WASHINGTON THIS WEEK

The FCC this week announced conditional renewals and notices of apparnet liability for several stations which have violated EEO regulations. WSVS AM/FM, Crewe VA, and WSCQ-FM, West Columbia SC, were given short term renewals and NALs for \$15,000 and \$10,000 respectively. Licenses of WTCB-FM, Orangeburg SC and WLVK, Statesville NC were renewed, with liabilities of \$10,000 and \$15,000 respectively, and the specification in both cases that EEO reporting conditions would carry over to pending new owners. The WLVK renewal is for a short term ending Nov. 30, 1992.

The Advisory Committee on Radio Broadcasting will meet on Wednesday, Jan. 31, 1989, at 1:30 p.m., in the Vincent Wasilewski Room of the NAB Building, 1771 N St. NW, Washington. The committee will consider: improvements to the AM band; expansion of the AM band; adjacent channel interference standards for AM stations; and Cuban radio interference. The meetings of the committee are public, and open for participation by all interested persons. For further information, contact Larry D. Eads, (202) 632-6485.

WASHINGTON THIS WEEK

This week includes FCC notices from Tuesday January 2nd to Friday January 5th as the FCC was closed for the New Year holiday.

Family Stations, Inc. has filled a petition for reconsideration for a new FM on 88.1 MHz in Omaha, NE. In previous releases the FCC had reported this station as granted.

ELSEWHERE

The sale of WITH-1230 in Baltimore, MD to Atlantic Coast Radio has been called off. Atlantic Coast had been having problems with the state of Maryland in regards to its financial offerings. Atlantic Coast was also the parent of the Maryland State Network, all stations in the network have dropped the talk programming provided by MSN. WITH is owned by WITH of Baltimore, Inc.

Broadcast Programming of Bellevue, WA has added yet another syndicator to its lineup as it takes Kalamusic of Kalamazoo, MI. Kalamusic produces easy listening and oldies formats.

Evergreen Media has announced plans to acquire KRLD-Dallas, KODA-Houston and the Texas State Networks from Command Communications. The deal is valued at over \$86 million.

WASHINGTON THIS WEEK

The FCC has approved settlement agreements for RKO's WAXY-FM (Fort Lauderdale FL) and WHBQ-TV (Memphis TN). Under the WAXY agreement, RKO will be allowed to sell WAXY at 60% of market value. As part of the settlement agreement, the FCC dismissed RKO's renewal application for WAXY-FM; dismissed the mutually exclusive applications of Adwave Co., COZZIN Communications Corp., and Lauderdale Bcstg Co.; granted South Jersey Radio, Inc.'s mutually exclusive application; and approved a license transfer to GRADH-105, Inc., a subsidiary of RKO that will subsequently be transferred to Ackerley Radio of Florida, Inc., the new licensee. The WAXY-FM and WHBQ-TV settlements leave KFRC, San Francisco, as the only remaining RKO licensee after 24 years of protracted and complex license litigation.

KUCB-FM Des Moines IA has been ordered by the FCC to show cause why its license should not be revoked. If its license is not revoked, a notice of apparent liability may be issued for up to \$20,000 for willful and repeated violation of FCC rules. KUCB-FM has been off the air since its license was issued in June 1988; FCC inspections revealed that the station has been evicted from its facilities for failure to pay rent, its studio and transmitter/tower site are deserted, electrical power lines running to the studio building are disconnected, power lines to the transmitter site have been severed and the power meter removed.

The FCC has upheld the Review Board's decision granting the application of Ro Nita Bernice Hawes-Saunders for a new FM station at West Carrollton, OH, and denying the competing application of William M. Piner. Piner had challenged the decision based on the constitutionality of the gender preference awarded Hawes-Saunders.

The Supreme Court last week refused to hear the case of Syracuse Peace Council vs. FCC, challenging the legality of the FCC's decision to drop enforcement of the Fairness Doctrine. By refusing to review the action of a lower appeals court, the Supreme Court action effectively insures that the Fairness Doctrine cannot be reinstated without a specific act of Congress.

**M STREET**

The M Street Journal has reached an agreement with Media Image Corp., producers of the Broadcast Yellow Pages and the Cable Yellow Pages. Media Image will become advertising sales representatives for the M Street Radio Directory, M Street's comprehensive guide to facilities, formats, markets and ratings. In addition, M Street will be providing station data for the Broadcast Yellow Pages, a new phone directory to be distributed to 30,000 broadcast stations, suppliers, and related industries.

New editions of each book are expected in late Spring 1990; deadlines for advertising space and for updated data for each book are approaching rapidly. For more information on advertising in either publication, contact Craig Chambers of Media Image at 1-800-777-4320 (303-770-7300 in Colorado), or call us here at M Street.
