FRENCH TURMOIL CONTINUES

Media And Record Industry Changes

The French media market continues to present weekly changes. Patrice Blanc-Francard, former head of programmes at Antenne 2, the French state television, makes a surprise move to head programmes for the new TV 6 channel. For the time being Blanc-Francard will be working out of the Publicis offices at the Champs-Elysees in close co-operation with TV 6 boss Christian Fechner.

Daniel Filipacchi stepped out of his partnership with WEA to take on a new position at Europe 1. In a related development, Filipacchi's associate Frank Tenot, who has

served on the French company's Board of Directors since its establishment, is also resigning. Nesuhi Ertegun, Chairman WEA International, commented that "Daniel Filipacchi has played a significant role in the growth of our French company, and while he'll be greatly missed, we wish him and Frank Tenot all success in their new association"

Also at WEA, Geoffroy Du Laz left his post as md which will be taken over by former WEA employee Marc Exiga, who recently held a similar role at Tema.

EEC PLANS FOR TV COMMON MARKET

Stiff Opposition From Rights Owners

by Mike Hennessey

Brussels - Approval given to the EEC proposals to create a television programming common market is sure to promote a massive backlash of opposition from rights owner organizations in the member countries.

The approval of proposals

which would impose a quota on non-EEC originated programmes, place restrictions on advertising content and lay down regulations governing explicit sex and violence and racism, comes after 18 months of vigorous debate following publication of the European

UNITED KINGDOM

In two weeks time up to no. 1: Cliff Richard & The Young Ones with the charity single *Living Doll*. All proceeds go to the Comic Relief Committee and sales are really exploding. That means that Diana Ross has been put back to no. 2 after staying for three weeks at no. 1. Bowie falls back one place (3-2) and the Jive model/singer Samantha Fox cracks the Top 10 with the poppy *Touch Me*. It entered last week at 22 and after exactly one week the single has achieved silver status (250,000 copies). Another Top 10 streaker is Sam Cook's *Wonderful World*, a Top 30 hit in 1960. The re-release is already up to 5, as it was part of Levis Jeans TV advertising campaign. *Real Thing* is doing very well with *You To Me Are Everything* (6-19) and *Queen* have highest entry this week at 16 with *A Kind Of Magic*. More moves for Art Of Noise's *Peter Gunn* featuring the legendary 50's guitarist Duane Eddy (who had a hit with the same track in 1959) (12-26), Stevie Wonder (25-36) and Atlantic Starr (24-37).

GERMANY

While *Brother Louie* sticks at 1, Bruce & Bongó's *Geil* storm up and have their nonsense rap already firmly planted at the 2nd spot!! (2-10; only in its 3rd week). Sheila E. creeps up (4-5) and Mike & The Mechanics hit top 10 (10-19). Good moves for Bangles (11-24), Diana Ross (16-25), Stones (17-61), Alisha (19-26), Bowie (21-55), Prince (23-27), Pet Shop Boys (27-63) and major entries for Whitney Houston (29), Jennifer Rush (37) and Talk Talk (42).

FRANCE

Daniel Balavoine remains on top but is hotly contested by Survivor's *Burning Heart* which this week went up 6 notches to reach the no. 2 spot. Gold's *Capitaine Abandonne* is also climbing rapidly up the top 10, up to 3 from 7. Also moving well are Propaganda (18-28), Double (25-44) and local product Partenaire Particulier (26-34). Royalty has entered the French charts in the form of the Monacan prin-

cess, Stephanie, with her *Comme Un Ouragan* (Like A Hurricane). Other new entries for Sandra with *In The Heat Of Night* and Bonnie Tyler's *Loving You Is A Dirty Job*.

HOLLAND

Cock Robin continue their popularity with *The Promise You Made* for the second week at no. 1. Although the Dutch media raised the question of apparent anti-feminist tendencies in Falco's *Jeanny*, the record isn't hindered by a ban and shoots up to 2 (coming from 3). Stones move up (6-9) and Dutch singer Eric Mesie is very popular with his Muenchener Freiheit-cover *Zonder Jou* (Ohne Dich). Other good moving singles for Bowie, Elton John, Prince, Culture Club and Paul Hardcastle whose recent visit to Holland helped sell his single (23-32). New entries for Whistle, Talk Talk and Queen.

SPAIN

Billy Ocean has risen 10 notches this week to become the new Spanish no. 1. His *When The Going* replaces Radio Futura's *El Tonto Simon* (Mad Simon) which drops one place, followed by Pet Shop Boys' *West End Girls*. Highest new entry, at 16, is the Spanish sung version of Jennifer Rush's *Power Of Love* (*Si Tu Eres Mi Hombre Y Yo Tu Mujer* - meaning 'If You Were My Man And I Your Lady'), after which come *Desperados' Poker Y Bourbon* and *Sprinsteen's My Hometown*, in at 17 and 18 respectively.

SWITZERLAND

The domination of Falco's *Jeanny* in the Swiss charts comes to an end this week as the 9 weeks chart topper is put back to no. 2 by Survivor's *Burning Heart*. San Remo winner Eros Ramazzotti moves into top 10 (7-11) with *Adesso Tu* and highest entry this week for Whitney Houston with *How Will I Know* (16). Contenders for next week's entry include Bangles, Bowie, Starship, Stones and local artist Phil Carmen with our Euro-crossover tip *Moonshine Still*.

ITALY

Ramazzotti holds for the 3rd week the no. 1 position and with Sting at 2 and Double at 3 the Top 3 is the same as last week. But change is likely to come with local Fonit Cetra act Mango storming up the charts with *Lei Vera* (4-12) and Fonit Cetra continues to do well with the popular singer (and tv-presenter) Loretta Goggi whose single *Ionascero* is already at 6 (from 8). Best selling international act is Survivor (7-20) and A-Ha are likely contenders for next week's Top 10 (11-17). New entries for Joe Cooker (*You Can Leave Your Hat On*), Bowie and James Brown.

SWEDEN

On the album front, Whitney Houston replaces Jennifer Rush' *Movin'* at the no. 1 spot. Jackson Browne's latest lp moves up as well (2-8) and the local act Vikingarria storm up the charts and their lp on Mariann Kramgoa Latar 14 is in its 2nd week already at 9 (from 41). German hard rock outfit Accept have highest entry at 11 followed by John Lennon's *Live In New York City* following at 12.

IRELAND

An unchanged Top 3 with Bowie on top followed by Diana Ross and Bangles. Culture Club 'move' up to 6 (from 8) and ex-PhD singer Jim Diamond is new in the Top 10 with his A&M single *Hi Ho Silver* (7-15). Dr. Robert and his Blow Monkeys are also newcomers in the Top 10 (9-11) and straight in at no. 10 is the charity single *Living Doll* by Cliff Richard & The Young Ones. The man with the velvety voice, Chris Rea is new at 14 with his Magnet single *It's All Gone*.

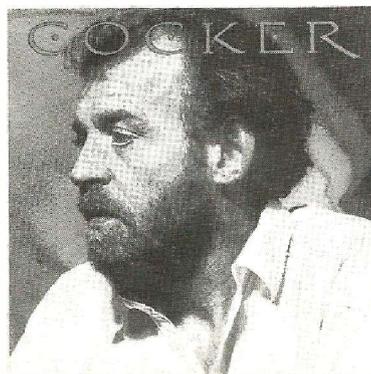

DENMARK

After staying for 8 consecutive weeks at the top, local act Walter & Carlo are replaced by Billy Ocean. A-Ha's *The Sun* sticks at 2 while 3 local acts are shooting into Top 10: Birth Kjare (4-15), Danielle Deneuve (15-14) and Fenders (8-16). Bowie is doing well (16) and Madonna's *Borderline* is also taking off (9-21).

THE STONES ROCK ON

A very exciting week here at our offices with new albums released by Joe Jackson, The Rolling Stones, Joe Cocker, and Depeche Mode

A new Rolling Stones album always causes big excitement in the media. Although the new album *Dirty Work* isn't sensational it certainly contains 5 to 6 classic Stones tracks and it remains a unique feat that the oldest rock 'n roll band of the world remain faithful to their roots, r&b, r&r and raunchy rock. Immediate stand outs are *Winning Ugly*, a very soulful tune, sung with much conviction by Jagger. The band keeps on delivering with *One Hit (To The Body)*, raw and mean, cast in the familiar Stones framework. And the band hardly takes any breaks from fast and aggressive riffs in *Had It With You* and the explicit impact of the title track. The band does some musical excursions (the reggae *Too Rude* and the ballad *Sleep Tonight*) but the main message is power, passion and rock 'n roll.

Joe Jackson displays an amazing variety of styles on his new album *Big World*. All new material recorded live at the Roundabout Theater in New York and mixed directly to 2-track digital. Joe intended to have a 'real performance' instead of a studio album that normally takes a lengthy period to record. His songwriting is incredibly strong and sometimes goes back to the days of Look Sharp! and Night And Day 15 songs on 3 sides (exactly 1 CD), impeccably produced by David Kershenbaum. Joe is singing better than ever and it is unbelievable that the whole LP is recorded live. A heavy task for programmers,

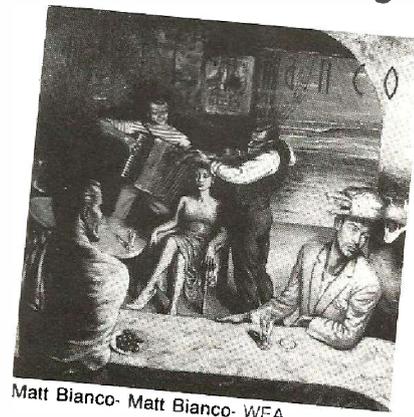

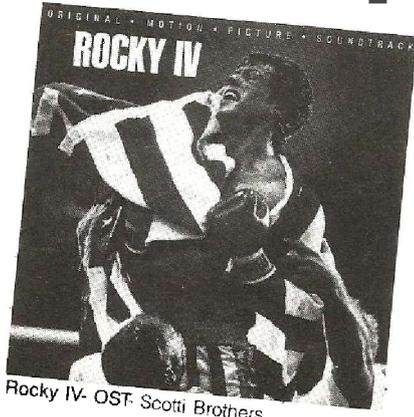

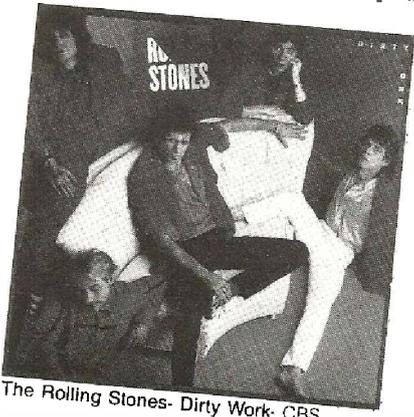

because there's just too many to choose from. Check out *Soul Kiss* with its stirring rhythm and its r&b influences; try *Jet Set*, an exciting and raunchy rocker or get into the infectious tango rhythms of *Tango Atlantico*. In *We Can't Live Together* guitarist Vinnie Zunno comes up with an emotional bluesy solo on wailing bass lines, backed up by powerful vocals. *Forty Years* is a plaintive ballad and Joe carries on in a moody vein in *Shanghai Sky* with its long and beautiful intro and the sharp piano tones. We love the French accordion in *Fifty Dollar Love Affair* that carries a sort of cosmopolitan feel. And yes it's a big world with even more stand outs like *Right Or Wrong* (a good single choice we think), *Wild West*, *Home Town* and the Arabic lines on *Big World*.

Joe Cocker delivers the goods on his 11th LP, simply called *Cocker*. It is hard to believe that the 42 year old Sheffield plumber is already 22 years in the business and still manages to thrill everybody with his gutsy vocals. The new single *Don't You Love Me Anymore* (produced and written by Albert Hammond) is an immediate add-on for many European stations and it debuts in the Airplay Top 50 at 44. Strong recommendations include *You Can Leave Your Hat On* (the Randy Newman penned song also featured on the OST 9 1/2 Weeks), *A To Z*, *Heart Of The Matter* and *Don't Drink The Water*.

More strong albums coming from the Fabulous Thunderbirds (solid nitty gritty Texas boogie in a production by Dave Edmunds), Dwight Yoakam (contemporary country and hillbilly) and Husker Du.

CORRESPONDENT REPORTS

don, and there were lots of big names at the event such as Princess, Ruby Turner, Edwin Starr, Coolnotes, Maxi Priest (who has a great new single out) and many more. There was also a big convention of DJs and artists at the Hippodrome recently with lots of big names debuting their new singles on stage before an enthusiastic audience.

Radio One DJ Dave Lee Travis, has a book published within the next couple of weeks. It features photographs that Dave has taken of well known ladies. While on the subject of Radio One, new DJ Simon Mayo has been standing in for Gary Davis who has been on yet another vacation. Simon will soon have his own Saturday night show on the network.

Out at Capital radio is DJ Dave Cash, who has been with the station virtually since its inception in 1973. The new weekend breakfast show jock is Nicky Campbell formerly with North Sound. Paul Gambaccini has begun his American chart rundown on Capital, and he is also involved with a pilot for a new tv show being put together by the people who run The Complex rehearsal studios. While on the subject of commercial radio, Howard Pearce has a very good show called SOUNDCHECK, which is sponsored by TDK tapes. The show is networked to quite a few local commercial radio stations around the UK, and well worth checking out.

New singles around from all the big names AHA, GEORGE MICHAEL, BIG COUNTRY, STYLE COUNCIL, FEARGAL SHARKEY, and there is to be a quick follow up to the debut hit from SIGUE SIGUE SPUTNIK.

The Hippodrome Club here in London has been holding a competition to find the best new talent around. The prize is a single for the Hippodrome record label, and TV exposure on the new Thames TV show THE BIZZ, and various other goodies.

Finally, POP STAR SWAPS GUITAR FOR

GUN SENSATION. Well actually, Suzi Quatro has cancelled a tour of Australia in favour of playing the lead role in a stage version of Annie Get Your Gun.

ALEXANDRA'S NEWS CORNER

Hi again.

My alltime fave Robin V told me that the first 10,000 UK copies of RUBY TURNER's single I'm In Love have an extra single with it, a 3-track session recording the BRMB has done with Ruby in '84. HONEYMOON SUITE just successfully finished touring our shores, where I saw them performing excellent shows as special guest to SAGA. At most of the gigs, they even did encores which is very unusual for a support act. After a one-off showcase gig at London's Marquee, they've headed back to Canada to play their own Headlining tour. In the meantime the new single Feel It Again has also been released in Europe. Good stuff! HONEYMOON SUITE will be back in Europe for the summer festivals. On its way for release is the new PRINCE album Parade.

The Pride Is Back is the title to the new KENNY ROGERS lp, currently recorded in Roger's own Lion Share Studio. Producers are RICHARD LOOK & MARC BLATTE. A milestone in his long career is the release of his 24th lp, and I'm talking about PETER HAMILL. His lp is entitled Skin. 1st single off this is Painting By Numbers. SQUEEZE have released yet another single from their last album Così Fan Tutti Frutti, being King George Street. ICEHOUSE have issued their new album called Measure For Measure. Dream Come True is the new A FLOCK OF

SEAGULLS album, while the current single is called Heartbeat Like A Drum.

Just out is the debut single of Chrysalis new signing KING, called Room In My Heart, self-penned and produced by ADAM WILLIAMS. A new album by KING KOBRA entitled Thrills Of A Lifetime. Spring will see the release of the ART OF NOISE album, In Visible Silence. IT'S IMMATERIAL are currently working on their debut album together with producer DAVE BASCOMBE, set for a summer release. To coincide the band will be playing in Britain around this time. His first solo album is called Underdog and his name is RANDY BISHOP, produced by SPENCER PROFFER. WAX has issued a new single titled Right Between The Eyes co-written by GOULDMAN & GOULD, produced by PHIL THORNALLY. Taken from their up-coming debut ip. The new FAITH BROTHERS single has got the title Whistling In The Dark. Currently the band is writing new material for their forthcoming, second album.

IT BITES had their debut single released called All In Red, written by the band, produced by ALAN SHACKLOCK. Their debut album can be expected in the near future. Just out is the new JULIAN LENNON album: The Secret Value Of Daydreaming, produced by PHIL RAMONE. Julian is currently touring Europe. Out now is the title song of the new film (soundtrack is available) Welcome To L.A. MARK ISHAM composed it and MARIANNE FAITHFUL sung it in a haunting bittersweet voice. The single is titled Trouble In Mind. ISHAM also arranged and produced it. By the way, due to an editing mistake, the credit to the kind photographer of Motley Crue, Charly Rinne (chief editor German magazine, Metalhammer) was omitted and correct spelling of Motley Crue's manager is Doug Thaler.

Maxwell Heads New European Satellite

UK media magnet Robert Maxwell is to head a powerful new European satellite TV consortium also including Silvio Berlusconi's Fininvest, German company Tarus Film, new French La Cinq and an unnamed Spanish partner.

Each will have a 20% stake in the new consortium, **European Satellite Television Broadcasting**

Corporation (ESTBC), which aims to launch two 18-hours-a-day advertising-supported, DBS channels by early next year, one originated in English and the other in Italian.

They will be carried on the French TDF 1 satellite due for launch in November this year.

New Rival For TOTP

A commercial television rival to the BBC's long-running "Top Of The Pops" could be on the way in the UK. Independent tv chiefs are reportedly planning to base a new show around the network chart already in use by ILR (Independent Local Radio) broadcasters.

The programme would go out earlier in the week than "Top Of The Pops", which is currently shown on Thursdays, and would adopt a much younger image than the BBC showcase, many of whose presenters have been

around for nearly 20 years. Insiders believe that North of England-based Tyne Tees TV, maker of successful rock show "The Tube", will produce the new live programme.

At one time "Top Of The Pops" was a regular ratings topper in Britain, but its popularity has slipped and audiences are presently around the 10 million mark. In the official BARB ratings chart it now lists at about no. 40 overall, and does not even make the Top Ten of BBC 1 programmes.

100,000 Photos- French star Francis Cabrel is presented with a gold record for sales of over 100,000 copies of his most recent album *Photos De Voyage*. At the reception held after a 3 weeks stint at the famed Olympia in Paris, CBS Records president Henri de Bodinat presents the golden award. After finishing his tour in France, Cabrel will cross the Atlantic to play 10 days in Quebec, where his album is currently at no. 1.

MEDIA TURMOIL

(continued from page 1)

pected after the elections won by the right. The parties, backing the right government under left-wing President Mitterand has promised the French public to commercialize the three state television channels and therefore more media changes may be expected over the next year. In the meantime the state television still have no agreement on clip payment and so videoclips are mainly seen on subscription tv channel Canal Plus and the new TV 6. Rumours also persist that tv celebrities Michael Drucker and Patrick Sabatier might be joining the 5th channel "La Cinq", the channel partly owned by Silvio Berlusconi.

On a company level CBS International took everybody by surprise upon their latest announcement. In an official statement by Allen Davis, President CBS Records International, it was made known that the European headquarters of CBS Records International (CRI), currently located in Paris will be moving to London later this year. Jorgen Larsen, senior vice-president Europe, CRI, said of the move, "London is of course already the music capital of western Europe but we also anticipate that London will increasingly become the European Business centre for other activities in which we want to be involved - notably the electronic delivery of music to the home whether by broadcast methods or other means"

PHILIPS BREAKS EVEN

Consumer Electronics Division Recovers

Dutch electronics multi-national Philips expects its consumer electronics division to approach the breakeven point in 1986, after two successive years of substantial losses. The prediction does not take into account profits generated by PolyGram, whose financial fortunes have improved with the explosive worldwide demand for Compact Discs.

According to Cor van der Klugt, vice-president of the division and newly appointed group president, consumer electronics losses from Philips' US operation were more than 50 million pounds last year. However, PolyGram was back

in the black with an operating profit of 66 million pounds, largely thanks to CD sales. Philips expects these to increase six or seven-fold during 1986.

With PolyGram included, the division shows a small profit of some nine million pounds. This compares with total losses in 1983 and 1984 of more than 160 million pounds. Cost-cutting measures are under way in the US, where competition from Japanese manufacturers has been particularly fierce, and the company expects the performance of its Stateside operations to improve this year.

IMMC

(continued from page 1)

dra (West Germany), Double (Switzerland), Corey Hart (Canada), Propaganda (West Germany), Belouis Some, Simply Red and the Blow Monkeys (all from the UK) and Ready For The World, Cock Robin, Marilyn Martin, Animotion and Sam Harris (all from the US).

A couple of additional acts may be added for this pop package which will be hosted by leading UK disc-jockey Mike Smith. The show will be broadcast live to a number of countries and performance highlights will be fed into the worldwide telecast of the annual Montreux Rock Festival, recording of which ends May 11th, with later transmission set to reach more than 125 million viewers.

During New International Ta-

lent, pop superstars will make the presentations of the International Music Video Awards, also making a debut this year as a key part of the IM&MC, which is organized by Music & Media (Eurotopsheet), in conjunction with Billboard and the Montreux Golden Rose 1986 Festival.

Two established international chart acts will also appear in the new talent showcase: Chris Rea, INXS.

Judging panel for the video awards includes Les Garland (MTV, US), John Martyn (MuchMusic, Canada), Patrice Blanc-Francard (Channel 6, France), Steve Barron (LimeLight, UK), Patrick Allenbach (Swiss TV), David Ciclitera (Sky Channel) and Machgiel Bakker (managing editor, Music & Media).

EEC PROPOSALS

(continued from page 1)

Commission's Green Paper, "Television Without Frontiers".

The proposals are part of an EEC initiative to meet the challenge of cable and satellite broadcasting in Europe and the consequent boom in pan-European transmissions. The plans include:

- * a quota system under which EEC members would buy a minimum of 30% of their programmes from within the EEC. This would rise to 60% after three years.
- * a regulation limiting advertising to a maximum of 15% in any one hour of broadcasting.
- * a ban on tobacco advertisements and restrictions on alcohol commercials.

A quota of 5% (rising to 10%) of programming allocated to independent producers.

Stuart Young, chairman of the BBC, commenting on the proposals said that while it was laudable to attempt to strengthen the Euro-

pean broadcasting industry to fight the proliferation of poor quality American TV programmes, the best way to reinforce broadcasting culture in Europe was to ensure vigorous, responsible and diverse national broadcasting in each country."

Organizations like the IFPI, the European Broadcasting Union, the International Federation of Musicians and the International Federation of Actors have long since made it clear that they will rigorously oppose any attempt to impose a compulsory licence policy in the EEC - a policy which would give rights owners no possibility of negotiating terms for the pan-European use of their works and no right to withhold broadcasting permission.

The TV Without Frontiers plan will be put before all member governments for approval but, because it is certain to meet stiff opposition from many quarters, it is expected that it could take years for it to come to fruition - and then only in a substantially modified form.

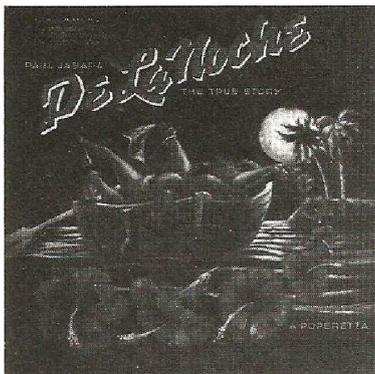

DISCO DANCE TALENT

Recommended new dance records as selected by the editorial team of Eurotopsheet, with good chances for a crossover to the pop charts. No distinction is being made between 7" and 12" releases, the emphasis is on dance orientated product. Original country and telephone numbers are mentioned as known. Please note that not all records are necessarily released in every European country.

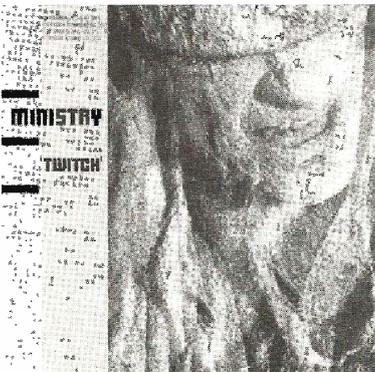

DISCO/DANCE

Mazarati - Mazarati (Paisley Park)
Interesting dance stuff and marvelous ballads. The debut LP from Minneapolis based band, a new act on Prince's label. His influence can easily be noticed. They claim to be the "new amalgam of attitudes from rock, postpunk and funk" and in order to check that, listen to their current single: Players' Ball.

Paul Jabara - De La Noche (Warner)
Out now! Multi-talented PJ's Poperatta including single Ocho Rios (See last dance) and a beautifully zealous track featuring a.o. Donna Summer. Funny and moody disco album with lots of single alternatives.

Ministry - Twitch (Sire)
One of the most noteworthy releases recently! LP full of avant-garde electro beat and rhythm sessions, excellent in its extravagancy. It surely will gain fame in the intellectual dance circles with its links with Art of Noise and Yello.

Alexander O'Neal - Alexander O'Neal (LP) (Tabu) USA

His involvement with Cherrelle apparently renewed interest for Alexander O'Neal's current single 'If You Are Here Tonight', big in the UK and more countries to follow. Producers Jimmy Jam and Terry Lewis have done it again. A-side features the slower pieces of the album while B is full of extremely danceable products. Including new US single 'What's Missing' (bound for Black Top 10) and the heavy funky 'Innocent' that simply screams for a (re-)release. 100% !!

Den Harrow - Overpower (Baby Records) Italy

publ. Televis, tel. 2-6880889 Master owner Baby Records, tel. 2-6071266
Although Charleston is going to be released first, we prefer this 12" for its much fuller sound. A very catchy dancetrack by Italy's HI-NRG King "Bad Boy" Den Harrow, more or less of the same quality as Future Brain, that was a big hit in several Eurocountries last summer.

The Jets - Curiosity (MCA) USA

publ. Rondor Music London, tel. 1-7314161. Master owner MCA, tel. 1-4399951
Fast, contemporary beating disco that inevitably forces one's limbs to move. Import circuits are already dealing with the American follow-up ('Crush On You', cast in the same mould).

The Winans - Very Real Way (Qwest) USA

publ. Skeeco; master owner: Qwest, tel.: 213-9344711.
Straight in at 1 in our Christian dance countdown (if we had one overhere in Europe). Follow-up to 'Let My People Go'. Gospel funk with bass beats comparable to those in Skyy's Let's Celebrate.

E.G. Daily - Say It, Say It (A&M) USA

publ. a.o. Black Lion, tel.213-4691285. Master owner A&M, tel. 213-4692411
Again another Madonna-clone that is going to make the charts. John "Jellybean" Benitez and Stephen Bray were involved in this production. E.G. has a raw, childish voice, comparable to Bonnie Tyler in her teens. Surname gives indication for quality: Ordinary but Hit.

Junior C. Reaction - Better Must Come (Cooltempo) UK

Master owner: Cooltempo, contact Julia, tel.. 1-4082355.
Very catchy piece of reggae produced out of England's own homeground. The reggae groups Grown Roots, Crystal Images and Pressure Shocks have joined forces and became ten piece band, Junior C. Reaction.

Patti Austin - The Heat Of Heat (Qwest) USA

publ. Flyte Tyme Tunes/Avant Garde, tel.: 76-382610/8142; master owner: Qwest, tel.: 213-9344711.
How long will it take before Jimmy Jam's and Terry Lewis' productions really become common property in our continental charts (like they are in The States). They really stand for quality. Check out PA's latest single: a recognizable beautiful atmospheric mid-tempo ballad from Austin's latest LP Gettin' Away With Murder.

Freestyle - Don't Stop The Rock (Zyx) Germany

publ. Music Specialists. Master for GAS: Zyx, tel. 6436-4052
85 remake of Soul Sonic Force's 'Play At Your Own Risk' (Arthur Baker), only just out on Zyx. Zapp-alike vocals over an electro-beat rhythm. Not Bad.

Brenda & The Big Dudes - Bongani (Family) UK

publ. EMI Music, tel. 1-8366699. Master owner EMI, tel. 1-4864488
Nice (Afro-influenced) funk by this quite unknown 5 piece band. Close harmony effects added to Brenda's sultry voice are making this something you'll sure enjoy listening to.

New Edition - A Little Bit Of Love (MCA) USA

Publ. MCPS. Master owner MCA, tel. (UK)- 4399951
Semi-Hip Hop produced by Richard Rudolph and Michael Sembello that easily sticks to your mind. Hit potential single especially in the UK due to its big 'Five Star' market.

Roy Ayers - Hot (CBS) USA

Publ. Brampton Music 1-4371958. Master owner CBS, tel. 1-7348181
Vibraphonist Roy Ayers panting away on this 'Hot' piece of black (music) vinyl, that is doing quite well in the USA. Mtume composition (he even can be heard on keyboards) with bass tones reminding one of Chic's "Dance, Dance, Dance." 12"remix really improves on LP Version.

Cruisin' Gang - America (Cruisin' Records) Italy

Publ. Cruisin' Sounds. Master owner Cruisin' Records, tel. 59-225940/225902
The mighty States seem to keep on inspiring writers lately for Cruisin's very own house orchestra recorded the track entitled America as well. Interesting mix between the eurobeat overtones and Propaganda's P-Machinery. Not very original but definitely noteworthy enough.

Strike - I'm Coming Up (Metronome) Germany

publ. Rock Rose Holland, tel. 20-645341. Master owner Metronome, tel. ?????
Dutch fashionable disco trio in a German production by the Feldhahn brothers from Hamburg. Easily digestible and already good club play in Germany and France (on Polydor). Master available outside GAS and France.

Nu Shooz - I Can't Wait (Atlantic) USA

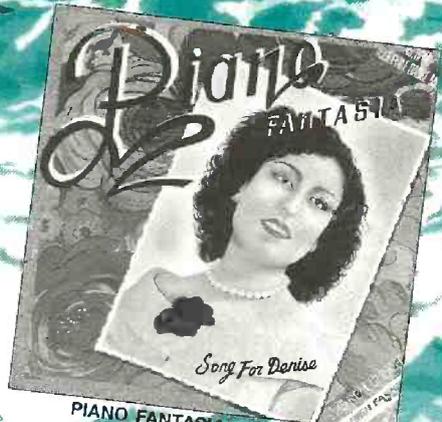

Publ. Poolside Music. Master owner: Atlantic tel. 212-4846000
A 'Chic' guitar under-toned blend of pop and soul by Nu Shooz, founded by John Smith in 1980. Especially the modern electronic vibes and computer dub vocals could make this a Euro-clubplay smash. Lots of potential to cross over to the general pop charts. Only within 3 weeks it was top 15 Billboard disco/dance 12" sales.

RUSH RECORDS - ON LINE WITH THE TREND

Young Disco Label With The Right Hit Sounds

RUSH RECORDS has, for a number of years, been a well-known German importer of disco-dance music. Through a direct contact with a pool of the best-selling import shops in Germany the label managed to be up-front and licensed several successful disco dance singles (mainly from the UK). In June 1985 the company decided to launch its own label and to start producing its own acts:

The independent had its first hit with DJ's Factory, a disc from Hamburg that released a super-disco version of Duran Duran's *A View To A Kill*, the theme to the last James Bond film. Probably due to the fact that Duran Duran never released a 12" version of this song, the disco-remake did very well and sold 150,000 copies in Germany.

The next release was another Bond-theme by the Belgian act Zinnon, entitled *Theme From Dr. No*, remixed by Brian Carter.

"Due to the excellent feedback and the special relation we built with djs, importshops and discoteques all over the country, we were in a special position to decide what material was suitable for the German territories," says Brian Carter, A&R manager of RUSH RECORDS. "As an importer we knew exactly what the people wanted and that know-how helped greatly in establishing the basis for our own label!"

This new direction worked very well and in the overall 1985 best-sellers' sales figures for the period of December 30th 1984 until November 25th 1985, RUSH RECORDS is represented with a placing of 397 (Courtesy "Der Musikmarkt", March 15th, 1986). A fine performance for a label that released its productions relatively late in the year.

The young label continued releasing disco-dance records aimed at the mainstream market, with the release of *Theme From Rambo II*, by First Patrol. As Carter explains, "I heard the original soundtrack and then I said, why don't we make our own danceable production!". The record stayed for 15 weeks in the German charts and was licensed to France and Italy.

When asked about the existence of a specific formula that makes the RUSH RECORDS' productions so successful, Carter replied: "Our records are particularly mixed to the German market. We make records with cross-over

potential, records that are commercial and that the 'auto-formal Verbraucher' (the man on the street), likes as well. Look what happened to our latest production, *Geil* by Bruce & Bongo. Initially nobody wanted it, but we were behind the record and reacted immediately. It takes a certain courage to release such a record, but it worked out extremely well. At the moment the record is selling like crazy and is already Top 10 in Germany. Deals are lined up with Dureco in Holland and CGD in Italy and now suddenly everybody wants to have it. A real 'Geil Fever' is going on!"

The company has its own warehouse and employs a staff of 40 people. Headed by managing directors Hans Rabe and Manfred Schmidt, RUSH RECORDS is distributed in Germany and Austria by Ariola and a major distribution deal in Switzerland is currently being negotiated. The company is also expanding its line-up of international products and new label deals with the USA, UK, Italy, France, are being concluded.

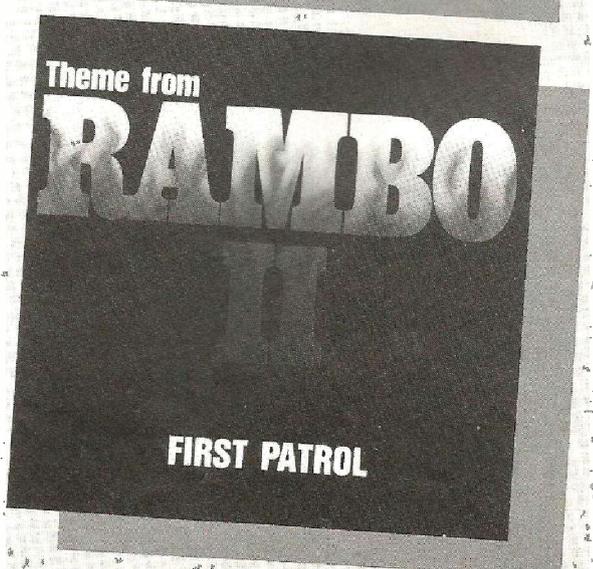

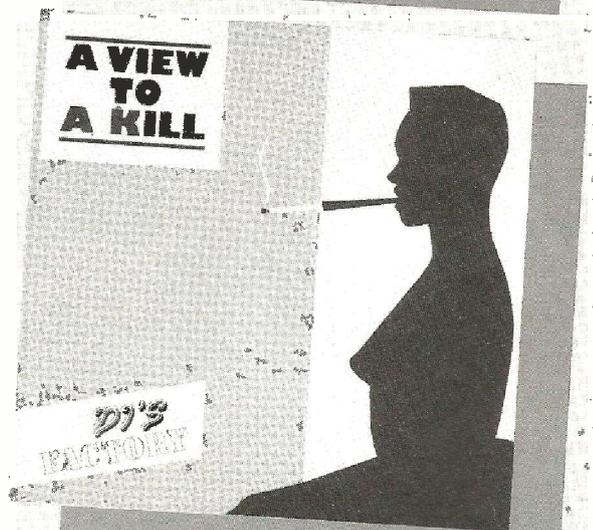

RUSH RECORDS has catalogue deals with the US companies D.J. International (The Chicago Bears Shufflin' Crew with the Super Bowl Shuffle), the Philadelphia-based label Omni Records (Fat Larry, Booker Newberry), Spring Records in New York (Phantasy with He's No. 1) and further catalogue deals are lined up with Expanded Music in Italy (Premio Nobel with Baby Doll), City Beat Records in London with Exception and the Carrere distributed label Clever in France (Piano Fantasia with Song For Denise).

RUSH RECORDS is here to stay and is destined for bigger success. A winning team who settle for nothing less than the maximum success and produce the hit-sounds for the future....

RUSH RECORDS can be contacted at 2101-60040 and is based in Ah der Guempgesbruecke 24, 4044 Kaarsf 2, West Germany.

Singles Guide

Airplay on *Harlem Shuffle* is lessening a bit and David Bowie takes over the no. 1 in the European Airplay Top 50. Billy Ocean has second best played followed by Mr. Mister's *Kyrie*.

Not only has Bowie best played single in Europe; further to that Absolute Beginners also moves up to the 4th position in the European Hot 100 singles. The Stones follow close by with *Harlem Shuffle* crashing Top 10 (6-13) and Whitney Houston is dying to enter Top 10 (13-26). More Hot 100 action for Pet Shop Boys (16-31), Culture Club (18-28) and major entries for Talk Talk (new at 30, making it the second best Hot 100 entry of this year; Survivor had best with *Burning Heart* coming in at 19) and Queen (35).

The airplay on the new Howard Jones single *No One Is To Blame* (Jones in his most restrained mood) is taking off now and the single moves like a bullit to 17 (from 25). The third single of the In Square Circle album, *Overjoyed*, is getting good backing on Euro-radio this week and the beautiful ballad has landed after two weeks at 23 in the Airplay Top 50.

A Hot Radio Add last week, now highest entry in the Airplay Top 50: Queen's *A Kind Of Magic* straight in at 25. Other airplay entries for George Michael, Bryan Ferry, Heart, Cliff Richard & The Young Ones and Bob Seger.

George Michael shares his most intimate moments in his new single *A Different Corner*, that he wrote, produced and arranged all by himself. Recently George expressed his admiration for the Dutch act Fox The Fox. The single *Precious Little Diamond* was a USA Top 10 Dance hit (both on sales and airplay level) and the American producer Shep Pettibone remixed the Dutch version. This new improved mix, very smooth and catchy, got renewed club play this year and the single and "12" have been re-released by CBS.

The Catch is an English duo, Don Snow and Chris Whitten who have recorded an album for the German record company Metronome. From that album (*Walk The Water*) comes the first single, *The Difference*. A good danceable song backed up by the Earth Wind

& Fire horns.

Wax is a duo in which the talents of Graham Gouldman and Andrew Gold are combined. Gouldman made fame with his compositions for the Yardbirds, Hollies, Herman & The Hermits and played a starring role in 10CC. The LA musician Andrew Gold played on albums of Carly Simon, Art Garfunkel and J.D. Souther, before joining Linda Ronstadt's band. On his own he scored hits like *Lonely Boy* and *Never Let Her Slip Away*. But that was then and this is now. Their first RCA single *Ball & Chain* somehow failed to make any impact but with the new single *Right Between The Eyes* the talented duo is destined for success: a driving and irresistible tune full of good

hooks and good tunes.

Other new records we loved include *Perils Of Plastic* (Steve "Message Of Love" Alien joining forces with Steve Nieve, of Elvis Costello And The Attractions fame). Here's Johnny (*Love You To Death*, the band's third single for RCA and the follow-up to the big band swing of *Idle Wild*; strong vocals on a danceable pop tune), Katrina & The Waves (American fun quartet release their next sparkling pop track is *That It*, full of Stax soul influences, David Grant's soulful new single *Close To You* and indie band Gene Loves Jezebel who are on the verge of crossing over to the general popcharts with *Sweetest Thing*, a glorious and powerful pop single.
