WNNIA is making plans for a special DX-Test for NBC at 2:00 a.m., E.S.T. (3:00 a.m., E.D.T.) for a half hour on Monday morning, October 16th. This station, which has no regular frequency check sked, is of course, a rare logging for most DXers, and this program will give many of us the chance to add a fine station by careful tuning. They will use 250 watts, non-directional, and return postage is a MUST for a veris, plus, of course, a correct report. Please send your reports to the General Manager, whose name we do not have here, but our genuine thanks to him for this honor by WNNIA! WAYNE HEINZ.

On a personal visit to new WMKT, John Callaman learned they have this TEST broadcast coming up on Monday morning, October 18th, from 2:00 to 3:00, C.S.T. (3:00-4:00 EST). Announcer/Engineer William Grass cannot be at the mike for this TEST. Will is a ham, win the calls of KQFTL. Reports will be appreciated by this 500-watt directional antenna, and don't forget, please - return postage! The channel should be clear of all but these two 40-watt CBC stations in the extreme NE part of Canada. Our thanks to Mr. Grassman for this information, and we hope everybody is able to pull WMKT in nicely.

JOHN CALLARMAN
Hi fellas, I have started to do a little more DX since last writing but still not as much as I will pretty soon. Veries have been very few. v/q- KYYT-1510 NBC TEST, two days after Contest deadline over. Two days later KOMA-1520 just after the Contest deadline & I needed another Okla. for three points. Reports have been sent to WREW.

VWLG HJAT YND WIOO WDIC WABT WAUK WJRE WCRE WAGG WTEK WIST WFMN WJON. New to DX. 8/16.

-WKY-1520 ET 1:20am. KWA-1530 r/c noted also at this time. WDIC-1430 r/c noted, 1:23m. WGAU-1340 r/c noted 1:25. WJOL-1340 heard for first time @ 1:29am. 8/13.

WABY-1430 r/c li:22pm. WABH-1150 r/c li:25pm. 8/28 - New station WIOO noted w/S-3-5 signals 3-5pm. WAKY-790 heard way o/WAR/WOJX @ 7:30pm so took a log. 8/30 - WTRY-980 heard 1:24m. MWY-1000 noted s/off @ 1:38m, thanks to Ernie's tip last issue. Late in the day, WNAP-1590 7:55pm s/off. WAUK-1560 6pm s/off to s/on again @ 6:01. WAWA-1590 also s/off 8pm. WTVF-1590 really booming in. Do they verie? CUNR-750 noted w/CBC stuff @ 8:05pm. 8/31. WHBT-1500 7:25pm s/off. WAMY/WJYA-1580 noted w/Diurnal NX 7:31g,7:55m. WIXX-1590 s/off 8:10pm. 9/1 - WAGG-1560 had ET @ 1:40am. Unn WWIN-1440 noted w/AN show @ li:15m. 9/5 - WDSL-1530 heard s/off 6:28m. WJNT-1520 new station finally heard s/off @ 6:30pm. Also heard an unID 250w. s/off at this time. anybody know who? I think it may be either WVOB or WGEK. WLLL-730 6:45m s/off. 9/6.

Unn WMOC-1450 heard 12:25am. WLEE-1480 s/off 13:20am. WIST-1240 noted 12:38am, in/out w/WHOV. WAYS-1270 s/off 12:54am, & left only Cuban & AN KFJZ. WEXK-1340 12:35m s/off WAIM or WOLS-1320 on W/AN show @ 1:28m. Who was this? WLAQ-1410 w/AN Labor Day Program noted 1:25. Later in the day, WTKX-1550 ex-WSMA finally heard w/o/off 5:45. WCTN-1590 s/off 6:44. WCFF-1590 s/off 7:50pm. WHAF/ WFRF-1580 heard & logged between 8:25 - 9:45pm. 9/7.

-940 s/off 12:08am. WNWA-1590 1am s/off. 1320, something which sounded like WOCO on @ 1:06m. Can somebody tell me if they were on or off? 9/8/15 I had a very enjoyable visit from Wayne Plunkett & Jim Warner over at Steve Weinstein's house. 73 & good DX.

Jerry Conrad - 712 South Limestone - Lexington, Kentucky - 40508

The last one returns at last. I have been out of town for over a month & when I got back, you should have seen the mail. All to contest entries plus everything else I manage to get myself into. Well, I finally finished totalling all the entries this afternoon, & I just hope I can get this mess to Cedar Rapids so the winners can be announced. I am sorry I ended up so poorly w/the Contest. I got busy w/everything here at school & had to put nearly everything else off. I am student teaching this Fall & will graduate in December, so I had better not try to handle the Contest again this year. I will have an address change in January to wherever I start teaching & I am afraid this might get too confusing. If you can get someone else to run it this year, I would like to have it back next year if Uncle Sam doesn't get me. I should also be able to do a better job then. Now to the Contest itself. The top three in the States/Provinces were within six points, Steve Weinstein coming out on top w/296 & also first in Letterman & that leaves a tie for first there, w/Chris Lucas & Mike Tilbrook both having 103. There were 25 entrants in Letterman & 52 in States/Provinces. Funds are $3 in S/P and $8/25 in Letterman. I figure prizes should be $1.75 for the winners in Letterman, 75¢ for third place & 50¢ for fourth. In S/P, $2, $1.25, & 75¢ for the first four. I'll wait to hear from you on this & then mail a check to each of the winners. I hope the Convention is a great success & I'll be looking forward to attending myself next year if at all possible. So I'll be looking forward to hearing from you soon. (This seems OK to me, Jerry - your letter didn't make it to Cedar Rapids -ERC)

John Sampson - 90 Pearl Street - New Providence, New Jersey - 07974

First, many thanks to Bob & Len for the fine Convention they staged. Also, thanks for the ham - we had it the other night & yum yum! We just moved several weeks ago & so most of my spare time has been taken up in getting the house shipshape. Slight amount of DX in the past month. From Freehold, WIOO-1000 daytime 65. No verie, but poor report as no ads heard. WFIF-1500 ETing 8/14. Very loud w/no sign of WKKK *per usual*. If it is representative of their 65 daytime signal, poor WKKK won't make it S of Rt. 40. No verie from WFIF yet. New Providence DX: WUSD-1650 Trenton was very loud in Freehold but can be heard here only if the wind is from the SW. WALK-1340, the WMCA of Orange Co., daytime 65. w/extreme hash from old "friend" WMID & others. No sign of WRRK, Spring Valley, yet, though I understand their towers have been up since February. Another item - one of the pros at RPI said they are going to sell WHAZ-1330 to (P. 3)
Don't expect to get too much DXing done till the first of the year, as I still have two sessions left at RPI, in October & December. Mary R., I still owe you a letter & intend to write, hi. So till next year, 72 PS, Ernie - I got on the other end of that Ozark flight you took. Stops at Ottumwa & Kirksville before Kansas City - looked like a pre-World War II plane, hi.

Steve Weinstein - 435 Jayson Avenue - Pittsburgh, Pennsylvania - 15228

Hi. TV DX has been deteriorating, so it's back to the jials again. The BCB DX have improved considerably lately, & although the static level is still high on occasion, some good stations have been squeaking through. Varies since last report: v/j - WDEF KTTT-TEST & KCBQ (IRCA Convention QSL). v/j - WIXR CBRI WZQT W4BO WJIO KAPT TEST WAB WCVL WCAZ W9ST W9VT CH3B W9RR & W9ROX. WHU9 took almost one year & seven months (from 12/63) Here's DX: 8/15- Pirate game on 1240 @ 11:45am, who? Letter sent to them (Pirates) but nothing back yet. 8/22- WHFR-1320 s/off 1:05am. EXL-1150 noted AN. Unn WBNR-1370 ET/M 11:15am. MM 8/23- WOKK-1340 12:30am. Surprised to find KRS-1190 12:30am, pretty early in the year for them. WWUN-p1590 1:05am s/off. WHK-1420 off this MM, WSKH AN noted strong. Unn KSFX-950 f/c-TT 1:20am. WMER-1460 noted AN (Boc!) Unn WBNR-1480 ET/M 1:50. WMIB-1460 1:54am ET/TT. Unn PO4 on 1350 w/TT & ID @ 2am, said "Central Daylight Savings Time is 1am." Should have said 2am, so don't know what it was - anybody know? 8/26- WFUN-1010 s/off 7:55pm. WISE-1310 7:15pm, WOKJ-1560 7:31. Unn CIJR-730 noted @ 9pm. 8/29- Unn WDSU-1280 noted @ 1:05am s/off. WIXR-1420 ET/M 1:15am to 5am & was accepting collected calls, so naturally I called in. Mentioned my name on the air a few times too. WLYA-1480 1:44am. CHER-1040 2:04am, a big surprise o/ MIA, & no WHA9. WJRD-1160 noted AN. 8/29- WJVA-1580 s/off 7:45pm. WNEP-1590 s/off 7:59pm. WIXR-1500 s/off 8:10pm. WTTL-1310 8:20pm. MM 8/30- CJFR-1600 s/off 11:04pm. Since when are they off? Maybe I just never noticed it before. Unid f/c-TT on 950 w/ID @ 11:55pm, who? KHDS-1190 heard again @ 12:30am. WMER-1460 AN again - boo again! KI2J-1480 s/off 2am w/TT America the Beautiful, came in out of nowhere. WFR-1370 2:11am W/T, probably ET. Unid on 960 w/s/off 7pm, who? 8/31- XENO-960 8-5 @ 2am s/off in EE. CKL-1320 noted w/CKDM 2am. Unn WMSR-1320 ET/M 2am. 9/1- WERT-1320 ET/M 1am. WCRL-1220 r/o 2:22am. 9/2- WYOU-1560 ET/TT 12:35am. WLOX-730 s/off 6:45pm. Radio St. Pierre-1375 taken for log 7:02pm. 9/3- WNOH-1550 f/c-TT 12:24am. WG9R-1560 ET/M 12:33am. KFWS-980 r/o 1:107. Nine-1282 12:17am w/special sports broadcast, // to 340 & 1220. MM 9/6- WZKY-1560 f/c-TT 12:37am. KHDS-1190 noted again, 1am. WHAQ-1410 lam, AN for Labor Day. WJEO-1330 ET/TT 1:30am. WCCF-1580 AN on 9/6 & 9/7/12 for Hurricane Betse, probably AB 9/11 too. 9/10- Barcelona-737 & Panama-645 written down @ 11:28pm. Looks like this season is still going to be a good one, so everybody support DX NEWS! Oh yeah, to new member R.C. Goldfinger (7/17 issue) - WATCH OUT! We have a J. Bond in this organization! 73s.

Carl (Skip) Dabelstein - 12524 C Street - Omaha, Nebraska - 68144

Well, it's sure been a long time since I had a report in these pages. Being a full time student at the University of Omaha & a proof operator at a local bank keep me out of the DX den. However, I have gotten a little DX since I have been on vacation. The all-new KNLY-1060 in Ord, Neb. is on the air & can be heard daily in Omaha. On 9/3, KMR-1350 in Bismarck, N.D. was heard w/ET @ 1:30am. KLTZ-1240 in Glasgow, Montana logged @ s/off on 9/10. I got up on MM 9/13. WATC-900 w/TT was heard @ 1:50. CBP-1010 in Calgary, Alta. logged at s/off announcement 2:06. WCCL-1230 Columbus heard at 2:30. I was really surprised at 2:35 when I heard a TT & ID for KZTX u/local KXON-1490. Log taken on CBM-940 & CKOV-1310 around 3:00. Latest veries are: KZSX KW5K KNLY WCOB & KERD. Totals now are: 1059 & 695. Ernie W., Larry Leher, & I sure enjoyed the fine Convention at Cedar Rapids. It was interesting to meet the very fine members of the Club, & to talk to the different people who called. Larry & I got a couple of identical members, but they gave us the "slip." On the way home, we stopped & visited KXLO-800 & WSUI-910 in Iowa City, KG9N-1410 in Grinnell, & KISO-1460, WXYK-115C & KCBG-1390 in Des Moines. KGNR conducts f/c on second Saturday at 5:40am, EST. I have contacted about ten Nebraska stations about possible tests. I'll probably be lucky if I get two of them on. @ contacted KMCT-1500 KNLY-1060 KRFS-1500 KXW-1560 KEER-690 KERV-1310 KSID-1340 KOOW-1400 & KHEB-1340. I will make an attempt to get KLQ-1350 on for a test as soon as they get on the air. There has been no word on Lincoln newest since Mary Robbins & I visited them about a month ago. The CE said they would go on the air on Labor Day, but nothing as of late. Well, that's it so 73s everyone.
I finally decided it was time to type out a musing. The address above is new, making my third move within last year & half. CX at the new QTH seem to be the best yet as I'm looking forward to another great DX season w/the NRC. All my images have disappeared plus the buzz-saw type of noise encountered in my former steel-framed place. Incidentally my new location, Mill Valley, is located about nine miles N of San Francisco, just off Highway 101. Well, enough of the incidentals, now down to DX business.

7/10- TIRICA-625 5:47am. 7/20- KEPR-610 7:01am s/on (local KFRC no longer AN). 8/9- KXL-1370 6:55am. 8/18- CFPG-500 7:44am. 9/6- (First loggings at new QTH): WDN-660 4:20am pretty eak; WHK-1420 4:41am, CJGC-860 5:30am in like a local. 9/9- XIMA-1460 11:31pm way u/KCZ. 9/13- WOC-1420 5:45am way u/WHK, WR-2800 5:53am, XBAZ-1270 11:21 pm. 9/19- CJUT-610 2:05am s/off just after local KFRC s/off. 9/20- KEKL-1060 2:08am. KOK-970 11:51pm u/KOIN/KFBC. As for veries: CHQR-810 v/f, KAHI-950 written on my report, KIXZ-940 v/f signed by NQSer John Tadnson, KELA-1150, KEKX-1420 on picture postcard, WJJD-1150 v/q, KFJ-640 v/f, KEF-1580 v/f, KSTN-1420 v/c, KVIN-1230 KEQ-1280 PP, KAOR-1340 (says my report first from California, have had only two other reports, B.C. & New Zealand, hi!) KEOI-950 KEPER-970 KFRO-1360 v/q, WO-1060 v/a, KEPR-610 v/c, KNGS-820 KAGJ-930 on picture postcard, CFPG-500 v/q, KAOR-1330 KFX-1350 v/q, KISN-910 v/q (studios are in Portland), KEDW-1460 v/t, WHK-1420 & CJGC-860, v/c CBC card. Total new 554/335 (forgot varie from WRFD-880 in today). I hope everyone has a great season.

Paez Edmunds - Syracuse, New York
(forwarded by Dick Cooper). Veries aren't here. Only two, WOND-1400 on N.Y. reception & WICO-1000 here. Weekend of 7/30 was spent in a tour of WAMD-1340 & WOND-1400. I talked to the AN DJs at both. WKER-1500 obviously isn't public relations minded as the CE told me there were only two of them there & it was DX time. There was only one person at each of the other stations.) Now on to DX. 7/25-PM- 11:11, noted new KFJ call on 1060. 11:10; switched to 1100 for WYGB. 11:20, WMIP & jammer on 1140 all o/WAPA. 7/24-PM- WICO-1000 from 3:24-3:51 for verified report, S-6 all day here. 4:28 brought a relog of WHER-1530 who has never answered me. 7/25- 12:05pm, WPM-1570; 11:05, Yankees BB on 1490, who? 7/26, FM- 5:27, WEVA-860 "Bad Carpet Radio" u/WTEL's SS. 5:33, WSB-980 relog. 8/3PM- 3:50, WAIT-800 for ID & 4:03, WOSU's. 12:07 was a mess, v/f the only new KFRC around 4:20. 4:45 brought WIF's ET on 1500. 5:18 had WEXT-1550 w/c/w. 8/7AMs 1:35, Opera on 550 u/WARN, who? 1:35, CKCN-820. 1:35, Canadian // to CKCM, but not // to either CBC net. 1:43, Cuban on 720 & jammer, who? 7/PM- & 8/AM, 11:30, WRC-980, 12:02, KFDF-1800. 12:03, HJN-870. 12:15-12:39, YND-575, but no reports. 12:45, XYQK-1000. 1:00, WFBM-1230. 1:02, SS 8 off on 1390. Any ideas? Later also on 1290, an ET w/chimes. Again, ideas? Tjos brings my N.J. total up to 560, & my composite to 747. OOps, forgot logging of CJUH-1600 on 7/30. Heard much since. Gotta stop, think I'm over the limit. C U next issue.

Andy Fug - 16 Lake Breeze - Pointe Claire, Quebec

Ex-NQSer Phil Jacobs & I recently visited NQSer Sam McLaughlan & he is still alive & single. Sam's DXing inactivity is due to a lack of time, says he. I don't know if he'll take it up again or not. Recent veries here are HXMA-540 CKCN-560 HJAJ-260 WYGB-1060 WHOT-1320 WNOB-1540 WYB-1540. Veries now total 1,282. As for DX: 7/15- WYGB-1100, 10:36pm. 8/24- XYQK-1060, 8:55pm. 8/30- CBQ-1260 AN & weak 1:57am on second; w/no report possible. 9/11- CKCN-560 finally copied for a report @ 7:24pm. 9/13- CBQ-1260 finally reported @ 1:55am; CFPG-1470 silent this MM so MM SP is at least regular; CINH-1280 image on 1380, arghh! (?? 840) 1240 CRCR suspected to be CKBS but I'm not sure yet. 9/22- WIF-1500 5:45pm. 9/24- WFBM-764, 8:07pm for #1 TA this season, CJUC-1270 is now NSF on CFTC. Dave Schmidt: CKDM-730 eventually verifies if you send a good report & keep following it up (it took me five or six f/ups & 21.5 months!) It was nice to see everyone at Cedar Rapids & I'll be expecting to see YOU at Montreal 69! 73.

Dennis Kerwicki - 335 7 Street - Two Harbors, Michigan - 55616

Hi DXers. DX is picking up a little here. I have recently added three new stations to the log. At 10:59 CFRA-560. I forgot the date of this catch. Then MM 9/13, I logged WHK-1420 @ 2:17, CFPG-500 @ 2:21. I will have more next report. 73.
Most happy to be a new NRC member. We just recently moved here (5/25) & thus far my totals are: (20 days) 419/0 stations, 32/0 states, 5/0 provinces, & 13/0 countries. Equipment used is a Hallicrafters SX-100, 35 & fed wire (E/W) up 30', & a W4 725 tape recorder. Any help will be most appreciated on these undid stations. Who is the Mexican on 940 after GEM s/off? CBC station on 1400 w/no apparent ID? Strong SS w/WGN-720? Does WQOS-1300 have a new FM station on 107.9? (I realize this is out of the FM band but that's what it sounded like). "Le Voz de Cuba" stations on 550 & 780? Is CJAR a new station on 730? SS u/o CHML-900 nights? Does KYND-1580 use SS? "Radio Alva-eritas" or something like that on 1150 w/er format? (KZIE, "Radio Variadas"-nnc) Stations on 1200 1210 & 1270 w/continuous ticking in background? Dual SS programming on 630 & 640 Md.? If CFOX-1470 were presenting a special record, would they call it a "Fox Extra?"

Here's my recent new stations: 9/12- WARK-540 WLSG-540 WABF-730 WCO-600 CBT-540 s/off @ 10:10pm, WHEN-620 @ 10:21pm, WOF-590 @ 11pm, WIKR-550 @ 11:05, WIND-550 WCL-1030 @ 11:55pm, WIMA-1150 s/off @ 11:59pm. MM 9/13- KARK-920 @ 12:20am, WABB-1480 KS-1460 @ 12:55am, WACO-1460 s/off @ 1:27am, WONE-980 @ 2:13, WRCG-910, WFLA-970 2:25 am, HJER-620 w/ED & 3:06am (should I bother to send them a report?) WYOF-1460. (Welcome to NNC, Jeff, & we hope to hear often from you! My feeling is that if H/ED Ds in WE, they solicit EE reports, so I'd give 'em a whirl.-ERC)

Gene Woo - 3135 Cherry - Toledo, Ohio - 43603

This is my first report since becoming a member of your Club. I am 16 years old & a Junior in High School. I have been ECB DXing for one half of a year. My totals are:

- Stations, 167/25; countries 6/4; states 30/17. My best catch is PJE, Bonairo, w/CKLW only 50 miles away. Here are some loggings:
  - On 6/28- WSA-910 @ 4:04am; WCHG-980 4:35, WJIS-560 @ 5am. On 8/30- WAPA-690 @ 7:12pm (91 from Florida). On 9/3, WGBX-690 6:37pm
  - On 9/5 WTH-980 @ 7:27pm. On 9/10, WDDK-630 @ 11:30pm. Recent veries from WPA8-820 WTH-980 WYOF-590 WGB-550 WAVE-970 WFL-870, WAP-1540 WKB-590. The equipment consists of a Heathkit GR-91 EX & a Q-multiplier. The antenna is a 75' longwire. Also, does anyone know if CKLW uses a directional antenna system, because CKLW is stronger than WJR during the day but not at night. 73s. (Welcome to the NNC, Gene, and we hope you also will be a regular user here! -ERC)

Tom Mann - 1905 East Elmdale Court - Apt. 6 - Milwaukee, Wisconsin - 53211

This is my first report after rejoining w/ the September issue of DX NEWS. I guess I better introduce myself to all of the newer BCF DXers. I am 26 years of age, stand 5' 6" tall & very much interested in ECB DXing. I have started this hobby on 1/3/58 when I joined the NNR, then the NNC. As time went on I joined a few more radio DX organizations. My RX is a Zenith Royal 1,000-T-O w/ a whip antenna for SW, BC. My Zenith AM & FM table model 0730 is one of the sets I also employ for BCF DX. A new station is supposed to be on the air one of these days, & that is WKAU-1050 Kaukauna, Wis. w/lkr. day time only. I hope their signals comes in @WLYF, also 1050, w/25ow. of power. I wonder if there are any YLs in the NNC? If so, I would enjoy hearing from them, as well as from other DX members in Wisconsin. 73. (Glad to have you back with us again, Tom, & we hope you'll be in this section often! -ERC)

Rick Merr - 743 Dophloggin Road - Ellicott City, Maryland - 21043

Hi gang. I hope everyone had a real fine time in Cedar Rapids over Labor Day. I was sorry I couldn't make it this year, but I'll be sure to be in Montreal next year. No new DX to report this time due to summer QRV, school, dates, etc. I was glad to have had the chance to meet Russ Edmonds who has been here twice lately. Also, thanks to David Gearock for your letter of 7/3 answering my questions; thanks to Herb Campbell for your postcard of 7/25 answering my inquiry about W3H9; thanks to Willis Davis for your letter of 8/11, & newspaper clipping telling me about KWAM. I'm atteding the U. of Md. in College Park this year as a freshman. I'm living home this semester, so if anyone cares to write at any time, drop me a line at my home address, printed above. I'll check in again when I have some DX to report. 73 for right now.

Eric Bristow - Paris, Illinois

I was glad to see you & the Edges at the Convention and to see the movies of the bunch ten years before which I had never seen. I want to get away from here by Oct. 5 as I have a fishing date with lady friend to go on the West Coast of Florida on 10/15, hi. I will try to have report in by 10/25 after I get settled in my hotel. I was glad to hear Muscatine, Iowa on 9/6.

AS THEY SAY IN ANN ARBOR, MICHIGAN, "WAAM." "WE APPRECIATE ACTIVE MEMBERS." REPORT!
Wayne Heenan - 126 Linwood Avenue - Orchard Park, New York - 14127

Since August hasing, DX as follows: 8/21- WNOE-1330 at midnight. 8/23- WRCF-1330 @ 12:30 & later on. WNYR-680 Rochester, N.Y., ex-WVR. 8/24- WEXK-1340 s/off at 11pm. WCGR-1430 TT @ 11:1501:30. WPH/SM 8/28-30 at Teleph's: WCR-590 7:45pm, WICG-650 @ 8:45, CKRC-650 @ 11:35am, WPTP-680 @ 12:45-1am s/off. WDAY-997: 2am s/off. CFAC-960 @ 12:12 u/CRNS; KDFL-930 @ 2:45 ending ET/TT. 4:37, PJE-800. 9/1- WCAP-1320 w/Beep etc (I called collect). 9/2- 11:35pm, WIVI-1430 r/c. 9/4- CJIRL-1200 o/XE @ 12:32am, WPHR-1330 @ 12:13am w/ FE, Dallas vs. Minnesota. 9/4- WDOV-1390 - 11:03pm s/off. Verries are as follows: v/- WHD-1040 CBL-740 CJBC-850 CHY-1470 CFAC-960 WHEC-1430 WNOE-650 (returned my stamp). WPTR-650 WPTV-1540. w/- CJRN-1600, WTRX-1330. v/- CFSP-1220 WADD-1280 (on CM) WBCS-1490 WDAY-570 WENT-140 (on CM) WPHR-1320 (days off). Very glad everyone had fun at Cedar Rapids. I've got to work on my parents for Montreal '66 starting now. Rumor has it that Hamburg might apply for a station. Might be NRC DX on local WNIA-1230. If so, it will be in this bulletin. (It is! - ERC) 73s from the place where SCHOOL is KING!

G. Harley DeLeurons - Box 568 - Kittzamiller, Maryland - 21538

It's been a long time since I have written. I really have no excuse except to say I just didn't take the time out for a few lines. I haven't been DXing much, because I have been too tired to get up in the middle of the night. Nevertheless some local "DX" has been done. Nothing spectacular though was heard. Some series of late include WRGC-680 Clinton, N.C. 28328 (P.O. Box 839); EHTT-1510 Columbus, Neb. 68801; WHES-1340 Murray, Ky. 42071; WMA-1340 Orange, Va. 22960 (Spicers Mill Road, P.O. Box 271); WREI-1410, Chester, Va. 23831 (10600 Jefferson Davis Highway, Richmond, Va. 23234); WNOE-1540 Miles, O. 44446 (26 East Park Avenue); WANG-990, Richmond, Va. 23219 (Broad-Grace Arcade, Room 1049); WRGD-1540 Richmond, Va. 23227 (6001 Wilkinson Road); WVEC-1490 Hampton, Va. 23664 (1930 E. Pembroke Avenue); WKLV-1440 Blackstone, Va. 23824 (Drawer 192); WESR-1330 Taiey, Va. 23441 (Eastern Shore Radio Center); WMTD-1210 Ne port news, Va. 23307 (P.O. Box 907); & WCOV-1410, Norfolk, Va. 23502 (P.O. Box 375); WBT-1550, State College, Pa. 16801 (P.O. Box 249, 139 McCullister Street); WPAQ-740, Mount Airy, N.C. 27030 (P.O. Box 902); & WCMS-1050, Norfolk, Va. 23502 (6500 Curlew Drive). I read in the "Cumberland Evening Times" for Friday 9/24 that WXYR will begin broadcasting from Cumberland by December. This move was authorized by the FCC last week. The XR will be located atop Wills Mountain, where a new building will be constructed to house equipment & two antenna towers will be installed. The station's studio & offices will be located in Cumberland too. In authorizing the move of WXYR, the FCC also granted a request for unlimited time broadcasting. The station will continue to broadcast on 1270 kc/s. w/a power of 5,000w. day & 1,000 nights. So Keyser no longer has a station. I notice though that a WKL is to be in Keyser, When? 73s.

Ken Butterfield - 624 Arthur A Plymouth, Michigan - 4812

Hi gang. Lots of DX & a new job. I work six days a week, 5:30pm-4am. Can DX AN SM & MM, every day from 4-7am. DX is as follows: 8-24- WRAD-1460 3:01am. 8/30- WHRM-650 1:59am. WOTR-1370 2:22 on an f/c. 8/31- WNET-1320, 5am s/on. WKEZ-850, 5:30am; KTOA-940 5:35am. 9/3- WGIL-1400 1:07am s/off. CJRN-1500 3am. WTAP-1230 5am, 9/3- WPTP-960 4:35am f/c. WMEG-1380 5am s/on. 9/5- HJIE-820, 2:50am; HJCN-1100 3:35am. WMCV-1270 3:58 on f/cg. CJCB-1270 4am s/on w/ch Canada. WBEF-950, 4:24am. WRSJ-1560, P.R. 44, 4:30am s/on w/SSE. WNZ-940, 4:47am. KHSL-950 5:26am. 9/7- KEYD-1230 2:31am f/c. 9/12- FZ-524 s/107? MB-530, 5pm. 9/13- CRN-640 12:15am w/CBC, Province #10. CJCR-920 12:45am w/CBC. KSCO-1140, 12:58. CRPM-1060 1:17am. WDAY-970 1:30am. WPDX-750 6:23pm /lo- WZS-1320 s/on. Verries: v/- WQRA KEAM WTVT CTX WINS WPAG & CJOB (N.S. #). v/- WFSR WNLX WBM WA1W DOAM WOAM CJRN WIBG WOTM WGL NE EZ WDAY. Totals: 871/ 822. Added a new piece of equipment to shack, a six errerat Radio KG-5, CB set $210 & it works great. I'll soon get another MG for the car, & a five element beam/rotor for CB. The typewriter will be back from repair in two weeks. Aren't you glad, Ernie? (I hope its double-spacer works, hi -ERC) The WOA action on G3Long has improved greatly. (I had to know what it used to be then - hi -ERC) Well, 73 & great DX.

Dave Schmidt - 44 Green Lane - Green Ridge - Chester, Pennsylvania - 19014

Hi! I'd like to submit a little thing or so to this issue, so here goes. Has anyone else, other than Bob Bruhns & Eric Nelson heard an outlaw on 530 IDing "Voice of the Blue Eagle?" If so I'd like to know because I've only heard him once so far & have about 1.5 hours tape. And I'd like to say thanks to Ben Dangerfield for letter me use his 1535 Police. I can now hear stations like WPRO WMCA WIBC days. I'm inviting anybody to write who is collecting SCs & Jim Hicks, where are you? 73s, you all!
Greetings, disappointed sun-worshipers, from the university city of Gainesville, home of WHUT-850! Due to voting difficulties at C.R. beyond our control, the Miami Beach Convention shall be postponed until 2908. We should have Interama, better roads, hurricane seeding, & lower prices by then, so don't give up hope. To those who voted for MB66, our heaviest thanks; meanwhile, let's all back Montreal in 1966.

My DX here at the University is limited to an AM/FM portable & a Lafayette KT-200. The latter is owned by Ken Simän, an old friend & high school acquaintance from Miami Beach & a BCB DXer since 1/65. He's not a member yet, but his Musing appears in this issue.

Hurry up w/ those dues, Ken; the NRC needs you! Also welcome to Rick Schaefer of Miami! Well, the NRC has just doubled its Greater-Miami membership; & there is promise of more coming, so stay tuned! No domestic DX here yet, foreign DX is in the usual place. On another subject, among a thousand other projects I've been working on, DX-related, I took a survey of NY gravey whole channels. The findings indicate that the heaviest concentration of graveyeaters is within about 300 miles of the Appalachian Mountain region, especially in the E, where many are less than 50 miles apart. On the other extreme, around Nevada, graveyeaters may be 0/200 miles apart on the same frequency, and I'm sure it must be a pleasure to DX those six channels out there, hi. Internationally Mexico is completely clear of stations on 1250, a concession to XEE-1220, while Canada doesn't seem to recognize graveyeaters at all (correct me, w/ manis, if I'm wrong). I have a domestic mystery, Ernie: Who's the ItalianLingo station even behind WP6-1100, WEIL? KERA & SEAW continue to blast in here in EE - ikh! A correction from a past Musing of mine: There are four fugitive K-calls of the Mississippi River: KWW, KDA, KGV & KFIZ-1450 in Fond du Lac, Wis. Two other calls, KFXK & KFUV, may still be available in the E, but only the FCC knows for sure. Well, while I'm ahead, I'll quit, hi. More goodis next time. ?s. (Spacing perfectly Ok, Ron - ERC)

Ken Simän - Box 1311? - University Station - Gainesville, Florida - 32603

Greetings from the Land of Sun, Fun, & Grits! Ron Schatz has gotten me interested in BCB DX, so I'm sending you a report.

G'ville is local "grit talk" for Gainesville. Some of my BCB DX includes: WQAM-1120; v, CMCA v/l, Radio Free Dixie-590 v/l contrary to NFS' letter from Robert F. Williams six March Friday 11-12pm, same program repeated Sunday 11-12pm & Tuesday, 12-1am EST. Mailing address is Box 6185, Habana. CKIW-v; ZN; Radio Nederland (PJE)-v; Radio Bolise; Agadir-335; BBC-1295; Dakar-764; WWWA XETG XWQ QSL CJBC WXWM & VOA-1160. Also Cuban Jammers on 710 1040 1140 1155-65 1165 1600. No big deal but interesting. Also Radio TII, a low-powered non-license station (sec. 15) in Gainesville-1470. I have only QSL as they went off air soon after 3/15/55. As you can see nothing really good so far but I expect CIX to pick up. My FX is Lafayette KT-800 w/ longwire antenna but I'm in a steel frame building with lots of fluorescent lighting. I have also heard: WYX-560 YND-675 YNU-970 YN-1000 UNK-515 TGN-870 TGNL-840 YSS, TIP; those are about all I can remember. Also heard carrier of Sevilla-737. That's about all for now. Oh, I forgot Radio Americas - snicker. My QTH part of the time was Miami but I'm now in Gainesville. I hope to join as soon as can raise some cash. Please QSL, thanks, & 73s. Why not publish list of BCB beacons w/QSL addresses? (Send it & we will, Ken, & hi to you & we hope you join soon! -ERC)

Fred Nordquist - 2718 East 10 Street - Tulsa, Oklahoma - 74104

Summer is just about over, & it's back to somewhat successful DXing, we hope. No new ones recently. Just catching up on some locals, 9/2- Logged WKY-930 @ 9:28pm w/Gooseberry Show (rr), WHER-780 @ 10pm w/Douglass Gimbles MX; WHER-710 @ 10:35pm w/rr, KG6F-690 10:47 pm w/Gary Ennoy (pop mx), & KFEG-660 @ 11:10pm w/pop mx. 9/11- Logged WNUN-640 11:58 pm w/Lee Allen show, KBP-520 @ 12:02pm w/many ads, & KBL-1240 @ 12:49pm w/mich side walk sale spots. Varies back from WHRM WHEB QF6Q, all v/l, & KG6F, v/l. Much QRM tonight, however, EG stations getting stronger. WABP & VWZ in good 9/12. Thanks for car on your way through Tulsa, John C. How's that Panhandle living? I'm going to try her on those splits this Fall on MMs. Here's the score: 273 heard, 50 veries, & eight countries heard, four verified. KFMT-540 doesn't seem to verify even w/f/up. Beats me. That's all for now. Best of luck in DXing you all, & 73s.

Bob Foxworth - Box 5323 - State College Station - Raleigh, North Carolina - 27607

No DX here, so no DXing being done, but I am getting DX NSS & will report in occasionally. I hope to see you at Christmas. (Bob sens a clipping announcing an application for a new BCB station in Monroe, N.C., on 1190 kc/s, 300W. days, owned by "Smiles of Monroe, Inc.")
Greetings! I guess I'll have another DX soon. I got a letter from WNL last Friday telling me I won a Heathkit DX in their recent DX contest. It hasn't arrived yet & I don't know what model it will be. Latest loggings include: 9/13- WPXK-1160 5:53am s/on, WAXX-1150 5:30am s/on, WPTT-730 6am s/on, 9/23- CKB-1830 5:45am, WSUN-620 4:45am, WHEN-620 4:50am, 9/26- WQAM-560 3am, CGCE-620 3:02am, WIP-610 3:30am, WDXR-1490 4:55, WYOU-590 5:30, WSLS-610 6am, WATS-610 6:01, WSGN-610 6:02am, 9/27- CBA-1070 4:03am, WTC-1080 (finally!) u/KEBD 4:33am, WWT-960 4:59 s/on, & WHIO-640 5:27. Total up to 437; states to 37, & provinces to five. v/q- WPAI KAAY WADC & CEB. v/folder: WNOX. I have been spending my spare time browsing through some old volumes of "Radio Broadcast" magazine (1925-29) at the CMS library. Some of you may have seen this oldie, but it was new to me. Choice items include lists of stations & editorials on everything from the feasibility of 50kw stations to the overcrowded EOB. DX was really in vogue. The idea was proposed that all stations in a city have a "silent night" each week for DXers. Also good was a poem in a 1925 issue entitled "The Distanc Flied." A July 1926 issue contained a letter from Mr. C.M. Rebok of Philadelphia who told of logging 200 stations, 180 verified, during his first winter of DXing. He bagged 31 states plays Canada, Cuba & Mexico. A December 1926 issue proclaimed that Mrs. Fles- sie Erickson of Ill. was queen of DXers w/a total of 336 stations, 55 states & provinces, & nine countries heard. Didn't say how many varies. Also a Zetka Tube Co. ad proclaimed an all-time DX record for Arthur Wald of N.J. who heard JOAK in Japan in April 1927 using Zetka tubes. I sent more info to EBC. 73s, no more space.

Walt Brevill - 9127 Coral Drive - St. Louis, Missouri - 63123

KWK is still on the air. The FCC has granted them another reprieve while appeals are to be reviewed that are resulting from the FCC's decision rejecting temporary operation of the station by applicants. This extension of KWK's time is until 11/30. Greatly enjoyed attending my first Convention. This event, closely coinciding w/the start of a new DX season, truly makes this the most exciting time of the year. An upsurge of DX-ing has occurred here. 9/13: I thought I heard FF u/WKBD-1470 @ 3:45am, who/ WCGE-1460 Pa. 4:03, WHEL-1390 N.Y. both in well, WSUN-620 4:52, WHMC-1150 for first M/L heard 4:35, WDXR-1210 Tenn. 6am s/on, KSTT-1170 La. 6:03. MM 9/20: WWRL-1300 NTC's counterpart of KATZ 3:52, WEAX-1510 in well this AM, WTOP in/out w/KSTP around 4:30, WAQI-1600 Ohio 4:45 s/pn, WGST-920 Ga. 4:55, WCOL-1150 Tenn. 5am s/on, WABF-940 Ga. 6:17, KNEA-970 Ark. 6:30am, WPBC-1540 Tenn. 6:43. 9/22: KKKR-710 Sanfrayvon in strong @ SSB until power change. 9/25: KS00 u/KRWA, 7:45pm. MM 9/27: WAGI-1370 Md. 4:08am, WVAM-1430 Pa. 4:40 s/on, WHHH-1440 Ohio 4:50 s/on, WGT-980 Wis. 5:16am w/polka, WAPI-1150 Tenn. 5:17. This Monday evening noted KADE-1370 Ark. 7:07, unn but rate WDGT u/ WKKH, WTHM-1240 7:26, WOKJ-1550 Miss. in good all eve, no sign of WAAV, who is usually here. Veris back from WYZZ WHEL WSIN WTOP WMAG & WSAG 73.

Dan Shook - 6906 Hartland Avenue - Houston, Texas - 77055

Hello, fellow DXers. DX from Logbook for past Summer: 5/1- KFI-640 @ 1:30am, Cal. 5/2- WKW-840 @ 8pm Mexico, KAZA-1400 @ 8:30pm, La. 5/6- KUNO-1400 @ 8:30pm, Texas. September was an interesting month, foreign DX-wise, & five reports went out (all for the Foreign Contest), @/one back already. 100% foreign - so far, but I will try to support as many of the domestic Specials as possible, so bring 'em on, boys. My reports so far are to Agadir-935, heard often, & in particular on 9/13 from 6:30-7pm; Algeria-548, logged on 9/20, 6:25-7pm; PJD2-1295, reported again on 9/15, heard 7-7:32pm; EFE-14, 1079, logged 9/26 from 7:15 to 10:06pm, & Radio London-1133, for reception on 9/17, 12:35 to 1:05am. Obviously, I have been DXing mostly during the evening. Reception has been good the past two Mks, but not good enough to suit me. I was trying for some of my most wanted, such as the Nigerians & Mali, & though I got a peep on 1416 (Mali) & talking drums on 1088 & 1356 just before midnight s/o. That was all, & I settled for the afore-mentioned Radio London, whose rr records I taped & later IDed w/ help from my older son. The me verie back so far was from Morocco, for Agadir-935. This success from Morocco was my first response from that country since I verified Casablanca in 8/61. In the interval I must have sent a half dozen reports & f/ups on various Moroccan stations, including Agadir-935. My report to PJD2 was #3. I'm not sure what they have against me down in Sint Maarten. As for EFE-14, La Voz de Madrid, I have been working on 'em for a couple of seasons, but always had difficulty in separating 1079 from WTIC. Some real good TA nights so far, especially 9/12, 9/14, 9/26, & AMs of 9/20 & 9/27. On 9/22, Arabic on 827 kc/s. at 11pm was probably Sofia. On 9/26, I counted 20 Spanish stations between 6-7pm. In other activities, I have been visited by P.E. Crocker (and Dave Schmidt) on 9/11; by Joe Falco (and Dave Schmidt) on 9/18; & by Gordon Nelson later on 9/18. The more the merrier! By the way, I'm ready to go back to Cedar Rapids. It seems my younger son just finished the 32 boxes of Captain Crunch & Life he got as free samples at the banquet! And DON'T FORGET THE FOREIGN CONTEST! 73s

John Marx - 212 Center Avenue - Greensburg, Pennsylvania - 15601

Hi. Summer is over, here in Greensburg. It's been in the 60s & 70s almost every day. With the return of cold EX, I guess I'll get back into Musings. Oh, by the way, local WHJB-620 moved its studios here from Pennsylvania Avenue, to 227 West Otterman Street.

Brand new studios for AM & their new FM outlet on 107.1 mg/s. I also want to say - I hope everyone had a great time in Cedar Rapids. From the write-ups on the Convention last issue, it would seem that everyone did. I spent my vacation visiting relatives in Champaign, Ill. I was born there "way back" in 1950. Iwish I had known we had some members in that area as I would have looked them up. I will probably be there next year, though. I did get a very nice tour of WDNS by a friend of my father, Walter Donavanale, a DJ there. (I don't know if that's the name he uses on the air or not.) Very few veries since last kusing (ages ago). KNIA's v/l arrived & also WIP-610 after about eight months. v/ls from WTRG WPCC, v/cs from WPRO KAYT. I have reports out to KIL WQWA WKYC KYW. I keep hearing an SS station on 1220 kc/s. on MMs at about 1:30-3:30 am, repeats "Telegrafo/Esto" quite a bit. Plays LA mx, records. Anybody know who this is? 73s. Maybe this will make the deadline. (got it Monday, John -ECO)

Stef Krieger - 330A Chamberlin - 1Q05 East 60 Street - Chicago, Illinois - 60637

The change in address is due to my residence now at the University of Chicago. The work-load here really seems to be terrific (I won't be going out for any football, hi). I brought my Hallicrafters S-120 with me, but the reception's pretty poor, but the best I can get in the early evening, with no antenna - is WFAA! Some stations in the area I cannot even get, e.g. WNMN in Evanston doesn't even peep through. My frequency in these pages will probably be as often as it has been( and that's about twice a year) because of the work, but I'll vicariously DX through the pages of DX NEWS. Just one note: I wish at times that Mr. Callahan would get off his high pedestal, e.g., when he stated that CPC should be brought back "--- to the pre-eminence it once held." Dave Oved, I believe, did a very good job as CPC Chairman these past two years, and since I knew Dave personally, I can truthfully state he put a great deal of work into it. I think he deserves the Club's thanks. Now I'll get off my pedestal and get to my schoolwork. Good DX & 73s.
Hi gang! I’m back to the trusty ‘ole DX RX for another good season. According to predictions, we should have a season just slightly lower than our last. An improvement at the shack has brought my total up slightly, but should benefit by some split frequency TAs before the season is over. I’ve added a mechanical filter to my HA-230 to give fantastic selectivity without doing harm to the audio. The crystal filter that Rove Bruhn contributed to us has more selectivity (as he said himself), but the audio becomes muddy. The mechanical filter has a steep skirt characteristic which lets all the audio sidebands get through. One disadvantage of the mechanical filter is its very high price compared to the cost of a crystal filter. I purchased mine at Lafayette’s, & installed it following the plan in the August 1965 issue of Popular Electronics, which, by the way, shows the exact installation in an HA-230 or an HE-30. I feel it was well worth the $19.95 I spent for it. At first, sensitivity dropped, but that was fixed my peaking it up, together w/peaking the remaining I.F. transformers. Incidentally, the mechanical filter can be installed only in a 455 kc/s. I.F. RX. With this remarkable selectivity, I discovered a way to tune in split frequency carriers exactly. First, tune in a station that does not come in too strong precisely, then turn on the B.F.O. & zero-beat it with the tuned-in station. Then leave the B.F.O. on & tune between W2Z & WHO (for example) and listen for the B.F.O. to start squealing, & then zero-beat the station in, turn off the B.F.O. & bang! You’ve got the station tuned in perfectly. This method also works when hunting a lower carrier w/low modulation, such as NVE-594. I have some DX, and so far I’m not over the 30 mile limit, so here goes: 9/15- WAVA-780 @ 5:25pm. 9/22- WOKX-1070 @ 5pm, WHE-810 @ 8:45pm, WFL-870 @ 6:07pm, WIT-1000 @ 6:15pm s/off. 9/23- WCAP-1540 @ 2pm, WFFP-1570 @ 3:15, also a station at 530 or 535 kc/s, who IDed only as the "Voice of the Blue Eagle" & rebroadcast WMBD WMBD, EBC-SW. Anyone know who or where it is? They are heard in the late afternoon. Also on 9/25, WDS-730 @ 5:15pm s/off, CK6W-1000 @ 6:30pm. 9/27- WDAK-540 @ 2am, XERF-660 @ 2:15, WYX-1230 @ 3am. Anyone want to tell me if BOB boosters are any good? That’s all, 73s & good DX.

Roy Poses - 15 Clark Street - Brooklyn, New York - 11201

Hi Daves! Well, Summer’s over, and CX are already improving. Here are the highlights of the season for me: 8/29- WUX-1280, 5:32pm, WNN-US-1090, WALT-1110 @ 7:04pm, 7/2- KJR-950 @ 8:07pm, 7/4- KCKY-1150, WFA-1-1280, KPEC-950, @ 1:11am, 7/5- WLM-1460, WKEK-1220 @ 4:25am, 7/8- KIFI-1260 @ 8:53pm, 7/12- XETI-650, KOKO-1450 @ 8:20pm, 7/19- WSAV-550 @ 4am, 7/24- WNOE-1060 @ 9:36pm, 7/25- KMA-950, WPEC-1230 @ 5:30am, 7/29- KNBR-660, KFAB-1100 @ 8:40pm, 8/1- WPEC-1230 @ 8:55pm, 8/2- KPAY-1050, KING-1090, 8/5- WFL-870, WRNC-890 @ 7pm, 8/6- WAVA-760 @ 6:56pm, 8/7- WYIT-970, WSGO-1560 @ 4:15am, KFSA-950, KGBC-600 @ 9:15pm, 8/9- WNIX-1230 @ 2:42am, 9/6- KNCO-710, GFFA-550 @ 3am, 9/14- KFH-1350 @ 2:44am, 9/16- KIWO-1170, 9/20- WSO-930 @ 1:32, I’ve acquired a new pair of phones, & am putting my droopy loop in shape for the winter. I renew my request for someone to write, especially those interested in the technical side of DX. And, to do a bit of mentioning: it seems to me that it would be a good idea for the NNC to publish a pamphlet on sending for QSLs. This is sorely needed to clarify a sticky-situation. One last query: Gordon Nelson, HOW do you do it? 73 and best of winter DX.

Ralph H. Johans - 11 East Chippewa Street - Buffalo, New York - 14203

Unheard of nice visit this Sat. 9/2 by Jim Werner (You see him but you don’t see him in Masings) & his chaperon, Wayne Plunkett from Toronto. Jim gave me a cute CYH-1490 MB & one from Roosevelt Hotel in Cedar Rapids. Got v/l & v/q from the E of an KEZ-;270; v/1 WHTK-1280, Water Wonderland By. Co. Inc., Box 70, Sturgis, Mich. 49071; WOKX Bay City-1260 is a affiliate. V/1; Om picture from CE, WSO-1230, the Hiawatha Land By. Co., Saull Ste. Naries Michon, 49784 says f/c is w/1 kw. V/1, CM WMLK-1470, the Circle Corp., Box 663, Kalamazoo, Mich, 49001, same CE verified by WMLK-1370 is hef there for WMDX’s setup, then to WKEL for installation of new XR; Gates 2C-600G, f/c w/Peterkin’s Lab, Detroit. From WKNR-1310, Korr By. Co. Dearborn, Mich. our friendly NEC member Paul Cannon, got promoted to Asst PD (congrats) he’s no longer on AN show. V/1, CM & Papermate pen (thanks, Paul). V/1 WNTK-1280, Box 294, Dayton, Tenn by GM/CE who’s very busy & short of help. V/1 KXEN-930 Aberdeen American News, Aberdeen 62535. Ernie, the VOA-960 W/program & s/off saying program from the U.S. by VOA, w/KX in Greenville, N.C & s/off 2030-30am EST, then came on 0C/c by WBYC, Ala. Yearbook says nine XEs in Greenville. Slong for now, & 73. Flash- G.E. buys WSIX AM-TV for $9,500,000.00.
Well, at least something has happened since last I heard (which I guess is in here too)
My Barbados-795 verie is in, so at best I've got eight countries now. WLRN-1600 finally
did u/WPRE, and at 8:33, I found some xray Cuban giving semi-local WQCA fits on
570! Ideas, anybody? Oh yeah. Also around 5:30, I caught WMEY-1510 in.
Have they uppered their power yet? That leaves me w/562 for N.J. Upon arrival, I found I couldn't
run an outside antenna, so I've strung a 15' wire E/W inside along the ceiling & run
another 15' in a rectangle on the window facing E. First try & something was wrong inside,
so three tubes, much prying, & several days later, I got down to DX. First things first:
WPRE-1390 is AN as of 9/6, NSF. They'll be off only about four hours per month,
unannounced, but usually on a Fri or Sun., -AND-WQSR-1320 is no longer with us. Why, I
can't tell you, but after 28 at 3:33pm, I found WQWC, Hornell, N.Y. in clear. Between
4:15 & 4:30 I heard our campus station's carrier-current proto-type, WAER (supposedly
790) on 780. It's not installed in my dorm yet, but it leaked across campus anyhow.
9/27: 7:22-7:35pm, WEAN-790 for report; 8:00, Radio Barbados-755 barely readable, but
strong considering the time of year. Same for EHS-334 at 8:06. WNYC-330 was re-
logged at 8:04. At 8:06, until 8:15, caught rr on 850 u/CWQL/JW. Tentatives out to
WKEZ/WAP/WYDE. It might also have been WKBZ or WEEU, but I have both varied in N.J.
8:30 brought WJH-790 for report; 8:43, KYT-1050, ex-WRCV, at 9:50, WNYC-1100, ex-
KYT. 10:157, caught WATR-1320's s/off for another report. 9/28 - 3:07pm caught
WNYR-680, ex-WVMN. That all makes for 412 here & an over-all of 751. Veries stand at
163 w/four or rive recent reports out, plus f/ups from July. F/ups from last season
just sent to KTTO-730 & WATZ-1300, making three each. What's the story on my antena-
tuner plans? Anybody want me to print 1cm? With the present set-up, it works beauti-
fully all over the band. Anybody know of a good but inexpensive noise-filter? I haven't
tbe parts on , and to create one of Bob Bruun's Maximno circuits, which I will pub-
lish this month. Yipes! I've over-used. 73s & see you in 14.

Jeff Kadet - 8047 Overlook Drive - Bethesda, Maryland - 20034

Most happy to be a new member & hope to become a regular reporter in the coming months
as time permits. Equipment is a Hallicrafters SX-100 RX, 35" end fed longwire (E/W) u/
30' & a VM 725 tape recorder. Recent new stations: 9/19 - WSG-790 @ 5:05pm, WQDR-1390
@ 5:24pm, WATT990 @ 6:33pm. MM 9/20 - WBE-710 @ 12:15am, WDSU-1220 @ 12:46, WCOL-1230
@ 1:01am, WJEO-1150 s/off @ 2:05am, WQVO-1170 @ 2:07, KPTD-950 @ 2:24, WML-1400 f/c @
2:50, WPQO-1230 @ 3am, KBS-1200 @ 3:41, WMJ-1450, WNUM-1150 s/on @ 3:58am, WJY-1230
@ 4:14am (Vernom #1). 9/21 - WNYR-1500 @ 4:30am, WUML-1590 s/on @ 4:32, WIDU-1500,
WWOL-1200 @ 5:16am, WKE-880 @ 5:27pm, WKB-780 @ 6:23pm, WLSI-900 @ 6:30pm, WAKY-790
@ 6:47, WHCU-870 @ 6:59pm. 9/22 - WNYL-950 @ 6:45am, WATD-930 s/on @ 5:45am, KXAO-940
s/on @ 6am, WLIU-1100 @ 5:35pm, WFT-950 @ 6:31pm, WJW-950 @ 6:46pm, WNOE-1050 @ 9:40p.
9/23 - WVPQ-970 @ 5:04am, WMAP-1050 s/on @ 5:30am, WEVE-930 s/on @ 5:45, WESA-940 5:01f
WELS-1010 s/off @ 6:16pm, WQEP-1050 @ 6:29pm, WJW-950, Radio Montserrat-835 @ 7:59
pm w/RE records & woman announcer (country #13), PJD-1295 @ 8:15pm (country #15), YSS
-555 @ 10:02pm (country #17), YNM-615, HJDX-750, TISS-975 (country #18), YSC-1015.
This was quite an LA night! Who was the FF u/WJR-710 @ 9:38pm? The SS u/CELL-740 @
9:41pm? SS u/WSM-550 @ 9:44pm? SS u/WBRC-650 @ 9:47? SS on 1046 who gives horse
Code after records & NX items? (Earlier report had already been typed, Jeff -ERC)

Stan Morse - Route 3 - Bradford, Massachusetts - 01532

A v/q from WMAP finally after two years of trying & eight or ten letters - WTTT next!
9/20 - WJCO-1510 Jackson, Mich. TT 1:38am. WML-1440 Holly Hill, S.C. ET 1:45s, WFE-
1390 Syracuse AN again this MM so another frequency shot. TT on 1480 @ 2am but covered
by YOUS. WPTT still @ 2:30pm, but off at 3:00. CJCBS-1270 Sydney, N.S. on
already 2:30am, AN? WXNE ex-WPTT Panama City Beach, Fla. testing @ 2:38 w/ WABE
Mobile in the background also testing. WTYN-1550 f/c @ 3am, WSRL-1380 r/c 3:04. AN
showed u/XXEL, who is it - KQWU? WMEB-1460 on 80 3:40 EST. (I think WPTT's ARX -ERC)

Ev Johnson - 504 16 Street - Mendota, Illinois - 61342

Hello DXers. Happy to be able to make the Convention & always glad to meet the gang,
& meet the ones I never met. I want to thank Bob G. & Len K. for swell job of hosting
the Convention. DX has not been much since Convention; did log KTDL-1470 on r/c first
Wed. also WPTT was testing same &. WKYC heard & WTYC-1280 managed. Got one verie,
from CJRM-1300, thanks to Alan Merrinn. Had nice visit w/Hal Scarock of Ill Sunday.
I want to welcome all new members listed in last issue. NBC must have around 400 member
by now! Ti0 for PMers; WELC is now on FM, 100.9. I hope to get some DXthere so 73s.
Well gang, somehow Jim & I arrived home alive despite a rather hair-raising week following CR Speaking of the Convention, I want to add my few words to what has already been said - congratulations to Bob & Len for an A-1 job. For those who heard that almost spontaneous bit on KWSO-860 that sweet-sounding voice you heard belonged to the FD, probably in her 50s & weighing 250 if she weighed a pound, hi. In the period 9/1-12 we covered 3,970 miles w/395 of them on the last day, so never a dull moment. The more interesting places visited as thoroughly as time permitted between C.R. & New Orleans were Hannibal, St. Louis, Memphis, Vicksburg, Natchez, Baton Rouge, Bogalusa, Meridian, Selma, Hayneville, Montgomery, Birminghan, Nashville, Louisville Cincinnati & then the big sprint for a 2:30am arrival home. Then got smnth down to London for first two weeks at work so only now beginning to get caught up on correspondence. The memorable part of the trip will always be the head-on collision course we had set w/Betsy on 9/9. As you are no doubt aware, this was no ordinary hurricane but one of monstrous size & intensity - winds 90 miles in diameter, gale force 250 miles. The night we had planned for a tourist's good time in New Orleans instead had, according to WWL, the havoc of top gust on Canal St. around lam CST 9/10 of 13mph. Even worse was the flooding due to the fact 40% of N.O. is below sea level. Around 4pm w/in about 15 miles, we began to exercise common sense & joined the mass exodus of 250,000 people that afternoon & night N, ending up w/about the last motel room in Meridian. A fair number of pictures of radio towers gotten along the way although much of our driving was done after dark. Guess may be shown at Montreal next year. Speaking of that subject, I went to CR w/ the distinct impression that Miami was a sho-in for next year & so voted, but you fellows S of the border must really want to find out what goes on in FF Canada, hi. So, good luck to Sam & a rather dubious Andy, & may there not be any hurricanes in Montreal next Sept. DX: Rather astounding to happen to catch KHAK-1380 w/ID on their RT @ 1255am 9/8 in motel in Memphis. According to what WI said, practically nil signal was beamed S but there were in a mess of unIDs. First BCB DX in months at home on 9/26 WSBU-550 on top 5:30am during Sun. Serenade in one I've long been after; WBIG-540 s/ on 5:31 w/"America," U.S. #10 on 540. WJAZ-960 in clear @ 5:40; WATE-860 s/5:45 w/ weak signal; WVAL-910 s/6:01; WGBI-1240 on top @ 6:04am. 73.

Richard Gula - 56 Sears Street - Middletown, Connecticut - 06457

Hi guys! Long time no write. I guess I have been sort of delinquent in reporting lately. But that's mainly due to no DX. Can't see wasting precious space w/nothing. I have DXed only once or twice all summer. I am getting back in the groove once more now though. Here is the first DX of this season for me. SM 10-2 WABR-1440 @ 3:27am, see AN, but listed as daytime. WOI-1460 @ 3:30am, & that's it. There seem to be many clear frequencies on SMs. 1460 & 1440 are open for Western stations, but nothing came through. I hope the Convention was a success, although I couldn't attend. By the way Ernie, since I was in the DX Domestic Contest, how about telling me the first four finishers? I'd like to know just how badly I was beaten. (In this issue, Rich -RDC) Last year, some have been KTTR-TEST CJSX-940 & CEN-940, all v/c, & all too late for the Domestic Contest. But I guess those are the breaks. Still no word from KAPT-1230-TEST.

Next issue I hope to give a listing of my top 25 DX stations from last season. I was sort of disappointed w/some of the results I got, but that's to be expected I guess. I intend to get up this MM & get back to the old grind as usual, sleepy Mondays are here again, I'm afraid. As you know, my cousin Mike Bugaj is in the Navy. He says he just LOVES basic training, hi. I'll give you fellows his address next issue, so please write him. He'll appreciate it. WFIF-1500 in Milford is now on, & they come in real well. I still lack WGGH-1490 to complete Conn. That station just refuses to come in How about an article on an Antenna Tuner, fellows? It would be a good idea. For those who don't know me, all correspondence is welcome. Really, I'll write back this year, as I don't plan on entering the Domestic Contest. That about does it, & 73s.

John D. Hathaway - Apt. 1 - 1116 Broadmoor - Champaign, Illinois - 61822

I surely did enjoy meeting all the gang at CR both those previously known & those met for the first time. Also enjoyed the phone calls from some of those not able to attend. Thanks a lot Bob & Len! I'm sure all those in attendance appreciated all your hard well-planned work! 9/14 CRKH-730 6:15; 9/25 KKEX-630 3:04; WING-1410 3:05; WIT-980 10:15; WCT-1210 10:15; CHF-690 11:25pm. 9/27 KICA-940 12:01; WECT-930 3:23pm. 9/28 WSPR-1370 2:28; WBFS-590 2:30; WOW-690 2:30. 9/29 KNY-1060 9:45pm; KAY-1090 11:07 9/30 WCT-1270 6:15; WBFS-990 3:12; WCF-720 3:22. 10/2 AVCO-1170 6:12pm; 10/3 WSPR-1020 5:15pm; WCF-1270 7:31pm. 73 & DX.
Greetings. I've gotten back to some listening & buttering Ernie w/this 1920 typewriter. On 9/24 I settled down to some station hunting at SSS. WRCP-1540 Pa. readability 100% was logged for call change from WJMJ on R5 5:12-6:30. WYVA-1550 W.Va. was taken for a second report 6:04-6:13 s/off on R5 w/NX. Finally WPTO-1550 Pa. @ 6:17 s/off (50%). 9/25 brought KYW-1060 Pa. on R5 w/all NX 12:36-12:51 as call change from WRCV on all things—did you know that? hi. WLBA-1530 Ga. was caught ejecting a TT into their frequency 12:55-1:06 s/off & CKPM, Ont. was taken for a second report on 1440 (95%) 2:03-2:30 on R5 w/pop mx. WABR-1440 Fla. (90%) I finally decided to take 3:45-4:10 on R5 w/NX etc. The tape recorder was nice enough to catch them & the next three while I slept (these 3/600 ft. reels come in handy). WJJJ-1440 (35%) N.Y. 4:44 s/to 4:45, not new but first report. WADR-1440 W.Va. (50%) 4:57 s/to-5:29 on R5 w/fam program & all the c/w. They s/off w/WHIS also of course in W.Va. & used the SSB after the info, the opposite of WHIS. WGGC-1440 Pa. (50%) also um but for first report at 5:43 s/off but quickly disappeared. Also noted were WCHB-1440 AN Mich., WAAE, Mass. strong after 4:10; WCDL-1440 Pa. @ 5:30. MM 9/27 is not off the tape yet but a few points are WHEO-1230 Pa. r/c-TT 12:15-12:30. This is unlisted. WCOI behind them but no WOME, N.J. s/off @ 12:20. WTJG was noted for the first time from Va. on 1240 on their supposed r/c 12:45-12:50 s/off. KSEH-790 La. on r/c-TT 1:10 & along w/them WMJX S.C. w/ET mainly OC. More next issue. On 9/25 again FM, caught WTHM-1530 Mich. @ s/off w/SSB on R5 w/rr? @ 6:45 w/WGKY who was just blabbing at the time. In October, WREB Pe., WCTR Md. & WQMA Va. all 1530 all s/off 5:30. One important vere was VCA-1196 Munich from 1/55. Missionary station WIVV-1370 P.R. still sends me monthly money requests & a second vere came in from WIXV-1600 Fl. for 1/64. Stations at last count were 815 & veries, the last hew not yet counted exactly hang around 600 from49 states. How about the final Contest Standing Jerry C. or maybe they're in this issue? CU in 1C.

Robert R. Covington Jr. - 6518 Council Street - Baltimore, Maryland - 21227

ATTENTION — Calling all HE-30, KT-340 & HA-280 users. These HXes are the most sensitive for their price, please contact me at once, Ken Maythal — that means you too.

Well, everybody, it's been two years or so & nothing has really happened. I am 20 years old & still single, but married to one of the hottest RXes or the HOTTEST RX in its low price field: true it's not too selective, but w/the BCB booster described in the '64 Aug-Sept issue of Radio-TV Experimenter, it is positively more sensitive than any RX on the market (about less than 1/2 uv.) today. I am using this w/a 500 wire 20' high facing E/W & when I use a certain ground connection, I can cut KOMA off from "Radio Caroline." The booster I have made, concation, cost about $15, & about 1-2 hours to build. The BCB, one works on the same principle as the TV ones except for the BCB coils. It's actually as if you added another HF stage to your set (input isolated from output). I would say it doubles your RF input using a tuner for resonanc on each frequency. The BCB is AC operated but only requires one VC tube w/its filament transformer. Of course this device's great w/the loop, which means more directional power w/less wire. Latest catches are KORL-550 Hawaii, & w/1 from KONO. CX for this is poor in summer. That KYW swtichover could really get someone confused, if he were tun- ing in the dark. That's it from here & it's good to be back. 73s. I think it would be a good idea if reporters were encouraged to list their HXs more often.

Alan Herriman - 6559 Montrose Street - Alexandria, Virginia - 22312

Well, time for another Musing. First, the response to my call for volunteers for CPC has been very good but we could still use some more. So if you'd like to help out w/CPC this season just drop me a line. Now to DX. CX have been pretty good the times I have listened. Lots of Europeans coming through & it looks like this is going to be a fine season. Here's my current DX: 9/12- CKY-580 Winnipeg, Canada in w/a fine signal @ 1:30. WHCO-1500 Mobile, Ala. briefly just before s/off @ 7pm. 9/13- WFRL-1390 Syracuse, N.Y. in @ 12:45, now AN per vere. CCC on 1370 heard @ 1:30. I don't think it was CBEF as only ID given was CBE, Maritimes. Reported to CBA but no reply yet. 9/16 WSMQ-1560 La Plata, Md. brand new one @ 10:35 w/day ET. They probably won't be ES for several weeks yet. The probably won't be ES for a while & had a nice chat w/nm. 9/17- WBCF-740 Williamsburg, Va. @ 12:15 r/c. 9/18- WIXR-1520 Muskegon Heights, Mich. @ 12:20 r/c. WFRL-1919 through WYQV. 9/19- KOIL-1390 Omaha @ 1:45 for one I've been after for some time. 9/ 25- WPCW-1330 NY @ 3am. Some new foreign boom but info in IDX. New veries are w/a WEBB W(E) "Radio London" WFRM CMS v/1- H(V) HHY WHKG F(Y)X "Radio Montserrat" WBGs. v/2- CJQW WCDL WVRK & a copy of my report from WSMQ w/veries on back. That's about it for now so 73 & see you next time.
October 9, 1955

Roy H. Miller - Box 6 - Marysville, Washington - 98270

The DX-Tale, domestic-wise, since last report: 9/8 - KWIU-1480 noted on till 4am (being 2am their time) rather fouling up another channel, although I did add needed WHBC-1480 Canton. 0, @ 4:30am s/on. 9/10 - CHQH-810 noted AN wrecking this "Friday AM only" channel for DX as far as I'm concerned, ugh! 9/15 - KOOK-970 another AN, & another good channel wrecked if this is RS. 9/18 - WKX-1100 Cleveland ID 6am for eighth on 1100. 9/19 - KWAY-1570 Forest Grove, Ore/s/on 8:45am in clear for report to a holdout of long standing. 9/21 - KUAI-720 Eleahe, Hawaii logged 3-5:30am w/only slight QRM from Cuba for a welcome change. KUAI is 26th Hawaiian, eighth 720 logging, & the third from Oceania thereon. 9/24 - CHQT-1110 Edmonton, s/on 8am, although badly QNail immediately by KEND. Verbies: WHBC-1480 (@30 on this channel) KLOT-1440 KOJI-1410 CKPH-1430 WDXU-8DC CBUS-1110 KEWI-1440 & at long last a result of f/up, "Radio Senegal". Noted CKFH variey reads in part: "CKFH is a 10,000w. daytime station, operating 24 hours a day." Interesting operation, hi! CBUS variey not as definite as normal CBC TV specifying call, location, power & frequency, but nevertheless definite enough for me to count. In part letter reads: "There is no doubt that you did hear one of our low-powered units, but the question is: which one? We presently have six stations operating on 1110 kc/80 presumably the one you heard was Ocean Falls or 100 Mile House but which one? In straight distance alone it was probably 100 Mile House, but I guess we can't be sure." Just in case it might be of interest, I might detail my taping sked for early AM DX work. Using three recorder & three RXes too, I have 39 frequencies scheduled for monitoring; Tue-Sat. AMs on every other week sked, SM on an every third week sked. These 39 channels (including 12 splits) are those on which there is some reasonable hope of landing foreign DX that I need. MM monitorings are not included in this total of 39 channels. I keep that morning more or less open for "MM only" channels, w/some dozen as "prime" prospects, including one split (955). Several channels available last season have been lost, unfortunately, including 820 & the above noted 810, etc. I continue to have equipment problems from time to time w/my recorder, & have yet to get a full week of 21 periods in without at least one "aud". Enough chatter back to DX by tape & we will see what pops up! 73.

Ernie Wesolowski - 1416 Pasadena Avenue - Omaha, Nebraska - 68107

Thanks to Bob & Len on the great Convention in CR. I really enjoyed it very much. Sorry I missed the tour through Collins Radio. Upon arriving home from CR, all enthused w/DX, & wanting to get a good start for the season, bad news came. Now working days, 66 hours a week. I have to do the overtime beginning @ 5am. Only DX I now get is driving to work between 4:25-6:10. In the past two weeks, this did net me one new catch, on 9/24, from WMWO-1460 in Tomah, Wis, s/on @ 5:30 EST. The CR commented on my 1240 loggings. Other new ones, on 9/13 from WMWO-1230 Winona, Minn. s/on @ 4:50. Some MM got WEAL-1090 for the first time & #7 from Maryland. Also took a report on WMWO-970 Springfield, Ill w/s/on @ 4:55, R-95%. All of the above have verified. Others logged are WAQI-1600 Ashatabula, O. s/on @ 4:44. Report to the new KTW-1050 in Philadelphia on RS. CFQN-1060 Calgary RS @ 11pm. WMOW-1060 New Orleans was off due to Hurricane Betsy. WWI too. At Convention I mentioned that WSET-1410 Glenn Falls N.Y. didn't verify for their emergency broadcast for the ice storm on 12/7/64. Well, they did on 9/7 w/a fine letter. Larry Leamer is the new Domestic Contest Manager. How about all of us joining up NOW? His address is 420 North 28th St., Council Bluffs Ia. 51503. Thanks to Carol Dabelstein on the KHUB-1340 Fremont, Neb. DX on the fifth MM of November @ 3am. Anyone interested in a Thanksgiving weekend DX Convention in Kansas City, contact me. As Ernie Cooper said in CR: KEPL1310 tests in code; a ZIP CODE? 73.

Bob Zwie - 385 West 20 Street - Holland, Michigan - 49423

Hi gang. A few stations happened to come my way, so DX is like this: 9/8 - CKCY-920 at 2:10am, WNEG-1150 @ 4:10am, WKY-930 & WHK-1420. 9/21 - WJL-1260 for a few minutes among the great QRM. WMC-790 w/a BB game @ 9:13pm. 9/25 - WBOC960 s/off @ 2am; WJL-850 WIBC-1070 @ 2:54am, WIRE-1430, WENS-1460, CKDM-780 @ 4:30am, KSL-1150 at 5am, KSTT-117 @5am, Radio America @ KSL once in a while, CJNR-750 @ 10pm, & CKD-850 at 10:10pm. Total now is 168. Biggest news is that I got an HA-63. I also increased my longwire to 150'. Verries are WIBC & WJL WWHO WKLY WSHN. T. Walsh, I think it is your turn to write. Well, homework (ugh!) calls, so 73 & good DX this season.

Paul R. Hoffman - 344 Firwood Drive - Aut. 106 - Dayton - 45419

Just a little DX to report as we begin our thirteenth year at the U. of Dayton. The following are all new daytimers here, so I'll omit times & dates: WWMR-1080, WOGP-1590 (P.15)
Hi. CX OX have really been going well lately. The static level has gone way down now, and many good stations have been coming in. The last week of September was especially good at SSS. Veris: v/- CHEC WBM & KFPS. v/- WTM & WMNP. DX: 9/19- WWCH-1300 5:35pm. WJW-1260 6:30pm s/off. WKYE-1560 6:45pm s/off. The new WNXT (ex-WBMA)-1560 6:46pm s/off. WC-1580 6:46pm s/off. 9/20- WALT-1540 6:29pm s/off. 9/21- WBSR-1530 6:14pm s/off. WASA-1310 6:16pm s/off. WMHD-1430 6:37pm. S/1430 6:41pm s/off. WLSD-1220 6:43pm. I "drag" them in. 9/21- WNOO-1550 7pm s/off. 9/24- WNOO-1550 6:50s s/off; just barely got them, as they signed off five seconds after local WZT. MM 9/27-An excellent MM for this time of the year. Some good domestics & a lot of TAs were moved. W??-1530 BT @ 11:35pm (actually on the 26th, 12:35am on the 27th, EBT) said "This program is for test purposes only." but that's all they said. BCC-1244 midnight. WNT-1590 6:08am s/off. Said they were Skw. non-directional daytime & lw. directional nights which was a surprise to me. RTP-1584 in Nice amusing. MWR-1566 in Oldenburg 12:15am. RTB-1767 in Lille 12:20am. WHMP-1230 12:22am rr & seemed AN. BCCp1295 12:37am. KPM-1560 noted 12:52am. WMC-1420 off AN this AM. I think they're off a month as, I've not seen them off at least once every month for the past few months. KTW-1050 AN & all NX (drat) KOMO-1000 clear 1:30am. WAOC-1460 clear but weak 1:27am. KWZ-1460 clear 12:27am @ KEOX. XLK-1370 1:45pm, pretty weak for them, considering it was a good MM. KDD-1400 s/off 2am. My thx This might be the next two really spectacular SSS nights as evidenced by the following: KDF-1580 really BOMBING in 7:12pm. KLT-1580 almost as strong 11:35pm s/off. KFY-1590 clear & strong c/w 7:53pm. KYND-1590 8:30pm s/off. 9/23- WYPNY-1540 ex-WJMU 6:15pm s/off. WIO-1101 6:45pm s/off. KFIF-1580 again clear 7:02. 9/30-500w. s/off on 1580 6:44pm, probably WLYK. WLC-1590 7:01pm s/off. K3WM WGMG-1560 6:55pm s/off. WRIN-1560 7:00s. FGEE-1590 7:00 s/off. KTMN-1530 7:00 s/off. KEF-1590 7:18 s/off. KAT-1550 7:17 s/off. KEFD-1590 7:20. KSAL-1510 7:22pm. KQFX-1560 7:31 s/off. 10/2- WYU-1550 5pm s/off. WMML-1560 6:15pm s/off. WCV-1550 8pm. 10/3- KYRT-1590 off AN so at least they're off on SM if not MM. 1460 seemed clear except for a Colombian & unfD weak FE; WQAL-1290 AN 2:30. I hope Ernie won't mind if I tell EVERYONE (& that means YOU) to support DX NEWS this year. 73s.

Saul Ash - 910 screen Avenue - For Rockaway, New York - 11691

Welcome to Bob Gill. I sure hope Minnesota clobbers the Dodgers in the Series. Now down to loggin's. 9/4- CBGB-1310 @ 7:00pm. 9/5- WMRS-920 @ 8:06. WAVY-1350 @ 9pm. MM 9/6- WIST-1350 @ 2:57 (my best catch to date), CJS-1280 (WADD off) 3:25. WERE-1300 @ 3:50. WISE-1290 @ 4:10. WJS-1220 @ 4:50 s/on (my 200th station logged). WWHE-1320 @ 4:50. WSBN-790 @ 6:35pm. GKEE-1320 @ 8:30pm. 9/7- WXVA-1560 @ 6:05. PM 9/9- CHEC-980 @ 7:10. 9/10-WOPE-1070 @ 7pm. 9/11- WFTC-960 from 6:57 to 7pm w/ AM. NX. 9/12- WSC-1470 @ 5:59s s/off. WDDY-1470 5:59 s/off; KSL-1150 (finally!) at 8:59pm. 9/13- WAZ-1330 @ 7:31pm. 9/15- WYRE-810 @ 6:05pm. 9/17- KECB-1360 @ 7pm. WHMM-560 @ 7:51. WGR-550 @ 7:59w/ WNBC NX, WEX-960 @ 8:15w/CBS NX. 9/18- WSAN-1470 @ 8pm. 9/20- WOKO-1460 @ 5:18pm. WFBG-1330 @ 7:47. 9/21- WTTL-850 @ 6:31pm. WBM-340 @ 6:45. 9/24- WBUX-1570 @ 4:49pm. WD 9/25- WQAM-560 @ 4:16. WTSO-1300 (WYBR fr) 5:30 am. 9/29- WUX-1290 @ 1:39pm. 9/30- WOND-1400 @ 2:30pm. WLAB-1480 @ 6:06. WRED-1470 @ 6:30 s/off, & WESC-1390 @ 9:30pm on 10/2. To New Jersey members, who's transmitting tower is visible from the Rockaways on a clear day? By the way, WHOM has German on Sunday evenings. 73s.
Hello fellow NRCCers. As a new member, I'd like to tell you a little about myself & some of my DX activities. I currently am a Sophomore at Pace College by night & work full time for a corporate agent by day. My DXing began in 9/65 & I have been an active member of the IRCA since 4/64. Some of my woes are from the following stations:

- WARO-WDAX-WNEX-540; WGR-560; WCGN-WQAN-660; CKEY-660 (now WD) - 600-CHEP; 610-WIOD; 620-WGSN; 620-WHL; 690-WAOF; 750-WHEE; 800-PJAB; 820-WFRA-WBAP; 850-WVAT-WJW; 920-WBBU-CBQY; 940-WPCW-MNAT; 1000-WBTB; 1060-KAAY; 1120-WFON; 1160-RALL-WJID; 1200-ROA-1250-WNOR; 1240-WMAX-WNNC; 1280-WFSC; 1310-CST; 1390-WVSC; 1430-WSRH-WBRE; 1440-WFRA; 1520-WOMA-WVBS; 1550-WNET; 1560-CFQR; 1590-WAKR & many other QSLs too numerous to mention here. I have three RXes. They are a 1959 RCA X-5, 1964 RCA EF80 & an RCA "Globe Trotter" portable. As you can see, I'm sold on RCA products. Hi. The X-5 & EF80 are table models; each has six tubes w/three gang tuners & lots of sensitivity. The RCA "GT" has an eight transistor (most of them dual purpose) chassis which has tremendous selectivity. I can completely null out locals way on top & bring in the really weak ones, i.e., WMT u/CBQ at SSB & XEG u/PHN almost every night!) All of the RCA cover BCB only. Of course, they are not equal to an HQ-180 or MC-140 but are superior to the 'ordinary' run of the mill five tube sets. My thanks to Dick Cooper for the nice welcoming letter & best wishes to the NRCA for continued success in its 33rd year.

73. (Welcome to NRCA, Bob! Please Muse often! The next meeting is 11/27, Sat.)

The last deadline just sneaked by me, & I had so much I wanted to say about bringing my logs at home to a temporary close before coming here to college. In brief, I ended w/0720 loggings, states 45/48, provinces 9/9. I ended the states/provinces contest w/2754 points, & the next week along came a verie from KTTT which would have been six more points, & soon afterwards CBH & CFBY for one point each. In Letters, I had 103, & the day after deadline, a f/up PP plus v/q from HFZJ came, which would have brought my score up to 124 points. Its kind of frustrating. As to CX here, one word is a good description: NOISE. By use of special grounding techniques, I have been able to reduce quite a bit of the noise, but not all. There's still enough to ruin many DX Specials. I haven't quite gotten into the DX grind yet, just logging locals & semi-locals, & high-powered clear channels. The better loggings include these: WSBAR-1680 WVBP-1310 WHOA-570 CFXE-1580 WSR-1470 WPOP-1410 WJTN-1390 WAVZ-1300 KCKB-1280 which I never heard at home in Fairlaf, Conn., WRTE-1280 WCCC-1290 WTOC-1380 WSDS-1350 KSPR-1500 @ SSS, WBU-1390 CFXV-1230 WBBB-1490. A total of 115 stations have been logged from 19 stations, three provinces, & D.C. WJFI as you might know, is on the air now in Milford on 1500 kc/s w/5,000w day directional. They have a mostly clear signal here in Troy, but down in Westport, Conn., eight times closer to Milford, they are bothered (to put it lightly) by WJKR. They may be tough to hear in N.J. & Pa., but I'm sure you can do it. I heard WARE-760 & WSGS-1560 at home during the hurricanes, & WBBB wrote back a nice verie, but no word yet from WJFI. Also, a verie from KTTT, my most distant U.S. 250w station. I'll start MM DXing regularly next MM (10/11) w/the KOEL DX. 73s.

(No name) - 610 Hoopes Street - Arvida, Quebec (H. D. "Don" ALLEN)

WHOT - which I recently verified - arranged for me to be sent a sample copy of the NRC DX NEWS. Delighted! My cueque goes out now when bands open & I can get U.S. remittance. The following may be of interest to the members: DXing in the heart of FF Canada, at Arvida, the great aluminum centre, delight to find WQAI WPIA WBB WWL WCOC WTOP KMOX coming in o the QH from the high-tension power lines. Previously spent two long winters in Chibougamau mining area, logging stations fom 300 kc/s up, the lower frequencies all but lost in noise from Pine.<ref>Tree Line relay, but also logging 270 wonderful unpaid hours on non-commercial CHIB-1340 (40 watts) at the RCAF station in town. I receive on a Norwegian "Radiomonte" Grand Studio RR, w/a Japanese "Tono" Model 100B ten transistor for travelling, which picked up WCSS loud & clear (verified) & WCSC-550 St. Johns, Nfld & the FF Island of St. Pierre. Looking forward to receiving DX NEWS. (Welcome, friend, to the NRC, and we also look forward to many Musings from you! -ERC)

When does the DX Contest for Domestics start, & who is Contest Manager? Latest DX:

- WGST XEPK KDES WB5M KLMS CLQG WTRY KLF KRAP. Verie: WGET WKBG GN (province #10)
- WBSM WB2J X500 WSS-KEYD. Does the new Supremacy Ratings manager have H.J. Wilkinson's records? Or do I have to send all new ones? Will send $1.50 to Dick Cooper for price hike in membership. Well, 73.

GLAD TO WELCOME H. D. ALLEN AS THE NEWEST MEMBER! Also a special welcome to Jerry of the Chicago NRCC DX group.
I wish I could say that I've started hitting the DX trail hard, but it just would not be true. I plan to start seriously this weekend. DX since last issue only: 9/19- CBK-540 am; KMJQ-1030 @ 3am; CECQ-1090 @ 3:10, 9/23- KYCA-1490 @ 8:01pm. Veris: CBK KOWL KYCA. The KYCA verie said they receive very few reports, and the ones they do receive are usually from foreign countries! This brings my verie total to a staggering 45. A couple of weeks ago somebody cut down the KKN-1070 radio tower (490 ft high) & got away with it. They were off the air for about 24 hours. Then when they came back on they were using 10kw. I agree w/whoever it was who suggested the NRC to 100% 24-hour clock. For the person who asked many many issues ago where Pacific Palisades is, it's about two miles S of Malibu and two miles N of Santa Monica. 73.

Stephen J. McIntire - #225 Searle Street - Des Moines, Iowa - 50317

Henry T. Tandall Jr. - Box 111 - Shelburne, Vermont - 05482

Milestones: Verie #5, 575 in late July. Best one in for some time was CKAR-1340 for DX 2/4/55. I spent over a buck on them & they finally signed a Canadian card. Made 330 for Canada & say a refusal in 42 years. No DXing but I managed to get time for some f/up letters. Kindly note new address. After 53 years at old 285 North St. we are now finally moved to the quiet little village of Shelburne, home of the famous Museum. We have a small ranch, aluminum siding, all electric, thermostat in every room, 43' basement & when we get settled, we do think we will like it here. By November, we hope to have a new wagon, a new travel-trailer & be headed for Florida for the winter. Quite a lot to do here but we will try & make it. Looks like those who were fortunate enough to have made the CR shield had a fine time & am glad everyone got home safely. Orchids to Hank Wilkinson for the fine job he did on the Supremacy Ratings & Certificates. Hank did more work than would meet the casual eye & we are humbly appreciative. May you enjoy your travels, Hank! This has been quite a summer for my wife & me. No golf, no weekend trips, never even 25 miles from Burlington. Selling the property, tools & equipment, then many things in the house, plus luging stuff out for the dump, giving away much & finally getting everything moved to Shelburne, took even the weekends. We are dead tired but much is in back of us now, if we can finish out our sked, it will be worth the effort. We will give a final report to DX NEWS before we leave, & in the meantime, may the fine officers & great bunch of members have a wonderful DX season. 73. (Thanks much, Hank! Lots of luck youself! - ERC)

Ernest E. Cooper - 436 East 21 Street - Brooklyn, New York - 11226

Veris: WGN-1450 KYL-1370-EP WSTT-1410-EP WDXZ-1240-CN. Local WJZQ-970 is now c/w & recently held an "In Your Hat" contest. (They hid a hat somewhere in the "Country-politan Area" & closest person to win a TV set.) I wonder if their next contest will be a "And pull it over your ears" contest? Hi, DXing still on MMs & occasionally at SSS. MM 9/20- Reported WDBX-1240 f/ct-TT 12:53-1:01 s/off, & CHY-1490 AN on top mostly. Also so logged WGRE-1480 f/c-Dixieland 12:28-13:00am, fine signal. Unk EFEr on 1290, no Ds heard, 2/03-2:18 etc. Umm WAME-1260 heard ID on ET @ 2:41 c/WDNR-AN. PM, WATA-780 again reported, futile, I hear. Appreciated phone call from Dick Tyler, A at WJJZ at my office to tell me of an up-coming f/c, logged w/many, tough here, 11:17-11:32pm on 9/22. Verie says new r/c time is between 12:50-1 lam LAST Thursday AM, local time. 9/29- Much-wanted & off-tried WBEX-1380 logged 5:59-6:04pm in/out with many, WBEX off. 10/4- Unk SS w/bad modulation atop 1520 12:53-2am, who? TIR-925 "Cadenza Musical" logged & reported 1:45-2:06am s/off; WPAT off. WINZ-940 u/CBN, AN? XEPM-660 fine signal to 2am s/off, many U.S. tunes. WPTR seems AN-7 now, may use AXR after 2am MMs. C U in 7 x 2.
1. This season's Domestic Contest will begin at 12:01 a.m. (local time) on 0/1/65 and end at 11:59 p.m. (local time) on 7/15/66. All entries must be reported to the Contest Manager by 8/15/66.

1a. Two stations from each of the 50 states, D.C., and each Province of Canada will be eligible. The first station from each State, D.C. or Province will count ONE (1) point. The second station will count THREE (3) points, making a total of FOUR (4) points possible in each State, D.C. or Province.

1b. Any Domestic Special TEST or DX for the NRC or IRCA will count as additional THREE (3) points. This station may also be either the first or second station from any one area.

2. All NRC & IRCA members are eligible and must submit their entry fee of 25¢ to the Contest Manager by 11/1/65. New members may enter within ONE (1) month after becoming a member. All contestants must be in good standing within the club in which he entered.

3. Final standings will be announced at the annual Conventions of the NRC & IRCA.

4. No station may be re-verified unless it is a SPECIAL TEST for the NRC or IRCA.

5. Contest standings will be issued once a month in the bulletins of the NRC & IRCA. The Contest Manager has the right to reject any station that a contestant may issue in error and has the final decision.

6. List of entries must include: Call - Frequency - Location - Date Heard - Date verified - and VERIE SIGNER. Report additions as soon as possible and do NOT send the Contest Manager the entry unless personally notified.

7. Prizes will be issued according to the number of entrants.

8. All stations must be logged within a TEN MILE RADIUS of his home address.

CONTEST #2 - LETTERAMA

Dates for this contest are the same as for the Inter-Club Contest.

OBJECT - To build tiers of call letters, obtaining veries from U.S. & Canadian stations. ALL U.S. & Canadian stations are eligible for this contest. No station may be re-verified, however. No bonus points are to be given.

THE THIRD LETTER in each call is the letter to be used in building tier. A TIER is completed by obtaining a verify from 25 stations representing each letter in the alphabet. One tier must be completed before another may be begun.

EXAMPLE: What is the letter (T) to use in building your tier. Now you need only the other 25 letters to complete your first tier. Each letter filled represents ONE (1) point.

Rules 1 through 8 (above) all apply except that this contest is open to NRC members only.

CONTEST MANAGER for both Contests is LARRY LEHNER, address at head of this article.

Editor's Note: The first - dual Club - Domestic DX Contest was proposed by the IRCA at their August San Diego Convention. Larry Lehner, who is a member of both clubs, was made manager of the Contest by the IRCA, and he personally extended his & IRCA's invitation to the NRC to join in this interesting inter-club contest. The NRC decided to accept this offer, and the rules are shown, above. We want to see our members do well in this event, lads, so please - everyone - enter the contest. Entry fees are 25¢ for EACH contest, or 50¢ for both. You may enter only one or the other, if you so desire, for 25¢. NRC's DX NEWS will carry the standings monthly. IRCA will, also.

N.R.C. C.P.C.

ALAN MERRIAM, 6559 Montrose Street, Alexandria, Virginia, 22312, is our CPC Chairman. He wishes to thank the following SIXTEEN members who have stepped forward to join his staff, and he also extends a second invitation to others to join in, too. If you'd be interested, please write him soon at the above address. Here are the 16 members of the CPC thus far: LEO FOX - DAVID LEWIS - DAVE SCHMIDT - GREG JONES - DAVID NAGER - WAYNE HEINEN - WAYNE PLUNKETT - SKIP DABESTEIN - ROGER WINSOR - BILL CRUSE - LEN KRUSE - KEN BUTTERFIELD - STEVE WEINSTEIN - JACK HATHAW - CHRISTOPHER MASLEN - DICK PASHLEY. As you can see by the Page 1 listing, the Committee is already hard at work trying to come up with special tests & DXes, and they have had some fine success thus far!

(continued, reverse side)
KNX-1070 recently had its tower felled by two vandals who sawed through a guy wire. The two suspects were seen, but not caught. (Sent in by Skip Dabelstein, who wonders jokingly if it was a couple of over-anxious Dyerers!)

Prizes will be as outlined by Jerry Conrad in his Musings in this issue of DX NEWS.

Our thanks to Jerry for sticking with this big NRC job, in spite of his very heavy load of schoolwork. NRC thanks you, Jerry for a job WELL DONE!

Don't forget, we'll be WEEKLY beginning with the next issue, in two weeks, under date of October 23rd - we had the date wrong in our last issue on the front page - it is 10/23, and deadlines will be Tuesday, 10/19 in Brooklyn, and Monday 10/13 in Pampa and Punxsutawney. We need your support, so please get reports in to the various sections!
DJ DX DOWN THE DIAL Oct. 9, 1965

4th MM. (From Weinsteibn)

That's it for this time, keep the better tips coming this way man. Thanks for past support to you all.

WNLG-16OC

KSTT-17AG

KLMS-1480

KTFD-1440

Please remember to use only EST, and please don't include sign-on's and sign-offs of Daytime stations unless there is plenty of time to get them into circulation by the middle of the month, or we had some Sept. off's in for this issue, much too late to help us as they changed on 10/1. And for the present we are limited to 1 page. JWB.

1350 WAAP Peoria, Illinois has requested call change to W X C L.
1410 WXIV Westmore, Florida has requested call change to W V C F.
1590 WDGS Marine City, Michigan has requested call change to W S M A.
WHAT'S HEARD...

579 SWITZERLAND. Bernoulli, presumably heard 7/30 with music. My S-meter didn't even move. The voice I heard was not distinguishable, so positive ID impossible. (Poses, N.Y.) Time, please, Roy. (Ed.) (Poses, N.Y.)

581 ALBANIA. Becher is definitely Dangefield's Arab here, the former Colobr Becher. A high-powered outlet, often dominant in England in the Evening. Many Albanian town names have been changed. E.g. Bote is now Abaka. (Word, Ind.) Heard in the evenings, sometimes atop the German station. (Patrick, England)

582 AS RIFSKA. Vladiostock outlet of R. Moscow Far Eastern Service very good 9/19 at 0640. (Seaver, Calif.)

583 CUBA, CM. Havana, comes in beautifully every Monday morning; usual Castro-style programs. (Poses, N.Y.)

584 UK. Very strong signal heard many occasions around 0100 and later, maybe all-night. ID seems to be Cadena Musica, but I can't get location. Plays U.S. music as well as Latin. Who? (Merriman, Va.) TIAA, San Jose, Costa Rica, in chain with TJK-675 and TIK-225. (Ed.)

600 COLOMBIA, RHIJ, R. Liberted, Barranquilla, is now on the air and dominant evenings. (Schatz, Fla.)

601 MEXICO. GRF, A. America, Tegucigalspa, logged well in Miami 6/23 at 0100. (Schatz, Fla.)

602 COLOMBIA, RHIJ, R. Sistemic Tricolor, Cali, noted all night and dominant 6/23. (Schatz, Fla.) This is, BRC

604 COLOMBIA, CM. La Habana, heard well days here in Gamessville, but nothing like Miami reception. (Schatz, Fla.)

607 SPAIN, R.N.E., Sevilla, is indeed the one here, as opposed to the Centro Espanol del Sur. This distinction is observed in TFS. At 1900, carries R.N.E. news parallel to 683, then separate news de programs and anthem sign-off. Is always the weakest of the R.N.E. stations at that time in England. (Wood, Ind.)

650 MEXICO, XZKM, Zamora, Mich. Heard before 0100 7/12 with L.A. programs. (Poses, N.Y.) Roy, as this is a daytime, rarely heard in the East, time of reception would be very valuable to other DXers, please. (Ed.)

655 NORTH KOREA. Pyongyang, K.C.P.C. outlet, always the strongest, very good daily around 0600. (Seaver, Calif.)

656 MEXICO, XHFP, Mexico, D.F. comes in well every Monday morning when WMHC is off. Plays North American music, but can be deceptive. (Poses, N.Y.)

677 GREECE, is the station here. Heard regularly in England throughout the summer. (Wood, Ind.)

688 GUATEMALA, TGRF, R. Mundial, Guatemala. Strong L.A. how evenings seemed to ID as "R. Mundial," if I read it right, which would be TGRF. At best late in the evening. (Dangerfield, Pa.) Here, and loud, from 000. (Schatz, Fla.)

720 CHINA. A. Peking? Chinese-type talk here 7/19 at 0700. (Seaver, Calif.)

722 CHINA. XUAI, Elescl. Logged 9/21 0300-0500 s/off with only occasional CM from the Cuban. (Millar, Wash.)

723 VENEZUELA. YVGR, Cumana, was most likely the Spanish-speaking station heard 6/26 with L.A. programs at 2100. (Poses, N.Y.)

746 BULGARIA. Hlverasm is definitely not all-nighting. Only occasions when they do this are very infrequent elections, and no songs ever played then. Hitmen-regular s/off is 1100. The East German, however, is on late Saturday nights. (Wood, Ind.)

750 JAPAN/AMERICA/COLOMBIA. JORL, Sapporo, very good 9/13 at 0400. J.B.C. hardly made a dent in it, and 1RJK was present at 0559. (Seaver, Calif.)

767 CHINA (1) Tentatively, A. Peking outlet has returned to this frequency from 765. Heard 6 tones, 5 low, one high, at 0700 3/19. (Seaver, Calif.)

768 CHINA (1) Tentatively, L.A. Spanish with distinctive double tone between items heard 7/26 at 0300. Not a Cuban. Who? /

796 SENEGAL. Dakar good at 1600 EST. (Patrick, England)

797 JAPAN. JORL, Hiroshima, first network station heard 9/19 at 0718. (Seaver, Calif.)

798 VENEZUELA. YVGR, R. Puerto La Cruz, s/off at 9/25 at 0500 with good signal, easy to log ID; verified promptly for me last season. (Millar, Wash.)

785 NORTH KOREA, K.C.P.C. Pyongyang outlet fair to poor 9/19, not parallel to 655 before 0600, but parallel after that hour. (Seaver, Calif.)

791 GREECE. XTA, Theissaloniki. Good signal 1730 to 1800 s/off. (Patrick, England)

792 UNED. ORIENTAL. Weak station heard 9/19 at 0650, not parallel to 785 or to any Chinese. (Seaver, Calif.)

793 CHINA (1) Very strong Oriental heard 9/19 from 0626 to 0650, causing bad heterodyne on 680. Not parallel to 785 or 035. (Seaver, Calif.)

806 COLOMBIA, RHEW, Emisor Atalaya, Bucaramanga. Seems to be on this frequency now, but hard to tell on my friend's non-selective receiver. (Schatz, Fla.)

820 COLOMBIA. RHEW, Cali, comes in with very good signal every night. Overcasts WMFA/WJBA completely. (Poses, N.Y.)

821 GUATEMALA. TOGQ, R. Internacional, Guatemala. Logged 9/27 0130-0230 with Spanish rock and roll, giving telephone numbers, and mentioning 17th anniversary. "Bad hum (audible heterodyne), probably from BdEJ. Still on at 0248. Probably a one-shot program. (Callahan, Texas)
BULGARIA. R. Sofia, probably the station heard at 2130 9/22 with Arabic programming. Strong, (Dangerfield)

837 CHINA. Peking outlet here is the 3rd best Oriental each AM, behind only Peking-1040 and JODD-830. Heard best around 0800. (Seaver, Calif.) R. Peking outlet at a steady level 9/21, so taped 0825-0832 for report. (Miller, Wash.)

838 ENID. English-speaking station heard 6/26 at 2105 with classical music and woman announcer. Not Belize. What? (Passo, N.Y.)

839 GREECE: Throughout the summer in Britain, I sought the E.N. station by synchronization with the shortwave outlet and looping. No success. Beirut is now on here quite late, all Arabic, often until 1900, and sounds very powerful. (Wood, Ind.)

840 JAPAN. JOE, Nippon, ever present, but rarely good, 9/16 at 0800, and all AM of 9/19 until 0600. (Seaver)

841 UNID. ORIENTAL. Heard 9/19 at 0640, bad singing. Not parallel to anybody. Chinese home service? (Seaver)

850 NORTH KOREA, K.O.O. Pyongyang, WRTH says this is gone. I say no! Very loud all 9/19 from 0510 tuned in to 0657. No ID heard at 0600, but was parallel to 695 at 0655. (Seaver, Calif.)

870 OHIO. R. Rehoboth, in Eastern part of Canada, noted here evenings behind WNL. Am investigating my classified sources for more info. (Schott, Fla.)

872 SPAIN. Zaragoza is now all-night, or at least until 2200, except for certain occasions when, because of "dificultades teclnicas", they apologize, saying there will be no night programme, utter the words "fin de la emision," and close down abruptly. (Wood, Ind.)

876 NORTH KOREA, K.O.O. Pyongyang outlet good 9/12 to 0542 and 0709. (Seaver, Calif.)

880 JAPAN. JOE, Nippon, weak 9/19 at 0653. (Seaver, Calif.)

890 ALGERIA. Algiers, good in the evenings in England. (Patrick, England)

935 MAROC. Agadir. Blasts in here in Gainesville some AM's past 0100 with morning chasings. Should make it to West Coast. (Schott, Fla.)

944 FRANCE. R.F.P., Toulous. Often heard fair in Gainesville after 2400. (Schott, Fla.)

950 CUBA. CMW, Sagua la Grande, CMW relay, here from 1970, even while 15/70 was on. (Schott, Fla.)

953 SPAIN. EEU, Madrid. Heard very clearly at 1902 9/24, with WABN-250 only 12 miles from here. (Dangerfield)

962 TUNISIA. Tunis noted with English program 1700. (Patrick, England)

990 HAWAII. KHQ, Honolulu. Clear ID heard at 0300 on 9/15 during CBN's pause, but not enough detail to report. (Sesingmole, Calif.)

MEXICO, XECO, Mexican, B.C.N. noted 9/27 0044-0100, fighting another Spanish-speaker, probably XET, and CGB. (Callman, Texas)

1000 CHINA. Peking outlet modulated 9/19 at 0630. (Seaver, Calif.)

1005 MEXICO. XEDC, R. Mil, Mexico, L.F. found dominant 9/27 0009-0040 for good log. Rock and roll music, many spots. (Callman, Texas)

1010 MEXICO. XEDC, R. Mil Lec. Esperanza, Sonora. Noted atop the channel 9/27 0110 to 0120 s/o, with 2 clear IDs taped for report. listed 250 watts. In first XEDC call I've actually heard. Noted again at night. Some reporters are not actually on the air, methinks. (Callman, Texas)

1020 GUATEMALA, FDKX, Guatemala, Heard with the usual L.F. programming 7/12 at 2232. Fair signal strength. (Foss)

1031 INDL. WATERS (England). R. City now is 0000-1300 EST. (Stibborn, W. Germany)

1035 HATT. USRP, Chau-Magian, heard occasionally around 2030 in French. (Passo, N.Y.)

1040 CHINA. Peking is in until after 0830 in San Diego, continuously over 6-8, like any San Francisco station; sometimes we wonder if this isn't a pirate off the California coast. (Seaver, Calif.)

1045 PANA. HJQ-2, Las Tablas, heard weekly 6/26 with the usual Spanish programming at 2100. (Passo, N.Y.)

1079 SPAIN, EFE-14, Madrid, logged rather easily at times on 9/26 1915-2005 s/off. Freq. ID's are "La Vox de Madrid." Not noted next night (Monday). (Dangerfield, Pa.)

1085 NIGERIA. Lagos. Talking drum interval signal heard at 2237 7/27, but couldn't get anything readable thereafter. Before long, the Dutc-Africa carrier was on, so gave up. (Dangerfield, Pa.)

1119 CHINA. R. Peking good 9/19 at 0605. Has same anthem and I. S. as 1040, whereas 760 and 835 have tones. May be that's the difference between the foreign and home services. Just a guess. (Seaver, Calif.) Logged this new outlet with all RUSSIAN programs from 0507 to 0605 on 9/20. "Govorit Pekin" is exceptionally good. KNIX not much of a bother. (Sesingmole, Calif.)

1124 SPAIN, EJ-15, Barcelona. Excellent signal 9/26 1000-1900. For some reason, this one is not verifying for me, or anyone I know. (Dangerfield, Pa.)

1125 INDL. WATERS (England). Radio London, heard at 0000 s/o on 9/14 to 0930. Good signal at times, but very severe squatter from WNNX. Rock and Roll music. Uses 25 kw. (Neriman, Va.) Good log 9/27 0030-0105, all top pop. Fortunately, my 13-year-old son was able to clue me in on the singers and titles, from my tape, or I would have been lost. (Dangerfield, Pa.)

1180 CHILE. CB-118, Portales. "1030," is this a misprint? Heard with clear ID and "76 Trombones" in England this summer on 1180, not 1030. (Wood, England.) A misprint indeed, and your editor knows better. (Ed.)
B.B.C. World News relay heard. Could it be slogan exchange (Seaver, -1250 AS. Russia. N. S. (\textendash) 1214)

AS. Russia. 

N. S. Russia. Khabarovsk. Not too strong, yet, but still an easy log on 9/20 at 1430. Broadcasting in Chinese (and at same time, Peking-1113 was in Russian, \textendash) (Sorrento, Calif.)

\textbf{1226 Portugal.} CSB-3, Lisbon, in Monday mornings with very good signal at 0100 s/on. Parallel with CSB-30, 1169. (Dangerfield, Pa.)

\textbf{1225 England.} crowborough, heard in Gainesville one evening in French: "Int Landream." Hard to hear in Miami because of Latin Americans. (Schenectady, N.Y.)

\textbf{1204 Florida.} Very strong at 1050 on 9/14. Seems to go off air around 1300, except possibly Saturdays. (Dangerfield, Pa.)

\textbf{1252 Alabama.} Tallas. Definite s/on time is 2230, at which time the east German, which signed off at 2200, is completely smothered. Little wonder that Ibadan, Nigeria, is hard to log here at 2400 s/on, but the Nigerian internal signal was heard, weekly, at 2356 9/27. (Dangerfield, Pa.)

\textbf{1267 Portugal.} Porto. Very good signal on 9/27, just after 0100 s/on. Another non-verifiable, as far as I am concerned. Parallel 665. (Dangerfield, Pa.)

\textbf{1248 Portugal.} Lagos. Very weak signal around 0000 on 7/27, but clobbered at 0015, when Clevedon carrier comes on. You can see what frequencies I'm watching. (Dangerfield, Pa.)

\textbf{1253} INFL. WATERs (England). R. Carolina South has test program "Party Time" 1500-1800 Friday and Saturday only. (Blodorn, W. Germany)

\textbf{1250 INFL. WATERs (Isle of Man).} R. CarolineNorth is badly REMId in early 1800 with tuning signal, etc. I suspect is Prague. (Patrick, England)

\textbf{1258 England.} Dakar, good in Arabic at 1845 on 9/23, and apparently parallel with 764 kc. (Dangerfield, Pa.)

\textbf{1250 UNID L.A.} Apparently all night. Heard weakly around 0200 with news. Suspect that this is Cuban. (Merriman, Va.)

\textbf{1257 Mexico.} XRP, C. Acuna, Coah. Keeps blocking any chance of getting VUZNI. Not even an SAH or Inaudible yet. 10/5 is next council meeting. How long do they last? (Seaver, Calif.) Knowing politicians, I'd say about 4 times as long as necessary. (Ed.)

\textbf{1258} Portugal. CSB-5, Porto. Heard all evening 9/13. Very good signal with pop music, including the Beatles. Log taken 2230-2300, apparently AN. Thsone would be worth looking for in the West. (Merriman, Va.)

\textbf{VERIFICATIONS.}...

\textbf{764 Portugal.} Dakar, CSL card verifying reception on 764 specifically, as result of follow-up report. (Miller, Wash.) Now its my turn. (Ed.)

\textbf{840 Guatemala.} TQK, Re. Emperor, Guatemala. Quick and nice verdo letter received from R. Mundial specifically for R. Emperor and 840, V/8 from Renee de Encina, secretario. No mention of calls. (I.R.C.A.)

\textbf{890 Venezuela.} YVLU, R. America, Valencia. Brief v/1 for follow-up received from Manolo Pachin Doboni, director, from Apartado 117. (I.R.C.A.)

\textbf{935 Mexico.} Argentina. Standard, unspecified CSL card received promptly in response to my report of 9/13. Apparently exactly the same as you got, John. (Dangerfield, Pa.)

\textbf{1020 Mexico.} CP-4, Emisor del Estado, La Paz. Sent definite verdo and penamten. signer: Sotte, Maria Ortiz Ortiz, Director General, who sends more reports and comments on station's progress. (I.R.C.A.)

\textbf{1133} INFL. WATERS (England). R. London. Nice CSL card received in 10 days. No signature. (Merriman, Va.)

\textbf{1200} Venezuela. YV6G, Caracas. Verified on prepared card result of follow-up report. No addresses other than Caracas. (Miller, Wash.)

\textbf{1510 Australia.} 2MA, Newcastle, N.S.W. Sent a CSL via airmail for 9/6 reception. No v/s. Only my second Aussie verdo. (Springfield, Calif.)

\textbf{FROM OTHER SOURCES.}...

(please note that the E.U. material re Spain may be completely moot, as most of the local Spaniards are supposed to have switched to F.M.)

\textbf{560 Ecuador.} HG1-2, Guayaquil, will go on the air soon with 20 kw. (I.R.C.A.)

\textbf{640 Colombia.} HG11, Emisora Monserrate, Bogota; slogan exchange with 770 kc. No longer AN. (I.R.C.A.)

\textbf{669} Legion. El Radio, heard here 0/2. Previously heard on 696 kc. (E.U.)

\textbf{676-75 Jordan.} Jerusalem. Power raised to 200 kw. on 7/1. (E.U.)

\textbf{695 Ecuador, HG1-2, R. Sucre, Guayaquil, Supposed to be running 10 kw., but doesn't sound like it. Heard in Quito with another Spanish-speaker behind them. Plays tropical music. (I.R.C.A.)

\textbf{760} Mexico. XEAD, R. A.A.R.C., Los Rayos, Mex. New AN 7 days. (I.R.C.A.)

\textbf{780} Colombia. HG1K, R. El Pais, Cali, now uses 20 kw. (I.R.C.A.)

\textbf{790} Mexico. XEAD, Mexico, D.F. New AN 7 days. (I.R.C.A.)

\textbf{840} Venezuela. YV6G, R. Juventud, Barquisimeto. New slogan, will use 10 kw., and will be R&R outlet. (I.R.C.A.)
October 9, 1965

887 SPAIN, ECS-3, Avila. heard here since early July; on 885 in late June. (E.B.U.)
916 ECUADOR, HCRJ-2, in Voz Liberal, Guayaquil, is still here. (I.R.C.A.)
925 PERU, OXIN, La Central, Lima, heard in Austin together with ICMH; OXIX has song opera at 2345 8/29. (IRCA)
941 ECUADOR, HCGF-2, R. Ismael, Guayaquil, noted in Ecuador 2235 8/29 with 11MR. (I.R.C.A.)
1000 ECUADOR, HCMA-2, R. Torqu, Cuito, now here from 1009. (I.R.C.A.)
1025 PERU, ARS-2, in service 7/30 with 50 kw; Zell-Kom-2iller 2 in service 8/1 with 50 kw. (E.B.U.)
1035 TURKEY, Turkish station heard 6/2 on this channel. Probably Izmir, listed 1093. (E.B.U.)
1052 MEXICO, AM-1 (20 kw), heard here since late July. Heard earlier on 1080. (E.B.U.)
1067 ECUADOR, HCOS-1, Sangolqui, AN 8/31 for Santa Rosa holiday. (I.R.C.A.)
1100 PERU, HCF-1, R. Ciudad, Calli, here with 1 kw to 2400 s/off. (I.R.C.A.)
1121 COLOMBIA, HCM-1, in service in July and August only. (E.B.U.)
1126 HTANG, La Canasta, in service in July and August only. (E.B.U.)
1136 ECUADOR, HCRR-1, Ecateros Central, Cuito, now back on this channel. (I.R.C.A.)
1156 SPAIN, EFJ-6, Soria, on this frequency since late July, 21167. (E.B.U.)
1200 ECUADOR, HCOS-1, Sangolqui, AN 8/31 for Santa Rosa holiday. (I.R.C.A.)
1200 PORTUGAL, Portuguese station heard here with 3 kw later. (E.B.U.)
1210 COLOMBIA, HPFF, La Voz de America, Pereira, no longer AN. (I.R.C.A.)
1235 COLOMBIA, HCKU, R. Ciudad, Calli, with 1 kw to 2400 s/off. (I.R.C.A.)
1241 ECUADOR, HCMA-5, Cuenca, AN 8/31 for Santa Rosa holiday. (I.R.C.A.)
1246 PERU, OXAA, R. Universo, Trujillo, noted to 0015 s/off announcing 1210. (I.R.C.A.)
1246 ECUADOR, HCM-1, R. Metropolitano, Calli. Now near 1 kw. (I.R.C.A.)
1252 SPAIN, EFJ-60, Valdepeñas, heard here 7/9 and 7/17. Previously identified (11/04) on 1263. (E.B.U.)
1250 COLOMBIA, HPFF, La Voz del Quero, Popayan, driftting to here. (I.R.C.A.)
1267 COLOMBIA, HCF-1, La Voz de America, Pereira, now on this frequency. (I.R.C.A.)
1290 FRANCE, Handaves in service in July and August only. (E.B.U.)
1331 FRANCE, Ecuador, in service in July and August only. (E.B.U.)
1360 ECUADOR, HCF-6, R. El Mundo, Guayaquil, now here. Claims 5 kw. (I.R.C.A.)
1395 ECUADOR, HCVU-4, La Voz de Esmeraldas, runs late most Sunday AM's, some Saturday AM's. Power 500 watts, the kick transmitter is on shortwave. (I.R.C.A.)
1418 PERU, OXIX, R. Tumbes, Tumbes. ID's with first half of Beethoven's 5th. Affiliated with R. Victoria, Lima. Has 1 kw. (I.R.C.A.)
1420 CANAL ZONE, AFR, Fort Davis, in AM. (I.R.C.A.)
1424 COLOMBIA, HJMF, R. Del Rio, Cartagena, believed to be the CANAMCO station on this channel heard in Ecuador. (I.R.C.A.)
1450 COLOMBIA, HJMF, R. Sobradel, Cartagena, noted in Ecuador to 2315 s/off. (I.R.C.A.)
1455 PANAMA, HCF-6, in La Voz de Almirante, Almirante. Announces 1400. 5 Off 2005. (I.R.C.A.)
1459 SPAIN, HS-61, Vitória, on this frequency since August. Previously ID'd on 1456. (E.B.U.)
1462 COLOMBIA, HJU, La Voz de la Libertad, Pasto, here from 1510. Licensed power 1 kw. (I.R.C.A.)
1468 SPAIN, HS-61, Oviedo, another floating Spanish, last heard here 8/16. Also noted 1497 and 1516. (E.B.U.)
1508 GERMANY, A.F.N. Streching, retired from service in August. (E.B.U.)
1507 SPAIN, ECS-1, Salou, on this frequency since late August. Heard this summer on 1335, 1346, 1531 and 1433. (E.B.U.)
1525 PERU, OXIX, R. Reloj, Lima, still here with 1 kw. (I.R.C.A.)
1530 MEXICO, XEOR(7), R. Honda, Mexico, D.F. New station on the air. Belongs to R. M1 group. (I.R.C.A.)
1575 U.K., Vortices, heard on this channel 8/10, 11, 19 and 15. (E.B.U.)
1583 GREECE, Greek station heard here 8/4. (E.B.U.)
1590 MEXICO, XELO, La Voz de la Personalidad, Mexico, D.F. New station. (I.R.C.A.)
1595 COLOMBIA, HUJ, R. Ciudad Millagro, Armenia, noted in Ecuador, (I.R.C.A.)

(I must admit, there are times when Ed Kreting's I.R.C.A. section looks like the E.B.U. of Northern South America. Can any North American DX'ers log these?? - Ed.)
THIS TIME BY COUNTRY...

SUISSE. Our news is received on Monday each week, via, u.s. airmail, and is not available for admittance, at this time. For details of the current situation in the Swiss area, please contact the nearest Swiss embassy or consulate.

INTL. WATERB. R. Scotia. The station will be in the air from 5-600 am EST, 6-200 pm EST, and 7-300 pm EST, with a total of 6 hours per day. The station will broadcast one hour per day, with a total of 18 hours per week, with a total of 72 hours per month. The station will broadcast on the following frequencies: 600 kHz, 1200 kHz, and 1800 kHz.

NEW ZEALAND. From Taka Baller, there are 12 stations, operating on various frequencies, with a total of 12 hours per day, with a total of 48 hours per week, with a total of 192 hours per month. The station will broadcast on the following frequencies: 600 kHz, 1200 kHz, and 1800 kHz.

National Program: "Music and Shows" is carried on 12 stations:

Argentina. The Swaziland Broadcasting Service will be in the air in December of this year, using 10 kW, probably on MW only. (S36X)

Argentina Frequency and Call Allocations:

The following international frequencies are allocated to Argentina by treaty: 710 kHz, 750 kHz, 790 kHz, 830 kHz, 910 kHz, 950 kHz, 1070 kHz, 1150 kHz, 1190 kHz, 1230 kHz, and 1310 kHz. All other frequencies are regional.

Most Argentine stations are owned and operated by the government, which, domestically, fails to distinguish between international and regional frequencies, with similar stations operating on each.

Argentina calls generally take the age of the station: The Iliis are oldest, followed by LS, LT, LV, LV, and LS. Numerals from 1 to 99 follow these prefixes in chronological order, with station LII being older than LIV, e.g., Radio Nacional stations have calls reading IWA followed by an numeral...

Next time: Chile! (Ron Sodt, F5.)

FOREIGN CONTEST...

As of Sept. 30th, we have 14 contestants paid, with prospects of several more, perhaps 10 or 12. All "Wers welcome, and no one need be afraid of not making a good showing. Harry Flannery writes that he "wants to meet the challenge," not "doesn't expect to win or even be close, but will be an incentive to report, and listen more." And to answer several contestants who want further clarification of my "proof of reception" rule. Yes, I did make a copy of your report, if you are not lucky enough to have a tape, which is cumbersome, and can be a bother as well as a typed report, or maybe you can make a photostat. Copies of logs and reception notes are fine as supplementary proof, and would be acceptable when identical to the actual submitted report in form. However, please remember, fellows, I do not anticipate having to inspect reports, notes, or verbatim, except in cases of extremely questionable or deplorable verbatim. So be prepared, and don't let it spoil your fun. If your report is good, you have nothing to worry about. One other question to answer: Canadian stations are not eligible. (Contest entries, accompanied by 50c, go to Ben Finney, 202 Governors Drive, Chester, Pa. 19912.)

ROY MILLER asks "Why don't you keep your readers up to date on just what reference publications you have to work with, for instance, do you now have the new FEIS? Which issue of PAL?" Okay, I have FEIS on order, and PAL on order, per information in last issue. I have last two PAL supplements. I have latest E.B.U. master list, World Medium Wave Guide 1955, 1965 World Radio TV Handbook, plus the Summer Supplement. I get World Radio Bulletin, Sweden Calling DXers, Newark News Radio Club, and International Radio Club of America Bulletin. I get the bulletins from both New Zealand clubs, plus the Medium Wave News from England. All of the "string lists" I've received have been printed in I.D.B. If anyone knows of anything I've left out that would be helpful, let me know and I'll try to get it, then pass the changes on. Oh, S.A.C.A. Log is also on order.
Okay, Just Where Is Radio Americas...

Donald N. Jensen, 1372 Ridge Drive, de Pere, Wisconsin, the Executive Secretary of R.A.M.C., sought to answer this question which has plagued a number of DXers and DX editors. In an exceedingly thorough, very well-documented 45-page essay on the matter, Jensen starts out with the following: "...after extensive research, including studies of contemporary books, magazine, newspapers, press wire service stories, and other published sources; personal correspondence with persons and agencies in the United States and a half dozen Caribbean lands; and monitoring experiments, it is hereby finally stated that Radio Americas, and Radio Swan before it, is and has been operating from the location it has claimed all along."

Okay, let's look at some of Jensen's evidence. The island is privately owned, and jointly claimed by Honduras and the U.S. Though the island is recognized by our government as belonging to us, as far as the international status is concerned, it is in doubt. "The conflicting ownership situation must have scared a good few Central Intelligence Agency officials seeking a site for a clandestine station... an American island that wasn't too American," Jensen wrote. "By averting that the island was private property and that the sovereignty was still under dispute, the government could at least maintain a shaky position that neutrality laws were not being violated by the operation of a station seeking the overtow of the Cuban regime. Yet under the provisions of the obscure 1869 gama certificate, the United States would be obligated to protect the property of its citizens, should Castro attempt to raid the island to silence the propaganda voice."

Jensen has learned that, though the official 1960 census of Swan I showed 20 persons, and the state department claims transportation to the island is by ship; there is no aircraft landing strip, a place really in need of small quantities of supplies, and tided programs for R. Americas -- a 24-place 35C3 in a weekly charter flight.

Portable transmitter trailers contain the 50 kw medium wave transmitter and the 7.5 kw. shortwave transmitter, Jensen says. Concrete-covered, corrugated metal buildings were set up a half a mile from the weather bureau compound, including the FAA beacon on 407 ke and another station on 2736 ke. A dirt road connects the station buildings with the open field where the two 250-foot, base-loaded, half-wave broadcast and antennas are located. These tow towers, heavily gnowed against possible hurricane strength winds, beam the signal... in a southeast direction toward Cuba."

Fifteen engineers, technicians, and assistants at a time, part of Philco Corporation's 5,000 man "Flying squad," operate the station. Each operator spends six months on Swan Island before being reassigned, Jensen reports. Philco's Washington office, however, has refused to respond to any additional questions concerning its operations. Initially, R. Swan was run as a private, commercial station, but after the Bay of Pigs escapade, this changed. The FCC says "There is a broadcast station which identifies itself as Radio Americas (formerly Radio Swan) which operates on Swan Island, off the coast of Honduras. It is not licensed by the FCC, nor is it operated by the Voice of America. This office is unable to furnish additional information."

When asked by the FCC if the station could license the FAA stations and Harris, but had no jurisdiction over a broadcast station there, the FCC slammed up.

The "Gibraltar Steamship Corp." original "owner" of the station, was later found to be one of the many "cover" organizations fronting for the CIA. The Central government has identified the location of the station as Swan Island, and in its propaganda, as early as 1960, he filched away at the U.S. secret radio station operating on Sovereign Honduras territory.

Jensen reports that during the Bay of Pigs invasion, R. Swan broadcast instructions to the Cuban refugees attempting to land on Swan. All of a sudden, Gibraltar Steamship faded away and Vanguard Service Corporation was formed. Then R. Swan became R. Americas.

Jensen found a copy of an article, "Return to Swan Island," written by Mr. Prince S. Crovell, in the July 6, 1962 issue of the Falmouth, Mass., Enterprise. Mr. Crovell visited the island while researching the history of Pacific Gamma Co., which once operated on Swan I. The article specified Mrs. Crovell was given to the care of Roger Fitts, a Vanguard official, who helped operate the station on Swan I. Very, very few private citizens have been on Swan Island since 1960.

Jensen also arranged a test, triangulation-wise, in which WNO's Clarence Freeman, Mike Silver, and Gordon Nelson took loop bearings on the Swan signal. A map plotting the independently garnered bearings almost completely dictates Swan Island. "This independent triangulation study does not provide absolute proof but strongly suggests the location as Swan Island. This finding, when considered together with the overwhelming mass of other evidence gathered and presented earlier in this study leaves one with the inescapable conclusion that Radio Swan/Americas was and is located on Swan Island in the Caribbean," Jensen concludes.

Except that this report has failed to convince a radio club bulletin publisher and magazine article writer who insists a "Frank-Finder" which says R. Americas isn't there. Against the above evidence, shamed here, of course this editor/writer puts up the word of a ham operator connected with the station who said he wouldn't operate on Swan at the time someone else was, plus a DXer who recalled too few antennas in a picture he had sent back to R. Americas. "As for the number of antennas I say in the photo, I think two or possibly three, but I am really not sure..." Since there had to be six, the Frank-Finder comes to the inescapable conclusion Americas isn't there. I buy Jensen's report, and accept Swan I as correct location, say further arguments.
