From the Executive Board... As we approach the '93 NRC convention time in Enfield, members need to be thinking about the '94 convention. If you would be interested in hosting next year's convention, you might be prepared to make a presentation at the business meeting, or at least contact NRC Executive Board chairman Ken Chatterton with a firm bid including complete details, such as room and meal prices and proposed activities.

From the Publisher... Congratulations to NRC member Relfe Lutton and his bride of 50 years, who will be celebrating that milestone September 5 in Elizabeth City, NC (does that mean we won't see you two in Enfield the same weekend?).

More memories from 1943 ... Ken Chatterton recently received a note from Paul Kary, an NRC member who now lives in England and uses his full name of Karagianis. He mentioned that he attended the 1943 convention in Kittanning, PA when he was living in Johnstown and wonders if anyone who was a member then still remembers him. Contact Ken for his current address if you'd like to correspond with Paul.

ANARC... Congratulations to the recent winners of the 1993 North American DX Championship winners: 1st, Ed Wlodarski of Andover, NJ; 2nd, Anthony Scott Helm, Kansas City, KS; 3rd, Joe DiLeo, Waterbury, CT; and hollow state category winner R. Charles Rippel, Virginia Beach, VA. These were shortwave contests promoted by ANARC in conjunction with contests sponsored by the European DX Council and the South Pacific Association of Radio Clubs. If anyone is interested in organizing an MW contest along the same lines for next year, please contact Paul Swearingen, NRC ANARC rep. (address on back).

DXChange... Roger Giannini - 121 North Park - Springfield, IL 62702, (217) 793-8275 11pm-1am Sun-Thurs is looking for a Kenwood R600 and a Magnavox D2999, both in mint condition ... Paul (Mr. Coffee) Swearingen is interested in coffee mugs sporting radio station logos and will buy, trade, or bid freely at auctions. Will consider mugs with TV and FM logos and other containers and could trade cameras for collections. Would also trade cameras for good-quality portable receivers, such as a Sony ICF-5900W or ICF-6500W.

Welcome to these new members... Frank Aden, Boise, ID (rejoins); F. Thomas, Deerfield, IL; Thomas

Panther Jr., Powder Springs, GA; John J. Schon KB2LAV, Carteret, NJ; Dave Hardy, Lafayette, CO; Michael Gaston KA2ARG, Somerville, NJ; Paul H. Kwiatkowski, Belchertown, MA; and G. Lake DeLoach II, Starkville, MS. We'll mail about 701 copies of DXN this issue ... but unfortunately not to two members who moved and did not provide a forwarding address!

DX Time Machine

From the pages of DX News:

50 years ago ... from the August 14, 1943 DXN: The FCC had granted a license to Baylor University, Corpus Christi, TX, to operate the former border station, XEAW-1010, with 50 kW, daytime only.

25 years ago ... from the July 6, 1968 DXN: Mike Silvera, Jamaica reported regular reception from powerful deep South Americans such as CP34-680, LU9-670, CX16-850, LV7-900, PRG2-1040, PRA3-860, and LR3-950, but Mike Bugaj in Iceland reported May conditions as "horrible", although some Brazilians were in.

10 years ago ... from the July 18, 1983 DXN: KYST, Houston inaugurated the first all-Beatle format in May ... winners of the NRC yearly contest (conducted by Rich Levin) included Robert Kramer, Chicago, IL; Don Lynch, Wilbraham, MA; Ray Barno, Portage, PA; Tom Connatser, Sevierville, TN; Frank Wheeler, Erie, PA; Nancy Hardy, Aberdeen, WA; Steve Sprague, Coffeyville, KS; John Malicky, Pittsburgh, PA; and Bill Hardy, Aberdeen, WA.

*Notes on calls:

WRNL change to WRVH reflects the recent purchase of this station by WRVA-1140 as a duopoly and taking a cue from the WLW/WLWA duo the 910 facility will be called "910-WRVA" on the air except for the legal hourly ID. The "new" station on 1230 takes over the frequency left empty when WBOW moved to 640 kHz. Despite what you may have read here and elsewhere and heard on the air at KKPC, this IS the correct new call for KDZA, this info directly from the station manager, may call itself "KPCC" to match up with Pueblo Community College but **KKPC** is the licensed call, thanks to Wayne Heinen who did the legwork on tracking this down. New call on 1400 in Buffalo is WWWS. Was listed by both the FCC and MSJ as WWWF and we reported it that way. Your editor monitored the station while in Buffalo and saw print advertising for the station, it is "S" as in WWWS to match their business format.

APPLICATIONS FROM EXISTING FACILITIES

670 KMVP CO Commerce City:	day power to 5000 watts
1470 WRBD FL Pompano Beach:	day power to 50000 watts
1580 WCCF FL Punta Gorda:	night power to 350 watts

GRANTS TO EXISTING FACILITIES

540 KOJY CA Costa Mesa:	night power to 240 watts, still U7
590 KAGQ WA Spokane:	relocate transmitter site
710 WTPR TN Paris:	relocate transmitter site
850 KCTQ CA Thousand Oaks:	powers to 25000/1000 U4
1040 KURS CA San Diego:	powers to 370/470 U1
1060 KKVV NV Las Vegas:	add 43 watts nights, antenna to U1

OTHERNESS

560 KVOK AK	Kodiak: silent station is ON THE AIR after move to new transmitter site
730 WBBI AL	Madison: silent station is ON THE AIR
790 WPIQ GA	Brunswick: silent as WHJX, is now ON THE AIR
1120 WBNM GA	Gordon: silent station is ON THE AIR
1150 CFOT ON	Sarnia: this 20 watt LPRT ceased to exist over two years ago, scratch if from your Log
1160 WMLD GA	East Point: station license was cancelled and the call deleted in 1992 by the FCC but the licensee evidently was successful in appealing this decision and now the FCC shows WMLD is being granted an extension of time to build this new CP so I guess if you stretched this one out of your Log you might want to put it back in.
WMVI NY	Mechanicville: station is SILENT and assets will liquidated under Chapter 7 proceedings
1170 KOHO HI	Honolulu: station is SILENT
1190 WMAD WI	Sun Prairie: station had been reported to be back on the air but local monitoring several weeks ago indicates that this was either wrong information or they have gone SILENT once again
1230 WBFX IN	Terre Haute: new station is ON THE AIR, taking over frequency vacated when WBOW moved to 640 kHz, and it appears that this "new" station is owned by WBOW under the duopoly rules.
1260 KVSF NM	Santa Fe: station is SILENT but is expected to return later in the fall/winter following the completion of their studios, had been simulcasting KIOT (FM)
1280 WGTX FL	DeFuniak Springs: station is SILENT
1290 KOIL NE	Omaha: station went SILENT after a transmitter fire as noted last issue, they are expected to return soon as KKAR which will move programming here from 1180 kHz, no word yet on the fate of the 1180 facility, expect a call change here.
1340 WGAW MA	Gardner: station is SILENT but is expected to return and simulcast WSRO-1470
1420 KRSR OR	Coos Bay: silent station is ON THE AIR
1430 WVNZ TN	Germantown: station is SILENT
1440 WWZN FL	Winter Park: station is SILENT (ex-WPRD) but expected to return later this summer
1470 WBUL KY	Shepherdsville: station is SILENT. We normally would have not bothered to report this since this station has been on and off so many times in the past year or so but this time it has been noted off by local monitors for over two months so it may now be gone for awhile. Watch this space.
1490 WJRB FL	Bradenton: station is SILENT pending a sale
1510 KROB TX	Robstown: station is SILENT
1520 WTLN FA	Apopka: CP to move to 700 kHz is CANCELLED
WVOI OH	Toledo: several reliable monitors report that this station has been heard identifying as "WJCM, Jesus Christ Ministries" since sometime in May. We have not seen any call change listed for WVOI and as far as we can determine WJCM is still assigned to the 960 station in Sebring, FL. Can somebody in that area monitor WVOI at the hourly legal ID and see what they are saying, likewise for any member who can hear 960 in Sebring.

Changes in programming status; reported by listeners

Time for the sweltering summer format changes. As we sweat here in the metro New York area, so do program directors and general managers as they view their numbers and scheme on how to build audiences with.....are you ready for this? Little WLIR-1300, Spring Valley, NY, is now "America's first and the New York area's only all Jewish radio station!" During drive times, Yiddish music fills the air waves, and on weekends adult standards and information for Rockland County's very substantial conservative and orthodox Jewish populations. A good business decision, indeed! Unfortunately the 500 watt signal goes away from the city toward the Catskills, and can barely be heard in parts of Westchester County and the city. Studios are in Nanuet, and a three tower array is off Route 59 in the same town.

And WZRC-1480, New York City, has gone to automated, satellite fed country music, and is rumored to be augmenting this with Korean programming.....the latter is logical, although country music is not the entertainment of choice in Brooklyn, the Bronx, Queens, and Manhattan, where over 800,000 of the residents are Puerto Rican, the largest group of people living in this highly directional station's primary lobe. Ironically, years ago, this station was WJLP, Latin adult contemporary music for the Hispanic population.

And WKOX-1200, Framingham, MA airs its own country classics show on Saturdays, and carries a lot of suburban sports events...in addition to simulcasting WCLB-FM, Boston.

Jerry Starr writes that WUST-1120, Washington has dropped its Black Gospel format in favor of a mix of French, Ethiopian, Vietnamese, Chinese, Korean, Spanish, Nigerian, etc.

MEDIUM WAVE RAMBLINGS

- Thanks to **Shawn Axelrod** and **Wayne McRae**, we have a sampling of what was being DXed at the IRCA Convention at Billings. From what I've heard, a good turnout enjoyed a great gathering hosted by **John Johnson**. Now to make your plans for **Enfield**!
- The deadline for Issue 29 is August 7, and for Issue 30 it's September 4th.

SPECIAL

- 710 CHYR ON Leamington - Is now U1 5000 5000**, after dismantling all but one tower. They will remain on for one week after the FM (96.7) comes on, which is scheduled for August 7th. This is a good chance for DXers south of Leamington to bag CHYR-710 before another chapter in radio history is closed. (REH-ON)
- 800 CKLW ON Windsor - Is now IDing as Windsor's Information Station** and is programming more Windsor personalities, as opposed to American as they had previously. They also carry **Blue Jays** baseball and **The Sports Final**. (REH-ON)
- 950 KKIC ID Boise - Has gone all-Spanish**. Slogan is **La Feira**. Music includes Mexican and some from South American countries. Schedule remains 0800-0200 ELT. Verie signer is **Pete Lopez**. [Ed.]
- 990 WCMF NY Rochester - 7/1 1858 - Good with clustered ads including a sale at Fiesta Fridays in Greece, NY, Nestles Ice Tea, a health club and cellular phones**. Call letter ID given by a woman, then → music by **Led Zeppelin**. Ex: **WRMM**. Confirms item in **6/28 AM Switch**. (MS-ON)
- 1310 KLIX ID Twin Falls - Bought by owners of KEZJ-1450**. 1450 has been shut down and their C&W days/talk nites format moved here. Address, phone and other particulars in the Log for the 1450 station are now here. [Ed.]
- 1450 KEZJ ID Twin Falls - Log for the air**. See KLIX-1310 above. No word yet as to whether they are turning in their license or selling to another party. [Ed.]

UNIDs and UNID HELP

- 640 UNID ?? - 7/4 0127 - Poor with discussion on baseball, mentioning San Diego Padres**. (TR-IL2) [I get to guess on this... WWLS Moore, OK, listed as sports format in NRC Log. Could have been on ARN or SEN nets - Ed.]
- 1360 KI?? ?? - 6/29 0755-0801 - With CNN Headlines news up to 0758, then undistinguishable local ads**. Hear **CNN Headline News on 1360 KI??** and into the service at :00. May have missed a **U** and it was **KUIK Hillsboro, OR**, but can't be sure. [Ed.-ID]

WICE 550 STEREO

TIS & OTHER STUFF

- 522 **INE MT** Missoula - 6/25 0625 - Noted weak, but steady. List says 521, but -2010 says 522. First-timer. Lotsa QRM. [Ed-ID]
- 530 **WNWM881 ND** West Fargo - 6/30 0100 - Excellent with TIS stuff for West Fargo. This is correct call and location. Good for 25 miles on caradio. (BFW-mobile)
- 1610 **TIS MT** Glasgow - 6/26 0011 - Good signal. Fort Peck Dam Recreation Area stuff. (BFW-MT)
- KOD714 ND** Medora - 6/24 1700 - Excellent signal. TIS for Theodore Roosevelt National Park. Also a warning to drivers to watch for deer, antelope and buffalo while driving on I-94!! Saw the first two, but no buffalo. (BFW-mobile with '92 Dodge radio)

NEWS AND VIEWS

A nice short one to stay within your attention span this month. Unbelievably hot and dry here for the last month. It would be nice to trade the upper midwest for some of their rain! Normal thunderstorms are continually tracking north or south of us, so we have had less than an inch of rain since Memorial Day! Conditions don't seem to be very good either, but have noticed some improvement since the July Fourth weekend.

Remainder of summer deadlines are August 7 and September 4.

SPECIAL

- 560 **WBEB** PA Philadelphia - 6/29 2200 - Noted with these new call letters. Still BFL format, still uses "Wish Stereo 560" slogan. Call letters mentioned only in legal ID at top of hour. (BH-NJ)
- 640 **WWJZ** NJ Mount Holly - 7/10 0843 - Not heard while scanning, first time noted off. No idea if this is silent or just a problem. (DB-DE)
- 1300 **WLIR** NY Spring Valley - 7/6 0720 - Noted on the air after a couple of weeks of silence with all Jewish programming. Mostly traditional, classical-type music. Local ads. DJ with "all Jewish, all the time" slogan. (BH-NJ)
- 1420 **WBSM** MA New Bedford - As of 7/1 are now residing at their new studio location along with WFHN-FM 107.1 at 22 Sconticut Neck Road, Fairhaven, MA 02719. (RA-MA)
- 1480 **WZRC?** NY New York - 7/7 0645-0715 - Noted on first day of Korean format. Middle-of-the-road popular music in Korean (including the "Chicken Dance"!). Instrumental SSB at 0700, followed by what was probably the Korean national anthem, then man and woman talking in Korean. Several mentions of "Radio Korea New York", but no call letters heard. Monitored again at 1700 and 1800, but again no call letters given (not in English anyway!). (BH-NJ)
- 1530 **WJDM** NJ Elizabeth - 7/5 0444 - Noted with open carrier; was on all night. I can't believe they're allowed to get away with this! (BH-NJ)

0000 to 0800 ELT

- 540 **WWCS** PA Canonsburg - 6/22 0030+ - Good in null of CJSB with classical music. First time heard after sunset. (BG-DC)
- 850 **CKVL** PQ Verdun - 6/23 0020+ - Very good, EE and FF oldies, several call letter IDs and many "Solid Gold" slogans. First time heard. (BG-DC)
- 1370 **WVMR** WV Frost - 7/5 0600 - Fair but on top with sign on including SSB. (DB-DE)

73, *Bill*

1600 TO 2400 ELT

- 690 **WPHE** PA Phoenixville - 7/5 2020-2030 - Even with WADS with religious music and talk in Spanish, then partial data sign off in English, followed by call letters in Spanish, then gone. First time for one of my closest unheards, made more difficult because it was battling WADS with similar Spanish religious program. (BH-NJ)
- 1360 **WNJC** NJ Washington Township - 6/21 2230+ - Good with NOS. (BG-DC) (Bob, WNJC is all country whenever I hear it. Maybe WHLP-MD? - db)
- WSAI** OH Cincinnati - 6/21 2247 - Briefly over WNJC with call letter ID. (BG-DC)
- 1460 **WWWG** NY Rochester - 7/1 2140 - Gospel preacher, "3WG, Rochester" ID at 2200, over several other stations. (DB-DE)
- 1470 **WTKO** NY Ithaca - 7/9 2022 - Poor but up for sung ID and into Bruce Williams' talk show. Usual WXXW has not been heard the past week or so. (DB-DE)

OTHER STUFF

- 530 **WPAM592** NJ Paramus - 6/29 1630 - Bergen County Police Highway Advisory Radio with information on NJ Route 17 overnight closing for highway overpass repair work. Noted on car radio while passing through area. (BH-NJ)
- 1650 **UNID??** 7/1 2130 - Christian Science Monitor shortwave broadcast noted on this frequency, weak but very clear. Possibly a spurious signal, but might be "USA Digital" test. Anyone know for sure? (BH-NJ)

International DX Digest

Foreign DX Catches. Times are UTC; for ELT, subtract 5 hrs.

Always nice to see lots of reports coming into IDXD, even during the summer months. Reception conditions are poor in my location, but domestic responsibilities seem to have killed off most DXing opportunities these days. Hopefully, you have the time and conditions to DX this summer!

Several DXers report reception of Radio Visión Cristiana 530 from the Turks and Caicos Islands. Go get'em.

Once again we have a nice review of Ray Moore's most recent TP receptions, and we'll begin with this.

TRANS-PACIFIC DX

- 774t **AUSTRALIA 3LO** 6/21 1030-1041 - Assumed here with weak but definite audio fading in and out. Man and occasional woman. Very pronounced 1 Hz SAH at times. [RM-FL]
- 1512 **UNID** 5/17 1035-1048 - Man, woman, music with vocal. 6/3 1019-1048 - man and woman speaking in quiet tones. 6/9 1021-1047 - Man and

Jim Renfrew
 61 Wilcox Street
 Rochester, NY 14607-3832

- woman speaking alternately as on 6/3. 6/18 1027-1042 - Best ever from this station, man and woman speaking in quiet tones as before with brief musical interludes. Sounds like a dramatization with woman narrator. 6/19 1023-1036 - Audio noted with music, male vocal across the half hour.
- 1548 **UNID** 5/29 1026-1031 - Man speaking then music with male vocal. 6/10 1023 - Man heard briefly. 6/17 1026-1040 - Man and woman in and out. 6/20 1023-1046 - Man sounded like describing low key sporting event (cricket?). [RM-FL]
- 1557 **UNID** 6/18 1028 - This frequency best ever with traces of audio. [RM-FL]
- 1566 **UNID** 6/16 1046 - Traces of audio, man noted at 1046. 5/28 bits of audio, man and woman 1022-1031. [RM-FL]

Ray Moore speaks: TP carriers and occasional audio continue to be heard almost daily here in the Keys. I'm amazed at their

consistency. Since the early spring dry spell ended on 4/22 I have heard anywhere from 2 to 31 carriers on 56 of 58 mornings, most mornings producing 10-20 carriers. Also have heard carriers on 8 new frequencies since my last report (1476, 1332, 1206, 1233, 1269, 945, 963, and 1314, making a total of 46 different frequencies on which I have heard carriers since September. The signals appear to be getting stronger as summer approaches and I have been able to get at least some audio on 12 occasions during the last month. As has been noted during past sunspot cycles, the TP signals are little affected by the A index since their path is far from the auroral zone. The above loggings are a summary of the audio which I have heard during the last month. LSR has been 1030-1035 during that period. Note that some of the receptions have been as much as 15 minutes after LSR.

TRANS-ATLANTIC DX

- 891 ALGERIA Algiers, 6/5 0337 - fair with Arabic violin music, chants. 6/18 0351 - fair to good with Arabic female vocal. 6/22 0409 - big S9+20 carrier, but audio poor because of slop & T-storm QRN. 6/29 0340 - Arabic chant / violins, good with WLS phased. [MC-MA]
- 1107 SPAIN 6/23 0440 - fair with woman in Spanish. [MC-MA]
- 1179 SPAIN 6/7 0355 - Spanish talk and music, poor with WHAM phased. [MC-MA]
- 1251 UNIDs 6/7 0431 - big het, two audios; badly slopped. Libya, Spain, and Portugal are all possible. [MC-MA]
- 1251t LIBYA 6/23 0437 - sounded like female Arabic vocal; in bad slop. [MC-MA]
- 1269 SPAIN 6/23 0436 - bits of Spanish talk by man. 7/3 0209 - Spanish talk and romantic music, battling second station which was likely the German. Slop was tough. [MC-MA]
- 1305 UNIDs 6/23 0434 - raucous growl of low-pitched hets. [MC-MA]
- 1349 MAURITANIA Nouakchott - (info.) - This is probably still here on 1349; Jean Burnell reports presence of the het at his QTH in NE. [MC-MA]
- 1359 SPAIN Arganda, 6/5 0332 - woman in Spanish, fair to good at a time when few other TA's were noted. 6/7 0413 - EXCELLENT with Spanish talk by two 2 men. 6/14 0246 - man & woman in Spanish. 6/22 0402 - news by man in Spanish [TA DX on longest day of the year]. 6/23 0424 - man & woman in Spanish - pinning 5-meter on R8! 7/3 0404 - excellent, blasting 1360 into the dirt. [MC-MA]

- 1375 ST. PIERRE ET MIQUELON 7/3 0403 - loud with woman in French; noted nightly even in summer. [MC-MA]
- 1413 SPAIN 6/23 0427 - Spanish talk atop others; strong, but mashed by slop. [MC-MA]
- 1422 UNIDs 7/3 0402 - Arabic (probably Algeria) mixing with others (likely Germany, Spain) in big jumble. [MC-MA]
- 1485 SPAIN 6/23 0429 - Graveyard-like pile with bits of Spanish talk surfacing. [MC-MA]
- 1521t SAUDI ARABIA 6/18 0233 - fat OC faded away before start of normal programming at 0300. [MC-MA]
- 1539 SPAIN 6/7 0422 - man in Spanish, fair with WPTR phased. [MC-MA]
- 1539 GERMANY/SPAIN 6/18 0232 - German talk atop Spanish; bad WPTR slop present. [MC-MA]
- 1575 SPAIN 6/23 0432 - man & woman in Spanish; good, atop others. 7/3 0355 - man in Spanish over probable German. [MC-MA]
- 1584 SPAIN 6/7 0418 - at EXCELLENT strength with Spanish talk by man; echo noted on audio. 6/22 0420 - Spanish talk, fair/choppy. 6/23 0430 - LOUD with echoey Spanish talk by man, fluttery SAH present. 7/3 0353 - good with Spanish; the R8 Sync. Detector smoothed out the bumpy fading and SAH's admirably. [MC-MA]
- 1593 GERMANY Langenberg, 6/14 0230 - choral music, man in German; to good peaks. 6/18 0228 - uptempo Alpine-style German male vocal, then woman in German; to good peaks (S9+20). [MC-MA]
- 1602 SPAIN 6/7 0419 - very good with man in Spanish // 1584. [MC-MA]

PAN-AMERICAN DX

- 526 BAHAMAS ZLS Stella Maris, 6/17 0211 - Beacon heard. [CCH*MA]
- 530 TURKS & CAICOS ISLANDS "WWRV", Radio Visión Cristiana, 6/24 2135-2200 - Spanish language religion program asking for callers, included callers from Puerto Rico, frequent mentions of Patterson NJ, ID at 2200 as "WWRV, New York, 1330", good. [DT-JAM] 7/3 0130 - Spanish call-in show, excellent strong signal at night. Heard in daytime also. Some QRM at times, coming from Beacon

ZLS-526 in Bahamas, only 4 kHz away. Very little fading, almost like listening to LW broadcast. Also heard testing 6/20 and 6/27 with several hours-length broadcast, then sign-off about 0330 Monday morning. [TR-SC]

- 780 YENEZUELA YVNM Coro, 5/23 0050-0103 - LA music, ID as R. Coro, fair, no interference. [DT-JAM]
- 860 DOMINICAN REPUBLIC HILR 5/25 0240-0330 - Popular LA music, ID at 0330 as "Santo Domingo, R. Clarín, Dominique" poor under WGUL. [DT-JAM]
- 930 BELIZE Radio 1, Corozal, 5/27 0200-0215 - OLD, news, European Journal, fair, under R. Relej. [DT-JAM] (I've not seen this reported before, glad to see this log - Jim)
- 1000 US VIRGIN ISLANDS WVWI, St. Thomas, 5/28 0820-0835 - Open Phone America, local ad for VI furniture, Lockhart Gardens, ID as "Radio One, WVWI, St. Thomas, Virgin Islands", fair, no interference. [DT-JAM]
- 1010 COLOMBIA Barranquilla 5/28 0838-0900 - LA and ranchera music, ID between numbers was "La Hora, Radio Relej", fair, no interference. [DT-JAM]
- 1070 CUBA CMMI, Guantánamo, 5/30 0845-0900 - Carrier at 0845, 0853 "Moon River", Cuban National Anthem, sign on mentioned Guantánamo, man and woman laughing. Spoiled chance to positively identify WIBC and WAPI. [DT-JAM]
- 1100 ANTIGUA ZDK St. John's 5/31 0850-0909 - Soca music to 0900, GOS after 0900. ID as "It's ... on Food Bag (?), Magic Radio", fair, no interference. [DT-JAM]
- 1120 DOMINICAN REPUBLIC UNID 5/31 2342-2400 - LA music, mentioned Santo Domingo, ID at 2400 as "Santo Domingo - Metro" No Santo Domingo on this frequency, but there is a Santo Domingo in Ecuador (but relays Quito). Any ideas? [DT-JAM]
- 1130 UNID 5/31 0105-0130 - Lively LA music, Mexico frequently mentioned in ID at 0130 as "Radio Éxitos". 1992

WRTH lists this as R. Éxitos, Comosillas, Mexico in the back section, but not listed in the Mexican section. Any ideas? [DT-JAM] (1993 WRTH shows the same discrepancy. R. Éxitos ("Radio Sports") could be an alternative slogan used to describe sports coverage on any station or network in Latin America. Keep trying! - Jim) (Radio Éxitos would translate to "Hi Radio", rather than sports, I think. Tim Hall's list shows XELUP, Compostela as the only R. Éxitos on 1130. -pls)

- 1375 ST. PIERRE ET MIQUELON RFO St. Pierre, 6/17 0215 - French heard through heavy hash. [CCH*MA]
- 1389.7a UNID 6/14 0225 - loud 300 Hz het against low side of WPLM, WFBL et al on 1390.0; possibilities - YV, HJ, Cuban, or a wayward domestic. [MC-MA]
- 1555 CAYMAN ISLANDS 6/14 0234 - gospel - influenced pop/soul; poor to fair in WQEW - 1560 splash. [MC-MA]
- 1570 MEXICO XERV, Villa Acuña, 6/22 0228-0300 - Ranchera (accordion) music, ID as "Radio ???", Villa Acuña, Mexico", fair with no interference. [DT-JAM]
- 1610 ANGUILLA Carribean Beacon, 6/17 0216 - French program heard. [CCH*MA] (I have not heard this one in French before - Jim)

TRANS-ATLANTIC DX

- 891t ALGERIA Algiers, 6/10 0057 - Weak het. Heard on both receivers. I am in a rut. [CCH*MA] (meaning that he hears this a lot, but no ID yet! - Jim)

More and more tropes...where's the skip? Sorry I missed the skip on May 13, my antenna was hooked up two days later, so I hope I can get the next skip opening. I also have a local Part 15 FM station on 107.1 ("KXLW", which I own), which only gets out about 1/4 mile. Two blocks from my QTH, I could hear KKFA-106.9 on my car radio. I hope to work some skip on 2 M this summer.

First skip of the season came through, getting down east of Mexico City, and the second getting into central and south Florida. Even noted WFLA-93.3 on the car radio doing their usual dance/CHR thing - do they still call themselves "The Power Pig"? [Last I knew,

they were WFLZ. Is this a CL change? - mrrh] The skip died down about 1940 CDT, with 93.3 having nothing but WJLL, and 93.1 dominated by KBDZ. WEDU-3 Tampa, WSAV-3 Savannah, and WCPX-6 Orlando were in on TV. St Louis DX'ers should be able to use channel 3 stns as good barometers for where the skip is going. [Eric went on to demonstrate this by listing 7 examples...mrrh] Tune your TV to the lowest open VHF channel, and find out where the skip is going. 73, NOUIH

[Eric brought up a good point. DX'ers may also try low band scanners (30-50 MHz) to check skip conditions. 10 meters and 6 meters (ham bands) are loaded with beacons allowing for easy direction finding for skip.]

JOHN R. MALICKY - 995 SHADYCREST ROAD - PITTSBURGH, PA 15216
 --- -- -- Hello again! Well, it's a little past 2 AM on 7/7 (no AC, no sleep), the temp. outside is still in the mid 70's and the 90's have been on hold for the last few days (hotter than Miami, FL!). After just receiving the 6/28 DX NEWS, and reading JERRY STARR's fine column and a few MUSINGS, I thought I'd throw in my 25¢ (inflation!). DXing and radio related items for me have been fairly nil for me the past year as work, house upkeep, running and my runners club have taken up most, if not all, of my time. Also, by the time you read this I will most likely have been elected president of that club. So, DXing and running don't mix you say, but it's very rare that you meet anyone with 2 like interests (BRUCE CONTI & JEFF TYNAN, are you listening?). One friend still dubs me as Mr. Radio, so I guess there is a little tradition I must uphold-hi! My closest radio thrill I had of late was on 6/19 when my cousin was married and her best friend, Kim Glovas of KYW (news reporter) showed up. Earlier in May, I received a note from ERNIE WESOLOWSKI & CARL MANN about Omaha '92 and the pictures I took of the Omaha '59 group and the fellows after Sunday brunch this year. I tried for severa DX TESTS and even called 2, WMT-600 & WWJZ-640, but never wrote! Is there still time? (Maybe on WMT but not on WWJZ - See elsewhere!-DWS). My only verie received was from CKLW-800 in JAN., after having thought they were going off the air. CHRIS CUOMO is busy at school but we do plan to attend ENFIELD, my 11th convention. I also hope to make some station stops in Harrisburg/NE PA including Wilkes Barre & Scranton and into NY and CT. I may also try to look up KERMIT GEARY & HARRY HAYES. A review of past DX NEWS shows several new local members - welcome! In Enfield, I look forward to seeing many members I made friendships with over the last few years and I hope to do interviews with all attendees for the DX Audio Service, having enjoyed the same at Omaha. I would also enjoy doing another convention in Pittsburgh but at the very least, 4-5 years down the road. PAUL MOUNT - send in a MUSE or send me your address! Finally, excellent job to all the editors including PAUL for the DX NEWS as info was sent to KYW about us and the convention and to DAVE SCHMIDT who I will remind; BRUCE CONTI and I beat you up to WMMN's tower site by almost 2 years while we were at Bridgeport '91 (Yeah, but you didn't come back with what we did either!-DWS). 73's to all!

CHRISTOPHER R. CUOMO - 670 THIRD AVENUE - VERONA, PA 15147-1349
 ----- A little reintro music please, maestro....Yes, I'm still around, despite my lack of presence in these pages. I'm now 21 years old and in the 4th of 7 3 month semesters at Penn Technical Institute in downtown Pittsburgh studying electronics. I'm still working the graveyard shift 4 nights per week and going to school 4 days a week. In what free time I have, I've been experimenting with some low power 'part 15 FCC Rules' broadcasting. I've been using the popular Ramsey FM10 transmitter kit and was hoping to have a carrier current AM transmitter as well to operate on 890 khz (the frequency of the unbuil since '86 CP WGLP-890 which, if you haven't deleted it from your logs, you might as well!). Does anyone have a schematic for this type of transmitter? Watch for a return of pirating to the high end of the AM band before the FCC starts licensing stations there due to an already crowded 41 meter band getting more crowded with higher power SW outlets. I'm looking forward to attending the 60th anniversary convention and was wondering if anyone along or near the I-80/I81/I84 route from Pittsburgh would like to share a ride. Because of my schooling, I won't be able to leave a few days in advance and visit radio stations along the way as JOHN MALICKY and I have done in the past, I'm leaving 9/2 about 3P and hope to arrive around midnight that night. Local happenings: WKPA-110 (ex:VAR) is now WGBR with B:GOS. The station is owned by former WPXI-TV 11 new anchor Loren Mann. The popular Saturday oldies show "The Old Rock Shop" is now on WQTW-1570/WLSW-103.9 is worth a listen to anyone interested in oldies programming beyond the standard fare and hosted by some real 50's style hep-cats. In a somewhat controversial move, Salem Communications, who is developing into a power player among religious broadcasters, owners of WORD 104.7 have purchased WPIT-AM/FM and have moved the WORD calls and programming to 101.5 and changed the AM to satellite-fed Christian Contemporary, frustrating many listeners of both WPIT. In '91, many popular programs that were on WPIT-AM/FM jumped to WORD, resulting in what some termed a radio "Holy War" between stations. WORD's old FM is now WXRK with CW, one of 3 CW FM outlets in Pittsburgh. After a 3 way bidding race, WTAE-1250 has become the sole flagship station for the growing Pittsburgh Penguins radio network, replacing long-time flagship KDKA, who was sharing duties with WDVE-102.5. 73's and see ya in Enfield!

WAYNE HEINEN - 4131 S. ANDES WAY - AURORA, CO 80013
 --- About time for another MUSE. This season turned into a DXing disaster as I had many long hours of OT work from Jan. thru May. So very few good DX sessions. Locally KHTH-1130 is back on relaying KNUS-710. I called KKPC-1230 in Pueblo and that is the correct call. They are owned and operated by Pueblo Community College and they are a commercial operation. KXRE-1490 is back on relaying KRRU-1480. Will have to see if they are operating more than daytime only, though. By the time you read this, the 14th edition of the AM log will be just about ready to go to the printers. Many thanks to all who helped out with it. Rode up to the IRCA's Billings Convention with ERNIE WESOLOWSKI, had a fun trip up stopping to get log updates at KYCN-1230, KKTY-1470 (ex-KWOG) & KTWO. KTWO is back to regular 50kw U2 operation. Had a nice chat with everyone in Billings and saw a demo of KIWA Electronics new loop. Although kind of pricey at around \$300, it is a very well constructed piece that even a wife could tolerate! Looks kinda like a modern sculpture. The highlight for me was walking into the beginning of the auction to sell IRCA member Stan Wiesbeck a Station Map Book and find out I had the winning number for the door prize. No slouches in IRCA, it was a brand new AM/FM/Cassette Sony Walkman! My wife Joan, who has an 8 hour sit down job, has enjoyed it on her evening walks since I got home! Left Sunday AM with PAUL SWEARINGEN, what a switch from Ernie's '93 Buick to Paul's '69 Baracuda. Fun ride down, especially trying to find something other than burgers to eat and avoiding some monster T-storms around Wheatland. Thanks to both Ernie & Paul for transportation to & from. Enfield is out of the question for me, my 78 Toyota dies after 11 years with me and over 200,000 miles. Part of the miles on it was from a visit to Enfield in 83! So a minor set back in the form of a 88 Subaru. That's about all from this shack, everyone enjoy ENFIELD! 73

JERRY STARR - WHOT RADIO - YOUNGSTOWN, OH 44512-1320
 --- Greetings, time for the annual MUSING again I guess. First off, I hope everybody who reported the WKTX-830 DX TEST has received their verification letter. They were mailed out less than 2 weeks after the test but I heard from several members who had never received their letter. Since I was the person who arranged the test, I felt responsible to find out what happened. I contacted the station and they, in turn, contacted the post office asking that they find out what happened to the mail. Over a month later, the USPS contacted WKTX to report that their outgoing mail was found in the bottom of a mailbox thought to be empty and that it was finally mailed. And I guess that brings me to the sore subject of DX TESTS which never verify. I have only a certain amount of time to devote to the DX hobby and nearly 100% of that time is taken up with AM SWITCH and the behind-the-scenes work on the ongoing log project. It's been quite a few years since I actually had the time or inclination to turn on the rig and DX. Last year, after a visit from AL MERRIMAN and a chance to play with his antenna phasor, I decided to build one of these gizmos. There's nothing like a piece of new gear to get you to turn on the radio again. This last season, I had the pleasure of chasing down some good DX and quite a few of the DX TESTS. I'd forgotten how much fun this hobby could be. I had a ball! But now I am finding out that one thing has changed, that being the percentage of veries for reports. I always send a detailed report, always include return postage and always enclose a cassette of the reception which does not have to be returned. Despite all of that, I've only received a meager 40% return. I remember getting discouraged when returns got down to 80%. But I guess the most disturbing are the DX TESTS that have not verified. Particularly disappointing were WR1X-1020 and WWJZ-640 since they were both heard on frequencies that are very difficult here. A station putting on a DX TEST should understand that they are expected to issue some type of verification. Has anybody received a verie from either of these tests? On a brighter note, I'm looking forward to the convention in Enfield. The last one RON MUSCO put on at that venue was one of the best of the 23 NRC conventions that I've attended. Random thoughts and info: I just bought a new car (93 Honda EX) and interested to note that the AM section of the "premium sound system" tunes all the way up to 1710khz. Recently drove through Hamilton, ON & believe that the antenna system for CHOG-640 is actually located just outside of Hamilton, 8 towers just off the QEW. While driving past this system, the splatter from 640 was all over the dial. Can anybody confirm this? This is quite a distance from Toronto even though most of it is water path across the lake. Also in Detroit, we viewed the shrunken DA system for WLQV-1500, down from 12 to 9 towers. Also in Detroit is a 10 tower system just N of Ford Road in/near Garden City/Westland. Who is this? I suspect 1130. And finally who belongs to the single tower near the junction of route 39 & 194? Well, enuf of this for another year. 73 es CUN The Constitution State!

MIKE BROOKER - 99 WYCHCREST AVENUE - TORONTO, ON M6G 3X8
 --- NA's last major market AM CHR 50kw blowtorch is no more. CFTR-680 went all news on 6/7. Though they still have the CFTR calls, they ID only as '680 News' joining Country 59, Fan 1430, Mix 99.9, Energy 108, The Light 97.3, Q107, etc. as Canadian non-IDers. They sound a lot more professional than the

sloppy, amateurish, late and very unlamented CKO. Unlike CKO, 680 News concentrates on local and regional stories with traffic and weather every 10 minutes (just like WCBS or WBBM). I only logged one CPC test during the 92-93 season, and it was the last scheduled test to air in mid April: WVHI-1330. Still no verie from WVHI after more than 2 months. When they do respond, it will be my 600th AM verie. I've been stuck at 599 for weeks now (#599 was WSJP-1130). Other DX highlights for 92-93 include WWKY, WSGW, WLSV, WLKW & CMAQ on 790 after CIAO moved to 530, WCEM-1240, K10A-940, KWPN-840, WZXX-780, WSJP-1130 and the usual motley crew of SW goofball pirates on 7415 khz. I also did some yogie DX from the Kripalu Center for Yoga & Health. Om Namoh Bhagavate Vasudevaya. 73

BOB HARRISON - 166 RENNER AVENUE - UNION, NJ 07083-8839
 --- Greetings from the NYC Metropolitan area, where WWRV-1330 is announcing in Spanish that it is now offering an "international service" of Radio Vision Cristiana, on 530 khz from S Caicos Island in the Caribbean. They claim the signal can be heard throughout the Caribbean, Central America & SE US. Good news! After reading that the Superadio III problems have been cleared up, I picked one up, and yes indeed, the new radio is even better than the original Superadio I've been using for the past 10 years. Selectivity is great and I have high hopes of catching a lot of new stations with it this autumn, especially on frequencies adjacent to the powerful New York locals. This past DX season will be long remembered as one of the best. Conditions were generally excellent and remained very good throughout all of April and even into May. The NRC & IRCA put together a great series of DX Tests, the only disappointment was that several of the participating stations became reluctant verifiers. I still haven't heard from WLYN or WR1X, even after polite follow ups. Anyone have any luck with these? This season gone will also be remembered for the unexpected month long silencing of local WJDM-1530 due to a fire, this opened up a few frequencies for DXing here, though just for a short time. Enjoyed the little get-together at BOB SMOLAREK's a few weeks back and am looking forward to the bash at ENFIELD in Sept. See you there!

ALLAN W. NG - 41 BOWLING GREEN PLACE - STATEN ISLAND, NY 10314
 --- I am new to the field of MW DXing. I am a high school senior and am using a Panasonic receiver connected to an indoor LW antenna. I have verified 5 stations and the part which frustrates me the most is that a lot of these verifications do not contain as much information as I would like them to. Most stations send only a card or a letter saying that you correctly tuned them in. Very few of them give you the day, time of day or even the location you received the station from. Is this normal? I would deeply appreciate it if some local DXers could write me about tips and/or DXing experience you have had. It seems that everytime I try to DX, I run into the same stations. How do I find the rare ones? I am also interested in upgrading my equipment, if I have \$50, am I better off spending it on a Select-A-Tenna or a new Superadio III? (Welcome to the NRC, Allan, I'm sure that one of our local members near you can help you with your request for help. When you start pulling them in, let us know!-DWS)

ELLIOT R. STRAUS - 980 COOPER DRIVE - TOMS RIVER, NJ 08753
 --- Hi gang! When I got back into DXing in Feb., I thought a good goal would be to try to get 100 veries this spring. Well, I made it with a prepared card from WODE-1230. That brings me up to 885 and now 1000 is in sight. I had to go to follow-ups and prepared cards on a lot of them, though. Recent veries are in from: WWRX, WXXW, WJIC, WTYR, WHTT, WIEZ, WNTL, WKNR, CFAN, WLNG, WMIX, CFXY, WCPT, WCMC, WFPG, WBET, WODE & WCTF. I just got my KIWA loop and spent the last 2 days comparing it to the Quantum loop. It's hard to make a comparison due to the price differential. At \$135, the Quantum loop is a great deal. The KIWA develops deeper nulls and is more sensitive, it is also over \$300. I guess it all depends on how deeply you want to get into DXing. For example, when I DX at night, the TV is always on in the next room and some of the interference it spews out is immense. The KIWA loop can open up a few frequencies like 1040 & 1150 that were impossible with the Quantum. I like it a lot, though, as I said, the Quantum loop would be a better 1st loop and when you've exhausted it, the KIWA is the next step up. At least having a new antenna has gotten me interested in DXing during the summer, which I had never done before. The only problem for me is that sunset is 8-9PM and I get up for work at 4, so 8-9 is usually my bed time. Well, that's about all from here for now, hope to see you all in Enfield. KEN ONYSCHUK - 3623 UNION STREET #4 - STEGER, IL 60475
 --- Hello again from soggy S Suburbia! I have moved here as of 4/10 and have a decent apartment on the N end of Will County. I am freshly divorced and enjoying my new found freedom! I am planning on attending the WFTDA convention in Nashville, TN and want to share this 8 hour drive with friendly DXers. Enfield is a maybe, I prefer to go W but I'm open to go anyway. Odds & Ends: I did hear the WECO-940 test on 3/27 over WFAW. What I did miss (and was upset at myself) was the KKAR-1180 test, I've never heard it before. In late Feb., thanks to a DDXD tip, I got a nice tape after 9 PM from KTWO on 2/23. I sent

them a 20 minute tape, return postage, but no reply. I sent them a follow-up postcard on 4/1, still no reply. What did I do wrong? DXAS member MARC MARINO was in town recently from Long Beach, CA. I took him to the Museum of Broadcast Communications and listened to a tape of the Jim Stagg show on WCFL from 3/10/67. It was really nice to hear a LIVE DJ reading LIVE commercials and a traffic report with NO expressway mentions. Their library features many books and the souvenir shop has many nice items for sale. Enough for now, 73

LESLIE WOOD - 1463 TADMOR STREET - N MARRICK, NY 11566

----- This is my 2nd report since joining the NRC in the winter. My latest catches as of late include: WVCH, WNSS, WARA, WADJ, WLIS, WWJZ, HJCY, WYLF CKTY, CMBV, WRTA, WDOV, WEEB. The latest veries are: WRKO, WVMT, WRTA, WKGK, WSAR, all via a Superadio which I now own. Though my main love is DXing the AM band, I enjoy DXing FM, SW & TV, too. Would also like to hear from other DXers, please write. Until next time, 73's to everyone. (I cut your report down a bit, Leslie, I believe part of it was included in your 1st report which showed up in DX NEWS the day this arrived!-DWS)

DAVE SCHMIDT - P O BOX 11502 - WILMINGTON, DE 19850

----- The very big news here is that WWJZ-640 signed off on 7/8 and has been absent since. DXAS member PAT CASSIDY & myself called them 7/11 and someone did answer, saying they did not know how long they were going to be off and that the silence was due to ownership/legal problems. The problem that I gathered was nothing more than poor management, the ones that invested in the station were looking for a return and it just wasn't being made. They also shut down WMVI-1160 last month, same ownership. DX is just about nil here again but some nice sunrise conditions have been noted lately. Add another to the growing list of stations for contract service, WESM-91.3. Thanks to KERMIT GEARY for his fine report to WNJC-1360, the 1st one since their call change. Here's something to check into for the next DX NEWS/MUSINGS, how many veries do you have in your collection which I have signed? That's it for now! CUN a few!

The 60th Anniversary

The National Radio Club is pleased to announce that its infamous SWAT TEAM has returned from a recent deployment, just in time to host the NRC's 60th Anniversary Convention.

The Convention will be held Labor Day Weekend, September 3rd, 4th, 5th, and 6th at the Harley Hotel of Hartford/Springfield in Enfield, Connecticut.

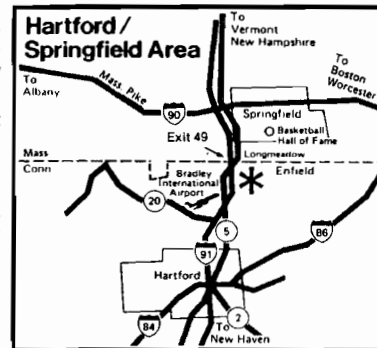

Contrary to previous statements, the SWAT TEAM is not incarcerated... yet. And just as in the past, it will endeavor to make this year's Convention a BIAS!! Join us for a glorious weekend... enjoy a "Hillbilly Banquet" on the patio, the NRC Auction, "The Quiz", the "Find the Sticker" contest. John Bowker, Mark Connelly, and Tony Fitzherbert will do their thing and the SWAT TEAM will do theirs.

The Harley is located at 1 Bright Meadow Blvd., Enfield, Connecticut 06082 (I-91 at U. S. Route 5, Exit 49). I-91 runs north-south between the Massachusetts Turnpike (I-90) and the Connecticut Turnpike (I-95).

The Harley has a shuttle bus between Bradley International Airport in Windsor Locks, CT and the hotel. The hotel's phone number is (203) 741-2211.

A form is included for room reservations. The single or double price is the same, \$59 per night, plus 6% state tax. Reservations must be made directly with the hotel. The NRC Convention Committee will not be getting involved with room reservations/room sharing.

A registration fee of Forty Dollars (\$40), which includes the banquet, may be paid in advance. Checks payable to the "National Radio Club" may be sent to NRC Convention - P. O. Box 118 - Poquonock, CT 06064.

* We will attempt to honor your room request. However, bed types are subject to availability and cannot be guaranteed.

Guests who do not establish credit will be asked to pay full room and tax plus a \$20.00 phone deposit.

We're going to be your favorite hotel

The Harley of Hartford/Springfield is pleased you have chosen us for your upcoming visit. We look forward to serving you while you are in our area.

The Harley Hotel regrets that we cannot hold your reservation after 4:00 p.m. on the day of arrival without guaranteeing the reservation with a method listed below.

To guarantee a reservation, we request that you either:

- 1) Enclose a check or money order covering the first night's stay. Deposits will be refunded only if cancellation notification is given up to 24 hours prior to arrival.
- 2) Print below the entire number of your credit card. We accept the following: MASTERCARD, VISA, DISCOVER CARD, AMERICAN EXPRESS or DINERS CLUB. Please include the expiration date.

Questions, suggestions, etc., may be sent to Box 118; an SASE is required if an answer is desired. Bring items for the Auction. The 50th Anniversary Convention had about 70 attendees; let's try to better that mark.
