From the publisher...

Harry Mayo and Dave Schmidt did a fine job at the 1992 Winter SWL Fest in Kulpsville, selling various NRC publications and recruiting two new NRC members. Other NRC members were in attendance and helped out, too. Thanks to all for making the NRC presence known.

The NRC is still looking for one or more NRC members to represent and promote the NRC at the Dayton (OH) Hamvention, April 24-26. Volunteers would deliver sample copies of DXN and other materials and help man an ANARC club table, and possible help conduct a listeners' forum April 26 from 11:15-1:00 pm. At the least, you'd deliver materials to the table. If interested, write to Topeka.

Log Corrections... Wayne Heinen is well along in his work on updating the NRC Log for the 1993 edition, and he is now accepting volunteers to assist in proofing log segments. If you'd like to help him by checking information for part or all of your state or area, write to Wayne directly at 4131 S. Andes Way - Aurora, CO 80013-3831. No computer is needed for the proofing.

BARD... The Bay Area Radio Digest is seeking an editor for the "Listeners' Travel Guide" section, which covers simple and non-technical DXing for readers in northern California. The editor would receive a free subscription and a $10-per-bimonthly column stipend. BARD is also seeking NRC members in northern California for schedule information and other data. Write to publisher David F. Jackson - 7172 Regional Street, Suite 274 - Dublin, CA 94568 for more information. A sample copy of BARD is $3.00.

They joined... John N. Ryer, Fairbanks, AK; Gary L. Pifer, Oceanside, CA; Brian J. Penney, Fishkill, NY; and Charlie Barfield, Pensacola, FL, who authored some excellent articles with Gerry Thomas some time back for the NRC, et al.

We've also received returned copies of DXN sent to John Topel, Torrance, CA, marked as 'Deceased.' Our sincerest condolences to his family and friends.

From the pages of DX News

50 years ago... From the March 14, 1942, DXN: Joe Brauner, Williamsville, NY mused that he once came within 5 stations of hearing every U. S. broadcaster, and he hoped with the recent FCC ban on new stations he might reach that goal.

25 years ago... from the Mar. 25, 1967 DXN: This issue was the last to be done by Dick Cooper... Wayne Plunkett managed to talk CBL into going off the air March 13 so that CJBC could be heard, according to Ernie Cooper, Brooklyn, NY.

10 years ago... from the Mar. 15, 1982 DXN: Advance orders were being taken for the 6th Edition of the NRC Domestic Log at $8.50 per copy... Ken Chatterton volunteered to be the Flash Alert chairman.

MEDIUM WAVE RUMBLINGS

• Just a reminder... submit your reports in the format seen here. Or close to it. Divide the
  loggings into the proper categories, in frequency order, and keep reports on one side of
  the paper. Deadlines for the next few issues are April 24th for Issue 25, May 23 for Issue 26
  and June 20th for Issue 27. Note these are Saturdays. If your report doesn’t arrive on time, chances
  are the loggings will be too old for publication. Some of what you see here was prepared and
  sent in a week early (so may be duplicated from last issue), as I had NO idea we were into the
  non-weekly schedule. And judging from comments included with several reports, others were in
  the dark, also. So we’ve got a good-sized column for you this time. See you in these pages soon?

• Usually items are taken from this column and recorded to the DDXD portion of the DX Audio
  Service tape. This time we have an item or two coming from the March edition of DXAS.

• A slight correction to my Autonum number which appeared in (I think) Issue 22. It’s
  353-3108. Sorry for any inconvenience.

• The first “West-Coasters” to check in since my taking on the whole country appear this
  week. Welcome aboard, guys. Next stamp, Dated. Hope to hear from many more of you.
  And Welcome Aboard, Dan Welton of Shalton, CT. Good report!

• Boy! Have we got a great column for you to enjoy (15+ pages)!! Thanks to all the
  reporters.

SPECIAL

550 KUSA MO St. Louise - 2120 0114 Good - fair with fair $ with C&W mx., 55 KUSA
slogan by veteran, St. Louis C&W DJ Dave Lea, so apparently no longer carries
IRON. (EB-GB)

580 KFXD ID Nampe - IS Business News Radio, so change your Logs. (BP-ID)

680 KKVY TX San Antonio - now simulcasting its C&W format on 106.7. Has
entered into a Local Marketing Agreement (LMA) with KMXX-FM and
KMKZ-AM (Vieston Communications) leasing the FM facilities. (JB-TX)

710 KMPX CA Los Angeles - as of April 1, will be "all-sports." (DXAS)

760 KSJL TX San Antonio - is now Urban Contemporary format, ex-CHR/hvy
metal. (JB-TX)

910 KVQV CA Hesperia - Listen for the High Desert Mavericks (Dodd's farm
team) here (and on satellite KIQQ-1310) beginning April 2nd. C'mon,
baseball season!! [Ed.-CA]

930 KLPY TX Terrell Hills - 2/18 Now these call letters, ex KISS. (JB-TX)

1000 KTOP OK Oklahoma City - 2/18 2359 Not DX by any stretch of the
imagination, but hrd with News/Talk 1000 elogan into full 16 at 2400, nx.

1020 KFFR AK Eagle River - Came on the air last week of February. Calls
First hrd 2/29 and positively ID'd for the first time 3/2 at 1400 AST. Upbeat,
Christian format. Even a few "Christian Rap" songs. (RC-AK) (My NRC AM
Radio Log has got this one as KNNS, changed from KCFA. Maybe AM
Switch will have an update with another call change to KFFR, as Rod
heard. - Ed.)

CKVH AB High Prairie - 2/23 0748 Strong with You're in tune with the North
Central Alberta Radio Network CFOX, CKWA, CKDA, CKDH, CLIV, CHLW,
UNIDS AND UNID HELP

740 UNID ?? - 377 2045 Heard under CBL with UC mx, what sounded like mention of satellite net, and Salt & Pepa rap mx. Noted again briefly u/CBL at 2155 with rap mx. Is WVEA perhaps running on free-power w/BK programming on Saturday nights? (BC-NH)

1120 UNID ?? - 2/6 0647-0650 Hnt overhander KMOX with wx with current temp of 70 (several degrees colder than here) followed by ads for J.L. Roberts and the Accurate Appliance at either 500-000 or 528-000 (had to work from memory as the car was moving, hi). Could be either u/BB or wanted WADN. (RIU-PJ)

1190 UNID ?? - 2/2 0520 With SS male signing Mexican ballad, but then ellapsed under KKR running IRN. KMU or KLCC with weekly pgm. Poor, then very poor with hit from 1143. (DP-HII)

1190 WLNB NY New York - may be LK-On's unid here in 3/2 DX News, as I have heard them with runways. (MS-CN)

1230 UNID ?? - 2/6 2008 Fair with Arkansas BKB. 2008 Mention of the Razorback Network (RD-A)

1240 UNID ?? - 2/6 2015 Fair with Arkansas BKB | the unid on 1230. KW, maybe? (RD-A)

1300 UNID ?? - 2/6 2010 Fair - good with Q1001 and CMX. Looped NNE/SSW. (RD-A)

1400 UNID ?? - 2/7 0229 Female with Dusty Radio 1300, Sounds of Gospel - GSM choir, then faded away. Waited until 0247 to see if it would come back, but never did. I think she said Dusty, but can't be sure. Who is this? All I am not for aught, though, because I logged WBF, which was new, waiting for a comeback. (GI-OH)

1400 UNID ?? - 2/6 0035 Stop with wrap-up of Oklahoma Sooners BKB postgame show. This almost makes me wish that someone out there would have sent me some network logs for Arkansas and Oklahoma this year! (RD-A)

1490 UNID ?? - 2/6 0734 Week with satellite oldies and 105 KG?? ID. I was thinking KGDB in Springfield, MO, but according to the copy of EM Atlas it has, doesn't match. Help, anyone? (RD-A)

1490 UNID ?? - 2/6 0734 Week with satellite oldies and 105 KG?? ID. I was thinking KGDB in Springfield, MO, but according to the copy of EM Atlas it has, doesn't match. Help, anyone? (RD-A)

1490 KSKS OK [?? - Ed.] - unid by BS-NE is this as Kool 106 isn't their ID. (SA-MB) [You didn't report a city here, Shawn, but my Log shows no KSKS, period. Not only on 1430, but not in Oklahoma, either as reported. Did I miss a CL change? It must be really cold up there. Can you straighten this out? We've still got an unid here - Ed.]

1440 WSGO NY Oswego - to solve my own unid of 1/19, the ID as Star 105 and Star 105 FM is this, which is now WGES-FM. They sometimes give both calls. (LK-ON)

1450 UNID ?? - 2/6 0515 Good with Mexican mx, SS talk, then at 0515 Non-stop back-to-back on every Sunday night for two hours only La Musica Mexicana (UNDA?) (Whatever that means? - Ed.) I am doing it just for you, you've got it EE, back - Mexican mx. Best South & East on loop. (SA-MB)

148 UNID ?? - 2/2 0550 With 1-800-??? TALK is our number on the Sun Radio Network. Talk of Japanese car price increases. Fade before ID. According to my call to the Sun Radio Network in Clearwater, it was probably WABB Mobile, AL or WLSL Shomokin, PA. (LK-ON)

1570 WPEP MA Taunton - is likely EU-NY's Silver City unid of 1/6. Nicknamed for reputation in silverware manufacturing. (BC-NH)

CJ200 - Star County C&WN mx pgm. Not in Log, but on for sure. (SA-MB) [Shawn is correct. This station isn't in the Log. But for those of you who have one and want to add this station to the 1020 list, they are 1000 watts days and 400 watts nights. Pattern info is unavailable at this time. They are owned by Nor-Net Communications, which also owns CKWA in Slave Lake, Alberta and seven other stations in Alberta and British Columbia.]
DX AND EQUIPMENT TESTS (tones and stuff)

620 WTRP
GA Le Grange - 2/24 0001-0030 Not heard. Too much WTWN splash and Cuban QRM. (JL-OH) ... not noted during several quick checks despite good null on local WRJZ. (SF-TN) ... Not heard. (AR-ON) ... Not heard. Too much WMAL splash. (WPT-DC) ... Test tried, but not heard. Mostly WSKQ atop frequency. (RO-MA)

630 WVVW
WX St. Marys - 2/10 0020 and 0024 Weak CIDs. (SF-TN)

650 KMTI
UT Manitl - 3/9 0230-0235 Tones starting exactly at 0230, way under semi-local KYAK with On Country Road C&W music and interview program with Dolly Parton. Also way under semi-local CISL playing Gordon Lightfoot. Byrds OL. 0235 Lost way beneath KYAK/CIUS. No marches or mix heard at all. Tried again 0255 - not heard, just KYAK/CIUS mix, even on SE loop. (RO-AK) [This is the first time I've ever heard, or heard of, any station carrying that CBS & W Shows!] (Ed.)

KMTI
UT Manitl - 3/9 0230-0245 Poor w/T, CIDs of KMTI repeated. Lots of splatter from KCR/C/JOB and some WSB audio. New for UT #72. (SA-MB)

KMTI
UT Manitl - 3/9 02309-0302 Fair to good with DX Test thru KRDK/CISL. VIDs, CIDs, polka and BBO mix. English polkas were similar to KRDX's Spanish ranchera mix. New for me. Was on my Much Wanted List for the contest! (BH-WA)

KMTI
UT Manitl - 3/9 Test 0230-0300 Tried for, but not heard. (RA-MA) ... Nothing heard except WSM. (JL-OH)

690 KUSD
SD Vermillion - 2/17 0305 Tentative, very weak over-under Larry King with one minute TTs @ 0303/0306/0310. Fifteen second TT @ 0313. (ETH-MO) [Times adjusted from CST - Ed.]

KUSD
SD Vermillion - 2/17 0310-0330 Not heard. Until w/REL & weak CBF. (BG-VA) ... Not heard. Only CBF. (WPT-DC)

760 WWNE
MA Leicester - 2/24 0405 Fair with CIDs under WJR. No sign of anyone testing during the rest of the hour. Had the hoped for maybe a VID from them with their 10 kw, but conditions were terrible for the second straight MM. (SF-TN)

WWNE
MA Leicester - 2/24 0405 Barely readable in partial null of big bad WJR. Test was similar to the one by WARV-1590 with VID, scripture reading and REL mix, but no CIDs noted by 0432 when tape ran out. MA #65. (REH-ON)

WWNE
MA Leicester - 2/24 0405-0426 Fair thru WJR with frequent IDs and REL format. (AR-ON)

WWNE
MA Leicester - 2/24 0400-0420+ Very good with VIDs, REL mix and readings from The Bible. (RA-MA)

WWNE
MA Leicester - 2/24 0411-0445 Fair over nulled WJR with DX Test. IDs as mentioned by Doxa of New England, AM 760 WWNE Leicester-Worcester. Gospel mix, Bible readings, IDs by Lincoln Hubbard. This is a special broadcast for the International Radio Club of America as requested by J.D. Stephens of Huntsville, Alabama. (MB-ON)

WWNE
MA Leicester - 2/24 0425+ (WPT-DC) ... Not heard due to WJR & KSJL. (SA-MB) ... Not heard, as I was listening for Worcester, hi hl. (Ed.-CA)

880 KHAC
NM Tse Bonito - 2/3 0300 Blasted through at 0300 with a very clear ID. I went ZZZzzzz shortly thereafter. (RD-IA)

KHAC
NM Tse Bonito - 2/3 0300 Over WCBS with code legal ID @ sign-off for DX Test. March mix, loud VIDs, too normal. (RO-MA) Verle received. (ETH-MO)

KHAC
NM Tse Bonito - 2/3 ttest. Reported as Window Rock AZ and AZ #25. 1st hour back on 8/22/75 when they were on 1300, before moving to 1110 and then to 880. Slpped my mind that they had also changed location. So, AZ is back to 24 hrs. Sorry. My first mistake in '72, hi. (REH-ON)

900 KALT
TX Atlanta - 3/7 0600-0630 Test tried for, but not heard. (RA-MA) Not heard. Too much fighting between CHML, XEW & CKBG. (SA-MB) ... Not heard here, too much CHML. (RCW-MI)

1020 WRIX
SC Homeland Park - 3/2 0200-0303 Fair under KDKA with IDs in voice and code, southern GOS, mix. Taking calls from listeners reporting reception in their area. (RA-MA)

WRIX
SC Homeland Park - 3/2 0200-0300 Nothing for the first half-hour, then a CID and TT at 0239 - VID and C&C. 0239 heard invitation to anyone listening to call in with test reports at 830225-9999. Wound up test at 0256 thanking everyone who called in including DXers from Vermont and Delaware. Mentioned using a Harris WX-10 transmitter and that their address was in DX News. Good - xmt over KDKA. (JL-OH)

WRIX
SC Homeland Park - 3/2 0200[?] Got this like everybody else [Not everybody!] - obliterating KDKA. Unneeded, report sent. (ETH-MO)

WRIX
SC Homeland Park - 3/2 0200 Nothing. Too much KDKA, KT&Q & CKVH fading in and out. (SA-MB)

1040 WSKE
PA Everett - 1/27 0210 Good under you-know-Who with CIDs. This one really got out well. (RD-IA)

1090 KTSN
CA Oakhurst - 3/9 0300-0315 Very weak steady tone, very beneath KING in tight SE null and regular pest XEPRS. Not enough for a report, no code, ID, or mix heard. KING occasionally atop XEPRS with Teletalk, ad for Showers Bank & Channel 7 TV. (RO-MA)

KTSN
CA Oakhurst - 3/9 0300-0330 Test tried for, but not heard. (RA-MA) Too much KAAY and KBOZ to get this one. (SA-MB) ... 0304-0320 Tried for, but not heard. Too much KING (news-talk) and XERPS (SS). Snippets of current CH/AdCon were underneath. Presumed CHEC. (BH-WA) ... Nothing heard. Only WBAL and an uniID with the slogan AM 109. (JL-OH)

WILD
MA Boston - 2/17 0232-0300 Some tones barely audible under WBAL. Tentative report & tape sent. (BG-VA) [Although reported city and state differ from what is seen here, I assumed this was the test you were talking about - Ed.]

WILD
MA Boston - 2/17 0210-0230 Fair with TTs, much code, and VIDs. MA #2. (GH-Oh)

WILD
MA Boston - 2/17 0230-0255 Despite Spring-like static crashes, good under KAAY with nearly continuous CIDs and TTs. (SF-TN)

WILD
MA Boston - 2/16 0228 Fair in slight KAAY null with nice CIDs. Had KAAY been off or on OC, I probably could've done a report on this. (RO-IA)

WILD

WILD
MA Boston/ Boston/ Boston/ Boston - 2/17 0205 CID and several DAs and CQs in code. Fair under WBAL. (WPT-DC) [Although Duluth, GA was the reported city (as others have, too), I've corrected it to Boston. I see that not only was this test listed as being on 1020 in the Test Calendar, but my Log shows NO station in Duluth, GA! What's going on with the test schedule, here?? Hope this is what you heard, Bill. - Ed.]

1190 WLDs
IL Jacksonville - 2/13 0200-0215 This guy is a daytime regular here, but I listened in anyway. And was surprised to find its CIDs so weak. I can't imagine this one got out very well [sic]. (RD-IA)
1230 KADA OK Ada - 2/15 0100-0130 Don't know if I had this one or not. DX News made no mention of CID's in write-up but pretty sure I had this one at 0144. Haven't gotten around to enhancing the tape yet to clean it up. Will report result next time. (REH-ON)

KADA OK Ada - 2/15 0100-0130 Not heard, only WNOR (BG-VA). Was this even on? Parked out WLR and expected to break through the clutter, but heard none, hl. (RD-IA)

1250 WMTR NJ Morristown - 1/27 0138 Week - fair with CID's heard. First and so far, only catch from Jersey at this QTH as I blew off WJU and didn't hear much of WJU-K. By the way, Bill, this is the correct city. There's no Cedar Knolls, NJ is about three miles NE of Morristown on I-287. I've been fighting this "Mailing address" vs "City-of-license" business all season. And every instance of there being a difference has been a test arranged by the IRCA. Write to them, hl. - Ed.

WTMA SC Charleston - 2/24 0300-0330 Fair - good over WTAE/WEMP with slow CID at 0305 - long 1 kHz T&D, ending at 0308 with annr saying the preceding test was for the IRCA. Lucky test. Tested at 0315. (JL-OL)

WTMA SC Charleston - 2/24 0314-20317.30 Strong with VID, unbelievably slow CID's and TT. All this on dry air during a break in Best of King. Nice of an NPSer to agree to something like this. (SF-TN)

WTMA SC Charleston - 2/24 0300-0330 Barely audible, under WTAE with CID's only. (RA-MA)

1300 WZZZ NY Fulton - 2/10 0145-0159 Only weak CIDs at 0145, 0153 and 0159. This makes up for the test I missed in 1990. (RD-IA)

1310 WJLK NJ Asbury Park - 2/24 0000-0100 Not heard. Way too much WMTG along with WDWO/un (WDGAWGGW?) stuff. The frequency... (JL-OL) ...

WJLK NJ Asbury Park - 2/24 Not heard. (AR-ON)

1320 KXOL OK Clinton - 3/2 Not surprisingly, not heard. Regular CHQM, Memory 7320 with stds. Also underneath CHQM with very tight KCTC also with stds. Rare, but occasional. Tried 0130-0145 and 0155-0205. (RO-AK)

KXOL OK Clinton - 3/2 0130-0200 Not heard. Too much WJAS etal. However, from 0130-0145 there was a weak dual-note piano unit. Signal repeatedly at 3-5 second intervals. Did anyone else hear this? (JL-OL)

1340 KGFW NE Kearney - 2/17 0200-0230 Tried for via tape recorder but not heard. Other tests of 2/17 not tried for. All was rare and I needed the sleep. (REH-ON) ... Not heard. (BG-VA) ... didn't hear a thing, and this guy is only 400 miles from here. Only KHNH noted has become somewhat of a past here. (RD-IA)

1370 KCRV MO Canadensis - 2/17 0615-0645 Not heard. Not a total loss as hrd for WA6 for first time and get enough for a report. Also noted WALK dominating for most of test period. (BG-VA) [So where's the WALK report? hl - Ed.]

WZAO WV Glen Dale - 3/8 0531-0531 Fair in WFEA null with TT. CIDs at 0531, 0534, 0545 and VIDs at 0538.9, 0539, and 0560. Zephyr Radio, WZAO, (PDF-MS)

WZAO WV Glen Dale - 3/8 0534. Fall with TT & CID at 0530.34 WZAO 1370 repeated at 0545. Under CFOK, new for WV #2. (SA-MB)

WZAO WV Glen Dale - 3/8 0532-0600 Fair over WSPD, WXXI, et al with DX Test. IDs as this is WZAO 1370 Kilocycles Glen Dale, West Virginia, CIDs, TTs, country-gospel mix, 0537 Announcement. This concludes the DX Test. The sign-on annn and start of regular programming at 0500. Heard in TT as WEIF, with city of license as Mountville. (MB-ON)

1355 CLANDESTINE/SPANISH SAHARA Polisario Front Station 2/21 (no time shown) - Talks in Arabic over Arabic music. A Finnish contact tells me the station is probably really in the southern contested area of Morocco (thus ex-Spanish Sahara). I know that the SW transmissions from this organization almost certainly emanate from Algerian transmitters. SIO 242. [JB-NF] (As far as I know, the Algerian location for SW transmitters is definite.)

1367 SENEGAL Saint Louis 2/21 2153-2211 - Talk in African language, in French with report of Pope’s visit from 2200, regional news from France to 2208. Some transmitter problems cut signal off a couple of times. SIO 243. [JB-NF]

1413 OMAN BBC Relay 2/14 0023-0057 - Tail end of BBC news in English, off at 0029, picked up BBC IS at 0043, program in Indian subcontinent language, perhaps Urdu?, news then longer news update. SIO 242 at 0043, SIO 222 with Spanish QRM at 0055. [JB-NF]

1458 ENGLAND R. Cumbria - My logging of 1/17 is ENGLAND, not Scotland! [JB-NF]

1530 USA - My recent logging turns out to be Portuguese, but not a TA; it’s WDJZ running at 45 minutes past scheduled sign-off. Heard 2330-2344 3/7/1 with W3GZ and WCKY. [JR-NY]

1611 NETHERLANDS R. Nooitgedacht - My unid logging of 1/31 is indeed a Dutch pirate. This was heard and IDed in Sweden by Stefan Printz. [JB-NF]

**PAN-AMERICAN**

770 VENEZUELA R. Nacional, Valencia 2/15 0547 - “R. Nacional para no dormir, 24 horas” (RN for not sleeping, 24 hours), along with “Maria Isabel”, a popular song. [CO-DR]

960 CUBA R. Reoj, Guantánamo 1/30 0505-0100 - Fair with clock ticks, man and woman with news. Tone, ID, and “RR” in Morse code on the minute, new. [RSR-ON] (Robert, two R. Reoj outlets are listed on 960. While Guantánamo is stronger with 10 kW, the 1 kW Cienfuegos can not be ruled out - Jim)

1000 BRAZIL R. Record, São Paulo 2/21 2203-2306 - Portuguese talk mentioning São Paulo often, Brazilian music. Swamped by domestic QRM at 2306. SIO 222. [JB-NF]

1200 VENEZUELA R. Mundial Margarita 2/21 2311-2312 - LA ballad, usual “la hora en Mundial” TC. Nice signal tonight. SIO 343-4. [JB-NF]

1300 ARGENTINA R. del Plata, Buenos Aires 2/21 2312-2314 - Nasty mix w/WBZ and, I thin, another LA station, but was up briefly for 2 minutes with Spanish talk talk about the “campeonato de Argentina” but not sure of what sport they were talking. First time heard on anything less than a beverage. SIO 232. [JB-NF]

1450 BRAZIL R. Capital, São Paulo 2/21 2315-2320 - Beautiful signal, ID, ads, Brazilian ballad. SIO 344. [JB-NF]

1100 COLOMBIA Ondas del Valle, Cartago 2/15 0442 - ID after a romantic song, then another record of romantic songs, no ads. [CO-DR]

1190 LK’s unID (see DEUX 99-21) (I wonder if this might be WLIB, New York, WANN, Annapolis or WBM), Puerto Rico (which is shown as English/Spanish in 1992 WRLH - Jim)

1200 VENEZUELA R. Tiempo, Caracas 2/15 0449 - A male duet sings “Limelight” in Spanish. The time was given in the middle of the record. This is done by some stations so that their records are not copied, and if you do copy, you have the time the recording, sometimes the ID is added. [CO-DR]

Dallas Lankford wrote in to explain that shortwave broadcasts heard on false medium wave frequencies "are not images, but rather secondary intermodulation distortion (IMD) products.

Dallas sent me a draft article which I hope we will soon see in final form. In the article he explains 'if you observe any IMD products from an amplified MW loop during the on-air use, you can virtually be certain they are 2nd order products. Moreover, the second order products you will hear, if your amplified loop has any, are usually due to a frequency difference f1 minus f2 of the SW signals f1 and f2'. So, Tony Bernhoffer and others is an explanation for this, and Dallas article, when it appears, will provide some tips on how to remove or reduce this interference. Thank you, Dallas.

SELECTED DX PROGRAMS

This is a list of SWL/DX programs that frequently include special information of concern to Medium Wave DXers. This is excerpted from a list published in the 3/92 issue of DX Ontario (Ontario DX Association). All information subject to change without advance notice. All times and days are UTC, for example, 0040 Wednesday = 7:40 pm EST Tuesday. There are many other programs in the DXO list not shown here.

RXers Unlimited (Radio Havana): 0040/0240/0440 Wednesday, 0140/0340 Sunday on 1950 kHz. The Sunday program is not a repeat.

DX Partly (HCJB): 1907 Saturday 15270/21455, 0037/0237/0507 Sunday 9745/15155.

1210 VENEZUELA R. Anzadegui. Barcelona 2/15 0430 - "Anzadegui musical, doscientos minutos". They IDed at the end of a record and gave the time, continuing with pop music. [CO-DR]

1220 VENEZUELA Mundial Valencia 2/15 0456 - Many ads, emergency telephones, Tasca night club ("Tasca Cercereta El Poseidon"), ID, then pop music. [CO-DR]

1240 PUERTO RICO Humaco 1/26 0830 - "La Orientalisima con 5 mil votos de potencia" (interview with Josie Esteban y la Patrulla 15). Very strong here. ID = "Doce Cuarenta AM" (12:40 AM). [CO-DR]

1250 COLOMBIA R. Rejo, Cucuta 2/15 0524 - "Doce veinticuatro minutos en R. Rejo". IDed at the end of a record, then disco music. [CO-DR]

1300 VENEZUELA R. Rejo, Maracaibo 2/15 0206 - They only IDed as "Rejo" and disco music followed. [CO-DR]

1340 VENEZUELA R. Uno, Caracas 2/15 0516 - "R Uno dando la hora, la una y dieciocho" ID then a joropo, a typical Venezuelan song by a lady. Very strong. At the end of the song they IDed again, the time and more Venezuelan music. [CO-DR]

1350 VENEZUELA R. Pascua, Valle de Pascua 2/16 0118 - ID as "Nueve y dieciocho en R. La Pascua" between popular music records. [CO-DR]

1420 VENEZUELA R. Bahia, Puerto La Cruz 2/16 0121 - Heard their ID in the middle of a jumble of QRM, but they added Mas musica por R. Bahia very clear. [CO-DR]

1550 LK's unit (see DDXD 59-21) (I have no Caribbean stations listed here in French, so I suspect I am a domestic station with a Haitian program, perhaps WNTN, WAMA, or WRHC - Jim)

DUG BEARD [KG7PV] - 640 7TH STREET NORTH - SPRINGVILLE, AL 35146

Another milestone was accomplished with the addition to the list of QSL 4400 in the person of WNNZ-1350. 4433 was a sharp v/f from WZTT-1200-Test. Ray Arruda and I were racing to see who'd hit his milestone first. Ray beat me by 3 days as he radioed his views the very same day and age of this DXF broadcast is 07:00.

The result was quite good selectivity! The loop was very sharp, too. I could hear KLEC-1480 (70 miles) by nulling KBUR-1400 (1 mile) despite an angular difference of only about 30 degrees - the march was synchronous AM detection on Page 71. Too bad synch detection isn't a feature of the new AMAX Receivers. It could lead to a revival of clear-channel listening by the public.

THANK YOU, Fellow members, THANK YOU, very much! I did not expect that by letter asking for an old IRC AM log I would receive such a valuable response. Some were even sent the logs even without asking if I had received any other offers! One of the logs has gone to my cousin who was very happy with it. And what a big buck it is. I sold a lot of books in it also, it is now sold out. I hear a lot of US stations but sometimes, I stay up late and then I can check what I am hearing. The most common US station heard here is WCEW-880, late at night. The next closest is WJAM with interference from a Valencia station with interference from a Panama station, sometimes WOAI-1200, etc. Using the log, I was able to ID WNN-940 & WWO-810 at 6 AM. The best so far was WJAM at 5:05 AM with the news at 5:10 AM AM. The log was an original recording, then "Perriada". Times are GMT. (I converted them to regular time but not the difference in zones - sorry-on-DX) I have just read the latest DX Bulletin (15/18/81) and I am going to sign up to DXing going sent in by ALAN MEMRIAN. You might be thinking why I haven't written on an item about that but it happens I have no car to visit the border which is far away from my home. I do not have a car to travel to far from here and my cousin car is not in very good condition for that trip through rough roads in a weekend. The Maltian stations are not heard here, only very rarely at night. I would very much like to do that, but can't. As of this writing, 2/21, I heard news that the Dominican government will close Radio Encubito for the programs which are being through a border to Haiti. Excellent the Newfoundland expedition was good. I wonder what everyone has the opportunity should do, write an article about what they did or did not that others might know about it. Again, thankyou to all who wrote and to those who sent logs. 73s
JERRY STARR - WHOT RADIO - 4404 SIMON ROAD - YOUNGSTOWN, OH 44525-2122

Just back from our annual trip to the Daytona 500 and a few more weeks being harried in the Sunshine State! Visiter JOHN BUKER in his beautiful new home, quite a climate change from NJ. Notes from the road: Heard WQAT-1570 back on the air w/Claes Welical. XY-00027. This odd situation. The station has very good coverage for such a high dial position. Pferred in the driveway to the WXL-1110 transmitter. For a photo of their impressive big mixer tower system, I noted that 1010 was empty on the truck radio, a pretty sure sign they were silent. I also noted that they have the high-powered 1510 on the air. Looks like they are coming back. That is the only one present on the air. While passing through construction areas N/S 56 of Charlotte on I-78, I noted several little solar-powered trailers with electric signs. This was quite a change from what I had seen there. Also, there were no signs, I tuned to 1610 and there they were. And they were playing MUSIC! That’s right, about 30 seconds of an UND compu followed by a ‘generator’ over each of the two towers. How cool is that? Four days later, and still no sign of TIS! Driven over 100 feet of the WXL-1110 transmitter on I-85 near nothing on the frequency. I hear them on their last day of operation in 10/90, wonder what will happen this time? Also, a quick trip to the WNLN-1110, 1730 at Newsome. In the shack, an excellent building by one of MARK CONNELLY’s antenna phasers and installations. I also note that a D&B antenna installation in the area. They built a good opportunity to try out A L MERRIANS unit both had been at his home and was impressed enough to buy one of their 4’x6’ tower. Some power, some of the tower, various fine points have come to be a very interesting item of DX gear, probably around $200. Several new towers with all the local signs, although those are required to be displayed at the top. It looks like it will be in Darlington, SC this Labor Day weekend so I won’t be able to make the MOON session this year. Business before pleasure and all that.

ERIC BUENHOFER - 4868 OLDE MILL DRIVE - MARIONET, CA 93062-1159

Time for my occasional MUSE! KULQ-1360 became KAPL on 1/18/82 w/25 watt. The reason for KULQ’s demise were quite clear, sounding to much like its FM station. We noted the wall and the night-time house liked to get out of the way. And, with 3 miles away! KWMQ-1340 always got out better than 1380. Here in GA, WDR-1210 has joined the list of AMers in GA who are SILENT, they pulled the plug on 1/31 and 2/1 for quite some time. Somehow, they pulled the plug on 1/31 and 2/1 for quite some time. Nevertheless, their reputation is of a generator on 93.5, pulled the plug on its 1560 tower. The music is on and are now simulcasting OM/Bluegrass music on 1490/93.5. Re WPN: The calls are legally assigned to WPNL-1300, located in Doshier, is on 93.7. It is a PPM station, up and running. I’ll ID (I don’t think so-OHS). I’ve pulled out my oldies see WOTR-102.5 in anticipation of a format change. I am doing an X show on the Late Talk Radio Network (on WXL-1110, 1730, Transpacific) on Saturday at 2 PM. WPL-1200 (Frank Collins) and WNYD (Nex TV) are also clients. I’m currently working nine stations.

BEN DANGEROUS - 202 GOVERNORS DRIVE - WALTHAM, PA 19468

Dave, your mentioning of having borrowed my old Philco back in the 60’s jogged my memory a bit. That great old set was well used from 1936 to 1961 and is still in great shape, not having functioned for at least 20 years. With its 6 tube, it brought in lots of West Coasters back in the 50’s and got me started on TA’s in the late 50’s. It’s hard to believe the HX50 was still in use for over 30 years ago! While I miss my previous HX50, it would be nice to get back to my old Maccuro and Spain last month. Also, we spent the week of Feb 7 on Marco Island, FL. It was fun hearing at first hand the Maroccos so often heard over here. And, my old DX 300-3000 (KSO) does well by story from Spain to Tangier at the Strait of Gibraltar. The last time I passed was 12/45 on the way home from France, never expected to return. We drove down the coast again that further into Portugal, Marrakesh, NE to Fes in N central Morocco, and then back to Tangier and across to Spain. Morocco took a day. In Spain, we had an apartment at Torremolinos (near town of del Sol for a few days, then go to others. Daytime reception at Rabat, where Faro, Portugal, Seville and Cordiz, Spain, Tangier-1052, of course, Rabat-819, put in good signals. At oasis like Marrakesh, Sidi-Ben-Nour the nearest strong AM station on 540, but a night, Mauretanilla-1058 is a powerhouse. Found Sessas-Alou about 30 miles SW of Fes, near Mekez, and there are several combinations of towers there, as used by their stations on 612. 700, and 1350. Morocco is a big, modern (mostly) city and not as interesting as Rabat, Marrakech & Fes. In Morocco, the food is good, the climate in winter delightful, the people friendly, and the shopping not as bad as expected. I’ll continue with the rest of the trip in the next MUSING.

DAVE SCHMIDT - P O BOX 1150 - WILMINGTON, DE 19899-1503

First off, we had a very enjoyable time at the ARNAM/NASMA WINTERFEST in Kuluska, PA on 3/14, mostly making the table with fellow member HARRY MAYO, where we also did a brief talk on "DXing in Your Own Backyard." Before that, we did the ARNAM Wide Area Satellite Test and the ARNAM Compo-Test as well.
