RENEWALS
- Welcome to the NBC, gentlemen. Why not drop Ernie Cooper a line and introduce yourselves in a Musing soon?

NOTES &c FROM NIPC

A reminder to some of our newer members, as well as some of our older ones, that NIPC Stationery and/or report forms are still available from HQ in limited quantities for $2.50 per 100 sheets while they last. We do not plan on reprinting supplies when current inventory is exhausted, due to the dwindling cost of paper and the postal rate hike imminent in March.

A likewise limited quantity of the Domestic Log is still on hand; about 30 copies are still available to the membership for $6.25 postpaid. Conversely, a generous supply of Night Pattern Books are available for $6.00 postpaid. If you still haven't procured your copy, why not send us an order. Whilst helping yourself to the most accurate and graphically-pleasing presentation of nighttime pattern information available, you'll also be helping the worthwhile cause of cleaning out my attic, hi.

The new up-dated Reprint List will be appearing here in EDN in either #16 or #17. If possible, please hold any reprint orders you may have until the new list appears. Several deletions and up-dates are being made. Holding your order will save us time in processing and book-keeping.

For those wishing to contribute articles for inclusion in EDN, our margin requirements for typed copy are: Top margin 3/4"; Bottom 3/4"; Right 3/4"; and left margin, 3/4". Please abide by these margins, and remember to use a new ribbon or carbon ribbon paper, if available, to produce copy suitable for offset reproduction. Further detailed information re: preparation of copy available from HQ.
C. P. C. TEST SCHEDULE

THU. Jan. 31 - 06:50-0700 * KEFC-1230 Houston, MO 1000 D IRCA
MON. Feb. 4 - 00:00-0800 * KIAC-970 Fairbanks, AK 5000 U NRC
TUE. - 02:00-0300 * WCHL-1360 Chapel Hill, NC 1000 N NRC
WED. - 04:00-0500 * WGON-1400 Munising, MI 1000 U (all)
THU. - 06:00-0700 * KAMA-1520 Albuquerque, NM 500 D IRCA
FRI. - 08:00-0900 * KLIR-1360 Clarksville, AR 500 D IRCA
SAT. - 10:00-1130 * KTVI-1360 The Valley, AR 500 U NRC
SUN. - 12:00-1300 * WTVI-1230 Titusville, PA 1000/250 U IRCA
MON. - 14:00-1500 * WROX-1560 Shivelyville, KY 250 D IRCA
TUE. - 16:00-1730 * WMAL-1360 Cincinnati, OH 5000 U IRCA

DETAILS:

WIFS - No program details. Reports to Chief Engineer, Best Centre, E. Cumberland Rd., Bluefield, WV 24701. Arr. Gene Vondracek/NRC

WIFI - First half hour non-directional, last half hour directional during ER; plentiful IDs. Reports to Skip Ford, Eng. Mgr., Box 2127, Chapel Hill, NC 27514. Arr. by Skip Dabelstein/NBC

WGON - DX test for station normally 5/8 off 2200. No pm details. Reports to Paul Potesky, G.M., W2OOC, Munising, MI 49862. Arr. by Glenn Lawless as a joint test for IRCA/IRCA/NNRC

KAXI - Program will consist of ranchero music, press IDs and IDs between each record in FR and ER. Reports to Donald W. Flaig, OE, KANX, Box 4790, Albuquerque, NM 87106. Arr. by Skip Dabelstein/NBC

KAXR - This is the irregular second Wednesday frequency check; runs quarterly in February, May, August, and November. Reports to Ray Forrester, Box 168, Clarksville, AR 72830. Arr. by Karl Forth/IRCA

INTERNATIONAL DX DIGEST

Phone 703 - 354 - 2135 before 2200 EDT - All Times GMT - Deadlines Are Saturday

EBU Internal Monitoring Report for 12/71 (exclusive in DX NEWS) - via GPN

Bermont, Switzerland, here w/150 kw.
Scherwin, DDR, here w/20 kw.
Connemara, Ireland, now on the air and heard at Tatsfield.

IBG general, ISK noted as distant as Belgium.
Riyadh, Saudi Arabia, listed as 1000 kw but signal strength indicates much less actual power.

Burkurova, Turkey, listed 300 kw; actual power appears much less.
Unid noted only at Lisbon EBU station; probably EBU in Liberia.

Boca, Iran, new superpower xmt (listed 400 kw) noted fair in Belgium.

USA, Badly drifting R in noted in Belgium, Finland and Italy; not

Hermanek.

Hein, Iceland; believed noted at Belgium on this frequency.

Jerusalem, Former 697 kw station now here.

Monte Carlo, Monaco; new stn here noted only in Monaco, Italy; presumably quite low power.

London News listed 500 watts NSP and pretty much so received by EBU.
Israel still within 1 Hz of center here.

Asst, Egypt now here; drifts from +59 to -56 Hz.

Jamming noted here in Belgium.

Iraq, Baghdad here. Forget it!

Jamming noted on the channel; can only be Israel's jamming Baghdad?

Unid noted only at Lisbon; not one of the regular channel occupants; most likely an African.

Ala Dalal. Tentatively noted in Belgium on this channel.

Morocco, listed by EBU for about a year now and may be the station tentatively ID'd as a Moroccan by Europeans about a year ago.

Habat 3, Morocco now here.

Trigal, Cyprus; RIG relay well heard throughout Europe. A free beer to anyone who can pronounce the town without recourse to a gazetteer.

Unid, Libya station.

Tripoli, Libya still here; the above station is different but of roughly the same power, judging from signal strengths recorded at Med EBU stations.

Nicosia, Cyprus; listed 1 kw and heard only at Sorrento, Italy.

Anamur, Turkey; good local at Sorrento.

Sinkiang, China. Varies +10 and +2 Hz.

USBA. The high power, stable Mayak station, freq deviation +15/-2 Hz.

USBA. The drifter; occasional excursions as high as 1500 kHz.

Vatican. Freq variation ±0.1 Hz.

Valencia; measured here at Lisbon.

Unid, Turk good at Sorrento.

Sharja, Trujal Alasates. Now here from 1757; heard as far west as Belgium.

A couple of items from DSWC forwarded by EBU.

ALGERIA Algeria has a new E8 broadcast 1900-1930 daily on 980, 1140 and 1504. (Charles Wootten SCIDX)

CANTON IS WIXL, now signs off at 1000 on 1385 KHz. (Arthur Gushen)
Conditions have definitely improved, it remains to be seen if it is permanent. Last night, 1/25 (21/26 GMT) saw the best TA opening of the season, at least the best noted here. It started with very poor condx just after sunset, very little skip even an hour after sunset. Then things turned auroral, with most channels being dominated by Ssers with one notable exception, 860 where JAMC was very strong, no sign of HAM (at the same time, DJBUN was a bust from a Latin). At 0230 GMT, the band was suddenly alive with T's, and not the usual Garden variety either. Several times (17/7, 17/8, 17/9, 17/10, et al) had carriers or heter or almost certainly were Russians. Definite HF on 1554 behind Nice, and possibly Yerevan-863 (see below). It was hard to spend much time on any one frequency for fear that I would miss something better somewhere else, hi. Now on, to DX.

First, a couple of longwave items.

---

**Thursday, January 6, 1993**

**JEJ**

This is likely Foxy's unit. Listed here with 1400 kw. (ED)

**HOLAND** (Tentative) (Cont.) and frequency. Signal faded out 0153 and not noted on record later. 1/22. (Nelson) Lopik is now NSP here, and has been since 10/10/72. See DXN, Vol. 41, No. 7, (ED).

- **MEXICO** XEXN Ures, Son. "Radio Ures" 2000 K005-C16 w/ranchera and old romantic mx. ID as "Desde el centro del estado, XEXN, Radio Ures". Full call and name ID after each record. Never heard before! I even wondered if the air was on 0100. (Gleason)

- **GERMAN FEDERAL REPUBLIC** SWF Mainz-Wolfsheim fair 0200 w/Man in GI freq 1010.0207 on 1/7. (Nelson)

- **COLOMBIA** XCHB Monterrey, N.L. "Radio Mexicoana" seems to be NSP w/ranchera music. (Gleason)

---

**VATICAN/MADEIRA** (Tentative) (Cont.) I've been working on this one for years but he is very weak at best; listed 300 watts and that may be an overstatement, hi. Measured freq Vatican 1529.0001; unid 1529.0001. (Nelson)

- **MADEIRA** (Tentative) Likely the source of the pet on 1530 at 0801 on 1/21. Was just starting to get a low grumble of audio when WCKY threw off on 0810. Much too late for Vatican. WRTH lists as 1 kw. (ED)

- **FRANCE/LITHUANIAN** SCR Nice on top of Klapkiai clearly audible behind at times between 0000-0545 on 1/22. Male and female announcers, and what else - piano music. (ED)

- **MEXICO** XCHB Monterrey, N.L. "Radio Mexicoana" seems to be NSP w/ranchera music. (Gleason)

---

**DOMINICA R.** Dominica, Roseau. Letter verie for report on 12/31-73. Verie signer: Jeff Charles, Manager. Gov't. station. Operates 1 1/2 hours per day w/10 kw. Very nice letter w/some beautiful uncancelled stamps. Country number 65 for me. (Wilkinson)

- **MEXICO** XEM, Mexico, DF w/1 in 5 weeks from Jorge Galina Veraz, at Av. Morelos 116. (Gleason)

- **DOMINICAN REPUBLIC** HDBB R. Libertad, Santiago sent a very friendly v/1 for 12/24. Reception. Signed by Armando Bazan, Director de Programacion. DR verie #9 here. (Krejny)

- **MEXICO** XEMO Standard oversize card in 1 week for SS report to Juarez. Mailed from Mexico. (Gleason)

- **MEXICO** XEQC Culiacan, Sin., Apdo. 233. Carlos Garcia Riveria Jr. sent a nice letter in 3 weeks w/post cards of city. (Gleason)

- **MEXICO** XEMD Ciudad Morelos, B.C., v/1 from Antonia Brascone E., says their tower damaged, using longwire at time of my report. (Gleason)

Possible text:

Mike this maybe want to contact 1220 station in your area about it. These stations might be open to the general public including, along with log changing items, stations changing their call letters, when an ID or OYF BC is added, or ID or W with ID, and W with C&W. Any of these things take place, it can be expected that someone will contact you. When it comes to the general public, it is best to be open to all suggestions, including changing call letters, adding an ID, or changing the station's format.

So long folk, we won’t try to sneak any lines past RJE this week. As they say: “don’t try to sneak any lines past RJE.”

NEW MEMBER BOOKLETS

New Member Booklets in quantities exceeding 150 copies were mailed from New Jersey on December 31, 1973. NRC HQ has been in telephone contact with several new members and we find that the NMBs have already penetrated most areas of the USA. Arrival dates have been noted as follows:

* Maine, Massachusetts & Connecticut - January 14
* New York State & Pennsylvania - January 15 & 16
* Illinois, Ohio & Nebraska - January 16 & 17
* Other Middle West States - January 17 & 18

New Member Booklets have not yet been received in California; those patient members residing west of the Rocky Mountains should be receiving their NMBs very shortly.

Again, we remind our members - especially those located adjacent to one of the states previously mentioned - if you paid NRC HQ (Boonton or Boston) the New Member Fee of $1.00 and have not received your NMB, drop a postcard to Box 127 and let us know!

* Steve Bohac & Page Taylor

RECEPTION REPORTS (?)

Due to the extremely weak signal, the severe fading and the excessive QRN from KRLA (Pasadena) I was not able to log any program details. I did hear the I.D. at 0030 PDT.

If my reception report is reasonably accurate would you please send me a QSL card? Thank you very much.

Dear Sir,

I can receive KFAB in Saskatoon in the late evenings and enjoy your programs. I am also interested in radio and enjoy collecting literature and brochures from radio stations.

I would be very grateful if you would send me literature on KFAB. Also enclose a broadcast coverage map. Thanks and please reply.
Dear Sirs:

I am pleased to report reception of your station, KP-B on 1110 kilocycles, for the AM 44.5444 kHz on the morning of August 27, 1973, here in Seattle. Following is a list of programming heard with times in that of the Central Daylight Time zone.

These times are approximate:

5:04 AM NBC network news
5:05 ID "and this is Warren Nelson in the K-F-A-B newsroom. Temperature were for various Nebraska and Iowa cities. Some local news items heard were. A man from Council Bluffs dying in an Omaha hospital from burns. The Nebraska State Fair will be held in Lincoln this week. Weather: Highs from 95 to 100 with clear skies and thunder later. Current temperatures: 77 in Grand Island, 69 in Omaha-Council Bluffs."
5:10 Program is "Monday Morning Watch". Time check given 5:10 AM (could not hear details on account of fade). "14 minutes past 5 o'clock."
5:15 "You're listening to K-F-A-B, Omaha."
5:16 Signing ID "K-F-A-B."
5:18 Weather forecast with some details as given in news.
5:19 AM Suns news
5:19 AM "5:19, LUNDAY MORNING WATCH on K-F-A-B. These are the Vookies."
5:21 AM fade noted, 30 seconds in length, KP-B signal strength poor.
5:32 AM "L. M. American Association Football scores."
5:34 AM Weather temperatures for various regional cities. Grand Island and Sioux City 77, 69 AM.
5:35 AM Religion program.
5:30 AM ID "K-F-A-B, Omaha."

Frequent station identifications were heard loud and clear. The most details were heard. They were "Jim Town Head."

We welcome Bill Fait to the Supremacy Ratings this month. We hope your members will update your totals as many are quite old or incomplete. Other stations may be like myself with little DXing or lack of incoming veries. Sent 4 out in 1972 with no returns. Next month will feature North American DX stations and your best verie from there. Good DX to all. Aloha.
Ron B. Schiller - 1961 N.E. 28th Court - Lighthouse Point, Florida - 33304

Veris in from WRIF-1400 WQI-1350 WQY-1000 plus bumper stick-er, KWX-680. WRID-1500 including a reprint of an article in the Miami Herald showing that 840 KHD was off in the 34th and the boot to go.

I was especially glad to get this one since a call change is pending. WWIN-1060 v/1 said to mention in the "200" rag (translation: DX NBS) that their sister station WWIN-1150 lost its one 'stick' (translation: tower, I presume) and is operating at 3900 MHz. WWIN-1150 seems old FM tower too. Friendly v/1 saying first FLa. report that makes us even - Dominick #1 ever for me & country #7.

New listening: WWIN-1550 a/m & 6 on 12/29.
1230 - WPUL-1130 v/1 7:39 & 8:17; WQI-1350 w/Mutual NHX a/1 7:39; WWIN-680 v/1 7:51 & w/beauti-ful mix... 12/31: CNEB-1440 200 on 5:29/s of WKDI/WQMI which was late s/cm 5:31.

WINL-1550 a/m & 6 in December. 12/31: CNEB-1440 200 on 5:29/s of WKDI/WQMI which was late s/cm 5:31.

WINL-1550 a/m & 6 in December. 12/31: CNEB-1440 200 on 5:29/s of WKDI/WQMI which was late s/cm 5:31.

WINL-1550 a/m & 6 in December. 12/31: CNEB-1440 200 on 5:29/s of WKDI/WQMI which was late s/cm 5:31.

WINL-1550 a/m & 6 in December. 12/31: CNEB-1440 200 on 5:29/s of WKDI/WQMI which was late s/cm 5:31.
GORD BAILEY - 5627 Elm Street - Box 818 - Ridgeway, Ontario - L0G 1N0

Greetings. I'm attached to another chapter in my recent DX experience.

The holidays were good to me. When not in the daytime, I was doing much DXing, and here are a few of the results.

12/16: WNGD-1350, WNGD.
12/21: WLO-1000, WLO.
12/22: WAE-1310, WAE.
12/22: WAC-1340, WAC.
12/26: WWU-670, WWU.
12/26: WQKX-1200, WQKX.-1070 on test.
12/27: KGBF-1500, KGBF.
12/29: WFDF-1400, WFDF.
12/29: WTW-1500, WTW.
12/30: WJRS-1520, WJRS.
12/30: WHW-1600, WHW.
12/30: KOCW-1580, KOCW.
12/30: WAMR-1600, WAMR.
12/30: WQXK-1550, WQXK.
12/30: WYPA-1300, WYPA.
12/30: WYPA-1300, WYPA.

WPTF-600 WPTF-1400.
12/26: WQKX-1200, WQKX.

KIN OYNSCHUK - 1239 Nage Court - (polulated) Sky Blue Island, Illinois - 60606
Hi again friends and GST fans alike!
Local s/off this week is 6/14, but those of the Gulf Coast like newie WLVG-1550 m/s/c don’t nagamma till 7/15. My log book has expanded to 526 s/o with the following additions: 8-VB 1400, KQX 1300, WFWB 690, WJZ 1300, all 1500: WJZ Tenn. & WBY Miss. on 11/1 plus WIPXY Ky. & KYMO Mo. on 1/1. I also heard WGAO-1550 11/1 just after 7 pm for only the second or third time W/1X/N. 11/1 I had Hooser KBE on 1550 between 7:40 & 8pm w/many mentions of New Castle, probably WCTW for Ind. #87. CKBK 1550, WTVX 1400, WFWB 690 and WJZ 1300 were heard on W/1300. No DX identified most reading 20-400 below. Announcer reminded highly expected only 15-20 below I'm writing this letter after classes have long concluded and Signal good till 9:30 when semi-local WILY Wis. s/o at 9:30 w/SSB. Another Chicago rr went Black recently, 1/2, WFWB-MN ex-WOR, changed to B-X Black. My apologies to RR for mentioning I read a lot of WFWB-MN ex-WOR before and now DX WBG previous to W/G.
(If I thought it was right out that the future was in doubt when RR was leaving it, I thought it was goner. Just a misinterpretation. I do enjoy INDD very much, but Mussings just happens to take a front seat with me. I will close for now. I hope to read or read 10 Mussings next issue (I have all night to read). 73 for now.
(Thanks for the kind words, Ken! - RBC)

CHARLES REH - 34 Carriage Avenue - Lexington, Ontario - N0H 2P2
Here's what's been heard since the first of the year: 1/2-05F-944 at 1:53am at best. Any others voo WLA-950 or WJZ-1550 P.R. s/o @ 940 w/0XH w/SSB & what was probably the P.R. Anh. Following is in EST: 1/7- KBGB-690 Ariz. t/c TT/UPX/CMC pulled @ 3:02am. 1/9- WWOX-1240 Ga. w/1X/N @ 4:35am. I think they s/o at 14:30. 1/12- WLVG-1250 V. a. 5:05am on for some minutes. 1/13- WJZ 1300 again. As a local we've been running for 1/4-1/4 in the form of CMX-1500 B.C. w/1300 @ 3:16am EST. WPTP had part of the time to try and mess things up. 1/19- KGW-570 N.M. w/TT/3:315-310am w/KXWM This is 3rd sighting. I see in the 1/4 DX NSW that Carl Dabelstein heard them then heard the DX NSW. In December at the same time, so this one is probably an r/t. Contrary to what some of RBC did not mention, there is no hope. A suggestion: when reporting station skeds to DX NSW, give Canadian (except B.C.) skeds in EST so as to keep consistent with other skeds in the DX NSW Log. I think it’ll be easier to convert them all than have some in EST & some others in BCT. Best DX & 73.
KEN KERR & T.J.

R.M. 2-Manville, New York - 13661
Long time no hear, DX or otherwise, due to injuries of last April & most of the Summer and early Fall in the hospital. Getting back to the old habits bit by bit. DX or late, 12/15 daytime DX @ 9am, WJZ-750, 914 WJZ-750 very good; 914, WACB-730 u/CMX.
12/28-915am, WSWG-1550 IAC for a half hour. 1/6-11:55pm, sounded like BGC local service w/o/s/s W/G& 699a.
1/7- KGMA-1500 weak u/CMX, one ID heard.
1/8-12/05 CHGW-1550, 12/35 CMX-1350, both w/CMX sked, s/o for WFWB-340 weak but easy. Another day session 1/12, all PM. 12/15-WGN-1100 mix w/WRAQ; 2150 WKEG-1070 u/CMX fair; 3150 WIOU-1000 u/w/STR poor but enough for report.
1/13- SBS s/o WFA-540 clear, then WVM s/o leaving WGB/M CKBK; 1120, WGB/M-340 briefly atop. 1/15-WGB/M-1300, CKBK; 3150 WGB/M-1000 @ 9pm. DX NSW interest was WGWG-1150 weak u/CMX. DX Manager states new policy of 100% verifiable reports for new NSW. They hope he’ll need a bigger mailbox so if you’re hesitating, hey pass the word they are now verifying. As a new DX NSW, let me say something to DXers reading a sample copy and thinking of joining. Do it! I’ve had more success since joining than just sitting. (Thanks for those encouraging words, Frank! & welcome to EHC & Mussings? - RBC)

FRANK E. MILLS - WFD #2 - Route #2 - Preston, Connecticut - 06360
Oh well again, the New Year is well upon us & everyone is hopefully piling up the 1974 new veris. An intro is in order here. The first NSW of a new person. First, Preston is not in the Yukon, it’s near New London & Norwich. I’m not sure if my family wants to swap a DX NSW. Oh to business. WSWG was received poorly here about 200 miles distant. I don’t want to leave DXers with the feeling that we only get about 200w here. I called station & spoke to C.J. Forty minutes into program I was the first caller & they actually listened. They wanted to go no-D but didn’t have clearance. Could maybe in near future. My verified states on radio has finally come, this year with WFSR & IT over W/RM & W/WG. Most interesting verie was WGWG-1150 km u/CMX. DX Manager states new policy of 100% verifiable reports for new NSW. He hopes he’ll need a bigger mailbox so if you’re hesitating, hey pass the word they are now verifying. As a new NSW, let me say something to DXers reading a sample copy and thinking of joining. Do it! I’ve had more success since joining than just sitting. (Thanks for those encouraging words, Frank! & welcome to EHC & Mussings? - RBC)

FINN E. COOPER - WBD East 21 Street - Carrier Radio Route 56 - Brooklyn, N.Y. 11225
Verica - WBD-1550 u/CMX, WJZ-1550 u/CMX, no letter! I see Jim Poteba got a NSW-1050 verie - how'd you do it, Jim? MM 11/22 I get up early regular @ 12 for a try at WJZ-1550 r/o, but no show - not on. I checked you, Joe Fels, hi. But I did bag something out of getting up that soon in TIBO-1550, week & 4am, but a good log taken. WGW-1100 of the third straight Ml & the last, according to the DX NSW. My DX NSW above. An FFCC topping 11/30 on 510, one on 310, which was WBC del Combel, other probably Mexico City, & no sign of CIJO today, nor KGB. "On Canada" on "Rae Maria" on 700 @ 2101 u/CMX, probably Costa Rica. An SS u/rather weak WKNM-1550 @ 2130, must have been on AX today.
11/21-2156 & 11/21-2156 from WGNB-1500, WAF-1550, WBOB-1550, WAKX-1100 s/o & others.
11/21. DX NSW above. An FFCC topping 11/30, one on 510, which was WBC del Combel, other probably Mexico City, & no sign of CIJO today, nor KGB. "On Canada" on "Rae Maria" on 700 @ 2101 u/CMX, probably Costa Rica. An SS u/rather weak WKNM-1550 @ 2130, must have been on AX today.
11/21-2156 & 11/21-2156 from WGNB-1500, WAF-1550, WBOB-1550, WAKX-1100 s/o & others. At last, an Aurora-type eye & I bagged new WKNM-1550 Chapel Hill N.C. 6:15-6:30 s/o. Before they, WJZ-1550, ss/off at 6:15B from WBOB. I’ve ever heard! They don’t spend gaz off till 6:15B! Remember, you’re never losing when your Mussing!
C U N 7.
