After more than 36 years, this is the LAST DX NEWS to appear in this column. While it might be something for an Editor to become nostalgic about, it is NOT something to cause concern to the members, for the NEW DX NEWS, which you will see in just one week's time, will, we are sure, excite you greatly! So keep watching this mailbox, and in just 168 hours, your new DX NEWS will arrive - and with it, the BEGINNING of another National Radio Club era!

Dear Sirs:

"This is to inform your members that WOMN is no longer an affiliate of the American Entertainment Network."

Yours Truly (signed) Chuck Hutton.

1051 First National Bank Building, Decatur, Georgia, 30030

404-377-2676

WHAZ will be on the air on Monday morning, January 13, 1969, from 3:00 until 4:00 am, EST with 1,000 watts, non-directional. This is during the WEVD/WPCW break. WPCW signs on at 3:53 am. Although WHAZ normally runs religiously oriented programming, for this test there will probably be easily distinguishable Rhythm & Blues, or Soul Music. The test will be performed by their Chief Engineer, Mr. Dennis Jackson. Also on 1330 at this hour are, usually, KFAC, KFW, WBTM, & WHCT. The latter has often cut to their 250w. stand-by transmitter during 1330x tests in the past. We hope everyone will hear this long-time DXers' friend, WHAZ.

KIMS is planning a long test period on Monday morning, 1/13/69, from 1:00 to 3:00 am, PST, or 2:00-4:00 EST, on 1490 kc/s, with 1,000 watts. KIMS too has been a very friendly station to DXers, and we welcome their test broadcast. We do not have the information on the type of programming to be used, but we hope for several periods of tones and possibly Morse Code station breaks, due to their crowded frequency, which will probably find WLEE, WDNM, WABB, KROX & WDAS also on the air on that frequency. Send your reception reports to Radio Station KIMS, Box 1804, Lincoln, Neb. 68501, to their Chief Engineer, Mr. Carle Lewis, whom we thank most heartily for this tremendous chance for us to log his fine station.

CONGRATULATIONS

To Mr. & Mrs. ROGER WINSOR of Valparaiso, Indiana, on the birth on December 7th of little Miss Christine Renee Winsor! Christine is their FOURTH daughter! Our very best wishes to her and her proud parents!

Hi again. I just arrived here at Travis after a three-week leave so I've waited until now to renew. I'm fixing radios here (so they tell me, hi) & expect to be here at least a year. A total of 12 veries had accumulated at home during my nine-month absence & I added a meager three heards to bring NY totals to 949/326. So far 66 stations logged here, 140 miles S of Sacramento on transistor, most being clear channel jobs w/eight states & three provinces counted to date. Lately: KVIF-540 KUWB-570 KGO/CJOR-600 KIAR/kw-670 KGOI-670 XETRA-690 KMFB-760 KOB-770 @8:30 MM s/off KFWB-850 KFPF-1120 KFWP-1120 KOL-1300 KIPM-1370 KFRO-1450 KDON-1460 KSEM-1470 KE/T/EX on MM 12/9, 1:45-2 s/off asking for reports, KFPM-1540 CFIBM-15°C @ last, hi. One mystery, SM about 12:30pm EST (9:30am PST) MoR u/KVIP-540, Dean --? Show, any odors? No veries to report yet, reports out to KSEM & a few others. That's about it for now. I think I'll go have 3 cups of coffee in 30 mins & anna the local waitresses with my salt & pepper tricks. 73.

George B. Sherman - 10th Pineywood Circle - Rosemount, Minnesota - 55068

Only a few new ones this time. 11/30 - KNOL-1430 Neb. for the first time, a pleasant surprise as WIL is usually strong. I heard it in late afternoon, but didn't note the time. 12/1 - WENN-1240 Tenn. @ 12:13 ID, 650 miles distant & nearly 150 others on the frequency at the time. I don't see how it's possible as I don't have a loop, & my RX is a portable. WCMT-190. @ 12:50 wrr. KUUL-1240 Kans. 1am s/off. KDON-1460 Cal. w/excellent signal & rr 2:02 tune-in to 2:20 tune-out for Cal. #7. From 12/6-8 I visited a friend in New Prague who is also a DXer. New stations heard on 12/7 were KWN-990 @s/off, WMAK-1300 Tenn. wrr, WIRV-1550 Ky. w/T & possibly KMJ-580, but I only heard mention of Fresno on sports or NX, I think, so it could have been anything. 12/8 produced unn WAY-1550 Ala. wrr loud & only 500w. Then I waited for KXKL-1540 s/off @ 1:30 & heard an unID c/WPTB. It sounded just like a station I'd heard several times before, but never heard an ID. I listened 1:30-2:15 & I actually heard ZNS give an ID @ 1:45. Most've been an accident, hi. Their RX is non-slap, no commercials or any other announcements. I'd guess they give an ID about once an hour. That's n 11th country on portable RX. I have received quite a few veries: v/l- CFOB-800 KAKG-1240 KERF-1250 KIWN-1320 KAPX-1460 WPSH-1490 WQSB-1550 KFPF-1580. KDON took three days, KIIZ-1380 took 74 days. CM w/v/l- KOKA-1080 KISN-1530 KBBB-1600. CM-v/l-v/q- WMLT-1580. v/f- WAPE-690 KXLF-1370 KQES-1590. v/q- KXKL-630 CHIR-730 XELD-920 WBAP-820 (3½ months) WIS-890 KDDA-1020 WBZ-1030 KAY-1090 WLS-1180 WOVO-1190 KCPX-1320 WACK-1530 WQXR-1560. A little info on Minn. stations: WECB-560 & KESI-950 are rr, mostly oldies. KINO-620 WDGY-1130 & KAUS-1140 are also rr, mostly current records. KTCR-1400 KCIQ-1390 & WMYN-1400 are c/w. KAQG-970 is AN NRC Log lists 2:02am s/off. I think WLOL-1330 is also AN, listed for 3am s/off. I hope to hear the WACE-730 TEST on 12/23, as this will mark my first chance to DX MM since Summer. I hope to list my daylight DX soon. I DX 1W-SW-TV-FM-MK (of course) & am interested in ham radio. I welcome all mail, so please write & I'll answer. 73.

Don Kasey - Hotel 81 Rancho - Box 235 - West Sacramento, California - 95691

Six more veries this week to up overall total to 1,675. My fourth Alaskan received on Friday the 13th when KJNP North Pole answered my f/up of 12/4 w/a nice v/l & v/q, CM, & other propaganda. They said they had just printed up v/q's & I was the first to get one. Also te only other report they've received other than Alaska & Northern Canada was from Sweden. I have heard them three times this season but no one else can get them. See what NERA will do for you? Others in from KMAT-1430 KURN-910 CKWJ-580 KOMJ-610 KCHU-1570, all v/l. KMAT says they have been on since 10/1 as KMAT & that KGFL went busted o/a year ago. So although they used a KGFL STD on their 10/21 ID I guess I should count this as KMAT. CKWJ says first report from this far S & KCHU was on fourth try proving f/ups do work if you have the patience. Now if I could only convince KMEN KCHJ KISN KWSO! 1M 12/16 was a delight here as not only were CX good but a number of NSPs were off: KJHR-930 KMN-1290 KYA-1250. Nothing overly startling heard but I did pick up a batch of courtesy points finally. Someone in 1E 12/16 4:55-5:30am battling an SS, religious program to 5am then into what sounded like a commercial type program. Announcer sounded more American than British. It certainly wasn't WEM unless they were operating w/1kw or less. SS all over the dial all AM, blocking Alaska. 73. 12/16 best CX here since before 11/l.
(Rick Marr) because of heavy WUST splash. 11/17- WVVA-1140 Va. w/ID @ 2:30pm, difficult because of splatter from both WUST & WHNO. 11/19- Local WHNO-1150 Gaithersburg, Md. v/NX @ 11am; nothing on 1160. 11/26- WVVA-1170 WV. 11am w/ABC Information NX, poor signal; n1l-1130, WANN-1150 Md. w/NX/NX @ 11:30am, n11-1200; WCAU-1210 Pa. 1:11 pm w/telephone-talk show through WFAQ splash; local WFAQ-1220 Falls Church w/ID & NX @ 1:30pm. 11/30- WTHI-1230 Md. 11am w/NX, sports. & WX, very little WFAQ splash. 12/5- WCHS-1240 Md. 10:30am w/brief UD after conclusion of religious program; n11-1250 because of heavy WWDX splatter; local WWDC-1260 DC @ 12:40pm w/MoR; n11-1270, also due to WDC splash; WHVR-1280 Pa. @ 1:08pm following NX. 12/6- WAGB-1290 Va. w/ NX @ 11am. Total number of stations logged now stands at 44 from six states & DC, daytime DX only. One recent trip to NYC, I toured WOR-710 which is located at 1440 Broadway in midtown Manhattan. WOR is owned & operated by RCA General & has several large modern studios from which it’s talk programs originate. That’s DX for now.

Merry Christmas to all and to all a good DX night.

Martin Blumenthal - 10 Cutler Street - Worcester, Massachusetts - 01602

Time for some more of my garbage. 11/30- KRMG-740 in well @ 2:30am. Not heard too often here due to the Cuban. UniTS topping 1400 @ 2:47 w/HI, probably WICK. SSF found WKDR-1070 for first time @ 4:15pm, usually only CBA/WKOK here. 12/1- CKVK/WKTX fighting it out on 850 after WDII s/off @ 4:21am. An UniTS FF on 970, 4:21, is this CKCH on early? (On AN - ERE) SSF found WPIK @ 4:37pm, W700-1000 like a local till 4:50 s/off, WTHM-1530 even w/WCKY @ 4:55. WKNO-1580 noted w/MoR @ 5pm. I thought they were all rr. 12/2- Of course it was rainy & foggy for the fifth MN ina row. Venezuelans (?) all o/the dial w/what sounded like ER. Only ID I got was a R. Culture-1000 @ 1:30am. WEVA-860 noted w/ID @ 12:40am earlier than list. 1:06am, unID TT bothering WINS-1010, who? WCCO noted off but testing @ 1:17. WMEX on @ 1:27 w/rr, maybe a test. SSF, WSNX-1210 s/off @ 5pm. WPUB-1580 atop @ 5:05. CJNR-730 S-9 w/sports @ 5:10. WNIR-1110 s/off o/WBT @ 5:15pm, WSKT-1570 noted @ 5:28 - they full-time now? (No - ERE), probably s/off @ 5:30) 12/3 saw the return of the Tas, Barcel-737 & Reme-845 both in well around 8:30pm. 12/6- SSS, WUST-1120 s/off @ 4:45pm WKNX-940 in briefly o/CRM @ 4:55pm. WEEB-990 atop mess @ 4:55pm, soon followed by WBOX. 12/7- Up for some of the r/c's but they failed to show. Conspicuous by their absence were WBBJ-1580 & WIVR-1550. CX were good so I would have heard them if they were there. I did get CJOE-1290 w/HI @ 2:54am, thanks to Ken Lyon for the ID. UniTS TT on 610 3:030:15 & on. WRK-1290 briefly @ 3:55am. SSF was good to the W. WATT o/WGUS @ 4:05pm. What sounded like an ID for W3ON-860 @ 4:39pm through the mist. WSBA-910 strong @ 4:45pm. WANT-950 s/off @ 5pm. 12/9- No rain for a change but heavy QRM & generally poor CX. Local WAAB-1140 noted off, while WORC-1310 tested w/TV Western theme nx. SSF good to the S. for a change. WNIR-740 clear @ 4:44pm. WEVA-860 good @ 4:57. WEEB-860 s/off @ 5:15. WBTZ-1550 local-like 5:20 to 5:29 s/off. 5:31, unIS s/off giving location as "---- Beach." Only "Beach" on 1550 would be WQQ kind of hard to believe, but what else could it be. Veris: v/1- WEVA-860 KVCO-1170 WAHO-1550. v/q from Senegal-764. Opee- no more room. 73s.

Jay Wurley - 2107 Bayswater - Newport Beach, California - 90660

New Mexican-U.S. Treaty deserves study by all of us. It forecasts changes in authorized hours, power allocations, & directional patterns. Four new US stations on Mexican clears are likely; in addition, some 260 US daytimers will get pre-sunrise authorizations, until now prohibited at 730 860 960 940 1000 1050 1060 1090 1140 1190 1220 1550 1570. Some 20 Mexicans on US clears will get post-sunsets to 6pm local TX. In addition, some 60 special exceptions to the Treaty were agreed upon. Among them: WOTE-540 Flta. to go to 10kw. nights, protecting XWMA; WERF-1180 to 20kw. nights, protecting WHAM, NY & XEGR-1030, DF, to 20kw. nights, protection WBZ, Mass. Here in the SW third of the country, the graveyard jumble will prove worse than ever, as 24 US & Mexicans at 1230/1240 1340 1440 1540 1650 will probably get 1kw. authority - but in such cases as Arizona's 1440 jungle, the FCC may take a long, hard look. And by the way, KFL plans to eliminate MM s/off's very soon, so if you need anything else on 640, better get it NOW.

"AM" SITUATION - 6:45

590 V O C M SPU, on MMs
1230 W B H P NSP, c/u
1390 W N U S Inc. MM, NSP?

THE NEXT ONE WILL BE OUT DATED JAN. 4.
THIS IS SO THAT OUR PUBLISHING CREW MAY ENJOY THEIR CHRISTMAS HOLIDAYS TO THE FULLEST.
December 21, 1968

DOMESTIC CONTEST STANDINGS, as of 12/3/68, by DON KASKEY.

1. Stewart Darke, Pa. 503
2. Bill Wattler, Colo. 435
3. Frank Waldron, N.J. 438
4. Bob Shaw, Ohio 410
5. Dave Fischer, Nebr. 380
6. Don Kaskey, Cal. 342
7. Joe Fela, N.J. 319
8. Dave Carlson, Mo. 303
9. Marc Delorenzo, Mass. 282
10. Clarence Freeman, Cal. 271
11. Dave Allaway, N.Y. 265
12. Randy Kane, Mass. 256
13. Gene Mattocks, Cal. 250
14. Mike Northam, Ore. 247
15. Wayne Heinen, N.Y. 241
16. John Clifford, Ill. 229
17. Richard Eddie, Mo. 223

Gene Delorenzo, Mass. 223

Jerry Conrad, Fla. 223
Frank Wheeler, Pa. 204
Ken Lyon, N.Y. 200
Don Erickson, Cal. 169
David Prather, Cal. 159
Chuck Hutton, Cal. 147
David Kulka, Cal. 130
Larry Ven Horp, Tex. 116
Or. 102
Walter La Roche, Pa. 90
Wayne Heinen, N.Y. 41
Bill Ochs, Me. 38
Paul Kilroy, D.C. 41
Bob Pietsch, Cal. 0
Bill Block, Ore. 0
Bob Jacoby, Cal. 0
Lynn Brooks, Okla. 0

The deadline date for entering the Domestic Contest is 12/31/68, so this haste be the last mention of how to join in. Send 50¢ in cash TODAY - right now - to Contest Manager Don Kaskey, Hotel El Rancho, Box 235, West Sacramento, California, 95691.

Hi. Some new DX here as follows: 11/19- WIST-1160 TT @ 12:05am, WUL-1140 @ 12:20, WBSW-930 TT @ 12:20, WHTC-540 TT @ 12:25, WJBC-560 @ 12:28, CKAR-630 @ 12:35, KFI-842 @ 12:55am, & WCOL-1940 @ 1:25. Daytime DX on 11/28- WIST-1160 @ 2:10pm, WANN-1190 @ 2:16, WCW-1560 @ 2:25 @ WEPD-1160 @ 2:40pm. The WQJW TEST just made it here. I needed a tape to distinguish most of that was said. DX on 12/9/ PM- WKB-1110 @ 5:30, WUW-1130 @ 5:32, WXO-1150 @ 5:35, WAFT-1070 @ 5:37, KWM-1050 @ 5:45, KMJ-1150 @ 5:50, KVPT-1050 @ 5:58, WSO-1140 @ 6:17, WLVN-1140 @ 6:20, & CKLM-1570 @ 6:30. WIND-560 @ 10:25, CMKJ-610 @ 10:33, & ZBMI-1235 @ 10:55. Can v/q from WCLE. 73.

Veris! WBSW-1560 WUW-1100 v/lis, & v/q from WYF-660, R. Iara. 660 is a good frequency for verifiers & All three UDAs, & one Brazil, Colombia, Venezuela, Guatemala, & Wales-881. Only refuser is Panama from last Christmas AM. A combo of illness at home & five inches of snow prevented the weekly Sunday drive, so it turned into a fine day DX session, as the people next door were out, & so was their fluorescent light, hi: 12/15- Have you heard the commercial, "You go in snow, or we pay the tow?" Well, we went in snow, DX-wise, likewise: CX almost like night. Brand new WSFW-1110 c/o WMAR & c/one other w/ a high-powered preacher @ 2:30-3:10pm. Then, Wcoil-1070 in/out mostly w/ WJOK w/Eagles FB; is rr: 3:15-3:45 when CBA took over the channel. Then on 1000, signals strong enough to push aside WINS 1 stunt, & I logged WIOO w/rr 3:55-4:45 s/off, & WDEE-1000 4:24-4:53 when WCPD took over, WJKE w/festival-raising program for Christmas season. MM 12/16- WJKE-1550, a long-time nemesis in getting a reply, on f/c-TT 1:16-tune-in to 1:23, tune-out, & gone upon my return to 1550 @ 1:26. Another bugabo, WAAC-1530 on f/c-TT 2-2:15, fine signal & for the fourth time, like WJKE, reported. Then I noted BCC-1088, Droitwich coming in @ 2:30-2:45 & reported. Local WCR-710 was off RS but Titing, and raising holy-ned from 6:60-7:50. WINS-1010 also not programming, but on w/OC & low TTs most of AM. SNBC-660 also Titing around 2am Unm WLO-730 noted on ET-c/w 3:03-3:08 s/off c/ one CKAC, & both c/an unID SS. Don't forget, on Christmas AM, watch for SSes & FFGs (French Canadians) most of whom air midnight mass, then stay on late or AM w/festival-type nx. Some is true of many on 1/1, only everybody practically is AM then. WWVA-1170 is generally silent on 12/25 AM so watch that channel for WLEC, etc. Have a very Merry Christmas, all, & C U N 14.
Check sent 11/25 for WME Log via First Class return mail - still not received 12/17. Jerry Starr: $2.50 Mexican is 20½ U.S. - $2.50 U.S. is 31.25 Mexican. If you received the letter then you must have a collection of stamps considerably more interesting than the verie. Len Kruse CF List: KPKE-1050 Liberty, Tex. has been on the air for a year. VJJ here dates from last December. HRC: WAAC radio has "Short Wave Listeners Confirmation Card" v/q imprint. It would not surprise me if some of our semantics minded DXers took him to task about this & he just shut off DXers. Quibbling in this area over the years has undoubtedly taken its toll among stations who previously verified. Week of 11/25 was WME DX NEWS clean-up week - all four November bulletins received that week: "ceot, of course, 11/30 which still has not arrived, nor 12/7. 12/14 issue in today 12/17 via third class. Come to think of it, no 11/30 bulletin anyway. Right? Beautiful letter verie here from KP0J-1380 heard after WBAI DX. No sign of WREO DX, all WAVE, unID, semi-religious "Son; Time" & unID SS. I'll second motion on KREE Sallisaw, Okla. v/s. Anybody real this one in yet? 73s.

Mike Tannery - 1205 11th Street - South Houston, Texas - 77587

Hello. This is my first Musing in a year so I'll re-introduce myself. I am 17 & a Senior at South Houston High School. The FMX here is an S40a Hallicrafters w/ Heathkit Q-Multiplier. Antenna is a 3' Judy Coles box loop. I have a good 4' DF loop under construction. It will be wound w/ KI7174y coax. My best catch foreign-wise is Sierra Leone-1205. My best domestic catch is KP0B-1380 Redfield, SD on TEST last year. DX: KX5-550 Ariz in 12/2 @ 1:53em while KHEA was off. W4Y-1290 Kirk, NC @ 4:45am 12/2 w/ MB scores. As you can see I do little domestic DX & my foreign DX is in the IDXD so looks like a minimum from the QM Ranch. 73s 'til next time & good DX.

John H. Hooperhead - Box 941 - Marquette, Michigan - 49855

An outstanding AM 12/12 between 9:15-10:30 for new stations in Minn logged on RX: KDWM-630 KF1I-1060 KGFX-1060 WOPA-1080 K300-1140 KASM-1150 WAVH-1220 KBAF-1250 KDUZ-1250 KLI2-1380 WGR-1410 WCMF-1350, all new logs. They were coming so fast & furious I couldn't keep up with it all. The last two evenings between 5:50-15pm on 12/10 & 12/11 a Vermonter, WWMT was logged by looping out WIMJ. This was on a good NE day when stations such as WGY WPTR WGR WBNW WHEC generally ruled their respective frequencies. Try this one, Mid-westeners who can loop out WMJ. It may prove a good bet for a rare state. Almost all DX has been SSS mainly in efforts to get totals up. I am still shooting for 500 by 1/1. I notice WHEO-1460 1b AN on my tape the other day. New AWer? Totals 418 now. What DX CX 12/16! Close to 50 new ones & now in a little less than three months totals have reached 507. New countries logged today include Leeward Islands, Costa Rica, Surinam, Jamaica, El Salvador, to go w/Peru & Brazil logged on 12/15. SSS DX netted KSES-750 @ 6pm, KIMM-1150 s/off 6:15 u/KSAL, KGG-1050 @ 6:20 w/ski report. WING-1410 noted off & rare KCW noted atop, all AM. KGA-1510 atop the FCC till 2am s/off. Also on tests were WAAC-1530 KWLA-1530 WDEW-1500 WOKV-1460. The WSCJ-1550 TEST was not on. I heard only KHUB w/cJ Max & WOKI. WELO-550 & WBAL-1090 were noted @ 5em s/on, the latter Md. Station. CKFM-710 Ville Marie not in FF @ 6pm, no ID, but who else could it be? AM DX 9-10:30: The past six mornings have netted Minnestans & Dakotans all o/the dial. In fact 23 new Minn. the past seven days.

Hal Noble - 273 South Street - Medfield, Massachusetts - 02052

Just a short Musing, not because I have very much to say, but so everyone will know I'm still around! Very little listening has been done at this post of late. When reception CX to the S have been good there have been traces of WIBS, St. Lucia, 250w. on 1575k. Sometimes only a hjt, but at others fair audio. Best copy was way back on 9/11 when I made a fairly good tape & got a clear ID @ 6pm. Veries are often slow from WIBS due to small staff & limited facilities for answering correspondence, I understand, but I expect to hear eventually. Only other interesting catch have been the Wellesley Broadcasting Station WBS at Wellesley College on 650k. Not too far from Medfield, of course, but my first college station. Request for verie & info on power has brought no answer as yet. This is about the extent of activity here. I am hopeful of doing more listening later. Merry Christmas to all.

Jerry Sterr - WIBX Radio - Youngstown, Ohio - 44505

Hello again, just a brief Musing to say THANKS to all those who have volunteered (P.H)
(Jerry Starr) for the CPC. We still need many more members, most urgently in Regions 3-4-5 as outlined in the 12/7 DX NEWS. Whether you can write to 100 stations or only a few, no matter what the number, please volunteer. Every additional letter written is another possible DX TEST. If you're new to the CPC you'll be sent the new CPC booklet which outlines all the procedures. How about it? DX limited this week but MM proved interesting on 12/16 even though the WGSJ-1550 TEST didn't show. WCR-710 noted off & WIB-bombing in at 4am. Traces of KXJL-650 mod all AM, unm but good to hear. They are no longer rr. KLIF-1190 noted w/unusual strength @ 2:20 w/female DJ. Postcard from Dave Schmidt arrived just in time v/info about WXUR-690 TEST heard in/out w/XERTA 12:17-12:50 w/TT & IDs, my most wanted PA. I have been looking for them at SSS for several years but never for enough report. WSYD-1300 s/on L&C 5am but faded out without enough for report. Veres since last June, all v/1: WSRP-1580 WWX-900 WYHM-DX WDCJ-1220 operated by Jones College as a commercial station, WMBR-1330 WWXL-1450 WWVG-1430 (new), WSGS-1560 WSW-1110 (new), WSN-300 WMBP-1600 & WKG-1580. I'll close w/this invitation. If you're interested in how the CPC works but not sure if you want to join, please write for the CPC booklet. I'll send you a copy so you can see for yourself just what is involved. Writing for the booklet won't obligate you to be a CPC member if your so state, but it is hoped you may become interested in doing some CPC work once you've read it. It's free, of course. One more thing, at the 1969 Convention, the NRC will be presenting its first "CPC Man of the Year" award & EVERY member who joins CPC has a chance to win it, could it be YOU? 73 & hood DX. Youngstown in '70! YAMSOYABJUJCPC!!

Ken Lyon - 7155 South Nepean Drive, Aerson, New York - 14001

I have some good DX this week, so I'll begin w/12/8, WBEW-1280 DX not heard, nothing but mumble jumble. 12/9- CKKW-1320 heard w/c/w @ 4:30am, WJAS off, WKAQ-1320 @ 5am s/on-SSB. 12/10- WPTT-680 s/on-SSB @ 5am. 12/11- CPDA-1380 in good w/light mx @ 8:17pm, WEAN-790 @ 8:30pm w/Boston Celtics MBK, WNN-680 w/TQM from CHPF, WEKO-680 heard @ 9:09pm w/ID very briefly. 12/12- WWVA-920 in briefly @ 6:42am 12/13- WNN-1580 heard @ 12:02-12:11am, very frequent IDs & great signal, WIS-560 @ 6:40am. 12/14- WBBQ-1450 @ 1:29pm in weakly but consistently, WPO-330 s/on @ 3:59am w/SSB, WNN-1240 @ 3:57am along w/a couple of unID TTS. To all NHCEs: Please don't call in the wee hours of the morning - I don't mind but I'll live w/my family. Recent veres include: WTRN WRTT & v/q from an IRC Convention in 1966, CM, & SC. CCKW & CFPL. Happy Holidays, everyone. C U later.

Frank Waldron - 65 LakedForge Drive, Matawan, New Jersey - 07747

H3 once again. Veres: v/q- KWMX-540 up, & Inv. v/1- WSVS-600 BCSW-1590 plus CM, WTT-2700 WKDE-1000 WURL-1600 plus CM, WMS-1380 WEEER-1250 WYOU-1550. v/f- KVNO. Total 734/737, still hoping for @80 by 1/L. DX: 12-7- WTT-15150 ET/OC ID @ 1:33, followed by WYOU-1550 s/same @ 1:37; WBT-1180 s/off v/WKRA 5:25pm. 12/9- WSBX-1240-DX in fair o/u WWCO TTB until 5:15, then mx, but too few IDs. WIS-1200 s/on w/500W. PSA @ 5, in easy w/TWAR off & WAM looped out. CHX-970 noted v/all @ CBA @ 6:25, easy w/WBZ/WGSN ANERS off at this hour. WPX-1550 NC e/off atop @ 8:52pm. 12/9 - WKJ-1440 1:45-5 s/off w/c/w. 12/10- WGUIN-1010 ET/T/T/mx almost equaling WING @ 12:30. WING has a null my way (they throw most of their power at EBC, hi) & CFBR m/w nights gives WING AN NYman lots or background mx. I was glad to receive a call from Ross Edmunds last night. Ross is visiting in nearby Little Silver, NJ, & a get-together is to be planned. WXUR-690 will have had a TEST beginning at midnight on MM 12/16 per Dave Schmidt. Drake no has 554. 73. In last v/s list, WIGT is listed as WICO & A.B. Brock is secretary to the Exec VP, not VP. 73.

Paul Kllkry - 2113 Fort Davis Street, B.E., Washington, D.C. - 20030

Solar Flare Predictions are almost daily occurrences, & CX seem to bear this out. Predictions for 12/12-13-14 so far, w/expected. For those interested, Cooper-Trent will make reproductions of BCB Station Antenna Patterns for 12 each. Countours range from 15-20% each. This covers all stations (BCB) coming w/FCC jurisdiction. Presumably; PT, Hawaii, Guam, Kingmans Reef, etc. are included. Only two new TX catches: XERCN-1110 12/9, 12:35am @ s/off, v/WBT. WAGY-1320 12/13 @ 1:25am, ending ET. One veri: v/q from PJ2J-295. Veries out to KENY & WKAQ. 12/14- SRS-725 4:05am s/on & then mx. They have gone c/w! Announcements are w/shallow modulation. A GREAT ERA FOR THE WORLD OF DX WILL BE UNVEILED NEXT WEEK! ANOTHER NRC FIRST!
Greetings from chilly NC. Latest loggings include 12/14 WNOJ-1450 Knoxville on AN c/w wmx. Not noted on MM 12/16 however, so may be only AN6. MM 12/16 WMOG-1450 Chattanooga AN c/w WFFG-1450 Atlantic City AN, surprise 2am ID from WGLD-1450 Valdosta Ga. but not enough for a log. 1400 had WCND dominating for a surprise; WNL-1210 Macon w/a weak WROV in the background. 1230 saw WTH with their "beautiful" mx way over everything - they've changed format a while ago, apparently, since I remember them as rr when we lived in NJ. No sign of WSCI-1580 TEST, only OKI & weak WAW. WAAO-1530 heard I&mC on r/c & I imagine they will be deluged w/reports. SSS 12/15 was real good from the N. w/WAVE-1130 in well u/WNEW for a good log @ 4:15pm. Also heard (but not reported) around 4:30pm were WKOK-1070, W1000-1000 WNR-1110 a/WBT, WISN-1130 & others from that general area. I finally heard WCHR-1360 Chapel Hill c/u generally dominant WBOB, Galax, Va. in the afternoon @ 2pm. I expect the periodic AN sessions to continue for a while whenever I take the "swing shift" feeding. I finally bought a new HQ-180A (a Christmas present for the next few Christmases, hi). I'm quite happy w/it & of course, notice quite an improvement o/the old HQ-1290X. The place where I bought the 180A only offered $20 on trade-in, so I kept the 129X as a stand-by. Some verities have even come in, much to my surprise- WPG-1250 WBG-1500 WZEE-1120 WEND-1060 WNYW-800 WISI-610 WQMS-1050 who, incidentally, plugs 24 hours a day - seven days a week "their" PM sked & they treat the AM more as a interesting situation not too common on AM radio. Some NC-oriented comments concerning the CX of Freq. list: WISI-610 is ANG - silent 12-5am WMFR-1230 is NOT WFP - I don't even think they are AN. WIST-1240 appears to be off MMs at least, & WCOG-1320 is ANG off MMs. Happy Holidays to all & 73 till 1969.

Bill Allausongs Jr. - 7 Avenue R - Haledon, New Jersey - 07508

Greetings! I hope all had a good Holiday season; mine is yet to be determined since today's 12/15. I got my present already - I bought myself a $100 Panasonic AM/FM stereo unit w/an additional $20 record changer. It's terrible on AM, but the FM separation is great. Now to DX: 11/30 brought WKDE-1000 in @ 4:50pm. 12/11- WISI-1520 @ 5pm & 12/15, two defintes- WROP-940 @ 4:30pm, & WPUV-1580 @ 4:55. Questions: Who would be on 1580 @ 5:25, reciting the Lord's Prayer, the Pledge of Allegiance, & singing "God Bless America" before their s/off announcement @ 5:30? It sounded like WQAD, or something, & they said they'd resume @ 7:45 tomorrow. Could this be WSKT? Also, right after them, one that sounded like W-ID or T; is this WSKT? Announcer said they resume @ 6:45am. Our more- on 1340, sounded like WCND or something similar first two letters I'm pretty sure of. That's about it, so 73s for now. FS- I added WBY-1590 for call change, 5:32pm 12/15.

Stan Morse - Route 3 - Bedford, Massachusetts - 01730

12/8 PM- WBNM-1050 Larchburg 4:58-5 s/off up out of the umumble for an almost 100% clear s/off announcement word for word, report sent & tape offered; WEN weak & many more in background. 12/9- WCOL-1230 AN topping channel 1:25, ad for Ch. 31 TV on 1590@ 1:40, evidently WAAY. CJTOE-1290 HI-AN, London, Ont. 1:56 & on for a new one. WQKY-920 AN 2:45am o/CKMR. WFTT WAAB & CKAC all off AN this AM. C/w on 1140 @ 3:45 nut I vaught no ID here, either too much Jammer or none made. FM, WNYX-1550 c/u WRKZ 5pm, not good enough for a report. Verie from WYMR. 12/10,PM- Arabic on 1196 very strong 4:25pm & later, tape sent. 12/11 PM- Italy-1115 w/tremendous signal 4:25-6:11 well after 5 for a tape & letter: 12/13- WMB-1580 Ebensburg Pa. TT/Cc c/w 2:50-3:15 & on, QRM by WCIS. Strong 0C-1320, no ID. TT u/WGY's OC but no ID. 12/14- WNOJ-1320 Hornell NY 7am c/u WSCR/WKAP/ETK & others, heard last @ 8:15am. 12/15- WRYE-1550 Bristol Tenn. TT 1:16. WYNN-1550 Tryon NC r/c-TT 1:30, null. #AA-1530 Andalusia Ala r/c 2am, also unm. No sign of WCST here, but a long t ster on 1550 w/ID, 2:20 & on. KST-1500 s/off 4am. WSWH-1110 Sendai Falls on about one minute later then usual so an almost perfect s/off taped & reported. WQTV-1570 Limestone 4:55-5pm very tough, tape sent - good positive ID. 12/17- CHSJ-1580 noted w/Dolly Holiday AN, no sign of WCOP. WMDB-1340 Dover-Foxcroft, Me. for about ten minutes 4:45pm, good tape of ID & show opener. Verie, v&q from CJJOE.

I hope all had a Merry Christmas & a Happy New Year. On 12/16-17 I was at home, having experienced the reception of Hong Kong - no, the Flu, not 860k! The dial (P.6)
(Pete Ta lor) was pretty hot, especially stations to the N. CKIM was topping 1570 from 3pm on, as was CKKB on 1460 up till about 9pm. Not logged but/heard, unusual offerings, were: XHNC-610 CKMV-730 50% of WER most of the evening, CQAD/CHR CR-800 event till about 6 when CMKI/TWR took over. FF-1270-1320-1360. Logged were WMSM-1000 topping WMSM 3:30-3:41; WDKR-1070 even w/CBA 3:50-4:05, & CHEV-1350 in briefly about 11 pm, all 12/16. On 12/17, WSMN-1550 12-12:30pm & WXK-1450 12:36-12:54. These were all on the Nordenende portable. CBA-1070 now IDinh as "Your CBC Statio in Moncton". Also easily heard were St. Pierre & the Cuban on GOO 12/16. Veres in since the last time I actively DXed are ET/CRCA-655 WSPF-1000 ON, & v/is from CKLX-1230 & CHOC-1390. 1968 holdouts were WRAE WSMU WSAM WMMA WPAT Italy Synchrono-1570 Verocia-1550 CKWJ YWAM YVTC YVTC. 79s.

John Javetski - 104-21 122 Street - Richmond Hill, New York - 11419

Lots of good DX the last few weeks, so I'll sock it to ya. 11/17, AM- WSMW-1220 Me. ending another rr-ET @ 12:59 & asking for reports. MM 11/15- WURG-1060 r/c-mx 1:10 & on. KGUN-1460 Col. rr w/a but clear w/Cuba 1:26-1:56, amazing for 500w, WEBS-1560 ET/ID w/ID @ 2:52. Unk Harry James mx ET-1130 @ 3:15. WDCJ-1224 Fl. 00/mx 3:24-3:35. KLAX-1600 in w/FM off. PM, I cranked up ye olde decrepit loop & nullled. WADO can-l't try for log on WABK-1280 Me. 4:19-4:36 w/MX, etc. 11/20 PM- I noticed OR's second homecoming 12/20 from their new "improved" Xl. 11/22 AM- I caught ID from unm WWCV-1550 Ind @ 1:34, then into Tr. WBAO-1550 r/c 2-2:15. Log on KFJ-640 w/ Cuba off 2:07-2:25 w/talk. PM, no QN, WMNI-1530 CHMJ-500 CPOR-1570 all good. way before SSS. WMV-1080 @ 4:65. CMMK-1970 very good 4:19-4:25. Log on seldom-heard WAXE-540 4:43-5pm s/off w/VOA program. WGA-940 Mich. 5:15 s/off. K5O-940 5:20. I can never get copy on them. 11/23 AM- WTVX-1240 Fl. ET/TT/mx 2:05-2:24. KQXU-940 Sakes. in the clear 2:25-2:45 w/mx. CKVX-980 Ar. MM 11/23: WABK-1060 12 s/off-SSB w/ ID2 null. WMBW-950 Fl. concluding @11:46. KGUN-1210 S-9 w/ET/mx @ 1:32-1:45 on new frequency. KEKK-1550 weak 1:50. WFEC-1400 r/c 2:05-2:12. 11/27-28 AMs, WNBG & WCBK both off; XBFM-660 in well 1:10-1:30. Also good TA Cx /most high end splits in. However, no lower splits, however. 11/30 AM- No WHILE TEST, just unk WU-12:31 w/WMJX/WMJX ANs. KEKM-1550 r/c (I believe this is 30th mo of month) 1:10-1:23. WURG-1220 NH ET/OC w/ID @ 1:15. No DX the next week as I had the Hong Kong Flu, cured w/a shot right up the old Yangtze, hi. 12/10 AM- WGTN-290 Fls. 12:50. Unk ET/mx 1:07 on 1560. 12/12 PM- Log on WWV-1000 to 5:30 s/off w/Dixie. 12/13 AM- WTVX-1550 ET/FM killing CBE lam & on. KGUN-960 w/"K/FF" a week late, 1:05-1:14 end. Veres: v/r-WDEN v/l- WPTA WATW WDCJ KFI (w/stmp) KGUN WBSG. Totals now 930/236. I'll correspond w/anyone under 30 - everyone I don't trust, hi. Best Holiday wishes to all.

Cary Fall - 85 Lake Ridge Drive - Matamoras, New Jersey - 07840

Greetings. This is my first Musing, will guess an introduction is in order. My name is Cary Fall, I am 15 years old, & am a sophomore in high school. Frank Waldron is a good friend of mine, & got me re-started on this hobby. My DX so far has been little, because of super-poor equipment. I have two RXes, one being a Panasonic AM/FM portable radio, & the other a CE 15 transistor AM/FM portable. Both have absolutely MO selectivity whatsoever, hi. This means that my DX is slightly limited (like a crystal set, would you believe?) Anyway, my totals so far are 101/61 as of 12/16. I have 25 states logged, 20 verified; four countries, two verified. Here is latest DX: 12/19- JXK-1310 local logged & sent report 12/11, got v/1 12/13. 12/15- CKXJ-1310 in w/mx, same chicken rr; WPEA-1370 NH in w/pop mx & Lafayette Radio 46 @ 1:49pm. WSFD-1370 @ 1310 was dominant about 2am, both new catches for me. Also WTVK-905 Tenn. on SSS abo t5pm c/w/c. 12/16- WXUR-690 Pa. notified Frank Waldron of a TEST @ 12:30 I heard TT but no IDs. WOR-710 off @ 12 but later had TT & all kinds of noise. WNBG-660 TT about 1am, can't remember exact time. I logged WGN-72C while WOR was off, 12:26-12:35, SS-950 12:37 w/ LA mx & SS announcer, very low signal. WKEN-570 o/ WMCU, could have been logged if not for NSFest WMCA. WTVK-905 in good 12:55-1, QRM from WJNZ-970, which I could not loop out without looping out WTRY. SS-670 probably Cuban, L&G 0/UMAG 12:57-1:30; WXYZ-1270 CO 1-1:35 w/ID for station #101. WESZ-1300 L&C 1:45. UnID FF-1390 o/SS about 1:50. That's all DX for now. I forgot to mention in introduction that I am also a fanatic GB operator, so tune those HC-150s to 27MHz. Sometimes our CBers don't get listened to too often. Happy Holidays to all. 73s. (Welcome to NRC, Cary, & it was good to meet you at Dave Roys!' -RFC)
January 4, 1969

Dave Whatpouch - 284 Main Street - West - Hamilton, 12, Ohio

 효에DX, N2VS, I received DX NEWS w/CX of Frequencies list. Two changes, WGR-550 & CHIC-1530 are NSP. CHAM-1280 listed as off SM, should be: Off SM & MM very occasionally. DX as follows: 11/8- No sign of WWM-1370. A TTer on 1560 turned out to be WBB, IA. 11/25- No WPHM-1380. Their main null is this way protecting Brantford - in fact, I have heard CKFC over ten miles this side of Port Huron in the daytime. No go on Selin's Grove Pa. either, I heard TT but IDs impossible. TT heard from WHEP-1320 but WJAS/CKKW too much. 12/16- No WCSJ, just a very weak WKKW/WAYX. 12/15- Good afternoon CX: WAPF-1070 o/WMEX/CX/12:15. WCBG-1590 clobbering WAKR/WZUM/WGGO on car radio. WKBW-1520 also being clobbered by something, probably Chester Pa. or Bel Air Md. 12/9- I noted WAPF-1070 about 8-9 & clear until 5:45 pattern change when they disappeared completely. 12/10- WADE NC ran ED from 1:20-1:30 w/1.11 12/20- WBB-1230 r/c 12-12:30 battling WOUM. My first TA in three years @ 1:02, Nice-1:3544 about 83. Just before that I was listening to phone-in program on CBE, & it was mentioned that someone in Honululu was hearing this program cut out from both CBE & YBL, & CBE was the stronger. An ET on 1580 w/1 @ 1:11 w/KXEM- either WKID or WAKR in Ill., tentative sent WAKD as WKID's r/c listed for a different time. Verifies: v/q KMA. v/1-KWVW WBG KCOS w/CM & WBLT. WCLT's mentions testing for Hutton Monitor Service in Catons Md. I wonder if it is possible to obtain f/c lists from Button, Loe's Summit, & Cambridge. This might ID some of our unit IDS. (How about this, JCE FELA? -ERC)

Roger W. Winger - 718 North Preston Road - Valparaiso, Indiana - 46383,

Lots of DX again, as I've been quite active. 12/8- Beautiful LA night w/YMAG-1475 R. Coseiguna ID @ 9:15. R. Sucessso-995 good all FM, no WCPF QRM. MM 12/9- YSKIB-770 12:10-12:30/w/1 easy mx & ID @ 12:29, .. Cadena SKY. JHAC-1135 noted back again w/good signals several nights right. HJQG-1070 R. Santa Fe ID @ 1:15, clear channel after KNX s/off. R. Horizonte-548 KJKA AN, lively mx, for announcements, Bogets mentioned. Finally WIDP-950 2:40-2:54 rr. 12/10- KNOE-540 s/off 2am w/Dixie. WMM-1590 s/off 2:05, both s/on 6am. 12/11- WFIL-1070 w/weekly test strongly, 1:43-1:50. C/w-1310 WCDI AN 2:35-2:48, several commercials & jingles. 12/11- WLOP-1370 r/c-mx 1:45-2. WHEB-1240 Ge r/c 3:11 w/ID, then warbling TT to 3:07. 12/13- WRCI-1490 AN-6 c/w 2:30-2:50 above all. WPM CO AN, & now nothing. Maybe off AN. WTLQ-1480 r/c-TT 1:30-3:42. 12/14- SSS, WMMK-490 5:51-6pm s/off. 12/15- UnID SS-1040 s/on 4:30. 12/16, excellent MM CX. WBBQ-1340 r/c 12:25-12:30 w/phonetic IDs. KMM-1300 S-7 o/9QR 12:35-1. TAS on 1554 1566 1586 1205 1:30-1:45. WGR-550 ID 1:18, NBP? KFWL-1530 r/c 1:36-2. CBEI-1190 s/off 2:07, weak. WDM-1130 Tenn. r/c-ET 2:10-2:25. KFXB-1600 SP ET-c/w 2E10-2:36 s/off KSPH-560 3:02-3:07/11 MX/mx. KPG-560 ID 3:10 for #1 newie on 560 in same AM. KFAX-1100 c/wPhoenix Bar & local PSA, S.F. #5 same AN. WAQ& 1590 ET/ID @ 4:07. 12/17- KJGC-790 r/c-TT 2:16-3 o/WTRG/KDII, both HT. UnID-570 w/tele-interview 3:30. WIND splatter made it rough. Jingles between each caller, K-- the station that dares to listen to you, K SAC, WCQI? Phone # 997-1175. WBSL-1230 w/WTOB nulled 11:46-12:13 noon. WHIO-1520 Ky. @ 5:28 but not logged. KMMO-990 @ 5:40 w/local NX, WFTL splatter bad. 12/18- WBOV-1480 ET-rr 1:10-1:30 s/off. Great TA AM w/usual, 1456 w/EE-XR, 1562 which must have been Switz & R. One-1214 2:22-2:40 fade, late for a TA no? Verifies WPTM WERB WBGN KKI KLYN CJNL v/1 & vz, CJNL. Now 2,394/1739, 36 countries heard, 4 verified. Not much on LA veries due to language barrier. My phone ix now in my DX Den, so if anyone gets the urge to call on an AM about a good catch, I'll be right by the phone. Number: 219-179-3374. Cool Yule!

Park Barton, Box 633 - Atmore, Alabama - 36502

Greetings from a little-heard & very inactive member. I have done absolutely no DXing for the past three years, since my entrance into the US Army. During this period I have attended COS & Helicopter Flight School. I will be going to Viet-Nam probably in April. Prior to that, I will be attending the Army Aviator's Safety Course at the University of Southern Cal. from Jan. to March. If anyone is interested, I have a Hammarlund HO-115-X (v/lock) that I will be glad to sell for $150.00. Costs almost #300 new, in 1962. If you are interested in the radio, write me at 330 Sandy Drive, HCTP, Fort Benning, Ga. 31905 anytime during this next 1 1/2 years. If anyone in the Los Angeles area is planning to have a get-together during this period, drop me a line. I love to meet some of them in that area, even if I have met you before! IT WILL BE A CARDINAL SIN IF YOU DON'T COME TO THE NRC'S ST. LOUIS-69 CONVENTION!
Hi all. DX is super-fine now, has been for last three weeks. All DX is on tape in my DX tape library. Down to DX now: 12/3-WBAB-1570 Miss. 7:35-6pm s/off was straight ads. WBAB-1570 Ga. 6 s/off also. WBAB-1570 MN. w/5:45 s/off, "Stay tuned to WBAB-1570 MN."

KUAF-1590 6 s/off also w/WWNM which were both logged for the Contest. KUAF-1590 Miss. w/local TX from 6:45-7:00, which is the latest Miss, s/off heard this year. (KUAF is in Little Rock, AR, Chuck -EBC) 12/4- WSRB-1580

Chattahoochee 5:45 s/off after end of religious program, mention XR ½ miles S on R. 69. 12/5- WMAV-1560 Ga. w/3:45 s/off, mention owner, location of XR. 12/13- WTVG-1570 Flm. & WSRF-1570 Flm., both w/7:15am s/cm. 7:20, WTVG-1550 Flm. w/TD as "Rise Radio". I also took log on WCGB-1580 Coral Gables @ 7:23, undoubtedly on day pattern. Nice "pickup of new station WTAJ-1570 Eau Gallie Flm. 5:15-5:30 s/off 12/11, rr format, w/some sort of poetry before SSB. Much more DX, but not enough time or room. Who has HI on 1520? LXIIIIs to all, totals 476/28.

Frank Merrill - 10673 Gables/Milan Road - Milan, Michigan - 48160.

Again I've returned after a four month absence! Finals ended 12/14; I'm home until 1/6, & I'm planning on getting in mich DX between today & then! I sure got a good start tonight. No new veries here, as I very rarely send DBC reports any more, hi. Since last Muse here, as my new catches are: 6/25- WQJ-1320 Flm. AN-c/w, first time heard since WZOK. 9/7- WPTF-1570 in (c/w) on car radio in Milan w/WMPO @ 11am.

10/36- WCBS-1240 @ SSF w/WW. 10/23- WJAF-1570 @ SSF, first time heard w/new calls (ex-WTHD); they're rr. 11/15- WRCR-1100, AN-rr-ing. 11/5- WQJ-1320 (slow Mor.) in @ s/off 5:30pm, now a regular u/w. 11/8- WCBS-1590 Pa. ET/TT @ 1060am eqne, Linc WAKR. 11/29- WRJW-1320 & WPTF-980 both Miss. & both s/off 6pm. 12/9-KPME-1140 Mo. c/w 5:15pm w/Annapolis Mo. e.d. (WJZ weak, but rare KLPR heard later), WJSW-1130 An. c/w 5:14 s/off; KGKQ-850 local NW 5:55, KTLA-1350 OK @ s/off 6:15 to return @ 7am CST. 12/15- Big Day: KOAK-1060 la, s/off 6pm, irksome w/WKXW-1250 SD. KGAM-1120 OK (CQ, ex-1220) local 11ke 6:24 w/no WACU. KNAR-1140 Col. (The Big K) co-qualling WWA & unk SS 6:27. Then one of my best SSS catches ever, KFHP-1390 Col/ s/off @ 6:32pm! Later, KJUD-1250 finally heard 6 55pm w/rr (at 90 miles they were my next-closest unheard). Other things were noted 12/15, like KUPF KSEX KBRK KSWI blasting loud after 6, as well as a jazz on 1060, probably from KIMO o/KYW. Another 1060, this one Mor., noted 6:50, which was probably needed KSSP as KSL was messing up WJJD badly. However, @ 7:05 a KFRA-ID broke through KTV, & @ 7:04 the P&l 1090 I'd been hoping was KAWN turned cut to be WERB (they were there as early as 6:50, the earliest I've ever heard WC @ SST)! All this, & still no KDAY-1580! Michigan's last EDT struggle still goes on (recounts are being demanded, etc.) but it looks like the EDT proposal ultimately will lose (good!), Out of the four million votes, the defeat margin was only 1,501! I'll keep everyone posted on any further happenings there. Now, out of first new catches this season, eight are KS; all last season w/110 new ones, only seven were KS. That just shows how much difference it makes which way you point your longwire; last year it was installed to receive from the SE & this year it is installed for the W & NW (Alaska). I sure missed logging those KS last year. Well, times & Happy Holiday to all. WSYT-1480 may change calls, so go get 'em.

Ken Lyon - 5155 South Coventry - Akron, New York - 14601.

I received a postcard from Dave Schmidt asking me to listen for a TEST from 'XUR-690 on 12/16. I slept through it but was later informed by Chuck Rader that he listened but did not hear it. Was it on? Other DX: 12/14- WMAV-1430 @ 5:05pm w/bad QRM from WIRE; CKPH was in the background. KAWN-1090 heard c/u WBAL @ 5:30pm, WVOE-1060 c/u. KYW @ 5:45pm until 5:57 when it suddenly disappeared, power cut to 5kw. 12/15- WRBC-970 heard 5:59-6:21am on DX, weak w/WMPO which was supposed to be off. WWCB s/cm @ 6:21 killed it but had good 22 minutes log. WWCB-570 @ 6:21am s/on, I was listening to WRBC DX. 12/16- WWAF-1380 @ 12:55-12:59am w/SS on list. WSRB-1560 1:11-1:41am w/WW; WGBR-1460 @ 1:18-1:24am w/big cut, except used mx and list gives TT. WYXJ-1550 1:52-2am w/f/cm, not on list, but said it was monthly, no sign of WSCJ, were they on? CKPH-1440 2:18 w/rr. Steady mx w/very few IDs. WCHB was in the background. 12/13- WMAV-1240 @ 6:21am for a good log, heard before but not enough for report. New veries: WACR nice card, CKEC card, WSRB v/1, OM, sked & other goodies. WMO & WACE look like good bets here. C U later.
January 4, 1969

Tom Birch - 17 Ritchie Road - Blenheim, New York - 13026

It has been a long, long time since I last Mused for the NRC. Inactivity DX-wise last year caused me to drop out, but I'm back at the dials this year. Equipment includes a Hallicrafters SX99 & Loop. Earlier in the season I tried sending out a few reports, but alas, getting an answer is next to impossible (I have stopped reporting now). v/q- WSPA WDTW, v/- WFRB. No replies from WGGF WFTC WAHD. DX: WCIK (are the calls right on this one?) 1600 @ 4:47pm. WGGB-1550 @ 4:54. WTMV-940 @ 5:03pm. WFRB-560 umi @ 6:05. WFRB-1290 @ 6:29 w/local WMBF looped. WTC-990 umi for log @ 6:39. WSPA-990 w/PMFM for surprise @ 6:42. New WAHD-1510 in Lebanon, Pa. for first time @ 5:37pm. 1:15p- WXEXX WAKCK 12/29- WRCO-650 w/that wonderful Drake format today. hi @ 3:40pm through looped WIMR. 12/18- Unr WCKB-780 @ 4:13pm. WUST-1120

MID. R&B @ 4:23pm. UnID on 1310 w/Tom Jones record heard @ 4:28 power change, leaving WCAR/WMBK, could have been WINS - 0. WSMs. 1 log WBER-1550 @ 4:44 s/off. I have not yet DXed any AMs, so no TALS or far-western DX. For those who might be unfamiliar w/me, a re-intro might be in order. I'm a High School Junior, & have an avid interest in spots. My DX totals are something like 140 verified & 1,227 heard. I have verified 36 states, & heard 43. Only Eastern states needed are Del. & Me. My verified countries total is not too hot - about 11 countries verified on BC. Got to go - Merry Christmas to all NRCers, & 73

P.S. - I am now free to loafs for three weeks until I go back to school, & some DXing was done during the first week. Although some to think of it, this goes back three weeks. 12/2- I got up for KWRC TEST, naturally, no sign of it. WNYF-1230 2:54, RS. 12/4- WCW-1580 on past SSS for big local fire. Also finally logged WREI call change 12/5- I remembered to check 11/40 when I got up & found WCW very powerful; so I went to check what 1570 would be like. WTMW-1570 7:45. WPTM-1570 7:50. WKB-1570 c/w 7:58. Now in the day I get WQIW WEXM & possibly CFCR. 12/9- WLBH-1440 s/off-SSB 6. The SSB was an enjoyable original c/w version! (who's this one, Bob? - ERC) 12/13- WJNH-1560 r/c. 12/15- WTHW-1590, finally a definite ID u/WAKR 6:06pm. 12/16- WLSM-1520 r/c-mx 1:30-1:35 & on. KDM-1460 rr & many local spots 1:55. After so long, & then they really bombed in! Also unID w/religious program on 1460. So I thought CK to the W must be terrific, & went to check 1410 for the KMY 10 r/c, & got 'em for State #45. WHK off helped. WAAC-1530 r/c ending 2:14. At 3am K was skitching on 1320 hoping to catch KCPTX, & I did! Only an ID & it was lucky, during a communal dead air by WQY/WLW/CGK. 12/17- WABL-740 rr weak u/CBL @ 4:25pm. I have a great selectivity program w/my RX, & this afternoon I decided to detach my antenna & null some stations to see what was under their slop. I don't know why I never did this before, as I got: WPDX-750 even w/WSB, nulling WJR 4:38. KCMM-810, first noted 4:51. WOTS- s/off w/some hymn 5:30. I think it was "May the Lord Bless & Keep You," or something. Was the 790 s/off-SSB 4:45 WSMV? 12/18- WYBA-1520 rr AN. SSS, same as day before; nulling WYX I got WYAK-1090 1:39pm. Then WQI-1000 very strong, WQFL nullled @ 4:03, very homey station. WNY-790 blasting w/WPITC 4:30. A few minutes later, I was looking out the window & saw my antenna fall down. It appears the recent cold spell weakened it & that afternoon it just snapped: Too cold to climb trees but it worked tolerably in the birdbath (hi). 12/20- KGUR-1490 r/c as listed. Thanks to all who sent Christmas cards.

Don Keskey - Hotel El Rancho - Box 235 - West Sacramento, California - 95691

DX Slack again here. I missed my sixth MM in a row for DX on 12/9. Where will it all end? KBIN-790 Soda Springs, Id., heard on 12/6 from 6:54-7pm s/off, & KEST-790 Boise thereafter to 7:15 s/off. Sunday 12/8 found rare daytime DX CK w/KING KCMO. KTAC KTA KJBM KXZ CKG KIT P O X ERTA KM1 KFPL all in easily between 10:30-11am local time. KKEY-1150 Portland heard that eve at 7:31pm to 7:30 s/off, thanks to MBN. KKEY also heard 12/12 at same time. They are now S5w. & located in Portland, moving from Vancouver. Veris from KURL-730 Mont., KQIC-1350 Cal., KUKI-1400 Cal. & KPGM-1380 Hawaii, all v/l. Prather, PIetsch & Northen have conspired successfully to keep me away from the dials for any period of time since 12/6 but I enjoyed their visits anyway. Season's Greetings to all. 73.

A CLIPPING IN THE WASHINGTON POST OF 12/16/68 STATES THAT WTOP-1500 WILL GO ALL NEWS IN FEBRUARY, AND WORSE THAN THAT - THEY WILL GO AN-7 THEN!
Greetings, quite a bit of new DX since last report. 12/8- The dial flooded w/Venezuelan DX this AM. Frequencies noted were: 560 590 610 640 660 670 700 720 750 780 830 860 600 940 950 970 1000 1020 1030 1070 1110 1120 1125 1150 1150 1200 1210 1240 1250 1430 770. Underlined ones are unID. There seemed to be three main networks & many stations operating independently for local coverage. Locally, WAIH 1220 will become W2ID very soon. They've now 100% SSW. W2ID has dropped the HI show. 12/23, no sign of WIGO-1530 TEST noted here, all WCKY-CT-TT. R. Jamaica noted. AN for Christmas season w/British Top 40 oldies, on 560 620 720 & 750, also JBC noted AN on 770. France-836 the only TA noted, doing very well @1am. W2ID-660 noted AN, now NSP? I hope not. (I'll drink to that -ERC) W1MZ-940 noted off this AM, but W3CF-1450 stayed on. I visited Cape Kennedy this weekend to see the launch of Apollo 8. A spectacular sight it was, & well worth the 2--mile trip. I was interested to learn that W2ID-990 & WPV-1080 are locals in the Cape Kennedy area. WTAI-1530 is a local there & seemed to have excellent Central Fla. coverage. W2ID-660 was NOT full-time yet. There is very little nighttime radio coverage in the Cape area. Varies here are K2WS-1020 who mentions several other Fla. reports, & R. Antilles-930, Montserrat, who desire USA reports. They sent a CM for their day & night patterns, but their night coverage seems much exaggerated. 73 from "Baffet Bait."

Rick Evans - Apr. 5-130 West 6th Street - Gary, Indiana - 46340

Hello gang, first report in many a moon. I was in an apartment building for four mo. Where I couldn't DX even on a MM. Came 2am on MM & it sounded like 20 people changing channels on the old TV! Now I'm in a place where I can even do SSS if I wish. On 12/22 a phone tip from Rog Winsor logged W2S5-1530 Morris, Ill. for the first time. A report was taken 12/24 & just typed up. On MM 12/23, my first MM since March, I got two new ones including Venezuela-940. 1am W2ID-1460 s/off; 1:5:1:45am WPV-1530 Auburn, Me. TEST to QPM from some religious program; 2:02 WMAG-670 e/off-SSB Definitely unn't but I didn't know when they went off. Maybe I can try for Boise now. 2:35-2:40 W2RC-650 Ala. w/mx; 2:40 K2AC-970 Tulan w/N. Congrats to Roger who just added Christine Renee to Terri, Sheri, & Terri. My first kid is due in April so a temperamental wife isn't much help w/the FX. Happy New Year belatedly.

George Santulli - Box 9391 - Memphis, Tennessee - 38111

Hi all. After a long absence in these pages due to school down here at Memphis State I have not had chance to DX. Last DXing was about a year ago. I am a radio/TV Major at LSU & between working on the radio station & TV station my free time is nil. I hated to miss all the specials I've seen listed & even tried some but the steel in the building cuts out all signals. For anyone interested, locals in Memphis are WHBQ-560 RR, off MM @ 1, WREO-600 Mnr NSP, W2PS-680 rR, off MM @ 1; KSUD-730 c/w, daytimer, KMAM-990 same; WDIA-1070 NN-NV, W2JC-1340 NN, W2MD-1380 c/w, days, W2ME-1030, W2MC-1480 c/w NSP, W2MC-790 Mnr NSP w/Hi. During the day on a car radio many stations in Ark. Miss. Ala. Ky. & Mo. can be heard, at night on a car radio the West really opens up w/Okl, Utah, Mont, Ariz. N.La. Kans. & Tex. really popping in. For SCers, WHBQ publishes them weekly, as do W2ID & W2ID & W2IC-936. 1969 is Memphis! 150th birthday & many stations are planning celebrations by having big-name stars appearing in the city throughout the year. Happy DX is as good to you as ole Santa is, best of wishes for a Happy & Prosperous New Year.

David Shapiro - 1812-A Hillsdale Road - Lynchburg, Virginia - 24501

DX has been swell lately. v/q- W2MF, w/1 WOBA, ex-WM4. Latest catches include CHOO-1390 & CKPC-1380. Is CHOO a new BCB, & what is their mailing address? It is not even listed in the '68 Broadcasting Yearbook nor the W2NH. (Ajax, Ont. 10kw -ERC) I now use a 1968 table model AM radio for DXing & is the best I have used for this purpose. I enclose a letter model from WOBA for future publication in a DX NEWS. 73.

Ernest R. Cooper - 138, East 21 Street - Brooklyn, New York - 11226

Veries: YVMP-880, YVMD-1210, WDID-1000. DX here: 12/21- Unn WSBS-950 Mass. on Pop/IT 1:28-2 & ca. 12/23- WP2NO-TEST in, but not too strong, WCKY's CC off @ 1:23. Signs of Albania-1394 noted. HJUV-1190, R. Cordellera, Boga, noted to 2am s/off & reported. UnID TTT on 1050 @ 1:49am, who? UnID Caracol on 1090 again, AN. No KONE here, all WSPD. WACE in/cut w/CJAC & R. Tricolor, but after 3:40, WACE to the fore, fine DX-type test. AN-rr on 770, unID, but I see Sheldon says it was JBC. C U N Y.
International DX Digest          January 4, 1969          Feature page 1

Please send comments on reception
conditions, feature and technical
material to: Gordon P. Nelson, 19
Irma Avenue, Watertown, Mass.

DX conditions here in the Northeast have been much better than at this time last year. Relatively good TA reception was noted 12/10-12/13 and then again 12/19-12/26 and many of the higher powered European stations were noted with strong signals during extended holiday schedules. Conditions on TA paths are still far below that experienced several years ago, however, and the absence of Russian and Near Eastern stations is particularly striking. Solar disturbances on 12/26 and 12/27 are expected to effectively terminate this period of unusually good reception for several weeks. In Ontario, Gray Scrimgeour says, "There was a good streak of about 8 days of TAs, then a general fading of DX (abrupt loss of TAs). Best TA days were 12/12, 15, and 19-21; 12/21 was good to all directions. TA's hrd on 12/22 were the common ones and they disappeared completely at about 0100. And no good TA reception since." Bengt Ericson reports from Sweden that "Christmas was generally a great time for DX but I was unlucky - at 2312 my dial cord broke and no shop could fit me with a new one!" Commenting on the SIC period, Don Kenney in Santa Monica claims, "much better conditions than last year!"

*Simultaneous Listening Contest. The first dozen or so contest forms have come dragging through the Xmas mail this week; results look most interesting. We'll hold off for a couple of weeks and then run a tabulation as we did last time. If you managed to listen for only a couple of blocks and don't consider the results worth sending along, take heart - so far nobody's scored on all 10 blocks. Send along your nonresults if you listened at all - it makes for more interesting results. Stan Morse reports that business kept him from listening but that he wished to contribute a prize anyhow; through Stan's generosity the top two placers will get 1969 WRTVH's.

*World Radio TV Handbook. The 1969 Edition has arrived and is bigger, better, and more expensive than ever before. It's up to a full 360 pages - and that's small type we might add - and contains listings by frequency for North America prepared by NRC and for the rest of the world by Arctic. No serious DX'er can afford to be without it. Available for $5.95 from Gilfer Associates, Post Office Box 239A, Park Ridge, N.J. 07656. Word also comes from FMS that their new station list will go to press in the middle of this month; full details will appear in IDXD as they become available.

*Afghanistan. Kabul has happily moved their high power transmitter from 1280 to 1295; a definite hit at s/on 2100 for the next month or so here in North America. (Ed)

*Clandestine. The "Voice of Iraqi Kurdistan" is currently transmitting in the Kurdish language on 1592; location unknown. (Ed) "La Voix d'El Assifa" broadcasts in Arabic and Hebrew and is connected with El Fath, 18 Boulevard du Colonel Amirouche, Alger. SCDX says MW freq is "344" but this probably a typographical error. (Ed)

**Congo. Radio Kinshasa is supposed to use a full 100 kw here according to our Arctic member in South Africa; should be quite possible in N.A. if info is correct. (Ed)

*International Waters. Still no sign of projected Radio Nordsee according to Arctic; information about this one is supposed to be valid but...? Watch 1130-1150 around midnight EST.

**Clandestine. Appears that Radio Libertad is now off for good; it hasn't been hrd on either MW or SW for quite a few weeks now and a visitor just back from the Caribbean reports no trace on any of their old channels. The information about this station appearing in the February/March issue of Radio-TV Experimenter is incorrect and was based on an incorrect ID quite a few months ago. (Ed)

********************************************************************************************************

REPC extends its congratulations to Tom Holmes who's just become the father of a baby girl over the holidays.

If all goes well this will be the last regular mimeo edition of DX News; final arrangements have been confirmed with the printer and the issue of 1/11/69 will be produced by offset. There was no front page in 12/21 issue since ERC's stencil did
1475 Asiatic USSR. Quite good at times after 0615 12/2 w/JJ mx and singing. 17/6 much weaker at the same time (Reynolds)
1502 Poland. Warsaw with varying signal, got enough on tape for a report. 0104-0120 on 12/1. (Silvera, Jamaica)
1520a Colombia. R. Minuto, HJLQ, Barranquilla, ID and TC 0431 12/16
1528 Colombia. R. Canoa, Turbaco HJBV here, anncs low freq. yet on the channel. (Hauser, Col.)
** 1528 Colombia. R. Canoa, Turbaco HJBV here, anncs low freq. yet on the channel. (Hauser, Col.)
** 1528 Colombia. HJHD L.V. de Petroleo, Barrancabermeja another drifter, got ID but 0120 to 0155 had uniformly poor signal. (Silvera, Jamaica)
1550 Puerto Rico. WKFE Ponce (Yauco) is the SS ANer here, hrd by many. (Silvera, Jamaica) unID SS here; stn alone on the channel from 0340 12/23 mostly music, ad at 0400, 0401 ID almost certainly as "Radio Santa Fé"; there is an Argentinian in Santa Fé province but it is only 100 watt. (Hauser, Col.) (Sounds like WKFE, ID's would be nearly indistinguishable in a noisy-background situation. Another good example of (1) The importance of getting correct IDs and (2) advantages of keeping tapes of your IDs for future reference. Ed.)
1554 France. ORTF Nice loud 0155 12/18. This and Veronica-1562 were as good as BBC-1214 when in; however these were the only 2 TA's heard this mornings. (Starr, Ohio)
1562 Int. Waters. R. Veronica for the first time ever w/fantastic s-8 signals completely in clear (exc. slight CFOR splash) 0200 12/18. Still hrd well at 0255 tuneout. Got very good tape. Second stn hrd briefly at 0203, sounded good; was this the Swiss? (Starr, Ohio)
1570 Italy. RAI sync hrd w/IS and pipe at 0029 on 12/6; weaker than reception of last year. (Scrimgeour, Ont.)
764 SENEGAL. Dakar sent a v/q after 2 mo., the usual one with 98-stringed banjo. V/s is almost illegible, looks like Seydou N'Giaa. Wrote "wish to correspond" or something similar, in FN (Blumenthal)
831 BR. HONDURAS. Airmail v/q from Claude Ford, chief Broadcasting Officer for 10/20 reception. Says sked 0600-2330 (Robers, Fla.) Belize; standard v/q for 10/12 reception, 2 mo. States 830 k but 831.5 is closer to actual freq. (Sullivan, Mass.)
860 MEXICO. XEUN, v/1 rcvd last month for 12/67 report, out about a year or so. My report was "sent by error to another office near the station" i.e. lost for 11 months, hi. Uses 50 kW and directional antenna. No name for v/o, but he/she is with Oficina de Programación. (Your Editor)
1170 ALASKA. KJNP sent a v/1, QSL card, CM and booklet "Miracle at North Pole" in answer to f/up sent 12/4 on report of 10/25. Veri rcvd 12/13. V/s is Donald L. Nelson, GM. He added that mine, and a report from Sweden (Artic's Yngve Mattson) are the only real reports they have had so far. He just received QSL cards 12/6 and mine was the first one sent out. KJNP is a full-time non-denom' religious stn; call stands for "King Jesus North Pole" and they hope to go to 50 kW in the near future. (Kaskey/ERBA; Calif)
1295 SINT MAARTEN. Sent standard v/q, v/s Wayne Nauman, CE. Using 10 kW. Returned via airmail, 1-1/2 months. (Kilroy, D.C.)

This will cover everything to date that won't hold over well. It took 8-1/2 hours to do this section, and for the first time, a significant amount of material had to be blue-pencilled. "Flu" still prevalent here, however hope to be offset in a week (or 2?) Till then, Good DX-73, Bob
We hope everyone had a happy and prosperous Christmas and a DX-filled SLC contest. 1969 should prove to be a successful DX year for most of us and, even though we have no tips on 100-watters in Nepal this week, we can give you, nevertheless, some good information on what's being heard:

Colombia. HJKA Bogotá AN for Xmas only, in December. (Silversa, Ja.)

Cuba. Pretty sure it was a Cuban w/speech // to 9 other definitely IDed Cubans (580, 600 etc.) on 12/8 at 0145; none listed! (Scrimeour)

Dom. Rep. HICM mixed w/CBK + XEWA 2330 0000, 12/10. (Scrimeour, Ont.)

Ecuador. R. Tropical, Guayaquil HCAF-2 hrd for the first time w/ pop local mx after HJKA s/off 0015 12/1. (Objio, Dom. Rep.)

Hong Kong. Eng. Svce now here ex-0800 HKZ. (Ryden, in H.K.)

Ireland? CC here s-6 0145 12/15 but no audio despite frequent checks later. Early for Athlone. (Scrimeour, Ontario)

Cuba. Powerful Cuban here all AM 12/10 with local WKNM silent. Never noted here before. (Starr, Ohio)

Puerto Rico. WKAQ San Juan now 24 hours. (Héctor Dávila, P.R.)

WKAQ hrd for first time in 2 yrs 0440-0500 11/27 apparently all- downs in BS. ID's as "Radio Radio" and frequent TC's. (Kilroy, D.C.)

Costa Rica. R. Tropical, XRTL 1020 12/7, 12/10, 12/13, and 14; ID thru 12/15. 2352 to 0000 tune-out, and 0011 12/17 again. (Scrimeour, Ont.)

Venezuela. YVLA good w/WSM TT 0527 12/18 (Hoffmann, Indiana)

Dom. Rep. HIAT R. Universal o/u WSM 2300-2310 12/13 for SLC-6. ID was so slurred I had to play the tape for a Cuban friend at work to have him make sure of identity. (Sullivan, Mass.)

Venezuela. YVNA hrd ID as R. Pinto Fijo 0110 12/2 w/JR (Kilroy, DC)

Venezuela. YVIL Radio Rumbos ID 0522 12/16. (Hoffmann, Ind.)

Puerto Rico. WAPA San Juan now 24 hours. (Héctor Dávila, P.R.)

Mexico. XEGL León w/Xmas chimes 2305 12/12; TC "en XELA" 2310 and Xmas as 2322. Heavy QRM from nullified KNBR. (Hauser, Colorado)

Spain. RNE Sevilla for real surprise 2323-2330 12/12 in SLC-5. Some problem de WREO-680. Much better -0200-0006 12/13 (Sullivan, Ma)

Argentina. LS-1 Buenos Aires w/clear ID thru a lull in QRM 0413 12/2, "Ellay essay uno en Buenos Aires", soon covered by KIRQ. (Reynolds, Calif.)

Colombia. HJCU R. Tricolor Bogotá AN for Xmas. (Silversa, Jamaica)

HJCU hrd 0223 12/23 thru unID stn. (Kilroy, D.C.) (unID Canada? -Ed.)

Venezuela. unID on ER's must be R. Universe, YVMT Barquisimeto the only Venezuelan on this frequency. (Objio, D.R.)

unID TA. Probably Hilversum w/weak s/on then nx 0200 12/15. OKCO-1150 splashes here, seemingly from a spur, also on 737. (Scrimeour)

Hilversum presumed here 12/21 and 12/23 from 1715 to 1800 s/off. Couldn't ID language due to poor audio. (Blumenthal, Mass.)

Jamaica. The local stations for JBC (560-620-700-750) and also RJR (550-580-720-770) were AN Xmas eve then the AMs of 12/26-27-28-29, silent the 30th, then Cricket from Australia the 31st and possibly the First January. All 8 freqs will be AN. Watch for Trinidad-730 and Barbados-760 also. There will be 3 more matches in January & February - 6 days each - I will advise the exact dates. Anyone hearing an Australian B/C Corp. ID on these freqs, has not got DU. (Silversa, Jamaica) (I listed here, as 750 seems the most widely hrd Jamaican freq. Probably many other stations in the West Indies such as Montserrat, Antigua, B.V.I. will relay cricket as well. -Ed.)

Jamaica. JBC here 0223 12/23 w/US pop mx, o/u HJDK. (Kilroy, D.C.)

Puerto Rico. WORA Mayaguez hrd 2318-2321 11/26 w/AST TC's (Rogers)

Br. Guiana. Tentatively here 12/17 from 0000 to 0015; 2 or 3 stns w/B/C and hrd weak accented EE. Definitely one w/B/C of course. Hrd a bad (100cps) hat on 560 over 2 or 3 signals. Xmas mx on SW outlet 3265 with what were definitely "R" in EE; nothing like it on BCB for me. Wonder if anybody had ZPY on BCB today? (Scrimeour)

Senegal. Dakar the only regular TA noted in Houston so far this season. Esp. good 11/26 when I taped complete s/on 0100. (Tannery, Tex)

Switz. M+F here in FF 1810 11/19. Talk sounded too smooth for Senegal. Apparently an anthem 1816 and off 1818, no chants or stringed instruments noted. Is this the Swiss s/off time? (Blumenthal)
unID. Religious pgm in EE 0455 12/16, readable once every 10 mins for a time despite low freq het and SS QRM. Pgm after 0500 all in EE and more a US than an Australian accent. No chance of it being WBM.(Kaskey/ERB, Calif.) (ZEVI?? Barbados? Apollo-8??)

Cable Zone. Hrd ID here as "United States Armed Forces Station" at 0430 on 12/9. (Objlo, Dom. Rep.)

Colombia. HJEW "Radio Atalaya" Bucaramanga was steady s-6 to s-7 at 0502 on 12/8. (Hank Wilkinson, No. Hollywood, Calif.) (Hi,stranger-Andorra/unID. R. des V. fair/good in FF/pop mx 1718-1800 ge)

On 12/23, big surprise a 2nd TA which occasionally faded in with M+F ancres in unID lingo. Out by 1800. Italy, Poland, who? (Blum.)

Guatemala. TOTO R. Internacional w/complete ID 0520 12/2 then marimba mx and singing cml to tune of "Jingle Bells."(Reynolds)

Italy. Roma II hrd 2321-2340 12/1, very weak but definite Italian and DF ENE from Miami. Just above noise level, with cl mx; s-2.

Signal slightly improved after 2330, to s-3. Talk pgm, M+F ancres. Country #32. (Rogers, Fla.) Roma II hrd every night since 12/3, peak signal usually at 2030. Varied mx w/nx on the hour, first in II then usually EE read by woman. Best evening TA.(Blumenthal)

Guatemala. TGX now here ex-060; apparent s/off approx. 2340. Has been very good here the last 2 weeks. ID as Radio Ciriros, La Emisora Musical de Guatemala. Not quite 854 as they cause a bad het w/Peru. This is REYNQLD's unID het. (Tannery, Texas) (Stn has been quoted as: Radio Ciro's. Ed.)

Nicaragua. Sometimes very good when TGO buried in the muddle, and seldom well received here when TGO is loud. Mystery.(Reynolds)

YNKW at s/on 0600 11/28 anned "R. Libertad", very strong. Marta Cansino is doing very well here; she used to be at YNX.(Klor) Colombia. HJCE Bogotá AN for December. (Silvera) L.V. de Bogotá 0213 12/23 ID, inviting reports from abroad in exchange for "hermosos obsequios". How about that? (Hauser, Col.) Constante la respuesta..."

Alaska. KFRE Fairbanks the only consistent Alaskan this year. Usually can be DFed after CJVI s/off 0400; sometimes dominates CHML without loop. (Kaskey, Calif.)

Venezuela. YVQX. R. Nueva Esparta, Porlamar noted for the first time here 0149 w/EE 12/2. On Isla de Margarita. (Silvera, Jan.)

Colombia. R. Continental, Bogotá HJCS now drifting between 928 and 935 kHz. (Silvera, Jamaica)

unID. Strong SS, vocal mx 0032 12/9 (Scrimgeour) (see above-Ed.)

Morocco. RTM Agadir the only stn noted so far for Ramadan. Was very good 0130 12/14. (Tannery, Houston, Texas) Agadir poor at 2228 12/11 but very good from 2125 12/12 w/relig. pgms. Much chanting. (Hooray for Ramadan!)(Blumenthal, Mass.)

Virgin Is. WIVI has changed call to WSTX (ST for Saint; X for the word Croix = cross in FF) and now using this call. (Héctor Dávila)

WIVI hrd atop WFLA 12/8 2047-2058. (Rogers, Fla.)

unID. SS stn w/jazz, quite weak. Hrd 2234 and later on 12/8. The 995 stn R. Suceso was extremely loud on peaks at same time. (Gray Scrimgeour, Ont.) RA: IDXD 12/14. Only stn I heard here was this one with this ID: "Transmit Citicito R.P.C. on 965 kcs". Panama IDd at 2237 on 12/22, not on the frequency mentioned.(César Obrijo, D.R.) (i.e. not on 965 kcs.-Ed.) Running through past IDX's, your Aug. 3rd 985 kHz unID is R. Expresso, LIma. Is also never very good here, but best 2200-0000. Has US and pop mx, and as you said, deep fades. Hrd here for best reception on 12/16/68. (Silvera, Jamaica) (So: perhaps Peru and Panama are here and not Peru and Chile. Or, perhaps, all 3. Keep trying, all.-Ed.)

Dom. Rep. Unusual reception of HJF R. Comercial evening of 12/19 with good signal 2115-2200. Nearly in the clear with KLRA looped and no sign of usual CFRB. (Hoffmann, Indiana)

Peru. OAX4U can be DFed o/CFRB every night after 0200. (Kaskey)

Mexico. XEHL Guadalajara ID, then "La Fora Nacional" 0000 12/9. (Rogers, Fla.)

Panama. HOU after 0500 12/2 quite good, fade.(Reynolds, Calif.)
Panama. R. Reloj HOU-44 Panamá City hrd 0513 12/2 w/IDs between recorded Latin mx. Weaker than HOU-1013. (Reynolds, Calif.)

anyID. SS hrd 11/25 at 2240 w/US oldies, "Blue Danube" etc. Hrd mention of Guatemala several times. Anyone have an ID? (Reynolds)

Colombia. BJER R. Pacifico, Cali, now here ex-1025 kHz (Silvera)

Colombia. BDDP R. Colosal, Neiva 0135 12/23 (Blumenthal, Mass.)

(See IDXD for Nov. 2nd, 1968, Martin to ans. your question—Ed.)

Argentina. R. Libertad, IS-10 Buenos Aires spotty but with respectable signal between fades 0320 to past 0340. Has US rock mx., male-female commentary after 0330. (Starr, Ohio)

Venezuela. YVMR R. Industrial, Guarani noted several times. YVMQ excellent copy 0505 12/16 with ads for "International Travel Service" etc. (Silvera, Jamaica)

Puerto Rico. SSB 0430 12/9, then len thy bell and ID at 0002 12/9. Chriistmas carols, in and out. Hrd singing on some minutes be- 1900 with quite a good signal. ID at 1902: "Govorit Ust' Kamenskogo". (Eriksen, Sweden) (located 500 North, 82°30' East) (also; appears to be a new station. This is, I believe, the place Malenkov was exiled to some years ago, to run a hydro power stn.)

Puerto Rico. SST 0430 12/9, then EE/SS vacals, which was WM1A.

(Hauser, Col.)

Panama. BCO-2 Las Tablas 2330-2399 11/29. (Rogers, Fla.)

USSR—Kazakhstan. Ust'-Kamenogorsk hrd signing on some minutes before 1900 with quite a good signal. ID at 1902: "Govorit Ust'- Kamenogorsk". (Eriksen, Sweden) (located 500 North, 82°30' East) (also, appears to be a new station. This is, I believe, the place Malenkov was exiled to some years ago, to run a hydro power stn.)

Puerto Rico. SST 0430 12/9, then EE/SS vacals, which was WM1A.

(Hauser, Col.)

Brazil. Radio Programas Quiquesaya, HICM, Santo Domingo, keeps drifting and was here on 12/7. (Objio, D.R.)

England. BBC mixed with another TA (presume Albania) hrd 12/14 1112 to fade 0010; BBC in EE and the other a woman in unID lang. (Scrimgeour, Ont.)

Dom. Rep. HIJM or HIQM (I can't read your type very well, CM) R. Amistad like a local at s/f on 0419 12/9. 8/with on anthem, then lengthy bell melody IS and elaborate anmt. Gone by 0430. (Starr, Ohio) (Call is HIJM. Jerry's psychedelic type is toomuch)

Mexico. XENC s/off 0055 12/9, preceded by pop mx. First time hrd here, as WBT was silent. (Kidro, D.C.)

Venezuela. YVMF excellent copy 0505 12/16 with ads for Xmas presents and "Ondas del Lago" IDs. (Hoffmann, Indiana) YVMF hrd for first time thru all the 1120 hts for a good 45 minute log, 2330 on 12/8. (Scrimgeour, Ont. who lists freq. as: 1119+)

Costa Rica. TIGPH, R. Monumental, Liberia, hrd w/"R. Monumental" ID at 2230 on 12/8. (Scrimgeour, Ont.)

Cuba. Radio Liberacion hrd here 12/22 w/mx and ID at 2130, then more mx. (Objio, D.R.) (no further details available...yet?)

Colombia. Em. Rio-Mar, Barranquilla HJAC here now (x-1129) 2356 12/19 ID; "somos Todelario, lo moderno en radio; somos profesionales" yet they can't hold their frequency. (Hauser, Col.)

Em. Rio-Mar hrd with "Jingle Bells" used as a Rio-Mar promo on 12/16 at 0200. Last time SS hrd on 1129 was 2210 12/8 good strength but unIDed. Guess they bounce back and forth. (Scrimgeour)

Venezuela. YVMW hrd w/ER 0045 12/3, many net ID's. (Kidro, D.C.)

Venezuela. YVRR R. Industrial, Guaranés noted w/good signal relay- ing elections from YVKK-590 at 0200 12/1. (Silvera, Jamaica)

Colombia. Finally IDed my SS hrd as El Mundo en Bogota; hrd w/ cl mx 12/10 and 11. ID at 0000 and s/off w/NA 0002:30. (Scrimgeour)

Venezuela. unID IDXD 12/14 is either R. Turismo, YVSS Valera or R. Industrial, YVRR, Guarenés. (Objio, D.R.) (Can't find this town on map, altho I do have a "Guarané" in Estado Portuguesa—Ed.)

Alaska. K6EJ noted again 0320 12/16 w/relig. pgms. (Kasky, Cal.)

unID. Signal from the South with EE Christmas carols, in and out through WOA1 on 12/9 around 0045-0100. TTN? No IDs or anctis hrd, other than the names of carols. (Scrimgeour, Ontario) (more—)
Sierra Leone. Finally hrd 12/16 but only actually hrd the IS from CO65 to CO85. ORTF too strong for any details other than that. Bordeaux boomed in despite looping to past 0210. (Scrimgour)

Sierra Leone logged here for the first time 0045 until 0100 (date please?) with very little audio, but loops a few degrees below Dakar so it has to be them. (Tannery, Texas).

France. ORTF a good s-6 0055 12/16; no sign of SLECA at 0100. ORTF the only TA of the morning. (Starr, Ohio.) (see Gray's report, just above. A good illustration, I feel, of the chance selectivity of just where a long distance signal will skip too. —Ed.)

Cuba. CWJS, Reloj Nacional, Ciego de Avila ID w/chime 0300 12/16 and R. Reloj and Habana mentioned. 0330: ID: "Año del guerrillero hercico!" (Hauser, Col.) (HFJF item from Hauser, below?)

Colombia. HJFF La Voz Amiga, Periera, Todelar promo 0351 12/16.

Argentina. LV-3 R, Cordoba s/on L&C 0400 o/HJFF 12/15 (Hauser, Co.)

Colombia. "La Radio Internacional del Colombia", Cucuta with this ID, IS, NA and off 0005 12/20. (Hauser, Col.) HJBE Cucuta was s-6 at 2242 12/5. "Radio Internacional" (Henry Wilkinson, Calif.)

England. BBC still going strong at 0345 12/17 with dawn-induced flutter failing just beginning. (Kilroy, D.C.) BBC a real surprise here 0015-0200 11/25; mostly smooth mx, no rock. (Tannery, Texas)

Bermuda. ZBM-1 Hamilton rock-steady 0400 12/9 in strangely-accented Portuguese; not sked this early but what else be? (Hauser, Co.)

Venezuela. unID IDXD 12/14 R. Puerto Ordaiz YVPZ I believe (Objeto)

Colombia. La Voz del Rio Sanese- (sorry) Suárez EJNQ Barbosa hrd for the first time, IDing at 2243 on 12/7 with pgsms for a special celebration. (Objeto, D.R.) (sorry-no correction fluid here)

Cuba. Station here: I did not hear an ID, just Castro's talks, but the stn drifting here must be CMKF Guantánamo. (Objeto last 2)

Colombia. S-4 signal from R. Libertador, Cali, HJEC; ID hrd twice 2100-2112 12/4. Some fade, no QRM. (Rogers, Fla.)

England. BBCES good until 0115 when an abrupt power change, or a pattern change on 12/20, just audible. Usually mx in FF 0130-0200 is hrd well. (Kilroy, D.C.) BBCES hrd 2255-2313 12/11 with "wy" IS (••••••••) then s/on in unID lingo. (Sullivan, Mass.)

unID. Hrd 1805-1822 12/20, News in EE, moderately accepted. Had "News of the World" at 1800. At 1822 hrd a french (?) chant and then an explanation about it. Heavy QRM. Have tape but replay no help as noise level and splatter too severe. (Kilroy, D.C.)

Haiti. R. Citadel, Cap Haitien hrd for the first time, very weak, on 12/7 w/ID at 1904 followed by Haitian mx. (Objeto, D.R.)

Nicaragua. YN?? Radio Granada, (Grandda?) noted here 12/15 to 1285 kHs with pop mx at 1748. New station. (Silvera, Jamaica)

Mexico. XECO R. Eco ad for Glostora Sólida 0308 12/23. (Hauser)

Haiti. 4VEA weak but clear 0625 12/2, talk in FF and well-known Xmas carols. Reported. (Reynolds, Calif.)

Albania. Noted with IS and anthem 0027-0030 then man in GG for the next half hour. (Tannery) Was excellent during last TA opening 12/14-16. The best TA here with very high audio levels. (KGS) In reference to my 1394 report (23 Nov 68 IDXD), it was Tirana. After re-checking the tape, I got an ID as Tirana. Without some borrowed audio filters, I would have sworn they said "austria". (Rogers, Fla.) (Thanks for letting us know, Walt)

Colombia. HJFB L.V. de Gran Colombia, Villa Rosario (sub. of Cucuta) was AN for Christmas. (Silvera, Jamaica)

Colombia. HJBJ Zonda de Ríohacha now hrd here; anncs 1440 kHz. However listed and hrd last on 1430 kHz. (Silvera, Jamaica)

Haiti. La Voix du Nord, 4VEA, Cap Haitien, hrd at 1850 12/8 with Haitian mx, very weak, ID at 1858. (Objeto, D.R.)

Ecuador. HCGM-1 R. Reloj, Quito hrd here at 0105 12/18 with mx and ID + TO; listed for 1460 kHz. (Silvera, Jamaica)

Colombia. HJNT L.V. de Paraiso was AN for Xmas. In Cerrito. (Silvera...

Information from Russ Edmunds.

I have waiting for next week a report from the AHARC Verification Committee by Jerry Starr, including the stations who are now verifying as a result of this Committee's work.

Good group this week: Welcome back to Ralphie and Frank Merrill, great to hear from Gray Scrimgeour.

Everybody ready for next week?

73, Randy
