NRC AM Radio Log 39th Edition Is Now Available

The 39th edition of the *AM Radio Log* is the authoritative source for information on AM radio stations in the United States and Canada. The *Log* contains 302 pages of data and cross references and 12 pages of instructions in 8-1/2" x 11" size, 3-hole punched, U.S. loose leaf format. This publication fits nicely into a 1" three-ring binder. 10,000+ updates since last year's 38th Edition of the *Log*! New for this year is a cross reference by State/ Provinces in frequency order. This list is ideal for targeting needed areas. Additional reference lists include call letters of FM simulcasts with the AM Stations listing, listings of regional groups of stations in the groups section (separate section of the *Log*), a cross reference of those stations that are licensed to use IBOC (In Band On Channel) digital audio, and a comprehensive list of FM translators that are now simulcasting with AM broadcasters.

From Radio Insight

1450 KYLW – 1490 KBSR Lose Licenses

Rich Solberg's Sun Mountain Inc. has had the licenses for 1450 KYLW Lockwood and 1490 KBSR Laurel MT cancelled by the FCC.

Connoisseur Media filed a Petition for Reconsideration to the station's license renewals in August 2017 alleging with photographic evidence that there has not been a tower at the licensed site of KYLW since March 2016 nor at KBSR's licensed site since October 2013. While Sun Mountain disputed Connoisseur's standing to file a petition it never argued against their claims. The FCC then requested Sun Mountain provide evidence to the station's operational status which was met with a request for an extension of time until October 8 to reply, but then never did.

The FCC did conclude that Connoisseur did lack the standing to seek reconsideration, however they was enough evidence to consider the arguments made through their own motion. The agency concluded that KYLW was operating from locations different than its STA or licensed facility since June 15, 2017 with photographs and airchecks from September 22, 2017 showing no facilities or audio signal. KBSR had operated from unlicensed locations between 10/2013 and 6/2017 with no antenna at the licensed site since October 2013. With neither station operating from an FCC licensed facility for over 365 days both licenses were considered expired.

This was not the first issue with facilities connected to those AMs. Edgewater Broadcasting had applied for and was granted a CP in 2016 to move 96.3 K242CI Casper WY to Billings rebroadcasting Sun Mountain Inc.'s 1340 KBSR Laurel MT where it was operating as AC "Magic 102.5." Connoisseur claimed then that K242CI and 104.5 K283CP (licensed to rebroadcast KYLW) had been operating illegally. Amongst Connoisseur's claims were that K242CI began operating in late 2016 but did not file for a license to cover until March, that the AMs had not operated for multiple years now and no tower constructed at the licensed site for either station, both translators were built at facilities not specified in their Construction Permit.

In its response Edgewater admitted that their contracted engineer Joshua Eversole built the translators on the wrong tower adjacent to its licensed one, but was unaware that the originating AMs were dark and immediately filed for Silent STA's for the translators. Eversole had been operating the translators with K283CP as "Wild 104" since at least November 2016. Since earlier this year the station had been part of "UpStream Media" which also included the three stations owned by Radio Billings and a local online portal. As of this morning, the station's web stream (which also included leased stations in Missoula, Great Falls and Kalispell MT) included KYLW in its top of the hour ID.

NBC Sports Radio Cutting Programming

NBC Sports Radio is cutting back on its programming starting January 1, 2019.

In a memo to affiliates, Westwood One states that it will continue to offer them 24/7 sportscasts at the top and bottom of the hour as well as the PFT Live with Mike Florio morning show live from 6-9am and a refeed from 9am-12pm eastern/6-9am pacific. Best of PFT with Mike Florio and Safety Blitz with Rodney Harrison will be offered to affiliates on Saturdays and a new "fast-paced, unique PM drive program focused on what matters to today's sports fan" afternoon drive show will debut in the 3-7pm slot.

Among the hosts being dropped are Newy Scruggs, Keith Irizarry, Mark Malone, and Dan Schwartzman from the weekday lineup.

NBC Sports Radio debuted in September 2012, but has struggled to gain affiliates. Its largest affiliate is Hubbard Radio's "NBC Sports Radio 1060" KDUS Phoenix.

- 550 KFYZ ND Bismarck – 11/30 0740 – Poor, with various North Dakota and Montana school mentions. "Phil Parker, K-Fire" alone! (JJR-WI)
- 690 CBKF1 SK Gravelbourg – 11/30 0738 – Poor, with solid FF at 30/9. "Canada" a few times. Basically alone. (JJR-WI)
- 710 KGNC TX Amarillo – 11/21 – In at 0659 with legal ID: ". . . The (word unintelligible) of Texas; 7-10 AM and 97.5 FM, KGNC Amarillo", and into ABC News. I had actually tried to phase it but since I had never reported it here . . . (RV-TX)
- 740 KCBS CA San Francisco – 11/24 – In at 0442 with 'news' segments (such as the right time to buy a Christmas tree), ID at 0644 after KCBS Traffic promo: "And that's why we're the traffic leader, 106.9 and AM 7-40, KCBS." and back into 'news' items. Full ID at 0500, including KFRC-FM; then CBS News. (RV-TX)
- 750 KMMJ NE Grand Island – 11/25 – Caught full ID by man at 0659 under partially-phased local KAMA which happened to be playing a light ballad sung by a light-voiced lady, "This is 7-50 AM, KMMJ, Grand Island, Nebraska . . .". Also mentioned FM 104.3 and online listening, and The Praise Network. Followed by network news. New one and lucky since KAMA normally plays a lot of Mexican banda and norteno music. (RV-TX)
- 800 KQCV OK Oklahoma City – 11/28 0710 – Poor-steady, with REL: 'Bott'. CKLW, dominant in 60s/70s, not in. (JJR-WI)

- 990 KAYL IA Storm Lake – 11/27 0815 – Suddenly in from out of nowhere, presumably at switch to day power, with Spanish pop music that overrode CBW for a couple of minutes. No ID heard, but KAYL is the only Spanish-format station on 990 that goes to day power at 0815 in November. That's good enough for me. IA #75 in the Iowa City logbook, which doesn't leave too many Iowa AMs – mostly in the northwest part of the state – left to log. (RD-IA2)

Spotty copy and not sure what followed. Should have been on 26 watts nite power . . . uh, I don't think so! New here, thanks to their cheating. AR #28. I think this the only 'W' station in Arkansas on AM. (JW-CO) [You are correct, Sir! I thought the reason for the “W” call was because the towers are on the Tennessee side of the Mississippi River. But alas, they are about two miles inside Arkansas – Ed.]

1800-0600 ELT

- 600 WSJS NC Winston-Salem – 11/20 1800 – Multi-station ID, Triad Sports Authority mention, Kernersville automotive ad, Charlotte Hornets game promo; good signal. Also heard a week earlier while in the car in Indiana. (KDF-IL)

- 780 KCEG CO Fountain – 11/26 2308 – Fair-to-good, under WBBM, with Alabama's "Southern Star" and Waylon Jennings' "Luckenbach, Texas". Confirmed by the playlist AND stream on KCEG's website, which was exactly 15 seconds behind. From Iowa City/Muscatine, this is probably my best logging out west on a Chicago frequency since hearing KDWN-720 in September 1994 (re: DDXD-W, Volume 62, Issue 3) and KBOI-670 in Oct. 1998. **(RD-IA2)**
- 980 KMIN NM Grants – 11/24 1911 – Dolly Parton's "I Will Always Love You", ID at 1913: "You're in K-mine Country KMIN 980", followed by a few ads, including the Owl Café; back to music at 1916. Fair/good signal, still on day power, maybe. Still good at 1940 re-check. **(JW-CO)**
- 1120 KTXW TX Manor – 11/28 1956 – Good, under KMOX, with ad for Strickland Christian School in Austin. Bits and pieces of legal ID at 1959 included "Proclaiming . . . KTXW, Manor-Austin". Confirmed via webstream, and undoubtedly on its 5600 watt day torch. **(RD-IA2)**
- 1190 KVCU CO Boulder – 11/25 2044 – After a few minutes of dealing with a mish-mash of WOWO, KDMR, and country music from either CFSL or a blatantly-cheating KQQZ, KVCU finally showed up at this time playing instrumental new age-ish music, but with a beat, almost like trance music. Definitely nothing else like this on the frequency, and confirmed via webstream. They missed their legal ID at the top of the hour, but it's college kids running the station, so I'll cut them some slack, for now. **(RD-IA1)**
- 1270 WQTT OH Marysville – 11/13 1800 – Oldies music, Tommy James song, ID with "WQTT 96.7" and "1270" mentions. Fair signal, with WKBF off the air. First time! **(KDF-IL)**
- 1380 CKPC ON Brantford – 11/27 2146 – Good, with weather forecast that included temperatures in Celsius, then into country song by a Canadian band called The Road Hammers. Confirmed via webstream. **(RD-IA1)**
- 1450 KATE MN Albert Lea – 11/23 2059 – Atop, with legal ID: "News, weather, farm, sports . . . great music . . . KATE, Albert Lea". **(RD-IA1)**
- 1490 WLFN WI La Crosse – 11/23 0034 – Atop, with clear "Today's Talk 1490 weather . . . " going into local weather forecast. Not new, but always an indicator of good openings to the north of eastern Iowa on the graveyard frequencies. **(RD-IA1)**
- 1600 WRPN WI Ripon – 11/27 2225 – Fair signals, fading in and out, with classic hits music. Gave ID as "Your Hometown Stations 93.1 and 1600". New format and translator in use. Checked the web site and it agrees with what I heard. **(SMA-MB)**

- 10/6 2247 - South Dakota State Jackrabbits college football. Relog.

- 1010 KSIR CO Brush - 10/5 2104 - Nice steady signal, under KIHU, with high school football: Sterling Tigers @ Brush Beetdiggers (opposing team's coverage was on KSTC-1230). Listed 280w nights. 562 miles. Relog.
- 1010 KTNZ TX Amarillo - 10/4 2359 - Instead of usual Spanish Catholic programming, tonight they were running English programming from KD JW-1360, even including an ID for both stations at the top of the hour. Just like KD JW, they seemed to be running day rig tonight. Crushing KSIR. Relog.
- 1020 KMMQ NE Plattsmouth - 10/5 2208 - Regional Mexican music, fading up over KTNQ; male announcer in Spanish: "la nueva 99.5 FM, patrocinado por Cricket Wireless". Relog.

- 1020 KDKA PA Pittsburgh - 10/5 2156 - Promo for morning news program “. . . on 10-20 KDKA Radio” followed by local ads. Poor, but steady signal, under KTNQ’s Dodgers baseball. New, PA #2.
- 1020 KWIQ WA Moses Lake North - 10/8 0847 - ESPN // KKRT-900. Relog.
- 1030 WBZ MA Boston - 10/5 2105 - Weak but steady signal, under KTWQ, on ENE wire. News, “WBZ news (time?).” by female announcer, followed by Kars4Kids charity ad (I always seem to hear that one on CBS-owned stations) and Red Sox update. 2246 miles. New, MA #1 and state #37.
- 1050 KMTA MT Miles City - 10/6 0807 - Very weak under CJNB, with Montana Outdoors Radio Show. 656 miles. Relog.
- 1050 CJNB SK North Battleford - 10/5 2144 - On top of channel, with SJHL minor league hockey: Battlefords North Stars @ Nipawin Hawks. Relog.
- 1060 KRCN CO Longmont - 10/5 2208 - Fair-good with CKMX, with Catholic talk // KD JW-1360. As usual, this sounded like much more than 111 Watt night power, but not as loud as I would expect if they were on 50 kW day rig. Relog.
- 1060 KBGN ID Caldwell - 10/4 2059 - Over KDUS, with ID: “10-60 on your dial, KBGN Caldwell-Boise”. Relog.
- 1060 KKVV NV Las Vegas - 10/5 2156 - ID and promotional message for upcoming open house at the station. Relog.

- 1060 KIJN TX Farwell - 10/5 0001 - Faded up under KFOY for full ID in Spanish. This daytimer is still staying on at night, but their signal is not as strong as last year. Relog.
- 1070 KATQ MT Plentywood - 10/5 2058 - High school football: Fairview Warriors @ Plentywood Wildcats. **Again on:**
 - 10/6 0906 - Way under KNX with Montana Outdoors Radio Show. This show starts with some unusual theme music, including a bit of the Andy Griffith Theme, which makes it very easy to check //signals. Listed 50 Watts nights (no PSRA). 818 miles. Relog.
- 1070 CFAV BC Victoria - 10/6 0705 - Faded up over KNX and XESP with news and local ads including Barclays Jewelers in Victoria. Relog.
- 1090 KMXA CO Aurora - 10/4 2359 - ID by female announcer, now using slogan “la suavecita”. Relog.
- 1090 KVOP TX Plainview - 10/6 0659 - “The giant of the Panhandle, KVOP Plainview and KICA Clovis”, so long-silent KICA-980 has apparently been bought (or leased?) by HPRN. After returning to San Diego, I checked with a DXer who lives in Clovis, and he says KICA is definitely still silent, but has new ownership so perhaps their return is imminent. KICA has been silent since about 2015, but somehow kept their license from being canceled after the previous owner went bankrupt. Relog.
- 1110 KEJL NM Humble City - 10/5 0818 - Announcement for St. Helena’s Parish Fair (a lot of Catholic parishes seem to be having fairs or similar events this month), and ad for business in downtown Hobbs. 5 kW daytimer with no known PSRA. What are they doing on at this hour? Relog.
- 1120 KETU OK Catoosa - 10/8 0658 - Male announcer: “97.9 FM la diferente, la que te prende”. 10 kW daytimer with no known PSRA. What are they doing on the air an hour and a half before sunrise? 1003 miles. Relog.
- 1120 KTXW TX Manor - 10/4 2059 - ID “KTXW Manor-Austin,” then mentioned some FM translators in the Hill Country, and slogan “Today’s Christian Talk”. City-of-license is pronounced “Mainer”. Relog.
- 1130 KSDO CA San Diego - 10/5 2156 - Radio Nueva Vida programming, ID. This station has been milking a 2500 Watt ND STA for years. Their coverage under the STA is much better than their coverage under their licensed power/pattern. Instead of sending their signal out to sea, they’re covering most of the American southwest. What incentive do they have for finding a new transmitter site and returning to their licensed power and pattern?

- 1130 WBBR NY **New York** - 10/5 2210 - Faded up, eventually overtaking usual pest KSDO, with a very nice signal. Bloomberg Radio programming, promo "The news you need, the names you trust, Bloomberg Radio 11-3-0, the Bloomberg business app, and bloombergradio.com. Bloomberg, the world is listening". New; NY #6.

- 1150 KSAL KS **Salina** - 10/5 2104 - Under KNRV's Radio Fórmula programming, with high school football: Salina Central Mustangs @ Newton Railroaders Railers. Relog
- 1150 KSEN MT **Shelby** - 10/5 2156 - High school football: Shelby Coyotes @ Simms Tigers (same game as KMON-560). Relog.
- 1150 KAGO OR **Klamath Falls** - 10/6 0659 - "Newstalk 92.9 and 11-50, KAGO and K225CW Klamath Falls". Relog.
- 1170 KYET AZ **Golden Valley** - 10/5 2144 - Level with KFAQ, with classic country music, "KYET AM Stereo 11-70". This sure didn't sound like 1 Watt night power, but when I checked my recording from 2200 I could hear them cut power. 265 miles. Relog.
- 1180 KOFI MT **Kalispell** - 10/5 2157 - High school football: Ronan Chiefs @ Columbia Falls Wildcats. Relog.
- 1180 WHAM NY **Rochester** - 10/5 0006 - Faded up over KERN and KOFI for a very fast "News radio 11-80 WHAM" ID. New, NY #4.
- 1190 KVCU CO **Boulder** - 10/5 2159 - Under CFSL and over KGBN, with eclectic music, "Radio 11-90 Boulder" and mention of 98.9 FM. This station seems to stay on day rig for a while after sunset. Their signal was huge while I was listening to KSVV earlier in the hour. Relog.
- 1190 KSVV KS **Beloit** - 10/5 2104 - Under KVCU's huge signal, with high school football: St. John's Tipton Catholic Bluejays @ Frankfort Wildcats. Listed 90 Watts nights. 853 miles. Relog.

- 1210 CFYM SK **Kindersley** - 10/5 2057 - Good signal, mixing with KHAT. // CJYM-1330 with ESPN coverage of baseball playoffs, relayed by Sportsnet network in Canada. Many Saskatchewan stations were carrying these games this weekend. Relog.
- 1220 KTMZ CA **Pomona** - 10/5 2145 - ESPN Deportes programming // KWKW-1330. An easy catch at the Border Inn, but I still don't have a solid logging from home. Listed 250 Watts nights. 403 miles. Relog.
- 1220 KHTS CA **Santa Clarita** - 10/5 2156 - High school football: Newhall Hart Indians @ Valencia Vikings. Relog.
- 1220 KDDR ND **Oakes**. 10/6 0058 - Halftime report for high school football: Oakes Tornadoes @ Strasburg-Zeeland Clippers, sponsored by The Butcher Block, Hills Cabinetry and Window Décor, Economy Oil, all in Oakes. Note the similarity to the game that was airing on KJCR! This game was also causing some confusion because the announcer was constantly giving score updates for "Corvallis" (not the more well-known Corvallis, Oregon, but Corvallis, Montana, just up the road from Hamilton, who were playing another nearby rival, Stevensville). 497 miles. Relog.

UNID

- 680 UNID ?? - 10/5 2111 - Under CJOB on NNE wire with classic rock. This was surely unneeded KKGR, operating on unknown PSSA power.
- 800 UNID ?? - 10/5 2210 - Under XEROK/PJB on ENE wire, female acapella version of Star Spangled Banner (seemingly the beginning of some kind of sporting event, which at this hour would seemingly have to be in the Pacific time zone). Male announcer mentioned "Huskers baseball" and maybe even "Hurricanes".
- 820 UNID ?? - 10/6 0702 - ABC News and network ads under WBAP on SESE wire, followed by talk or morning news program that played the Perry Mason TV theme. This would seemingly either be WWBA or possibly KWDP off the back-end, both of which are still needed here.
- 850 UNID ?? - 10/5 0005 - Under KOA on NE wire with audio clip of Tom Brady's 500th touchdown pass. WKNR and WEEI (both needed) are both listed as ESPN, but this clip did not come from the Freddie & Fitz show which was airing on ESPN stations at this hour. Strongly suspect WEEI, but either station would be possible, as WGY and CHAM were coming in at this time.
- 980 UNID ?? - 10/4 2358 - ESPN Deportes Radio coverage of American League baseball playoffs on EESE (Texas/Cuba/Venezuela) wire. The only listed ESPN Deportes affiliate on 980 is KTCR, still needed here, but I suspect this was probably just some kind of "overflow" situation where another station (perhaps KFWB?) was

contracted to carry the second playoff game (the other ESPN Deportes stations I checked were carrying the National League game).

- 1150 UNID ?? - 10/5 0257** - Underneath a station running Westwood One NFL Thursday Night Football. I heard another station (on the NE wire) running what seemed to be a completely different game.
- 1180 UNID ?? - 10/6 0156** - Huge signal over KOFI and 'Radio Rebelde' on the NE wire. Also logged:
 - **10/5 2203** - Huge signal over KOFI on the SSSE wire. EWTN programming. This was coming in on just about every wire. Almost certainly KLPF stuck on day rig, or has another station recently flipped to EWTN?
- 1200 UNID ?? - 10/4 2300** - Station noted on NE wire under WOAI running Fox News a few seconds ahead of WOAI. Only WKST and WXKS are listed with Fox news. This was the best night for receiving east coast clears (CFWM, WGY, etc.).
- 1230 UNID ?? - 10/7 0859** - Non-ID mentioned most of the cities in the 'La Estación de la Familia' network. Probably unneeded KDYM-WA (closer to main beam of NNW wire) but could be needed KRYN-OR.
- 1230 UNID ?? - 10/7 0859** - 3+1 time pips. Could be needed KWYZ-WA (likely on this NNW wire) or unneeded KYPA-CA.
- 1240 UNID ?? - 10/7 0659** - Under KTIK, ID sounded like "turn it up - KDFC". Seemed to go into Fox news. This was on the NNW (WA/ID/OR) wire.
- 1240 UNID ?? - 10/7 0858** - End of 'International Fellowship of Christians and Jews' program. The only affiliates listed on 1240 on the program's web site are in MS and TN, both impossible at this hour. This was on the NNW/SSE wire.
- 1240.17 UNID ?? - 10/7 2159** - For the last 2 years my EESE wires have been picking up a het around 1240.17, which must be KCRT, but I can never seem to get any audio from the station. This year when I tune up to 1240.17 I have a station that seems to mention "real country" at the top of the hour, which as far as I know is not KCRT's format.
- 1340 UNID ?? - 10/6 0005** - Mix of vacuous AC "I Wanna See You Be Brave" (perhaps the whiniest pop song ever written) and classic rock //1490 on NE wire which favored ND.
- 1340 UNID ?? - 10/7 0900** - A few minutes after my KIHR log, I have a possible "KBBR 13-40" ID at the top of the hour. Too mushy to be sure. Would be a new catch if I could get a solid ID.
- 1450 UNID ?? - 10/5 2228** - On the NNE (MT) wire, mumbly play-by-play announcer talked about a 3-point lead for the Ore Diggers, and frequently mentioned player #12, whose name sounded like Grayson McFarland (hard to be sure due to a few static crashes). Best match on web searches is the Montana Tech Orediggers in Butte, who must have been playing some other Montana team since there is no station on 1450 in the Butte market. **KMMS** ID was heard a few minutes later, so possibly them.
- 1450 UNID ?? - 10/6 2156** - On NE (ND) wire, with end of high school football game (so presumably Central time zone): Raiders defeated Falcons 40-0. This was also heard on the ENE wire earlier when it was 26-0. In both cases, the announcer mentioned the "Western Property Scoreboard" each time the score changed.
- 1450 UNID ?? - 10/8 0853** - On NNW (WA/ID/OR) wire, "highway 14-50, the road ___ country".
- 1450 UNID ?? - 10/8 0905** - On ESSE (AZ/NM) wire, instrumental version of Star Spangled Banner right after the end of the hourly news.
- 1490 UNID ?? - 10/6 0005** - Mix of vacuous AC: "I Wanna See You Be Brave" (perhaps the whiniest pop song ever written) and classic rock // 1340 on NE wire which favored ND.
- 1490 UNID ?? - 10/5 2213** - Faded up suddenly on ENE wire, with ad for Mall of America. KLGR and KXRA are about equally likely, and both are still needed here.

- 1521 unID NOV 28 2044 – KOKC Oklahoma City has a het upon it! Roughly 1 kHz, but I can't tell exactly on car radio and whether it's 1519 or 1521 kHz. Could the 2-megawatt Saudi be propagating this early? NOV 29 0044 – On NRD at home, het is definitely from 1521 kHz. SBC quit running all-night and should be off by now unless that has changed. Transatlantic carriers are certainly in now on a quick check of 1215, 1089, 882, 855, 774, 693 kHz. 1540 ZNS Bahamas has also been reported spurious circa 1521 and 1559 kHz. I've been asked to do a Musing on my adventures of DXing with KiwiSDRs, so I will try my best here. I first discovered these nifty little online avenues in December 2017 at the website <http://www.sdr.hu>. Found DXer Bob Hawkins near Edinburg, Indiana and used his KiwiSDR for several months to do BCB and LW DXing. As I'm sure many of you have already discovered, DXing with SDRs eliminates lots of QRM. In the case of Bob's SDR, the antenna he uses helps immensely with the longwave band. Near the end of September of this year, I was pleasantly surprised to find a new KiwiSDR from Muscatine, Iowa (29 air miles from my old QTH in Iowa City!) that had just been put online by Muscatine ham operator Allen Kiddoo. I hopped on it, spent lots of time on it, and sent a snail-mail letter to Allen thanking him for putting it on. We've kept in touch since. The great thing about the KiwiSDRs is their simplicity. Clicking on "buttons" on the control panel allows one to use options such as lower sideband and upper sideband, and you can also enter frequencies using a numeric field or by clicking on the waterfall display. Of course, much of what someone can expect to hear really depends on the antenna that the SDR operator uses. The Muscatine SDR is designed primarily for AM and SW bands, whereas the one from Edinburg covers pretty much everything from 200 kHz on up, and does it nicely. To connect to the Edinburg SDR, try this URL: 38.86.67.206:8073. For Allen's SDR from Muscatine, go to kt0tt.dynu.net:8073. 73 to all.

Greetings. All times and dates strictly UT. Rx: mostly DX-398 with internal antenna only or PL-880; NRD-545 with ALA-330S inside E-W or inside randomwire N-S; Nissan stock caradio as specified; or IC-R75 with E-W longwire.

Nov. 20, 1250 at 1348 UT, nulling KYYS (Spanish from Kansas City), I have a sports station in English, also roughly N/S, talking about "The Blitz," then an ad for Augie's Barbecue on Broadway, which leads to San Antonio, so KZDC, last logged March 2015. WOAI-1200 is also in at this time.

Nov. 25 at 2132, I am bandcanning on car radio at a quiet parking lot in western Enid, finding dead air again from KWPN-640, but some station is audible under – must be WOI, public radio in Ames IA.

Note that Glenn's reports have been edited for Musings format and space considerations. Glenn's full reports are available on the NRC Google group, other MW DX groups, or Glenn's own World of Radio iogroup.

Until the next, best of DX and 73 de Glenn

10 Years Ago – In the September 29, 2008 issue of *DX News*, Fred Vobbe submitted an opinion piece that began:

“Bumpy road for radio staffers Radio news and traffic service hit with a first round of job cuts – Opinion from Robert Feder, Chicago Sun-Times, via Fred Vobbe

“The idiots who’ve ruined radio are up to their old tricks again. This time around, the loss of jobs and destruction of localism has hit Metro Networks/Shadow Broadcast Services, thanks to sweeping cutbacks by parent company Westwood One.

“In Chicago, at least five on-air staffers were cut in the first wave of layoffs meant to reduce the company’s overall work force by 15 percent – or 300 jobs.”

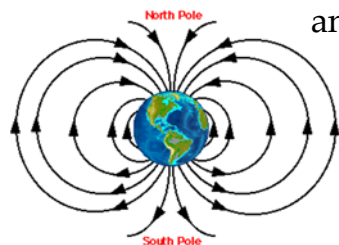

25 Years Ago – Computers continue to change the *DX News*. In the October 4, 1993 issue of *DX News*, Jim Renfrew wrote in International DX Digest, “With this first column in Volume 61, I am pleased to announce that I now have shifted to a computer (IBM PC Convertible) that uses 3.5” diskettes (two sided, double density). I have not yet learned how to copy files from large diskettes to small diskettes (and vice versa) as this rewires master of our new PS1...” Jim conquered the PS1, and the column continued to thrive.

50 Years Ago – In Volume 36, issue 1, a club merger was in the works. It is an interesting read about the history of MW radio clubs and a fun glimpse into how bulletins looked before computers.

“The friendly and spirited competition which has existed between IRCh and NRc (sic) for the past 5 years has served to stimulate both clubs to produce bigger and better DX bulletins. During this time, however, steadily increasing number of officers and embers i n (sic) both clubs have come t o (sic) doubt whether the MW DX hobby is actually large enough to support two sizeable organizations providing the same basic services and publishing considerable duplicate material. After lengthy and open discussion. The governments of both clubs have agreed that a merger of the two clubs is both practica (sic) and desirable. Such a merger w i l l (sic)not only help alleviate many of the specific problems currently facing each club but - and perhaps more important - will benefit the entire MW DX hobby.”

75 Years Ago – *DX News* was issued weekly and cost two dollars for a year’s subscription. Some scoundrel decided to cause trouble for a club member:

David Thomas, Proctorville, O. “Well here is the answer to my court suit. The court has held for the Plaintiff in the case of David Thomas vs J.W. Brooks. The defendants claim in the property involved in the action is barred and the plaintiff’s title is quieted as against any claim by the defendant. You see I was the plaintiff as I filed suit, do not know if more action will follow. Appeal through another court to not exceded I won in Common Pleas Court he may not take it on up. Already ran into considerable sum, when entire cost of damage would not have exceeded \$5, now cost both or us over \$100, and if he carries it on, still more, And all this over a radio aerial.terminal and one single cut wire.”
