

M STREET RADIO MARKETS

THE ULTIMATE RADIO STATION DESKTOP REFERENCE!

the RadioBook

2008-2009

Seventeenth Edition

www.theRadioBook.com

This section lists the **M Street RADIO MARKETS** in the United States followed by those in Canada. In general, a station is included in a market if it is licensed to a city in that market or if the market is a primary focus of its marketing activities.

For each listing, the market name is followed by, Metro populations, the M Street 2008 market rank (MST), the Arbitron Spring 2008 market rank (ARB), the Eastlan survey dates (if any) followed by AM and FM stations in dial order.

Metro population figures are based on the 12+ population estimates of Arbitron, if an Arbitron-rated market; or M Street, if the market is not rated. M Street rank is based on population estimates for the M Street-defined market area which is defined by postal zip codes, rather than counties. The market definitions of Arbitron and Eastlan are influenced by stations purchasing each company's rating services, and do not necessarily coincide with each other or with M Street.

Audience estimates are for persons 12+ Monday-Sunday, 6am to midnight, average quarter hour shares and persons from the Metro Survey Area. Ratings for each Arbitron market are from the most recent ratings period for that market.

This year's directory includes Arbitron trend information. The column headers indicate the rating period, or "book" from which the numbers came. Here are our abbreviations, as well as the survey dates for each book:

"W08"	Winter 2008 Arbitron	January 10 - April 2, 2008
"F07"	Fall 2007 Arbitron	September 20 - December 12, 2007
"U07"	Summer 2007 Arbitron	June 28 - September 19, 2007
"S07"	Spring 2007 Arbitron	April 5 - June 27, 2007

Trend data may not be available for all stations. Arbitron does not release rating information for non-commercial stations.

For more information on ratings and copyright information, see the **ABOUT RATINGS** section at the front of the book. Estimates are Copyrighted and may not be quoted or reproduced without prior written permission of the Copyright owner. For more information on the format descriptions for each station, see the **FORMAT CLASSIFICATIONS** section at the front of the book.

As with other sections of the book, **M Street RADIO MARKETS** are a condensation of data collected and are revised on an ongoing basis by M Street. Please call or write us with updates, corrections, or inquiries for customized applications of our market data.

Key to M Street Markets section:

This section lists the **M Street RADIO MARKETS** in the United States followed by those in Canada. In general, a station is included in a market if it is licensed to a city in that market or if the market is a primary focus of its marketing activities.

For each listing, the market name is followed by the M Street 2008 market rank (MST) and population estimates, and if applicable, the Arbitron Spring 2008 market rank (ARB) and metro population, followed by AM and FM stations in dial order.

For more information on the format descriptions for each station, see the **FORMAT CLASSIFICATIONS** section at the front of the book.

As with other sections of the book, **M Street RADIO MARKETS** are a condensation of data collected and are revised on an ongoing basis by M Street. Please call or write us with updates, corrections, or inquiries for customized applications of our market data.
