

This section lists the **M Street RADIO MARKETS** in the United States. In general, a station is included in a market if it is licensed to a city in that market or if the market is a primary focus of its marketing activities.

For each listing, the market name is followed by all states served, Metro populations, the M Street 2001 market rank (MST), the Arbitron Spring 2001 market rank (ARB), the Eastlan survey dates (if any), followed by AM and FM stations in dial order.

Metro population figures are based on the 12+ population estimates of Arbitron, if an Arbitron-rated market; or M Street, if the market is not rated. M Street rank is based on population estimates for the M Street-defined market area which is defined by postal zip codes, rather than counties. The market definitions of Arbitron and Eastlan are influenced by stations purchasing each company's rating services, and do not necessarily coincide with each other or with M Street.

Audience estimates are for persons 12+ Monday-Sunday, 6am to midnight, average quarter hour shares and persons from the Metro Survey Area. Ratings for each Arbitron market are from the most recent ratings period for that market. Eastlan survey dates are given separately for each market.

This year's directory includes Arbitron trend information. The column headers indicate the rating period, or "book: from which the numbers came. Here are our abbreviations, as well as the survey dates for each book:

"W01"	Winter 2001 Arbitron	January 4 - March 28, 2001
"F00"	Fall 2000 Arbitron	September 21 - December 13, 2000
"U00"	Summer 2000 Arbitron	June 29 - September 20, 2000
"S00"	Spring 2000 Arbitron	March 20 - June 21, 2000

If the market is measured by both Eastlan and Arbitron, the Eastlan share and AQH are listed in the last column. Trend data may not be available for all stations. Arbitron does not release rating information for non-commercial stations.

For more information on ratings and copyright information, see the **ABOUT RATINGS** section at the front of the book. Estimates are Copyrighted and may not be quoted or reproduced without prior written permission of the Copyright owner. For more information on the format descriptions for each station, see the **FORMAT CLASSIFICATIONS** section at the front of the book.

As with other sections of the book, **M Street RADIO MARKETS** are a condensation of data collected and are revised on an ongoing basis by M Street. Please call or write us with updates, corrections, or inquiries for customized applications of our market data.

It's Like a Search Engine for Prospects

The new and improved MapMAKER DirectSM examines your station's hot zips to uncover your best local direct and NTR opportunities quickly and simply. Here's how it works:

MapMAKER Direct Does the Searching, Your Staff Does the Selling

MapMAKER Direct matches your station's hottest zips with a built-in database of businesses to produce a hit list of your strongest prospects.

Break Free of Cost Per Point and "Top Five-Only" Roadblocks

MapMAKER Direct focuses the conversation on your station's power.

- Get prospects to "think outside of the CPP box"
- Blast past obstacles like "Top Five-only" dictates
- Capture more NTR and non-agency business

Key to markets section:

For each listing, the market name is followed by the Metro population, the M Street 2001 market rank (MST), the Arbitron Spring 2001 market rank (ARB), the Eastlan survey dates (if any), followed by AM and FM stations in dial order. All current Arbitron ratings are from the most recent ratings period for that market, which are shown in the first column.

Estimates are for persons 12+ Monday-Sunday, 6am to midnight, average quarter hour shares from the Metro Survey area. For more information on ratings and copyright information, see the **ABOUT RATINGS** section at the front of the book. Estimates are copyrighted and may not be quoted or reproduced without prior written permission of the copyright owner. Trend data may not be available for all stations. Arbitron does not release ratings information for non-commercial stations. For more information on the format descriptions for each station, see the **FORMAT CLASSIFICATIONS** section at the front of the book.
