SCARS Swap Meet May 16, 1992

NWVRS Vice President Sonny Clutter reported on his recent trip to the annual Southern California Antique Radio Society meet held at the VELVET TURTLE restaurant, Torrance CA. This event is held each May with widespread turnout, the restaurant's parking lot is capable of handling hundreds of vehicles. Sonny and his wife, Lila were there early for the 6 am setup. By mid morning the parking lot was half full. Sonny noted that most of the buyers were shopping for early vintage sets with those items disappearing from the tables quickly. There seemed to be of less interest in plastic variety radios, although well represented and the prices were widespread. Zenith console sets sold well with upscale price tags. Sonny noted some reproductions of knobs and even repro-type plastic cabinets in FADA style were available. Sounds like some members are getting very creative. Thanks for the report.

Let's share some more of those radio hunting expeditions. Always interesting to see what luck members are having when away from the local areas.

NOTE: I've just received the official NWVRS coffee cups. They look great and will be available at the June 13 meeting/swap meet. Price will be \$4. each or three for \$10. The cups are ceramic white with the NWVRS club logo in black. If a certain quantity is desired, etc. I may be reached evenings at 503/661-1294.

REMINDER: The Seaside Ham Convention will be held June 13 and 14 at the Seaside, OR convention center. The swap tables run until 1:30PM Sunday.

Good collecting!

## NWVRS NOTICE

# Meeting Minutes

---

NWVRS Board meeting of May 9th, 1992.

(There was no general membership meeting.)

The board meeting was called to order at 10:50 a.m. by President Speed Feldschau. Also present were Vice President Sonny Clutter, Treasurer Ed Charman, Secretary Art Redman, and Member-At-Large Dick Karman.

The board decided that the Society did not need to buy a laser printer at this time. Ed Charman mentioned that several members have access to them and that the Call Letter can be published through Dick Karman or himself.

Discussion centered on whether to move the swap meet meetings back to the old location at Oregon City as advocated by Call Letter Editor Edwin Buhite in his editorial of April 11, 1992. Several items were brought up. 1) The current first floor area is not big enough for a swap meet. 2) The basement storage project would be complete before the fall swap meet. 3) We have already publicized the museum location for the swap meet. 4) Currently the parking lot is unusable and will remain so until next year. Based on this information the board decided not to change the location of the fall swap meet of October 10th, 1992.

It was decided by consensus that we would continue to charge a seller's fee for two large swap meets each year to help pay for advertising. The society will make it clear to members that there will always be table space available for members to sell and buy at general monthly meetings (for free).

The board approved an appropriation of not more than \$50 to give to Frank and Mary Rasada to help defray the expenses of a July 3rd dinner meeting with Jim Clark, the president of ARC, and a noted historian in the area of E.H. Scott receivers.

Treasurer Ed Charman requested an received authorization to charge overseas members \$25 a year (US funds). \$15 of that would be regular membership and \$10 would be to help cover the additional postage costs.

The meeting was adjourned at 11:30 a.m.
