL-1520 note 0:27; KIRT-2000 logged 0:10-4:00; KEHR-1550 weavin in and out with KVCO, WSX-6:40-7:00; HBTJ-715 logged 9:06-9:43, TIW-775 logged 10:22-10:42. Veris: WERN-1410 WOOG-1370 KTJX-1350 HJCC-1010 WIOX-1350 WPIA-1370 KZOT-1460, WEYJ-1330 KELI-1430. I note that Broadcasting Magazine lists WDTI call change to WYPR, so I did but 1,000 on the DXes. 12/16- At least three testers on 1550, got ID from WKBA at 1:53 and 2:30 s/off; KELR at 1:57 and 2:19. But who was the third one? KGMO was off earlier. KXJO also logged, and at one time they carried a prom for CK, Watrous, Sask. Why? XEBG also in there. Blast off.

Mike King - North Eastham, Massachusetts

The Log is starting to shape up lately. New loggings are: 12/5- ZNS-1540 5:45 p.m. knocking WYPR off. Has WYPR cut its wattage or something? 12/6- WKLH-920 at 1:25 a.m. WBR-1440 1:56. 12/10- WFK-1370 Wickford, R.I. and then 12/11 WSMN-1590 12:10 a.m. s/off, WFTY-580 12:27 a.m., WCHR-590 1 a.m., KTOS-1420 1:11 a.m. s/off. Radio Nice-1554 1:25 a.m., Radio Monticarlo-1550 1:30 a.m., VOA Munich 1:35, KOMA-1520 1:43 a.m. KTB 1410 2:09, CKKX-320 2:22, OKEY-880 2:47, KSTN-1420 3:00 s/off, KNX-1070 3:05 s/off.
Between 11/13 and 12/13 these radio stations could be, and were heard and reported here in San Diego. All reports were for reception on Monday, 12/11. WERB-1420 on 4:15-4:32; 1500 WNGA-dx 4:30-4:41 through and over WKWF and the Cuban Jammer, and 950 WSPA RS 5:10 to 5:30, a steady S-3 signal with no U.S. stations interfering, just weak Japanese talk. Other stations heard included 1330 KAHR through KKAC at 7:15 a.m. Thursday 11/16; 1480 KRAE on at 5:59, followed at 5:59:30 by KSEE with Spanish program on Friday 11/17; 1550 KHJ at 10:58 p.m. Monday 11/26 with XEGR off. While listening for 970 WDTI, which wasn’t heard, it sounded like WIVI signing on at 4:25:30, but not clear enough for positive ID. Veries can be, and have been received from 990 KEST, a U.S. Airmail Postcard, 950 KVER a letter and progran sked, and 1250 KWCC an airmail letter on distinctive stationery — Cochise header. V’s are among those published recently so not repeated. To continue the requested briefness in report, a very Merry Christmas and a Happy, Prosperous New Year with many veries for all.

Howdy to all the fellows. Bob Schmarder, thanks for the info on how to hook up my loop. It really helps. Brought TGUX through KDKA with it. Bernie Duffy, thanks a million for the tips on some of my needed states. Will give them a try over Christmas. Ray Edge, thanks for your letter and help. Gave NRC a plug in the NW DX section of the ASVLC of which I’m NW Editor. Larry Godwin, here’s a wish for your Fluff’s victory. Len Kruse, your KOGM in 12/9 DX NEWS is KOGM. Well now I’ll get down to business. 12/8- WRTT-1450. 12/9- KGT-1220. 12/10- KZL-550, KMB-960 r/c at 2:22, WHY-1220 2:10 with test. 12/12- KVLG-1050 KSKY-650 KEWS-680. 12/15 WGB-1430 KAWS-1380 on RS, heard a little later with test. 12/10- WHK-1420, WARE-1420 test at 1:29, WRTT-730 test at 1:52, WSNM-560. New veries include WWSG (not WWVA as I reported 12/9 DX NEWS) KUTT CJIC. Wasn’t planning to go to the Convention but I might make it if I get a car. Happy New Year to everybody. 73.

Hi. DX has been rotten around here. Only three new stations logged since the last report. KPHO-910 Phoenix, Ariz. with s/off at 2:02 on 12/5. Next was WNGA-1500, DX from Nashville, Ga. on 12/11. They were very hard to copy through the QRM. Then KBOC-920 Odessa, Tex. was heard on 12/15 with RS at 2:20. To date only 47 points are beside my name in the Domestic Contest. KHAS will be on with the DX on 1/3 from 3:00-3:30. Reports should go to Mr. Robert Senne, CE. KGW-1400 will make their f/c-DX on Wednesday 1/3 from 3:45-4:00 with TT and IDs. Reports go to Mr. Robert Carr, CE. On 12/3, Murray, Jim and I drove to Des Moines and made almost a complete tour of the stations. This was the first time we had ever seen a class LA Clear Channel station, WHO-1040. XR is located 20 miles East on U.S. 6. KIOA-940 has six towers and is located about 22 miles SE of the Capital City. KESC and KJY have four towers each. KSO has two. All were very happy to meet us and were interested in our hobby. On the night of 12/17, I visited with the CE of KMBC-930 in Kansas City. They have two towers and protect the East. Also enjoyed another visit at Commercial Radio Monitoring Co. Hope that these pictures turn out as the ones a year ago did not. 73s and good DX in the New Year.

Latest veries and days to receive them as listed: WEBR-36 WDEL-5 WHSC-23 WMCC-14 WHAB-23 WCGR-5 WBOC-33 WICO-6 WIP-8 WIBO-3. The last one is the Special, Dick. This making a total of 103 veries, with close to 300 heard. Not much to report, as the Christmas Season comes closer. Latest as follows: 12/17- WEMD s/off 5:30 for call. 12/18- WLED s/off 5:15 also in the PM when most of my recent DXing has been. 12/19- WETS on ET 3:25-3:30. KFI and KNBC all over at 12:45 a.m.; WHEL s/off at 12:55. Any help on this: on 1430 or 1440 unk TT with ID as Knoxville Tenn, and call something like WED? about 1:57-2 with ID. No listing in Jones for Knoxville. Thanks for cards, E. Cooper, P. Reilly and letter Ev Johnson. Could you give me the exact dates of 1962 Convention? Odds are 40-1 I’ll not but a week ago it was infinity to 1 so I’m crossing my fingers. That’s a matter Dick, did Christmas hit you where it hit me? 73s to all and have a Happy New Year. (Convention is Sept. 1-2-3, Norm -ed.)
12/15 - WABW-810 Annapolis, Md. noted 4:25 p.m. but too much WGY for report. Will keep trying. WGRP-940 Greenville, Pa., under CEM 4:34-4:50 p.m. finally for a report. Varie, WWCH-4x. 12/16 - WAGO-540 Canonsburg for about five minutes to 5 p.m. s/off but not enough for a report. 12/17 - TILK-72S Radio California 8:33-8:53 p.m. for another report. 12/19 - WDYL-1450 Ashland, Va. now on Rs 4 a.m. with hard-sell and ow. CFNE-550 noted on AN Show 4:51 AM, evidently seven days now. Radio Jamaica-770 s/on 4:56 but couldn't hold for a report. WERK-1590 ex-WZEL Richmond, Va. 5:33 a.m. RS for a report, about equal to WAKR. 12/18 - XETT-1450 Altimaras Tam. on "As Pasada" special reported 1:27-2 AM QRM by TT of WOKO, also KYSN. kWIZ-1450 Sera Ana, Cal. Rs 2:15, no WERD this AM. 363 kc s, pop mx, mostly U.S. tunes with woman announcer in Latin language 2:10-2:35fade/out - Tas good, so maybe Mairil. WTHE-1560 test, weaker than KXXL 2:40. CFOR-570 Corner Brook Hll. NNHC DX barely audible under WMCA's S 9-9, four code IDs and one selection identified in an hour. WYZE-1480 s/on 4 a.m. WERD-1490 s/on 4:43 a.m. 1430 s/ons at 5 had one that sounded like KQHR, but too many all at once covered them. Varies, WERL-4x WWCG-4x and WSOR. Lefty shouldn't have any trouble with his images logging the new New York 1050 call. Notice that WMGA will change them when Storer takes over. WM, WAGO-540 4:46-5 p.m. s/off for a report. Our Canadian members to the contrary, I set for 90 minutes on 1240 kc s, and it is definitely CKQL Matane I heard. I took a 90 minute log - two station breaks with call given, so is it my set or CKQL and why? 12/19 - WETS-1430 Bridgeport Ala. test 3:15, no sign of WERD. WSGR-1570 Miller, Ga. noted on f/c also at 2. 12/20, PM - WSHH noted at s/off 5 p.m., not enough for a report. Radio Sarrhameg 230 St. Lucia 5:05 p.m. under WNYC about 5:20 when WCGO started to come in, then KXOA at 5:30 and St. Lucia gone by 5:40. 12/20 - WPAP f/c 2 a.m. WTHE-1440 Norfolk AN finally for a report 2:11-2:45? When WBJT took over. WDRG-1360 Hartford ET TT 002 3 a.m.

WWCG is the only one I've back all week. 12/19 - WTHE-1569 test at 1:32. No CFOR DX, only WMCA heard here. WWDC-ES0 test at 3:16. WERR-1363 test at 3:32. 12/19 - WTIC-1030 fighting KHEL at 3:12. WMDG-1580 test at 3:35. XEDM-1590 has been on until 3:30 lately. 12/20 - WPAP-1570 f/c at 2:27 but no KXRF heard today. YSAL-755 AN for new call between WSE and WJR. 12/21 - CHUS at 2:27 with no KXRF today. XKHI-1580 atop mess at 2:32. The 755-YSAL on again today. unk TT on 1570 at 3:31 only S-5 with weak one behind that I couldn't copy, no ID used on TTer. 12/22 - CHUS again and no KXRF at 2:45. unk TT after CHUS s/off at 3:06 and the other one behind them on 1570. TT atop CBQ-900 at 3:35 but no ID given. Pop or Ralph, any idea when WUFO tests? All I hear is WTCI on top of 1590 in the afternoon and need WIRE in Pittsburgh also. 12/23 - No KXRF, only CHUS and an OX from S-5 up to idio at times but never any ID, same weak TT as for several days past. CEX-540 French used at 2:40. X-Tra News atop 690 at 2:43 with S-3 signal. 1150 had TT with mess here at 2:55, call sounded like WWJA "In the Space Age Center." TT on 1430 that hit a-b 30 on meter at 3:14.

Little DX from here. Hoped to catch up on DX during vacation, but trying to throw a coil rules out any early AM tuning. Only new logging was WBO, Ex-WONG, 540, in with fair signals for about ten minutes after WBMW s/off at 4:45, then WDAK and unk. Have done some experimenting the past few days that casts some doubt on some old DXing maxims. Yesterday the rig was in the basement while I was doing some work on it. Wanted to see how it worked, so throw about 15' of wire across the floor as an antenna, and in some WMAQ with fair and quite readable signals throughout the morning, until noon. Today I tried the same thing with my 103' long, 25' high DXing antenna and no WMAQ! Disconnected the ground and WMAQ became readable but barely moved the meter. Took the receiver down to the basement, put the 15' wire back on, and WMAQ rose to S-3 or S-4. The point - experiment! If you don't have the ultimate in an antenna and ground system, the best substitute might be rather surprising. Finally, can any of you who have been DXing for quite a while help me? I picked up an old Westinghouse receiver. I think it covers the ECP and I'd like to see what it could pull in. It is a single tube job using some sort of directly heated filament-cathode triode (unmarked) and the only identification is the patent dates 13/8/44 and 5/10/21 and "Lis. for amateur and experimental use only." Any help, especially in regards to the proper A and B voltages, would be greatly appreciated. 73.

IT LOOKS AS THOUGH MANY OF YOU HAVE FORSAKEN US! WE NEED THOSE MUSINGS REPORTS, BOYS!

Christmas holidays have and lots of time for DX. New logs are as follows: 12/23- The new WQVA-1530 Quantico, VA @ 4:45 p.m. 12/24- WAKR-370 Raesing, Mich. @ 4:30 p.m. under WBCU. Between 12/20 and 12/25 logged 14 new including seven Canadians: 12/20- CJLR-1050 Quebec City (first from this city) @ 1:05 a.m., KBSI-959 Vermillion, SD (first from this state) @ 1:20 a.m. with TT, CKFM-730 Dauphin, Man. @ 1:21 a.m., CKPR-630 Fort William, Ont. @ 1:30, WG90-1590 Salamanca, N.Y. @ 4:45 p.m. s/off, CKW-1470 Welland, Ont. @ 5:15 p.m. under WSAW. 13/21- WMFT-1450 Williamsport, PA @ 5:10 p.m. 12/22- Best NW reception this year, two 250 watters I've been trying for years - WCAW-550 Charleston, W. Va. @ 1:03 a.m. s/off, and thrilled to get CFNY-1350 Portage la Prairie, Man. weekly @ 1:01 a.m. with no KXRF. Also KENS-690 San Antonio, Tex. @ 1:06 a.m. under KZNC, WTAG-500 Flint, Mich. @ 1:09 a.m., CJOX-960 Yorkton, Sask. @ 1:17, KGMO-1560 with TT Cape Girardeau, Mo. heard well, and first British Columbian - CBU-690 Vancouver @ 1:23 a.m. Alaska, here I came! Total logs now 978. Leading stations include: Calif. 17, Md. 27, Mass. 27, N.H. 26, N.Y. 30, N.C. 44, Va. 53 and Pa. 101. Leading frequency is 1570 with 25 logs. Happy Holidays to all. 73. Jeff Lob - 93 Oakview Terrace - Short Hills, New Jersey

DX is topnotch. Since last report, many daytimers in Alabama, Mississippi, and the South in general have been coming in. Among these are WNOS-1590, WBAX, WCGM, WNCL, all 1260, the latter two of which were heard sizzling off 15 minutes apart the same evening. WSTU-1250 also in. Other domestic DX includes s/off on 1590 @ 7:165 or thereabouts announcing 5,000 watts. Any stations of this wattage besides KPIX on this frequency Out West? Past Monday AMs have brought s/off from KEGO-1460 (apparently not AN any more), KCPX-1320 KXYL-920 and AN rr show from KSTN-1420. No sign of KTOE. Also XEXFM-630 when WNDC off. But by far best is foreign DX. A mystery station in English on 920 announcing as "Radio Victoria" turned out to be PIA-5, with increased power to 10,000 watts and programming in Spanish, English and Dutch; commercials also in these languages. Of late, Quebec stations have been really showing themselves. Amazing signals from newly moved from 1350 CHOE-1310 with 280 watts on the 920 with clear ID along with CKY-1450, CDPV-900 for first Quebec City, CSGM-1220, and French on 550 in background. Other Canadians: CFTW/CKX in for two good evening catches, CHOM-1320 along with KCNP. The biggest surprise this week was the taping of a BBC broadcast @ 3:30 last Monday AM on 630 kc/s., which must have been first Down-Underer, YTC Auckland! No positive ID, but no other BBC news-broadcasting station here so far as I know. Europe has also surprised me. First Spanish signals came from RNI on 554 and 659 (554, according to IDXID) is new station with 200 kw. 1142, 701, African heterodynes and readable signals from Cairo-I-118 in what sounded like French. Anyone know whether this language broadcast in Egypt? Nice-1554 Oldenburg-1596 EBC-1214 Berlesau-1225 (through WCAU easily) Lisbon-755 Oporto-1578, Monte Carlo-1466 with very good signals. Grench on 1235, possibly DBC European Service. 1552 heterodyne (Holland?) and very brief glimpses of Rome-675. Who is SS on 640 - PRN-91? HJOF-1070 on AN. JA: DM wants you! 73 to all and best wishes for a happy holiday season and plenty of juicy DX in 1962.

Ernie Cooper - 433 East 21 Street - Crooklyn 23, New York

Fine v/f in from WFM-1550, mentioning 22 reports on DX - were they on in parrellel with WLYD-dx, per chance? 12/21- A bit of WKE-920 heard at 5:34 a.m., but dominant WMEF took them out. I logged this same station, WIRD, next afternoon 4:30-4:15 in and out with WGR on Aniy Ruggles tip. A real oddity, unm CHRS-1590 completely atop at 4:17 s/off! In spite of WINS/WGGM image and WPAL! A basketball game on 1230 in the evening - one team was Dullow, but unknown. 12/23- WMC-1594, ex-WEW at 5:03 a.m. on Stan Morse' tip. 12/21- WGRS-1200 4:59-5:24 also on Stan Morse' tip. Um, WBN-1320 still s/cn 5. WJAN-970 surprise logging 6:10-6:35 under VQOF. 12/25- Ditches of French Canadians on AN like: CKS-1240 WSK-1300 WGR-1270 WGR-1273 WMS-1230 CPU-1050 CWV-990 CKMU-1460 CSW-973, and other American AN for the Christmas morning, like WFM-1350, WWS-1350 and WGR-1470, plus WNT-1330 WPIL-1540 CBE-1555 WAAD-1440. I took log on CJUL-1050. Also logged and reported TISS-375 AN and HCL-1553 AN, both easy loggings with nearby AN's off. I figure it will be six years till I have another chance to hear TISS-375 - they stay on AN Christmas, and WGBS is AN except Mondays, so the next opportunity will figure to be 12/25/57! There's a real advance tip for some of you local lads! Cuban on 1050 almost precluded any chance for CJUL, but I could dig out enough info for report. AN CKY dominated LAL here all AM so apparently WGH and CGFM were not on. Who was SS on 1355? WENU-1350 not off 4-5 today.
(WLES, cont'd from Page 2) But with WLES’ non-directional setup, we feel most of you will have a good shot at logging them on this special test broadcast. Our thanks go out to Mr. Morton C. Flora, CE of WLES, who has arranged to have this special TEST program on the air at this time.  

STAN MORSS

CKBW - 1000 - Bridgewater, N. S.  
Our friend Jim Ernst has come through 1/8 4:01-5:00 a.m. with this and next Monday’s (1/15) DX from his station, CKBW, so send these DX reports to him. The program will undoubtedly be musical, with frequent IDs throughout the program. The channel is expected to be completely clear throughout North America, and that will give everyone a fine chance to log this seldom-DXed station. We thank Jim for thinking of us with this special DX, and we hope everyone is able to log CKBW.

WRDW-1430 and XERF-1570 not noted off recently

Now that the holidays are over, and life has returned to the less hectic, perhaps we will be receiving more Musings Reports. We can't give you a good Musings Section unless you boys cooperate by sending them in! We hope no one took offense at our recent request for brevity. You see, we cannot tell in advance when we're going to get a bevy of reports, so we asked you to try to condense your remarks somewhat, and to leave out meaningless things. We certainly don't want you to leave out any DX you have heard! So, come on, gang - let's keep ourselves on top of the pile by reporting each week so that others may know what you have been hearing. List the time and frequency for your catches, and use E.S.T. only; allocable space; and remember, the limit is still 30 lines, but we have asked for shorter reports - if possible. OK?
Edited by Fred L. VanVoorhees, Box 132, Lemoyne, Pennsylvania, U. S. A.

With all we have to cover this week, let's get right into it.

550 **HON31** "Radio Aeropuerto", Panama City, still ANing Monday AM's ID 12/4 at 0313. (JAC)

615 **YNRN** Managua, Nicaragua, in with S-9 signal on evening of 12/5. Tape report sent with clear ID at 2130 with 3 chimes and "Radiodifusora Nacional de Managua en Nicaragua". (FHN)

625 **TIRICA** San Jose, Costa Rica, heard briefly 12/3 at 0030, splash from CMQ/WPRQ, (AR)

640 **HOK** Colon, Panama, heard clearly behind CMHQ on 12/8, with rock 'n roll records (American artists) and English IDs between each musical number. (BD)

645 **HOS22(?)** "Radio Mia", Panama City, station heard through very bad thunder static 12/12 0121 past 0200 with night-club, soft-pedaled music seemed to ID as "Radio Mia" at 0137. In Spanish. Bears further checks. WRH summer supplement says is here. (JAC)

650 ..... "Radio Guadeloupe" in with surprisingly good signal on 12/2, 1800 to 1900, sometimes atop frequency, eventually WSM and YVQO buried the Guadeloupe station. (ED)

660 **YVKS** Caracas, Venezuela, "Radio Caracas" apparently this one has moved from 750 Kcs., as heard on morning of 12/4 at 0525 and again during evening of 12/5 over XERFM at times with frequent IDs and mention of Caracas. Tape report sent. (FHN)

665 **CSA2** Lisbon, Portugal, fair 0230-0300. (DER)

670 **HRN** Tegucigalpa, Honduras, solid commercials 12/11, 1921-1931, but solid signal except for thunder static and some "Radio Progreso" QRM. (JAC)

675 **YND** Managua, Nicaragua, ID in English 0602, 11/25, stronger earlier. (RHM) "La Onda Musical y Deportiva", heard most mornings around 0200. (AR)

690 **XETRA** Tijuana, B. Cfa., heard occasionally about 0230 with news and weather for Los Angeles. (AR)

695 ..... A Colombian here, haven't yet identified. (BD)

720 **HJAN** Barranquilla, Colombia, s/on 0558 12/5, weak but clearly IDd. (RHM)

770 ..... Who was Spanish speaker under WGN at 0505 11/20? (AR)

(Looks like HJAN above, Asd-FV)

730 **VP4HD** "Radio Trinidad", report sent for reception of 12/4 from 0500-0620 with S-8 signal bothered at times by ET from KULB, Ephrata, Washington. (FHN)

**HJGU** "Radio Tricolor", Bogota, appeared at this reading 0207 12/11. (JAC) DB10 over S-9 at 2040 on 12/5, but on 735 Kc. (HJW) Heard every AM after CKAC 0600 s/off. (AR)(735)

740 ..... Who is anti-Castro outlet here, 11/20 at 0507? (AR)

750 ..... Jamaica Broadcasting Corp., Galina, "The Lord's Prayer" and s/on at 0458 on 11/26. (JAC)

755 **YSKL** San Salvador, El Salvador, heard daily with strong signal on AN show. (FHN)

760 **WORA** Mayaguez, Puerto Rico, now in operation here from 1150 Kcs. Power is 5 Kw, unlimited hours. (FSC)

785 ..... "Radio Pyongyang", North Korea, is as in WRH at 0530, 11/2 weak, bad splitter. (RHM) DB10 over S-9 at 2040 on 12/3. (HJW) Regular from 0500 on, should reach Mid-west and East. (HJW)

805 ..... "Radio Pyongyang", North Korea, is at times louder than the one on 785, but not as consistent. Have never heard them in parallel. (HJW)

DX NEWS December 23, 1961

S20 2GL

Who is "Radio Libra Dominicana", noted 11/28 0117-0125 through bad QRN with political type diatribes? (JAC)

Glenn Imes, New South Wales, quite good 11/29, 0400-0630 s/on of WEAP. (RHM)

830 0

"Radio Caribes", St. Lucia, powerful from 1748-1825, report sent 12/6. (HH)

.... Latin American heard here 12/11 AN. Who? (DER)

JOBB Osaka, Japan, s/off 1000, 11/30. (RHM) Carrying same program as JOLB on 870 from 0530-0600 on 12/4. (HJW)

840 0

"Radio Pekin" (Nanchang, Kiangsi, xmt?) strong after 1000 11/30. (RHM) S-8 to 9 late AM on 12/1, best since October. (HJW)

845 HRCW

"Radio Monserrat" was weak to fair at 2045 on 12/3. (HJW)

850 HJKC Bogota, ex-840 noted stop channel 12/2 1912-1922 S7-8 with Caraol programming, per WRH summer supplement. (JAC)

865 HRUC Tegucigalpa, Honduras, heard once in a while around 2300, signs of FJC-2 so far this season. (AR)

870 KAIM Honolulu, Hawaii, finally got a good report on 12/4 heard all morning until 0432 s/off. CX strange as Hawaiians usually heard like KHOL, KPOI, KNDI, not even audible, but KAIM in the best I have ever heard them. (FHN) Fair most Monday mornings. (DER)

875 TISS "La Voz de Trópico" one of the most consistent LA's in early morning. (HJW) Rough copy beside WWL 0505-0555, 11/28. (RHM)

870 JOLB

Fukuoka, Japan, giving lessons in English starting at 0500 on 12/4. Musical program started at 0530. (HJW)

880 JOPK Shizuoka, Japan, becoming a regular for the past week. (HJW) S-8 and better after 0645 on 12/1. Verifies promptly. (HJW)

1YC Auckland, New Zealand, audible every Monday AM. (DER)

TGI Guatemala City, Guatemala, heard here 0040-0045 12/1. (AR)

890 HJCI Bogota, Colombia, an "Color Radio". (DER)

900 0

"Radio Católica", Managua, Nicaragua. Very strong and atop frequency 0100-0200 on 12/3. Still believe they temporarily moved to 875 Kcs, then back to 900. (ED)

920 KAHU Waipahu, Hawaii, in the clear 12/11 at 0402 s/off. (JAC)

944 HJES Toulouse I, France, fair on 11/12. (DER)

950 JOKR Tokyo, Japan, was 8-9 plus on AM of 12/4. (HJW)

962 0

Tunis at 0100 in French on 11/24. (SB)

970 WIVI Virgin Islands, heard to s/on at 0425 on 12/11 dominating channel. (JAC)

973 0

"Radio Sakhalinsk", Yuzho-Sakhalinsk, was very good from 0546 to 0553 and from 0637-0659 on 12/4. Had a program of concert music followed by popular music with a woman announcer. Verified for me several years ago. (HJW)

975 TIRS

ID'd as "Radio Athena" at 0645 on 12/4. (HJW)

982 HJES

Definitely on 982 Kcs. Copied from 0551 to 0615 on 12/4. ID'd as "Radio El Sol" on Cali, Colombia, at 0600. Report out via air-mail. (HJW)

1000 YVNM

"Radio Moron", Moron, Venezuela, first heard on car radio in Waterbury, Conn., on 12/5 at 0340-1905, just 14 miles from home. Came home and tuned the HQL40 and found them OK with 3-7 signal and no WCFL, only slight spill from WINS. All Spanish, but easy ID's "Radio Moron" frequently. They play Xmas music just before 1900, and now heard nightly. Use "Here Comes Santa Claus" and "It Came Upon the Midnight Clear", and "Santa Claus Is Coming To Town". The vocals are in Spanish. 1 Kw according to WRH. (HSW)

12D Tauranga, New Zealand, best level heard here, s/off at 0530, 11/27. (RHM)
1010 HJCC  "Emisoras Mil Veinte" Bogota, transcribed tape of S-9 signal 0425-0455 for 11/26 report. (JAC)

1020 JONR  Osaka, Japan, very loud on AM of 12/4. Usually heard every AM with many other stations located in Osaka. (HJW)

1020 TGUX  Guatemala City, Guatemala, logged for another report on 12/4 with program "The late late show" in English from 0315-0330 with ID in Spanish at 0300. In well over KGBS for 2nd report as didn't verify a couple of seasons back. (PHN)

YVLL  Caracas, Venezuela, "Radio Rumbos", heard topping 1020 on 12/5 from 2226-2233. I note CMS reports hearing this one on 1110 on 10/4. They give a network of stations on some IDs including "Radio Barcelona", "Radio Sucre", Cumana, and three or four others. My guess is that one on 1110 is relaying the "Radio Rumbos" network as definitely seems to be still on 1020. (PHN)

1030 JOJK  Kanazawa, Japan, s/off 1000 11/30, an outstanding TP "late" AM. (RHM)

1035 4VE  Religious songs program received very well at 2050 on 12/3. (HJW)

1040 YVON  Merida, Venezuela, believed LA on at 0531, 11/26, but no anthem. (RHM)

5PI  Crystal Brook, S. A., good at 0730 ID at close of "Hour of Decision" broadcast, 2 Kw., 8400 miles. (RHM)

1045 WIBS  Grenada, Windward Islands, read where fellows having trouble getting verie so sent them a pp card and got it back yesterday with signature of CE which I can't read. 500 watts in 55' vertical antenna. No question about this verie good freq. and all appearing right on it. BCB country #76. (HH)

1060 .... Who is SS heard here 0200 on 12/3? (AR)

1070 HJCG  "Radio Santa Fe", very strong 0015-0200 on 12/3. (AR)

1090 XEHR  Puebla, Peu., celebrated 22nd anniversary 10/31. Sent nice informative booklet but no verie. Address is AV. Reforma No. 125 or Apartado 292. (JAC)

1093 XEWL  Nuevo Laredo, Tams., veries from F. C. Box 1425, Laredo, Texas. Signer is Fidel Cuellar G., Gerente General, attractive letterhead. (JAC)

1100 .... Mystery Spanish speaker heard here on evening of both 12/5 and 12/6 between 1715-1745. Seems to be Central American station. Have tape but can't seem to ID. Costa Rica mentioned. Is there a Costa Rican on this frequency? "Radio Reloj", Bogota, heard 0111, 12/5. (AR) Is this your station, Fran?**FY)

1110 .... Who is Radio Cadena Nacional, heard here 0155 12/3. (AR)

1120 YVMT  Maracaibo, Venezuela, believed to be LA on at 0530, 11/27 no anthem. (RHM)

1140 JOBK  Kyoto, Japan, logged from 0353-0406 on 11/20. Not enough for a report. Will try again. (HJW)

1150 GOKH  Oran, Algeria, 11/19, 0056-0100 in French, SI-2, some music. (SB)

1144 .... "Radio Caribe", Port-au-Prince, Haiti, fair to fairly good 1821-1850. Report sent. In French. (HH)

1150 JOHK  Kochi, Japan, logged from 0410 to 0442 on 11/20, report sent. (HJW) Verie received on 12/4 for this station on a report of 11/20/61. #41 from Japan. (HJW)

1140 JOBK  Mexico, D. F., only thing heard on channel during sked of WDEL "DX" 12/11, Never answered taped report last season. (RHM) Heard on top 0100 12/3, "Radio Variedades" (AR)
1150 WORR Mayaguez, Puerto Rico, moved from here to 760 Kcs. (FCC)

1151 .... North Ireland BBC good on 11/27, so logged at 0230, fairly distinct behind the AN Mexican on 1150. Report sent. (BD)

1160 .... "Radio Americas" noted here 11/10 2350-0000 s/off. Has Spanish news 2350-tunein to 0000. Does not give location at s/off. Noted again 11/11 0452 alternating IDs in English and Spanish. English once, Spanish twice. "This is Radio Americas, transmitting on 1160 Kcs medium wave and 6 Mc. shortwave," and "Este es Radio Americas, La Voz de la Verdad, para todo el contenido transmitiendos. transmite 1160 Kcs. onda larga y 6 Mc banda de 15 metros onda corta." At 0500 s/on, gave address as Apartado 342, Miami, Fla. (JAC) Noted at 0455 s/on, English and Spanish with chimes. 11/13, (PT) Heard 2354-2401 s/off 12/2. Some anti-Castro line as SWAN, reports as above. (AR) Reports as "Radio Swan". (RP) (SB)

1169 CSB30 Lisbon, Portugal, 11/19 1845 clear in Portuguese S-1 to 4.

1170 WLEO Ponce, Puerto Rico, logged during DX 12/11 faintly under KVOO 500. (JAC)

KOHO Honolulu, Hawaii, very weak at 0402 s/off on 12/11. (RHJ)

1188 VOA Okinawa, s/on is 0600, not 0700, with news in English. (PT) S/off at 1130, latest TP reception encountered. (RHJ)

1180 .... "Radio Globo" still good and still audible after "Radio Sweden" s/off. (RP)

1187 .... Szolnok, Hungary, at 1711 on 12/2, S3-4. (SB)

1188 .... Another L. that I can't seem to ID. Sounded like a station in Colombia. (FCC "Radio Cordobes" used to be on this frequency several years ago. Have a fine curve from him.) Any help on this one? (RHJ)

1196 VOA Munich, West Germany, not only had a good signal on Mon. AM 11/27, but they are now on the air until at least 0200 with American pop records from 0100 on. Formerly signed off at 0130. (BD)

.... "Radio Juventud de America," Almeria, Spain, heard here s/off as late as 2100. Good reception. (BAE)

1200 JQIQ Wakkanai, Japan, verified with positive QSL card giving power of 1 kw. (RHJ)

.... Macau heard here with Chinese commercial Service at 0900. Quite bad reception. Poland starts at 0950. (BAE)

962    Unid, in French on 12/17 0015 and later. Very weak and much QRN. Probably Tunis. (AM)
INTERNATIONAL PAGE 2  DX NEWS  December 30, 1961

970 XEUG  Leon, Guanajuato, 500 DAY, now in operation. (FCC)
XEDF  Mexico, "D. F., 2500(10) provisionl operation with 500(5). (FCC)

973 .... "Radio Sakhalin", was very loud and in the clear at 0645 on
12/18. Also heard later in the morning. (HJW)

1000 1ZD  Verie in via air-mail on 12/11 on an hour and a half report
of 11/27. W. I. McMillan, Senior Technician, sent a fine
letter and QSL card. They s/off at 1030 GMT or 0230 PST.
(HJW)

1010 JONR  Osaka, was S-9 plus at 0635 on 12/13, one of the best this
morning. (HJW)

XEEB  Esperenza, Sonora, from 1500 with 250 unlimited. (FCC)

1030 J--- Japan s/off 12/20 at 1000 giving call that does not sound
like JOJK as I earlier reported; sounds more like the
Kitami call, JOKP. Wonder if another shakeup in Jap
assignments. (RHM)

1040 HOJ2  Las Tablas, Panama, fair on 12/17 at 0125. Are they 400
watts? (AM) (Dunne-FV)

1043 .... Surprise logging on 12/19 was Oujida, Morocco, with Span-
ish programming to 1900 s/off. Got through WHO every so
often. (BD)

1061 .... Another surprise logging was Cagliari I., Italy (Sardinia)
on 12/11, 0100-0130, fair signal in clear at times. (BD)
(Will have to check on country status on this one-FV)

.... Hetrodyne signals from Norte I. Portugal, are heard every
night around 1700 behind local WRGV. (BD)

.... Note that someone says they had Kelundburg I from 0128 to
0147. I know for a fact that this station does not s/on
until 0200 Sunday morning, which is the only day they
s/on before 1100. From Radio Denmark printed schedule
just received. (BD)

1065 HLKX  Incheon, South Korea, was steady and in the clear at 0625
on 12/18. (HJW)

500 watts. (FCC)

1088 BBC  Midland Regional, Droitwich, heard on 12/18 between 1730
and 1840. Incidentally this station does not sign on
prior to 0145, per long-standing schedule, although re-
ception at 0129 was claimed recently. (BD)

1090 JUHB  Sendai, Japan, heard at 0450 on 12/18. (HJW)

1096 .... Unid. Spanish station heard around 1900 on 12/19. Has been
heard before when Spain was coming in. (BD)

1170 XBOV  Orizaba, Vera Cruz, 100 watts DAYTIME, not unlim. (FCC)
JQQG  Morikaka, Japan, heard at 0631 on 12/18. (HJW)
WLEO  Ponce, Puerto Rico, didn't make it too well here, mainly
due to some spillover from local WDEL from 0800-0415 on
12/11 and WWVA having their carrier on after 0415. (BD)

1180 XELV  San Luis de la Paz, Guanajuato, new station with 500 watts
DAYTIME. (FCC)

VOA  Okinawa, broadcasting in English with excerpts from a
recent Kennedy speech. (HJW)

1190 XEWK  Guadalajara, Jalisco, 50 KW, but provisional operation
now with 50000(10) non directiona. (FCC)

XEDO  Jojutla, Morelos, 500 watts, Daytime, new station. (FCC)
JOHR  Sepporo, Japan, was DB10 over S-9 at 0517 on 12/18. (HJW)

1196 VOA  Munich, West Germany, good s/on on 12/12 at 2300, terrific
signal at s/off at 1830 on 12/12. (AM)

1200 JOIQ  Wakkanai, Japan, logged from 0518-0600 for a new Japanese
here on 12/18. (HJW)

DX NEWS

December 30, 1961

1200 .... Two unid Latins on this freq. one is probably Venezuelan as time given is ½ hour ahead of EST. No idea about other one. (AM)

1005 RTF Bordeaux I, fair at 0050 on 12/17. (AM)

1210 JOOR Osaka, can be heard quite regularly. Osaka stations seem to be best here. Quite good at 0611 with a play on 12/18. S-7 to 8. (HJW)

1214 BBC Light Program had excellent strength and clarity at 0130 s/on on 11/27. Probably could also be picked up between 1730 and 1800 some evenings, as I note a sharp hot. on this freq. even with WCAU on nearby. (ED) Still heard at 0340 on 12/18. (ED) Fair most of 12/11. (DER)

1220 .... "Radio Mayrink" always good after 0030 GMT. (RP)

1240 XETC Torreon, Gochulla, now in operation with 250 watts. (FCC)

XENG Huanuchinango, Puebla, from 1400 with 200(1). (FCC)

.... Very good signal in French 12/18 and 12/19 1830 and later. Thought was 4WM in Haiti, listed as 1250, but heard ad. for Goodyear snow tires, so doubt if it was them. Could it have been a Canadian off freq.? (AM)

1250 JORR Sendai, Japan, was quite good at 0515 on 12/18. (HJW)

1260 .... "Reloj Nacional", Havana, heard fighting WWDC 0257-0330 on 11/11 with full ID: "Transmite Radio Reloj Nacional desde La Habana, Cuba, Territorio Libre de America", at 0330. (JAC)

1270 XEAX "Radio Alegria", Tijuana, B. Cfa., excellent 11/20 from 0238-0248. (JAC)

VUNC ID in English between what sounded like Mandarin 0530 11/13. VUNC (760) heard 10/16, but not 11/13, so maybe new freq. or perhaps its JORR since VUNC often uses NHK facilities. Report sent, we'll find out. (PT) Location is Kangwa Island, South Korea, according to verle received by Japanese FCB DXer with whom I am corresponding. (PT)

KNDT Honolulu, Hawaii, verified by letter signed by Jo Ann Algerier. (RHM)

1277 RTF Strasbourg, France, 11/18, 0011-0145, several IDs, French talks Music; S2 to S9, 11/19 0117-0130 S2-5. (SB)

1280 PRG3 "Radio Tupi", good after 0100 GMT. (RP) Football relay on 11/4 at 0130 GMT. (RP)

1286 .... Prague, Czechoslovakia, 11/18 0037-0100 in a Slovak language. S-1-4. (SB)

CSB-3 Lisbon, had fair signal on 12/19 at 1840. (BD)

1287 .... Oriental noted here 0630 11/27, unreadable. QRM, (PT)

Apologies to you for only 3 pages this week. I ran out of stencil and neglected to replenish my supply. Back to four pages next week with a pretty good chance of getting caught up. You have really been doing a terrific job of DXing and reporting. Please keep the reports on one side of the page. Otherwise, you have been doing fine. See you next week. HAPPY NEW YEAR. 73

To insure everything is included in this issue, I have included Fredd Section for 12/23 which did not arrive until after DX News had been mailed that date. All stencils that have been run thru Thursday 12/28 are being compiled so as to do it all Friday, so it would be appreciated if you fellows will insert those pages out of place in their correct places. Thanks. Also using other paper on hand for such items as these Standings and the Contest Standings thus saving our reg mimeo.

PS Ev Johnson had only 5 items, and all stencils cut so no room anywhere. He did not cut those 5 items in a stencil, so he will include them 1/6
