CALLING ALL DXERS

EDITOR: Are there any DXers out there? I ask because there's one in Finland who recently picked up our AM station in Chambersburg, Pa. (WCBG, 1590 khz, 5 kw DA, 1 kw n. DAN) with an enormous antenna consisting of 14 strands of wire, each 3,000 feet long aimed at the United States.

This gentlemen very kindly sent me a cassette of what he heard. Not bad for 1,000 watts at night with a directional antenna!

In talking to the FCC and with the engineering types in Washington, I find that DXing in the United States may well be a lost art. I'd appreciate any information from people around the country who may be involved in this field so that I could tell my friend in Finland.

Naturally, I'm interested in the amateurs who are very much involved in this activity, but the Finnish DXer is a pure out and out AM man and I'd like to reciprocate his kindness with some information from any DXers who may survive in this country.—Michael H. Bader, Haley, Bader & Potts, 4350 North Fairfax Drive, Suite 900, Arlington, Va., 22203-1633; (703) 841-0606, and principal owner, WCBG(AM) Chambersburg, Pa. (from Broadcasting, via Eric Norberg and Ralph Sanserino. Both NRC and IRCA have responded; you can, too, if you wish!)

code, tones, and Latin music. Reception reports may be sent to Mr. Pat Costa, General Manager. Arranged by J. D. Stephens for the IRCA CPC.

KBOA-830 - P. O. Box 509 - Kennett, MO 63857 will conduct a DX test between 1:00 and 2:00 am EST Monday Feb. 22. The test will include Morse code and tones with 10 kW from an omni-directional antenna. Reception reports may be sent to Mr. Larry Anthony Chief Engineer. Arranged by J. D. Stephens for the IRCA CPC.

(Details for other tests listed above were in previous or will be listed in future DXN's.)

From the Publisher ... Ron Hunsicker phoned to say that *Radio Sheet*, which we had profiled January 25, has folded.

Any NRC member who receives a *DX News* edition in less-than-acceptable condition only needs to write or call for a free replacement copy. The number of mangled and missing copies rose slightly over the holidays, but we think the mail service is back to normal now. We're working with the USPS to improve delivery, including CASS certification, which involves correction of any incorrect addresses of subscribers against the USPS master database. Any slight changes in your mailing address in the next week or so will reflect a correction by the USPS, including nine-digit ZIP codes. Also, if we are able to add bar coding to your address label in the near future, delivery times and consistency should be improved ... but if it results in more mangled copies of *DXN*, we'll need to know that, too. Write, call, or, better yet, return the damaged *DXN*'s so we can present the evidence!

DX Time Machine

From the pages of *DX News*:

50 years ago ... from the Feb. 13, 1943 *DXN*: Announcement by Al Bartholomew, Bradford, NY of a DX Special on March 2 from the CKRN-CKVD-CHAD net. The program was to originate at CKRN-1400, Rouyn (250 W), and separate station breaks were to have been made by CKVD-1230, Val D'Or, and CHAD-1340, Amos, each with only 100 W.

25 years ago ... from the February 10, 1968 *DXN*: Illness struck publisher John Callarman and editors Gordon Nelson, Ernie Cooper, and Randy Kane, but the bulletin was on time anyway

10 years ago ... from the February 14, 1983 *DXN*: WSM-650 joined 20 other stations when it began stereo transmissions on December 6.

OTHERNESS

770 KKOB NM Santa Fe: Some members have asked if the KKOB synchro transmitter here in Santa Fe is still in operation since this was dplexed into the tower of KVSF-1260, a station that has been off the air for several years. First of all, KVSF is once again on the air (see last issue) and yes the KKOB synchro is still in use and continued to operate even while KVSF was off the air.

1020 KRAD OK Perry: silent station (as noted last week) is going through a sale and should eventually return to the air.

1270 KDJI AZ Holbrook: station is reported to be SILENT due to damage from recent floods (yes, floods in AZ !)

1370 KTMG CO Deer Trail: this station, silent since 1989, has been sold and is expected to return.

1400 WMCS ME Machias: station is SILENT

1440 KKIP AR Lowell: station is SILENT

1580 WUIV NC Icard Township: station has ended its simulcast arrangement with WNNC-1230 Newton, NC and has gone SILENT

- **John Baumgarten** writes to say he bought a new Superadio III to be able to DX the new 1610-1700 spectrum, but was very disappointed in it in every way. Sensitivity and selectivity: lousy; dial calibration: contemptible; overall: a DUD. Unable to exchange it as the local dealer had no more, he sent it in to the warranty address. Ten days later another arrived, but doesn't seem as powerful on AM or FM as his Superadio II. Any other comments on the III? The same day John's letter arrived, so did DX News Issue 14, with **Gerry Thomas'** excellent review on the radio, and a mention in Musings by **Bob Harrison** also puts the new receiver down. Buyer beware!! Glad I've got a good ol' PB7-2880B.
- Good to hear from **Karl Forth** again. Another almost-silent member checks in with three goodies DXing from The Windy City. And speaking of Chicago, we welcome **Thomas Rieser** from the South Side. Good to hear from you, Tom. Keep the reports coming!
- Another reminder . . . divide your reports (especially long ones) into the time/specialty divisions seen here, then report in frequency order. And keep things on one side of the paper. Oh, and be sure what you report is **Real DX**, not the common, everyday variety of ozone. CUN7.
- Late breaking DX or tips may be phoned in at 208-888-7398. Call between 6 and 10 PM Mountain Time. Or via Prodigy at MTFH12A. And, of course, FidoNet. But then a stamp will do, but not as fast!

SPECIAL

KSyl
970

- 690 **KTCJ MN Minneapolis - Is | KTCZ 97.1** and is using about 100 watts (maybe less) non-directional. They need \$500,000 worth of repairs. Fulltime looks dismal for them, but great for me! (FTS-MN)
- 830 **WCCO MN Minneapolis - 1/25 0400** - Noticed off-the-air for the 2nd time this year. Semi-regular SP? Back by 0420. (FTS-MN)
- 1030 **WMIN MN Maplewood - 1/24 - Completely off the air.** They lost one of their main accounts, so probably off due to financial. (FTS-MN)
- KTWO WY Casper - 1/25** - Off on MM SP. When they are on, they boom in over WBZ. Did they adjust their night pattern without asking me? (FTS-MN)

UNIDs and UNID HELP

- 710 **UNID ??** - 1/25 0510 - Good in null with C&W music and Coast-to-Coast network. (FTS-MN) [Nothing in the Log to help, except maybe CHYR? - Ed.]

DX AND EQUIPMENT TESTS

- 540 **KNAK UT Delta - 1/4** - No test heard. Mostly CBK. (DT-IN)
- 660 **KEYZ ND Williston - 1/25 0133** - CID in well with WFAN. Practically impossible to hear without the aid of this DX Test. Little power this way days. No power this way nights. (FTS-MN)

- 660 **KEYZ ND Williston** - 1/25 - Not heard. Instead, at 0130 . . . **KTNN Navajo Nights** and Native American music. 1st time I've heard **KTNN** in several months. Lots of **KYAK** splatter. Very weak **KFAR** underneath. (RO-AK) . . . No test heard. Only **WFAN** and several LAs. (DT-IN) . . . Not heard. Frequency was dead. Even **WFAN** barely made it through. (JL-OH)
- 690 **KEWI AR Benton** - 1/23 0300-0330 - Heard continuous CIDs during first half, nothing afterwards. Extremely faint. (JL-OH)
- 780 **KAZM AZ Sedona** - 1/25 - Possibly them with tones beginning at 0203 lasting for about 15 seconds. Way under **KNOM & KROW**. Very difficult to null. Re-tried again at 0215 and 0230. Just regular battle between AT40 on **KNOM** and **KROW Country**. Not counted. (RO-AK)
- KAZM AZ Sedona** - 1/25 0204 - Readable under **WBBM** with march music. AZ #3. (FIS-MN)
- KAZM AZ Sedona** - 1/25 - Heard at 0200-0208 and 0217 with either CIDs or 1 kHz TTs. Signal was so weak I could be sure. Barely audible under **WBBM**. (JL-OH)
- KAZM AZ Sedona** - 1/25 - No test heard but one weak TT heard at 0210 with **WBBM** nulled. (DT-IN)
- 1020 **WNTK NH Newport** - 1/4 0300-0330 - Fair with continuous code under **KDKA** on DX Test. (KDF-IL)
- WNTK NH Newport** - 1/4 - Continuous CIDs weak but readable 0300-0320 under **KDKA**. *Newport*, not *New London* sent as location. (DT-IN)

TIS & OTHER STUFF

- 530 **TIS OH Akron** - 1/17 2256 - Fighting CIAO with directions for avoiding construction on eastbound I-76. No CLs given. Mentioned station for westbound traffic on 1610. Tried for it but no luck. Get this one while you can! (RF-OH)
- 1610 **TIS IL Chicago** - 1/23 1331 - Poor with expressway traffic and weather update for Chicago. (TR-IL)
- KOD771 WA Olympic National Park** - 1/14 & 1/19 1900 - With Port Angeles on carrier only for a few days. I could hear the location as *Lake Crescent and Sol Duc area*. QTH is 7 miles of Fairholm. (GS-BC)

MIDNIGHT TO 0800 HOURS ELT

BITS AND PIECES

A big DDXD-S welcome to Rocky Stone of Hollister, MO. Glad to have you join us. And a report from Mr. IDXD himself, Jim Renfrew, while visiting beautiful San Diego.

To Formats editor Tony Fitzherbert (and anyone else interested): I went for a ride Saturday (1/30) on opening day of L.A.'s new RED LINE Subway downtown. Yes, a subway is now running in the automobile mecca of the world, Southern California. What's next? Maybe the FCC will require stations to give a Legal ID every 10 minutes, hi!

SPECIAL!!!

590 KEZK IL WOOD RIVER - The change to KFNS and an all-sports format DID NOT occur on 1/11 as stated in issue 14; no new target date has been announced. In the meantime, station is simulcasting KEZK-FM 102.5 St. Louis, MO except for 1800-2000 ELT, where they carry "Dodge Sportstalk" with Jon Sloane. During simulcast periods, they ID as "Soft Rock 102.5" except at the top of the hour, when they ID as "Soft Rock AM 590". Format is AC //FM. (EB-MO)

1260 KVSF NM SANTA FE - 1/23 Fair to good w/NAge jazz & light AOR. Female jock w/ loong music sets. Legal ID at 0201 "KISE, Espanola and KVSF, Santa Fe." Not sure what KISE is - maybe an FM call shange since my reference was published. NEW STATION ON THE AIR. (WH-CO) (My M Street shows a KIOT on 102.3 and a KTDE 91.1, both in Espanola. Most likely a call change on the former. -djs)

1520 WDCY GA DOUGLASVILLE - per Bill Alisauskas, this stn has dumped C&W for News/Talk except for OLD 0730-1000 ELT Saturdays with "Wild Bill" Alisauskas (I wonder who that is? -djs), and has David Paul (ex-WSB talker) on from 1000-1400 ELT Monday - Friday. (EB-MO)

1570 WBGZ AL ALTON - Network affiliation is with USA, replacing CNN (EB-MO)

DX & EQUIPMENT TESTS

660 KEYZ ND WILLISTON - 1/25 0123-0200 Morse Code ID's & what sounded like the chimes of Big Ben. Fair o/u ETNN/CFRR. Unneeded (WH-CO); Not heard. Did note unID EE w/"accented" EE and cricket (?) match. St. Lucia? Also, WFAN in but was nulled. (MH-NC)

NEWS AND VIEWS

Welcome to Alan Merriman and Tony Fitzherbert. Mike Jeziorski and Jeff Multer drop by with some info on some recent UNIDs. Also received a phone call from Charles Reh regarding a couple of your editor's UNIDs. Thanks for the help, guys.

SPECIAL

560 WEAZ PA Philadelphia - 1/27 2300 Legal ID given as "WEAZ, Philadelphia's wish, Stereo 560". They have been using the "wish" slogan with WEAZ calls since their format change a few years back. No call change noted. (DB-DE)

590 WMBS PA Uniontown - 1/29 0400 Heard CW while looking for WOW, ID at 0400, they are now 24 hours. (DB-DE)

880 WBLUt VA Moneta - 1/29 0739 Ad for body shop on Route 142 in Moneta, poor but clear under WCBS and faded before anything else could be heard. New station on? No calls heard. (DB-DE)

1580 WZKY NC Albemarle - 1/27 0559 Noted with weather forecast and ID announcing now 24 hours a day. Over CBJ. (DB-DE)

DX TESTS

660 KEYZ ND Williston - 1/25 Tried, not heard. (AM-VA)

KEYZ ND Williston - 1/25 0130-0200 Nothing heard, only WFAN. (DB-DE)

690 KEWI AR Benton - 1/23 0301-0315 Many CW IDs, mostly poor under WPDQ and CBF, rode up over QRM around 0314 with several good code IDs. (AM-VA)

KEWI AR Benton - 1/23 0315 Code heard faintly but not enough for an ID. Too much CBF and an UNID, possibly WPDQ. (JEK-MD)

780 KAZM AZ Sedona - 1/25 Tried, not heard. Local WABS testing with OC. (AM-VA)

KAZM AZ Sedona - 1/25 0200+ Nothing heard, just WBBM and weak SS. (DB-DE)

1590 WARV RI Warwick - 1/25 Excellent signal, started 0329, code and voice IDs, bible readings. (AM-VA)

UNID AND UNID HELP

540 WGTO FL Cypress Gardens - regarding Laura McCusker's UNID in issue #13, this did not have a MM SP when checked on 1/25. (MJ-FL)

730 WFMC NC Goldsboro - Is DB-DE's UNID in issue #10 with ad for Deacon Jones Lincoln-Mercury. (REH-ON)

810 UNID 1/18 0224-0310 - French songs and English Christian songs. No ads at all and no news at 0300. Quite strong over WGY most of the time. Some FF talk between songs. (JB-MA)

860 UNID 1/27 0845 - "Lady" by Styx, poor but alone, no sign of either regulars WTEL or WBGR. Then Marvin Gaye song, by 0849 WTEL beginning to come back. Was hoping for WSBS, don't know who else would play this type of music. (DB-DE)

940 UNID Regarding JK-VA's UNID on 940 kHz (Vol. 60, No. 13), none of the 29 AMers on the Hornets network are on 940. I picked up a list today at "The Hive" (Hornets Headquarters). (JM-NC)

1180 UNID 1/25 0154 - CW loud in WHAM null, no ID heard and gone at 0200 check. (DB-DE)

1250 WYKM WV Rupert - Is likely Laura McCusker's UNID reported in issue #13. They sign off at LSS with a full announcement followed by the song "God Bless the USA", and would have signed off at 1700 in December. (MJ-FL)

1320 UNID 1/27 0832 - Dr. David Jeremiah religious program while looking for WDER, had faded out during earlier REL program across 0830 so no ID heard. (DB-DE)

1370 WCCN WI Neillsville - Regarding DB-DE's UNID in issue #14, I get this with Satellite NOS blowing away closer stations. (REH-ON)

1460 UNID 1/25 1818 - High school basketball game, announcers had southern accents. Who plays HS games on Mondays? (DB-DE)

1510 UNID 1/25 1715 - Signoff mentioning FM-101, but no calls. Possibly the one heard earlier with REL talk. (DB-DE)

1600 WQBR FL Atlantic Beach - I agree with Dave Braun that this is probably Jeff Kitze's UNID reported in issue #13. They simulcast their REL format with 88.1 WNCM (correct calls) using the ID "FM 88.1 as well as AM 1600". Not sure about the CBN programming, though, as they have been in a long telethon recently. (MJ-FL)

0000 to 0800 ELT

- 630 CFCY **PI Charlottetown** - 1/18 0130-0150 In and out over WPRO with AC music, long ID, station promo at 0135. Weather at 0142, ad for Canadian Red Cross and several "630 CFCY" IDs. (JB-MA)
- 1090 WILD **MA Boston** - 1/22 0715 Sign-on, ID then UC music until 0730 when WBAL went on day pattern. (JEK-MD)
- 1150 WCNX **CT Middletown** - 1/19 0746 Local news, weather, community announcement. New, CT #32. (JEK-MD)
- 1170 WWVA **WV Wheeling** - 1/25 0144-0300 Noted off. Only UNID talk at first and then UNID Spanish heard. WWVA on/off from 0258-0300, then back on next check. (DB-DE)
- 1200 WBZY **PA New Castle** - 1/22 0550-0610 News, information and ads till 0600, then news and weather into rock and roll song at 0609. Tons of "1200 WBZY" IDs by announcer Carolyn Jones. (JB-MA)
- 1350 WLNH **NH Laconia** - 1/27 0755 Good with "News 5 minutes sooner, I'm ??, WLNH news", into local news. (DB-DE)
- 1420 WCOJ **PA Coatesville** - 1/19 0600-0610 News with mentions of Chester County, weather forecast and several IDs. In a mess with 4-5 others. (JB-MA)
- 1480 WLEA **NY Hornell** - 12/27 0603 Local weather and ID while trying for evasive WPWC. New, NY #139. (JEK-MD)
- 1520 WWKB **NY Buffalo** - 1/25 0146 Noted off second MM in a row. Maybe this is now a regular SP? (DB-DE)

0800 to 1600 ELT

- 1020 WKZE **CT Sharon** - 1/27 0841 Promo for contest for a ski trip, mention of Salisbury(?), which may have been the resort, many IDs, report on health. (DB-DE)
- 1100 WYKR **VT Wells River** - 1/27 0809 Fair over WWWE with news of VT farmers, including talk of a bill to go to the legislature regarding a tax on maple syrup. It's during openings like this that the cross reference by state in the back of the log comes in real handy!! Helped me get three new VT and NH stations in 15 minutes. (DB-DE)
- 1360 WHLP **MD Baltimore** - 12/15 1300 Ex-WEBB. Changed format to help-wanted ads. Poor signal here because of directional antenna pattern. (JEK-MD)
- 1480 WCFR **VT Springfield** - 1/27 0805 Good with Mutual news, network ad, then local news for VT and NH, ID, FTD commercial and weather forecast. (DB-DE)

1600 TO 2400 ELT

- 640 WWJZ **NJ Mount Holly** - 12/24 1600 News at 1600, IDs as WJZ, standards and at 1614 a promo featuring the midday personality, Bob Martin. Abruptly lost at 1630 power reduction, all under regular WNNZ here. (TF-CT)
- 790 CFAN **NB New Castle** - 1/9 1754 Hockey updates, lots of commercials and "Countdown 92", a review of the top hits of 1992, way atop for 30 minutes, never heard here before. (TF-CT)
- 940 WCPC **MS Houston** - 1/5 1810 Local ads, church calendar, ID, gone completely at 1815 pattern change. (JEK-MD)
- 1040 WSKE **PA Everett** - 1/20 1714 Local news about towns in Bedford County and Altoona. Over/under WSGH and other station promo for Ohio lottery. (JB-MA)
- WQBB **TN Powell** - 12/8 1717 Parallel FM, IDs as "Q-104", local ads and an AM ID at 1720. Ads for "Knoxville Magazine" and "Nutcracker" to be performed at the Civic Auditorium. (JEK-MD)
- 1080 WEEP **PA Pittsburgh** - 1/19 1637 CW music with ID as "Real Country". Also on 1/20 with WEEP ID and "Classic Country". Mention of car dealership on Route 51. Good signal in WTIC null. (JB-MA)
- 1150 WDEL **DE Wilmington** - 1/11 2104 CNN News, local news by Larry Bergen, now turns out to be a nighttime regular here!!! (TF-CT) (Strange, it is here too! - db)
- 1270 WTSN **NH Dover** - 12/18 2213 ID with Celtics basketball, over R. Rejo and others. Also on 1/1 at 2005 with NH lottery numbers. (JEK-MD)
- 1290 WKNE **NH Keene** - Investment report, local ads, ID, mixing with CJBK. (JEK-MD)
- WFBG **PA Altoona** - 1/13 1647 Sports with announcer Jim Price, way atop the frequency. (TF-CT)
- 1320 WARA **MA Attleboro** - 12/27 1650 Patriots post game talk, ID "Your station for Sports talk, AM 1320 - WARA", weak signal, never heard here before. (TF-CT)
- WTSS **PA Scranton** - 12/27 1647 Sports with several commercials for Scranton businesses, quickly lost, never heard here before. (TF-CT)

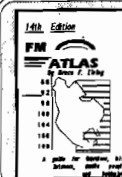

- 1330 WASA **MD Havre de Grace** - 1/13 1720 Metro traffic report, ID: "Classic Country AM 1330 - WASA, with the country you grew up with", way atop frequency. (TF-CT)
- 1380 WIZO **TN Franklin** - 12/8 1830-35 "Super Gold", local ads and IDs. (JEK-MD)
- 1580 WPGC **MD Morningside** - 1/11 2058 Sports shorts, ID for business radio, into business news at 2100, first time heard on night time 500 watts. (TF-CT)
- 1590 WERA **NJ Plainfield** - 1/13 "Oldies 1590" with Motown oldies, commercial for a compact disc club in East Brunswick. Also 1/25 with traffic report, ID, Motown oldies. Now seems to be a regular here with WQQW silent. (TF-CT)
- 1600 WPDC **PA Elizabethtown** - 1/25 1736 Commercial for Saturday's market between Middletown and Elizabethtown, WPDC weather, rock music, way over regular WWRL for a few minutes. (TF-CT)

TIS

- 530 WNXQ? **MD Hagerstown** - NOAA weather broadcasts. Not sure of the call but they must have increased power to override WNVY-510, TIS in Frederick, which used to be the most dominant on 530 daytime. (JEK-MD)

PAN-AMERICAN DX

- 540 MEXICO XEWA, Monterrey, 1/4 0707-0800 - Old LA music, ad at 0300, news, fair-poor; while tuning for KNAK test, interference from WGTO. [DT-JAM]
- 650 COLOMBIA HJKH, Bogotá, 1/17 0450 - Poor with LA music, Bogotá mentioned several times under WSM, new. [DX*MB]
- 670 CUBA R. Reloj, 1/17 0435 - Very poor with Spanish talk and "RR" in Morse code on the minute, under WMAQ, new. [DX*MB]
- 690 COLOMBIA HJ CZ Bogotá, 1/17 0350 - Lively LA music, R. Deportes ID, new. [DX*MB]
- 730 MEXICO XEX Mexico City, 12/17 0825-0831 - Spanish music, with ID as "XEX Bueno ...", fair. [DT-JAM]
- 730 HJCU Bogotá 1/17 0502 - LA music and many mentions of Bogotá, under CKDM, new. [DX*MB]
- 750 COLOMBIA HJDK Medellín, 1/17 0240 - Poor with woman talking in Spanish, CARACOL ID, mixing with unID Spanish station. [DX*MB] (The unID may have been Caracas - Jim)
- 770 COLOMBIA HJX, Bogotá, 1/17 0225 - Fair with RCN ID, LA music, Spanish talk over/under XEATH. [DX*MB]
- 800 NETHERLANDS ANTILLES, PJB Transworld Radio, Bonaire, 1/22 0335 - With CKLW QRM, story about faith being opened to the Gentiles. [TJR-IL]
- 1010 DOMINICAN REPUBLIC HIJP Santo Domingo, 12/19 2347-0001 - Music, ID as R. Comercial, fair interference from unID Cuban. [DT-JAM]
- 1024.5 UNID, 1/17 0435 - Very poor with good het and bits of Spanish talk and music. Ideas? Heard here for the last two weeks. [DX*MB] (Nothing

- comes to mind, but I did log a station in Cali, Colombia on 1025 around 1972 while living in Maryland - Jim)
- 1030 HAITI 4VEC Cap Hatien, 12/20 1105-1216 - Organ solos, ID in English "This is the Evangelistic voice of Haiti, originating in Cap Hatien", then syndicated English religious program, fair. [DT-JAM]
- 1050 MEXICO XEG Monterrey 12/22 0843-0900 - Ranchero male vocalist, accordion, good, no interference. [DT-JAM]
- 1110 XERED Mexico City, 12/21 0507-0516 - Music, ID as "R. Red", fair. [DT-JAM]
- 1165 ANTIGUA Caribbean Radio Lighthouse, St. John's, 12/24 0049-0105 - Religious program "Talking Book", ID, fair. [DT-JAM]
- 1200 COSTA RICA TITQ San José, 12/24 0231-0235 - Music, woman announcer, "R. Cadena ...", 0235 fade-out, interference from unID English and Spanish stations. [DT-JAM]
- ## TRANS-ATLANTIC DX
- 594 MOROCCO/SPAIN Oujda/Muge, 12/15 2220 - Mixed, with man talking Portuguese and Arabic music. Each time heard the second station was just below, both with clear signals. [BD-PA]
- 603 MADEIRA Ariero, 12/29 0140 - With bits of Portuguese talk and music, at a time when the best signals on the band were in the 600-700 kHz range. [BD-PA]
- 657 ITALY Naples et al, 12/29 0150 - Fair, with man and woman in Italian. [BD-PA]
- 693 AZORES Santa Barbara 12/29 0135, 1/7 0002, 1/20 0250 - Usually with man and woman announcers in Portuguese and typical Portuguese music with many female vocals. [BD-PA]

- 711 MOROCCO Laayoune 12/17 0250 - Way up with Arabic music. Be careful of an occasional het on this frequency from the Cuban station which drifts high. [BD-PA]
- 819 MOROCCO Rabat, 12/17 0300 - Arabic program // 1044 kHz and others. [BD-PA]
- 1134 CROATIA Zadar, 12/28 2300 - With man and woman in Croatian. Not often heard anymore, and, when in, the signal is much weaker than in 1991. [BD-PA]
- 1323 GERMANY Wachenbrunn (I think) 12/15 0035 - With pop songs, male announcer and one of the vocals sounded like Sinatra. [BD-PA]
- 1377 FRANCE Lille 0610 - Man in French, separable from 1375 kHz, but weaker. [BD-PA]
- 1386 RUSSIA (KALININGRAD), Bolshakovo, 12/28 2240 - Opera-type singing by a woman. Doesn't sound like 2500 kW as listed in 1993 WRTH. [BD-PA] (Some European stations are running reduced power these days because of fuel shortages - Jim)
- 1431 UKRAINE Mikolayiv, 1/22 0000-0030 - With bits of soft instrumental music. Signal faded but het still heard around 0200 when it went off. But het signal was back at 0304. This agrees with sked in WRTH. [BD-PA]
- 1521 SAUDI ARABIA Duba, 1/22 0308 - Very good, causing a tremendous het against 1520 domestics with Arabic prayer chants. Fairly steady S9 signal with some fades. Only mild splatter from 1520 thanks to Collins mechanical filters in the NRD-515. Arabic male announcer began talking at about 0330, but signal faded way down soon afterwards, I assume due to encroaching sunrise in Duba. Also heard het on 594 which could have been Duba also. [RF-OH]
- 1539 GERMANY Mainflingen, 1/12 0400-0405 - News by man in German, then into (I think) local programming with woman in German. [BD-PA]
- 1575 GERMANY Burg, 1/12 0400-0405 - Same as 1539 logging, weaker signal. [BD-PA]
- 1593 GERMANY Langenberg, 1/12 0400-0405 - Same as 1539 and 1575 loggings, but back into soft instrumental music after that. Armchair volume signal. [BD-PA] (Maybe in YOUR armchair! - Jim)

PAN-AMERICAN DX

- 526 BAHAMAS ZLS, Stella Maris, 11/25 0500-0505 - Fair, beacon with slow-speed Morse code IDs, new. [RSR-ON]
- 555 ST. KITTS & NEVIS ZIZ, Basseterre, 12/12 0144-0232 - Poor-to-fair with vocal music, male DJ speaking English between songs, bad QSB/QRN, mandolin music at 0230, man with ID, local announcement by woman. [RSR-ON]
- 580 MEXICO XEMU Piedras Negras CO, 12/12 1119-1123 - Booming in with ads, mentions of Piedras Negras and Tejas. [DHM-IA]
- 620 CUBA CMGN R. Rebelde, Colón, 12/10 0210-0225 - Good with two men talking in Spanish, music jingle, ID as R. Rebelde. [RSR-ON]
- 620 NICARAGUA R. Nic, 12/12 0127-0134 - Tropical music, Christmas announcements, ID; fair over/under domestic QRM. [DHM-IA]
- 630 HONDURAS R. America 12/12 0122-0127 - With Central America news and ID. Poor, also in very strong at 0230 with Honduran soccer news. [DHM-IA]
- 650 UNID, 12/19 0150 - During a brief break in WSM program, I heard someone score a "goooooaaaa", soon faded. [JR-NY]
- 660 MEXICO XEEY Xalpa ZA, 12/11 0049-0107 - Had to Mexicans, the Cuban, and possibly another Spanish station battling ti out here. Caught ID as "X doble-E Y" at 0058. First reception of any type from Zacatecas state. [DHM-IA]

...Con todo lo que usted necesita saber para estar bien informado via TRN
RADIO CARACAS AM 750

- 660t VENEZUELA LV de Los Médanos, 12/14 0252 - One of the on-going tragedies of my DXing is the seeming inability to ever ID anything under WFAN. This night I caught the Venezuelan National Anthem, but no words came through. [JR-NY]
- 660 MEXICAN UNID, 12/15 0755 - All that I heard was the Mexican national anthem, but any announcements were drowned under WFAN. Just before the top of the hour WFAN replays a famous moment in sports, complete with shouting announcer and screaming crowd, which is hard to hear through! Probably XERIN, which is listed as a 0800 sign off in the IRCA List. [JR-NY]
- 660t ST. LUCIA SLBS, 12/15 0805 - While rechecking the frequency I noted a British-accented man mention "St. John's" during what seemed to be a sports report. WRTH says they sign-on at 0800, just after XERIN is scheduled to sign-off. [JR-NY]
- 718 UNID, 12/8 0332 - Poor, het noted but no audio on this unusual frequency. [SA-MB] (Shawn does not indicate whether he considers this a possible TA, so I listed it here - Jim)
- 820.65 UNID, 12/19 0325 - Just a het this time, but looped south. Is anyone down in Florida noticing this one? [JR-NY]
- 870 CUBA R. Reloj, 12/19 0620 - Typical Reloj program weak in WWL/WHCU mess. List shows two Progreso outlets here: Sancti Spiritus (10kW) and Pilon (1 kW). I'd like to think it was the 10 kW as I haven't yet heard that Cuban province, but who knows for sure? [JR-NY]
- 880 MEXICO XETC Torreón CO, 12/11 0113-0122 - Fair mixing with another Spanish station. Local political talk, several mentions of Torreón. [DHM-IA]
- 880 ECUADOR R. Católica, Quito, 12/15 0939 - Since Ecuador is now on UTC-4 (instead of UTC-5), I looked for them an hour earlier than their previous 1015 sign-on. At 0939 I got a clear parallel between 880 MW and 5030 SW. The program featured a man speaking an Indian/Spanish dialect with Andean flute music frequently used as a bridge, and occasional mentions of what sounded like "R. Católica Nationalca". That flute music cut right through WCBS, there's no mistaking it. At 0955 there were

prayers, and an announcement that made me think that what I had just heard was "Reflexiones" with the Obispo de Guayaquil. A more classical blend of music followed. I have to credit this one to Werner Funkenhauser and Robert Ross from Ontario whose previous loggings of this one got me thinking Ecuador is loggable from the US. I got a shortwave QSL from this one, now let's see if they'll respond for MW! Look for this one NOW, as there is no telling how long they'll maintain DST. [JR-NY]

- 895 ST. KITTS & NEVIS VON, Charlestown, 12/9 0103 - Very poor, with good hets and bits of audio. 12/14 0025 - Good strong het, EZL music, man in accented English, first time for a new one. [SA-MB]
- 920.6 COLOMBIA Emisora Fuentes, Cartagena, 12/11 0136-0138 - Fair using USB to separate from 920. Tropical music, ID as "Emisora Fuentes, su emisora favorita". A few years ago while looking through some 1930s issues of *Radio News* magazine at Michigan State University library, saw a little feature on this station. Was founded by some brothers whose principal business was a pharmacy. Originally was called Emisora de Laboratorio Hermanos Fuentes, or something like that, named after the drug store! [DHM-IA] (I hope they fill prescriptions better than they tune their transmitter! - Jim)
- 960 CUBA R. Reloj, 12/14 0705 - While looking for the KNEB test all I could hear under WBBF-950 was the Morse code sounds of R. Reloj, so if you heard some code it might not have been KNEB! [JR-NY]
- 1030 UNID 12/19 0410-0445 - Traditional LA music in WBZ null with several mentions of "La Gran Cadena Musical" and several mentions of "Barranquilla"; started out strong but faded. Barranquilla is on 1010 (and possibly 1040) but not on 1030. Hmm ... who is this? [JR-NY]
- 1040 UNID 12/19 0402 - Station sign off with unidentified National Anthem. I can't seem to find the National

Anthem recording Chuck Hutton made for me some years ago, but it wasn't Colombia, Venezuela or Mexico, and HION is listed as 24 hours, so I think this may have been Costa Rica which is listed with a 0400 sign off in the 1992 WRTH. [JR-NY]

- 1210 MEXICO XEBB, Radio Centro, Jalapa VE, 12/12 0036-0103 - New station, heard mixing with several stations (at least one other XE) with IDs as XEBB Radio Centro and occasionally co-IDing for XEIT Radio Sensación also. Lots of ads, Spanish pop music. Finally at 0058 a complete ID as XEBB Radio Centro, giving QTH as Jalapa, Veracruz. Gave address, too, but only could make out part of it: Plaza Cristal, Local 20. Curiously, another Jalapa station is listed at Plaza Cristal, Local 26. Not listed in the 1992 WRTH. [DHM-IA]
- 1540 BAHAMAS R. Bahamas, 12/12 0240 - KXEL really being cut up by lots of QRM tonight. Presumably this when a brief bit of ad by man in Caribbean English popped on top. Nothing else in 20 minutes on the frequency. [DHM-IA] (KXEL is an awful source of interference here, I can't imagine how you got through it in Iowa - Jim)
- 1610 ANGUILLA Caribbean Beacon, The Valley, 12/14 0010 - Good, easy copy with religious programming. This has been an easy catch all season after local sunset, hearable eight of ten nights here in Winnipeg. [SA-MB]

1992-1993 BEISBOL VENEZOLANO LIST

The Venezuelan league's games are played between October and January, Monday through Friday, from 2330 UTC to approximately 0200 UTC. On Saturdays the games begin at 2130 and end around 0030. On Sundays they begin at 1530 UTC, with the exception of Valencia and Carabobo which begin at 2130. In the parentheses are shown the names of the stadium, city and state. FM outlets appear on the original list, but are omitted here.

AGUILAS DEL ZULIA (Estadio Luis Aparicio "El Grande" en Maracaibo-Estado Zulia): 700 R. Popular, 870 R. Especial, 870 R. Lara, 970 R. Turismo, 970 R. Continente 970, 1300 R. Reloj (Emisora Matriz), 1440 R. Sucesos, 1450 R. Sonera 14.50. (Aguilas = Eagles)

CARDENALES DE LARA (Estadio de Barquisimeto en Barquisimeto-Estado Lara): 650 R. Araguaña 650, 730 R. Universo, 880 R.

Libertador, 1080 R. Barcelona, 1170 R. Acarigua, 1320 R. Colonial, 1350 R. Falcon, 1420 R. Cardenal, 1420 Super R. Marabina. (Cardenales = Cardinals)

CARIBES DEL ORIENTE (Estadio Alfonso "Chico" Carrasquel en Barcelona-Estado Anzoategui): 570 R. Rumbos 570, 670 R. Rumbos, 890 R. Oriente, 1180 R. Maturin, 1210 R. Anzoategui (Emisora Matriz), 1230 R. Valera, 1250 R. Puerto Ordaz, 1470 R. Vibración. (Caribes = the indigenous native Caribbean people, a name sort of like the Cleveland Indians)

LEONIS DEL CARACAS (Estadio Universitario de Caracas en Caracas-Distrito Federal): 550 YVKE Mundial (Emisora Matriz), 760 Mundial Primera, 880 Mundial 8.80, 960 Mundial 960, 970 Mundial Oriental, 990 Mundial Tricolor, 1010 Mundial Bolívar, 1020 Mundial Margarita, 1070 Mundial Zulia, 1080 Mundial 1080, 1150 Mundial Caribe, 1220 Mundial Valencia. (Leones = Lions)

NAVEGANTES DEL MAGALLANES (Estadio Jose Bernardo Perez en Valencia-Estado Carabobo): 610 R. Centro, 640 Ondas Portefías, 840 Union R. 840, 920 R. San Carlos, 1000 R. Mil, 1090 R. Exitos 1090, 1120 R. República, 1190 R. Canaima, 1220 R. Aeropuerto, 1350 R. Guanipa, 1370 R. La Pascua, 1380 R. Fantasia, 1470 R. Latina (Emisora Matriz). (Navegantes = Navigators)

PETROLEROS DE CABIMAS (Estadio Victor Davalillo en Cabimas-Estado Zulia): 540 Mundial Perija, 580 LV de la Fé, 620 R. Barquisimeto, 660 R. Anaco, 760 Doble Q 760, 820 R. Altura, 920 R. Nuevo Esparta, 930 R. Maracay, 960 R. Monagas, 1250 R. Cabimas (Emisora Matriz), 1280 R. Zaraza, 1490 R. Dinámica 14.90, 1550 R. Ojeda. (Petroleros = Oilers)

TIBURONES DE LA GUAIRA (Estadio Universitario de Caracas en Caracas-Distrito Federal): 560 R. Nacional, 630 R. Nacional (Emisora Matriz), 660 Ondas de Los Medanos, 730 R. Frontera, 770 R. Nacional, 790 R. Nacional, 860 Z-86 R. Curum (Willemstad, CURACAO), 1130 R. Ideal, 1280 R. Trujillo, 1310 R. Nacional, 1370 R. Portuguesa, 1500 R. Nacional. (Tiburón = Shark)

TIGRES DE ARAGUA (Estadio Jose Perez Colmenares en Maracay-Estado Aragua): 720 R. Felicidad, 740 R. Maracaibo, 850 R. RV 850, 1010 R. ARAGUA (Emisora Matriz), 1120 Radiodifusora del

Sur, 1410 R. Turen, 1440 R. Super Suave Orituco, 1450 R. Cachamay, 1520 R. Bonita "La Guapa", 1590 R. Deporte. (Tigres = Tigers)

The list was compiled by Jairo E. Salazar R. [The *Radio News* (Venezuela), 11/92, reprinted in *Play-DX* #720].

The list shows that the "R. Nacional" and "RN" unID that I heard during a besbol game in November on 660 was Ondas de Los Médanos. I have also heard "Los Caribes" on R. Anzoategui 1210, which is in accordance with the list. [JR-NY]

HARMONICS

2060 ECUADOR R. Francisco de Orellana (2 x 1030) 12/30 0128-0157 - With tropical music announcements. IDs at 0140, 0152. Sign off announcements, anthem at 0154. Anthem ended at 0155, but carrier still on until at least 0208. Fair. Also heard weakly several other evenings, but not in mornings. This was heard several times in Dec/Jan two and three years ago, but not last year. Could be intentional. [DHM-IA]

2100 GUATEMALA LV de los Cuchumatanes (2 x 1050), 12/29 1102-1215 - Apparent 1100 sign on. Mix of marimba, tropical and ranchera music. Religious program 1145-1200, then more music, ID at 1212. Fiar. Heard several other mornings, sometimes at good level and 0042 on 12/30. [DHM-IA]

3020 ECUADOR UNID, 12/30 1114-1129 fade - With Ecuadorian-style Andean music, good morning

announcements. Poor. Presumably a 2 x 1510 harmonic. This morning only. [DHM-IA]

G. HARLEY DELEURER - P O BOX 10 - HENDRICKS, WV 26271-0010
 +++++ My mother and brother took 3 of our kids to Rehoboth Beach, DE and as such, I am reminded that it has been a while since I last sent in a report to MUSINGS, please forgive me. I have been doing a wee bit of DXing and I have noticed an interesting phenomena. When it's foggy in the early morning, I can hear stations from quite a distance. It can be 9-10AM and the Canadian stations will still roll in. Amongst those heard recently was CHRL-910, and reception has been confirmed. Some stations are still sending out QSL cards, amongst those recently received were KKOB-770 & CJSL-1280. Now, a question or two, what is WWCA's location? I suspect E Chicago but what does that mean? It was in Gary and it didn't move. If I hear WWCA now, do I count it as a new station? Where can I get a list of the weather stations operating on 162.40, 162.475 & 162.55 mhz? Does anyone have an address for ZLS-526 of the Bahamas? Thank you kindly.

DICK TRUAX - 3018 GUS EMMETT TRAIL - SELLERSBURG, TN 47172
 ===== Hello from the Hoosier State after a long absence. I have been in IN for over a year already and finally have just about everything settled. Equipment here is an HQ180AX with a 2 1/2 unamplified box loop. Also have a Radio West ferrite loop used to phase against my box loop. And the latest addition to my shack is a MWDX4 phasing unit built from one of MARK CONNELLY's excellent articles. This unit along with the 2 120' wires at 90 degree angles really have opened a new chapter in my somewhat inactive BCB DX activity. If you have the space and ability, I urge you to give it a try. I can null ALL my locals completely and can hear at least 2 other stations at night. Indeed, I can actually log stations at noon on several of my local stations channels. Other receivers used on an irregular basis here include a R390A, HQ150 and a HQ120, as old as I am and still works perfectly. Several of us meet regularly on 3840khz on Sun. or Wed. evening around 9PM EST. Join us if you can or listen in for possible late breaking CPC info too late to make it into the pages of DX NEWS. We have also been up on MM's DXing for CPC tests and comparing notes on what is being heard over the radio, a most interesting approach to BCB DXing. Most of my recent catches have been sent to DDXX but I can't resist mentioning 2 recent loggings: 1/10 WBHY-840 s/off at 6:15PM then KWDF-840 s/off at 6:30PM. Both are religious stations and KWDF has been heard every night since. I'm still trying for WHGH-840 and maybe they'll make it in Feb. when s/off times are later in the early part of the month. Oh yes, I live 10 miles N of downtown Louisville and 18 miles from 50Kw WHAS-840!!! My 2 1/2 loop has developed a near perfect null on WHAS and I'm taking advantage of it before something changes. Looking forward to this Labor Day and hope to see many old and new friends at the NRC convention. More as it happens.

ROCKY STONE - HCR1 BOX 407 - HOLLISTER, MO 65672-9718
 - - - - - Howdy from the neighborhood of the New Country Music Capital of the Universe, Branson, MO. It's been eons since the last MUSE under my legal moniker, CONRAD R. DUROCHER, so a reintro is entirely in order. I joined the NRC in 1977 at the time living near Boston, MA, using an NC88 and a 200' LW. In 1978, I joined the Mickey Gilley band as a guitarist (hence the stage name) and made the move to Houston, TX. During a round-the-world USO tour in 1985, I acquired an R2000 through the Army PX catalog for \$350! By this time, the AM DX shack consisted of an 840' LW running into Galveston Bay, pulling in everything the Caribbean had to offer. In 1988, Gilley purchased a theater here in this music boom-town and I left TX to become a mid-westerner. The season normally ran from April to October (stretching now from March-November) and I had been migrating to Nashville in the off months. This is my 1st stab at staying here year 'round. The shack now consists of the R2000, a Sony 6500 portable, 2 TRF65's, a SM1 (courtesy of JOHN CALARMAN) and a 100' LW running toward the lake. Except for a bad buzz around 800 that the power company & I are trying to track down, it's proven to be another choice DX location, as you'll see in upcoming Digest reports. When not DXing, I can be found songwriting in the 8 track home studio or writing a book about my 15 years with Mickey Gilley on an IBM PS/1 computer. So, if your wives and girlfriends have been bugging you to visit Branson, feel free to look me up and I'll give you a guided tour and maybe some free tix. Oh yeah, though he may not remember, MARK CONNELLY and I go back a long way when we used to converse on 75 & 10 meters back in 1968 when I was K1JPZ. In the meantime, y'all have a great DX season! (Welcome back, Rocky, do check in often!-DWS)

DON MOORE - 11434 140th STREET - DAVENPORT, IA 52804-9538
 ***** As I mentioned in my intro MUSE recently, I used to live in Honduras.

However, I'm not the name Don Moore that signed JIM RENFREW's verie as he mentioned at the beginning of his column a few weeks ago. I assume he was referring to the Don Moore at Radio Luz y Vida 1600/3250 in San Luis. I'm still confused with him sometimes in DX circles and was confused with him a lot when I lived in Honduras. In fact, I sometimes got his mail! I lived in the departmental capital of Santa Barbara and San Luis is a small town in the same department. All the mail for the small towns came through the Santa Barbara post office, so sometimes the mail clerks would just glance at the name and put his mail in my box instead of in the bag for San Luis. Of course, I always gave it back to the PO to send on. Despite 2 attempts, I never met the other Don Moore. While on a visit to San Luis, I did get to met 2 American nurses who worked in the mission there and got a tour of the station. I was amazed at the house they lived in, a huge double ranch with a covered patio in the middle. , the Moores lived on one side and the nurses on the other. (The other) Don Moore is a member of the Missionary Aviation Fellowship and there is a landing strip beside the station. I did, by the way, serve as volunteer signer at La Voz del Junco-6075 khz, the station was only on the air during part of my time in Santa Barbara. I verified about 20 reports from the US, Canada, Japan & Guatemala. So, there are a few DXers who have 2 Honduran veries signed by Don Moore but DIFFERENT Don Moore's!

BRUCE REYNOLDS - 1617 CORTE DE MEDEA - SAN JOSE, CA 95124
 ////////////// Working at home during the semester break has enabled me to keep an ear on post-sunrise and pre-sunset DX. This past week brought some interesting conditions, especially on 1/12. That morning, KWNA-1400 was heard solidly in the null of KBLX as late as 9:15AM. KSOP-1370 was in after 10AM. In the afternoon, I sat on 1340, my best graveyard, and was well rewarded. Oft-heard KANR and newie KACH (Cash Country) were in from 3:30-3:45PM. KACH was #400 taped. Then 4:07-4:25PM I was getting bits of a rock oldies station with the slogan "Q-AM". I heard a spot with a tag for a business in 'Grand Junction & Aspen' so I assume this was KQIL. Can any member in CO confirm this format/slogan? According to my map, KACH is about 650 miles away and KQIL around 730. The former was 1st heard about 1 1/2 hours before local sunset here, the later about 1 hour before. On 1/14 KANR was in 2 hours before local sunset but no sign of the others, also at 4:33PM, I was surprised to hear KGAK-1330 just before power change. Heard again on 1/15 but less clearly. Also, on 1/15, KUKI-1400 was added at 7AM with CBS news and WBBM-780 startled me by joining KAYM in the null of KROW at 9:45PM. I never expected to hear them with KROW on since both are in the same direction. It was especially surprising since there was no other signs of a good opening to the midwest that night. 1/18: neither DX TEST was heard but KIXT-1400 was added at 7AM, KTOX-1340 ('Kay-Tox') at 4:36PM and XEAA-1340 (my 1st foreign graveyard) at 4:58PM. Nice v/1 in from my tentative report to KBBR-1340. On the format front: KJDJ-1030 has apparently dropped their news/talk format, noted in Spanish on 1/16. KSUR-700 continues to play back-to-back CW. No ads, but various promos for "KQKE, the Quake". I've heard nothing close to a legal ID and since they are triplecasting with 99.5 & 99.9 (Double 99), the call situation remains a mystery. The latest Arbitron ratings for the San Jose market show 3 San Francisco AMs in the top 10, the rest are S Bay FMs. KGO-810 is the runaway #1, KCBS-740 is #3 and KNBR-680 is #6. 73

ERNE WESOLOWSKI - 13312 WESTWOOD LANE - OMAHA, NE 68144-3543
 ::::::::::::::: The Fremont, NE DXpedition on 1/23 was a success with 10 DXers attending. We arrived around 11AM, ate lunch and setup receivers and antennas. We had a 500' LW running to the NW and 2 200'ers running to the SE. Others used loops. We were on a 150' bluff overlooking the Platte River. During the 18 hours, I heard 38 states/provinces. Only 3 stations from CA were logged, KFI, KNX & KNBR. The surprise was from CFAX-1070 at 11PM under KFDI. Other goodies logged include CJWW-750 at 2:13AM, CKOM-650 & CILW-830 with CW music, took 4 hours to ID! CILW is a change from 1230. In trying for a state count, I couldn't get WBZ-1030 due to KTWO running non-directional past sunset. I called the station, talked to the operator, asked her to contact the engineer. After an hour, KTWO went directional. Nobody cares anymore! Tonight, 1/29, I notice them non directional again! As a \$50 prize, nobody got Alaska! A few DXed SW and one DXed LW. We signed up for the same weekend next year. DX TESTS were not tried here. Now planning for MN DXpedition on 2/13. In March, STEVE FRANCIS will join me on a trip to Greenville, SC VOA and to CNN in Atlanta plus FL again. 73

KERMIT GEARY - 1266 RIVERVIEW DRIVE - WALNUTPORT, PA 18088
 ----- Greetings to our DX family and to my fellow Hollow State members in particular. I have been a Hollow-Stater since the winter of 1925/26 and still hit the dials almost daily. Lately, my DXing has been hampered by an AC hum problem in the HQ180, my primary receiver. However, with the kind help of fellow NRC'ers JOHN SHEEHY, JACK WOODS and our editor DAVE SCHMIDT, I believe that my problem will be solved by replacing the electrolytic filter capacitor (the part is on order from Antique Electronic Supply). It seems to me that an enterprising technician could easily pick up a few extra pennies by offering a repair/reconditioning service for tube radios. In the meantime, I have been relying on a Collins R389/URR which only tunes to 1510khz, and my 1935 National "HRO" for reception beyond 1510khz. The R389/URR has 36 tubes and you can see the house lights dim

slightly when it is turned on! My electric bill has been up \$800 for each of the past 2 months! I'm thankful for its service, nevertheless, because it has produced some interesting catches. The DX TESTS from needed KWCK-1300 and unneeded WMAM-570 & WNTK-1020 were logged, WMAM was 1st verified on 8/28/47, sent a letter, card and 2 coverage maps, while WNTK sent a letter, map and card. KWCK is still to be heard from. Since Sept., WMRE-1190, WSCR-820, WUFL-1030, WWOK-1280, WKKE-1080, WNNK-1400, WYCK-1340, WPMR-960 & WYBG-1050 have been logged and verified. My present totals are 6969 heard with 6171 verified. Other recent loggings include W0NZ-1580, WWWV-1130, WWRX-1120, WJ0X-690, WGLE-960, WMRV-1430, WVKZ-1240, WLWV-960 & WZMC-860, none of which have replied. Also, W0GZ-1530 was logged with a strong signal on 1/18 5-5:07PM. After weeks of trying, W1F1-1460 was logged twice on 1/13 6:24-6:40AM on 500 watt PSRA and 7:20-7:38AM on full 5000 watts day power, no verie yet. On 1/17, 3 stations were heard alternately in the null of local WEST-1400, namely WNNK, WXBX & CKCB, WDNV also put in one appearance. By luck, I was able to tape a fine CKBB/CKCB ID at 7PM. This is the first time this station was heard here since they put on a DX program on 11/22/65 when they were verified. The new WWJZ-640 was heard as far back as 10/16 and no verie was received from CE Mike Mathieu with whom I talked when I called for an address (Box 81, Mount Holly, NJ 08060). My visit to the station on 1/26 resulted in a nice v/l and CM, a tour of the station, and a 1 3/4 hour talk about radio programming, infantile station managers and the general moral decline with genial manager John S.J. Farina. The station is located behind the CRamer Farm on North Pemberton Rd, and broadcasts from new, utilitarian studios in a converted cattle barn into a 4 tower array that protects WSRQ-620 & WIP-610. The 50kw transmitter is currently operating at 33000 watts, night operation is from a separate 1000 watt transmitter. While the 'WJZ'-era music appeals to listeners like myself, advertisers as yet are very few, but someone has to pay the operating expenses which include the staff and a \$6,000/month electric bill. Sister station WMV1-1160 is in Chapter 11. Nevertheless, WWJZ was the only radio station in the Philadelphia area to send a reporter to Somalia. I met him during my visit and the plan is to send him back again. In other news, local WAEB-790 has for some time now been hyping their increased power, so the CP is in operation. 73 & Good DX to all!

MIKE SANBURN - P O BOX 1256 - BELLFLOWER, CA 90707

{}{}{}{}{}{} Hello. I'll start off by answering BILL HALE's question from the 1/18 DX NEWS DDXD column, Yes, KJQI-540 was simulcasting KKG0-105.1 in their later days. They have now changed calls to KOJY and are still simulcasting KKG0. KJQI had dropped their separate EZL format sometime earlier in 92. I believe the KJQI calls will now go to 1260 in San Fernando, CA. The 540 station was formerly KKJZ, KKG0-AM, and KSHO. It seems their playing musical calls because of the age old problem of poor ratings. While the city of license is now Costa Mesa (Orange County), I believe their transmitter are still in Hesperia. The CM shows a wild pattern aimed NE/SW. At least I can null them out at night good enough to hear CBK, XEWA & the KNAK-TEST on 1/4. I'm glad to learn that KHIL-1250 has returned to the air, recently heard u/KTMS/KTIM, now if I can only get them to verify! AZ stations are being logged left and right here, with recent loggings of KTZR, KYET, KQTL & the KCKY-TEST, bringing my state total to 72. I have a spec sheet for the new FRG-100 receiver, send a SASE for a copy. 73 & excellent DX!

SHAWN AXELROD - 30 BECONTREE BAY - WINNIPEG, MB R2N 2X9

----- Well, the year started off rather well for me and fellow DXer WAYNE MCRAE. First off, there was the DX TEST from NH on 1020 that came through for a new state. On the 1/16 weekend, we drove out to Larry Shechuk's house in 7 Sisters Falls, MB for a loop-a-thon (new DX word?). I had my 4' passive loop, Larry had his 3' passive loop and Wayne has his 3' amplified loop and his new Quantum loop. Sunrise was a bust as was sunset. But at 10PM, the band opened up to Cuba & Columbia for about 2 1/2 hours. All this but only below 800khz. No sign of any Mexicans, even on 900 & 540 which are big pests here. We ended up with one new Cuban and 4 new Columbians, some of which were on adjacent frequencies to Winnipeg locals. Being 60 miles out of town made for great DX. One small mystery on 1024.5 khz in the form of a Spanish station looped S. Larry has gotten this UNID several times but has never gotten an ID yet. A trip to Valhalla is planned for Feb. if the temperatures improve, to much wind/cold to go out there. 73

ERNEST COOPER - 5 ANTHONY STREET - PROVINCETOWN, MA 02657

+++++ It was good to see some MUSINGS reports in the 1/25 issue in which the members listed their DXings, just like the good old days when many more members did just that! So nice going, DAVE BRAUN, STEVE BIRO & BOB HARRISON (And lets not forget BRUCE REYNOLDS, who has been sending in some nice reports-DWS). Dave, your 1250 with oldies almost has to be WMTR. To JEFF KITZE: WLKW does not carry Larry King, they're all NOS. And to LAURA MCCUSKER, WYKM-1250 signs on with God Bless America, according to a notation I've made in my NRC log. Our 2nd heavy windstorm of the season, around Christmastime, blew the lead-in wire off of the FM antenna on the roof but that has now been repaired at a cost of \$49. I received a card from Bermuda, verifying 3 frequencies, 1160, 1280 & 1450. 1450 was an old follow-up and 1160 was a more official verie for that outlet as my prior one came not from the station but from the HQ of the Bible Broadcasting Network, primarily an FM group. Also a v/l-CM from WODE-1230. Their CM was for "their pro-

jected coeverage with 250 watts and dated 1951! That was back when WEEEX was about to come on the air. They've since changed their calls to WODE AM&FM. WEEEX got the use of 1230 at the expense of WHOL-1230 Allentown in a battle over which should serve that area. WHOL was then granted 500 watts daytime on 1600. Verie total is now 4420. DX: 1/9 out of the blue surged the words 'WODE Oldies 99, the Lehigh Valley's oldies station' and then they promptly slipped back into the pack. This at 2:14AM on 1230. A bit later, found unneeded WCDD-1440 giving WBSM a battle so that area of PA was strong this morning. 1/10 a report to WCZN-1590, battling semi-local WARV at twilight. (Let me know if you get a reply, Ernie, or if you don't, I'm doing work for them again-DWS). This prior to antenna/power switch time. 1/18 with my local W0MR-91.9 off the air, I was home instead of broadcasting and I found WLUP-1000 booming in even before our official sunset so, with fingers crossed, I sent them another report - and it's mighty hard typing with one's fingers crossed! At the same time, I took a log on W1NF, also reported. I'd been hoping to log WRNJ, but no sign of them ever up here. Another report off to WWRX-1110, my 3rd. I don't have much luck with those Rhode Islanders, for some reason. 1/27 on 1550, 2 weak signals, as I tried for W0MH. One turned out to be WTYR for a report, the other, with a telephone talk show went UNID, it sounded to be like W0MH's programming but they've been listed a silent. I'll keep trying to find out who this. Forward - March!

DAVE SCHMIDT - P O BOX 11502 - WILMINGTON, DE 19850

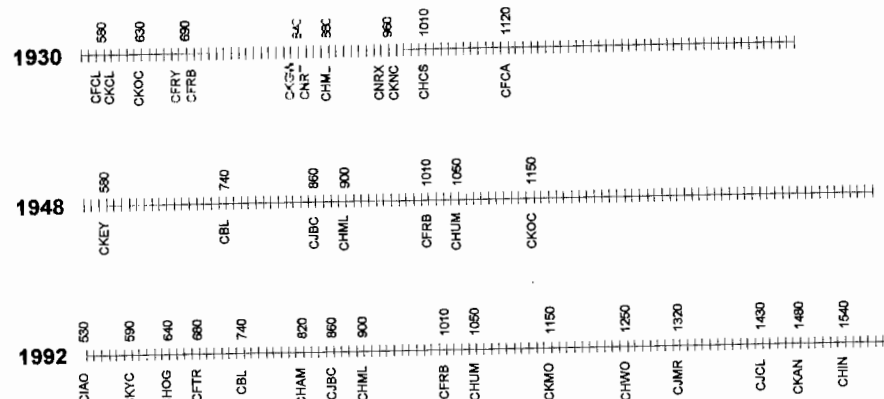

Another nice column again this week. I've been running all over South Jersey lately doing signal measurements on WMV 1270, we've been running some non-DA tents of late. Programming is all Spanish, except for a local church service on Sunday AM, and it is making money! Larry King is now on daytime, 3-6PM Eastern, and they are tooting their horn on having 311 stations from the start. It is repeated from 6-9PM, also. The DX TEST from WARV-1590 made it here on 1/25, mostly atop. And that is it, CUN7! 73

The DX'er's songbook, Page 29: "How much is that Hammerland in the Window" as sung by Hal E. Knutson and his National Marching band featuring vocals by the 3TF7's!

From the pages of *DX News*:

50 years ago ... from the Feb. 20, 1943 *DXN*: Dick Cooper, Kittanning, PA heard KTKC-940, Visalia, CA sign off at 2 am, followed by reception of Algiers-941; but Bud Kopp, Rockford, IL reported not much early-morning DX because his listening post is so cold that frost freezes on the nail heads in the shack.

25 years ago ... from the February 17, 1968 *DXN*: Bruce Reynold, MO logged LR3-950 R. Belgrano, Argentina at 0410 on Feb. 7; IDXD editor Gordon P. Nelson termed it the best bet for this country on the east coast.

10 years ago ... from the February 21, 1983 *DXN*: John Clements' state-city index was offered for \$3.50 as a supplement to the *Domestic Log*.
