JIM COURTNEY of Knoxville, Tenn. sends word that the country/western singer, Buck Own
is purchasing KYND-1580. Jim believes he now owns KUZZ-800, Bakersfield, Cal.
This well-known station will be on the air for two extra hours next Monday morning, 2/6/67, to provide the DXers of the nation with a special two-hour DX show. Mr. Chuck Kenworthy, Chief Engineer, will conduct this DX test, and reports should be sent to him, KKF, P.O. Box 3,500, Butte, Montana. We do not know what the program will consist of, but it will find at least the last hour should be in the clear, coast to coast, so all ought to be able to hear this friendly station. Tune in! GREGORY JONES

Indianola, Iowa, 50125. This is a second DX test by KBAB. Through a mix-up, last month, this station went on the air on Jan. 1 instead of Jan. 2, so this program will be on Monday morning, 2/6, 2:00-3:30 CST, or 3:00-4:30, EST. There will be many IDs, and recorded music, and possibly some periods of cycle tone, and possibly some Morse Code IDs to help you log them on a fairly crowded channel. Reports go to Mr. Chuck Hamilton, Mgr. & C.E., KBAB, Indianola, Iowa, 50125, and our thanks for this re-sked. LEN KRUSE

Floydada, Texas, 79235. This daytime station will be on the air for a special equipment test on Monday, 2/6, from 2:30-3:00 CST, or 3:30-4:30, EST. We do not know what will be used for modulation, but Mr. Allen Fowler, C.E., of KFLD, promises to make many station IDs for the benefit of his distant listeners. He would appreciate reception reports. CHML will be on, but most of us far enough away from CHML ought to be able to pick up KFLD on this special test. Our thanks to Mr. Fowler for letting us know. ILYNN BROOKS

Oakes, North Dakota, 58474. This will be KGB's regular monthly frequency check, and they have invited the National Radio Club to listen in and send reception reports. They are anxious for them, in fact. This channel should be clear in the East, with CJOC, CKDA & XEB on in the West, but many ought to hear this one kilowatter on this frequency check. Cycle tones and station breaks will be used. Send to KGB Radio, 114 Union Avenue, Oakes, N.D. 58474, to their General Manager, Mr. William Spitzer. GEO. SAWYLLI III

KVW, for IRCA on 2/6 is their r/c also. TT & IDs. Reports go to Mr. Richard H. Gochen, Manager, KVW, Belgrade, Montana. (Info from Larry Colton, IRCA)

These issues will be limited to 20 pages. The others have a 30-page limit, including this one. We hope the DX & Special Features are big, for we have only 12 pages from Brooklyn. We will NOT cut reports for the 30-page issues, but we ask you NOT to include non-DX items in the above limited issues - fair enough?

Jerry H. Wessel of Goldsboro, NC postcards that his local WYB-730, 1,000 kW, was recently sold for $111,500 to a Benson, NC firm, probably the owners of WYB-580 there.}

Veria! WVM-1440 a v/f (second from them for one report!), v/1-88 from HUT-1180, La Voz de Ruiz in eight days! & v/cm WEAS-900-TEST in six days. Most of the week found the Aurora still being rather strong, even more severely drenched last week, but this time they brought me many images all over the place: An oddity on Mon. night w/strong Aurora, nevertheless Langenburg-1586 boomed in 11-12pm HCAT, quiet mostly, with German time checks by lady every five minutes to 11:54 when IS of ten notes was repeated every 15 seconds. This seems to be an hourly "feature" of this station. Report sent: 1/21-26 WEAS-900-TEST/r-c - another of my "lead pipe cinches" w/Aurora killing CHML nicely. That evening, YVNC-740 R. Mariscaló, atop everything 6:21-6:35pm. 1/21-26 FF-1484 in c. heterodynes w/all-talk FF by men, & I found the same fare on 1493k, 1:38-2:14 fade-out, looks like two exotic ONRT stations! 1/23 - Alarm failed me & I missed much-wanted WSGB-1490, which Joe Fela tells me boomed in atop all. Up @ 3:10, no sign of KEHS-590, but Joe got him, too. Um WZXX having trouble from Aurora & XBLZ greeting the DXers of the world. Much foreign around the 1500s after 4am - PJC-7-1500; HNJ-1501, HTLT-1515, unID-1516 fairly strong, probably s/on @ 4:30am, very weak on 1520 too. I think the 1518 one is HNJ but actually unID here as yet. Come on gang - don't stop Musing!

First WBBC-1330 has gone AN w/female DJ. Is WWR still AN? Not heard here for about three weeks. (On my yes - ERC) DX (if it can be called such): 1/1- KARK-920 3am. 1/3- CKCY-920 noted, 1:40am. WBUG-550 1:55, WBUK-530 s/off 2:05. 1/11- WMOX all but dominating 1100 on r/c @ 2:45am. 1/12- 1:05am, XQBR-1030. 1/13- WLSI-900 5:21pm to s/off @ 5:30; WILO noted w/5 s/off 5:45pm; WHLO-1520 5:50 to 6pm s/off. 1/15- WYDE 3:05am on r/c 1/14- WPDP-600 12:30am. Also noted WBFG-1290 about sundown almost nightly w/promos for new phone number (9440-WFYG). Also WCP March about 3am nightly on 1150 but still not enough for a report. Verifies: v/c- KNBR-680, CPPC-960, v/l- WERT-950. That's about it; I'm still trying to get started on a loop. To all Frank Jolley Fans, I still like Joey.

Howdy. I finally logged a domestic (US) station on 600, in the term of KDD in Dumas,
Tex. 1/14 @ 11:50 am w/hord KTHI slop. KXX sent another SC 1/11 in reply to my
"polite request" for a verie, see 1/7 Muserg for story. So I got mad all over again,
& decided to just let it go & the next day in the box there was a postcard QSL from
KXX, so I guess they were just printing some new ones or something. Finally CKN
sent back for my fourth Canadian QSL, provinces 333, states 33/25, sigh. Looks like I had
a tremendous showing in the 1/14 supremacy ratings, in 53rd place, hi Norm & JAC! My
interest is kind of picking up in the CPC, which is good. I'm proud of logging newies
WPTR, Albany 1/15 @ 5:45 am. QTH is about to change here, I don't know to where.
I have been tackling the contests lately, not shaking the word w/my amount of points,
h! Does the NRC have SUMMER DX tests? (Not generally -SRC) Where can I get info
if we are? (Try that famous publication, "DX NEWS" hi -ERC) What is the EE u/WMAQ @
9:13 pm CST 1/17? Looks like a test from WSGC, more later. 73 from the Nashville Cat.

No, I've NEVER discussed upon Karate in my Musings! But I think I'll be concise this time for a change. Aurora has brought much new DX here. 1/11- WBCO-1540, closest unheard, in the clear v/c/w from 5:15 WBBW s/off to 5:30 s/off. WMBF-1570 6pm s/off-SEB WONA then on top w/NX. KCII-580 I&C 6:21. What Jerry Starr said about daytimers on regional channels sounds very interesting. Jim Gallant was the one who left WKY, he's an WXYX now. Anyone in this area, can you get KNN-1070 very regularly? Jest wonderin'. I can't. Hi. 73. Bill Fesczko - 3015 Longacres Boulevard East - Toledo, Ohio - 43606

Muchly-plenty new DX, so here it's: 1/13- YVTV-1040 8:40pm. 1/14- WBBG-610 4:55pm, EERCN-1110 10:03pm. 1/15- CHIC-1280 3:53am, WAVE-650 5:03pm, WCAD-1350 5:36pm, WOGK-900 6 08pm, WODD-1310 9pm. 1/16- CHAB-800 2:05am, WXTL-1230 TT 2:40am, WHOC-1490 ID (was this a test?) 2:55am, CHYN-1490 3am; KEKU-1440 TEST 3:15, WJET-1400 3:40, WBER-1240 f/c-1415, WQXW-1400 3:41, WBBQ-560 CC 4:44, JBC-560 TT, e/on-anthem 4:45am, WBBS-710 5:45pm. 1/17- HJCK-850 5:32am. Only one new verie, a v/c from KEOA-530.

One thing I'd like to mention is that all of my DX on MM 1/16 was done v/the help of the Admiral Nelson Loop. Dan Shoaf: What is a v/check? Looks like I'm going to have to get a new RX soon. My WR-1000 (S-120) is now getting images from all Toledo stations all over the dial. I get WCGA from 1150-1270! Is it true that KOB-770 now is AM w/HI show? They're my most-wanted station, but all I get on 770 MM is WR. 73, remember. ALTERNATE ISSUES ARE LIMITED TO 20 PAGES, AND MUSINGS MUST STOP AT PAGE 13. PLEASE DON'T STOP REPORTING FOR THAT ISSUE, BUT PLEASE TRY TO BE CONCISE. OK? -ED.

Greetings to all. Very unusual DX now here as DX is being changing very rapidly. I'm listening to Joey Reynolds right now (hi Joe F.). All those tests on 1450 make me mad as WBCB completely covers up everything. Only stations in M.J. needed here are WDBB RDVL & WERA. DX as or late: 1/15- WAKY-750 @ 7:01am; WDST-1530 @ 12:25pm; WAMS-1380 @ 12:25pm, WETM-1330 @ 12:43pm; WEER-1330 @ 7:15am 1/16 along with, on the same date; WMAF-1250 @ 5:07pm, WTRG-1520 @ 5:13pm, WENC-1220 @ 5:19, WIBO-530 @ 5:35pm, WVOX-650 @ 5:35pm, & today's catches include (1/18) KCPJ-540 @ 7:14am, WRIZ-1550 @ 5:35pm. Did not see WITM was heard in Fla., their XR in Yardley, Pa. is right across the river from me beaming SSE, w/three towers. Also WAAE-1300 is down the river in Washington Crossing. Pa. w/ a very directional antenna to the S. I would guess they're heard in Md. v/5,000w., am I correct? 73; CUN 7. (Welcome to the NRC, Lewis, and we hope you'll be a regular in Musings! -ERC)

Hi! Respect for no report last issue was because of no DX & I still don't have that much DX to report but here goes anyway: MM 1/16- KMPL-1520 on ET from 2:21 till 2:26:05, CHAB-800 on AM @ 2:30; WJQF-820 on ET @ 2:53am (Hi, Rog!) & KEBQ-1440 on TEST 3:06am. Note: WAAE-1350 r/c is third MM from 3-3:15am, plays mostly Pee Wee Hunt records. On 1/15; f/up #2 to WCDA, addressed to Joe Cooper. New veries are in from WJBO-1550, WOAY-860 both v/1s & a large v/q from WIIS-1320 for 415 veries after three years! DXing. A phone call the other night from Joe Jones & tells me he visited WJIC. The funny thing was they have a 160' unpatented & not lighted tower & they got four reports for their TEST from Cal. Not bad! Today, I got an old newspaper from my History teacher w/a listing of radio programs. The newspaper is 5/10/32! It has such things as "Radio Weathor", the programs listed like TV shows are today. Very interesting.

A few of the stations on the list are WABC-860 WCAM-1230 WCAU-1170 WDEL-1150 WDAS-1370 WFTI-560 WBER WLT-560 WAC-1310 WIBO-930 (I wish they were still there, hi) WIP/WFAN-610 (WONDER if they were LLP then, hi), WRAX-1020 WETN-1500, & WJR-710. It also has an ad for Ed Wynn & his 35 piece Texaco Fire Chief Band @ 9:30 on WEAF-660. I guess this is a collector's item, hi. That's about all, so see you again. P.S: Sheldon Miller: WITM-920 sent a v/q in little c/month for me & WERE is a hard one to verify NOW. I wrote a note to the CE & told him to call me up one night. I'd like to see a few of their reports for myself & maybe help them answer a few.

Hi. Plenty of DX these past two weeks, & even more is in store as I am now home for intercession. 1/6- WHOT's strong signal prevented WHAZ from making it in here. Jerry or Wes, the least you could have done was accidentally kick the XR plug out, hi! I did log WABR-1410 Flq. 3:19am c/w. MM 1/16- KCLU-1580 La. 1:55-2am s/off. WWMG-1440 Ga. strong on f/c-N 2:21-2:30; WBXY-1230 Miss. ET ID 2:47; KENX-1440 Texas TEST very strong 3:05-3:19; WPFW-1350 3:31-3:47; WERD-1240 Tenn. f/c 3:47am. Later, WARR-1330 Flq. 8:34pm w/WEVD/WPAF off. 1/17- Radio A.B.C.-540 Santo Domingo, o/KBQA 6:30pm.

1/18- Big news! Station #550 logged, WFLI-1070, Tenn. r/c 1:31-1:57am; WJQF-1550 Fla. 5:48pm; WCOF-1530 Fla. 5:58-6pm s/off; RFR-550 R. Jamaica Ltd. atop-channel w/NX 6:02 pm, fair all through the night until midnight s/off. Veries: v/r- WMTL v/q- WIIS CHON WJO/ WFM. v/p- WROV. v/1 & CM- WERA WAMA WPBS. Veries in from WFM, the friendliest station yet. They sent a v/1, CM, decal, two advertising sheets, a big station advertisement poster/folder, a "soft shoulder" phone rest, & to top it off, returned my letter & postage! If this is indicative of the attitude of all the Hi stations, we DXers may be in for a treat (it still doesn't make up for the DX channels ruined by the Hi stations, hi). Saul Ash: I got the same type verie from KSD just this past week.

Bill Raczko: WAKY was in Keyser, W.Va. in 9/65. What is WAKY? Quick note to FMers: WNCN-104.3 NYC wants signal reports! 73 & watch out for low-flying radio waves.

Walter LaRoche - 1475 Morrison Drive - Pittsburgh, Pennsylvania - 15216

Hi. CX have not been too good but a few new ones logged. 1/11- WQX-1320 @ 6:45pm.
1/2- KLIP-1290 @ 12:35am, KEX-1190 @ 12:40, WDXR-1560 1am, KGBS-1020 @ 11:55; WFM-1510 2:07-2:30; ZMML@-1230 & ZMME-1230 2:34am; WJS-1320 3:01, 1/7- R. Bellize-834 6:33am.
1/9- WIND-1510 2:40-3:20 TT. 1/12- YVL-6870 @ 6:05am. 1/16- WOKE-1440 1am, XMBX-860 1:45, KENX TEST, SR-750 4:30 s/Ind, JBC-750 4:45 s/Ind, WBAM-740 TT 4:54-5:57am v/1s every minute. WCOF, WAAE-1440 had test 2:15-2:30. 1/17- YMW-615 6:05pm, Veries are w/1- WEMD HJIO, v/q- WMEX WILS KGBO. Also a card from WCYB, which was a conventional Ham card. 73.

Hi. DX: 1/12- WCEH-610 @ 5:36am, KJTY-175 @ 9pm. 1/14- KFLC-1470 @ 10:06pm. 1/15- WSAZ-930 @ 12:56am, KSBA-910 @ 1:13, WCSS-910 @ 1:15, WCY-930 @ 1:19, WAKZ-950 1:35, KNX-1070 u/a terrible mess from WFLI @ 1:54am, WDBL-1240 @ 2:05am s/off, WBZ-920 w/ID for ET @ 2:42am, but soon covered by KANK-HI. WPTR-1540 @ 3:10am, & WWOH-1470 @ 3:15.

Veries: v/q- TKCM (card was mailed on 12/28, but didn't arrive until 1/15). v/f- WUSG

Several weeks ago I had the chance to visit two fine Tallahassee stations, & on the way I saw Gov. Kirk's inauguration parade, which I had thought was over. The frien-dlier of the two, WFCW-1450, had received a very fake report from England. The Eng-lish thought there it was authentic, & I didn't want to deflate him. There was no real loss, though, she only wanted an SC. I will send anyone a WFMN SC for an SASE, SC or CM. I mis-read the last bulletin & thought Gene's W1SN was on Tuesday. I woke up on Tues. AM but fell back to sleep & thought I had missed this much-wanted one. I am going to make sure to listen for this AM. I never received the 12-29 issue, if any-one is through w/thems, please let me borrow it: 73s & good DX.

Jeff Keidel - 8047 Park Overlook Drive - Bethesda, Maryland - 20034

Veries: v/l- CHIC WHAZ WILD WAFP KJUH WAKM WBCS. v/q- KORA. The CE at KORA said it was "unquestonably" they heard - I consider this one of my best catches. DX (all reported): 1/16- WUSM-930 ER/M 1:23-1:37am & on, &K, was the first catch of the AM. Next came KRD-1150 c/ped off/on from 2:14-4:02am s/off w/signal equal to WXIT. CHAB-800 seemed to be AM w/c/or & was copied from 2:45-3:10. KETX-1440 in u/an OC, 3:10-3:20. WNBS-1480 f/c/M 3:24-3:30am well w/WABE. Later in the day Aurora was in full swing & logs were taken on WCG-1080 from 5:29540pm o/u WHE, WAG-960 6:06-6:16 s/off, & KBET/KOLB-1570 simultaneously between 6:20-6:30am s/off. On 1/18, much-wanted WTEL-860 finally made it through from their 7:15am s/on to 7:25 when regular WAYE put on their OC. Then later in the day WGEN-1350 was copied from 5:15-5:24pm s/off followed by WHN-1010 5:50-6pm s/off. 1/20- After hearing the TF many times, IDs were finally heard out of KBUR-1490's r/c 1:05-1:13am for my fourth K-gravey. Later in the day, WHDO-1050 was heard w/s/off @ 5:39pm o/u an SS. 1/21- WFMH-1460 r/c 5:50-5:59am.

Chris Lucas - Box 187 - R.P.I. Quadrangle - Troy, New York - 12181

Finals are coming up this week, so I thought I'd take a break in my studying to submit another Musing. No DXing done here since my RX is home, but I did receive a v/q forwarded from home today from WENO-1000. Recently, v/l- WQOK w/SC, v/l & CM WHITV, wth seems interested in reports, & v/l plus folders etc. from WLEW-1270, all reported over Christmas time. By the time this Musing appears in DX NEWS, I'll be home again for a one-week break between semesters, & I hope to net a lot more DX. Our WHAZ-1330 TEST was not too successful as it seems Aurora CK were in effect SM 1/8, making WHAZ quite weak wherever it was reported. Only about ten correct verifiable reports, furthest from KV., & also a couple of unverifiable reports. However, WHAZ is planning on running a FP some time, but no date available yet. Most likely on a SM after WENO s/off or Tuesday AM after normal WHAZ s/off. MD doubtful because WENO/WCM are on most of AM. Keep a lookout for this if you missed them on 1/8. I noted in Broadcasting magazine that seven CPs were granted for stations on 1170k in RI., Mass., Eastern N.Y. & N.J., some w/5kw. There goes a nice clear daytime frequency! 73.

Russ Edmunds - Syracuse, New York

Well, finally I've gotten around to Musing & for the first time this season yet! Veries in: 'KAIL'. Thassit. EX: Retroactively, 11/21, PM: 6:44-6:49, WWEB-590; 9:20-9:27, Surinam-7/25; 10, ID from WAGA-950 w/ABC. 9:30, an ER w/WSD, suspect Jamaica, since all Caribbeans in well. 10:09, something giving WCFL a bad time, but still u/CKBW.

Who? 10:15 a low TT on 1100, is WYCY off so early? 10:20, a mess on 1220 where WGBR should be. Then around 10:27, SS folk nx w/WADO, what? 12/19- KAIL-TEST u/\&IAC 2:10-2:23. Question: Would KWSM-1020 be running c/w & gospel @ 1am on a Sat. AM (12/19)?

Now, up to date stuff: 1/21- 3:05am, CUCN-680, ID w/CFT; 3:10-3:50 or so on an unID T. o/u TKCM/CDJAD. Who, Also @ 3:51, who on 920 carries rr & Chickens? U/CCKY/WJAR? 4:31 WNB-1230 "Round the Clock Radio in Worcester". 4:36, WMG-1230 ID, 4:38, WBPV 1230 ID, 4:50-4:56, WBC-1240 c/w. 4:57, Lord's Prayer c/on-1240, who, way w/WCCO. 5:17, WHIN-1240 s/on-SSB. An rr still w/WCCO/WITH. DX totals 520 heard here, 830 overall. Bob Shaw, your 1450 station WAS WFGP, Atlantic City, AN-7. Mike Tilbrook, WCAI-1310 is not on AM. Bill Raczko- James K. Davis is ex-WOEL, ex-WTRY, whom I met randomly via James K. Grant. I hope to Muse again in the not-too-distant future. Meanwhile, BOSTON in '69. (No v/s columns for us, Miss! -ENC)
Horror of horrors! I missed the 1/7/67 issue. Will you forgive me, Mike? HI. A lot of others must have missed it too because it was the smallest issue in a long time. WRYT is bogged down w/reports so no f/ups, please! Dave S., how did you miss 'em? Veries: v/l- WSWS-w/GM & WPET on a piece of notebook paper. v/q- WOJD, a beauty, one of my best, WING WMIX answering my tentative of 12/25 reception @ 11:00 saying it was they, WZKY on a car of State Legislative Building, everyone getting same one? And WHD in six days. Reports off to ZNB & a tentative to Jamaica-560. I'm not sure if Iput in MM 1/2 DX and mist myself so I'll leave it out & if I didn't, I will next time. 1/- R. Jamaica(?)-560 @ 9:00 W/Bib Ben followed by BBC NX. 1/2- Unk-1150 w/2/w S. Davis Jr. & two F. Sintra records w/dead air spaces between from 4:38-4:46 WQBF CQ. ZFY-760 @ 5:30. 1/3- Unk-Venezuelan on 600 w/R. Rumbos ID @ 10:50. CMKP-670 @ 11:05 after YVLL s/off. HJCU-735 @ 11:10. 1/7- Randy, I noticed WBS-640 @ 3pm & maybe you can get 'em. Best at around 5pm on Aurora SSS CX. Dave S., this is my first college station, from M.I.T., a good eight miles. IDed as "WIFS, first on your dial", 56.1 mg/s FM & 47kHz AM w/restricted radiated power" hi. We all know better, right Gordon? ZNS @ 6:05 finishing what sounded like CBC NX. HJAM-720 @ 6:55. Unk-1550 w/telephone talk per gram, very week u/CBE @ 8:33. 1/8- HJCD-1200 weak @ 5:30pm. Unk s/off-SBB sung by man @ 5:59-6pm. Anyone IDing either this s/off or talk show program WCE will receive two WTKO or WBZ SCs. SSB was on 1/30. Cuban-560 @ 11:02 strong after WYX s/off. CMKP-660 @ 11:15 & CMHK-730. 1/9- Colombian-570 @ 10:10 w/three bell IS & YSS-655 @ 11:40, thanks Gordon & John. 73. I guess in the 12/31 issue you skipped a line from my Musing. On 880 I did hear WSWS @ 4:40 & WBAM-740-740 @ 4:40 w/ad for Montgomery Dragsville, both heard on 12/9.

Roger W. Winsor - 739 North Juniper Drive - Valparaiso, Indiana - 46383

DX is somewhat slight, although several good catchers, & a few veries have managed to keep me going. DX as follows: 1/15- WBFIR-710 SBS 7:28-7:31 for the third report to them asking for a verie this time. Also WCFS-730 Shelby, NC on 387-39-7:45am for a new 730 logging. MM 1/16- WAAS-1530 r/c-M 2:01-2:15, second log on them, as never answered my October report. KEIT s/off heard @ 3:00, following an interview program, then very brief s/off statement. WBS-180, Bridgeport, Ala. - FM/M logged 3:25-3:30am s/off. Also KEIT/ME making a good show, although six minutes late, logged from 3 06-3:23 w/good signal, no fading, & only slight KPO/XELQ QRM. No go on WFXI TEST 1/17, although did hear TF @ 12:58-12:59, then off, then on for 30 seconds, then off for good. WSGO r/c per list w/ID @ 1:35, then s/off. Unk ID on 1240 @ 1:35 while logging WJIM. I thought I heard Ky. mentioned. It was a f/c, WJIM logged 1:33-1:42, but no log sent, as only records. WEAS TEST &C 2-2:15 w/same ID each time. Nice solid signal. Veries from KDOM w/nice full page v/l typed by CB, also v/l from KSBD WYKX WYXK v/q from KEHT KXIC KNEL. I sure wish this Aurora CX would quit for a while. It sure was nice to hear some of the big boys out Cal. way again. I have really been hitting the S, but then there is just much to be heard down there. I suppose I should be happy about the weird CX, but not so on MM. 1/16- Rick Evans & I had interesting visit w/Ev Johnson, heard WREU & WPFL, both impossible here in Ind. Thanks again, Ev. 73 & I sure hope those 1/30 DXes show. KDOM never did answer this summer report on f/c.

Dave Bennett - 1014 #1 Road - Richmond, British Columbia

Just a brief note to prove that (a) I'm still alive, & (b) still reading DX NEWS, though inactive. The 1/10 issue had a note about ZIP numbers & I thought the members might like to know the 1966 World Almanac (the paper-back w/the orange cover). Had an abbreviated list of ZIP Numbers in it. My copy is at work so I can't say how complete it is, but it will likely be in the 1967 edition also. I believe your P.O. publishes a complete list also. 73. (The P.O. & I aren't speaking, hi -ERG)

John A. Callerman - Box 99 - Cambridge, Massachusetts - 02138

I have finally settled down to a nice apartment overlooking the ocean at Whithrop 0215: (specific addr: 132 Shore Drive, Suite 2) & it appears DX will be quite good from here. I took in the last of the SA CX though no reports off on 1/15-16. Noted, among other evening items, WBBS-1565 to 9:15 s/off, unID DA-1572, HRM6=1333, & probably HRM6-1337: Gordon Nelson has shown very patient hospitality, & his kindness in aligning & eliminating seven faulty tubes & in improving my loop should result in fine DX CX for me. My boss, Pete Taylor has moved into a home in Arlington, nearer work than I, but also nearer the HNL than I. We ex-IDXN Editors plan to go after the foreign stuff, but not w/reckless abandon until the radio stations get into the groove. For those (P. 9)
(John Callarman) who may be interested, my new telephone number is 846-6342. First formal log was taken 1/20 5:30-6:02pm on CBT-540. Daytime CX find at least two stations separable on nearly every frequency, & I've already heard (in passing) all but two Rhode Islanders. 73 (Welcome EASI, John, & welcome to these pages; too -ERC)

J. Warren Routzahn - 206 North Forrest Street - York, Pennsylvania - 17404

Just to be present on 6/ this report to say hello & wish good DX to everybody. In fact I wish some to myself as it looks like I'm on the shelf this season w/a line noise that makes DXing impossible. I get sympathy & promises from the power company, but no results.

Only clear MM in months was 1/9 & I couldn't raise the needed ones anyway. My noise stops a while after a rain. Veri's came from WCPM WMW WIFB WJSI WJIC WGST WHOT WRES WJJC WTAB WVMG WWOX. This last a friendly letter from Chas. Miller interested in my old Patterson but practically using Wills. I picked up WWOX-1460 after the KEFX TEST which managed to get through the HML here. Tues. 1/17 WEAS-500 also strong on TEST. 1/16- WWOX-1460 also testing after WWOX, then WIZE s/on 4:08pm. My outlook now is to try for Eastern Specials on MM only until the noise clears (if ever) & tuning 550-900 is not affected much. Keep up the good work fellers & I'll keep track of you in DX NEWS.

Donald K. Keskay - Hotel El Rancho - Box 235 - West Sacramento, California - 95691

DX here has turned sour after 1/1. No veris, few catches, bad CX, bad humbug. Welcome to new local NRGer Dave Oliver. I made a quick trip back to Iowa for the holidays & had a good time. Sorry I couldn't arrange to get over to see you Ernie W, but I enjoyed your phone call. Well, since my last report these MM straggled in. 12/9- KKW-1430 Cal. SS @ 7:30pm, 12/10- KCC-1420 Re 4:37am, KUTL-980- Re @ 11:32pm v/very unusual CX that AM. 12/12 brought CJIC-1050 Oot. @ 1:35am & WIFE-1310 Ind. @ 4:48. 1/2 found KCM-990 /KFM @ 4:35 & later noted KWO-930 Cal. (ex-KWLY) @ 1:02pm, 1/3- KTOO-1280 Nev. @ 7:43pm s/of. 1/9- KASK-1510 on DX for one ID only @ 3:21, KPKB-1530 ruined for me. 1/10- Found KSTIR-620 Cola. Re c/w @ 8:22am & KGAY-1430 Ore. Re @ 9:28. Last new one was on 1/1 when KLIT-1220 Cal. noted alone from 10:15-10:30am when KTB s/on. Veris o/the same period were v/1 from CFTK KAHU KATT KIGO KMFB KELK KETO KQNS KTAG KYES KRLA KMND v/q fom CJIC & WIFE. Total now 1,722. Many reports out. CX really has dropped off this month. Few TPs, mostly blacked out & worst of all my power line buzz has returned for the first time this season. Usually bad for a few days after a wind storm. Better improve soon or I'll move to hi. I wish you Bay Area DXers would let me know when you knocked KNEW off the air. I would have liked to take advantage of it as they are S-9-plus here. To the FCC, that's only a joke, please. KMFB-1520 Mendocino noted v/nice signal on their TEST 1/9, they were on from 4-5am or so. Who was TT-740 w/ID @ 3:54 on 1/9? I missed it. KWZ-148-TT same day w/ID @ 4:20. -73s - CU in Eugene.

J. Oldfield - #8 - 1150 Robson Street - Vancouver 5, B. C.

I'm staying here at this address for a while, anyway. I've been here a few months haven't gotten in touch w/Dave Bennett yet - I'm anti-social. CQN-1320 (FM Stereo dual @ 103.5) announces "soon 50kw" & I imagine this will be very directional at night I haven't DXed here yet - just here & there off the car radio. I'll be heading back to Alberta way come 8/5/67 & then to Toronto & Montreal for EXPO '67 around 9/5. I saw the CCKR/CCKR dual setup at Revelstoke & Salmon Arm, but didn't have time to stop. Also heard a dual of CCKR-800 at Coquow, B.C. possibly CCKQ. KABI-590 Elaine, Wash. & KEKI-FM dual id a registered Canadian company, I find, & is sort of the religious station for greater Vancouver - same deal for KVOS-TV-12 Bellingham-Vancouver, but then that's TV. The CBC at Vancouver has quite a showing for an antenna "farm" out on Iulau Island (Richmond) about ten miles S of here. They must give Dave B. at Richmond a lot of trouble. He's at 926 Diamond Rd. which is right by the salt water. That's 30 for now. want more cards? 73. (Thanks so much, John - sure thing -ERC)

An original hi. DX has been limited to MM this week. 1/16- KFRO-1440 @ 2:55, WMC-750 on w/HH programming, CHAB-800 @ 3:20, KEXI-1440 @ 3:25 for their TEST, WMC-1440 on AN, KBLA-1500 @ 4:39, & Rodic Barbados-780 @ 5am. Report sent to Barbados, but returned because the post office needed 1/2 more postage. That seems kinda funny to me. Veris are very rare around here because no reports out. Anybody get a WKZY verie for their TEST yet? That wraps it up this end so 73 & C U N 7.

ALTERNATE ISSUES WILL BE LIMITED TO TWENTY PAGES FROM NOW TILL THE END OF THE WEEKLY ISSUES. PLEASE CONTINUE TO SUPPORT THE VARIOUS SECTIONS, EVEN DURING THOSE WEEKS!
Hi. Veries: v/1- WSSC KQUM WVMG-TEST. DX: MM 1/10- WWMG-1310 r/c-M noted from 1:13-1:15am; announced as r/c, probably 1:10-1:15. WAAO-1530 r/c-M heard again, but no report. Complete KEPTX-1440 TEST heard very well u/somebody's QC. Later, RDDA-1560 6:15pm s/off. My KEDD from my LastMusings should be KBG-1560 (Dalingerfield, Texas); my "DX Ear" must not have been working that day. 1/17 I might possibly have had WHOL-1600-TEST - a weak TT, up to 1am, then a strong TT came cn @ 12:58 & the "National Emblem March" @ 1:00 along w/more marches. WLOV-1370 r/c-M 1:15am. WEAS-900 TEST very easy w/TI w/TV, & were mini-directional toward. 1, 5ke. directional N w/ a figure-8, run 24 hours on 5kw. standby XR used when other cut. 1/16 had WJBK-1500 ET AN; KEITX-TEST OK w/poor Mexican only. Next was WWOX-1480 Charlotte NC s/on for test @ 3:39am while WNMW TTed. DX NEWS in 1/21, no Earbod yet & is in weeks in mail! MW & Chuck R stopped in yesterday & Chuck had the Kittanning Cooper pix, but he's left of SRCers; if you want any, take 'em yourself. While he held out, I was looking at call letters from a Shenendoah In. QSL. DX got slowed up by me past week due to other things, till coming week when I'll do some. 73.

Ralph M. Johans - 11 East Chippeba Street - Buffalo, N.Y. - 1/293.

V/1... CM by WJUC-1270-Test who got 60 reports & was very pleased, all except one who forgot his last name & address in report. F/C is due in RS, but'll soon move to new studios & will do Ear0. v/1, CJGH-920; 2885 Roble St., Halifax, NS. TD says MacWilliams is now SE OT & they're semi-directional 10kw. D, 5ke. directional N w/ a figure-8, run 24 hours NSF as a 5kw. standby XR used when other cut. 1/16 had WJBK-1500 ET AN; KEBT-TEST OK w/poor Mexican only. Next was WWOX-1480 Charlotte NC s/on for test @ 3:39am while WNMW TTed. DX NEWS in 1/21, no Earbod yet & is in weeks in mail! MW & Chuck R stopped in yesterday & Chuck had the Kittanning Cooper pix, but he's left of SRCers; if you want any, take 'em yourself. What do you know, I have the use of a different if not new RX. A recent visit to Carl Parsons ended up w/me taking his National NC-57M home for a try. When the two accompanying pieces of equipment, another tuned RF stage & Q-multiplier are working as I know they can, might even get some decent split foreign DX, hi. Not too much BCB mail lately, but two more veries: v/1 KUKL-1570 w/CM & other data. NxD is an avid BCB DXer & surprised me by mentioning in his reply hearing recent KOMA-1260 DX. He has been given full info on SRC & perhaps he will join - he used rubber stamp KSTT-660 on one piece of paper - anybody know anything about this station (a bootlegger?) Also v/1 WMID-1340 for 2am M/W s/off, & most unencouraging reply from WERE-1300 about possible future maintenance periods for arranging DXes on 1300 - since they maintain two KXAs, they will never be off unless an emergency occurs. Hats! 12/6- WINA-1070 ET ID 12:11 (are they now ex-1400?) No WIXI-1280. 12/7- WBOG-1580 ET ID 12:46. 12/9- WREN-1560 ET ID 1:07. 12/10- WREB-1270 strong @6am, unusual. Also CJBS-1220 way o/WGAR for rarity. 12/12- Best day CX this season - CKEG-1310 right u/local CPOH A 11:15am. C+ WREB-1270 11:30; good log on Mich. on 1460 11:31-11:35 bbt dumo which one. Tentatives to WLCY & WCLY. CKYV-850 strong @ 11:37; WARK-1510 on top at noon; long details report to new WUHN-1110 Mason, Mich. surprisingly 0/semi-local CFTC 12:05-12:15 XN; WBAK-1360 & WMPO-1390 around 12:30; short but definite log on WLEK-1330 just after lp despite their quite extreme pattern effectively battling normally supreme WCAN; WSAN-1470 u/COW @ 1:07, WERE-1510 strong 2pm; WLAQ-1390 rr & plugging AN; WDER-1360 rr on top 2:15. Later, log on WOUG-1550 u/o CBE 6:01-6:10, night pattern? MM 12/12- KWMK-1150 03B s/off 12:59, leaving CKX-1150 stop. WATE-620 s/off 1:04, big surprise, FF @ 1180 @ 1:15 & while trying to figure out the program format they s/off w/O Canada at 1:06 w/absolutely no mention of calls or location, must have been CHICL much needed. WCVS-1450 may have s/off k:10; CHIM-1490 mentioning off later for XR adjustment. They really dominate this Winter, not so before. WMCZ-990 r/c @ 8:16-1:31 mixed w/CW/ WICW. CKKX-629; WLOU-1350 ET 1:50; WEDC probably the foreign language Chicagoan on 1240 after 2am. CFUN-1410 XN 2:56 for welcome BC. Caught WMCZ-1440-TEST 3:30-3:03 early s/off. CK1A-1220 clear 3:04-3:07 s/off/GSQ leaving WSMC-TEST in the clear. 73.
I noticed that I went a couple lines 6/30 in my "first in seven years" using last time so I'll call this a "shorty." Not too much to report aside from items shown in IDX pages. Only three veries in since last report, all "local" from my point of view, hi.

CFGC KCON & KZCO. The KCON was for 11/6 reception (they began broadcasting 11/1). The other Hawaiian is heard here quite often before midnight PST. New reports out to KJMR-1220 Castles-840 HJUA-870 HJDK-790 CHAB-800 ZYDB-840 XENSM-830. The 800-900 spread seems to be the hottest part of my dial. Here is just a sample heard 10pm on 1/19 which was an excellent night for LAs. TICO-825 CMCA-830 R. Belize-834 HJBI-840 KCEME-845 KOA-850 OAKLA-854 XEMO-860 WHV-970 TGUI-820 & KIWM-855 which adds up to ten countries in a 60k spread within a few minutes. To top it off there were two SS w/TGJ-880 & another on about 882k, all unID. Within this same frequency span (825-855) at other times ten additional countries were heard making a total of 20 o/60k. spread: Japan-840 N. Korea-877 S. Korea-880 Hawaii-850 Curacao-855 Puerto Rico-850 Alaska-850 St. Lucia-840 China-840 Brazil-840. All are verified or reported. LAs are coming through quite often both early PM & AM here. Asiatics are not at all regular - very spotty. No DUs heard here yet, only a few whispers. I am still trying for my first TA from Cal. I have many veries from the 30s & 40s when I lived in Newburgh, NY but none from Cal. Maybe the new loop will bring success. 73 for now & good DX to all.

Mike Northam - 1240 Agate Street - Apt. 2 - Eugene, Oregon - 97403

Greetings to one & all! I built the NRC Loop last week, & gee whiz, it's terrific! DX since the Loop: 1/6- KSJF-600 NX 5:30am w/CJOR nulled; KLOK-1170 now rr/AM (at least on @ 5:48am); KYMA-1520 HI NOT on this AM; CJAS-800 NX w/KCMY-6:32 for Que. #2; WEE-1110 RC #2 on top 6:48; WXVA w/CKR nulled 11/5:33pm. 1/7- KCGA-1470 weak @ 1:36, KSNC-1250 s/off another on about 882k, all unID. Within this same frequency span (825-855) at other times ten additional countries were heard making a total of 20 o/60k. spread: Japan-840 N. Korea-877 S. Hi gang. Here's this weeks DX as heard here: 1/14- Afternoon DX brought WBAM & KGNO-740 @ 5:11-5:15pm. 1/15, logged TOGH-695 w/many R. Mundial IDs from 1:10-1:28pm, positively IDeD my mystery SS-850 as INAV, R. Continental @ 1:44-2am, then that evening I took a report on KYFO-750 @ 11:33-11:33pm. 1/16- Unm CHAB-800 @ 2:03-2:08am w/good signal, KJW-850 made it for a newie @ 2:18-2:35; LPTT-1510 apparently FFT net @ 2:47-3ID, TEST from KEXX-1140 a cinch @ 3:03-3:25, tentative XXEA-1420 heard w/WKX off 3:25; WPIT-1070 @ 4:1-4:09 w/rr, SRS-725 in Like Ernie said "a lead pipe cinch" @ 4:29 s/on until 4:44. WACI-570 s/on 4:05-4:12 s/c/w BRCove Reynolds, WANC-570 s/on 5:30-5:21, WIS-560 s/on 5:45-5:50, thanks to NRC Loop. Totals: veries 57/6/63, states 45/46, provinces 6/6, countries 17/7. That's it this time, men. 73s.

Nice v/q in from nine-month old report to WARK-910. Lucky 13 new stations at NCS. 1/9/ WARE WGAR WORK WSHA. 1/11- CKYF-1310, 1/16- I used friend's RX: HDJH-600 R. Liberted way w/WICC. HTAM-540 R. A.B.C. I thought I had someting new but it came up in IDX last week. WOAT-1200: 1/17- WOKO WCMN-14/60. 1/19- W/HM RX again, WNYC s/off-SSB @ 10pm; WCCO. 1/22- WDEE-1220 week. No DX in West Long Branch since Loop is here. When I get my grades for this semester I'll consider bringing my National NC-2-40D up here & give people some competition in Letterama. 73s.
It's been a while since I've reported lost so I figured I had better get on the stick, hi. I have really been bogged down w/schoolwork & SDSUC duties in that order. Except for JJ, I notice this chapter hasn't been too well represented of late. In answer to your question of some weeks back Ernie, I do play hockey. I am a goalie. and we acknowledge receipt of dues for renewal from WM. L. BAUER, CARL E. PARSONS, JAMES R. NEFF, WATSON WENDT.

Those of you who sent dues to John Gallman, we beg your indulgence until John has an opportunity to get caught up with his duties. Suffice to say, if you are still on the mailing list, your dues have been received.

CHANGING ADDRESS?

If you are moving to a new address, remember that "DX NEWS" cannot be forwarded by the postoffice if you are receiving your bulletin via third class mail. Be sure to notify us in advance of your address change and please remit 15¢ with each address change. This 15¢ charge is the actual cost to the club of a new address plate.

Also, if your bulletin is returned by the postoffice a charge of 25¢ will be assessed against you. The postoffice charges us 8¢ for each bulletin so returned, and we have the expense of remailing it.

MAIL BAG

Our good member DAVE POPE writes that his tour in Ethiopia is almost over and that he will return to his home QRA in Crescent Beach, South Carolina for a short time and will then be assigned to duty in Viet Nam, following which assignment he will return to civilian DXing! (Good luck, Dave, and we hope you get a little DX time at home.)

May we suggest that you drop a card or letter of welcome to the new members as their names appear in our bulletin. We have been fortunate in attracting a steady stream of new members. There's nothing like a friendly note from a fellow DXer to spark our interest in an organization, especially when you are a new member.

Likewise, if you are unable to tune in for programs on the TEST CALENDAR it helps to build friendly relations when you take time to drop a card to such friendly stations.

RAD EX

We have had several inquiries about copies of the famous old RADEX magazine. If any members have copies of this magazine that you are willing to part with, please write us a line here at Kittanning.

DICK COOPER, NATIONAL RADIO CLUB, P. O. BOX 223, KITTANNING, PA. 16201

We are especially interested in procuring some of the early editions, but will be glad to hear about the availability of any copies.

We have just come into possession of a set of HANDBOOKS written in 1922, which covers radio from soup to nuts, titled a HOME STUDY COURSE IN RADIO. It has a listing of all broadcast stations of that time. Just two frequency were used: one for market and weather reports and the other for music, lectures, etc. If enough are interested we might print excerpts from same. Complete description of receivers, antennas, etc.

**DX conditions** continue to be highly disturbed. In addition to the marked high latitude absorption mentioned previously, there has also been a distinct frequency-selective attenuation on TA paths; many evenings the only TA's audible are those on fregs above about 1100 kcs. Short-term TA "openings" were noted on 1/5 and 1/16 here in Mass., and also in Virginia, according to Alan Merriman. The global extent of these disturbance is now becoming apparent. From Morocco, Mike Bugaj reports: "Conditions to the E. & W. seem to have deteriorated here pretty badly. The last TA DX heard here was WINS-1101 and WCAU-1210 heard on 12/26. Besides having the TA's gone, Egypt-618/773 are also gone." The New Zealand DX Times reports, "continued poor conditions on the DC band." (Well, at least it's nice to see that reciprocity holds - Ed)

**MONITOR REPORTS...**

The Editor calls your attention to the report of a new high-powered RAI stn on 1223:

**535** Grenada, W.I.B.S., St. Georges. At very high level on 1/17 at 1920, and on 1/19 at 2035. What puzzles me is who is on behind 'em? Another signal at various times both evenings, causing a flutter, with traces of audio. Not TVI although that's sometimes in the act too. (Dangerfield, Pa.)

**540** Dominican Republic, R. A.E.C., numero uno on Santo Domingo; great signal many evenings; logged 1/11 2010-2050. (Herriman, Va.)

**575** Costa Rica, T.TWA, Cadena Musical, San Jose tuned 0040 12/29 and hrd an ID 2 seconds later; easy listening-type music. (Hauser, Ok.)

**610** Colombia, HRKL, R. Nueva Granada, Bogota is here still, not on 605. The one on 681 is HUAR R. Miramar, Cartagena; both are same network. (Sillvera, Jamaica)

**615** Nicaragua, YMM very strong 2255 on 1/15 and at other times. QSL'd 2 years ago. (Dangerfield, Pa.) Talk at 2020 12/26, concert after 2200 ID. (Hauser, Ok.) Good at 2035 w/ mx ID on 1/17. (Larochef, Pa.)

**625** Costa Rica, TTRICCA, La Voz de la Victor, San Jose 2230 12/27 w/ US folk mx. (Hauser) Routine logging, clear signals 12/19 2207-2259. (Foxworth, N.C.)

**640** Honduras. I now have a positive ID (the I must admit my last one seemed fairly clear, too, and it is conceivable that - as per Gleason log - there might be 2 Hondurans - in different cities - on the same frequency). Noted quite well w/ CHGQ QRM 1/16 0110 and ID "R. Exito, Cadus Populares". Announced sked "hasta las tres de la madrugada". So very many ID's, both spoken and sung, that it might be a new stn or at least a sked change. (Wood, Ind.) HRMT, R. Molino Rojo, San Pedro Sula cutting up CHGQ w/ Ranchero mx @ 0349 on 1/16. (Silvera, Jamaica)

**642** Suriname, RADIEMA, Paramaribo logged on 1/17 1750-1930; fair at times, all Hindi ppgms. Nuco fading and splatter from 640. Surinam the hard way, hi. (Merriman)

**644** Panama, HOS 22, R. Mia, ID 2351 12/31 w/ minute by minute countdown to '67. (Hauser, Ok.)

**650** Hawaii, KORL rocky as usual, ID 0438 1/2. (Hauser, Ok.) Very weak 0300 1/23. (Ed) Venezuela, YVLH, R. Girardot, Maracay, down from 660 w/ WSM TT but nulled; 12/26 at 0459. (Hauser, Ok.)

**655** El Salvador, YSS, R. Nacional de El Salvador w/ BBC ppgm, ID 2359 12/26; s/off 0001 announcing // 9555 and 6010. (Hauser, Ok.) Routine log, quite loud 12/19 1910-1950. (Foxworth, N.C.)

**660** Cuba, CMHG, Santa Clara, opening "La Voz de Cuba" ppgm 2359 12/26 w/ beautiful bell LS, runs to "5:30". (Hauser, Ok.)

**670** Venezuela, YVLL, Caracas was weak 1805 w/ mx and ID 1/12. (Larochef, Pa.) R. Rumbor: Rumbos strong w/ mx and ID 0502, 1/16. (Rugg, Que.) S/ on 0429 12/26. Venezuela is now not only "una del Libertador," but also "Puerta del Turismo en la America del Sur"; replacing "Paia Democratico de America"; also 1945 1/1 completely dominating channel w/ HUAR nulled. (Hauser, Ok.)

Honduras, HRM, R. Nacional, Tegucigalpa 2007 1/8-13插晶 their mx after XETOR off. (Hauser, N.M.)

**Mexico**, XETOR, "RCN de la Laguna", Torreón, Coah., new stn hrd 1953 12/17 w/ soap-opera. (Hauser, N.M.)
Nicaragua. UNión Radio, 0005 12/28 giving phone number for requests; earlier had baseball game; also 1957 12/12 w/ ID after sports broad. at this time seemed more like 674.5. (Hauser, N.M. & Ok.)

Jordan. Jerusalem in the clear 1/2 after RTF-674 s/off 1803. They cause a het when RTF is on. (Bagaj, Morocco)

Puerto Rico/His. WAPA s/on 0445 1/2 w/ own anthem, then SSE; just before, a language which might have been Tagalog hrd here, which would point to DIAS, Manila. (Hauser, Ok.) Glenn, DX's are extremely rare even during absolutely top Asian conditions due to some as yet unexplained quirk of propagation. You were very likely hearing CF34, R. Mendez, Bolivia; CF34 was being widely hrd in the US (except near AN White, rats!) near that date w/ Amerindian language programming just prior to WAPA s/on. (E3)

Colombia. See 610.

Guatemala/Dominica. On 1/15 at 1920, W.I.B.S. was on top (the weaker than 535), but by 1935 TCHR, R. Mundial, had taken over. This seems to be the regular pattern, but on 1/19 the two were mixed equally at 2035. (Dangerfield, Pa.) TCHR loged 1/1 1930-2000, Rdr in SS. Good signal. (Herriman, Va.) Hrd 0004 on 12/27 referring to "zona 5" ID 0006. (Hauser, Ok.)

Jamaica. J.B.C., Montego Bay hrd 0445 1/2 w/ "O Fortissima". (Hauser, Ok.) Nicaragua. WTOC, R. Centauro, time and ID 2003 1/8; also 0331 12/28 w/ announcement "creciendo mas en auditorio". (Hauser, N.M. & Ok.)

St. Vincent. W.I.B.S., Kingstown logged on 1/17, 1925 to 2005, good signal, best ever hrd from this one. 695 and 1565 also in, 695 very strong. I wonder if they have increased power? (Herriman, Va.) Just above noise level here at 1815 and readable by 1940 but inaudible at 1000 check on 1/17. Outlet on 695 not hrd here due to WPTF slot but believe carrier was there. 705 never was very strong. (Foxworth, N.C.)

Honduras. HRTV, Radiotelevision, Tegucigalpa w/ sung/spoken ID 0233 12/25. (Hauser, Ok.) Clear and steady 2000 on 1/16 but weaker later in the evening, only slight fade. (Foxworth, N.C.)

Surinam. SRS in Dutch 0450 12/25 (Hauser, Ok.) Excellent at 0430 s/on 1/16. (LaRoche, Pa.) Logged 0417-0447 1/16. With fading and sporadic slot from adjacent channels, one ran through reception from hideous to very good. Instrumental IS of about 21 seconds duration continuously from 0417-0422 s/on. After that, Dutch pgm following an apparent EE ID; EE ID and time-check 0600. (Rugg)

Colombia. HJCU, R. Tricolor, beer ad, mx 0203 12/25. (Hauser, Ok.) Hrd AN 12/31 0125-0245. (Lehrer, Iowa)

Venezuela. TVBC, R. Mundo, Maracaibo s/on w/ doorbells 0500 1/2. (Hauser, Ok.)

Jamaica. J.B.C., Pt. Galina hrd 0451/2 in // 700. (Hauser, Ok.) S/on 0450 good until WSB ruined it on 1/16. (LaRoche, Pa.)

Colombia. HJDK, La Voz de Antioquia, Medellin, CARACOL mx 12/31 0005-0009. (Hauser, Ok.)

Cuba. CHCB, Reloj Nacional, time and prop. 1812 12/26, no WJR. (Hauser, Ok.)

Colombia. HJAJ, R.C.N., Barranquilla perfect and often nearly alone about 2130 on 1/16, way over CHCB and a PSD SS hrd about 40 db below and 75 cps off the channel, this unid. No NWR. (Foxworth, N.C.)

Senegal. Dakar w/ chants and vernacular 1830 12/25; also 0058 12/27 w/ IS, TT, and s/on chants. (Hauser, Ok.)

Venezuela. TVDC, R. Puerto la Cruz in well 1/11 2125-2150. Frequent ID. (Herriman, Herriman, Va.)

Jamaica. R.J.R. w/ list of stns w/ WAGB 0445 12/26. (Hauser, Ok.)

5 glad. Believe a TG-, hrd on and off, some NA mx, WAGB doesn't help. Best 2140 on 1/16. (Foxworth, N.C.)

Venezuela. TVCD, Eco de Torces, San Cristobal, s/on 0052 12/12. (Hauser, N.M.)

Guatemala. TCHR, R. Universal s/off 0122 1/15; ID as "Super Radio" (Silvera, J.)

Cuba. CMHF, newest to 0544 12/12. (Hauser, N.M.)

Peru. Black Rock, 3 note IS on steel trap; "Bugler's Holiday" and s/on by IL after 0427 2/1; seemed maybe 751A on 12/12 at 0500 call self "The Nation's Station"; a cricket match involving a HI team to s/off 0103 12/31, may have been
Barbados. (cont.) 4YA or ZEWI, but anthem was not G6UK. (Hauser, Ok.) Much too early for 4YA, Glenn, and ZEWI usually s/off earlier. (Ed) Barbados all alone here at end of BBC nx relay 1810, then sports, just a weak het from 779.8. Quite good signals which amazed my landlord. No sign of WFM, ZEWI or any SS however they were covered by SS by 1830. Is ZEWI really still on this channel? (Foxworth, N.C.) Next you'll begin questioning Santa Claus, Foxy. (Ed)

**785** Colombia. A weak and wandering Colombian noted 2100 on 1/16. Could be the shifting RJQX as the ID sounded like "La Voz ...", so kept tuning. (Dangerfield, Pa.)

**795** Costa Rica. TSLHHP, R. Centro, San Jose, listed 800, s/on 0600 12/26; also probably this stat on late till 0300 on Xmas. (Hauser, Ok.)

805 Ecuador. HCFOV, R. Pacifico ID 0243 12/26, listed 500 watts. (Hauser, Ok.) This one is now Canal Tropical with 1200 watts. (Ed.) Possibly HCFOV - but still waiting for an ID as this one goes into deep fades, has weak signal, and severe PJB QRM at times. Tropical mx hrd between 2000-2245 1/18. (Dangerfield, Pa.)

812 Colombia? HDV, Bucaramanga tentatively IDed as the one here, irregular fade pattern, occasionally good in spots but w/ EFO-able carrier at least. Girl announcer at times; shallow modulation but easily separable from 810 here. Was still on at 0100 check 1/17. (Foxworth, N.C.)

820 Costa Rica. RNDR, CARACOL mx and time 3 minutes fast 0127 12/12. (Hauser, N.M.)

825 Costa Rica. TQG, R. Titanio logged on 1/9 2202-2223 w/ EE songs and L&W ads. Very good signals; really only 1500 watts? (Lehmer, Iowa) Logged on 1/11 1905-2000. Good at times, NA mx. Frequent ID as "Titanito". (Merriman, Va.)

830 Cuba. CHCC w/ WCCO on 1/9 0300-0330 w/ EE pgm. (Lehmer, Iowa)

834 British Honduras. Radio Belize 1946 12/12 w/ wx in EE; 1949 an announcement about Guatemala in SS, when news. (Hauser, N.M.) Hrd 0945 on 1/7. (LaRoche, Pa.)

840 Guatemala. All ID's frp "R. Philip" were hrd during a one-hour pgm w/title "Club Radio Philip", and this could well be a sponsored item as Silvers suggest. But it was a sponsored show and not just ads as such. (Wood, Ind.) TQG, R. Ciros, "La Emisora Musical" w/ greetings and mx 0409 12/25. (Hauser, N.M.)

Colombia. RDT, Condor del Caribe w/ WHAS carrier 0310 1/1. (Hauser, Ok.)

Brazil. ZYDB, R. Excelsior de Bahia time check and NY chatter, 0248 12/26.

(Hauser, Ok.) PRRH, R. Fundeirantes, Sao Paulo in FP and distinctive bell IS 0231 12/15. (Hauser, N.M.)

Cuba. CHMW, Santa Clara, airing year-end festival 0222 12/25. (Hauser, Ok.)

St Lucia. R. Caribbean hrd well here in FF during 12/3 aurora 1505. (Fureth, Md.)

850 Nicaragua. YNAV, Managua time and ID as "ruta musical de R. Continental" 0243 12/28. (Hauser, Ok.) Audible w/ US songs and SS to 0300 s/off. (Johanns, N.Y.)

Colombia. HJEC, Emisora Nuevo Mundo, Bogota w/ Big Ben type guitar chords leading into mx 0530 12/12. (Hauser, N.M.)

(Hauser, Ok.)

Unid. SS fading in and out w/ lots of talk NM's. Is this YNAV? (Lehmer, Iowa)

855 Netherlands Antilles. PJC2, R. Curon mx 1825 12/31; Dut ch amnt 1900. (Hauser)

870 Cuba. CHDN, R. Rebelde hrd 0325 12/25. (Hauser, Ok.)

875 Costa Rica/Nicaragua. Two LA's most of every evening, and I haven't checked to see which is dominant one, though I think R. Monumental usually tops the Nicaraguan. (Dangerfield, Pa.)

880 Guatemala. TQJ, R. Nuevo Mundo, Xmas mx 1935 12/19. (Hauser, N.M.)

885 Nicaragua. YNAV, R. Libertad mx and agricultural implement ad 0616 12/12.

(Hauser, N.M.) Good signal 1929-1942 on 12/28. Report tmt. (Lehmer, Iowa)

Tremendous signal 1/10 2140-2200; R&K mx, frequent ID. (Merriman, Va.)

Montserrat. L.I.B.S. w/ devotional in EE, 0520 12/25. (Hauser, Ok.) Rarely hrd now, w/ YNAV's strength, was on top and clear at 1750 on 1/13. Guess you need to get this one early. (Dangerfield, Pa.) Was good at 1745 tune-in 1/17 w/BBC commentary, London mx and 6 pips at 1800; fairly weak reception, but steady. YNAV in weakly by 1810 and was way on top by 1830; these two are only 1 cps apart! Copied this one using carrier re-insertion which helps on weak signals. (Foxworth, N.C.)
Haiti. 4VEL logged in SS w/ "La Voz de America" to 1830, then mx. "This is the Evangelical Voice of Haiti" at 1859; gave 25 & 31 MB Sw and 1035 and 890 MW freqs. Gives time in EST, bells like Big Ben - 8 at 2000, then ID as "The Evangelical Voice of the West Indies" followed by very US news, probably VOA relay. (Karchevski, Mass.)

Colombia. HJCE, La Voz de Bogota, claiming to be first in all types of mx, 0239 w/ WLS off momentarily. (Hauser, N.M.)

Venezuela. TVIV, R. America, Valencia w/ pgm "Reloj R. America" 0501 12/26; WLS carrier off and on. (Hauser, Ok.)

Dominican Republic. HJUP, R. Continental, Santo Domingo s/on 0520 12/26 for a new country. (Hauser, Ok.)

Brazil. One of them hrd 0314-0325 12/26 talking about '67 carnival. (Hauser, Ok.)

Costa Rica. TICS, R. Atenea (correct slogan?) 0435 on 1/2 bragging they have "Programa mas alegro de la radiodiffusion nacional". (Hauser, Ok.)

Cuba. CHJW, Circuito 11, dialog patter 0620 12/26. (Hauser, Ok.)

Venezuela. TVIV, R. Aeropuerto in well on 1/10 0040-0100, YL announcer, many ID's. (Merriman, Va.) YVQZ esasured CBD briefly w/ commentary and ID around 0449, 1/16. Then it faded quickly into the background. (Rugg, Que.)

Nicaragua. YNU, R. Managua, ID "aqui Managua" 0005 12/30; also probably this stn s/off 0150 12/25 w/ anthem. (Hauser, Ok.)

Costa Rica. TIRS, R. Athenea, ID and time 0345 1/2. (Hauser, Ok.) TIRS topped HCAW2 all evening 1/16 and usually does here. (Dangerfield, Pa.)

Virgin Islands. WENB never hrd so well before as at 1805 on 1/17; wx, then DJ show, good ID's w/ calls and location several times, 10 db above some LA station (would you believe R. Hill Ed?) which was no problem; no domestics audible. Good bet for this one if the hour is right, they don't last long. (Foxworth, N.C.)

El Salvador. YSC, R. Internacional w/ wishes 0159, 12/25. (Hauser, Ok.)

Guatemala. TGUX, R. Panamericana w/ wake-up pgm 0655 12/26. (Hauser, Ok.)

Colombia. HJER, R. Pacifico, Cali, RCN stn up from 1925 2003 12/12. (Hauser, Ok.)

Costa Rica. TTAC, R. Fides w/ marimba mx, time, ID, polkas 0621 12/26. (Hauser)

Mexico. XEQR, R. Centro well above WEZ at 2235 and at various other times on 1/16. (Dangerfield, Pa.) Noted relaying WWV briefly at 0604 12/26. (Hauser, Ok.)

Brazil. ZTK27, R. Olinda, Perumbuco hrd atop XEQR mostly 0314-0340; light mx and only one ID. (Silveira, Jamaica)

Panama. HOS21, R. Union, ID and LA mx, 2059 on 12/31. (Hauser, Ok.)

Colombia. HJCC, R. Melodia, Bogota, ID 0116 12/18, WHO off. (Hauser, N.M.)

Honduras. HRNV, R. Mal, Tegucigalpa, dance mx upon phone request, 0145 12/25. Not listed in FEIS. (Hauser, Ok.)

Brazil. R. Tucip, Sao Paulo, hrd FF 0215-0300 1/1. (Hauser, Ok.)

Colombia. HJCC, R. Santa Fe, Bogota w/ Mexican mx, ID 0413 on 1/2. (Hauser, Ok.)

Costa Rica. TTPC, religious message in SS 1939 12/19. (Hauser, N.M.)

Mexico. XECD, Veracruz (Boca del Rio) hrd w/ ID and NY pgm 12/31 2025. (Hauser)

Colombia. HJAT, R. Reloj de Barranquilla w/ CARACOL ID, time was 2 minutes slow at 0400 12/26. (Hauser, Ok.)

Venezuela. YUKE, R. Cultura, Caracas good at 2130 ID and timecheck 1/14 only 10 db below WKYC on longwire and well over HJAT who is usually top LA here pm's. Just in for a few minutes and generally fades rapidly and deeply. Often gives clear full IDs and somehow is best around 2130 if they are hrd at all. A strange propagation case. (Foxworth, N.C.) Atopt the channel 2203-2205 1/7 for the ID. (Callaman, Mass.)

Guatemala. TGRW, R. Reloj logged on 1/11, 2332-2400 s/off. Good signal but bad hot, TGRW off freq as hot gone when TGRW carrier left the air at 0001. This one plays interesting Indian mx at s/off. (Merriman, Va.)

Costa Rica. TISRBH, R. Popular, w/ Sistema HB sports broadcast, ID 2325 on 12/17. (Hauser, N.M.)

Colombia. HJAC, Emisora Riomar, Barranquilla w/ long newscast 1920-1950, then organ IS and ID, 12/28. (Hauser, Ok.)

Colombia. Strong at 2115 on 1/19. Probably HJAC as I hrd Barranquilla mentioned. First for a while. (Dangerfield, Pa.)
1137.5 International Waters. Radio London logged on 1/5 1730 past 1900, good at times but bad fading. R&R mx. (Herriman, Va.)

1140 Puerto Rico. WITA, ID'd as "Radio Imperial de la Capital"; hrd 1/9 very strong 0325-0445. Total of 4 unanswerd reports out to this one. (Johannes, N.Y.)

1147A Panama. HOP49, R. Universal w/ "Quizas" and ID 0015 12/30. (Hauser, Ok.)

1158A Watertown Dump? R. Americas w/ comment on "7QQ Robada" and ID 0015 12/30. (H'er)

1178 Okinawa VOA reached here 0903 12/17 in Korean(?); new country. (Hauser, N.M.)

1200 Cuba. Reloj Nacional, usual prep and time 0123 12/12. (Hauser, N.M.)

1205 France. RRF w/ fair signals 2148 1/2; trace of LA, probably HC-. (Silveira, Jan.)

1210 Cuba. CUKH, Reloj Nacional 2115 on 12/15. (Hauser, N.M.)

**1230 Venezuela. VYRD, La Voz de Apure, San Fernando now hrd here; last hrd on 1210 but assigned to 1220. (Silveira, Jamaica)

1235 Bermuda. ZBA1 w/ Xmas carols 0310 12/25 for a new country. (Hauser, Ok.) Played top 100 records of 1966 on 1/0 0355. (LaRoche, Pa.)

1250 Mexico. XEEX, Guadalajara, Jal. hrd 0318 12/20 w/ anmt that it "transmite para toda la republica". (Housar, N.M.)

1291.5 Undid LA. Noted 2143 on 1/15. (Dangerfield, Pa.)

1295 Sint Maarten. PJD2 hrd w/ "Crown Him Lord of All" and EE ID 0358 12/26. (Hauser)

1322 International Waters. R. Dolfijn logged on 1/16 0020-0120, very good after WJAS s/off at 0100. Pop mx, no rock. This much better than I ever hrd R. England. At times there seemed to be another s/t behind, possibly Leipzig. (Herriman, Va.)

1325 Netherlands Antilles. PIA10, Aruba, a regular; 0358 12/25 mostly SS but some Papiamento apparently. (Hauser, Ok.) Logged on 1/5 1920-1945; R&R mx, anmt in EE, SS, and Dut ch. (Herriman, Va.)

1331 Italy. RAI common wave, man and woman announcers, European pop mx 0124-0130 on 1/22; S7 and separable from 1330. (Callarman, Mass.)

1340 Bermuda. ZBA2 stronger than 1235 in // 1/2 at 0335. (LaRoche, Pa.)

1353A Honduras. HRWB, R. El Patio, La Ceiba, up from listed 1350 w/ US R&R, ID 0305 on 12/25. (Hauser, Ok.)

1395 Dominican Republic. HEBN, R. Puerto Plata, now a regular during the evening hours but not too strong. (Dangerfield, Pa.)

1425A Colombia. HJBN, R. Magdalena, Santa Marta w/ dance mx; ID 0356 12/25; is CARACOL affiliate. (Hauser, Ok.)

1439 Luxembourg. Strong 0135-0152 but bad hst w/ religious pgs, seemed Russian to 0143. (Callarman, Mass.)

1460 New Zealand. 3YW, Westport hrd w/ recorded mx at 0345 on 1/9; network ID at 0400. No Asians audible at this time. (Sringour, Cal.)

1484 Multitudinous TA's. Noted 0154 on weakly and no s/off on 0155. (Callarman, Mass.)

(Trying to snag Gibraltar on your 1st EC Mt, eh, JAC?)

1505 Panama. HCA95, R. Cabinda; mx, frequent ID's, TC's 0415 12/26. (Hauser, Ok.)

1515 Colombia. R. Minuto, Barranquilla excellent especially w/ KONA off. (Hauser, Ok.) Logged through noise 1/9 0247-0259; fair signal. Reported. (Lehmer, Iowa.)

Logged for report on 1/2, 0040-0100; ID between each record, time was given 3 minutes fast on this date. (Herriman, Va.)

1518 Colombia. Rather than Spain (tentative last week) this one continues strong evenings w/ mentions of Cordoba and "La Voz de ..."; could be Lorica, so may be HJGX in Lorica. (Dangerfield, Pa.)

1525 USSR or China. Brief TA opening 1/22 at sunset brought a bit of Russian audio here; woman speaker audible only on rare peaks. Cut by 1645; TEEAW not in until 1810. Very tentative DF suggests Sinkiang but not really enough DF to be certain. Only one carrier visible. (33)

1540 Bahamas. ZRS completely dominated the freq 1/10 1740-1810. No WPTG or KXEL; same on 1/11. (Kureth, Md.)

1552 Undid. SS hrd 1/17 2135-2141; latin style R&R; very rapid announcements, not quite readable. (Callarman, Mass.)

1555 Undid. Some s/t hrd 1/14 playing US pop records to 2009 when abruptly off the air. No voice, maybe a wireless record recorder. Could be test, tho. (Dangerfield, Pa.) Radio Free Sproul Estates? (33)

1562 Cuba. CMGB, Reloj Nacional, up w/ time and prop 0328 12/26. (Hauser, Ok.)

1575 Costa Rica. TIJQG, R. Colombia, Canal 2 2345 12/26. (Hauser, Ok.)
VERIFICATIONS...

529 SWITZERLAND. SNG, Bernminster, Interesting QSL letter in German from Berne. Address Speichergasse 6, 3000 Bern, and letter signed by the Radio- und Fernschablung, Sektion Allgemeine Radiogeschäfte. I translate: "The Swiss Radio and Television Corporation passed your letter of 16th Nov. 1966 to us. The Corp. is only concerned with the production of programmes, while their diffusion is the duty of the PTT. We are glad to confirm that you obviously succeeded on 16 Nov. 1966, at 0700-0715 CET in receiving our SW station Bernminster on freq. 529 kHz. We are aware of the fact that an Algerian station has been operating on the same frequency for some time now. Our transmissions are markedly disturbed by it, not only abroad, but here in our own country too. Our representatives in responsible quarters against this infracttion of the frequency division act have so far, unfortunately, remained fruitless. We thank you for your report and wish you much success in your future reception efforts. Yours faithfully," Signature seems to be B. Delalose, but I suggest no personal name be used in address. (Wood, Ind.)

600 COLOMBIA. EJAJ, R. Libertad, Paraquilla sent fine V/L in SS, PC and pennant by airmail. Took 11 days. Signer is Arturo J. De Castro, asistente Gerencia. Address: Carrera 53 No. 55-160 Apartado Aero 2693. (Lehmer, Iowa)

Radio Sweden seems to have adopted a "get tough policy" on QSL's according to Alan Kerriman: "Got a letter from Sweden today in reply to a report I sent. Apparently Radio Sweden has adopted a get tough policy on verifying reports. He suggested that reports be sent by tape and that they should be sent to the Swedish Telecommunications Board, Box 16065, Stockholm 16. They are interested in reports on the NW xmitters."

RAI has a new high powered xmitter on 1223 according to Lars Ryden in Sweden; the new Italian xmitter is hrd very well in Stockholm, at times over Falun.

Gregg Calkin, New Brunswick, replies to C.M. Stanbury in the Pirate debate:

1. While the majority of errors in the Nov. LISTENER were caused by a mixing of Radio 390 and Radio City, the correction appearing in the Jan. issue, and I quote - "Radio 390 has no connection with Radio City" hardly corrects in full the original article and was not to my mind, and I know not to may others, "quite sufficient". It was to provide fuller detail that I wrote A CASE OF CORRECTION.

2. Radio Invicta did operate from a fort in Red Sands as stated by Mr. Stanbury (who seems to cater to only "advanced DXers"). On this point I stand corrected by Mr. Stanbury. My previous information had come from supposedly "reliable" British DXers, but has since been corrected by Allbury Combs and Partners of London, Managers of Radio 390. I sincerely thank Mr. Stanbury for making his point so well. It seems we have both learned something.

3. The second error in the Jan. correction is the incorrect spelling of the one-time Radio Sutch, owned by Screaming Lord Sutch, a hit singer. The other spelling error is admitted.

4. Mr. Stanbury has completely misunderstood my intentions, I did not state that the errors were his! I gave his exact quote as to their cause; I had no reason for exploiting any situation and to my mind it would have been impossible to further muddle A CASE OF MURDER as it was unfortunately rewritten by "a NYC member of EI's staff". Furthermore, no reference was made, intended, or even imagined in regard to Radio Americas. I am flabbergasted that he could find any correlation between the two. His inference is too preposterous to continue discussion on. My intention were to simply bring the straight and honest facts to NRCErs. This has been done. This speaks volumes.

Doom of the worst sort is predicted in the latest New Zealand DX Times! A press report from Australia reports that ABC stations will extend transmissions to give 24 hour service within 2 months. Comments the NZIXT: "The effect on Asian and European DX-ing would, of course, be disastrous, when combined with the current 24 hour Australian and NZ stations and we can only await an official ABC announcement with trepidation...With the news concerning the ABC proposals on P1 and the continued poor reception on the BC band I wonder just how long we will be receiving reports of loggings on this band?" It looks as if the honeymoon is over for the DU DXers and as if the day of the mile-long Beverage antenna is just about gone. The current AN flap going on DU sounds rather similar to that which occurred here in the pages of DX News when the AN plague began to really spread after WW II. North American DXers were then forced to lower their DX sights a bit, and to obtain more selective receivers and better directional antennas. Let's hope that our experiences with AN'ing locals will prove to be of aid to our DU friends.

Please send your reports on one side of the page only; this makes our editing job much easier and also minimizes the chance that your report will be accidently omitted during assembly of the IDKD section. Trx.
ARGUMENTS FOR A RIGHT TO A FREQUENCY
*by César Obijo*

Two owners of radio stations in Santo Domingo have been holding an argument with the Dirección General de Telecommunicaciones (DGT) for the right to operate their stations in certain frequencies too close in the ECB. This is the case:

On June 10, 1966, the Provisional Government of the country, which lasted until July 1st, 1966, granted permission to somebody for the installation of a radio station on the frequency of 1060 kcs, but at that time the station could not operate because that frequency was occupied by the AFRS. On November 7, after the equipment was inspected, the DGT said that "everything is ready for granting the license!" without this license the station can't operate. Now the owner of the station, supposed to be Radio Nacional, says that the license is being held because DGT says that the frequency of 1070 had been given to another station which had already been testing on the air. This other station is Radiorama; because of it, DGT says that R.N. can't operate on a frequency that is only 10 kcs from another station in the same country, and the law says that "stations should be separated by at least 30 kcs (Article 56).

The owner of R. N. says that he received the authorization for the frequency before Radiorama did and that the frequency of 1070 was cancelled to Radiorama and given to another station in San Francisco de Macoris during the provisional Government. Radiorama tested for a few days and was closed on August 5 when R. N. demanded that his right should be respected. But on the other hand, the owner of Radiorama sold his equipment to somebody else, and this new owner is the demanding on the side of Radiorama (Article 55: "Licenses for operating a broadcasting or TV station will be granted to an individual. Owners of stations would not be able to sell the equipment to persons without a license, because with sale the license already granted is automatically cancelled."). So although he is demanding the rights of the former owner he has to ask for a new license for the station to operate. In the meantime, the owner of R. N. sent a letter to the National Congress asking that his case be investigated; his letter was forwarded to the Secretary of Public Works and Telecommunications for investigation.

In one interview to the Director General de Telecommunicaciones, he said that he is "not denying the license to R.N. because of political reasons, as was stated, but for technical ones; since 1961, when his license was requested, there have been many different governments in the country and none of them have given it to him. Now there is another station in the city working on another frequency only separated by 10 kcs and this should not be permitted, besides there is the possibility that no more permissions could be granted in the capital since the complete ECB is crowded with stations. Right now there are two Telecommunicaciones employees in Washington studying radio broadcasting with the FCC, who soon will be back and will be able to help us with cases like this!"

THE CREW...
