I’d like to label, and for various reasons, the one we’ve chosen to use is “Return Service Requested.” What happens, though, is that (1) if you move and don’t send me your forwarding address, your mail is returned (sometimes with the new address printed right on the sticker!), (2) if you go on vacation and have your mail held, probably for over 30 days, your mail is returned. So … rather than risk another $5 to have a DXN returned again, I move your name from the mailing list until you notify me of your current, correct address, or that you’re home again and wish to receive DXN again.

And with the impending raise in postal rates in January, I’m trying to hold the line on postal costs so as to avoid a raise in dues. Therefore, it’s up to members to be responsible and to keep me informed as to your current mailing address. Also, if your area is undergoing a revision of mailing addresses, as with those areas which are converting to uniform 911 addresses, I’ll need to know your new address as soon as you know it, as, again, the USPS won’t forward your mail. And as Ron would prompt me to say, don’t send any money to the publisher for renewals, and don’t send him cash! All you need to know about contacting NRC officials is printed clearly on the back page, too, including new e-mail addresses.

As the DX season approaches (some say it is here already), don’t forget to send your contributions and DX tests suggestions to Courtesy Programs Committee chairman Bill Hale (see p. 5 for his address). IRCA does not currently have a CPC chairperson, so it’s up to me to keep the CPC ball rolling this year.

NRC Convention … John Bowker is offering his phone number for convention questions, and he says he will return any call within 3 days (since he’ll be on the road starting July 15th). It’s 813-633-1427 (leave a message on his answering machine.

DXChange … Randy Davis - 1985 Blackiston Mill Rd - Clarksville, IN 47129, 812-945-0070 is offering his Superadio III for $40 plus shipping, now, a real steal! And Dale Biemann WNO1DF, 1430 NW 71 Place - Ankeny, IA 50021-9687, 515-289-1163 is offering a Drake SW8 general coverage sw receiver, new version in new condition, for $625. Finally, I will bid on any radio or Apple coffee cups at the Saturday night NRC convention auction, and if John Malicky is there and doesn’t go to sleep again, he probably will, too, so for a good time, come and watch us collectors fight over minimally-useful chunks of ceramic and glass, hi. I’m also enthusiastic to bid on coverage maps and t-shirts, any sizes.

*Notes: WNVL-1250 requested WLSC as shown last issue but WLXLG-1300 protested that this call was too phonetically similar to their call, thus the request for WULS. WEVE-1340 change to KRBT is not a typo; Eveleth is in that part of Minnesota that can have either "W" or "K" calls. KXLOQ-1400 change to KRKJ was set aside; station remains KXUO. Although the 1600 facility in Warner Robbins was taken off when the 1670 station went on, the fact that they spent the $500 to change calls on this facility suggests plans for it to return.

THE ELIZABETH SAGA: Over the past few issues we've reported enough call changes in Elizabeth, NJ on both 1530 and 1660 to make your head spin. Seems the people entering info into the FCC Engineering Database can't decide which call goes with which frequency. Last month they changed it again just three days after Issue 28 went to press. Well, now here's the info straight from the station, which might be the most accurate source:

1530 WJMD NJ Elizabeth
1660 WBAH NJ Elizabeth

Hopefully this will put this issue to rest. Hopefully.

NRC ANNUAL CONVENTION
September 4-7, 1998
Best Western - Oak Hills
San Antonio, Texas

Dale Hamm is holding to his promise that anyone sending in a registration receipt that he receives on or before August 15th will only be charged $35 per person. Any registrations that come in after that will be at the regular NRC Convention price of $40.00. So do two things today: Reserve space at the hotel, and then mail your name (and the name of any guest you're bringing) and convention payment to Dale Hamm, 1131 January Drive, Austin, TX 78753-2915. Hotel: Best Western - Oak Hills; 7401 Wurzbach Road, San Antonio, TX 78229. Telephone 1-800-468-3507. Congress meeting at 5 p.m. CDT. $52 Singles; $47 per person for Double Rooms (two beds), and breakfast is included. Remember: This rate was good only until August 15th.

Convention Registration: $40 per person (only $35 until August 15th) and includes Saturday banquet and all the soup/salad/wine and all the snacks you can wolf down during the weekend. Registration should include your name, the name of any guest, and payment to Dale Hamm; auction items should be sent to his address.

Rail: Call 1-800-872-7245 for information and reservations. Generally speaking, there is daily service to major cities in Texas and alternate day service to other major U.S. cities.

Air: If you fly into San Antonio, there is a free airport shuttle to the Best Western. Many airlines serve San Antonio, but SouthWest Air is offering NRC'ers 10% off; give them the special code number 8-0098 when you call 1-800-433-5368 on Monday through Friday for your reservation.

Driving: San Antonio is at the junction of I-10 and I-35. I-410 is the highway around the city. The hotel is in the northwest quadrant of the city. Drive onto I-410 from I-10 or I-35 to the Babcock Street exit, turn north on Babcock to Wurzbach Road. Turn right on Wurzbach Road and the Best Western is the third building on your left.

MEDIUM WAVE RAMBLINGS
- This month's tip o' the old 10-gallon hat goes to Tim Noonan of Madison, Wisconsin for his donation to the IPC effort. Tim also has a web site targeting Midwestern DXers. Go to http://www.angelfire.com/wi/dxing/index.html.
- Looking at last month's DX News, I see the secret is out. Yup. We've got a lot of new members, and quite a few live in the "West". So let's hear from youse guyz!!
- Pat Griffith of Federal Heights, Colorado writes: "Mr. Chadwell states that KOA will be doing some major construction at their transmitter site just south of Parker, CO during the next 2 months as they replace their older transmitter with a new solid state unit." So check 850 occasionally and maybe you can catch something other than KOA. Pat also sends word that "KLTT went off the air 7/7/98 at 0009 Eastern Time following 2 minutes of feedback type noise and remains off as of this writing (0045 ET). WMAQ is being heard here for the first time in many months. KLTT was off earlier tonight from 1132 to 1145 ET following 2 minutes of what sounded like high speed data. Their tower lights are on so they have power at the transmitter site." Shawn (The Crusher) Axelrod says: "Great luck with poor sleep condition and CKY being on/off/losing three nights in a row. Logged one totally new one, CKX9. Bad sleep pattern due to a bloop at work. Maybe I should try crushing my arm with a 200 lb pallet more often. NOT!!! I will be OK; no broken bones, just pain and embarrassment. Telling people to be careful for 20 years and then you go and mess up. Boy, was I in for some big-time kidding by my staff. (Hope it's not your "tuning" hand, hi. Get well soon! - Ed.) Pete Taylor writes: "I found one which might be of interest... www.yuvol.com... and then INFORMATION/MISCELLANEOUS/MARTHA'S VINYARD & NAUTUCKET FREQUENCIES. There are a bunch of options from there including JIM'S HOME PAGE. He also has different airlines' rules and regs relative to what can and cannot be operated aboard an aircraft. Obviously he is into scanning. He has no MW stuff but certainly seems to be a dedicated radio buff!!" Thanks to Jim Boehm of San Antonio for the tip to listen to 6458 USB at about 0930 ELT, as it seems to be what we used to know as AFRTS was doing a baseball game (on 8/4, and nightly since).
- Is that was it?? Anyone know??
- The Associated Press reported that Westwood One will be shutting down the NBC/Mutual news operation as of August 31st. The 50 or so people working for the main newsshow in Arlington, Virginia are out of work, apparently. The network will reportedly "continue to send news to the hundreds of stations it serves across the United States by using material from another news provider, which has yet to be decided," according to the AP dispatch which quotes an industry source. This same source says that CBS, which already owns 25% of Westwood One, and in turn, is managing NBC Mutual, is a "leading candidate" to be that source. The entertainment and talk shows distributed by NBC/Mutual will apparently continue. Westwood One will close its Arlington, Virginia news operations on August 31st. Vice President for News Bart Tesler made the announcement to employees on August 3rd. Mutual and NBC Radio newscasts will be assumed by CBS Radio in New York. So... another page in broadcast history is turned.

**KGU**
HI Honolulu - Per spokesman, station has dropped all CBS newcasts and features since the end of June. KGU had been airing CBS News from 2 to 10 a.m. while driving North on Rt. 53. (CR-IL)

**WSUI**
IA Iowa City - This guy had two of its three tower houses knocked down by high winds on June 29, and is currently broadcasting with a 1220-watt non-directional signal at night. Dennis Reeser (who ran WSUI's DX test for us a few years ago) says it will be at least October by the time the two replacement towers are up and the directional signal is operating again. Get this while you can! (RD-IA)

**KOZE**
ID Lewiston - Adds *Kim Komando Komputer Show*, per show. Station slogan is Talkradio 9-50 Kozo. (DP-HI)

**KICA**
NM Clovis - Adds *Online Tonight*, per show. (DP-HI)

**KCCF**
AZ Cave Creek - "After seven years trying to build the first new AM radio station in the Phoenix market since way back when, and one year operating it under an Adult Contemporary Classics format conceived by Bill Heywood and Jack Blair, Ray Cox and partners have sold KCCF (AM) Cave Creek/Phoenix to Francis Battaglia (Rhode Islanders might know him as the owner of WALE (AM)/Providence, a brokered talk station which no one listens to). As of today (7/13), Battaglia has started programming KCCF with brokered talk dubbed " Sussex Radio — one hour blocks bought from alternative media experts, UFO enthusiasts, stock brokers, etc. either produced locally, or patched in via conventional phone line from WALE. At this time, the WALE broadcasts cut off frequently and the local programming is minimal." (tunet)

**WKOO**
TX Dallas - on 91 - Will switch from talk/sports to early 50s-60s oldies (pre-beatles) and (remain) WWV1 Imanu talk only. Slogan being hinted is Mighty 1190, Smokin' Oldies and change calls to KLUV-AM (a pretty good rumor here, but NOT // KLUV-FM. Talk ratings have been abysmal. So check it out as you're driving through town on your way to the convention! For a fascinating look into the KLJR-1190 story, go to http://www.dntj.net/1190/. Good stuff. (Ed-TX)

770 WTOR NY Youngstown - 6/4 0930-1017 - Noted on regular schedule with polka music, weather in Fairfield and Celsius, ID's such as "WTOR, working hard to be your favorite music station" and "WTOR Youngstown-toronto, always good listening on AM 770." Also noted later with ethnic programs and at 2100 signoff, no power or mailing address. Must be beaming right at Toronto as much stronger than most Buffalo area stations, except WGR 550. (MS-ON)

LOGGINGS: 0500-1600

720 WWII PA Shreveport - 7/25 2100 - Fair. ID with mention of counties and states covered, preaching in SS. (BC-NH)

740 WGSY NY Huntington - 8/2 2020 - Good, promo for Long Island's Country 94.3 FM,
ID "Boy Talk, AM 1690, WMDM Lexington Park," into ABC news. Also heard loud in Toronto. (MB*MA)

TIS AND MISCELLANEOUS

530 HAR PA Philadelphia - (WPIC497) - 7/9 2333 - Delaware Port Authority station, very good with Walt Whitman Bridge construction information. This signal covered the entire downtown area, and went into the NJ subways, and was the only station noted (at least readable) on 530 in this area. (TRHIPAI)
830 TIS PA Philadelphia - (WPIC749) - 7/9 2343 - Penn's Landing TIS is on and gets out well. ID's simply as "Penn's Landing WPIC." (TRHIPAI)
920 TIS MI Detroit - 7/9 1930 - Airport TIS is active. Good signals. (TRHIPAI)
1400 HAR PA Philadelphia - (WPKZN67) - 7/10 1830 - Station at 1-95, 1-676 junction is testing during the day only with 10 watts. Male announcer with strong Southern accent mentions 10 watt power. Followed by NOAA weather. Signs posted at 1-95. (TRHIPAI)
1610 HAR NJ Oldmans Township - 7/11 2335 - NJ Turnpike station noted int he mix with info about the Delaware Memorial Bridge. (TRHIPAI)
7/30 0126 - "This is the New Jersey Highway Advisory Radio," mentions of Memorial Bridge and 55 mph speed limit. Solves an unID. Address? (SK*PA)

HAR NY Buffalo Area - (WPAAN97) - 7/11 2335 - Fair-good, "This is the New York State Thruway Authority WPAN97," mixing with Philadelphia Airport TIS and NJ Turnpike Delaware Memorial Bridge station. (TRHIPAI) [Dominant on 1610 rights here. - DY]

HAR PA Mount Laurel - (WPAS578) - 7/9-7/13 - This station, which appeared to be at Exit 4, covered the channel from Philadelphia to Medford, NJ. (TRHIPAI/ NJ)

TIS PA Philadelphia - (WPDC602) - 7/9 2336 - Airport TIS is on and gets out very well. Station has NOT moved to 1630 kHz as had been reported somewhere. This station and NJ Turnpike Exit 4 (5?) station covered the entire area. (TRHIPAI) [Delete old listing for a Philadelphia Airport TIS on 830]. Again 7/11 2333, noted as far away as New Cumberland (Harrisburg area) at night.

TIS PA Valley Forge National Historic Park - 7/11 2111 - Huge signal along 1-76, woman with loud voice talking about the park, no call letters given. (TRHIPAI)

House ON Brockville - 5/27 0957 - Female saying "Hi, I'm a talking house," and giving Brockville phone number for details. Very weak. (MSV*ON)

CHEV ON Toronto - 6/6 2238 - Good with amateur league baseball game, York Penguins via High Park Braves broadcast from Christie Pitts in Toronto. First time heard since Junior A hockey playoffs ended. (MSV*ON)

UNID -- ---- - 7/15 2320 - End of message "By calling channel 95 on your cellular phone." (SK*PA)

UNID -- ---- - 7/30 0137 - End of message by female "I love New York." Rose up quickly, then gone. (SK*PA) [Probably Buffalo, above. - DY]

TIS VA Shenandoah Valley - (WJIM494) - 7/12 0102 - One of the Virginia TIS stations in with tape loop about Blue Ridge Mountains, George Washington National Forest, and Appalachian Trail. (TRHIPAI)

1620 TIS VA Shenandoah Valley - (WFJIM494) - 7/12 0102 - One of the Virginia TIS stations in with tape loop about Blue Ridge Mountains, George Washington National Forest, and Appalachian Trail. (TRHIPAI)
1630 HAR MI Detroit Area - 7/9 1952 - Of the various HAR stations on 1630, I noted only a strong OC well over one other station with tape loop by man. (TRHIPAI)
8/2 0160 - Three different Michigan DOT stations heard here, each with same announcer and message loop, but separate location announcements. "1-75 in Detroit," "1-94 and 10-39," and "I-696 and I-94." So at least two new ones for me! No call letters noted, no sign of normally dominant Lehigh Valley HAR stations. (JR*NY)

HAR MI Roseville - (WPJR342) - 7/11 2321 - Good signals in central PA with "Highway Advisory Radio is located on 1-496 at 1-94, and is operated on a frequency of
1630 kHz. This system is a public service of the Michigan Department of Transportation. Fair-good over another MI DoT station with announced location somewhere on I-75. (TRH*PA2)

PA Palmer Heights - (WQ740) - 7/11 2339 - Fair-good with ID, talk about various work areas near Highway 33/22, mentioned web site www.22new.com. Gets out pretty well. (TRH*PA2)

HAR PA Various - 6/8 Time? - Three distinct stations this time, two with the identical voices within, man announcer, calls, etc., and a third, barely distinguishable, with a female voice. Couldn’t get enough to determine if it’s another route 22 HAR, or something else. (RJE-PA)

+ (WQ740) - 7/5 0308-0320 - Good, male announcer with continuous tape loop, “This is the Pennsylvania Department of Transportation Highway Advisory Radio," mention that "Route 22 will be opened with 4 lanes of traffic until July 27." Also mentions of Route 33, “Call the Route 72 info line at 610-791-935 or visit us on the web site www.22new.com," “You’re Listening to 1630 AM WQ740, Highway Advisory Radio for the Lehigh Valley... This message will be repeated.”

+ (WQ740) - 7/23 2335 - Noted need to obey posted speed limits, Lehigh County construction, Web site as above. Address anyone? (SK-PA)

3640 HAR PA Philadelphia Area - WPX724 - 7/9 2227 - “This is the Pennsylvania Department of Transportation Highway Advisory Station 1640 AM. Traffic on the unsigned routes,” then at end “This message will be repeated." Address? (SK-PA)

+ 7/10 2307 - Mention of 1640 kHz, highway advisory, NOAA weather from Philadelphia. Possibly not // multiple transmitters, as weather radio was still in background during highway advisory. (MS-ON)

HAR PA Valley Forge/Downington-Lionville - (WPX724) - 7/11 2050 - Stations at Eves 23 and 24 are on the air, and there are signs for them posted on I-76. Not sure if the other stations in the network were on, but if they were, they sure didn’t get out well. Relays NOAA weather at times. (TRH*PA1) Again 7/11 2342, one of these stations logged from New Cumberland. (TRH*PA3)

UNID -- ------- 7/25 2057-2117 - Haitian music, no ID or announcement, mostly over Philadelphia NOAA weather station. (DVP-PA)

1700 TIS NY New York time - 6/8 Time? - Finally bagged the JFK Airport TIS, with multiple traffic reports on tape loop, doing quite well in and out with WCMQ. No calls heard. (RJE-PA)

EXPERTS

SPECIAL NOTE to E-Mail Reporters: We have an automatic e-mail distribution system. Fred Vebb has set up a distribution site at WLIQ, his place of work. When you send IDXD to him the column will automatically be forwarded, in text version, to every one on our e-mail distribution list. If you "reply" to IDXD, only I will receive your comments. If you wish to get on the list, please address [subscribe@idkd.com] and type in SUBSCRIBE. If you wish to discontinue receiving electronic IDXD, simply reply UNSUBSCRIBE. We wish to reserve this distribution for (1) NRC Members, (2) newsletter exchange organizations, and (3) DX program hosts only. If you are receiving this list and do not fit one of these three categories, please become an NRC member!

Included below is Florida Keys band-scan of Cuban stations from David Crawford. David circulated this list on the Internet as part of a larger report of domestic and AM and FM stations heard. He has graciously given permission for us to reprint the list in IDXD.

Our apologies to those who have been noticing problems with our e-mail distribution of IDXD. Fred is working on it.

734.7 CUBA, R. Rebelde, CMKV, Urbano Noris, JUL 2 0039 - monotone delivery SS news // 670; dominant. [Connelly'Y-MA]

770 COLOMBIA, RCN, HJGB, Cali, JUL 2 0241 - program of nostalgic Colombian big-band music. [Connelly'Y-MA]

780 CUBA, R. Rebelde, CMKV, Urbano Noris, JUL 2 0039 - monotone delivery SS news // 670; dominant. [Connelly'Y-MA]

810 COLOMBIA, CARACOL, HJCY, Bogotá, JUL 29 0123 - 5076.8 with SS sportstalk; good, atop CJVA with WGY phased. [Connelly'Y-MA]

820.25 unID, JUN 30 0116 - fast SS talk and a growl against WNYC-820; faded before ID. [Connelly'H-MA]

830 ST. KITTS & NEVIS, TBN, Basseterre, JUN 30 0221 - 7510 with country-style hymn; mixed with WCRN. JUL 2 0046 - US EE preacher, totally steamrolling WCRN (whose ID was barely audible in the background). [Connelly'Y-MA]

840 CUBA, CMHW, Santa Clara, JUL 19 0144 - program of nostalgic Cuban big-band music. [Connelly'Y-MA]

850 HAITI, R. 4VEH, 4VFF, Cap-Haitien, JUL 2 0222 - FF Creole male preacher kept getting louder and eventually overtook the Cuban. No sign of WHAS other stuff in the background was more likely St. Lucia, Brazil, Venezuela, or Colombia. [Connelly'Y-MA]

860 CUBA, R. Rebelde, CMKV, Arroyo Arenas, JUL 29 0241 - SS news, on-the-minute "RR" beeps and time; in mix with several other Latin Americans: JUL 2 0302 - Reloj show mixed with many others. [Connelly'Y-MA]

870 CUBA, R. Rebelde, CMKV, Santiago de Cuba, JUL 2 0237 - 640 with old-fashioned group folk SS vocal; huge, way over WBBF. [Connelly'Y-MA]

890 ST. KITTS & NEVIS, VON, Bath Village, JUL 2 0023 - soca vocal & percussion; fair. [Connelly'Y-MA]

900 CUBA, R. Rebelde, JUL 2 0238 - 890 with Cuban folk vocal, dominant over pile of others. [Connelly'Y-MA]

910 COLOMBIA, RCN, HJGB, Cali, JUL 2 0241 - 760 & 770 with RCN SS newsstalk; atop Cuban Reloj & others with CBM phased. [Connelly'Y-MA]

920 CUBA, R. Rebelde, JUL 6 0290 - R. Rebelde dominant with CBM nulled. [Connelly'Y-MA]

930 COLOMBIA, CARACOL, HJOT, Magangue, JUL 19 0150 - frenzied Colombian sportstalk; pushing past the CHNS/WELL/WTLG/Reloj mess. [Connelly'R-MA]

940 COLOMBIA, RCN, HJGB, Cali, JUL 2 0241 - 760 & 770 with RCN SS newsstalk; atop Cuban Reloj & others with CBM phased. [Connelly'Y-MA]

1020 ST. PIERRE ET MIQUELON, RFO, JUN 20 2353 - Carribean FF music, good to excellent well below sunset. [Connelly'R-MA]

1030 ANGUILLA, R. Anguilla, The Valley, JUL 2 0338 - music fragments; weak. [Connelly'Y-MA]

1040 TRANS-PACIFIC DX (with "Down Under" Comments)

Paul Ormandy (NZ) and Christ Martin and Richard Jary (Australia) offered Jean Burnell these additional comments on his TP loggings in the last IDXD.

1050 AUSTRALIA, unID ABC station, MAY 27 1224 - Woman with talk definitely // 702 and 774; 6WF (Metro. Service) or others with CBM phased. [Connelly'R-MA]

1060 CUBA, R. Rebelde, JUL 6 0290 - atop WBT. [Connelly'R-MA]

1070 COLOMBIA, CARACOL, HJNB, Cartagena, JUL 6 0258 - 1100 with brass, xylophone, and vocal Latin American music; under WWVA. [Connelly'R-MA]

1080 CUBA, R. Rebelde, JUL 6 0290 - atop WBT. [Connelly'R-MA]

1090 ST. PIERRE ET MIQUELON, RFO, JUN 20 2353 - Carribean FF music, good to excellent well below sunset. [Connelly'R-MA]
WASHINGTON, D.C. — “3GI is supremely dominant here (in New Zealand),” Martin: “828 is definitely 3GI with the ‘Late Nights with Tony Delroy’ programme, and he has the segment of ‘Not the ten o’clock news’ which is after the ten o’clock news! Note all ABC Regional R. & Metro. stations are // after 1200z with this programme. Any pop music there could be the Charters Towers station with 1 kW, AGC.” Jary: “For 828, the station would have had to be 3GI Sale. The WA station wouldn’t normally be parallel to Sydney at that time.”

927 UNID, 2 stations, MAY 27 1227-1234 - Very tricky to separate these two, initially one had woman presenter while other had pop music; woman talked about a prize and a “competition,” which was followed by an announcement for a help line “if you can’t read or write well enough” and that began with siren: one station had 828, the other had 234.

1476.22 NEW ARGENTINA: Here’s a news tip received from a contact in Buenos Aires. Is Radio Bolivia, a national television and radio network in Bolivia, perhaps better known than its print media counterpart, Radio Televisión Nacional de Bolivia? The station is heard on 550 kHz via Paul Ormandy, New Zealand: “Yes, they are also a racing radio station, but I am not sure if they have a racing program. The station is ‘Classic Hits.’” Jary: “The station talking about help with reading and writing would probably have been the Melbourne station, especially if it appeared to be targeting people of non-English-speaking backgrounds.”

1026 UNID, 3 stations, MAY 27 1018-1022 - Three stations in English noted simultaneously on this nominal frequency, one with sports program, another had a jingle that ended with “the greatest songs of all time” that may have been 1ZN, Whangarei, New Zealand, or 4MK, Mackay, Australia — the latter was positively ID’d half an hour later; all were SIO 232-1. One station, probably the strongest one, seemed to be ca. 20 Hz on the high side, 1020s. [Burnell-WA] [Ormandy: “That could be 4SKR ‘Radio Spor’ in Invercargill! Congratulations! It’s probably the catch of the trip!” Invercargill is the southern-most city in NZ and the transmitter is located (with 4ZA 864 and 4YZ 720) at Dacre about 20 miles North of the city.” Martin: “One is ABC Melbourne News network PNN and would carry a feed from either BBC World Service / R. Nederland or DW at this time. I suggest the stations slightly off freq to be 1IZN. 4MK would have the pop music.”

1314 AUSTRALIA, 22W, Wollongong, MAY 28 1156-1213 - Racing or betting information, ads; deep fades, SIO 222-1. MAY 28 1229-1257 - More racing and betting odds, peaked at 1241 with ad for golf shops “all over Sydney” and odds on World Cup soccer: SIO 333 at peak. Dave Oxley’s Australian station list indicates that 2ZZ is a relay for 2KY in Sydney, and 2KY features racing according to WRT5F98 [Burnell-WA] [Ormandy: “Yes, they are also a racing radio station.”]

1332 AUSTRALIA, 2 stations, MAY 29 1029-1044 - Two Australians are listed here (ISIF and 4B1), one had all phone talk and the other had pop music (Roxy Music’s “Avalon” at 1035) — but it was not possible to catch an ID on either station: both SIO 222-1. [Burnell-WA] [Ormandy: “Both have similar music formats too. ’Radio Sport’ is also on this frequency from Auckland.”]

1386 NEW ZEALAND, 70 W. Tanna, Auckland, MAY 29 0853 - Woman in unidentified language; SIO 232, MAY 29 1048 - Faded up well with Hindi music, SIO 343. [Burnell-WA] [Ormandy: “This one runs both Hindi and Chinese.”]

1476.22 NEW ZEALAND, 1XD, Auckland, MAY 29 0803-0808 - Notoriously off-frequency station with news items; mainly at threshold level, SIO 131. [Burnell-WA] [Ormandy: “Station now runs BBC World Service. They also carry flight information like a TIS for Auckland Airport.”]

STATION NEWS

ANGUILLA: Here’s why the Caribbean island is seldom heard any more on MW 1610. A visitor to the island heard them announcing that power is at most 9 kW. This is not even enough to reach the other end of the island at night with a clear signal where skywave interferes with groundwave. [Glenn Hauser, WORLD OF RADIO 949] (This one has not been heard by me in some time - Jim)

ARGENTINA: Here’s a news tip in a message Jean Burnell received from a contact in Buenos Aires (Arnaldo L. Slaes): “There is a new station on mediumwave in Buenos Aires. Is Radio Bolivia, a not authorized station for the big community of Bolivian in Buenos Aires (700,000). This station tx on 1640 kHz, in // with 91.9 MHz. Alt., other news from: first days of this month, other new station: Radio Milenium, on 1190 kHz.”

BRAZIL: RADIO CNB, Receita das Frequencias e Cidades onde esta localizadas: RECIFE - 2230 kHz, PARA - 260 kHz, FLORIANOPOLIS - 250 kHz, BRASILIA - 240 kHz, SÃO PAULO - 270 kHz, BLUMENAU - 270 kHz, RIO DE JANEIRO - 280 kHz, SAO JOO R. PRETO - 280 kHz, SÃO PAULO - 90 kHz, VITORIA - 210 kHz, MACAEO - 210 kHz, SOUROCA - 210 kHz, PORTO ALEGRE - 210 kHz, BELO HORIZONTE - 210 kHz, NITERIO - 210 kHz, RIO DE JANEIRO - 210 kHz, SOUROCA - 210 kHz, SÃO PAULO - 210 kHz, CAMPINAS - 210 kHz, LONDRINA - 210 kHz, [J. Irupau, DX CLUB DE PERNAMBUCO via Paul Ormandy, New Zealand]

CLANDESTINE (TO IRAQ): The following appeared in the 16th April edition of the “Clandestine Radio Watch.” The Iraqi National Accord, built in 1991 with covert British intelligence support and currently backed by both the USA’s CIA and UK’s MI-6, has resumed transmissions of its two stations on Medium Wave. According to Finland’s Patrick Willier, the Voice of the Brave Armed Forces (“Savt al’Qawat al-Musallah”) and Freedom (“al Mustaqbel”) were heard in February 1998 in 1566 and 1575 kHz respectively. CRI and CIW’s Nick Grace C. confirmed in March that these transmissions were originating from the US military’s EC-130E psychological operations broadcast planes, which were deployed to the Middle East in early February. These airborne facilities returned to the United States later that month. However, since the return of the EC-130E planes, Gracie has also confirmed that the Accord has access to a CIA transmitter based in Kuwait. Willier recently reported that the Voice of the Brave Armed Forces is in fact operating again on 1566 kHz between 2130 and 2300 UTC. [Via BDX UK in Medium Wave News JUL/AUG 1998]

KUWAIT: VOA relays via Kuwait on 1548 kHz (600 kW): 03-04 Persian. 04-06 Arabic, 14-17 English, 17-19 Persian, 19-21 Arabic, 21-03 English. [IBB Schedule via BDX UK in Medium Wave News JUL/AUG 1998]

POLAND: All medium wave transmitters in Poland appear to be off the air following the closure of transmitters which carried the Polish Radio 4th Programme. The reason is not known. The only AM transmitter on the air in Poland is 225 kHz long wave and 1503 used by TWR in the evening. [Translated from report in “Kurier” APR 98 via DK/BDX UK in Medium Wave News JUL/AUG 1998]

Unless otherwise indicated, everything was heard in the daytime in Marathon, Key West, or in between. My most up-to-date reference was a 1996 WRTH, and much has changed on the band since then. Please generally match Jay Novello’s loggings from his cruise earlier this year.

Steve Kennedy reports the New Haven Ravens (Minor League Baseball) are heard on 960 WELI-CT. The Ravens’ web site is http://www.ravens.com. Steve says that the Westwood One network will carry 1) NFL Sunday afternoon doubleheaders, 2) Notre Dame Football, and major college football. The CBS Radio Network will carry 1) college football, 2) NFL Sunday-Monday-Thursday night, Saturday day-afternoon, and all playoff games. I have not verified this. The last CBS NFL list was listed on the Westwood One web page, so I do not know the connection between CBS Radio Sports and Westwood One. (See DDO-X-W for an update on Westwood One -pl.)

Here is NFL flagship information for the upcoming season. Please send me any network lists (or WWW URLs of such); I have the Packers, Panthers, Patriots, and Chiefs. And with any list, we need to ensure that the list is from the upcoming season, not last season. I want to hold off printing lists until I have most of them. As of 08/03, the CBS NFL network list online was a January, 1997 list. Thanks.

Here is National Football League flagship information from “1998 ESPN Ultimate” and “Sporting News Pro Football Guides” via Ken Onyschuk. I have little information on foreign language broadcasts.
