WATERBURY, VERMONT

Waterbury Vermont

June 1, 1945.

Mr. Norman L. Maguire  
101 Hope St.  
Stamford, Conn.

Dear Sir;

This is to acknowledge the report of reception of WDEV that you sent to us. Your report of programs May 29, between 11:30 and 12:00 noon agrees with our program log, so I am happy to verify your report.

Your letter was of interest to us and I thank you for writing.

Yours Very Truly,

Harold M. Grout, Chief Eng.

Dear Mr. Maguire:

Received your letter reporting reception of WHWB and am pleased to send you this letter of verification.

The information concerning musical selections and announcements of WHWB from 4:32 A.M. to 5:00 A.M. Eastern Standard Time, are correct in every detail.

WHWB operates, as you know, on 1000 Kilocycles with a power of 1000 Watts. We are a non-directional daytime station, our transmitter is a Raytheon Model RA-1000-A and located about three miles Northwest of the City of Rutland, our tower is a 259 foot self-supporting Lehigh.

You may be interested in knowing that we have received thirty-one (31) letters and cards stating that they received us during the same period of time that you did. Sorry your reception was not clearer.

We have received reports from the following places - during the above period:

Jacksonville, Florida  
Lincoln, Nebraska  
Staten Island, N. Y.  
River Forest, Ill.  
Reading, Pa.  
Chevoygan, Michigan  
Mendota, Ill.  
Bypro, Ky.  
Wheeling W.Va.  
Cedar Rapids, Iowa

Providence, R.I.  
Cleveland, Ohio  
Camden, N. J.  
Bradford, Mass.  
Dubuque, Iowa  
Iowa City, Iowa  
Waterloo, Iowa (2)  
Spokane, Washington  
Charleston, Ill.  
Albuquerque, New Mexico

Westfield, New York  
Uniontown, Pa.  
Seymour, Conn.  
Erie, Pa.  
Baltimore, Maryland  
Paxton, Ill.  
Ponca City, Okla. (2)  
Ontario, Canada  
Fort Wayne, Ind.

You will notice that this letter is not coming from our Chief Engineer. I am going to answer them myself personally, as I know every one of you are anxious to have your report confirmed.

Thank you and lots of luck.

Yours truly,

CENTRAL VERMONT BROADCASTING CORPORATION

Albuquerque, New Mexico

Dear Mr. Maguire:

Thank you for your reports in regards to DX program from  
WIKE December 5, 1955.

Now that the Christmas rush is over, I have a chance  
to sit down and write these notes of appreciation to each  
of the many respondents.

I am sorry reception was poor. I am sure we would  
have had a much better showing if we had not experienced  
transmitter difficulties, which cut down our strength  
considerably. I would appreciate running another show  
at some future date and see if we can improve the reports  
from DX'ers all over the country. The best report we have  
ever received was from Albuquerque, New Mexico, a couple  
of years ago during a frequency check. If we did it before  
we can do it again.

Sincerely,

Donald A. Thurston, Manager

April 14, 1954

Mr. Norman L. Maguire  
1420 Columbia Drive N E  
Albuquerque  
New Mexico

Dear Mr. Maguire:

On March 22, 1954 WJOY ran a special DX program from 3:30 to 4:30 AM E.S.T.. The program consisted of march music and announcements. On this program I said that we would send a can of Vermont Maple Syrup to our most distant listener. Apparently that part of the announcement was under KERO at the time you heard us as you did not mention it. However, as your report had enough information to be verified and as our most distant report of the DX program came from you I am very pleased to inform you that we are shipping by Railway Express a can of Vermont Maple Syrup. It should reach you in a few days.

I am sure that if you have never used Vermont Maple Syrup you are in for a special treat. May I suggest that when you have your buckwheat cakes and sausage or your waffles that maple syrup is just the thing to add that extra flavor that makes you go back for more: or glaze your ham with syrup before popping it into the oven for the final glaze-it is really good.

Thank you for your report. It was very pleasing to know that we were getting out that far even though there was interference on us at times.

Good luck to you with your hobby. I know it can be a lot of fun as I use to do it myself.

Sincerely,

*Donald M. Wheatley*
