WOKA is another fine station on a crowded, graveyard channel who has agreed to try to see how it can make it through the CRM to our receivers. WOKA's address is 604 Jackson St., Toledo, Ohio 43604. (Floden, Ohio)

WCPA's test will feature jazz music with ID's after each record. Reports to: Thomas M. Baker, 6325 Cell St., New Kensington, Pa. 15068. (Rich Nelson, Ill.)

KCHB's live DJ show will be run by the verie-singer, Greg Stewart, Announcer. (Floden, Ontario)

K7Z's Robert E. Gillett, P.O. Box 671, Glasgow, Montana, 59230, ran a test some time ago from K7Z. He's hoping for lots of reports to this station, as well. (Percy Kesteven, Alberta)

DX News is an annual publication of the National Radio Club, established in 1933. It contains information on DX stations and their programming, as well as news and features about DXing. This issue includes information on DX News and the DX Club, along with a list of DX stations and their programming details. The DX Club, established in 1933, is the oldest medium wave DX club in North America. It offers a platform for radio enthusiasts to share their DXing experiences and knowledge.

Hi. General Botany, DXing, & report sending have kept me pretty busy lately, so some secondary things like eating, sleeping, & writing letters have been put off, hi.
Don't give up, correspondees. Maybe I'll catch up by Thanksgiving. Veris have been coming in irregularly. One today (v/q) from CE of CJDIC thanking me for my report of 10/26 @ 1832 hours?? The report started at 5:32am, EST. Maybe he goes by VNSTI (Viet-Nam Standard Time), hi. Mine v/1 from new KNDK-1080. They had a TEST on MM 11/13, but I couldn't get the info in before deadline, despite airmail try. Maybe I can get them to have another one for those who didn't get the word. Others:

v/1- WPXK KNZP KBEY & WNPT-TEST. v/q- WTJT FMAZ & WPTF. DX: 10/28-1 HM-1050 finally squeaked through at 1530 ID, WHOP-900 s/on 5:27am, & in the afternoon, KSEX-1340 w/FB, KCKN looped.
10/29- WPW-970 gospel mx @ 5:35am - WHIT-970 s/on through WPW @ 6:36.

MM 10/30- Fine CKFC DX in Lc@ 2:44am. KNCI didn't show, WDAK-rr w/CK. 11/1- CHEM-900 a surprise visitor @ 6:14am, o/CHM & WEPC-910 s/on at 6:59. 11/5- WTRA-1110 5:42-6pm s/off, w/KFAB & KOM-1140 through briefly @ 6:09pm. MM 11/6- A rather frustrating morning, as I'm sure I had three much wanted ones: KTTK-990 KUPD/KFAY-1060, but I couldn't get a definite ID out of any of them. WTRA didn't make it. WWXW-1450 caught w/230am ID. WAGL-1500 was in w/a tremendous signal on translator DX. CJNK-730 DX weak w/CKAC till 4am, then sudden o/CK4 to 4:17am s/off. All the rerocket on the IDs didn't help readability. I hope they QSL this time; no answer last year. As I'm typing this (11/7, 6pm) TCHR-1200 QMING XMOX even w/loop nulling them 73s & DXs.

Fred Nordquist - 411 Dart - White Sands Missile Range - New Mexico - 88002

DXing getting better here: 40 miles N of the Border. No veris this week. Reports out to WMAT-TEST KJLT CVVI WAGL-TEST KGAR & KGOR. Totals: 238/1 & veris coming in slowly for two months of NM DX. Now to latest data: 11/2- KCBR-1590 WX 6:10am, WCTR-590 ad, 8:40pm. 11/5- KMBZ-980 1:09am, WMAT-970 Mx Lc@ 11:00, then KJLT-970 f/w/religious organ mx 11:32-1:45, also WMAT-970 TEST 1:15-1:30 in weakly w/many IDs & Ts. KNW-1490 2:44 w/24-Hour NA ad. XEXM-1470 SS mx 5:37, KRCB-1470 3:25 rr, KFMB-760 NX 3:54, CVVI-900 s/off w/GQ 4:07, KFRC-610 rr Lc@ 4:35. 11/6- KOLD-1450 s/off 2:01am, KZET-1450 c/w 2:08, UnID-1460 w/lady preacher? 2:21, no sign of WTRA TEST, WAGL-1500 TEST Lc@ 2:35-2:45. KGER-1390 religious program 2:55, s/off w/HHB @ 3am. KNN not on for TEST, WMC-790 HI 3:02, KETT-790 not on for TEST, XECF-790 w/EER rr 3:15 o/unID OC, unID-730 w/"When the Saints Go Marchin' In", TT, c/w & NX 3:59-4am, CKDM or CJNK?

Jim Aker - 6828 Westcott Road - Falls Church, Virginia - 22042

Hi there gang! DX has been picking up here especially SSS. New stations & catches:
10/30- KCFE-1380 Bradford, Ont. DX for IGMA came in fair u/station w/HI AN show. (Any ideas?) (WTRW -EFO) @ 3am. WABE-1483m Mobile heard w/rr mx on MM @ 3:15am. 11/1- WSEX-1500, West Jefferson, NC heard s/off @ 5:10pm; WPW-1500 Huntsville, Alab. heard o/u WGLX/CGJF/WYFL, SSS, @ 5:40pm; WFGC-1600 Roedsville, NC, @ 6:23pm w/FINX. 11/2- WHLL-1500 Wheeling, WVa heard w/good mx @ 5pm SSS. Sent WABE-1480 WHLL-1600 WMAL-630 WSM-650 WIL-700 WABC-770 WRC-980. Veris: v/q- WJDM-1470 KFJZ-1270. v/1- WCSS-1400.

Dave Fischer - 5039 South - Lincoln, Nebraska - 68505

10/29- WPWR-1320 car radio @ 9:30am, good signal, too. 10/30- WMDA-640 s/on u/WQI @ 7:55am, then KFZ showed too. WQI s/off @ 6:16pm w/NMAD still in the clear w/good signal. 10/31- KCHB-900 s/off 2am good signal, w/CHM loop in the clear. 11/1-250 water blasts 5CKw. WMN s/off 2am the dial. KIJK-660 @ 7:05am, KUSD-690 & KGDF-690 7rm, WNSD on top as usual. They are both on N/S line through Lincoln, kinda hard to pull, hi! Reports to WQI-640 WMDA-960 KHOW-660 WMAD-970 KGER-690, & veris from KMSM-620 WDAF-610 WMN-600. Hams WACBSR & KCMFQ @ KMSM-620, WDAD, WDQI, WANE @ WQI-690, & WMDA's own ham club is WULI. Trux & I have benned & BCMed at the same time & listen you guys don't know what you're missing - be surprised how CX in Ohio & Neb. are both similar & dissimilar. Really, this is worth the effort. Write Trux or me. BCM QSOs daily around 11/30pm on or rear 3:525k. KMSM-620 says they answer (verify?) all rpts.

Steven R. Russell - 8914 Mohawk Lane - Bethesda, Maryland - 20054

DX: 10/2- KDDE-921 IGA DX. 10/30- KCFE-1380 2:5-3:15 on IGA DX. 11/5- WMAT-970 1:15-1:30 IGA TEST. Veris: v/1- WVAR WTRL. v/q- WRLJ CJEBS-1510 WRLK. JAC: You started sending me my DX NEWS via first class mail, but you forgot to tell me how much it is for the rest of my membership. 73 & best of DX.

AS THEY SAY IN TUCSON, ARIZONA, "KOP." "KEEP MUSING OFTEN, PEOPLE!" DEADLINE, TUES.
Hi, NBCites! I just joined, so here is an intro. I'm 15, & in grade 13 & 12 here, w/two lunch months w/the following times: 190A/23; provinces 6/6, states 5/7 & countries 13/5. Not too hot, so in contrast, here are totals for 11- plus months of DX from Burnaby, BC: 250/191, provinces 5/30, states 33/30, countries 5/4, best of which were WDE GEK XBQ XHOQ. Recent DX: CKFC-1380 LAC on DX, tape sent; WAGL-1560 wh/c more power than usual @WCK, hi on NBC TEST & reported. 11/8: WAGA-680 @ 4:11 s-on in SS, unID TT on 700 @ 4:20-4:40, who? JBC-750 s/o @ 4:45. 11/7- R. Barbados o/CWEM 9:30-11pm w/mx, BOC NX. UnID SS u/XK @ 10pm, Trinidad! (No, Trinidad uses EE-ERG) Un-ID ER & SS (two stations) u/WEM-650 10:30pm-7, very weak. Is a new Cuban there? Naturally, PWB-600 o/CWFW/CIAD 11pm. 11/7- Two unID SSBs heard on 680, first @ midnight, second 12:02am, orchestra & vocal, respectively, who? KSTP-1560 @ 5:30-5:45pm pattern change, louder than usual CKEM! v/q- CWXY-580 CBK-540 CFM6-550 WTAG-580 CFCF-600 CBW-540 WBM-760 TEST CKEM-980 CBW-590 CFME-1010 CHJS-1150 R. Americas-160 WDEG-1360. v/f-WMID-620. v/f- WEVD-1230 XEM-730. v/f- CHLC-580 CBN CBW FMJE 970 CLJ WBM-610 CBX-930 WBM-850. v/f- WMID-1340. CBM came from CBD CBW CHLC WEVD WAXD WBM. 3c w/WMID. I collect CBM. Oh yeah, folder from PWB. CHLS is best CSL so far. 73s. (Welcome to the NBC, Eric, & do house regularly! -ERG)

Burtis D. Wikberg - 3k Concord Road - Wayland, Massachusetts - 01778.

Lots of no ones in here recently plus a few oldies worth mentioning. 9/28 WHMP-1530 s/off @ 8:35pm. WMC-1550 s/off @ 7pm, left one that sounded like KOKA, but I wasn't positive & couldn't find it on any following evenings. 9/30- I sat on 1060 from 8:10 on and successively heard WDE/WICO s/off @ 6:15pm, leaving WKY w/KY. WX & 6:45, WGOO s/off. Then to 1540 for ZNS, & WSM-1560 @ 7:05pm. 10/2- KDM-1560 TEST in @ 10/3/9 @ 1:21am, WREB-1470 ET s/off @ 2:15. Strong SS on 1260 unID. 10/4- WEVD-1315 s/off @ 10:30pm completely clear of WIB. 10/5- WAGL-1490 s/off @ 11:50pm. Terrific TA night w/TBRA-1394 now here. 10/16 WEVB-1490 ET @ 2:23am. WBIR-1240 /TT for f/c. No WVA, as WICO was awful! 10/17- WRZ-1550 NX in clearly @ 5:45pm. 10/23- Best TA night I can ever remember. New ones here: Germany-1586 France-1405 Czech-1286 Holland-1007. CFM-1060 very loud @ 12:50am. 10/30- Another disappointment as no sign of much-wanted KNOQ; too much WDE & SS. Another unk s/on SS very strong @ 4am. 11/4- WJHE-1292 s/off @ 12:2am. WHDJ-840 Ordas del Caribe s/off just after WHAS s/off @ 12:07. CMGW left weakly after that. 11/6- WYMA-1550 Raleigh, NC on for ET @ 1am. No sign of WAGL TEST here as WCHF-970 covered until s/off @ 1:30am leaving WRZ2 of all things! 11/6- W TAG-1360 ET @ 1:45am. WFBA-1450 DX came on way of everything @ 2am w/WMVB heard behind. German noted very strong on 665 @ 2:30am. 73.

Cesar Obice - Calle Hostos 36 (307) - Santo Domingo, Dominican Republic

Hi everybody, here are a few lines for all of you, now that we are coming out every week. I tried those TESTs mentioned for 10/30, but could not hear any of them. 540k was always covered by R. Horizonte, Bogota, an AM station, & KNOQ could not come through. Then I tried 1360 but CKFC could not be heard. I heard instead "R. Equis" X), Reloj del Aire", WENX, New York @ 2:55 w/IDs & ads, all in SS. Later could be heard a WJTB or WCB or something like that w/a lot of Holiday Inn ads between musical selections, this @ 3:315. Does anyone know about this station? (WTVR, Richmond, Va., Casar - ERG) In my old WJ Log there is no information. I still haven't received the new one; should be here soon. Then I heard one station in 1180 which I think must be WHAM, Rochester, although I did not hear any ID, @ 3:20. Last night I heard WGGG-1440 w/ID mentioned very fast & repeated several times @ 10:25. Another one was WQX, NY, w/cl mx @ 10:45, I think they said "The NY Times station" (?) (They are - ERG) It is surprising the way WCKY-1530 Cincinnati can be heard here after R. Puebls s/off, it sounds as a local one, underneath I heard a Mexican but could not get an ID; too weak. WGBS-710 Miami is also heard good but not as good as WCKY. OK Radio or WOKC-1480 Charlotte w/that ID & songs @ 11:1pm. At 12:2am I heard at last YN-750 Marigua @Estacion Equis" now w/50w, w/ID & asking for reports. Guess who told me about this? Radames Aracena, the owner of Radio Guaracha-690, Santo Domingo, one of the most popular stations here, but impossible to hear abroad because of the frequency always being covered by R. Progreso, Habana.

This is all for now, see you later. DX to all.

Wayne Heinrich - 12k Linwood Avenue - Orchard Park, New York - 14127

Hi all, here it comes from WHN's unactive DXer. Veris in recently are w/q- WLAC-1510 WHN-1050 WNEW-1130 WBZ-570 WOAI-1200 WOAY-1230. Rost were just to (F 5)
(Wayne Heinon) get some 60+ dxed cleared up in case they decide to change calls. v/1-WBB-1230 after a f/1 & v/f-CKTK-1320. Totals 434/356. DX by date (only stations reported are listed here). 10/1- CFE-930 well w/WFAT etc. 11:15-1353am. 10/2- KDDB-1560 KQ9 2-2:17am L&C, WINZ-940 w/CBM off 2:23-2:40am on AN w/good mx. 10/25- Report #3 to CHIQ-1230 on 85 10:55-11:15am; Dave Whatmough, do you want my carbon to take to the station? I sure hope you've verce 10s. 10/28- CKTK-1320 by calling 5kw. WWHG, good reception, 2:49-3:05am. That's DX. On one day I noted WPSC-1580 about S-f & actually readable & listenable at 11:30am! Contacts will be another good challenge. So why doesn't everyone join? I'm going to, if I can find $1.25 somewhere. I'd like to thank Ralph Johans for his hospitality over the past year & of course Chick Rader for his driving. How about a Muse from Jim Neff & Doug Juen on Great Island & Chris Naesel (who has made last two Conventions & many get-togethers but doesn't Museum!) 11/3- I heard new (?) CHIQ-1280, Hamilton, call change from CHIQ? Also r/o WZKX- 1380 & WPTC-960 per list. Other DX: WJ/1-1340 on ET/TT, ID @ 1:03, off by 1:10. KMOX-1310 r/c, ID 1:30, off @ 1:31. WTAQ-1300 w/about five-to-six back-to-back jingles, I believe ET, 1:45-1:50am. WFRA-1450 DX L&C (almost) w/rr 2-2:16am. WAGL- 1560 TEST on early. For those interested, the 'odd' voice was that of Chick Rader on vacation. He stopped for a while. We had nice chat via telephone. Copied here 2:31- 2:35mm w/DeVaal walker. That's it, 73s.

Joe Fela - 167 Goodwin Avenue - Newark, New Jersey - 07112

Recent veres consist of v/q's from WBB-920 & WOAP-1490 & a v/l from WJAD-1490. Recent DX: 10/38 - Last morning of pre-am s/ons for daytimers, so I logged WZKT-1320 w/s on @ 3:59am; 4:14 WFGR-1490 almost all by itself for ten minutes! 4:59 gsn, WSE0- 1470. 10/29- 6pm, after taking a log on WAPI-1070, I happened to go up to 1020 & was surprised to hear the last part of WAP's s/off; 6:23 KAAK-1080 w/o WBAL; 6:32 s/off KLCN-910. 10/30- 4:55pm, WOGR-1310 briefly, not enough for a report; 5:04 WCDQ-1220, ex-WDEE, no verie yet. 5:13 s/off WELV-1370; 5:15 s/off WHEE-1220 along w/WQCD. 10/31- 5:30m s/off WHEE-1370; 5:30 WSKI-1240 clearly atop the channel for o/five minutes, Contrary to popular belief, graveyard frequencies can be DXed: 555 s/w some results. At least that's the case here! 5:38, WKBM-1000. 11/1- 5:45pm, WJLJ-1580 s/off - who's the other station in there that also s/off at this time? WJLI is always too strong to ID it. 11/5- 1:19am, what I believe was TT from WMAV's TEST was heard way u/WJNR-970 but it was much too weak for any voice IDs to penetrate; 1:35 WTHE-1520 ET/mx. 11/6- 1:59am, WOGC-1270 AN, who needs it, hi. 2:09, WAGL-1560 TEST strong but unu; no WFAP-1460 DX here, just WENZ & two others on AN. 2:39, WSSB-1430 for a report (No WSHL here at all, Dave); 2:35 WABR-1440 note, apparently also AN this MM; 3:12 WILS-1330 concluding ET/mx; 3:13 no KYTH-790, just WQX/WFQF/ & probably WTAR. 3:20, CJNR-730 DX very strong but also unu; 3:40 someone way u/WBEN during WCLT's time but it sounded like WTVR. 5:17- 5:45pm WAAY-1550 noted cutting power at this time; 6pm s/off, KFQA-1580. 11/8- 4:49pm, WQVA-1530 noted off frequency on 1529; 5:10 WJMI-1110; 5:14 s/off WJLL-1580. In reply to a CPC letter, WIAM-900 advises me that they run tests (for themselves), hi on S's between 12 & 12:30am about every six weeks. CPC results this year aren't too bad. Fourteen requests netted two TESTs & the above. One TEST for ten CPC letters is the average. 73 for row.

Richard Nall - 503 North Hite Avenue - Louisville, Kentucky - 40206

I am a new member of the NRC. I guess I'd better introduce myself before anything else. I am 15½ & a sophomore at Trinity High School. I've BCB DXed since the middle of '65. I'm SW DXed even longer, but I rarely SW DX any more. My RX is a Halli- crafters 8-108. My antenna is a 20' high, 50' long L. My BCB DXtotals are: 199/109, 31/31 states, 4/4 provinces, & 9/6 counties. I might mention I am a member of the IRC also. I will be happy to correspond w/or swap WFE cards (I'm WFM/E4505) w/anyone. I'll try to report to the different sections of DX NEWS as often as possible. Good DX & 73! (Welcome to the NRC, Richard & we all hope you'll do that - & often) - NRC)

Bob Bjork - 356 West 17 Street - Holland, Michigan - 49423

Not much DX this week, so this will be short. 10/30- Only news was CKFC-1380 on DX. Also a report to WPNN-1460. This year I have a policy of sending out reports to stations which were not previously verified. I have to raise the verie totals somehow! Totals now at 645/199. It would be interesting to find the average number of veries per DXer in the NRC. I am not suggesting this as a judging basis, but only for fun. That is all for this week. 73 & keep up the good work, everyone.

AS THEY SAY IN MOKOHA, JAPAN, "JOMT-620," "NOT OFF A BUSING TODAY!" EVERYBODY!
November 16, 1967

Sheldon Miller - 840 60 Street - Miami Beach, Florida - 33141

Some new DX to report, but no new verbs.

First off; I would like to know if anyone got a verie from KINN-1150 for last year's TTEST. I didn't, even after several f/ups.

(None here either, Sheldon -ERC) DX of MM 11/6: WJW-850 noted s/off @ 12:05am, first time ever heard here. A tester, assumed to be WAGL, noted on 1560 around 2:30 w/mx, WSTI-930, Miss. noted w/c1 mx, 2:30am. WUPH-940 off this AM, CEM/WTW battling it out. KECO-950 Houston noted o/WPEN, 2:30. KOA-850 like a local for 2am.

Someone w/c testing on 1140 around 2:15, who? WQAM-560 off this AM, WFL very clear.

Panama-340 noted w/CMB, but no trace of KFI. HJLQ noted smack dab on 1520, at least 20db, & not a trace of WKEW. Other DX: A Cuban noted on 1530 evenings, unID. HHDV-1200 Santa Cerro, D.R. noted very strong evenings. They're now 10 kw.

XNY-2750 Managua now announces 50kw. & they are way over WSB abot 90% of the time.

I think I can get traces of then days, behind Jamaica: Locally, WKAT-1360 has dropped its last tx programming. They are 100% talk, & NSE. WSTC-1000 noted testing days w/IT, very poor signal here & Cuban. WADO-1280 continues to amaze me w/its phenomenal signals here evenings; better than any other 5kw. NE station. The NE cleared beginning to be noted early in the afternoon, WBZ noted 11/5 as early as 3:45 pm, but not really readable at that time. WRai-1520 noted of the Cuban momentarily around 9:30 this evening. My compliments to Admiral Nelson for the truly superb management of the IDX this season! '73

Tony Sever - 2119 30th Street - San Diego, California - 92102

Having just received my 11/4 DX NEWS (on 11/8, JAC) I am stirred to give a rebuttal to the Publisher's comments in that issue re the CFC programs. I note that of the three listed NRC DXes, two are on graveyard frequencies, & one is old standby WDEI. Listed in the 11/4 TRCA Bulletin is KFOX as an NRC DX on a MM, & this is an AM-6 station. The three listed NNR Specials provide no better quality programs. Furthermore, I can see absolutely no harm in having an AM-6 station test on MM. How many DXers have heard KFOX-1260 on RS? Isn't this the purpose of CFC? To make these stations available for DXers to log when the QRM is least? Perhaps the seeming lack of enthusiasm is the fact that the NRC has forsaken domestic verification contests, while the TRCA hasn't. A mixture of quality (like the new KXO & quantity (like DMR) KFOX WDEI) provide an exciting contest atmosphere. If more quality programs were sked by the NRC & NNR, the comments were pertinent; until then, be careful of stones that you throw.

The DX Season has been disappointing, to date. Even the old regular TPs just aren't making it w/the same vigor of years past. Life have been relatively poor, & although I read w/interest the TAs garnered recently by Miller, Kennedy & Freeman, the TT seems to be everywhere the TAs are. One new catch tonight is KXCI on their 11pm s/off. This station is listed & announced as 990. Second Mexican on 1002! (Other was XECL-990). I am most unhappy I wasn't able to attend.

The NRC Confab, but I was laid off 9/5 & had no funds prior to that time. I just joined Rohr Corp, in nearby Chula Vista. I hope to make the Thanksgiving celebration on Sacramento. '73.

Robert H. Hostetler - 417 Irving Street - Lake City, Minnesota - 55041

Hi everybody! DX continues: 10/30- CQPK-1380 @ 2:15am w/IRCA DX, WJW-850 @ 3:27.

KTOC-1000 @ 3:54, VCMB-1400 @ 4:12, WHH-1290 s/off heard @5am, WCHS-980 @ 5:10am.

11/1- CMU-590 w/off at 1:06am, 11/1- KSTP-1410 @ 12:32 u/CBL 11/1- WJSS-940 w/MT @ midnight, KSKY-950 @ 12:04 w/rr.

11/15- WMAY-970 was apparently heard w/short periods of TT from 1:15-1:29 on TEST, w/off KXCI, KJLT-970 from 1:30-1:45 w/EC.

TT & theatre organ oxm, right after WMAY; they got mush less QRM from KXCI; CMU-590 @ 1:48 w/fantastic signal - they can be heard here must nights now.

CMU-600 @ KSJB @ 2:02 w/TD.

11/6- CMU-670 @ 6:58m w/TD, WJNW-1560 heard as early as 2:08 w/TEST.

WCCO-630 noted off RS @ 3:06, had OC & TT instead. WKMJ-1380 was not heard, just WTRR/II & unID, which didn't sound like KXKQ (maybe KDFL -ERC) CQPK-730 DX @ 3:35, messed up by KDAE; KTOC-1360 @ 4:16 w/WASAI null, KYKQ-1560 @ 5 16 w/WAKL null, WMP-1470 @ 5:23 o/w/RBN.

11/9- Aurora DX. KRCO-1560 topping WDIX/WMXR @ 7:21pm, KSTP-1560 @ 7:39pm s/off w/SSB, KILO-1100 @ 8:01pm, WJN-990 @ 9:07 w/QRM from KROF.

Totals are now 484/178, 42/38, 8/5, 15/4. ERC, a couple of questions: Can ANYBODY subscribe to Broadcasting Magazine? (I believe so -ERC) What's the address of DX Stamp Service? (Sax X466 - 466 Weaver Road - Webster, N.Y. 14551 -ERC) Veries: v/q- XEOM KBOM, v/r- KRCB, v/l & CM- WBBM WHMN KOYN (eight months). Tell next, 73. Remember to make every report to every station a GOOD ONE - ONE THAT YOU WOULD NOT BE ASHAMED TO SEE IN PRINT IN "DX NEWS" ALWAYS SEND RETURN POSTAGE.
Marc DeLorenzo - 35 Sylvan Drive - Malden, Massachusetts - 02148

November 18, 1967

Here is my Musing for next week's DX NEWS. V/ is in this week from WOKX & my best yet, HRTV-715. DX: 11/3- CHEX-960 on top @ 6:19am, WCFC-940 even @6AM 4:41-5am. SM 11/5- No sign of WMX TEST, only WGW-970; HRTV-1030 2am, etc. 4/28 @7th SS, TGXA maybe? MM 11/6- Paris-863 was now new TA, fair w/ opera @ 1:25; WTRA-1450 DX & W/ mentions of NRC by a tired DJ 2-2:22 - the poor guy had to get up @6am for his show! WAMQ-1260 EP @ 2:13; WGL-1560 TEST L& @2:56-2:39 w/beautiful mix (even if it wasn't rock, hi!) KNWX-1390 & WKNR-1390 TESTS not heard, but CJMA-730 DX was in weekly u/ CKAC @ 3:43. WAMQ-1490 PR s @ SS-4:11 way o/WABF; un=1460 s @ 4:30-SSB from somewhere in NC, & since this is WOKX's s/o time, I assumed it was they. However, 10 was different, I tekk! 11/7- I looked for KEYD v/week, tekt IT noted through WOKX & XB but no ID, rats! Text to 11/6- WMIA-730 5:13pm & EAJL-827 week, 5:20pm. 11/7- R. Caroline-1187 week w/ 5:47-6:04pm for Country 40. 11/9- WMBJ-1590 5-9 on 1560 & @ 4:55pm; WPMT-1590 briefly @ WBC @ 5:01pm; FJCS-855 fail w/ WY in Dutch (?) 6:04pm. Totals now at 996/209; season's verie percentage down to 63%, though. 73s.

Korn Shagel - 600 Bainbridge Street - Malden, Massachusetts - 02148

One v/ from WQG & a report out to VSC, & CP letter to WSDM-1560. I heard WQG-1560 @ 6:25 on 10/19 w/WQXR. Anyone have any info on WQO-910 in Cleveland, Ohio? 10/25- WQK-1510 running WMX w/ & horse race @ 6:55; 10/31- WQMT illeg. testing again w/ @ 10pm, um, enuf said. 11/7- Andorra-701 @ 5:10 for a new country. 11/8- Tizana-1394 @ 12:10 for another new country. WQK off this AM but I don't know why. I'm quite surprised that WABF tested as they hardly ever verify reports. The only one I know that verified them was WRC & that was many years ago. (Right, Norm - on 2/6/68, hi - ERC) WQK off again on 11/9 @ midnight. It may be a regular thing now. (It's a miracle while they install new directional antenna - ERC)

Peter Taylor - WJIB - 68 Commercial Wharf - Boston, Mass. - 02110

On 11/10 around 12:30am, the bet on WQG was quite strong on the portable, so I went up & turned on the HQ-160 for a spell. Nothing extraordinary, but some of the strengths were. Easy to see this date was Tizana-1394, Bordeaux-1705, Madrid-683 (no WQK again), Andorra-816, & Nice-158. On Tuesday night 11/7, I was trying to get Cleveland & Gary ER, but WQG & KC & Chicago stations were practically inaudible, & there was no sign of CBA @ 11:45. Around the Boston area, WQG-1000 did not go on the air 11/6, WMIA's tower is still not up, & no word on an air date for WQMS-1060. WMX-1510 will not go 50kw. days until probably second quarter 1968. Meanwhile, the Boston NBC Contingent is growing, w/Bart Cronin on the air from 11am-4pm weekdays on WJIB. Bart is also our Production Manager. Needless to say, all NRCS are certainly welcome at either WJIB or WQG, where John Callerman is occasionally heard between Wibbuck Wonder SB games. You will all be glad to know that John is plotting to move R. America's to Wibbuck Island.

Ronald J. Poyke - 8079 Dale - Centerline, Michigan - 48015

Hello DXers! A little bit of DX to report; school still cuts down on DXing & teachers don't know the meaning of no homework, hi! I am now 16, & still a Junior at Centerline High. DX: 11/3- WQO-1000 @ 5:25pm, WYX-1000 @ 5:05. WQG-1000 @ 5:28pm. 11/6- WTRA-1450 2:04am good signal all through DX, WAGI-1560 @ 2:32am, no problem at all; WAB-1200 @ 2:40am. 11/7- WPBO-1020 @ 5:28pm. WCLI-1200 @ 5:44pm, WRC-980 @ 6:10pm. That's it. Veries: KGJO v/2, WMR-1590 v/q-CN. KTVS-560 v/1-CN. Reports out to: ZBM WABF WEJV WMZ WMNZ WQAR WAGL WPBO. I hope I get some returns on them. Correspondence: I'm getting around to you now so don't give up hope yet. 73s & DETROIT in 2021, hi!

David T. White - WIRV Radio - Irvine, Kentucky - 40336

Greetings to all from the Foothills! Activity is very little at this shack of late. I'm barely logging along w/an old "Air Alert" RX, so if anyone knows of a good deal on a GOOD RX, I'd appreciate knowing about it! Latest veries were WGY-810, NY (a good catch for me due to QRM from WAKY-750). I also received a v/l from WXXI-1260, Lancaster, Ky. a fairly new station - sounding good. The rest is just routine, WOKX-660 Birmingham, Ala., is strong in this area around 6:00pm. Regular year round here: WIAS WLS WOCO WHB WMKX, all sounding strong as ever. As you can see, DX will remain light here, until I can come up w/a decent RX! A final note, WIRV conducts a f/c @ 3am the first Saturday of each month. I hope all reports are as complete & cordial as Ernie Cooper's! (A paid political announcement, hi - ERC) So, to all, better DX than I'm having, & 73s! (Thanks, David! - ERC)
DX has been quite poor here probably due to only two hours at the dial this week. 11/6-WAGL-150 $ at 2:05 a half hour before the TEST - they turned the carrier off @ 2:15 & I noticed that they were back on at the TEST time. Also heard were WMLK-1200 & GMK-1210 all morning. No new veries this week although I have seven reports out. One question- Does anyone have any ideas about an SS station on 840 noted on 11/6 @ 2:50 am? (GMH, is AN-7-ERC) C U in Q & until then, keep up the good DX.

Hi all: Heard TESTs: WJYA, just barely, WGLI LIC, 11/10-WGAN-1310 s/off @ 12:15 pm, & WNKY-1290, West Palm Beach, FL @ 12:30 & on. Verified: WSLF, a v/f for "Radio Anthracite". Don't give up the ship department: I got a v/q from WSCU (FM) for a report eight days short of a year old. I had thrown the report copy out so I don't know what I heard, hi. Well, I gotta get after W GHQ for a verie. I heard them once when WRKL was off due to the fire. 73.

Bob Zierer - 383 West 17 Street - Holland, Michigan - 49423

Hi! Several new veries here since last time. v/C- WNYW WOCX WBC-600 WETT. v/f- CHNS & WIDE: Latest DX: 9/30- PCOC-855 @ 10:05pm s/off. 10/4- WEPL-610 @ 6:15 pm. 10/15- WDEE-830 TT 2:10-2:15 pm. 10/27- WSGC-1530 @ 5:50 pm. 10/30- CKDR-1220 @ 5:20 pm w/rr. 11/2- WRAD-1460 @ 5:10 pm. 11/3- WMLK & QLD TESTS. Also that morning there was a good ss station on 1060 around 2:30 am.

Walter LaRoche - 475 Morrison Drive - Pittsburgh, Pennsylvania - 15216

They have a two-tower

Mike Northen - Beaverton, Oregon

I'm in Seattle on business. I wish I could attend your Thanksgiving get-together- a little too far, hi! I will be at Sacramento, though, for Don Kaskey's counterpart to the Brooklyn fling. Say HI to all & toast my birthday (11/26): 73.

Marc Delorenzo - 35 Sylven Drive - Hyannis, Massachusetts - 02601

I noticed in the 11/4 DX News that you asked who WARR is. Well, they are the former WYNO, in Warwick/East Greenwich, RI, 1590k, kW, D. 73. (Thanks, Marc- ERC)

Ernest R. Cooper - 438 East 21 Street - Brooklyn, New York - 11229

Two veries: v/FP- WJFK-1390, & v/6- JBC-750, thanks to Foxworth for v/5s on this one. Back to 11/6 in a little more detail than last week: WAGL's TEST was real strong here, but unu. An AN SS on 540 w/Pepsi-Cola ads at 3:15am, unIDD, except that the slogan started out as "la Voz de ---". CBC AN show heard on 1320, & the two IPRs in on 1190 & 1530 most of AM. After 4am there were two SSes on 540. Who has the "Eddie London Night Flight" AN on 1350? 11/8- The "Morning After" Election Day. I noted these w/ERs on late (after midnight): WMBZ-1360 WPTA-1360 WGBB-1240, WMAA-1440, WYD-675 had a good signal, too. SM 11/12- Well, well- WBAI-1050 is HI now! I repeat- I'll not dare a dime in any of their places! HJEL-620, R. Tricolor, heard u/WSUN 4:21-4:40 or so when a louder carrier came on. I was hoping for JBC-620, & @ 4:47 they started a music-box IS for 11 minutes, then an arthem, and then, to my surprise, they s/on in SS - it was R-IV Dominicana, HSSD! No sign of JBC. That day I took a drive & visited WPUT-1510, ex-WRKL. This was my third try at trying to find them; & this time I did! They have a two-tower array, protecting WMIN & WMEK. They can- and do - s/in @ 6am weekdays. Their new owners are nine in number, w/50% owned by owner of WMLC-1600. MM 11/12- DX TESTs a bomb here; none heard. Somebody
ting u/WSNW-970 @ 3:15 & off & on for a half hour or more; also one on 1470. FRB-1000, R. Record, Sao Paulo, had a fine signal this AM @ 2:55-3:10. An OC on 680 AM, or perhaps just off 680, as a low-pitched het or TT heard on the high side. Only audible signal there was WCRB, no SS. The SS who s/on @ 4am on 540 is R. ABC, Santo Domingo, HECM; other SS AN still not TEd here. WDAK-540 tested, much of the AM w/daytime pattern w/5kw. OC on 1530 all AM, S-6. C U on 11/25?
Donald K. Kaskey - Hotel El Rancho - Box 235 - West Sacramento, Calif. - 95691

Eugene was great time & again my thanks to the hosts. However fellows, I really haven't needed this long to recuperate - it's only that I'm a bit lazy. The contests are in full swing but we need many more entrants. Come on fellows - these Contests can be a lot of fun & the standings will be published regularly. All loggings from 10/1 count so let's hear from many more of you. It looks like a good time will be held on the grounds of the El Rancho of the Thanksgiving Day weekend. All DXers are invited to come by at any time of the week. Since the Convention I've enjoyed visits from Randy Millier & Marysville's gift to the State Highway Department, the one & only Gene Mattocks. Gene also takes great glee in occasionally telephoning me to keep me up to date in all the good catches he's getting that I'm not. Since 10/1 new catches here have been: VCA-1180 Fls. 11pm 10/1; KDAA-1560 Ark. 10/2 on TEST; CKFQ-550 BC 3:04 10/2; KTMX-1250 Cal. 10/14pm & KAIN-1340 Id. 1:21 10/6; WJW-590 Neb. 705 10/8; KXU-1250 Hawaii RS 3:14 10/9 u/VHK; KUDY-1280 Nasy. 8:30am 10/13; KKKO-1430 Cal. 9:22am 10/13; WKJ-1460 Ala. ET 2:58 & KYIX-1520 Ore. RS 4:02 10/23; KCKE-500 Sask. s/ 3pm & KVEN-1430 Cal. RS 10:33pm on 10/26; KFRT-1180 Mont. ET 2:10 10/28 & RS beginning 10/29, now s/off 1:00. Also noted a Korean on 877 for first time on 11/1. Verifies from KBX-1430 Ore., (UNK-1730 a few) & KVOQ-730 NM, KXQ-980 Mont., CKFQ-550 BC, all vJ; KPAY-1190 Cal. vG, and KNJU-600 Cal. v/. Good UX, all.

Dick Tryeck - 3363 Eisenhower Road - Columbus, Ohio - 43226

OY improving here 100% in last three weeks. Mostly active on SSS & SSB lately, although I usually get an hour or so at night. Just for review - equipment & reas consists of HS-150 w/NRC Loop. A few of latest loggings: 10/26- WMIN-620 @ 5pm w/CBS NY; WANN-600 @ 6:10 w/Local NY; WSPS-610 @ 5:10pm w/Cocal NY; WBNV-620 @ 5:55pm w/NX followed by Local NY @ 6pm pattern change. 10/30- CKYQ-920 @ 2am w/CFR-100/ KFRC-HI; KFRC-900 @ 2:04am w/NX followed by CS, WMG-950 @ 2:15am w/Viewpoint; WANK-1210 @ 3:26pm w/RX; WVOA-1450 @ 4:25 w/WEB; WPAI-1290 @ 2:55 w/WEB, KCKFQ-880 & KNNQ-260 TESTs in good @ 3:05am through am; WMAY-1480 @ 3:40am w/OC & frequent IDE's s/off @ 3:45am; WMJQ-850 @ 6:55am w/c/w u/WLS. 11/9- KXNO-1000 @ 7:10pm w/WEB w/o/CPFL; WANN-1150 @ 4:45pm w/FR boardscoreboard, s/off @ 4:55u/WCO; WIBT-1150 @ 4:55pm w/Saturday Showcase followed by NX @ 5pm w/WCO at times. 11/12- WHER-750 @ 5:30pm s/off u/WSB for new state. 11/13- WJW-1320 @ 2:31am w/RX u/local WCO; KCKX-620 @ 3:13 w/RX; WJW-1340 @ 3:17am ET u/WSB from pub. till past 3:29am fadeout; WSSB-1490 @ 3:33am w/RX. No sign of any TESTs this AM. C U 1d.

Allen Ferley - 263 South 10 Avenue - Highland Park, New Jersey - 08794

Hello again. Very little action here due to yours truly's participation in our school play. But now that it's over, I should get back into the old DX groove. The only new catch here was on 11/10- WJW-1560 f/c @ 12:13am w/beautiful signal & IDE's five seconds or so. That's the kind of 'c/s I like to hear, hi. The only new veries here are KFRC CKOY, both five days, & WEAQ, three months. That brings my total up to 117. One of the biggest listening problems here is that local WQTG-1450 has its DX only 300 years from my house. That fouls up everything from 1430 to 1480 when it's on. By the way, anyone who picks it up can send to 385 George St. in New Brunswick, NJ 08901. They verify promptly by letter w/o return postage needed.

Well, that's my plug for today. C U in about a week. 73.

Dave Carlson - 516 Hickory Hollow - St. Louis, Missouri - 63122

Hi. Not much DX besides MN. 11/5- WJW-1450 Ill. @ 3am. MN 11/6- CKP-1420 Ont. nicely +/WHK @ 2:55 beginning NX, VQAL-1560 TEST in good, KQCO-1390 Des Moines IA w/ID @ 3:04, KQCO-1390 testing @ 3:32, R. Trinidad-730 unm noted at a real good level & someone else u/them @ 4:35 - probably Suriname. (Suriname is on 725, Dace - ERO) KCKS-740 Cal. in briefly @ 4:32, JBC-750 @ 5am along w/R. Rumbos, VILX. Does JBC have TT before their s/on, as I heard TT on 700, 750 & 560 around 3:30? (Yes, till 4:40 or so, then 90 to 4:45 s/ox ERO) Also, VILX-670 Venezuela was in @ 5:296w/program of S5 & mucho chimes like that of VILX. 11/8- WJW/KUES-1270 both s/off @ 6pm. The old mailman hasn't brought any new veries lately so my totals are 729/211. That's it for now. I hope to have more to report next issue. 73s & Happy Feastin'!

HEARD SINCE LAST ISSUE - 2RO

1060 WJST Jupiter, Florida 1590 W ARV EX-WAY
1330 WRLF EX-WICU (1/6)
Would you believe NO 10/20 DX NEWS as of 11/11? I would, hi. Plenty of DX as here goes: 11/4- WHXY-1550 5:20 pm w/c/v; WDRX-1550 10:23 pm continuing way o/WQXR for some time, rr. MM 11/6- WABR-1440 4:50 am; WAPI-970 8:31 pm, WAVE also in there, but no WWAS. 11/7- WABR-1140 5:01 pm, rr apparently; WAPI-1540 w/5:15 s/off; WNET-1420 5:30 s/off - very long MX report before this. WJW-850 10:30 pm, only a brief ID heard. 11/8- WABA-1550 4:34 pm w/c/v; CHIN-1540 Toronto, w/5 pm s/off, FM on 100.7; WBBD-1470 6:50 s/off w/o SSB; WISZ-1590 5:50 pm w/o all other 1590s for an instant. 11/9- WABX-1580 5:10 pm w/c/v for Station #46. Verity continue to be our current weak point, w/only four received this week: v/q- CBL (standard CBC card) & v/f, WNTC WVAR & CURN. I expect this situation to correct itself in a week or so, I hope, hi. On 11/6 fellow YC & myself & a few other friends took tours of WEAM-1350 Arlington, & WFX-1220, Falls Church. We stayed at WEAM for 1/2 hours & mainly talked w/two engineers. We asked about bad reports & they said they receive very few of them. We also inquired into whether they plan to go NSP & they said it was doubtful due to no competition on MM. However, they did indicate that if it ever will happen it’ll be in about three years. WEAM by the way is a 5kw. station highly directional toward the E (at night only) & because of this they have received their furthest reception report from England. Their RX is a Gates & they also have an AMR w/1kw. At WFX we were given a tour of the studio (which is very small) & also of the record library (which is very large). We also saw the RX (Collins 5kw). However, the announcer couldn’t answer our questions about it (too far above his head, I guess, hi). And just our luck, the engineer wasn’t in! At the end of our tour the secretary gave each of us two records ‘apiece, a program skad. & rate pamphlet. 73, good DX, QSY?

Roes E. Haagen - 302 East Egan Avenue - Madison, Wisconsin - 53716

Greetings everyone. DX seems quite good already, & I hope they will get even better as the season progresses. DX for the week: 11/5- WCBS-940 NC w/very strong signal 4:45 pm; WHNC-560 4:51; WILK-1270 Tenn. 5:12; WAVE-630 Ga. 5:25. 11/11- WABX-1580 Va. 4:50-5pm s/off, WMBU-740 NC s/off 5pm. 11/12- CHIR-1730 Out. 1:10am AN-rr. One verie in this week, w/r from WEAM-1330. I am anxious to verify WYRQ now that I read of their sale, but I got to hear them first! I have never heard a beep out of them in two years. All WJAR here. I hope to see some of you in Brooklyn on 11/25. Until then, keep listening - the DX is there (somewhere). Remember, c/w is THE mx.

DX TESTS - GOOD OR BAD?

In this day and age, it is mighty difficult to convince a station to come on the air in the wee hours for a special DX TEST. Several frequency checks have been listed in the DX Calendar, axx while these are certainly not DX TESTs, they are information directly to a Club from the station, which WANTS reports - ergo, it is listed in the DX Calendar to call that TEST to the attention of interested DXers. There have been some DX programs contained in the stations’ regular AN skad, too - these again are from stations friendly to DXers - stations who want DX reports! It is also good publicity for the Club, & it also might bring a Club new names as potetial new members. Some AN stations cannot be heard too far on their AN-6 skad, and have come on on their silent morning to run a DX Test. Again, it shows the station is friendly to DXers and wants to be heard at great distances! We think that it boils down to just this simple solution: If you don’t have the station logged and/or verified, it is a GOOD DX-Test. If you do - then it isn’t! But we must remember, many other DXers, including newcomers, may be very anxious to log that station! Let’s remember that the CPC men of this or any other Club put in a lot of time and work to try to get stations to come on for DXers - let’s be thankful that we do have these fellows in there pitching. We could use more CPC men - contact Alan Merriman - Box 6 - Fairfax, Virginia. He is our CPC Chairman. Perhaps YOU can come up with a GOOD DX-TEST or two! Why not write to Alan today and let him send you the details? -The Editor.
A

940 KIOA-Iowa  S/off with sing/call (that's singing ID - rk), no SSB. 11/13. (Ralph Johns, Buffalo, N.Y.) 

960 KOOL-Ariz.  AN 11/2 & 11/5: offered "souvenir/DX/card" to all reporters. (Johanns, N.Y.) 

**1000** WLMS-Mass. 

1230 WQU4-III. 

WNET-N.Y. 
WGNN-N.Y. 

WFBZ-S.C.  S/off 0011 11/3 w/SSB. (Ron Ponke, Centerline, Mich) 

1360 WWBR-N.J.  Also on late 11/8 w/ER. (Cooper, N.Y.) 

1500 WDEN-Ga.  Had f/c w/DT beeps 0200 on 11/10, changed to mx and announced ET after 0201, thru WTOB. (Joe Brauner, Punxsatawney, Pa.) 

1510 WPLT-N.Y.  Has r/c-TT every 3 months, next one probably 12/18. Check starts at 0030. (Cooper, N.Y.) 

B

Note: Any and all PSA loggings will be accepted for the column. - rk

1000 WLMS-Mass.  Hrd first day 11/12, pushes only an S5 here (relative to S9 plus 50 dB by W2Z). No R w/SSB. (rk)

1250 WYTH-Ga.  S/off SM at 0631 w/XL announcer. (Brauner, Pa.) 

WKYZ-Tenn.  S/off RS 0600 SM 10/12, topping channel here. (Brauner, Pa.) Check this one out again, Joe...they have their PSA now, 500 w. (rk)

1280 WROC-N.Y.  (Old: WVET) Ray Jobes, CE (He's a ham, also) says: we s/off 0530, dirl/pattern & at 0600 do non/D w/349 w to sun-up; 5 kW non-dirl then. He's interested if I can hear them w/the 349 w. (#THERE U've got a goodie to tune for) (Johanns, N.Y.)

1450 WWRI-R.I.  SM s/off is 0702, Hrd 10/29. (Marc DeLorenzo, Hyannis, Mass.)

1460 WBET-Mass.  S/off SM 10/29 at 0700. (DeLorenzo, Mass.) 

WRAD-VA.  10/29 s/off at 0559. (DeLorenzo, Mass.)

1480 WSHF-Pa.  S/off 0600 10/29. (DeLorenzo, Mass.)

1510 W3GW-S.C.  S/off RS on SM 10/12 at 0702, beating WLAQ by about 30 sec.; WJJC-N.J. in there at the time, on top later. (Brauner, Pa.)

C

(Sunset s/off and DX until midnight)

540 WRIC-Va.  Nov. s/off 1715. (Lou Berman, E. Meadow, N.Y.)

740 WRAM-Ala.  S/off 1745 w/"Dixie" 11/1. (Ponke, Mich.)

790 WRIC-Pa.  S/off 1700 11/1, no SSB. (Ponke, Mich.)

1000 WSFF-N.C.  S/off 1714 11/2, no SSB. (Ponke, Mich.)

1020 WCIU-III.  S/off 1746 11/7, no SSB. (Ponke, Mich.)

1140 WSIV-III.  S/off 1744 11/2, no SSB. (Ponke, Mich.)
Between December 3rd and January 1st, look for the following stations to be on later than usual, especially during the first and last few days of the period:

- 602 Jedda, Saudi Arabia (may be on 600)
- 665 Damascus, Syria
- 701 Istanbul, Turkey
- 746 Aleppo, Syria
- 760A Baghdad, Iraq
- 777 Zahedan, Iran
- 786V Tartus, Syria
- 836 Beirut, Lebanon

While many of the Moroccans and Algerians will be cluttering up the band, try also for the following rare Africans:

- 674 Benghazia, Libya
- 962 Omdurman, Sudan
- 1052 Tripoli, Libya
- 1484 Benghazia, Libya

Ben Dangerfield, Contest Manager, reports that not too many members have yet gotten into the NRC Foreign Contest this year and urges those who haven't entered yet to please do so - it's a lot of fun for 25¢, and the more that get involved, the more fun for all. Standings for those already entered will be published here in IDXD soon. If you receive any foreign voices in the course of your DX'ing activities, you could well make a good showing. Full details on the NRC Foreign Contest are to be found on page 4 of the 10/7 edition of IDXD. Don't delay - join up today!

**MONITOR REPORTS...**

The editor calls your attention to a new Madeira Island station on 1331:

535 Windward Islands. WEDS fair 1902-1918 on 11/4 w/R&R mx with a woman announcer. (Shacat, Mass.)

548 Algeria. Excellent at 1800 on 11/5 w/chanting and again on 11/7 from 1845-1900 when woman gave s/off announcements followed by anthems. Hrd s/on w/anthem 0101 on 11/8. (Shacat, Mass.)

60 Asiatic Russia. RV162, Vladivostok; IS and into Chinese, very good 11/5 at 0530. (Wood, Hawaii) R. Moscow IS at 0730 10/31 followed by talk in Chinese; sked to be // to 1200. (Kenney, Calif.)

560 Japan. JCCR, Kobe, commercial pgms; western mx 0530. (Wood, Hawaii)

575 Costa Rica/upid LA. Good audio from a Costa Rican here; who's the second one at 2215? (Conrad, Ky.) TNM and ?? (Ed)

602 Uruguay. Very weak carrier 1642; DF for ORTF, Lyon and not for Saudi Arabia; ORTF very strong and alone later. Looks like the Saudi is on 600, rats. (Ed)

60 China. Haerbin PUKT, so looped, Chinese play 11/5 0535. (Wood, Hawaii)

651 North Korea. Pyongyang foreign service; Japanese ID 0540. (Wood, Hawaii)

640 Guadeloupe. UMTF, Basse Terre logged on 10/30 1735 to after 1900; tremendous signal with no CQ. Pop. and R&R mx, many commercials all in FF. Report in FF sent; no reply to three previous reports. (Herriman, Va.)

Cuba. CMQ back on this channel 11/13 and 11/15; they've been having quite a bit of trouble with this particular transmitter (relatively speaking, that is, hi) lately and I think the switch to 650 was very temporary.

650 Cuba. CMQ now here ex-640; another good freq gone. (Silviera, Jamaica) See previous item, Mike. (Ed)

Hawaii. KORL very good at times 11/13; especially good right after WSM OC off 0203 and later at 0243 (best); got beautiful tape of ID. (Conrad, Ky.) KORL quite weak and barely readable at best around 0220; QRM from following unid stn. (Ed)

Unidentified. Who the Hell is the second stn here on W/CO? Holmes, Conrad and I have all heard bits of audio at times, but no ID possible even of lingo. Both Conrad and I get rough DF to the West, but it's been hard too early for the Aussie. Very weak spurious radiation on 650 from some AN stn on another freq? Have hrd this one on and off for several years now. (Ed)
International DX Digest
November 18, 1967
Editor: Gordon P. Nelson, 19 Irma Ave., Watertown, Mass. 02172. Phone: 617-924-9007

Contributors: Mail deadline is Tuesday AM; phone deadline is Tuesday night. Please put Monitor Reports and Verification material in IDXD format; one side of the page, preferably on regular sized 8½" x 11" paper.

DX Conditions: here in the Northeast during the past week have cooled off very noticeably; still quite a few TA's and some good LA's but none of the good Pacific, Mideast, or Africans audible a couple of weeks ago.

*Referring to the hot period 10/21-10/26: Ken Brownless, England reports "During the period of Oct 22/26 when W. Coasters were hearing Europe, there were reports of KCHO and KXIO being heard in the U.K. - also a tenative on KKL-750". Mike Pugaj, our man in Morocco, notes "BCB CX have been excellent for some time now. 10/25 brought WOKO/WBFR-1460 ID's at 1930; October 26 WIN in brad daylite until 0214 fade!" During this same period, Alan Merriman reports that "foreign DX has been surprisingly good here the past couple of weeks... on the 23rd of October, I had readable TA signals on 51 frequencies between 0030-0130."

*Since late October, everyone seems to agree with Ben Dangerfield who reports that conditions are "just so-so." Phil Sullivan, Mass. reports "conditions fairly good... some good LA reception." Jerry Conrad notes that 11/2 and 11/9 were unusually good to Latin America, while Mike Silvera in Jamaica says "conditions here unchanged though traces of TA's hard - no new ones except for Alaska-1214. Deep South America the same, a few signals still hard." Even after conditions had deteriorated for us, Richard Wood in Hawaii reports "conditions have been very fine, with potent signals from both the Far East, especially North and South Korea, from DU and from North America. 10/29 produced masses of Koreans, while 11/5 brought numerous Soviets, Koreans, Chinese and Japanese, with the low freqs especially good."

*On Reciprocal Paths. During the late October "hot period" the Scandinavians were hearing such as WAI at 2140 on 10/26; WDGY at 2025 on 10/26; KSL at 2015 on 10/25; WOKO at 2040 on 10/21; WOAI at 2045 on 10/21; KNIO, Washington, at 0130 on 10/26; KSIO, Cola., at 2159; and KCRG at 0004 on 10/26. (ARC) Information from New Zealand not in yet; it'll be very interesting to see if they noticed anything out the ordinary, or if these exceptional conditions were essentially confined to the Northern Hemisphere.

*Congratulations are in order to England's Ken Brownless and his compa triots on the resumption of Medium Wave News - the U.K.'s only all BCB publication and long a source of important DX information. Good luck.

*Turkey is really a much rarer BCB country in North America than it has any right to be. Not only haven't we heard of any receptions of Turkish stations in the last ten years, but things are so bad that even some of the top English DX'ers still need 'em. The following is the latest list of Turkish stations from Arctic - note the outlet on 1033:

701 TAM, Istanbul, 150 kw; 963 Istanbul II, 2 kw; 1033 Ismir, 100 kw (971 outlet not on?); 1063 Ankara II, 2 kw (reportedly on 1058); 1165 Kars, 2 kw; 1176 Van, 2 kw; 1210 Giza, 2 kw (reportedly on 1122); 1285 Adana, 2 kw (reportedly on 1316); 1295 Antalya, 2 kw (reportedly on 1297).

*The former U.S. Navy Galaxy, an old minesweeper, the old Radio London is being hauled and will eventually take up position off the coast of Florida, U.S.A. (NZDXT, who apparently picked up the information from something called "Listeners CB") Be sceptical unless further information from an independent source pops up. (Ed)

More information about the new New Zealand pirate being planned, R. Pegasus: It'll begin operations off the coast of Christchurch about Christmas from a fishing boat, and will operate from a fishing boat; freq will be 1235 as pereviously reported. Will only operate on weekends. (NZDXT) No doubt to avoid undue QRM to ZEM1... (Ed)

*One Down, 16 to Go! Says Hawaii-based Richard Wood about the closing of 5 kw KHI1 on 1190 November 6th. Said the Honolulu Star-Bulletin: "One of Honolulu's 17 AM radio stations bid its final 'aloha' last night. A KHI1 announcer went on the air at 6 p.m. and told his listeners farewell. John R. Desha II, an attorney for the station... asked what he thought the reason was... replied 'obviously financial.'" Richard adds that this one was AM 7 and that Don Kenney (11/11 IDXD) was probably the last stateside DX'er to hear this one.
Spain/und TAs (2). RNE, Barcelona its usual very strong self 1655 11/11, but this time there were 3 carriers visible and weak audio from one of them coming through. All DF'ed just about the same; would like to think that there was some ISRAEL in there, but they were probably Poznan and RIAS, both of which have dominated Barcelona for short periods of time in the past. (Ed)

Holland/East Germany/Syria. Lovely jumble of audios and classic triple SAH pattern 1714 11/11; all were about the same strength, but that Arabic mx from Aleppo really cuts through the rest. (Ed)

Jamaica. JBC, Port Maria s/on in EE 0445 11/6. (Flooden, Ont.) JBC hrd from 0446 to 0500 w/IS, s/on and devotional mx; QRM from what was probably YNX and a WSB CO. (Hostettler, Minn.)

Colombia. HJDJ, La Voz de la Antioquia, Medellin. ID and CARACOL ID 0458 11/6; much QRM. (Kennedy, Calif.)

Nicaragua. YNX, Managua ID'ed 10/13 at 2330 as Radio X la America. (Coles, Texas) YNX is now running 50 kw, Jody. (Ed)

Portugal. Lisbon II w/ Voice of the West in EE logged 10/9; extremely strong signals. (Merrinan, Va.)

Sao Tome. CQA, R. Clube de Sao Tomé, logged as recently as 9/30 in England on this frequency; also logged 10/11 in Sweden at s/off 1731, but the Swedes give the freq as just "760". This is a classic example of the importance of exact frequency information; the further they're from 760, the greater the chance that this extremely rare catch can for the first time be logged in North America.

Anybody remember that old American classic song, "What a Difference a Kv Makes?" (ARC, MWA, Ed)

Switzerland. Sottens is now making a bad low-pitched hit most afternoons w/ Dakar. Can almost always separate w/loop. (Ed)

Senegal. Dakar hrd w/exceptionally strong signal 11/7 1840-1900 s/off. Long periods of Korean; ID at 1855 as "Ici R. Senegal". Exact freq measured around 1630 11/8 at work, using phase locked SP600 and digital frequency counter. (Sullivan, Mass.) I disagree violently, Phil. Using a phase-locked heterodyne freq meter locked to WWV and integrating over 10 minutes on 11/9, I got 764.1778, or 0.8 cps from your value. While I must bow to the superiority of your measurement since you are using a Cesium-beam atomic clock, it really hertz. (Ed) Dakar noted w/good signal and audio but there seems to have been a 2 kos TT 0130-0200; who or what? (Conrad, Ky.)

Unid Asian. Still can't crack this one. Hrd 0639-0642 10/31 in Oriental lingo and singing. Later at 0823-0830 there was talk only, then mx, then ID I presume, but I couldn't make anything out of it. Hope fades for Malaysia because there was no 6 pip IS. (Petersen, Tonkin Gulf, IRCA)

Spain. Not nearly as good as last year w/fair signal at 1715 on 11/7; quite separable from WABC tho. (Shacat, Mass.) One of the most regular TAs around 1900 every night, but I agree with Norm that they're not as strong as last year. Think they may have changed transmitter and/or antenna system. (Ed) RNE very strong here 11/6 1845-1915 when it surprised me by drowning out TVI. Mx to 1900; ID as "Transmitiendo R. Nacional de Espana...", NA and s/off 1915. (Sullivan, Mass.) Egypt. Cairo up quite high w/AA mx briefly 1623 on 11/11. (Ed)

Barbados. R. Barbados in over WBBM 2130-2300 11/7, w/mx and BBC mx. (Flooden, Ont.)

Portugal/und TA. CSB9 poor signal mixed w/another stn; probably needed Burg at 1825 on 11/7. (Shacat, Mass.) Almost certainly Burg, Norm; SAH is about 1 cps at the present time and can be observed on S meter. (Ed) Good signal MH 11/6 around 0200. (Raczko, Ohio)

North Korea. Pongyang, 1st pgm; Korean 10/29 0740. (Woo, Hawaii)

Greece? VOA programming under France 11/4 1430; does Greece have VOA pgms? Never hrd before. (Bugaj, Marocco) Yes, Mike, this Greek stn has relayed VOA regularly in the past; we've logged it here. There was some confusion about whether or not the Greeks would continue to relay VOA after the recent coup, but to the best of our info, they're still running VOA relays. Anybody know for certain based upon actual receptions? (Ed)
Spanish Sahara. Based on listening to tapes, I say this one is // to 998 as far as I can see. This is weaker than 998 w/deep fades; hrd most evenings after sunset. Haven't hrd the Nigerian which was hrd last season yet this year. (Bugaj, Morocco) Aha, so they've still got the old 2 kw rig on also; will try to get a freq measurement for you soon. (Ed)

Spanish Sahara. New high powered outlet is no longer hrd on this channel; now only RAI audible. Moved to 998. (Bugaj, Morocco)

Mexico. XERFM, "R. Seis Senenta" hrd after 000 on 11/13 with this ID; this ID seems so similar to that taped from our unid Mexican on 665 last season that this may well have been the one. (Conrad, Ky.) Venezuela. YVNA, Cordas de Los Medanos, Coro now finally moved here from 1130; announces power as 50 kw and asks for reports; good signal days. (Silvera, Jam) YVNA very strong w/news 0435 11/13. (Ed)

Portugal. Lisboa I fair 0104 on 11/8 w/pop mx and woman announcer. (Shacat, Mass) Very good signal MM 11/6 at 0150 w/U.S. records. (Raczko, Ohio) Nice, local-type signal w/latest US pop records 0233 on car radio. (Ed) This is a best bet for anyone needing Portuguese but lacking receiver selectivity! After 0400, 670 and 660 clear on MM's, Lisbon is all alone. (Ed)

Unid Deep SA. Very weak SS 0330 Daed as Deep South America; likely one of the Argentine stations, at good times, but never enough for an ID. 11/13. (Ed)

Colombia. HJNQ, Medellin easily separable from 670 w/ID as "Radio Tricolor" 0335 after news; quite distorted and poor modulation quality. (Ed) This 11/13.

Nicaragua/Costa Rica. YND fighting it out with TIM 11/9 2200. (Conrad, Ky.) YND identifying as Radio Union, Managua... de Centro America, very often between 0025 and 0100 w/WRKO off on 11/8. Good even when WRKO put OC on at times; played some R&R (Shacat, Mass.)

Puerto Rico. WAPA s/ on 0411 11/6 and dominant. (Floden, Ont.) Very good ending news 0435 11/13 w/typical ID's; dominating on 11/13. (Ed)

Unid SS. Weak SS 0430-0500 w/typical IA pop mx pgms; distinctly different from program of CP34 hrd last MM. When does WAPA s/on now? After 0500 exceedingly loud SS; ID sounded like XM (I wonder how badly I misheard that one?) on 11/6. (Kenney, Calif.) Two unid SS stns 0505-0515 and 0528-0540 on 11/6. One looped N-S and carried ranchero mx. Several ID's, but none readable. Other stn looped Caribbean and had mx and spot for Radio Free Europe, so I suspect WAPA. (Northam)

Polvia. CP34 hrd w/"Hora Mendez" TC at 0428 10/30; program in Indian dialect and seems to be using different signature melody than last year. (Godwin, Colo., IRCA)

Spain. RNE best outlet here w/local-like signal stronger than CHFT and all the other 660 stns on at same time; Radio Nacional de Espana ID at 0100. Hrd w/semi-classical mx from 0040-0100 when they seemed to have mx. (Shacat, Mass.)

Japan. JCAB, Tokyo best signal ever 0355-0405 10/30 well under CBU but over CMBC. NHK pips (--) at 0400, but no call ID hrd. (Northam, Ore.)

Mexico. Note to Richard Wood: ID as XTRA in EE but as XETRA in SS every 15 min.; solid mx except for "La Hora Nacional" on SH's. (Kenney, Calif.)

Andorra. New country on 11/7 1710 w/fair signal and plenty of QRM from WLW. (Shacat, Mass.)

China. Peking, JKT second pgm, Chinese talk 11/1 0630. (Wood, Hawaii)

Saudi Arabia. American EE pop mx, C&W and Hawaiian mx hrd w/male announcer in sort of American style DJ show on 11/5 at 2100; LAC and continuing on into the AK; language sounds like AA. Also hrd one PM at 183 w/"World of Tomorrow" US taped pgm w/format like 'Changing Times' radio pgm; same kind of announcer, too. All EE; faded before ID; what do you think? (Bugaj, Morocco) Up until the Changing Times pgm, sounded like EE service of Saudi station listed on this freq; now I'm not so sure. Our many European correspondents will clear this one up in time though, even if you can't snag an ID, Mike. Nothing but TVTI around this freq here, unfortunately. (Ed)

Suriname. SRS clear as a bell and quite strong on 11/5 and again 11/7 w/old R&R and C&W mx w/woman announcer in EE; hrd 1900-1930. (Shacat, Mass.) SRS hrd well but not as strong as other times in the past 11/6 2200-2230. Some QRM from TILX and (unprintable) TV set. (Sullivan, Mass.)
...
**Dominican Republic.** HIL, La Voz del Tropico, Santo Domingo is GPN's undis stn in 10/28 IDXD; often ID's as "R. Reports" when carrying news. (Silviera, Jamaica) My DF system couldn't be happier, hi. (Ed)

Chiua. Shanghai-PJKT in Cantonese 0545 on 11/5. (Wood, Hawaii)

North Korea. Pyongyang, 2nd pgm consistent and outstanding. (Wood, Hawaii) Signal or programming, Richard? (Ed)

China. Chinese talk quite good 11/5 0545; Hangzhou PJKT is primary stn listed on this channel. (Wood, Hawaii)

North Korea. Pyongyang 1st pgm, Korean play, 11/5 0550. (Wood, Hawaii)

Kgypt. Very weak on 11/7 hr from CC of what was probably Andorra w/news. (Shacat)

China. Revolutionary tunes good 11/5 0550; Nanking PJKT is main listing. (Wood) Surinam? PZK7, Paramaribo tentatively the one w/what sounded like Hindi mx and Dutch announcements 0415-0416 11/6; s/on seemed to be around 0610. (Godwin, Colo.)

Costa Rica. TIC5, R. Titania logged here briefly 2150-2200 11/6; weak but no QRM. First TI stn here. (Sullivan, Mass.)

Spain. ENJ, R. Barcelona weak but clear w/mx 1720 11/6. (Sullivan, Mass.)

Cuba SS, MM 11/6 at 0500 but pretty well covered by WCCO CC. (Raczko, Ohio)

China. Nanchang PJKT, revolutionary music, very good. (Wood, Hawaii)

North Korea. Haerhピン PJKT, revolutionary music in and out w/HKX 11/5 0550. (Wood)

South Korea. HKX, Seoul, religious, mixed w/Haerhin. (Wood, Hawaii)

United States. Being hr from mid-evenings, mentioning Santa Maria (not Santa Marta) and being QRM ed by Rome. (Dangerfield, Pa.) Well, Ben, it's like this; there are Santa Maria's in Brazil, Chile, Mexico, Uruguay, Cuba and Argentina - I think we can rule out the one in Zamba, hi. (Ed)

North Korea. Pyongyang, 2nd pgm, always consistent // 800. (Wood, Hawaii)

Peru. QAX4A assumed to be the undermodulated wanderer in and out w/mx 2300-0000 11/6. Why run a 20 kw carrier w/20% modulation? (Wenck, Calif.) This one might be Curon, the next item. Don - several have commented on its poor modulation. If you think that's bad, try RADHKA on 658V; why run FM on the BCB? (Ed)

Netherlands Antilles. R. Curon is being hr around 1730; audio distorted, best copy around 1830-1900. (Conrad, Ky.)

New Zealand. 11Z best Zedder, many BBC relays. (Wood, Hawaii)

France. ORTF, Paris weak w/opera thru loud hst 0125 11/6. (Dlorenzo, Mass.)

Japan. JCLB, Fukuoka, talk in JJ 11/29 0750. (Wood, Hawaii)

North Korea. Pyongyang, 1st pgm; 10/29 0750, weaker than 800 or 850. (Wood, Ha.)

United South America. Very weak SS noted around 0350-0410 11/13; DF consistent for Peru but certainly not definitive; no trace of the Zedder. (Ed)

Panama. HOM51, Colon initially thought to be the Zedder until routine DF taken EE programming, pop mx, announcer had slight accent; in EE around 0115, EE ID's as "51 in Colon"; also good around 0330 in SS w/ID as "Fabulous"; 11/13. Easily split off from 881 Wales and the SSA on 880 even. (Ed)

Wales. BBC quite good around 0100-0130; will be a very bad het from HOM51 on all but he most selective receivers. (Ed)

Nicaragua. YNK, R. Libertad, very strong 11/9 2155-2205 resulting in good clear tape. MX, several ads and several ID's w/chimes. (Sullivan, Mass.)

Montserrat. Fair signal 11/6 w/hymns at 0505. (Raczko, Ohio)

Algeria. Very strong and clear signal from Algers w/non-stop Ray Charles records 0130-0145; woman announcer in FF, then setting-up exercises. (Ed)

United Arabs was probably the stn instrumental mx and what seemed to be FF announcements MM 11/6 0115-0133 fade-out. If so, a new continent for me! (Raczko, Ohio) Very likely Bill. (Ed)

South Korea. HILK, Fusun, news in Korean 10/29 0800. (Wood, Hawaii)

Brunei. A fair signal at 0645-0700 10/31 in oriental language; single tone and announcement in EE at 0700; static and QRM severe. (Peterson, Tonkin Gulf, IRCA)

South Korea. Seoul, HILK, variety pgm 0600 10/29. (Wood, Hawaii)

Colombia. HJY, La Voz de Cali, Cali ran AN 10/4 w/prog. reports of Pope's operation and mx; to HJCE-890. (Silviera, Jamaica)

**Germany.** Item re Soldaten send last week in IDXD under 935 should have been on this freq. (Ed)

Uruguay. CX20, R. Monte Carlo; got only an ID and a few ads through the mass of US stns 11/6 at 0325. (Silviera, Jamaica)
1335 Unid. LA. Who is this? looped LA 11/2 at 2230 w/LA mx and SS announcements; did not seem to be Colombian; not hrd since. VERY strong signal topping 35 db at times. (Conrad, Ky.)

1349 France. French synchro stns dominant here 0155 11/13; fair. (Ed)

1394 Albania. Tirana, fantastic signals 0010 w/mx in GG alternating man and woman; Couldn't believe a TA could be this strong! (Silvera, Jamaica) New country w/good signal at 0010 11/8 w/woman announcer, think in GG. (Shacat, Mass.) Tirana drifts a bit in freq when first s/on; can hear them drift up to zero-beat w/second TA; Austria? Mostly mx 0000-0030. (Conrad, Ky.)

1404 Clandestine. R. Libertad, still unable to hear this one; must be very low powered. Spent hours here, only thing hrd was a SS speaker on 11/6 and 11/8 which had middle of the road Frank Sinatra stuff; few announcements w/ID sounded like "K. San Martin" ?? S/off 0000 on first date, and 0016 on 11/8; no country or town mentioned. (Silvera, Jamaica) This is likely the very weak carrier that we can still get traces of some nights around 2000; still so weak that all we can determine is that it's coming from the South. (Ed)

1434 Unid. Asian. Very strong signal noted 0748-0803 10/31 w/oriental mx; could make nothing out of ID by woman at 0800; IS was like Korean except that all 4 pips were long instead of short. (Peterson, Okin Gulf, IRCA) Likely Cambodia. Ed Unid. looped Colombia on 11/2 at 2335 past 2345 when Monaco s/on; NA type mx and sounded like EE w/strong SS accent. Not hrd since. (Conrad, Ky.)

1470 Japan. NHK 2nd Net, 11/1 0615 // 1590, etc. (Wood, Hawaii)

1475 Asian. Russia. R. Moscow in and out 0400-0634 w/SEA service in EE; sked // 629 inaudible 11/5. (Kenney, Calif.)

1480 Puerto Rico. WADD, Fajardo s/on w/SSB 0411 WM 11/6; EE announcement followed by SS pgs; WHOM s/on 0459. (Delorenzo, Mass.)

1500 Curacao. PJCG hrd w/fair-good signal 11/6 0405 w/usual C&W mx; announcements by woman in Dutch(?). (Raczko, Ohio)

1501A Panama. Since when does HON play US R&R (and R&B) w/female EE announcer? Hrd AM 11/6 at 0422 w/fair signal but very bad het. It was HON, wasn't it? (Raczko, Ohio) Unid first hrd on 10/23, again on 11/8, apparently AM. Female announcer in EE, old R&R and jazz; TC's in EE but about 7 minutes fast both AMs; loops due south; over SS at times but deep fade; ID and address is given but haven't been able to copy it yet. Suspect R. Aeropuerto in Panama. (Herriman)

VERIFICATIONS...

730 MEXICO. XEX sent v/f and returned my pp duly stamped and signed in 11 days after f/up sent. (Floden)

755 PORTUGAL. Standard Lisbon QSL card received on 10/30. (Herriman)

800 NETHERLANDS ANTILLES. Bonaire, R. Nederland 20th anniversary QSL card. 2 days via airmail from Holland; no v/s. (Hartloff)

830 CUBA. CMMA, Havana finally QSLed my report of 12/16/65 w/letter and card. No f/up sent; letter, signed by Angel Hernandez, Director, stated that they'd just received new QSL cards. (Starnbury)

995 ECUADOR. R. Suceso sent SS v/l in about 3 weeks; also sent pennant and used Ecuadorian stamps. Signer is Eduardo Carrion Fuertas, Director-Gerente. (Raczko)

1075 COSTA RICA. TIFC verified my 10/15 report in two weeks w/standard card and info sheet signed by Harry Frost, Engr. (Raczko)

1580 MEXICO. XADD, Hermosillo, Son., sent EE letter for reception from B.C. (Floden)

THE CREW... Special welcome this week to Ken Brownless, England; Eric Floden, Ontario; and Tom Hartloff, N.Y.

THE QUESTION BOX. Tom Hartloff asks, "TMV and R. Nederland are obviously 2 different broadcasting "companies" but are they 2 separate stations? I have a hunch they are using the same facilities (on 800); also are both called PJB?" The station is actually owned and operated by TMV under callsign PJB w/500 kw; on occasion they relay Radio Nederland programming, that's all. (Ed)

KLUTZ CORNER. Change call letters of Mexican on 1180 in 11/11 IDXD to XEFR from XERF. Sorry, Jerry Starr, we really didn't "Marchesves" XERF to clear up 1570; the EE speaker you hear AM's is still XERF, not Norfolk Island. Sorry about that...

Admiral Nelson
1020 China. Changchun (so listed), relay Peking Korean Service; very good, not //
1040 or as loud. (Wood, Hawaii)
Venezuela. YWV, Maracaibo very powerful 0404 ending news pgm w/"R. Calandario"
1292. This on 11/13.

Ultid LA. SS here under KDCA CC 0456 on 11/6; HIJP? (Floden, Ont.) Or above. Ed
1034 Estonia/Portugal. Tallinn audible weakly w/the Portuguese 11/13 0007-0015 w/WEB's
carrier off; sort of the reverse of the previous week. (Ed)

1036A Ultid LA. Who's the one on the high side of the Haitian evenings? Assume the
one on the low side (about 1033) is the Colombian. (Conrad, Ky.)

1040 Honduras. HRBH, R. Mal fair to good over a second LA. TGKA? This 0154-0200 SM
11/5. (Delorenzo, Mass.)

Ultid LA. Who is the SS w/ID's as "Super Radio"; seems to s/off 0000. (Conrad)

1060 China. Canton FJKT, Mac talk in Cantonese 10/29 0755. (Wood)

1080 North Korea. Pyongyang, Korean talks and mx 11/5 0630. (Wood, Hawaii)

1090 China. Amoy-Fooshow area, Taiwan Service, very good, usual stuff. (Wood, Ha.)
Hawaii. KHAL hrd w/good mx 0348-0431 while XERB and KING were kindly off. Only
ID's were on hour and half-hour. (Northam, Ore.)

115 Nicaragua/Panama. Mixture of two LA's reached 35 db over S9 here 2230 on 11/9;
assume YNP and HON21. (Conrad, Ky.)

1119?? Venezuela. YVR, Ciudad de Lago, Maracaibo quite good at 0520 w/ID on 11/13;
lotsa QRM from 1120, guess this is about as close as we can cut them with the
present equipment. (Bl)

1150 Argentina. LK5, R. Atlantida, Mar del Plata, tentatively the weak SS hrd after
0400 since 10/8; not an XE. (Silversa, Jamaica)

1161A Ultid. Pretty strong carrier but apparently no audio noted just above WJJD 1835
on 11/9. Any ideas? (Shacat, Mass.) Maybe Americas jammer or perhaps spt? Ed

1169 Isle of Man. R. Caroline North logged for first time this season just at s/on
0100 on 11/13; a bit of theme mx, then woman said, "This is Caroline North",
then alternating man and woman announcers dropped back into the jumble; several
other TA audios there at the same time, probably Kiev and the German(s). (Ed)

1175 El Salvador? YES, Sonsonate. I'm not sure on this one; if it is they have
increased power a good bit. There every night; sometimes stronger than WHAM;
especially good 2230 on 11/2. (Conrad, Ky.)

1178 Funkyu Is. VOA Okinawa, Chinese talk 11/1 0620; jamming about level. (Wood, Ha.)

1180A China. Jammer ID's twice every 30 seconds as BL in Ch; VOA easily readable on
low side in Chinese 0710 10/31. (Kenney, Calif.)

1187 International Waters. R. Caroline South continues to defy the law; weak w/British
RAN 1747-1804 thru strong het. (Delorenzo, Mass.)

1195 Ultid SS. Weak SS speaker noted 0125; seems to announce freq; pop mx and frequent
announcements. Spain? Hrd MM 11/6; haven't time to recheck tapes. (Silvera)

1205 France. ORTF finally hrd here 11/6 at 0143 w/male and female announcers
alternating. Country no 33 here. (Raczko, Ohio)

1209A Ultid. Someone causing severe het evenings to WCAU; too close to separate here.
(Dangerfield, Pa.) The Cuban, Ben, see last week's IDXD. (Ed)

1214 Albania. Tirana very good signal 2240; commentary w/male, then YL in unid lingo:
10/29. (Silversa, Jamaica)

1290 Japan/China. JGHT, Sapporo, stage show, mixed w/but mostly overriding Liaoning
11/5 0640. (Wood, Hawaii)

Colombia. HJTH, R. Ritmos, Medellin now noted AN again on this channel ex-1292.
(Silvera, Jamaica)

Mexico. XEDA, R. Trece. Mexico DF noted w/ranchero and SS rock mx at 0210 10/4;
woman announcer. (Silvera, Jamaica)

1290A Ultid LA. Who's the SS stn on the high side of 1290 w/weak modulation; off on
HR+1's. (Conrad, Ky.)

1295 St. Maarten. PNPZ 0400-0430 w/lots of organ mx and religious pgms in EE; about
10% readable on peaks. (Kenney, Calif.) 11/6.

1329 Colombia. HJAD, R. Vega, Cartagena is ERC's unid in IDXD 10/21: "Circuito Radial
ABC" AN. (Silvera, Jamaica)

1331 Madeira Islands. "Esmeralda Regional de Madeira", new stn, began operations from
Funchal on 10/22. Is 1 kw and operates 1130-1400 & 1900-2300; Sundays 1200-2300.
Think these times are GMT but may be local time. Plans 10kw in late 1958.
November 18, 1967

s/off 11/9 at 1744, no SSB. (Ponke, Ill.)
November s/off 1700. (Berman, N.Y.)
New s/off 1645, 1630 in December. (Berman, N.Y.)
November s/off 1700. (Berman, N.Y.)
Nov s/off 1745. (Berman, N.Y.)

D

1090 WBAL-Md.
1250 WTAE-Pa.
1470 CFOX-Que.
1510 WPWT-N.Y.
Still AN-6, but HI now. (Cooper, N.Y.)
It's not funny. (rk)
Silent 0600-0700 SM's, after testing all SM, giving
W. Pa. tuners a chance on 1250. (Brauner, Pa.)
Off MM 0100-0500. (Erich Foden, Ottawa, Ont.)
0600-1645 in Nov; 1630 Dec. (Cooper, N.Y.)
Still AN-off SM 0000-0600. (Schmidt, Pa.)

The support is better now...let's keep it up thru the
season, OK?

Kenneth Murphy plans to be in Greater Boston Area Thanksgiving Day... and offers his services to aid the produ-
ction crew in putting out the bulletin... Ken's gracious offer will be gratefully accepted... and the crew
for the most part will converge upon our Watertown Square location at about 3 p.m. Friday... hopefully getting
the bulletin out in time to get to Brooklyn by noon the next day. Our phone number for directions to find this
place is 926-2671. Who tipped Randy Kane on reception of the new WLES-1000? I hope no one mistake
legitimate criticism designed to stimulate constructive dialogue on problems facing the hobby as either intra-
or inter-club sniping. I believe Ye Pub's record of activity toward greater inter-club friendship speaks for it-
self. Certainly, Ye Pub does not consider himself infallible and we do not consider criticism of our statements
or our club activities as personal attacks! A special tip of the hat here to Randy Kane and Gordon Nelson,
who consistently spend several hours to several nights preparing their own columns, then aide the production
crew each Friday night in the collation and stuffing of the bulletins. Tom Holmes, Phil Sullivan (who drives
40 miles one way) and Hart Crenin have been faithful aids. There will be other Bostonians, as well, to help
us... and maybe take some of the pressure off Gordie and Randy. Next week, we plan to keep tabs on the total
man-hours involved in publishing the bulletin. I'll offer a Vanu Jones Log to the NRC member (besides Dick
Cooper, who did it all himself) who can come the closest to guessing the TOTAL MAN HOURS involved in the
Headquarters function...
What would happen if all 400 NRC members would send in a 30-line musings, ten DDXD tips, and five DDXD tips, all in the same week. Do our members expect everything they submit to the various
editors to be printed, or do they look for selective editing, and only the best getting in? So far, we've managed
to get most everything in, but sometimes at the expense of special feature articles, new innovations in the hobby,
and such things as a full page more of PSA's to add to last week's PSA list! That will run next week.

THE GREEN PAGE...

This week provides a complete list of radiations from TV Sweep generators, both the old black and white television
set problem, and the more difficult color TV hash. This would be a valuable piece of material to separate from
your bulletin and tack on the wall. This'll give you a picture of some of the "mysterious carriers" that some
"DX-ers" occasionally mistake for TA's. Because this is primarily an insert for the wall, you'll find it blank
on the reverse side.

As soon as our order of envelopes (full year's supply) comes in, Thomas Holmes will once again take over the ad-
dressograph. We'll probably con him into taking care of sample copies, new member kits, and club supplies, too.
Television interference on the 4-54 MHz band.

Television receivers transmit small quantities of RF energy over a very wide range of frequencies, with greatest radiation on lower frequencies. These radiations are the higher harmonics of the horizontal sweep oscillator of the receiver and, while several different methods have been suggested to suppress these TV radiations, they don't usually clean up the problem totally. If you have severe TVI problems from a nearby TV set, you might try the following measures which have helped in some situations:

1. Coat any non-metallic portions of the TV receiver case (frequently the back is fiber-board even if the rest of the case is metal) with aluminum foil. **TAKE GREAT CARE TO AVOID SHOCK HAZARD FROM THE HIGH VOLTAGE SUPPLY; SPARKS CAN EASILY JUMP AN INCH OR MORE, ESPECIALLY AROUND THE PICTURE TUBE.**

2. Frequently this radiation is being transmitted via the power cord and/or the TV set's antenna. Put an ordinary "noise line filter" on the TV power plug, and a highpass filter trap (Lafayette item 18R3609, or see Chapter on TVI in the Radio Amateur Handbook) where the TV antenna connects to the receiver.

Usually the identity of a TVI sweep harmonic is obvious due to the rough buzzing sound of the audio (a mixture of 60, 120, 180, and 240 cps components), but very weak radiations are sometimes mistaken for foreign carriers or jammers. The following tabulation of these TVI signals (rounded to nearest 10 cps) should be very helpful for the active DX'er. Not only are the radiations from color TV sets on slightly different freqs than those from B&W sets, but color sets usually put out much more QRM (because higher sweep powers are required for the very high anode voltages used in color CRTs).

Criteria for Reporting to IDXD. As support and interest for IDXD continues to grow, we foresee possible future space and time problems. We'd like to outline the types of information that's most useful for the users of IDXD:

1. New stations, frequency changes, format changes, schedule changes, etc.
2. Obscure or rarely heard stations; stns not often hrd at the reporter's location; receptions at unusual times or at unusual strengths; split freq spurs from domestcs
3. Info on common but hard to ID stns - slogans, IS's, etc.
4. Stations hrd during periods of unusual reception conditions.
5. Initial loggings of a station by the DX'er.
6. Unidentifieds with enough material to allow possible ID by members - reports of the form, "Who's the SS hrd evenings on about 1000?" help no one.
7. QSL information that will help other members verify the station.
8. Feature material, research, clippings, etc. of interest to other members.
