Fred Vobbe, Temperance, MI apologized for missing the IRCA and NRC conventions, citing work with two radio stations, a satellite TV station and his own business as the reasons for staying home.

KFI-640 returned to its full 50 kW and with its new tower on September 25; many DX’ers in the western U.S. have reported increased reception of the pioneer station after they “flipped the switch.”

Barry S. Finkel, Professional Sports Networks column editor says, “The National Hockey League pre-season has begun; please send me any information for NHL flagships, networks, and announcers.” Don’t forget to send network information for your local college sports nets to new College Sports Network editor John Cereghin, also.

Unfilled positions … We’re still in need of volunteers for the following positions: someone familiar with phpBB to work with e-DXN maintenance; a DXN publisher, ASAP; a DDXD-West editor by January 1 or so; replacement editors for languished columns (“The Answerman” and “Memory Dredging”), and one or more persons to edit future NRC publications developed by contributors or the club. Training is available, and I’ll see if I can’t work you into the schedule for use of the corporate jet, too …

CPs ON THE AIR

630  KUAM  GU Agana - CP for U1 10000/1000 is on the air, moving from 612 kHz.
1010 WPPI  MN Sauk Rapids - CP for U4 1700/240 is on the air from 4 towers (2-days/3-nights) and their format is oldies.
1330 KXLJ  AK Juneau - New station is on the air with U1 10000/3000 at N58-18-05 W134-26-26.
1580 WPGY  GA Ellijay - CP for D1 500/0 is on, moving from 1560.

ACTIONS

1030 WNVR  IL Vernon Hills - CP granted for U7 10000/120 CH 3200, increasing their day power. The day pattern remains the same (large lobe to the southeast; smaller lobe to the north-northeast), only bigger.
1460 KKOY  KS Chanute - Coordinate correction to N37-41-18 W95-28-12.
1380 WABH  NY Bath - CP granted for U4 10000/450. They will add one tower to their standing two and use all three all hours.
1460 KDWA  MN Hastings - CP granted to relocate their transmitter to N44-44-14 W92-49-42, as they remain U1 1000/41.
1520 NEW  GA Thunderbolt - New station, not yet on the air, had a CP for U4 50000/700, but after applying for this change in CoL and facilities, they have been granted U7 50000/780 CH 15000 from six towers (using all six all hours) at N32-01-43 W81-12-58. The three patterns are identical in shape (headed to the southeast) but differ in size.
1570 WBGX  IL Harvey - CP granted for U4 1100/500, increasing the daytime power by 100 Watts. More significant is the fact the day pattern is being skewed about 30 degrees east from the current lobe which directs the signal almost due north, plus two smaller lobes to the east and west are eliminated.
1600 WXMY  VA Saltville - CP granted for U1 23000/11, increasing day power and adding night operation.

AMENDMENTS TO CONSTRUCTION PERMITS

1020 WCGO  MI Jenison - Having a CP to move here (from Chicago Heights, Illinois on 1600) with D3 10000/0, the licensee now amends the application from 2-towers to 3-towers at a new site of N42-56-09 W85-27-26.

TRANSLATOR ACTION

660 KSKY  TX Balch Springs - CPs granted for three translators in the Dallas-Fort Worth area to augment their signal which they have convinced the FCC is being overrun by Mexican stations operating illegally at night. The application states:
“The Mexican stations are notified to and accepted for nighttime operation with power levels limited to 1.0 kW. However, both stations appear to be operating with a nighttime power level on the order of 50 kW. Mitigation efforts of both the FCC and KSKY(AM) with the Mexican government and the offending stations have been unsuccessful. Therefore, the applicant herein seeks extraordinary relief from the interference by proposing to re-transmit the KSKY(AM) programming on three low power FM repeaters throughout the KSKY(AM) nighttime loss area to restore lost KSKY(AM) service to the public.” One station is on 92.9 in the Dallas area; one station is on 95.5 located northeast of downtown Fort Worth; and one station is on 92.1 in Arlington.

DDXD-West
FROM THE VAST WESTLAND

October is here-- this DXer’s favorite month! It is the one month when perfect atmospheric conditions (to make life pleasant) and perfect ionospheric conditions (to make radio great) combine. Ahhh- watching great catches on the gridiron, getting great catches on the radio; raking leaves in the daytime, raking in stations at night-- you just can’t get much better than this!

We were part of a wide-spread power outage in Madison on the night of 9/20 which lasted a good 1-1/2 to 2 hours. When the power went off, I instinctively grabbed the trusty GE SRIII, as always loaded with fresh batteries for just such occasions. From a QRM standpoint, it was like turning back the clock many years-- so quiet and clean, no noise, no buzz. When the power came back on, the difference was instantly, dramatically noticeable. What great “progress” the age of electronic gadgetry has brought!

You can tell that we are on the late summer/early fall timeline. Neil Kazaross has checked in with some amazing stuff captured by his phased BOG system, this time from his home in Barrington IL. Kaz drops this note along with his loggings: “If I can catch new WPPI 1010 and a few needed graveyarders I will have Minnesota completed here on AM.” Gopher it, Kaz! Read his three new Minnesota AM logs in the “Regular Loggings” section below. By the way, as Bill Hale reports in this week’s AMS, WPPI is a new station that has just gone on the air. So, it is just a matter of time before Kaz adds this one to his logbook.

A reminder: there will be no DDXD-West in DXN issue #76-3 next week. We will catch up in #76-4.
Also, PLEASE get your e-mailed loggings into me by Thursday at 1300 ELT if you expect them to appear in the next published issue. Any late submissions will have to wait until the following issue. Due to personal circumstances I can only spend a minimum amount of time on Friday meeting the deadline that I must meet. Finally, as announced in previous issues I will be leaving the DDXD-W editorship at the end of 2008. Interested in taking over? Want to talk about it? Drop me a line. CUN14! 73 Bill

Station News

560  WIND IL Chicago. Added Salem Radio’s Mike Gallagher weekdays at 1306-1500 9/15 per Radio-Info.com, replacing Laura Ingraham. (DP-HI)
560  KLVI TX Beaumont. Things are slowly returning to normal along the Gulf Coast of Texas in the aftermath of Hurricane Ike’s landfall 9/12. In a 9/21 posting on the NRC list Scott Fybush reported on the woes that KLVI faced following Ike’s visit: “…it got good and flooded out-- water up to three feet deep across some of the site, and nearly two feet in the transmitter building. That delayed access to the site, and for a few days KLVI was operating at reduced power from a 1 kW transmitter and short whip antenna at an alternate site.” Scott went on to say that the station returned to full power at its licensed site on 9/21. Then on 9/23 Willis Monk on the IRCA list reported a rare mid-evening logging of the station at his listening post in Old Fort TN. This prompted Glenn Hauser to speculate that the station, normally U2 5000/5000, was temporarily running non-directional nights “…in order to get back on the air ASAP.” The next night I tuned in to 560 and found KLVI making a very rare evening appearance here (see “Regular Loggings” below). (Ed.-WI)

580  KSAZ AZ Marana. Per Tucson Weekly, station switched from adult standards to Citadel’s “Real Country” format 9/1 per Radio-Info.com, which would indicate a format shift from Spanish variety. (DP-HI)
590  KPZA AR Hot Springs. Added Laura Ingraham 9/15 per Radio-Info.com, which would indicate a format shift from Spanish variety. (DP-HI)
620  KHNU HI Hilo. 9/6 2017. “Honu 62” now noted with stronger signal, indicating the synchronous relay in Kalaoa is probably back on. Heard with “Motorcycle World,” followed at 2100 by ABC news then “The Allen Hunt Show.” However on 9/20 I heard Kim Komando in the 1907-2100 timeslot. Incidentally, station adds Doug Stephan’s “Good Day USA” per Radio-Info.com. (DP-HI)

660  KSKY TX Balch Springs. Added Salem’s Mike Gallagher weekdays at 0706-1000 and Dial Global’s Neal Boortz at 1006-1200 9/15 per Radio-Info.com. (DP-HI)
670  KMZQ NV Las Vegas. Per Radio-Info.com, station signed on (see last week’s AMS #76-1 Ed.-WI) with less than its authorized day power of 30 kw (600 watts night). Format is classic hits (rock of the ’70s and ’80s) and is partly relayed on sister station KMZQ-FM 99.3 in Payson AZ. Slogan is “The Q.” (DP-HI)

790  KBME TX Houston. In the same post as KLVI 560 above, Scott Fybush revealed that KBME also had difficulties following Hurricane Ike, and at the time of the post was operating on generator power at its transmitter site. No word as of
this column’s deadline as to whether things were back to normal at the station. (Ed.-WI)

970 KCMD OR Portland. According to an 8/13 post by Dennis Vroom on the IRCA list, this station has changed its slogan to “The Talker,” ex-“Solid State Radio.” This is confirmed on the station’s website http://www.970.am. Please change your 29th AM Log, which lists the old slogan. (Ed.-WI)

980 KRTX TX Rosenberg-Richmond. Per Radio-Info.com, station has been sold by Univision to Aeluleya Christian Broadcasting, which owns two stations that air SS contemporary Christian music. Format at sale was Tejano. (DP-HI)

990 KHBZ HI Honolulu. Added Laura Ingraham weeknights at 0107-0400 9/16 per Radio-Info.com, moving from KHNR 690. KHBZ also no longer airs Fox Sports Radio programming. (DP-HI)

990 KAYL IA Storm Lake. Has changed formats to regional Mexican “La Gran D” ex-sports, according to IRCA’s DX Monitor of 9/27. Thanks to Don Kaskey on the IRCA list for bringing this to our attention. (Ed.-WI)

1050 KCAA CA Loma Linda. Per Riverside Press-Enterprise, station brought back Citadel’s Don Imus (born in Riverside) 9/1, airing weekdays 1200-1400, pushing Ed Schultz to 1406-1500. KCAA was Imus’ last affiliate in 2007 when he was with Westwood One. Imus is also heard in the region on KABC 790, KTMS 990 and KVEN 1450. (DP-HI)

1070 KNTH TX Houston. Added Salem’s Mike Gallagher weekdays at 0906-1200 9/15 per Radio-Info.com, replacing Laura Ingraham. (DP-HI)

1170 KCBQ CA San Diego. Added Salem’s Mike Gallagher weekdays at 0906-1200 9/15 per Radio-Info.com, replacing Laura Ingraham. (DP-HI)

1170 KJOC IA Davenport. Per Quad City Times, station known as “Super Talk 11-70” flipped from conservative talk to Scott Shannon’s “True Oldies Radio.” Station last aired oldies in the late ‘80s as KSTT. KJOC will still carry Chicago Cubs games and Iowa State University sports. (DP-HI)

1180 KORL HI Honolulu. 8/23. Noted for first time being relayed by an FM translator, K268BE, on 101.5 MHz, with usual ethnic fare. FM callsign was mentioned during legal ID (though usually after the top of the hour). Strong in most of Honolulu but mixing with KAOY-FM Kealakekua, Big Island in East Honolulu. Station website also lists the translator. (DP-HI)

1260 KGIL CA Beverly Hills. Per Orange County Register and website lradio.blogspot.com, station (along with XESURF 540 Tijuana) added Laura Ingraham weekdays 0907-1200 9/8, moving from KRLA 870. (DP-HI)

1290 KUOA AR Siloam Springs. Per the Herald-Leader, station flipped from C&W to sports 8/11, using the slogan “The Hog.” Local sports will air 0800-2000 weekdays with Sporting News Radio the rest of the airtime. Station will also move studios to Springdale while the transmitter stays at John Brown University. Station also plans to be relayed on FM 105.3. (DP-HI)

1300 KYNO CA Fresno. Per Fresno Bee, station has been sold by Spanish Catholic Radio, with the new owner switching format to mostly conservative talk (Imus, Dennis Miller, Dr. Laura, O’Reilly, “Larry King Live”) 9/2. (DP-HI)

1300 KKOL WA Seattle. Added Salem’s Mike Gallagher weekdays at 0906-1200 9/15 per Radio-Info.com, replacing Laura Ingraham. (DP-HI)

1310 KXAM AZ Mesa. Added Laura Ingraham weekdays at 1207-1400 9/15 per Radio-Info.com, moving from KKNT 960. Station slogan is “Independent 13-10.” (DP-HI)

1330 KJLL AZ South Tucson. Per Inside Tucson Business, station re-adds Don Imus 9/2, airing live 0600-0900. (DP-HI)

1340 KBNW OR Bend. Per Radio-Info.com, station signed on with newstalk and was being simulcast on KWILZ-FM 96.5. However, the FM has been cleared to move from nearby Warm Springs to the Portland suburb of West Linn, probably ending the relay. Per station website, slogan is “News Radio Central Oregon.” (DP-HI)

1340 KWOR WY Worland. Adds Doug Stephan per Radio-Info.com. (DP-HI)

1360 KKMO WA Tacoma. Per Puget Sound Business Journal, station dropped the “Radio Sol” format for the “El Rey” regional Mexican sound like its Portland OR sister
station KRYP-FM. Owner Salem plans to sell the station. (DP-HI)

1420 WQBC MS Vicksburg. Per Vicksburg Post, station dropped Christian talk “The Word” 9/1 for ESPN sports “Real Radio” through an LMA. Station is located on Porters Chapel Road. (DP-HI)

1430 KZQZ MO Saint Louis. 9/21 2000. “AM 1430 the Crazy Q” slogan ID by a male announcer. Fair signal. I had to plug the slogan into Google to find out the callsign ID for the station as they didn’t do a ToH ID that I heard. (GH-IL) Indeed, this station seems to go by several different slogan IDs. I have heard it use the slogans “Cool Oldies 1430 AM,” “the new KZQZ” and, during its legal ID, “Your First Amendment Station.” News is from CNN (please update your 29th AM Log), and in Top 40 ’60s style is presented at five minutes before the hour. (Ed.-WI)

1440 WPRS IL Paris. Per Radio-Info.com, station adds Doug Stephan’s “Good Day.” (DP-HI)

1450 KVEN CA Ventura. Per Ventura County Star, station replaced its morning show with Don Imus and switched to a satellite oldies service. (DP-HI)

1520 KMSR ND Mayville. 9/21 2030. Fair to good signals with ESPN sports, then into local weather and ads. Heard KMSR ID. NEW calls now in use. NEW (SA-MB)

1560 KTXZ TX West Lake Hills. Per Austin American-Statesman, station switched from SS rock to Tejano 8/29 at 2300, and will soon simulcast on low-powered K236AY FM 95.1. The format had been gone from the market for three years, when the station’s new owners sold KTXZ the first time around to the now-previous owners. (DP-HI)

1570 KUAU HI Haiku. 8/29. According to Pastor Ron of station owner King’s Cathedral, who used to work at the main church in Kahului, Maui, the station has relocated to a new tower (I think sharing it with KNUI-900) and will return to the air when there’s money for a new diplexer, probably later this year. (DP-HI) (Station is listed as silent since 7/07 in the new 29th NRC AM Log. Watch for its return in a future AMS. (Ed.-WI)

1570 KSXT CO Loveland. Back on the air around 9/24, give or take a day, after a silence of several weeks. Same call letters but format is now Catholic programming, ex-sports. (JW-CO)

1640 KBJA UT Sandy. 9/22 0000. Out of SS music with full legal ID in SS and “Super Radio” slogans. This obviously is not all SS:NWS/TLK as previous reported and listed in the LOG. They had a morning man/woman talk show after 0800 but overnight was all SS Music. (WH-CO)

1680 KGED CA Fresno. Is in the process of changing formats from adult standards “Legends 1680 AM” to the SS religion format (“Radio Guadelupe”) formerly on KYNO 1300 (see Dale Parks’ item on KYNO above). For now the new format is on at 8-10 AM and 3 PM-12 midnight weekdays and all day on the weekends, with “Legends 1680” filling the rest of the time. Within a couple of months the SS format will be full-time, according to the Fresno Bee. This will be the third format this year for the station-- from Radio Disney (as KAVT) to “Legends 1680” to SS religion. Thanks to Paul Walker on the NRC list for bringing this change to our attention. (Ed.-WI)

Presumed, Tentative, UnID

1300 WOADt MS Jackson. 9/21 2058-2103. Fair to good with Gospel. Unfortunately, faded right at the top of the hour so I missed the call letters. Mostly in the clear except for an unID with ESPN. (JEL-MO)

1620 KSMHp CA Auburn. 9/20 0600. Presumed, mentioning “Immaculate Heart Radio” and with religious programming. Under KOZN and WTAW. (WH-CO)

Regular DX Loggings (times in ELT)

560 KLZ CO Denver. 9/16 2233. Fair to good, in well thru local WIND phase null, with contemporary Christian music and ID as “560 the Light.” (NK-IL)

560 KLVI TX Beaumont. 9/24 2159. End of a sports talk show into legal ID: “It’s 9 o’clock at Southeast Texas’ number one news source KLVI-dot-com and NewsTalk 560 KLVI Beaumont-Port Arthur-Orange.” Fair in WIND null. Can’t recall the last time (if ever) I have heard this station mid-evening (as Glenn Hauser suggested in “Station News” above, it is quite possibly operating non-direc-

890 WAMG MA Dedham. 9/16 2300. Fair behind a phased WLS; with “890 ESPN” ID during break in ESPN programming. Likely on day rig. Very rare. (NK-IL)

890 CJDC BC Dawson Creek. 9/24 2237. Poor to fair under phased WLS, with C&W and a mention of Peace Country during a quick break. (NK-IL)

930 CJCA AB Edmonton. 9/24 2356. Poor to fair, atop with WAUR, phased with religious stuff and “930 the Light” ID. New ! (NK-IL)

950 KRWZ CO Denver. 9/6 2350. Excellent with entertainment quality for minutes at a time, burying my phased out local with fun oldies. “Cruisin’ Oldies 950” slogans. (NK-IL)

960 KFLN MT Baker. 9/24 2138. Good atop KMA and just prior to CFAC fading in well. Local ads and ID into C&W music. This is an easy catch here and they don’t switch to night power on time, if at all. (NK-IL)

1060 CKMX AB Calgary. 9/24 2136. Fair to good atop KYW with “Classic Country AM 1060” slogan. (NK-IL)

1100 WZFG MN Dilworth. 9/16 2027. Good atop phased WTAM with “AM 1100 the Flag” ID and back into talk. New ! (NK-IL)

1250 WRAY IN Princeton. 9/19 2026. High school football, Princeton vs. Gibson Southern, with Princeton leading 6-0 after one quarter. Ad for Laura’s Catering (with an 812 area code) and a State Farm agent, into legal ID: “Tiger sports are on WRAY 1250 AM Princeton, ” then to second quarter action. Poor to fair with only slight WSSP QRM. NEW! Located in Gibson County in the southwest corner of the state, WRAY is a (Central time zone) Vast Westland station! (Ed.-WI)

1260 CFRN AB Edmonton. 9/24 2207. Poor to fair atop mess with ad for some local hockey league in Edmonton, then into NHL hockey coverage. New ! (NK-IL)

1300 WNQM TN Nashville. 9/20 2355. New one here. On top of local KAKC with SS vocal music, presumably religious. Nice ID at 2400 as “We are WNQM Nashville, Tennessee, ” then SS call letters “doble oo-eh neh-choo-eh may” into more SS vocals. I am smack dab in the middle of one of KAKC’s night pattern nulls mixing with Austin TX, usually at equal level in the null. WNQM dominating them tonight. Suspect they are still on 50kw day power? Also noted KAKC’s IBOC off tonight. (BW-OK)

1340 KDLM MN Detroit Lakes. 9/24 2357. Poor atop graveyard mess with call ID, and then back to Twins baseball. New !! (NK-IL)

1340 KVBR MN Brainerd. 9/25 0004. Poor atop graveyard mess with “Brainerd Business Radio KVBR” ID. New !! (NK-IL)

1410 KLFD MN Litchfield. 9/19 2113. Good well atop with Litchfield Dragons HSFB on day rig. (NK-IL)

1550 KRPI WA Ferndale. 8/26 2327. Poor to fair through the mess with Indian music and into Indian language talk. First time heard in three seasons. (NK-IL)

1560 KGOW TX Bellaire. 9/12 2100. Excellent; huge signal burying QWQ and WPAD. On day power with KPRC TV 2 coverage of the approach of Hurricane Ike. (NK-IL)

1560 KGOW TX Bellaire. 9/18 2306. Legal ID, ads for Furniture Works and Indoor Comfort Specialists, promos and a (non-sports) talk show with host Ken Hoffman. Plenty of “1560 the Game” slogan IDs too. As Kaz’s logging above reveals, this station was on air full 50kw day power on 9/12 relaying Hurricane Ike emergency information. Five days later, Glenn Hauser on the NRC list was reporting hearing them at suspected day power. This prompted me to try for them one night after Glenn’s post, and thanks to Glenn I logged them. NEW! (Ed.-WI)

1570 KAKK MN Walker. 9/24 2147. Fair to good. Tuned in to hear ID as “...you’re listening to Minnesota Twins baseball on KAKK Walker, ” and then some other station
mentions in ID. Rare (NK-IL)

1660 KTIQ CA Merced. 9/23 0001. Out of SS talk over KXOL and KQWB. “This is KTIQ Merced and” what sounded like KDOO and a garbled city. This one is New and taped for me! (WH-CO)

TIS, HAR, Etc.

New Sunspot

Spaceweather.com, September 22. For the first time in months, a significant sunspot is emerging on the sun. It is a fast-growing active region with two dark cores, each larger than Earth. The magnetic polarity of the sunspot identifies it as a member of new Sunspot Cycle 24. Because the year 2008 has brought so many blank suns, some observers have wondered if we are ever going to climb out of the ongoing deep solar minimum. The new sunspot is an encouraging sign that the 11-year solar cycle is indeed progressing, albeit slowly.

Unfortunately, all I have is the 2006-2007 affiliate list. I don’t want to post a list that is more than a year old. Does anyone have anything more recent?
IOWA HAWKEYES  Gary Dolphin, Ed Podolak, Rob Brooks
All I can find is a station map with calls and locations but no frequencies.Unfortunately, I don’t have the time to manually look up the frequencies for about 50 stations.Whoever put this “affiliate map” together obviously wasn’t thinking that the average listener wasn’t going to put forth that kind of effort, either!If anyone has the actual list, please send it in!

All I can find is a station map with calls and locations but no frequencies. Unfortunately, I don’t have the time to manually look up the frequencies for these stations. Whoever put this “affiliate map” together obviously wasn’t thinking that the average listener wasn’t going to put forth that kind of effort, either! If anyone has the actual list, please send it in!
