**36th Edition NRC Log – Sold Out!** Wayne Heinen reports that the 36th Edition of the *NRC AM Log* is now sold out. Work has already begun on the 37th Edition, which will be ready for the next DX season. Contact Wayne if you'd like to participate in making the next *Log* the best ever.

In the meantime, we will continue our updates to the *Log* weekly here in *DX News*. This is a good time to remind everyone that members can receive a weekly Interim AM Switch every week that *DX News* is not published – usually on Friday night or Saturday morning – on e-DXN.com.

**2016 DXers Gathering:** Hope you're planning to join the 2016 DXers Gathering September 9-11 in Kansas City. We're told that hotel rooms are filling fast, so make your reservations now. Tours are being planned now for KCMO-710, WHB-810, WDAF-TV-4, and the Truman Presidential Library and Museum. For more information, see the materials inside on page 6.

**From the Publisher:** With the DX season winding down, we'll have one more issue in three weeks, then monthly through the summer. Please be sure to check the deadlines listed below to ensure that your contributions are timely.

It's been great to see some new contributors, as well as our faithful regulars, in the columns over the last few issues. A diversity of tips from many reporters over a wide variety of areas means that more DX targets are identified for more members, and that makes everyone's participation and membership that much more valuable. So please, let us know what you're hearing.

If you're new to the club (or even if you aren't) and are wondering how to be more involved, please check out the *DX News* Submission Guidelines on page 35.

**FCC AM Revitalization:** The *Radio World* web site ([radioworld.com](http://radioworld.com)) has been covering many of the public submissions received by the FCC as part of its ongoing AM Revitalization project. In addition, Class C (graveyard) and Class D (daytime or less than 250 watts night) stations continue to receive priority authorization to buy any existing translator (on air or CP) and move it up to 250 miles, to be used only to rebroadcast that station for at least four years. Many of these

applications have been approved and some are already on the air, as you can see from this issue's AM Switch.

### From Radio Insight

*Hackers attack stations.* More details regarding the hijacking of the multiple stations’ audio have come to light. Furcast wrote a long accord of what happened on their end after they were tipped off to their content being heard on the stations. The hacker apparently used the Shodan device search engine to build a database of unsecured Barix devices which then broke into as many of the devices as possible and connected them to Furcast’s stream. When Furcast was made aware they cut off the stream and moved it to a new URL to prevent further access. ArsTechina also has a feature up on the event. The Michigan Association of Broadcasters published a report on how to further secure a Barix box including using a 24-character password and hide the web access to the box underneath a firewall.

Original Report 4/6: Some listeners of Always Mountain Time Hot AC "Lift FM" 106.3 KIFT Kremmling CO and other stations across the country got a surprise on Tuesday morning when the stations began airing the audio of an explicit podcast about furry sex. KIFT was not the only station to be affected. 104.3 KXAX-LP Livingston TX, an AM in Denver and a national syndicator that wished to not be identified were also affected by what seems like a directed botnet attack seeking access to as many public facing Barix while then locking out the stations. Engineers at the stations needed to do a hard reset of the devices to regain control.

## STATION NEWS

- 1550 WZUM PA Braddock** – 4/2 1200 – On their final day of Urban Contemporary Oldies with closing announcements by one of the two owners and voiceovers by NRCer Clarke Ingram then switching at 1200 to all jazz by a new group Pittsburgh Media hoping soon to have a simulcast FM at 101.1. **(JRM-PA)**
- 1650 CJRS QC Montreal** – 4/1 1800 – Financially struggling “Radio Shalom” ended Jewish programming at this time, but did not go silent as originally believed. Station remains on air, but with a format flip (or should I say conversion) to evangelical Christian! Apparently the CRTC’s license does not require CJRS to have an all-Jewish format and they aired some Christian programs on Saturdays (the Jewish Sabbath) and Jewish holy days. **(MKB-ON)**

## UNID

- 950 unID --** - 3/26 0658 – Most likely CKNB Campbellton, NB playing exact same song as heard on their web stream. However, could not recover any additional programming such as partial ID, news or weather tidbits to help to confirm because of WWJ. **(SC-IN)**
- 1120 unID --** - 3/24 1958 – In multi-station mix (WSME, WUST, WKCE, KMOX, unID ESPN, C&W and SS stations) with Morse code "III" (the letter I, not a number 1, though could be the Roman numeral 3) sent three times. **(KK-VA)**
- 1320 unID --** - 4/2 0721 – Briefly up in the co-channel with Kelly Price "Everything (Grateful)" then female black announcer, so someone Urban Gospel format. We can rule out WENN which just changed from this format to Oldies. **(TLK-FL)**
- 1580 unID --** - 4/3 0740 – Screechy female voice, CBS Sports Radio promo. Not WPMO, Pascagoula-Moss Point, listed as a CBS Sports affiliate, as their stream had a black female preacher (Sunday) and after 0800 was audible with black male preacher. Not parallel WCCF, Punta Gorda stream, either. There's a 1000 watt KXZZ, Lake Charles, LA listed as CBS Sports on the channel for what it's worth. **(TLK-FL)**

- WKTP TN Jonesborough** – 3/27 0000 – Lots of ESPN/ESPN 2 promos, promos for Mike & Mike show, "ESPN Tri Cities" slogan at 0019. Fair at times mixing with WAKR, WARV, WCSL and WIJK. (PS-ON)
- 1600 WAYC PA Bedford** – 3/28 0814 – Fighting off WAAM-Ann Arbor with Ad Council PSA for fatherhood, "1600 WAYC" ID into nostalgia instrumental. (MKB-ON)

## DX LOGS

- 540 CBK SK Regina** – 3/27 1210 – A good morning to the north, second Canadian station heard mixed with the Mexican here. CBK is heard regular here in Cedar Creek, Texas at different times of the year. **(JN-TX)**
- 560 KBLU AZ Yuma** – 3/26 1100 – Poor with ID "Newstalk 560 KBLU Yuma" into news. Stronger at 1134 with another ID. KFYI 550 IBOC was off leaving it possible to DX on 560. **(NJ-AZ)**
- 650 CKOM SK Saskatoon** – 3/6 0604 – First thing I caught was an man ending his announcement with "...on NewsTalk 650, CKOM," another short promo followed then ended with the same ID, next was a promo for the program *The Green Zone* "on NewsTalk 980 CJME, and 650 CKOM." All of this was heard through a quiet music segment (Coast-To-Coast) on KGAB. **(RV-TX)**
- 660 KTNN AZ Window Rock** – 3/23 0957 – Navajo and English announcements and ads; legal ID at 0959:55 "KTNN Window Rock - Tohatchi - Teec Nos Pos;" and into news from an unID network; Navajo drumming followed at 1003. Good/very good with local KLTT-670 (and its IBOC) briefly off. **(JW-CO)**
- 660 KSKY TX Balch Springs** – 3/6 0808 – In the *Hugh Hewitt Show*. BOH slogan ID announcement "660-AM, The Answer," followed by program promo and local/national ads, then another slogan ID "Dallas and Fort Worth's home for stimulating talk, AM-660, The Answer," then back to *Hugh Hewitt Show*. **(RV-TX)**
- 670 KBOI ID Boise** – 3/23 0807 – Weather, sports, ads; traffic and weather together at 0812. Fair signal; local KLTT was off the air. **(JW-CO)**
- 680 KKYX TX San Antonio** – 3/18 0936 – "Country Legends, KKYX, now in stereo on 104-9." Does "now" imply a recent addition? No, as of last August it's already in the NRC AM Log as // K285EU, 104.9, but it also shows stereo (and IBOC) on 680. If so, why does KKYX San Antonio TX imply it's not stereo on original AM frequency? Did they turn that off once they had the translator? BTW coverage of a 250-watt max FM translator is incomparable to a 50/10 kW low band AM station. As for IBOC, I have not noticed any noise from it peaking at 667/693. **(GH-OK)**
- 710 WAQI FL Miami** – 3/27 2149 – Poor; "en Miami" few times, LID. In next morning too. Atop. **(JJR-WI)**
- 800 CHAB SK Moose Jaw** – 3/28 0849 – Weather, pothole hotline, "Heritage Moose Jaw Minute" at 0850. Good on peaks, but 5 minutes later XEROK was on top. **(JW-CO)**

- 810 KSWV NM **Santa Fe** – 4/1 0831 – Popped on at 0831 with "Radio Que Suave desde Santa Fe AM 810;" two Latino songs were followed by another non-ID: "Broadcasting from the City of Holy Faith AM 810". Fair on peaks, thanks to local KLVZ being silent. (JW-CO)
- 810 KBHB SD **Sturgis** – 4/1 0846 – Ad for upcoming Angus bull sale, and other farm/ranch news; weather forecast; man with legal ID at 0900: "...this is the Voice of the Ranch, the Big 81 KBHB Sturgis - Rapid City;" ABC news followed. Fair/good with local KLVZ off the air. (JW-CO)
- 880 WIJR IL **Highland** – 3/18 2226 – Songs in Spanish dominate, ENE/WSW, and not much from KRVN even when aiming N. This is on DSB, but later I need to listen on LSB only, to avoid KHAC NM/AZ QRM which is on USB only. Soon hear non-IDs inserted between songs, as "La Tremenda 8-80 ... La Raza." (GH-OK)
- 900 CKBI AB **Prince Albert** – 3/28 0744 – Weather, ads, C&W music on "Today's Country." Fair with local KPOF-910 IBOC mercifully shut off. (JW-CO)
- 920 KKLS SD **Rapid City** – 3/26 0958 – Radar Weather, then "Stay tuned for more of Rapid City's Smash Hits;" a block of ads was followed by Oldies music. Generally fair with local KPOF-910 IBOC turned off. (JW-CO)
- 920 KXLY WA **Spokane** – 3/28 0758 – News, weather, ads, etc.; several ID's as "FM News Radio 100.3 KXLY 920;" legal ID at ToH and into ABC news. Signal up and down. (JW-CO)
- 960 KOVO UT **Provo** – 3/27 0655 – ESPN programming, "ESPN-960, KOVO, Provo" TOH ID then backs into sports. (RV-TX)
- 960 CFAC AB **Calgary** – 3/27 0754 – Surprised to hear this on my west EWE with many "Sports net 960 The Fan" IDs on top of the channel with fair to good signal with KGKL underneath weak. Last time I heard this was on Jan 25, 1987 from Central Queensland, Australia! (JN-TX)
- 980 KFWB CA **Los Angeles** – 3/27 0648 – In and out with Bollywood music and frequent ID announcements by woman for "Desi 9-80 AM", TOH ID announcement by woman "You're listening to Desi 980 AM, KFWB, Los Angeles-San Diego, Bollywood..." then back into music. (RV-TX)
- 1030 KCWJ MO **Blue Springs** – 3/20 0912 – "Real Country" non-ID and into "Louisiana Saturday Night" from NE/SW. Confirming recent NRC report that they have flipped to C&W by this slogan, ex-religious/gospel. (GH-OK)
- 1030 KCTA TX **Corpus Christi** – 3/24 2121 – Gospel from N/S, not nice: "may the Lord curse and abandon you," heavy SAH of 3.7 Hz with algo. 2129 ads for Mirador in Corpus Christi, and mergegospel.com; 2131:30 goes silent, or rather to the open carrier/dead air plus hum surges up as I have been hearing for the last three nights hours afterwards, as this 50 kW daytimer fails to turn off transmitter at sunset! Nor did they ID or say good-night, or anything. (GH-OK)
- 1070 KWEL TX **Midland** – 3/18 0907 – Call letter ID with mentions of 1070 AM, 107.1 FM, and kwel.com; area weather was next. Poor, mixing with KFTI in the null of KNX. (JW-CO)
- 1150 WEAQ WI **Chippewa Falls** – 3/29 0750 – Poor-in fade up /WHBY. 2 Eau Claire ads, Oldies. (JJR-WI)
- 1170 KYET AZ **Golden Valley** – 4/2 2201 – Man with legal ID: "Your only locally owned and operated classic country radio KYET Golden Valley" and back to music. Fair/poor with pest KFAQ off the air. (JW-CO)
- 1170 KOWZ MN **Waseca** – 4/2 2232 – Oldies music; canned "AM 1170" non-ID's between songs; ads with 507 area code; no call letters heard. Fair/poor with KFAQ off the air. (JW-CO)
- 1190 KQQZ MO **De Soto** – 3/19 2150 – KQQZ announcing that dead air is normally a no-no (really? witness my many logs of it from incompetent stations on MW and SW), but on this nonconformist station, a minute of silence is about to follow "in memory of our loved ones" (not clear if those were more clearly defined). "If

you tune to another station, don't come back, because we don't want you as a listener." Well, it's not totally dead, but a chime every 10 seconds from 2151:30 to 2152:3-. This is one of the Insane Broadcasting Company cluster almost owned by Bob Romanik "The Grim Reaper of Radio," "The Craziest Son of a Bitch you'll ever hear on the radio" to quote his own website, <http://www.kqqz1190am.com/GrimReaper.html> Obviously on 10 kW day power rather than 22 watts night. (GH-OK)

- 1240 KDSK NM **Los Ranchos de Albuquerque** – 3/11 0654 – 60's oldies into TOH ID"...you are listening to AM-1240, KDSK, Los Ranchos de Albuquerque...". and back into mx. //-93.7 FM. (RV-TX)
- 1260 KBSZ AZ **Apache Junction** – 3/18 0950 – Comedy routines, "Funny 1260" slogans, spot for Apache Gold Casino; mentions of website funny1260am.com. Occasionally fair but much fading. Local TIS was off the air (but is now back on again). (JW-CO) 3/27 1100 – Noted with open carrier only. This local has been totally off, or on with open carrier the past two weekends. Weekdays they have been broadcasting regular comedy programming. (NJ-AZ)
- 1260 KMZT CA **Beverly Hills** – 3/28 1004 – Fair with "KMZT Beverly Hills, Los Angeles." 4/2 1000 – With ID "This is KMZT Beverly Hills, America's Fine Arts and Classical Music Station...", " also heard K-Mozart slogan. (NJ-AZ)
- 1260 WSDZ IL **Belleville** – 3/28 0622 – Poor; traffic on I-70, I-44, I-44-E "on Friday morning" (heard on Monday!) An old traffic report, Yikes! 1260 AM the Answer over WNDE. (JJR-WI)
- 1260 KTRC NM **Santa Fe** – 3/28 0100 – ID: "You're listening to Santa Fe's Progressive Talk Station, 1260 KTRC." Fair over others, local KBSZ OC only. (NJ-AZ)
- 1270 KVMI CA **Tulare** – 3/15 0901 – Out of rock (religious?) music with legal ID at 0901 by female voice: "KVMI Tulare, K248BX Visalia - finally, a station made just for you - My 97-5" and back to music. Last heard as KJUG. (JW-CO)
- 1270 WLBR PA **Lebanon** – 3/31 0732 – Poor; time, ad 717-832-XXXX, time check, "WLBR" 3 times in news. PA #65 1270 #25 NEW! (JJR-WI)
- 1280 WBIG IL **Aurora** – 3/28 2116-2119 – Poor, over/under lots of UNID's with mention of Chicago Bulls Radio Network. Rare! Only the second time caught. They run 500 watts at night but have a major lobe in our direction. (JEL-MO)
- 1280 KZNS UT **Salt Lake City** – 3/27 0707 – Heard with NBC Sports Radio //-97.5 FM "The Zone." (RV-TX)
- 1320 KCTC CA **West Sacramento** – 3/23 1100 – ID at top of hour, into *Mike & Mike* ESPN program. Strong over KFNZ. (NJ-AZ)
- 1320 WFHR WI **Wisconsin Rapids** – 3/30 1946 – Poor; calls, ads for 5 mins, calls. No WILS, rare! (JJR-WI)
- 1330 KPTY IA **Waterloo** – 3/17 0752 – Rock music, canned ID as "The Cedar Valley's Party Station 107-3 The Party;" legal ID at 0802 as "...KPTY Waterloo-Cedar Falls 107-3 The Party" and back to music. Fair peaks but fighting it out with several others. A needed call change here, ex-KWLO. (JW-CO)
- 1380 KAGE MN **Winona** – 4/2 2021 – Poor; "Kay-Gee Country" in fade up. Not heard in while here. (JJR-WI)
- 1380 WDLW OH **Lorain** – 3/27 0610 – Poor; Lorain County/Elyria food drive. Alone. OH #89, #37 on 1380! NEW! (JJR-WI)
- 1380 WLRM TN **Millington** – 3/17 2142 – I'm checking for KRCM, Spanish gospel from TX, but instead hear English ad mentioning area code 901 a couple times. That leads to Memphis TN area, inhabited by WLRM, "Blues Southern Soul and More" per NRC AM Log; but not much to go on, tentative. (GH-OK)
- 1380 KRCM TX **Shenandoah** – 3/21 0859 – New multi-station legal ID for the Radio Aleluya network; there were about 10 stations mentioned, all FM except for KQUE-980 and KRCM-1380; KMIC-1590 was not on the list, which is strange since just a few days earlier they were the *only* station being mentioned. Fair/poor signal lately. (JW-CO) 3/25 2320 – Spanish hymn in ranchera style, loops SSE/NNW; 2321 live DJ outros as "Desde el Cielo Descendió" (he came down from heaven), takes request calls from pious "hermanas" to 713-589-1460, ID in passing "Radio Aleluya, buenas noches," 10:22 time check. Relaying KMIC-1590; dominant signal and obviously still on 22 kW day power instead of 43 watts night. Like so many gospel stations, they think they are "above the law." (GH-OK)
- 1390 KCRC OK **Enid** – 3/20 0853 – Local KCRC is open carrier/dead air except for some hum, then interrupted a few times per minute by one syllable or another (from ESPN?) breaking thru the silence; still same past 0902, and at 0907-0909 totally dead air. This should facilitate DX on adjacent frequencies, but no IDs for something peaking on 1400, and 1380 sounds like the usual KRCM Spanish gospel music from TX. (GH-OK)
- 1420 WOC IA **Davenport** – 3/18 2202 – Fox News Radio promo for its Facebook fan community, back to news; 2206 local weather attributed to KWQC TV6, which was originally WOC-TV, so this is WOC Davenport IA, no longer related?

Opening "from the WOC studios, another hour of healthy conversation." (GH-OK)

- 1430 KWST CA **El Centro** – 4/3 0900 – In very poor with "KWST El Centro" jingle ID, not much else heard. New logging. (NJ-AZ)
- 1450 KNOT AZ **Prescott** – 3/24 0903 – Good with AM & FM IDs into religious type program. Finally heard an ID for this one after many tries. (NJ-AZ)
- 1450 KQTE CA **Helendale** – 3/24 0923 – Fair with "Stevarino in the Morning on Q-T Radio 1450" into oldie. New catch. (NJ-AZ)
- 1450 KRZY NM **Albuquerque** – 3/25 0900 – ID "KRZY AM Albuquerque, New Mexico, ESPN Deportes." Poor through others on the channel. A surprise new catch. (NJ-AZ)
- 1460 WKAM IN **Goshen** – 4/2 2011 – Poor; La Raza SS music, as (semi local) WJTI ran open carrier through Sunday morning! FM translator 97.9 ok though, hi. (JJR-WI)
- 1460 KZUE OK **El Reno** – 3/30 0858 – Mexican music; legal ID at 0900:50 by heavily-accented guy: "This is KZUE 1460 AM El Reno, Oklahoma;" news in Spanish followed; signal disappeared soon afterward. (JW-CO)
- 1470 KSMM KS **Liberal** – 4/4 1000 – Legal ID near ToH: "...KODC Dodge City-Garden City, KSMM-AM Liberal 1470," followed by market report; back to music (Oldies) at 1004. Fair at best. A needed call change here, ex-KYUU. (JW-CO)
- 1470 KDHN TX **Dimmit** – 3/20 2321 – As I bandscan, promo for "AM 1470 KVHS," heard twice, and I'm pretty certain of the calls, but nothing listed. So I try Barry McLarnon's "fuzzy" search site via <http://topazdesigns.com/ambc/> and get a hit on KDHN, which is 500/140 watts in the panhandle, directional westward, but close enough phonetically and geographically to be feasible. (GH-OK)
- 1480 KBXD TX **Dallas** – 3/25 0900 – Basic LID at 0900, followed by Oldies, both pop and C&W; old-style "K-Box" jingles (KBOX was their call back in the 60's). Fair at tune-in but improved to good by 0915, with no sign of nearby KRAE. (JW-CO)
- 1530 KQSC CO **Colorado Springs** – 3/24 2105 – C&W segués from NW/SE, good signal, presumed KQSC. Now it's "Mountain Country" // 107.3 FM: <http://www.mymountaincountry.com/about-us>. (GH-OK)
- 1540 KMPC CA **Los Angeles** – 3/6 0753 – Korean programming to 0756 then into long station info and ID announcement, followed by US and ROK NA's. TOH time pips then EE ID announcement "50,000 watts maximum power, Radio Korea, AM-1540, KMPC, Los Angeles," then into more Korean programming. (RV-TX)
- 1550 WIGN TN **Bristol** – 3/29 0708 – Poor; no CBEF. Local ads, phone numbers ??? Ditch-Witch. (JJR-WI)
- 1560 KGOW TX **Bellaire** – 3/27 0759 – Suddenly up jest before TOH with promos for YSR, TOH ID announcement "...KGOW, Bellaire-Houston, a Gow Media radio station; Yahoo Sports Radio 1560," and then back into YSR. (RV-TX)
- 1580 KFCS CO **Colorado Springs** – 3/17 2145 – Gospel from NW/SE dominates, no doubt Colorado Springs under its latest format and call KFCS, and 10 kW day power past 2100 official sunset, instead of 140 watt night power; overcoming my semi-local 1580 KOKB Blackwell OK. (GH-OK) 3/25 0826 – REL program; national ad followed with ID by woman at 0831 "Thank you for listening to the all-new AM-1580, KFCS, Colorado Springs-Pueblo," followed by time and temp announcement, and back into another REL program. Call letter change for me. (RV-TX)
- 1600 WULM OH **Springfield** – 3/30 2012 – Poor with Rosary lost to possible KGYM and WAFS. "R. Maria" at 2027. Website fit. OH #90, 1600 #37 NEW! (JJR-WI)
- 1680 KRJO LA **Monroe** – 3/18 2159 – Open carrier/dead air, S9+15 atop the CCI, including WPRR, Public Reality Radio, Ada (Grand Rapids) MI, which gives a joint ID for WPJC which is 88.3 in Pontiac IL. The OC/DA loops NW/SE, and can't be anything but KRJO, especially since its music is missing as first noted March 17 at 0217, so has it been dead all that time, still so at 2304 March 18, some 45 hours later?? Is anyone listening closer to Monroe? Does anyone care since it became a mere appendage to an FM station? 3/19 2144 – Gumbo ad during LSU Sports, so KRJO has come back to life after days(?) of dead air, for something more important than mere music from FM sibling; 2145 singing ad for WCK, foundation repair, and back to baseball. 3/24 2100 – Gumbo ad, and sung ad for WCK Foundation Repair, exactly the same pair I heard 3/19 at 2144-2146, from KRJO during a base ballgame. 3/25 2325 – LSU Tiger baseball game vs Texas A&M, soon found to be // 1130 KWKH Shreveport with slight echo; and at 2328 same game also on 870 WWL New Orleans, "LSU Sports Radio Network", but

during ad break not //; or when game coverage resumes I find that WWL is running 14 seconds behind the others (so a quick bet could pay off against someone **cluelessly** listening to the delay). (GH-OK)

1680 KNTS WA Seattle – 4/2 2247 – Upbeat religious songs, ads, program notes, all in Spanish. Fair signal until 2300, when power was cut, so missed legal ID, if there was one. (JW-CO)

1690 KDMT CO Arvada – 3/24 2059 – “Denver’s Money Talk 16-90 AM” non-IDs twice until signal drops off at 2059.4\* without any call letters being heard. 2100 is indeed official FCC sunset time for March. Call changed from KDDZ (Disney) on December 8, 2015. (GH-OK)

### UNID

1150 UNID -- 3/18 0940 – Classic rock tunes dominate, looping NE/SW, rather than KSAL KS which would be N/S; 0942 ID amid tunes as “All News Radio” – huh? And then a gospel rock song; 0945 fading out but still not much from KSAL. Per KSAL web site they had news at the time, and are branded as News Radio 1150. For the music, possibilities are KHRO El Paso TX; closer KOLJ Quanah TX, supposed to be country classics; or even KRMS Osage Beach MO, news/talk. (GH-OK)

1700 UNID -- 3/17 2143 – Classic rock song in English; would assume any station playing music would now be KKLK Richardson TX, but they have been Tejano; diversified? The other TX and IA 1700s are sports or at least talk. (GH-OK) *Why not WRCR? – DY.*

Thanks to everyone. See you next time. (JDT-WA)

## Unreported Domestic Stations

Three more stations can be struck off the list of station not reported to DDXD since at least Volume 67 (1999-2000) ... one of them, WGLR-1280, for the sad reason that they are no longer on the air waiting to be logged, but two of them because they were reported this issue: KQTE-1450 and WSRW-1590. This leaves 445 active stations in the United States and Canada on the unreported list. The most recent full list was printed in Issue 82-20.

- 891 **ALGERIA** *Chaîne 1*, Ouled Fayet MAR 25 0040 – Big signal tonight from this apparent new transmitter. Political panel discussion with several mentions of Libya, Mubarak and Mujahadein. Woman seems to be host. This is overpowering anything on 890 kHz. [Wood-MA] MAR 25 0259 – Male Arabic vocal with reverb; to good peak. APR 1 0100 – Arabic news by woman; fair. [Connelly-MA]
- 909 **UNITED KINGDOM** *BBC Radio 5* synchros MAR 25 0300 – "Five Live Sport" mention; fair. [Connelly-MA]

- 1053.102 **LIBYA** *R.Libya*, Tripoli MAR 30 2350 – Brief fade up over band noise and adjacent channel splatter; recitations into brief Arabic talk. Very poor but you can tell it's there. I had read that this was supposedly recalibrated to exact frequency but definitely offset tonight. Algeria is in on 891 with a much better signal. [Wood-MA] APR 1 0100 – Male Arabic vocal; fair, on USB to dodge 1053.0 growl. [Connelly-MA]
- 1089 **UNITED KINGDOM** *TalkSport* synchros MAR 25 0301 – Man and woman with mentions of counter-terrorism strategies; fair. MAR 29 0300 – News about man taken into custody at U.S. Capitol in Washington, DC; good. [Connelly-MA]

- 1215 **UNITED KINGDOM** *Absolute Radio* synchros MAR 25 0301 – Greatest Albums of All Time contest promo; good. [Connelly-MA]

- 1404 **GREECE** Komotiki MAR 27 0400 – Interval signal followed by anthem; briefly strong. Thanks to Dmitry Mezin, Chuck Hutton, and Guido Schotmans of RealDX group for ID help. Guido notes, "The interval signal before the anthem is the long standing one from ERA, also used on short wave since I started DXing in the early '70s." {A} [Connelly-MA]
- 1512 **SAUDI ARABIA** SBC R.Koran, Jeddah MAR 29 0259 – Chanting; through WMEX slop. [Connelly-MA]

### PAN-AMERICAN DX

- 530 **CUBA** R.Enciclopedia, La Habana-Villa María MAR 20 0300 – Talk by woman, James Bond movie instrumental, samba theme, woman, "Transmite CMBQ, Radio Enciclopedia, desde la Habana, Cuba."; loud. [Connelly-MA]
- 539.84 **NICARAGUA** R.Corporación, Managua MAR 19 1115 – Man and woman chatter in studio with constant rooster crowing sound effects, into folk vocal 1118. Exceptionally good signal today. [Krueger-FL]
- 580 **PUERTO RICO** WKAQ San Juan MAR 28 0359 – WKAQ Cinco Ochenta ID; dominant. [Connelly-MA]
- 590 **CUBA** R.Musical Nacional, La Julia MAR 28 0400 – Woman with R.Musical Nacional ID; under WEZE. [Connelly-MA]
- 590 **DOMINICAN REPUBLIC** R.Santa Maria, La Vega MAR 25 0159 – Dominican anthem; mixed with WEZE. Many thanks to Andrew Brade, Neil Kazaross, Chuck Hutton, and Jim Renfrew of RealDX group for ID help. {A} [Connelly-MA]
- 630 **HONDURAS** R.América, La Ceiba//Choluteca MAR 19 1127 – Male news items, ID. Poor with local sunrise and storm noise approaching from the Gulf. [Krueger-FL]
- 630 **PUERTO RICO** WUNO San Juan MAR 25 0300 – NotiUno ID in fast Spanish news/talk; over WPRO. [Connelly-MA]
- 660 **MEXICO** XEDTL México, DF MAR 28 1203 – Mexican national anthem, 1204 woman with ID for R.Ciudadana; KSKY Dallas nulled as much as possible, but México DF is only about 30 degrees further clockwise, as this is the IMER station XEDTL, 50/1 kW (remember when 660 was commercial XERPM?), rather than Aguascalientes, Monterrey or Cd. Delicias which I hear more often. IRCA Mexican Log says XEDTL format is world music, the name meaning female citizen, but then goes into historical talk about the Castillo de Chapultepec and Santiago Hernández. Most of México including DF will not go on DST until Sunday April 3, whence the sign-on should shift to 1100 UTC. [Hauser-OK] The correct description for the XEDTL format – at least during main hours, when there's not "urban pop" or other music – is "citizen-produced". Every year IMER puts out a call for proposals for new radio shows for the station. There is a lot of music, but also programming like Mujeres a la tribuna, Enlace ciudadano, and Dimensión educativa. [Raymie Humbert, WTFDA Forum via DXLD]
- 680 **PUERTO RICO** WAPA San Juan MAR 25 0200 – Wapa Radio ID; over WRKO. {A} [Connelly-MA]
- 700 **COLOMBIA** HJCX, W Radio, Cali MAR 25 0200 – W Radio ID's; good. [Connelly-MA]
- 710 **MEXICO** XEDP Cd. Cuauhtémoc, Chih. APR 1 1218 – The Low-German preacher is intoning, which we know from long experience is coming via XEDP, 7000/100 watts, guess which? By now, except for 800 XEROK 800, it's the only northwest Mexican signal left on lowband. A few minutes later, 650 still bears WSM instead of XETNT. Enid sunrise today 1217 UTC. [Hauser-OK]
- 720 **MEXICO** XEJCC Cd. Juárez, Chih. MAR 20 1200 – National anthem, then ID including new "El Fonografo" slogan, and longtime address on Vicente Guerrero Avenue; a brief one-minute newscast at 1203 was followed by segued romantic vocals, with canned slogans after every couple of songs to 1228, when several PSA's were aired. Good peaks, mostly on top of KSAH, also in Spanish. [Wilkins-CO]
- 720 **NICARAGUA** R.Católica, Managua MAR 19 1119 – Inspirational words by female, then male, choral-orchestral vocal fill, ID, long choir vocal with constantly repeating lyrics, female ID again at 1126. Good. To be avoided and not confused with KSAH Spanish Christian programming when pointing the loop ~45 degrees that way. [Krueger-FL]
- 730 **CUBA** R.Progreso, La Fe MAR 28 0400 – Cuban anthem parallel 640, 650, 690, 720, 750, 900, et al.; over HJCU, others. [Connelly-MA]

- 739.95 **MEXICO** XEQN Torreon, Coah. MAR 21 1204 – Area news in progress, with Coahuila datelines; this was entitled "Fórmula Noticias Torreon;" local and national weather was presented at 1208; phone numbers of 204-51-46 and 204-51-47 were announced; tourism spot for El Cañon de Rio Lamenta in Chiapas. Generally fair on LSB, separable from the 740 group. [Wilkins-CO]
- 780 **VENEZUELA** YVMN *R.Coro*, Coro MAR 28 0401 – *R.Coro* ID and jingle; atop mess. [Connelly-MA]
- 800 **BONAIRE** PJB *TransWorld Radio*, Kralendijk MAR 25 0200 – Woman, "Transmite Radio Transmundial... desde Bonaire"; over others. [Connelly-MA]
- 800 **NICARAGUA** *Radio 800*, Managua MAR 19 1045 – Big signal and alone on channel with Spanish ballads, live male DJ ID 1047, station promo, Managua ads, into rustic folk vocal with accordion, listener phone calls patched in. Parallel live streams at [www.ustream.tv/channel/radio-800-nicaragua](http://www.ustream.tv/channel/radio-800-nicaragua) and [www.radios.co.ni/800-am/](http://www.radios.co.ni/800-am/) and oddly this Spanish domain <http://radio800.es/revista/> running nearly parallel time. [Krueger-FL]
- 810 **BAHAMAS** ZNS3 Freeport MAR 22 0935 – Religious program with male preacher. Good signal. [Beu-TX] MAR 28 0400 – Parallel 1540 with calypso music, talk, "It's midnight, do you know where your kids are?"; over WGY, others. [Connelly-MA]
- 810 **COLOMBIA** HCJY Bogotá MAR 22 0950 – Spanish news talk with man and woman announcers. Good signal. [Beu-TX]
- 840 **CUBA** CMHW *DobleVé*, Santa Clara APR 4 0401 – Over/under WHAS; choral national anthem followed by canned hourly ID. [Conti-NH]
- 910 **MEXICO** unID MAR 20 1104 – WTWD Plant City partially nulled, with this pointing northeast, nonstop Mexi-tunes. Presume Mexico, if so likely the Puebla or Jalisco state stations. Faded fast. [Krueger-FL]
- 970 **MEXICO** XEJ México, DF MAR 27 0600 – Mostly under WZAN and WFUN; choral national anthem, presumed XEJ still UTC-6. [Conti-NH]
- 980 **CUBA** COCO La Habana-La Cruz (El Sapo) MAR 20 1550 – Cuban soft rock, female, "Esta es la Co-co... la Habana" at 1559, back to vocals. Slight WRNE Gulf Breeze, FL present. [Krueger-FL]
- 980 **CUBA** *R.Reloj*, Moa MAR 18 1041 – Under COCO Cuba. [Krueger-FL]
- 990 **CUBA** *R.Guamá*, Pinar del Río MAR 28 0400 – Woman with *R.Guamá* ID, into Cuban anthem; over jumble of domestics. [Connelly-MA]
- 1030 **MEXICO** XEYC Cd. Juárez, Chih. MAR 19 0232 – Checking further into the *R.Fórmula* I heard still on this frequency, despite reports that XEYC had moved to 1460, as discussed previously. 1030 is all-talk, typical of *Fórmula*, someone on phone and someone in studio. This one is close to east/west, or WSW/ENE, which fits for Cd. Juárez. (Occasional interference from another Spanish station, yelling about inmigración, further south, perhaps *R.Centro*, DF.) 0252, welcoming a new caller, Gabriela, who talks about "la compañía petrolera." This is generally atop, but lots of interference. 0258 PSA by woman about Cámara de Diputados, how many women have been elected to participate, then called Cámara de Diputadas y Diputados. 0259 can't pull an ID, just "Colonia Centro" as location of station, which could apply to countless cities. I would not be surprised if local XEYC ID is never inserted anyway, just plugged into 970 XERFR in the DF networked nationwide. 0305 financial news items about employment rate improved in January, 17.77 exchange rate for peso/dólar. At 0313 ad/PSA? for Partido Verde; 0314 bit about Doña Lara's pollos fritos in Aguascalientes, along with la comida típica at Feria de San Marcos in Ags; finally, "en Radio Fórmula, México tiene sabor," reference to Grupo Fórmula website; no local ID's. [Hauser-OK] XEYC was originally licensed for 1460 when the concession was issued in 1949. A 2000 concession renewal says 1030, but not the 2010 renewal which has it back on 1460 kHz. <http://rpc.ift.org.mx/rpc/pdfs/090252648002bd9c.pdf> is the original 1949 license document, carbon copy from manual typewriter on yellowed paper, with various rubber stamps and punches. [Raymie Humbert, WTFDA Forum via DXLD]
- 1110 **CUBA** *R.Angulo*, Holguín APR 4 0400 – Under WBT; choral national anthem. [Conti-NH]
- 1300 **MEXICO** XEP Cd. Juárez, Chih. MAR 21 0423 – Government talk presumed 'La Hora Nacional', and also presumed XEP, usually 38 kW day power dominator here, so running this weekly show at 10 p.m. local MDT = CST/HCM as border city is already on DST to go along with El Paso. DST in the rest of Mexico does not begin until April 3 after two sesquiweeks of confusion. [Hauser-OK]
- 1320 **CUBA** *R.Artemisa*, San Cristóbal APR 2 1025 – Old Cuban folk songs, female announcer, ID. Parallel the very wobbly 1000 transmitter. RadioCuba list shows only *R.Rebelde* from this site, and an *Enciclopedia* and *Voz de Sagua*. WRTH 2016 lists it as *Ecos de Sagua*, and otherwise lists only a *Radio 26*. My list is the only one with *Artemisa*, and it has been here since at least 2000 when I first discovered it. [Krueger-FL]

- 1450 **CUBA** unID APR 2 1034 – Cuban-accented female fading up briefly. Several listed though. [Krueger-FL]
- 1540 **BAHAMAS** ZNS1 Nassau MAR 28 0400 – Parallel 810 with "It's midnight, do you know where your kids are?" followed by soul vocal; dominant. [Connelly-MA]
- 1610 **ANGUILLA** *Caribbean Beacon*, The Valley MAR 22 0933 – Religious discussion by woman. Very good signal peaks throughout the evening. [Beu-TX] MAR 25 0200 – Melissa Scott preaching; over Indian music Canadian. [Connelly-MA]
- 1610 **MEXICO** XEUACH *R.Chapingo*, Chapingo MAR 21 0137 – Very good signal with announcements by woman followed by American pop and jazz music. [Beu-TX]

*Don Moore progress report:* Since returning from Colombia I've been DX'ing SDR recordings made in Salento in central Colombia. My log, including numerous audio clips, can be found at [www.pateplumaradio.com/blog/colombiadx/colombia2016log.html](http://www.pateplumaradio.com/blog/colombiadx/colombia2016log.html). I still have over half of the Salento recordings to go through so I will be periodically adding more to this. Bandscans I did in several other locations can still be found in my main Colombia DX Blog at [www.pateplumaradio.com/blog/colombiadx/](http://www.pateplumaradio.com/blog/colombiadx/). The plan is to combine all of this into one single log that will serve resource for DX'ers elsewhere looking for information on the region.

### TRANS-PACIFIC DX

- 774 unID MAR 28 1152, 1157-1202 – JBA carrier looping northwest/southeast and a weaker one on 747, 99% sure to be the NHK Japan superpowers, which are the prime transpacific MW DX beacons here. Thanks to neighbor Richard N Allen near Perry OK, who has been getting these the past few mornings, reminding us that they are back in season. I find no others in 9-kHz steps from 531 up to 1053 kHz, nor on 1548, where Australia recently made it to Michigan around same time. Interference from domestic stations can be intense, especially 740 KRMG Tulsa; and 780 KSPI Stillwater which started modulating at 1200 UTC. Enid sunrise today 1223 UTC. [Hauser-OK]
- 774 unID APR 3 1145 – Awake a semihour before local sunrise of 1214, so hasten to check for transpacific MW carriers. There is one here on 774, but repeated manipulation of the DX-398 finds it peaking from the west, not northwest, so instead of NHK Japan it's likely 3LO, 50 kW, ABC Melbourne, Australia; another detected at 1150, from west on 702, consistent with 2BL, 50 kW, ABC Sydney. [Hauser-OK]

### INTERNATIONAL NEWS

**BELARUS:** Kai Ludwig and BDXC report that the AM services of *Belarus Radyo* from Sasnovy on 279 and 1170 kHz were closed on April 1 [Dan Goldfarb, *mwmasts*], adding another nation to the silent MW countries list [[www.bamlog.com/darkcountries.htm](http://www.bamlog.com/darkcountries.htm)].

**NETHERLANDS:** The Catholic radio station *Radio Maria* has resumed broadcasts on 675 kHz after being silent since September 2015. Reported by [www.mediamagazine.nl](http://www.mediamagazine.nl), in September 2015 the station had to cease broadcasting as the operator of the medium wave transmitter in Lopik decided to stop the service. The antenna was dismantled in mid-September. *Radio Maria* was still heard in the Netherlands through a network of national commercial radio stations and through a number of regional DAB+ networks. *Radio Maria* has since renewed its medium wave license until September 2017 and resumed broadcasting from Aarle Rixtel in the North Brabant province with reduced power of 5 kW. Power will eventually be increased to 25 kW to improve coverage of the southern Netherlands and Belgium. Barry Finkel, Editor

Here is Major League Baseball (MLB) flagship information for the 2016 season from my Internet searches. Please send me announcer information (and corrections), as some of the web pages either did not list the announcer names or were definitely from last season (and maybe did not change for this season, but I have no way of knowing). And sometimes I cannot determine if an announcer is on radio only, TV only, or both. Any copyright statement on an mlb.com page is probably placed there automatically, even if the page content has not changed for the current season.

[http://en.wikipedia.org/wiki/List\\_of\\_current\\_Major\\_League\\_Baseball\\_broadcasters](http://en.wikipedia.org/wiki/List_of_current_Major_League_Baseball_broadcasters) has broadcaster information, and that web site has been updated for the 2016 season (last modified on 5 April 2016, at 04:38.).

In some cases I was not sure that the network list was for the 2015 season, as many lists were undated. If I found a list that had no definite 2015 date but differed from the list I found last year, then I treated the list as one for the 2015 season even though the list might be for last season but changed since I downloaded it at the beginning of the season.

Note that if a station streams its broadcasts over the Internet, I believe that the station cannot stream the baseball broadcasts because the Major League Baseball organization wants listeners to get a paid subscription via mlb.com.

Some of the stations are actually translators, and I might not list the stations' official six-character call letters.

On the mlb.com site for some teams, the announcers are listed under the "Roster" tab.

It is now time to begin collecting Minor League Baseball information; please send me what you can find. Thanks.

I did not find a URL that had this spanish language station.

The Brewers' web site lists Hecor Molina as a broadcaster but does list the Spanish-language station.

That will conclude the basketball lists for 2015-16. This season, I really had hoped to publish a lot more networks than just these and the three that appeared in Issue #10, but a lot of things going on with me personally right now got in the way of me devoting as much time as I had wanted to with the column. I hope things won't be quite so hectic during next basketball season. In the meantime, I should return in the fall with the first of the football networks for the 2016 season. See you then. 73 de RWD

## NOAA Space Weather Outlook

Issued April 4, 2016 – For the period April 4-30, 2016

Now at <http://www.swpc.noaa.gov/products/weekly-highlights-and-27-day-forecast>

Solar activity is expected to be at very low to low levels for the forecast period.

No proton events are expected at geosynchronous orbit.

The greater than 2 MeV electron flux at geosynchronous orbit is expected to be at normal to moderate levels with high levels on 04, 06-10, 14-18, and 26-29 April in response to recurrent coronal hole high speed stream (CH HSS) activity.

Geomagnetic field activity is expected to be at unsettled to active levels from 05-08, 11-15, 24-27, and 30 April with (G1) minor storm levels likely on 13-14 and 30 April and (G2) moderate storm levels likely on 12 April due to recurrent CH HSS activity.

# DX News Submission Guidelines

Most NRC members contribute to DX News by contributing to one or more of our columns. Each column has a volunteer editor who compiles information sent in by club members, or found through research or personal knowledge.

Station loggings and tips should be sent to Domestic DX Digest (for stations in the United States and Canada) or International DX Digest (for all other stations). DDXD in turn is divided into East and West columns, with the line between the Eastern and Central Time Zones as the boundary. By longstanding custom, DDXD uses Eastern Local Time (meaning EST or EDT, depending on the season) and IDXD uses Universal Time (UTC). These columns run in every issue of *DX News*.

By and large, loggings should be current (usually not more than one month old) and should give some details of the logging. The goal is to provide a tip that fellow DXers would find helpful in hearing the station themselves. Loggings should be of unusual or rare stations for you. For DDXD, loggings of 50 kW “clear channel” stations within 600 miles or so, or stations you hear on a regular basis, should not be submitted. The rule of thumb is to report a domestic station not more than once a year. However, station news such as changes in format, call sign, patterns of reception, etc., can justify exceptions to these rules of thumb.

Your editors will very much appreciate it if you submit your loggings in the format you see here in print in *DX News*. For example, dates should be “4/14” in DDXD and “APR 14” in IDXD. The more time editors spend changing each of your loggings that say “4-14” or “04/14,” the less time they have to focus on the content of the column (and the more irate they’ll be when they see your next submission). Please try to keep abbreviations to a minimum; many *DX News* readers are not native English speakers. Ham abbreviations (other than QRM for man-made interference, e.g. other stations, and QRN for naturally occurring interference, e.g. static, which seem to be common usage among DXers) should not be used – your publisher is particularly not fond of “OM” and “YL,” not to mention “XYL,” which strike him as a bit dated and sexist for use in print these days.

Stations that still “verify” receptions with written or electronic responses to DXer reports are reported to Confirmed DXer (published every two months).

The next major group of columns are station news columns. AM Switch is a weekly column that includes official station changes from the U.S. and Canadian licensing authorities and format, slogan, network, and relay station information to update your *NRC AM Log*. This column was edited for many years by Jerry Starr and then by Bill Hale, but hasn’t had a formal “editor” since September 2012 – the publisher combines information researched by several different members. Members with information to contribute can send it to the publisher directly, or to Wayne Heinen, the *NRC AM Log* editor. Stations carrying professional and college sports networks are updated each year in Pro Sports Networks and College Sports Networks. Other network lists are published from time to time. If you run across a list (or even a URL to an online network list), please send it to the publisher.

Fifty years ago, most of *DX News* was devoted to Musings of the Members, edited for many years by the late Ernie Cooper, with narratives from each member about recent loggings and other activities. Today, Musings is rarely used to report loggings, but we still encourage members to write in about their DX activities and comment on the hobby and the club. Active debate and discussion is good, but please keep it DX-related. Virtually every political and personal viewpoint can be found in the NRC, but we have many other places to debate those things. Here, we share the hobby of DXing, and even if we differ on other matters, we can be brought together by radio.

We also run a number of achievement columns. Graveyard DX Achievements has mileage records for the stations on the local or “graveyard” channels of 1230, 1240, 1340, 1400, 1450, and 1490 kHz. These are maintained online (at [www.nrcdxas.org](http://www.nrcdxas.org)) and updated in *DX News*. Domestic DX Achievements and International DX Achievements report total stations heard and/or verified by members. The publisher maintains these totals and runs them in *DX News* as space is available.

Finally, DX Toolbox is a (more or less) monthly column with tips on DX strategies, web resources, and other miscellaneous topics. SDR loggings that are too old for DDXD or IDXD but are nonetheless of general interest can be reported here.

*DX News* also includes feature articles on DXpeditions, technical topics (receiver reviews, antenna design, propagation theory, etc.), radio history, station profiles, DXing techniques, and anything else that may be of interest to the MW DXer. Material for publication not falling into any of our columns should be sent directly to the publisher. In general, you should not try to make your submissions “camera-ready” for publication – use minimal formatting and we’ll take it from there.

If you’d like to contribute to a column, but aren’t sure how to do it, you can always contact the column editor first for suggestions. Or you can contact the publisher – preferably by e-mail at [NRCDXNews@gmail.com](mailto:NRCDXNews@gmail.com), or by regular mail too. Participation and contribution by the members are always welcome ... we hope to see your DX news in *DX News* soon!
