From the publisher...

Effective immediately, please send all DDXD
loggings to Bill Hale. Wayne's work load, both
with the NRC and with what puts bread on the
Heinen table, has increased more quickly than he
anticipated. And, as noted in the last issue, we’re
still accepting applications for editorships of
DDXD. I frankly am hoping that someone east of
the Mississippi will add his or her name to the
DDXD editorship candidates, as that region is
from where most of the contributions originate.

Jerry Stark is off to the races, and so don’t look
for an AMS for two weeks. However, next week
we should have a report from Jerry on silent
stations.

Columns... You’ll note a change in the format of
the loggings columns this week. Although the
mail pro and con the two-column format was
anything but overwhelming, I decided for several
reasons to return to the one-column, page-wide
format for these columns, although articles of
straight text will continue in the two-column for-
mat.

Why the change? Well, I felt that the split
format was more readable, and readability stud-
ies support my contention. However, as several of
you pointed out, trying to scan the text for state
abbreviations and cities is more difficult when
they are enclosed in text, even when printed in
boldface. Furthermore, some problems that I
hadn’t anticipated cropped up in translating from
different computer formats to the Mac. And so,
unless I’m inundated by a blizzard of letters, we’ll
will go with the wider column format. A big thanks to
these of you who cared enough to submit your
constructive criticism!

Congrats to NRCer Tony Bernhoffer, who took
my advice and submitted an article to PopCon,
and saw it published recently.

They joined... D. A. Fawcett, International
Falls, MN; Tom Beaton, Manchester, MA.

From the pages of DX News

50 years ago... Bob Brown, Goshen, IN,
reported hearing TA's on 42 frequencies on
a morning in early February; also heard on
his Scott radio were 5 new Australians and
various LA's, including LR6.

25 years ago... from the Feb. 18, 1967
DXN: Ray Moore, Walpole, MA, offered his
Hammarlund SP-600 for sale at $150, plus
his Collins 7553 for an unspecified price. He
was using a "homebrew consisting of 16
tubes and four transistors... two mechanical
filters and a Q-multiplier at 455 k and eight
tuned circuits at 100k, a 400-2100 cps audio
filter, and an RF Q-multiplier."

10 years ago... from the Feb. 15, 1982

CALL LETTER CHANGES APPLICATIONS FOR NEW STATIONS APPLICATIONS/GRANTS TO EXISTING FACILITIES

OTHERNESS

650 KUUY WY Orchard Valley: station is SILENT

730 WHMC NC Shelby: station now has a new call sign, WMC. Also see WMC-1540 Gastonia, NC and see 1540 below.

800 WPLK FL Palatka: station is ON THE AIR.

830 KPGE CA Orange: new station is ON THE AIR with Spanish language programming.

1000 WKNL KY Louisville: station has ended its agreement to rebroadcast WKNL-FM in Eminence, KY and is once again simulcasting with WDQX-FM. We expect to see a call change here.

1250 WAYE AL Birmingham: station is ON THE AIR, seems a runaway truck moved down their tower causing the temporary but extended silence.

1350 WKFH TX Beaumont: station is SILENT (as their FM, KNNX). In part due to a bitter dispute between owner and former warrants Mark White and his client.

1450 WTAL FL Tallahassee: according to a source at the station they are planning to move from 730 kHz with as much as 50000 watts daytime power, plans include buying out and cancelling the license of WST in Thomasville, GA which has been SILENT for many months.

1500 WCEJ NC Spring Lake: station is SILENT.

1550 WCSS NC Cherryville: station now has a new call sign, WKNT-1450. The FCC prohibited such an overlap in coverage areas for commonly owned stations of the same mode (AM) and the reduced power eliminated this overlap. Now the stations have separate owners this wasn't a problem. At night WKNT can run full power since the 1400 kHz contour is reduced in size due to increased interference levels. Interesting.

White takes radio stations off the air
Perot objects to ex-suite's plan to sell off disputed properties

By KYLE POPE
and RICHARD STEWART
Holliday Chevrolet
Farmer Guy, Mark White pulled the plug on his AM and FM stations in 1969 after winning a controversial case in federal bankruptcy court. The bankruptcy court directed White to give possession of the station to his creditors in the event of bankruptcy. The station was then sold to a group of investors.

County auctions, went off the air at noon Thursday after playing the liner on the Stereo to the Drees, KFVH, a gospel music station, went off the air for its regular 10 pm sign-off.

The stations, purchased by White's Modest and Reflections Media in February 1969, were thrown into bankruptcy last fall following a legal dispute between the former governor and Dallas' Billionaire John H. Perot.

White closed KDFK-FM and KDFK-AM after Perot's judgment left him owing the station $100,000.

The station, generally known as operating a radio station, dealt the station's owners a blow. "I don't think we can get away with this experience," said a spokesperson for the station's owners.

"We're not going to let them have it," said one of the station's creditors. "We're going to fight to get it back and we're going to fight to get it back."

But a spokesperson for the Houston Chronicle Friday, Perot said he is impressed.

This station is not the only one that has been threatened with bankruptcy. The station's owners have said they are being forced to sell their station to Perot.

The bankruptcy court has said that the proposed sale of the station has not been approved by Modern World's creditors and that the bankruptcy court "does not approve the creditors' plan." "We are going to fight this tooth and nail, and we are already preparing the proceedings," said the court.

If the plan is approved by the court, Allman said Radio Group will operate the station under a new agreement. The station will be sold to a new group.

It was Allman's statement that had been released "in the spirit of cooperation." "We will be selling the station to Perot, we have been approached by Perot," Allman said.

The station was sold to Perot in 1967. Since 1968, the station has been sold to Perot, who also has been active in the station's affairs.

White and Allman told station employ- ees that they were closing the station at a meeting Thursday morning, and that the station would be closed permanently.

"We have been working to stop this," said the station's manager. "But we have no choice, we have to close the station."

"I don't think we can continue," said the manager. "We have been working to stop this."

While on Friday the station's owner said it does not affect them until early February, 30 days after it was in- stalled.

Perot's bankruptcy attorney in Houston vowed to fight the proposed sale which must be approved by Modern World's creditors and the bankruptcy court.

"This doesn't give the creditors a break," said attorney John Kellner.

"We are going to fight this tooth and nail," the station's owner said. "We are already preparing the proceedings." If the plan is approved by the court, Allman said Radio Group will operate the station under a new agreement which was said to be approved by the Federal Communications Commission.

If that happens, Allman said KDFK-FM will immediately go back on the air with the same format.

"If the station is sold to Perot, we will be selling it to Perot," Allman said.

The station was sold to Perot in 1967. Since 1968, the station has been sold to Perot, who also has been active in the station's affairs.

3 Piedmont stations merge music, news
AM outlets in Gaston, Shelby take advantage of new rule

By GARY ROBERTSON

Two of Gaston County's largest AM radio outlets have joined with a longtime Shelby service to broadcast the same programming on all three stations.

WGCN-AM/WCBSL began to share up to 18 hours of music and news with WGCN on New Year's morning.

The three stations will have just one name and one single advertising schedule.

With the streamlining, two WCBSL IDs are now unannounced.

The stations agreed to join forces when WGCN Broadcasting, which owns WCBSL (720 AM), agreed to sell the station to KTC Broadcasting, the owners of WLG and WCLL (1500 AM). The stations would not say how much WGCN paid for the time.

Although all three stations will continue to carry Charlotte Hornets games, sports is the one type of programming the stations will not share.

Chapel Hill School stations and WCNN will broadcast other Charlotte high schools and the Charlotte High School Basketball Games.

The stations are among the first in the country to take advantage of a new Federal Communications Commission rule that allows the same broadcast on three AM stations.

DX Catches in the Eastern U.S. and Canada, with 24-hr. ELT

Ken Onychuck of Riverdale, Ont., says he can work all over the world in the column of the Chicago Sun-Times' Robert Feder saying WQX 1300 La Grange, IL has moved its office and studios to 6012 South Pulaski Rd. Chicago 60636. Ken says that's kind of weird, as it's an Italian station licensed to a western suburb. Their transmitter and 6 in-line towers are located just north of I-90/94 at Mayfield Ave. in southwest suburban Alsip, just west of Griffith Laboratories, easily seen from the interstate.

You've probably noticed this column is being re-formatted. So, bear with us whilst we work out all the bugs. (And don't blame the sorry columns on Bill, either, folks. Somewhere between his computer and mine, all the tabs disappeared! Where? Only the shadows knows - pis) Also, don't forget the new address.

I've received numerous reports for DX Tests giving the mailing address city instead of the city of licensee. Can see, folks. It's the "City-of-License" we're after here.

As promised last week, Aia Hanneman's log of Grayclay Records has been tabulated, and appears at the end of this column.

TRANS-ATLANTIC

792 SPAIN R. Sevilla 1/13 0447-0515 - Talk, talk, talk about the Real Madrid football team, pigs @ 0500, news, sports, weather, comment regarding Algerian coup; all / 1941. SIO 340. [JB-NF]

837 AORDES RDF, Barossa 1/11 2246 - Noted w/ PP football play-by-play / 720, over Spain. Note lead to 837 from 836, cf. the NF expedition log! See also Mark Connolly's log in most recent bulletin. SIO 222. [JB-NF]

1008 CANARY ISLANDS SER 1/11 2256-2300 - Station previouly known as Peñitas, SER, now football program, pigs on the hour just talked about football; QRM is more different Spanish station, see below. [JB-NF]

1008 SPAIN RNE 5, Granada 1/1 2136-2328 - Faded in enough to hear SS telephone chat and a woman singing "Rocket Man" / 1107. SIO per DFSWCI 8/9 bulletin. p. 1. WTH says Malaga. Brutal QRM from SER station. SIO 222. [JB-NF] (1992 WTH shows RNE-5 Malaga as the only Spanish station on 1008, while Play-AB member Jordi Brunel's 11/5/91 MW Spanish List shows Granada - looks like the jury is still out for now.) [JB-NF]

1016 und/1 13 0200 - Strong carrier here but, no audio. No likely Africans at this time. Any ideas? [JB-NF] (Best I can find is Panama on 1015 - [JB-NF]

1017 SPAIN RNE R. 5, Burgos 1/13 0121-0136 - Lively discussion in SS / 310. SIO 323. [JB-NF]

1071 SPAIN Tuskelo Irawita, Bilbao 1/12 0033-0054 - Pregram of C&W and bluegrass music. Few announcements, but definite IDs in Basque language. Other El stations inaudible. Initially very clear, later some QRM from Lille. SIO 343. [JB-NF]

1030 MOROCCO RTVM, Casablanca 1/1 0109-0112 - News in AA, fanfare @ 0112 / 1044. SIO 332. [JB-NF]

1107 EGYPT VO de the Arab, Batu 1/1 2302-2315 - AA news, AA music from 2313. Definitely / 11665. RNE R. 5 took over during dead fades. SIO 330-4. [JB-NF]

1116 SPAIN R. Pontevedra 1/1 2235-2340 - No announcement, but definite IDs in Basque language. Lots of talk about the Real Madrid football team / 2340. SIO 106. [JB-NF]

1125 SPAIN RNE R. 5 synchrons 1/1 2220-2223 - SS talk, telephone numbers and ion. QRM was opera and a bubble jerker! SIO 322. [JB-NF] (Nothing noted in European DX publications concerning the jerker - [JB-NF])

1161 SPAIN Tuskelo Irawita, San Sebastain 1/12 2338-2355 - Light classical music, announcer in Basque language. / 2357. Transmitter hum. Station was inaudible on previous night. SIO 242. [JB-NF]

1293 und/1 12 2040-2046 - Strong jammer, off at 2046 but found again on 1277.5 a few minutes later, then again at 2055 where it stayed until past 2135. Wonder who the target is. [JB-NF] (1992 WTH shows Roman stations on 1278 and 1300/1305; again, nothing mentioned in European publications - [JB-NF]

1349 MAURITANIA Nouakchott 1/11 2217-2242 - Man singing w/ very sparse accompaniment of 2 flute-like instruments, into music for just the instrument. From 2230 talk in AA, mentioning "Mohammed" frequently, to past 2242. / 4945. SIO 242. [JB-NF]

1358 SPANISH MOROCCO RNE R. L, Melilla 1/1 2340-2357 - Telephone chatter about what else? Talk, football - 729. SIO 232. [JB-NF]

1458 ALBANIA R. Tirana, Lushkja 1/12 0200-0205 - News in Albanian, man and woman on alternate items; was on exactly 1455, as best I could tell. (See this frequency in NF expedition logs... still trying to get a handle on the off-frequency station in FF) SIO 243. [JB-NF]
1615 HOLLAND (pirate) R. Barones 12/15 0044-0058 - It has taken a week to a while to ID this, but today came confirmation from a Swedish DXer, Stefan Printe, who heard this much more clearly. Very week w/rock and pops, tentative ID at 0054. SIO 151. [JB-NF] (probably very, very low power - Jim)

PAN-AMERICAN

540 MEXICO XEWA, San Luis Potosi SLP 2/2 0730 - Probably them with brief "Super Ah Emmar" slogan w/CBS/CBEF and unIDed Jue Bouhanon station. Not heard in a long time, because of CBSN mixing right at me. [JR-NY]

590 HONDURAS HRJS, San Pedro Sula 1/7 1132 - News sounds cut through heavy QRN, very weak and w/echo. [LB-NF] HRJS, Tegucigalpa 1/7 1131 - News w/"R. America" slogan, lively announcer, beeper and "aracde" sound between news items, news ended 1132, 1134. This one really stands out! [New] [FM-IL]

730 COLOMBIA R. Melodia, Bogotá 1/12 0449 - With "Melodia Bogotá AM" Stereo, primero in el dia. [1200] 0454 - Two records of Colombian music, very good. [CO-DR]

840 COLOMBIA Brisas de Betania, Neiva 1/12 0455 - "Hikke, desde Neiva. Capital do Huila, Sonido Vivo do la Radio," [a都很] a la numero uno do la capital." (The time was given as "la doce en punto" 12 midnight; Colombian pop music, very good. [CO-DR]

880 MEXICO XEPNK, Los Mochis SIN 1/13 1045 - Unbelievable strong signal. Thought WCBS must have gone SS, but... played SS ROX and SS ODD w/"La Joven" slogan (which sounded to me to yours ears like la, who be) between song. Had lady DJ who made mentions of "La Superestacion." Long s/ of maybe at 0701 giving XEPNK calls and then into vocal and vocalist until 0704. OC still there at 0800, so maybe leaves on AN. [RFH-ON]

910 PUERTO RICO WPRP, La Gran Cadena, Ponce 1/17 0725 - Surprised to hear here a program with typical Dominican merengue; very good. [CO-DR]

980 COLOMBIA 1/12 0805, 1/12 0800 - Station IDing as "Antena 2 do BCN." "Las doce y cinco minutos" (12:05) after pop music record, did not mention location. Probably R. El Sol de Cali. [CO-DR] (1992 WRTH says R. El Sol, Antena 2 BCN, Cali, 25 kw, 24 hrs - Jim)

1050 MEXICO XECG, Monterrey 1/21 0950-0200 - Briefly over CHUM w/"SS music; listener phone calls and La Ranchera del Monterrey" - not ID, heard here in over 10 years. [TS-MI]

1090 CUBA 1/7 1110 - Noted w/Tangerine Dream LP // 1080 & 1100 (R. Cadena Habana), but 1/8 1108 as R. Guama (7/10 & 1020). Two different Cubans here! [FM-MI] (According to new 1992 WRTH, R. Guama 990/1000/1010/1010/1030/1070 + 980/1100/1130/1140; R. Angulo: 1090/1100/1110/1210; which still further confuses your question! Can any of our Florida friends help Frank with this?)

1160 COLOMBIA R. Total (no date) 0510 - IDing as "Cero hora once minutos, hora total" after a tango entitled "Ilustron Azul" in a program of all Argentine music. No location mentioned. I have heard this station before but haven't been able to get an ID. [CO-DR] (1992 WRTH says R. Total, HOCG, Bogotá, 30 kw, 24 hrs - Jim)

1170 COLOMBIA Caracol, Cartagena 1/12 0530 - IDing as "Caracol, primera cadena radial colombiana." Exactitud en Caracol: las doce y treinta (12:30), ending a program as "Una presentacion de Carvajal," all this after a newscast. [CO-DR]

1180 CUBA R. Tainos 1/12 1115-1330 - Strong w/no sign of WHAM; SS mx and talk; 2 minutes of news 1230 followed by brief ID and time check. [TS-MI]

1220 VENEZUELA XAVF, Caracas 1/12 0502 - Station IDing as belonging to Mundial Network. "Musical Calle" after a pop song. Ads for Arrecife-Restaurante El Patio, "Tasca Cerviceria El Poseidon" at 0542, time given as "la una y cuarenta minutos" (1:42); local HIN off. [CO-DR]

1290 VENEZUELA XAVF, R. Puerto Cabello 1/12 0239-0244 - The easiest VV from St. John's, slightly above the noise w/SS ads, ID at 0244. [CO-DR] 1/12 1400 - IDing "R. Puerto Cabello, Coche Novanta," then many ads and pop music. [CO-DR]

1320 VENEZUELA R. Apol, Turmero 1/17 2017 - Very, very weak, almost as a Santo Domingo local, giving the winning numbers of a lot of Venezuelan lotteries: "la Aragua" (from Aragua), "del Tachira," "del Zulia," etc., then pop music. I wonder if they still tee up with their KW as my old WRTH says. [CO-DR] (1992 WRTH says 10 kw, so they've increased - Jim)

1390 VENEZUELA YVZC, R. Selecta, Maracaibo 1/14 1200 - With the program "Mananeando" (living in the morning) news. Then news about a historic case that happened about 500 years ago: "Montesinos's sermon in Santo Domingo." (First cry for the human rights of the Indians). [CO-DR]

1470 MEXICO unID 1/7 0044-0100 - SS, ranchera music way atop, almost local-like, but all talking (ads and 0100 legal ID) buried badly in the mud. Not IDable, but has anybody heard this? [FM-IL]

1470 VENEZUELA R. Vibracion, Carupano 1/16 0207 - Ads for "Farmacia Nuestra Señora de Fatima y Farmacia San Judas Tadeo" (all of these are drug stores). Ads for "El Diablo de Sucre" (newspaper). More ads for Banco Caracas. Many more ads. Very, very good, then "Vibracion, vibrando en oriente" was the ID at 0207, then disco music. [CO-DR]

1590 unID (MEXICO or domestic) 1/6 2355 - Ranchera music. "R. 1500 La Poderosa" slogan. [XENU] Definitely not Floridita. [FM-IL] [XENU] off at 0100, so possibly them; [NRC Log shows an SS station in Utah] [Jim]

QSL INFORMATION

BARBADOS: CBC 900 - Large Xmas card w/QSL statement, v/g "Glenville Best, Chief Technician, in 34 days for mint stamps. Says the transmitter is running only 10 kw at present. [JB-NF]

CAMBIA: R. Syd 909.8 - Xmas card w/station photo including QSL message, large sticker, rate card, in 35 days for registered report w/cassette and $1. Heard during the NF Expedition. No comment was made regarding the inaccurate frequency, but a letter said, "Sept/Oct marks the end of our busy season and it is the period of the year when our transmitter is longest mor for our Swedish transmitter expert to come down and look after it. This year he arrived in The Bahamas Thursday morning, November 7th 0700. I'm sure by Sunday evening he had fixed the transmitter up, and we were Saturday evening at maximum when you received us. I will send a copy of your letter to our Technician Bert Persson. We regularly receive DX reports from the Canary Islands, 2 hours flying time from here. But we have not received, I think, any distant reports since 1968 when a person in Italy picked us up." [JB-NF]

News of the industry, of interest to DX'ers

Greeting and happy new year to radio heads everywhere!... The big news in the field of radio this year or any other has been the advent of the SRS Radio, the new radio that is the darling of radio enthusiasts everywhere. The SRS Radio is a small, portable, and highly sensitive receiver that can be used in the car or on the go. Its popularity has led to a surge in sales, and many radio enthusiasts are now looking for ways to improve their SRS Radio setup.

Well, I have just received our issue of QST today, and I am so excited. This issue is all about the latest in DXing and contesting, and I cannot wait to read it. I especially love the article on the new SRS Radio, which is the talk of the DX world. It is small, portable, and highly sensitive, and it is perfect for DXing in the car or on the go.

This is my first time writing to your column. As of last week, CJQD-700 Harbour Grace is off the air for good. I was speaking with a charming lady at DJYD-920, who was the last person to turn off the station, and she explained that it was due to financial difficulties and a lack of funding. The station has been off the air for several months, and it is unclear if there will be any attempt to revive it. I am very sad to see such a community radio station go off the air.

On 7/1/91, I moved from Lake Preston, SD to Pierre, SD to begin a new position as manager of the Pierre Senior Citizens Center. Pierre is 10 miles west of Pierre on US 30. The PXI is 10 miles east of Pierre on US 30. The PXI is located on the edge of the Black Hills National Forest.

Since my last visit, we have built a new home in the hills above Cornwall. The view is magnificent, with the St. Lawrence River and the Thousand Islands visible from our deck. The home is 10 miles west of the city of Cornwall, and it is a perfect place to enjoy the outdoors.

Another trip out to the Valley Health DX also has done some good. The weather was great, and I was able to travel by car to the DX area. I managed to make contact with a few stations, including W5SKK, K8ACN, and N4QV. We were able to exchange QSLs and made some good contacts. The overall conditions were excellent, and everyone was having a great time. We plan to do more trips like this in the future.

We have been enjoying the DX activity here in SoCal. The recent activity has been quite good, with many stations calling CQ and reporting good conditions. We have managed to make some good contacts with stations from around the world, including VE3, ZL, and JA. The DX conditions have been improving, and we are looking forward to more activity in the coming weeks.
