

The M Street Journal

Radio's Journal of Record
NEW YORK ■ NASHVILLE

ARS ON EZ STREET. . . In what seems to be a never-ending string of purchases, American Radio Systems announced it will buy EZ Communications for cash and stock valued at \$655 million. ARS will pay EZ 0.9 shares of its Class A common stock along with \$11.75 in cash for each of EZ's 9.6 million shares. The deal gives ARS 96 radio stations in 20 markets. EZ's Chairman Art Kellar, along with President/CEO Alan Box will join the ARS Board. Box becomes EVP and will handle acquisitions for the new company. Kellar and Box own almost 75% of EZ Communications. Three stations in Sacramento will have to be spun to make the deal legal.

IF YOU CAN'T BEAT 'EM, BUY 'EM. . . Regent Communications is strengthening its presence in a couple of its duopoly markets. The company will pay stock and cash to Southwest Florida Enterprises for country KWNR, Henderson, NV. The country station is the chief competitor to Regent's KFMS, Las Vegas. Regent also owns children's KKDD, North Las Vegas, and soft AC KSNE-FM and is in an SMA with oldies KBGO. In Salt Lake City, it will buy new rock KUTQ, Bountiful and dance CHR KZHT, Provo for an undisclosed amount of cash and stock from Bountiful Broadcasting. Regent will own five stations in the market when the deal is done. It currently owns talker KALL and oldies KODJ, Salt Lake; country KKAT, Ogden; and has an SMA with country KBKK, Spanish Fork, UT.

FORMAT CHANGES

(# change accompanies new ownership) (// simulcast)

		<u>formerly</u>	<u>becomes</u>
AK Kodiak	KVOK-560	oldies & talk	adds WW1 - oldies
AR Fort Smith	KWHN-1320	talk & sports	adds Sports by-line
Marion (Memphis)	KMZN-107.1	modern rock	all Blues
CA Sacramento	KHTK-1140	talk & sports	adds Fan - sports
GA Dublin	WMLT-1330	talk	adds WW1 - standards
IA Pella (Des Moines)	KFMG-103.3	adult alternative	new rock "Lazer"
LA Shreveport	KWKH-1130	# country	news, talk & country
	(KWKH is now a duopoly with CW KITT, AC KVKI-FM and	talk KEEL)	
Shreveport	KWKH-FM-94.5	# country	KRUF, CHR "Big Dawg"

-------------------	-----------------	--

WASHINGTON THIS WEEK

President Clinton has named the FCC's Common Carrier Chief Regina Keeney to fill the vacant Commissioner seat. Keeney has been at the Commission most of her career, including a stint as chief of the Wireless Bureau. She has been Senator Danforth's chief counsel on communications issues. National Association of Broadcasters president Eddie Fritts urged the Senate Commerce Committee to act expeditiously on her confirmation hearing. If confirmed, she will fill the Republican seat left vacant by former Commissioner Andrew Barrett.

In a story we ran last week, we inadvertently reported that Radio Dinuba's KRDU and KJOI-FM, Dinuba, CA was fined \$17,500 and subject to reporting conditions for EEO violations while Ridge Harlan's KUBA, Yuba City, CA was only subjected to reporting conditions. KUBA received the monetary fine, not KRDU and KJOI-FM.

Thirteen FCC employees received the agency's highest honors, the Distinguished Service Medal and the Meritorious Service Medal. Five employees received the highest honor for Distinguished Service: William H. Johnson, Cable Services; Robert H. McNamara, Wireless Telecomm.; Clay C. Pendarvis, Mass Media; James D. Schlichting, Common Carrier; and David H. Solomon, Office of General Counsel. Eight Meritorious Service Medals were handed out: John W. Crews, Office of Managing Director; Charmayne C. Keene, Office of General Counsel; Julius D. Knapp, Office of Engineering & Technology; Stephen L. Markendorf, Wireless Telecomm.; Russell D. Monie, Compliance & Information Bureau. Harold J. Ng, International; Eula B. Staten, Mass Media; and John P. Wong, Cable Services.

ELSEWHERE

Salem Communications picks up another major market AM this week. Entercom will sell new rock KEGE, Richfield, MN (Minneapolis) for \$3 million. KEGE has been in an LMA simulcasting ABC's KEGE-FM, Minneapolis.

Pinebrook Corp. is buying AC WPGY (AM) in the Canton, OH market for \$75,000 from Patrick Barb's Canton SabreCom. WPGY is a 1,000 watt daytimer on 1520 KHz. Ray Rosenblum was the broker.

John Cullen's Gulfstar Communications is branching out into another market outside of its native Texas. It will buy ComCorp of Lafayette's KEZA, Fayetteville, AR, serving both Fayetteville and Fort Smith, for an undisclosed amount. Gulfstar owns stations in Baton Rouge and Texarkana, as well as several Texas markets.

Connoisseur is creating a new duopoly in the Waterloo-Cedar Falls, IA market. It's buying farm/talk KOEL and country KOEL-FM, both Oelwein, IA for \$6.7 million from Independence Broadcasting. Simultaneously, it will lay out \$3.2 million for Thin Air Investments' country KKCW, Cedar Falls, IA. The deal gives them a combined ratings share of over 34 percent in that market.

Bob Fox's KVEN Broadcasting Corp., which owns news/talk KVEN and country KHAY, both Ventura, CA will sell the stations to McDonald Investment Company for an undisclosed amount. McDonald owns stations in Montgomery, AL and Eugene, OR. Fox is a former chairman of the NAB's Radio Board. Elliot Evers of Media Venture Partners brokered the deal.

ELSEWHERE (cont'd)

Pathfinder Communications is buying Michiana Telecasting's 70's oldies WNDU (AM) and CHR WNDU-FM in the South Bend, IN market. Pathfinder will combine the stations with its talker WTRC and country WBYT, both Elkhart, IN. Michiana is owned by the University of Notre Dame. Terms of the deal weren't disclosed. George Otwell and Elliot Evers of Media Venture Partners were the brokers.

Saga Communications is buying another station in the Des Moines market, bringing its total there to five. It will buy Intergalactic Communications' progressive KFMG, Des Moines, for \$2.7 million. Saga owns standards/talk KRNT, hot AC KSTZ, and oldies combo KIOA-AM & FM there.

The receiver for Joy Broadcasting's Country Gold Network is letting one of its stations that rings the Seattle market go. It will sell KENU, Enumclaw to Green River Community College for \$40,000. The station is silent and in bankruptcy proceedings. The College is purchasing the 500 watt daytimer to have a broadcast service for its new campus in Enumclaw. The school operates modern rock KGRG, Auburn, WA, where the station's main campus is located. Jerry Dennon of Montcalm brokered the deal.

The Radio Music Licensing Committee has successfully negotiated a new deal with ASCAP that keeps the license rate of 1.615 % of gross revenues in place through the year 2000. But that's not all. The new terms will allow stations to take more deductions when determining gross revenue. There is also a new, simplified flat fee for stations whose revenues are \$150,000 per year or less. The agreement will also permit more use of ASCAP music for stations using a per program license. Stations which play music in more than ten percent of their yearly reported hours will pay approximately fifty percent less for those additional music hours. The new licenses must be approved by the U.S. District Court for the Southern District of New York, which oversees the consent decree under which ASCAP operates.

Jacor Communications received great news from the Justice Department this week. It will only have to sell off one radio station in order for its \$770 million acquisition of Citicasters to be approved. The Justice Department will approve the deal if it sells off CHR WKRQ, Cincinnati, which is just one of 19 radio stations Jacor picks up in the deal. No word on why this station is the only one it has to sell.

Radio stations have until August 19 to return Arbitron's Station Information Form and Programming Schedules contained in the Fall 1996 Station Information Packet mailed to them on August 1. The Form and Schedules advise Arbitron on the station's current call letters, frequency, broadcast times, station name, format, on-air personalities and programming. The information is used to edit returned diaries and process the local market report. Starting with the Summer 1996 survey, Arbitron added five new format choices stations have when selecting their format to be printed in the book: Album Adult Alternative (AAA), New Adult Contemporary (NAC)/Smooth Jazz, 70's Oldies/Classic Hits, Southern Gospel and Talk/Personality. This brings the total number of format choices to 42.

United Broadcasting Network announced the launching of a second network beginning September 16, which will include nine new shows. The original network, now called the "blue" network, will add Jim Hightower's "Chat & Chew" program weekdays from noon to 2 pm ET. The new "red" network, will air several new shows, including "The Hill Reporter," "Ray Buchanan," "Newsmaker," "Late Talk," "The All Night Show," "Congressman Duncan Hunter," "Congresswoman Marcy Kaptur," and "Lori Wallach". The addition of new programming has resulted in an offering of two network choices. For more info, call (904) 397-4300.

The Radio Advertising Bureau (RAB) has developed RadioTalk, a series of user groups in RadioLink, RAB's marketing resource system on the Internet. It is designed to allow Radio marketing professionals to share thoughts, problems, ideas, questions, answers and solutions on a range of radio issues. RadioTalk will offer three discussion groups, Small Market, Sales Training and General. Users can "post" a note, "reply" to a previously posted note, or simply "read" notes of others. For more info, call (800) 232-3131.

The NAB Radio Show will include a special session on Thursday, October 10th called "Group Heads: Meeting the Challenge of Change." The session will highlight radio's opportunities and challenges in tomorrow's media marketplace. The Panel will include Bill Clark, former chairman/CEO of Shamrock Broadcasting as moderator, Bob Callahan, ABC Radio; Steve Dodge, American Radio Systems; Scott Ginsburg, Evergreen Media Corporation; Dan Mason, CBS Radio Group; Mark Mays, Clear Channel Communications and Randy Michaels, JACOR Broadcasting.

The M Street Journal

Radio's Journal of Record NEW YORK ■ NASHVILLE

EVERGREEN REVS UP MOTOR CITY. . . Evergreen Media spent a ton of cash this week--just over \$237 million. It's buying Secret Communications three FM's in Detroit, including recently-purchased-but-hasn't-yet-closed-on-classical WQRS. It will also get Secret's classical WFLN, Philadelphia, which is part of the WQRS deal that hasn't closed. The purchase gives Evergreen one more FM in Detroit than is legal, so it will spin WQRS to Greater Media in exchange for \$9.5 million cash and news-talker WWRC, Washington, DC. More details are on page six.

ON THE ARS EXCHANGE. . . American Radio Systems traffic this week: It's picking up United Broadcasting's standards KKSJ and soft AC KBAY, San Jose to combo with rocker KSJO and classic rock KUFX, Gilroy in that market. Purchase price is \$31 million. On the other coast, it is selling news/sports WNEZ (AM), New Britain, CT to Alfredo Alonso's Mega Broadcasting for \$750,000. Alonso is operating Spanish hits WURD, Philadelphia under an LMA-to-purchase.

WASHINGTON THIS WEEK

Chester Broadcasting Company's WGCD (AM), Chester, SC has been designated for hearing by the Commission. The station has been silent since July, 1993. Several attempts have been made to sell the station, and its last authority to remain silent expired on March 11, 1996.

The new FCC fee schedule will become law on September 12, 1996 if there are no objections by Congress. The new fees reflect cost-of-living adjustments made every two years.

ELSEWHERE

Secret Communications is \$237 million richer as it will sell three FM's in Detroit and an FM in Philadelphia to Evergreen Media. In Detroit, Evergreen is buying all of Secret Communications' FM's, spending \$32 million on classical WQRS and \$168 million for the pair of urban AC WMXD and urban WJLB. Secret will also sell its classical WFLN, Philly for \$37.75 million. But, as they say on late night TV, "But wait, there's more!" Evergreen will have eight stations in Detroit, but will have to spin off an FM to stay at the five FM limit. So, they're trading WQRS for Greater Media's talker WWRC, Washington, DC, (which they've been operating under an LMA) and \$9.5 million cash. When all is done, Evergreen will have three FM's in Philly, and five FM's and two AM's in Detroit. Greater Media will own three FM's and an AM in Detroit. Employees at WQRS and WFLN are getting use to this, as those two stations have had four owners in less than a year. The two were owned by Marlin Broadcasting for years but were then spun to American Radio Systems, which then sold them to Secret, which hasn't closed on them yet. By the way, Evergreen closed on its LMA partner in San Francisco, Crescent Communications' dance KYLD, San Mateo giving it three FM's there.

Tele-Media Broadcasting is expanding its Pennsylvania presence with the purchase of 4M Broadcasting's news/talk WAZL and classic rock WZMT, both Hazleton, PA in the Wilkes-Barre/Scranton market. Terms were undisclosed. The LMA begins immediately.

ELSEWHERE (cont'd)

Latin Communications Group has new cash to fund acquisitions. It just completed a \$50 million offering and picked up another \$30 million commitment from The Shamrock Group and GE Investments. LCG has a piece of EXCL Communications, which owns stations in San Francisco, Denver, Washington, Albuquerque, and Monterey, CA.

Howard Goldsmith has added a fourth station in South Florida with the purchase of Palm Beach Radio Broadcasting's oldies WSTU, Stuart, FL for an undisclosed amount. Goldsmith owns business talker WSBR, Boca Raton; talker WWNN, Pompano Beach; and standards WJBW, Jupiter, FL. He also owns a CP for a new AM in Jupiter--WMLZ.

In Wilmington, DE, Delmarva Broadcasting is buying country WXCY, Havre de Grace, MD from Prettyman Broadcasting for an undisclosed amount. Delmarva owns news-talker WDEL and CHR WSTW, both Wilmington. The LMA begins immediately.

GulfStar Communications is venturing into the Fayetteville, AR market with the purchase of soft AC KEZA. Terms weren't disclosed. ComCorp of Lafayette, Inc. is the seller. Brian Cobb, Charles Giddens, and George Otwell of Media Venture Partners brokered the deal.

Premiere Radio Networks signed a letter of intent to acquire Cutler Productions, Inc. for \$8.5 million cash. Pending approval of Premiere's Board of Directors, the deal would bring the second largest producer of comedy programming under its wing. Ron Cutler, owner of Cutler Productions, will remain as President of the new division.

Salem Radio Network-owned StandardNews has been renamed SRN News, and has taken a more conservative slant. Salem recently purchased StandardNews from Chris Devine's Major Networks. SRN News offers 5 minute newscasts at the top of every hour, one minute newsbreaks at the bottom of the hour and newsmaker actualities. SRN is the syndicator for Alan Keyes and Oliver North, among others.

According to the RAB, the radio industry had its 46th consecutive month of revenue gains in June 1996. Combined local and national spot advertising increased 6% vs. the same month in 1995, while local revenue increased 5% and national spot revenue posted a 9% increase.

M STREET BAZAAR. . . PEOPLE, PRODUCTS, AND PROGRAMMING

Huntsman Entertainment Inc., announced the launch of Live from Nashville! Awards Week Network. 24 2-minute reports over the four days leading up to, and following the Country Awards Week in October will be offered. The satellite fed reports include highlights of daily conversations with artists gathered for the show. A limited number of stations will be able to participate and advance reservations are now being accepted. Stations will receive custom open and close, local sponsor credit and market exclusive artist-voiced promos regarding the reports. For more info, call (615) 255-1100.

Steve and D.C., morning team from Zimmer Broadcasting's WKBQ-FM St. Louis, have been signed by Superadio for national syndication. The show will originate at Zimmer's new broadcast center in St. Louis. The show is not music intensive and suitable for any format. For more info, call (508) 626-2000.

Claudia Harris joined the CBS Radio Communications Department as acting manager, while current manager, Sina DeVito, is on maternity leave. Harris previously worked at Turner Broadcasting and NBC.

The National Association of Broadcasters named Charles Sherman as the first president of the NAB Education Foundation. In addition, Sherman will retain his position as Senior Vice President, Television. Under Sherman's leadership the NABEF will undertake a broader range of programs, including research on social and economic matters affecting the industry, broadcasting's impact on the economy, grants, scholarships and other activities.

As Is Entertainment just released a CD of New York City subway musicians entitled SUBPLAY featuring 35 talented artists. SUBPLAY showcases the sounds of soul, R&B, and jazz, among others. A portion of the profits from the CD goes to an anti-hunger organization. For more info, call (888) 274-7368.

The M Street Journal

Radio's Journal of Record
NEW YORK ■ NASHVILLE

FCC ROCKS THE JUKEBOX. . . . Universal Broadcasting's adult standards station WVNJ, Oakland, NJ, appears to have won its latest battle in a long-standing legal conflict against "Jukebox Radio", a standards translator it competes with in Ft. Lee, NJ. Both stations serve the upscale Bergen County, NJ, area just outside of New York City. The translator, W276AQ, which broadcasts on 103.1 MHz with 35 watts, gets its programming from Monticello Mountaintop Broadcasting's WJUX Monticello, NY. It is co-owned by Gerard A. Turro and WJUX owner Wesley Weis. However, the translator is nearly 75 miles from WJUX and obviously outside of WJUX's protected contour. The Commission says Turro's "attributable interest" with WJUX is a violation of Commission rules. Details are on page seven.

ARBITRON REISSUES NORFOLK BOOK . . . Arbitron is reissuing the Norfolk-Virginia Beach book because listening for hot AC, WPTE, Virginia Beach was improperly credited as "unidentified" in nine metro diaries. There were some other diary credit errors which were corrected. Also, WFOG (AM) is now reported correctly as simulcast with WFOG-FM in the new book.

WASHINGTON THIS WEEK

Universal Broadcasting's WVNJ, Oakland, NJ, appears to have won the latest battle in a long-standing legal conflict against Monticello Mountaintop Broadcasting's (MMB's) station WJUX, Monticello, NY. The FCC has chosen to take no action on a transfer application of two translators near New York City, W276AQ (Ft. Lee, NJ) and W232AL (Pomona, NY), because it feels that they have been simulcasting WJUX in violation of Commission rules. Both translators are outside of WJUX's protected coverage and, according to FCC rules, this would only be acceptable if the translator(s) had no relationship with WJUX. However, the translators are co-owned by Gerard A. Turro and WJUX owner Wesley Weis.

After it's investigation, the Commission found Turro and MMB had a "network affiliation agreement," which, under the circumstances, violates the Rules. Here's how it works: The programming originates from a WJUX remote studio in Ft. Lee (FCC rules prohibit a translator from originating its own programming.) The remote studio signal is sent to WJUX, then rebroadcast to the Pomona translator, then rebroadcast back to the Ft. Lee translator. Further, Turro paid MMB for the programming.

WASHINGTON THIS WEEK (cont'd)

In April of this year, the FCC ordered Turro to drop the simulcast or discontinue his interest in WJUX. In May, Turro filed an application to transfer the translators to the Gerard A. Turro Trust, under which Turro vowed to have no contact with the Trustee. Universal (WVNJ) filed a petition to deny the transfer, stating the Trust was a "sham designed to circumvent the Commission's translator rule."

The Commission agreed with Universal that the proposed Trust is "inadequate for Turro to achieve compliance. . ." It stated, "Section 74.1232 of the Commission's Rules prohibits the authorization for an FM translator operation in these circumstances 'to any person or entity having any interest whatsoever, or any connection with the primary FM station." It went on to say Turro didn't ". . . attempt to demonstrate that a beneficial interest under a trust arrangement is not an 'interest' subject to Section 74.1232."

Universal, in its Petition to Deny, has also alleged Turro can no longer remain a Commission licensee because of other alleged violations of the Rules. The FCC's Enforcement Bureau is investigating the charges. Turro has until August 24 to comply with the order.

The Commission granted in part a petition for reconsideration by Buckley Broadcasting's WOR and dropped its forfeiture to \$14,000 from \$23,750 for EEO violations. The station is subject to reporting conditions, as well. Buckley contended it made good faith efforts to recruit minorities and that the fine was excessive for the violation.

San Luis Obispo, L.P.'s KKCB (AM) and KSLY-FM will have to come up with a little less money for the Commission. Their forfeitures for EEO violations will drop from \$25,000 to \$12,000. The station successfully argued the fine would have been a severe financial burden, as it has fewer than five full-time employees. Reporting conditions for the stations have been waived, as well.

W-AIR, Inc., former licensee of WAIR, Atlanta, MI successfully fought off a \$7,500 fine for alleged violations of the main studio rule. The fine was assessed last year because the station allegedly lacked management presence at its main Gaylord, MI studio. In response, WAIR showed the studio had a full-time regional sales manager, a regional manager who was there three days a week, and the station's GM, who was there one day per week. The fine was rescinded.

Stations in Colorado, Minnesota, Montana, North and South Dakota, and FM translators in California are due for license renewal soon. The FCC is mailing renewal packets in mid-September to these stations. If you'd like to update your address, fax it to (202) 418-1411 no later than September 6. Call the FCC's Claudia Patterson at (202) 418-2784 for info.

Three more states have been granted access to the Commission's new "National Call Center," which allows the public to attempt to get information through a centralized FCC database service. Residents of Vermont, Kansas, and Montana are now able to dial (888) CALL-FCC for info. Florida, Maine, and Virginia were the first states to have access. The center is open from 8 am to 5:30 pm ET.

ELSEWHERE

After nearly three years in litigation, Arbitron has beaten a patent-infringement rap filed by Tenafly, NJ-based Pretesting Company. The Summary Judgment Motion was granted in U.S. District Court, Southern District of New York, on August 12. The suit alleged Arbitron copied technology Pretesting developed that aids in the passive measurement of TV viewing and radio listening. Pretesting claimed Arbitron's Personal Portable Meter (PPM) used the same technology. Pretesting will appeal.

After 17 years on talker WOR, New York, ABC Radio Networks has pulled Paul Harvey and will move his daily programs to WABC, its O&O there. WABC is revamping much of its line-up after Bob Grant left the station and joined WOR. The 90-day notice sent to WOR means Harvey will move up to 770 KHz sometime this fall.

Country Radio Broadcasters is trying to broaden its base of attendees for its Country Radio Seminar Midwest to be held in Kansas City, Sept. 20-21. CRB has invited media planners and buyers in the Kansas City area as well as broadcasting students in Omaha to attend the seminar. The students will be invited to a luncheon and take part in career-related sessions and panels.

The M Street Journal

Radio's Journal of Record NEW YORK ■ NASHVILLE

MOVE IT AND LOSE IT . . . It's a rare occurrence, but an AM station owner has been put on notice that his company may lose its license because it isn't fit to be a licensee. The Commission has notified Chameleon Radio Corp., licensee of KFCC (AM), Bay City, TX, that it may lose its license because the FCC believes it "lacked candor and intended to deceive" the Commission about a transmitter location change that would allow the station to move closer to the Houston market. Details are on page 7.

COLFAX CASHES OUT . . . Colfax Communications has sold its eight FM's and four AM's to Chancellor Broadcasting for \$365 million cash plus net working capital. Colfax currently covers four markets: In Minneapolis, oldies KOOL, Anoka, MN and country WBOB-FM; In Milwaukee, standards WOKY and country WMIL, Waukesha; In Washington DC, sports WTEM, Bethesda, MD, classical WGMS-FM, and oldies WBIG-FM; In Phoenix, urban AC KISO, standards KOY, oldies KOOL-FM, jazz KYOT-FM, and new rock KZON. The deal will give Chancellor 53 stations in 15 markets including five FM's in the Twin Cities and four FM's in Phoenix. Washington and Milwaukee are new markets for the company. Colfax will keep its trombo in the Boise market that it picked up with the purchase of Sundance Broadcasting: news/talk KIDO and oldies KLTB; and classic hits KARO, Caldwell, ID.

WASHINGTON THIS WEEK

The FCC has initiated a revocation hearing against Don Werlinger's Chameleon Radio Corp., licensee of KFCC (AM), Bay City, TX. The Commission believes Chameleon lied about the loss of its original site and the status of its transmission facilities and voluntarily moved its transmitter site to within a mile of Houston.

The station is licensed to Bay City which is approximately 50 miles southwest of Houston. In April, 1995, Chameleon claimed it had lost its Bay City transmitter site and requested an STA to operate from "rural southwest Harris County," which is only one mile from Houston, and build a 180 foot tower on the site. Chameleon's President, Don Werlinger, discussed the proposed STA with an FCC engineer, who told him the Commission could not grant the STA because the STA involved the construction of the new tower.

Then in May, Chameleon amended its STA request indicating that there was "an existing 180 foot tower" on the same site. The Commission granted Chameleon's request to relocate KFCC to that tower as an STA until August 1, 1995, however, the Commission's approval incorrectly noted that the new site was only a quarter-mile from the old one. Realizing the mistake, the Commission rescinded the STA because KFCC could no longer cover its city of license. However, the rescission was stayed pending further "clarification of the record" because KFCC claimed the FCC made it lower its power because of an interference complaint.

In July, the Commission sent a letter to Werlinger trying to find out why the station lost its original site, whether it has access to the site, and what the station's current address was. KFCC responded, but the Commission felt the response didn't answer the questions the Commission asked. In the Hearing Designation Order, the Commission said "The fact of concealment may be more significant than the facts concealed." The Commission decided that KFCC left the original site voluntarily and rescinded the STA again. KFCC went to U.S. District Court and won a stay pending a review of the entire case by the Commission.

The Commission's Houston field office visited both sites in October and found AM transmission equipment, a studio, three towers, and phasing equipment at the original site and got an affidavit from site's owner stating that KFCC has always had access to the site. This prompted the revocation hearing.

KFCC now must immediately cease operations at the Harris County site and resume operations at its original site or file for silent authority. KFCC has thirty days to respond to the Notice and may be liable for \$250,000 for each violation of the Rules.

Fernal, Inc., former licensee of KHTH, Dillon, CO had an anti-lottery forfeiture reduced from \$6,000 down to \$2,000. Fernal asked for the reduction based on its compliance history and its good faith efforts to correct the violations.

Two more silent stations are gone forever after being silent for more than a year. Prime Factors Communications' KMOM, Monticello, MN has been silent since 1995. Jackson Broadcasting Corp.'s WREA, Dayton, TN has been silent since 1994.

The Commission is once again providing a software program to help those who pay regulatory fees who don't want to do it manually. The software is Windows compatible, but the old Macintosh version is no longer accepted. For more information, call (202) 418-0498.

ELSEWHERE

The Westinghouse/Infinity deal is one step closer to getting done as it announced it will dump WYSY-FM, Aurora, IL (Chicago) to Spanish Broadcasting System for an undisclosed sum. Infinity must get rid of an FM in Chicago to bring it within the five FM limit for that market. The station is SBS's first in the Windy City. The company plans to make an announcement soon on spinning an AM there, as well. The sale to SBS is pending closing and approval on Infinity's acquisition of the station from Cox Broadcasting, which was announced earlier this year.

SFX Broadcasting is buying up stations in the Richmond market through its usual complex deal structure. It's buying ABS Communications, which owns two stations and LMA's two others, in separate transactions worth \$37.5 million. In the first, SFX will acquire ABS Communications, L.L.C., which currently controls Benchmark's new rock WVGO and 70's oldies WLEE-FM, Williamsburg. Purchase price there is \$14.5 million. Then, through its own L.L.C., will buy the two ABS owns outright--country WKHK, Colonial Heights and oldies WBZU, Crewe, for \$23 million. The company will LMA the two combos immediately. No word on what happens to WLEE (AM), which is LMA'd to Benchmark by Pearson Broadcasting. SFX already owns hot AC WMBX in the market. ABS President Ken Brown and CFO Ed Conrad will join the company.

Heritage Media is buying up a third FM in the Rochester, NY market. It will buy classic rocker WHRR, Avon, NY from Livingston Communications for an undisclosed sum. No word on what happens to WHRR's sister station, news/talk WYSL, Avon, NY. Heritage already owns standards WBBF, oldies WKLX, and country WBEE-FM.

Midwest Communications is adding to its collection in Appleton/Osh Kosh/Green Bay area with the purchase of country WNCY, Menasha, WI; hot AC WROE, Neenah, WI; and talk/sports WNFL, Green Bay from Central States Network. Central States will get an undisclosed amount of cash plus Midwest's country WKKQ, Nashwauk, WI and CHR WTBX, Hibbing, MN. Midwest already owns talk WGEE (AM), Green Bay; country WGEE-FM, Sturgeon Bay; CHR WIXX, Green Bay; and classic rock WOZZ, New London, WI all serving that same area. The deal will bring the group total to 16 stations in four upper midwest markets.

Inside Radio reports Lotus Communications has bought a second AM in the Los Angeles market. Valley Radio's sports outlet KWNK, Simi Valley will sell for \$4.2 million to combo with Spanish talker KWKW, licensed to L.A.

Salem Radio Network, a division of Salem Communications, made another acquisition this week, purchasing Nashville-based Morningstar Radio Network for an undisclosed sum. Morningstar produces two 24-hour Christian music formats and is owned by Thomas Nelson, which claims to be the largest publisher of the Bible in English and of Christian and inspirational books. SRN recently purchased The Word In Music and syndicates several talk shows.

Sony's SW Networks will kill its 24-hour smooth jazz format as of December 1. The move was buried in an announcement that the web will focus on international distribution of Smooth FM, now called Smooth FM International. A jazz programming package will be offered domestically, but no details were offered. Smooth FM International will offer custom-mixed and dayparted NAC music, as well as consulting services supervised by SW Vice President Paul Goldstein.

The Arbitron Spring 1996 Mobile Radio market report has been reissued. Estimates for WAVH-FM and WRKH-FM were based on assignment of diary credits that did not appropriately reflect all listening in the Baldwin, Mobile and Wayne counties. Revised reports and tapes have been mailed.

ABC Radio Networks' County Coast-to-Coast format announced that Teresa Brown has been named host of the midday shift (10a-2p, Central Time). Brown's duties also include assistance with music and promotions. In addition to his duties of PM Drive during the week, and America's Best Country Countdown on Sundays, Senior Staff Announcer Jim Casey becomes responsible for E-Mailing daily music to Affiliate Stations.

Joyce MacDonald has been named Vice President of Affiliate Marketing of Sony's SW Networks and Ron Rivlin has been named Senior Director, Affiliate Marketing. Both have been at the network since its inception in 1994. MacDonald will be responsible for all new and current affiliations and will manage all aspects of the affiliate marketing department. Rivlin will continue his major market affiliation activities and will assist in the management and training of the department.
