

# STANDARD CONDITIONS

## GOVERNING CONTRACTS AND ORDERS FOR SPOT BROADCASTING

Adopted 1933 by

National Association of Broadcasters

In cooperation with

American Association of Advertising Agencies

### 1. PAYMENT

[a]. The agency agrees to pay, and the broadcasting station agrees to hold the agency solely liable for payment, for the broadcasting covered by this order unless expressly otherwise agreed in writing.  
[b]. The agency personally agrees to pay for broadcasting covered by this order, at the office of the broadcasting station or of its authorized representative, on or before the last day of the month following that in which the broadcasting is done unless otherwise stipulated on the face of this order; or, when cash discount is deducted but payment date not specified on the station's rate card, on the fifteenth of the month following.

[c]. In all cases date of payment is material and unless otherwise stipulated the postmark date on the envelope properly addressed to the broadcasting station or to its representative shall be considered the date when payment was made.

[d]. Station's invoices for broadcasting covered by this order shall be in accordance with the station's log and shall so state on each such invoice.

[e]. Invoices should be rendered not less often than monthly.

[f]. The station reserves the right to cancel the order at any time upon default by the agency in the payment of bills, or other breach, or in the event of any material violation on the part of the agency of any of the conditions herein named; and upon such cancellation all broadcasting done hereunder and unpaid shall become immediately due and payable. In case of delinquency in payments or impaired credit the station shall have the right to change the requirements as to terms of payment for further broadcasting under this order as it may see fit.

### 2. TERMINATION

[a]. This agreement may be terminated by either party by giving the other two weeks' notice, unless otherwise stipulated on the face of this order. If the agency terminates the agreement it will pay the station according to the station's published rates for the lesser number of periods, for all services previously rendered by the station. If the station terminates the agreement; either, the agency and the station will agree on a satisfactory substitute day or time at the rates in effect at the time this agreement was made, or, the agency will pay the station according to the rates specified herein, for all services previously rendered by the station; that is, the agency shall have the benefit of the same time discounts which the agency would have earned had it been allowed to complete the order. In the event of such termination, neither party shall be liable to the other party otherwise than as specified in this paragraph.

### 3. INABILITY TO BROADCAST

[a]. Should the station, due to public emergency or necessity, legal restriction, Act of God, or at the direction of Federal, State or Municipal authorities or for any other reason beyond the control of the station, be unable to broadcast one of the agency's programs at the time specified, the station shall not be liable to the agency for damages but will communicate with the agency as far in advance as possible. The agency will then either agree with the station on a satisfactory substitute time for the broadcast, or, if no such agreement can be reached, the broadcast will be considered as cancelled, without affecting the rate shown on this order. In the event of such cancellation or postponement, the station will make, if approved by the agency, a suitable courtesy announcement as

to the reason for cancellation or postponement, and as to any substitute time agreed upon.

[b]. If interruptions occur during the entertainment portion of the broadcast, credit shall be given by the station at the pro rata rate for such interruptions of one minute or more duration. If interruptions occur during the commercial announcement portion of the broadcast, credit shall be given by the station in the same proportion to the total station time charge which the omitted commercial announcement portion bears to the total commercial announcement in the program. If the interruption equals or exceeds 50% of the total program time the station shall defray a pro rata share of the live talent costs, unless the interruption is due to an Act of God, public emergency or legal restriction.

### 4. SUBSTITUTION OF SUSTAINING PROGRAM OF PUBLIC IMPORTANCE

[a]. The station shall have the right to cancel any broadcast covered by this order and substitute a sustaining program of such outstanding public importance that failure to broadcast same would work injury alike to the station and the advertiser. In such case, the station will notify the agency as far in advance as possible, and the agency and the station will agree on a satisfactory substitute day or time for the broadcast, or, if no such agreement can be reached, the broadcast will be considered as cancelled without affecting the rates or rights shown on this order. In the event of such cancellation or postponement, the station will make, if approved by the agency, a suitable courtesy announcement as to the reason for cancellation or postponement and as to any substituted time agreed upon. In the event of such replacement, when the station notifies the agency less than two weeks in advance of broadcast, the station shall reimburse the agency any non-cancellable cost of live talent.

### 5. RATES

[a]. It is agreed that the rate named in this order is the lowest rate made by the station for like services and that if at any time during the life of this order the station makes a lower rate for the same services, this order shall be completed at such lower rate from that date.

[b]. All rates shall be published. There shall be no secret rates, rebates or agreements affecting rates. All rates shall be furnished agencies if requested.

[c]. If this order is continued without interruption beyond the time specified the additional broadcasts shall be considered part of this order and the same rate shall apply until any lower rate prevailing at the time this agreement is made shall have been earned; and then this lower rate shall apply to the whole order. It is agreed, however, that this provision shall not cover a service rendered by the station later than one year from the date of the first broadcast, unless specifically agreed.

### 6. PROGRAMS

[a]. The order for station time includes the services of the technical staff and of a regular staff announcer. Other talent and services are covered by the program charge in this order which is subject to change by the agency with the consent of the station.

[b]. Should the station fail to receive program material seven days in advance of the broadcast it shall so notify the agency. Subsequent to this notification, if the station fails to receive the program material in time for the broadcast, if the programs are transcriptions, the station shall, following first broadcast, repeat a previous program

unless otherwise instructed, or unless program is one of a series, in which case the station shall have the right to announce the name, address and business classification of the advertiser, produce a creditable program and make regular charge for station time and reasonable talent charge to the agency. If the programs are produced locally it shall, following first broadcast, repeat the commercial announcement of the preceding broadcast, using the agreed talent unit.

[e]. Except as otherwise hereinabove expressly provided the agency will save the station harmless against all liability for libel, slander, illegal competition or trade practice, infringement of trade marks, trade names or program titles, violation of rights of privacy and infringement of copyrights and proprietary rights, resulting from the broadcasting of the programs herein provided for in the form furnished or approved by the agency. Such indemnity shall not apply to the musical compositions performed in non-dramatic form, the unrestricted right to perform which is licensed by ASCAP, provided the agency shall have at least one week prior to each broadcast submitted to the station in writing in duplicate a correct list of the titles of names of composers and copyright owners appearing on the published or unpublished copies of the musical compositions to be used on the said programs. The station agrees, however, to save the agency harmless against all liability where the programs are pre-

pared and produced both as to artists and program content by the station excepting only such liability as may result from the broadcasting of the commercial credits and other material as furnished or approved by the agency.

[f]. Programs prepared by the agency are subject to the approval of the station management both as to artists and to program content.

#### 7. GENERAL

[a]. This order is subject to the terms of licenses held by the parties hereto and is also subject to all Federal, State and Municipal laws and regulations now in force, or which may be enacted in the future. [b]. The rights under this order shall not be transferable to another advertiser than the one specified in this order unless the consent of the station has been obtained.

[c]. In dealing with agencies, the station shall follow a uniform policy to avoid discrimination.

[d]. The agency agrees that it will not rebate to its client any part of the commission allowed by the station.

[e]. The failure of the station or of the agency to enforce any of the provisions herein listed with respect to a breach thereof in any one instance shall not be construed as a general relinquishment or waiver under this agreement and the same shall nevertheless be and remain in full force and effect.

Copyright, 1933, A.A.A.A.

---

#### (A. A. A. Standards of Practice—Continued from Page 200)

## PROFESSIONAL PRACTICE

### ADVERTISING COPY

It is unsound and unprofessional for the advertising agency to prepare or handle any advertising of an untruthful or indecent character, as exemplified by the following copy practices disapproved in a code jointly adopted by the American Association of Advertising Agencies and the Association of National Advertisers:

1. False statements or misleading exaggerations.
2. Indirect misrepresentation of a product, or service, through distortion of details, or of their true perspective, either editorially or pictorially.
3. Statements or suggestions offensive to public decency.
4. Statements which tend to undermine an industry by attributing to its products, generally, faults and weaknesses true only of a few.
5. Price claims that are misleading.
6. Pseudoscientific advertising, including claims insufficiently supported by accepted authority, or that distort the true meaning or practicable application of a statement made by professional or scientific authority.
7. Testimonials which do not reflect the real choice of a competent witness.

## COMPENSATION

### REBATING

The advertising agency should retain the full amount of compensation granted by media owners without direct or indirect rebating.

It shall be considered as rebating to supply materials for advertising on any basis that can be considered as direct, indirect or secret rebating. It shall also be considered as rebating to place men in the service of the advertiser at the agency's expense, or to assume all or part of the salary of any employee of the advertiser, or to pay any fee or compensation to any one connected directly or indirectly with the advertiser, for obtaining or holding an account. It shall also be considered as rebating to agree to allow cash discounts not earned.

### EXTRA COMPENSATION

The advertising agency should not take from any third party a profit, discount or commission other than the regular agency compensation allowed by media owners, unless disclosed to the client.

## COMPETITION

### SPECULATIVE MATERIALS

In view of its obligation to provide adequate service to clients, as well as the sound business principle of making a reasonable profit on its effort, the advertising agency should refrain from practices that dissipate its income in any unsound or uneconomic solicitation for new business.

It is recognized as unsound, uneconomic and unprofessional to submit speculative material in competitive solicitation.

### OFFERING CREDIT EXTENSION

It is unsound and uneconomic to offer extension of credit or banking service as an inducement in solicitation.

### UNFAIR TACTICS

The advertising agency should compete on merit and not by depreciating a competitor or his work directly or inferentially, or by circulating harmful rumors about him, or by making unwarranted claims of scientific skill in judging or prejudging advertising copy, or by seeking to obtain an account by hiring a key employee away from the agency in charge.

\* \* \*

These Standards of Practice of the American Association of Advertising Agencies are based on the belief that sound practice is good business . . . that confidence and respect are indispensable to success in a business embracing the many intangibles of agency service and involving relationships so dependent upon good faith.

They express ideals which are based on a broad experience of what has been found to be the best advertising practice. They are feasible and practical . . . involving no restrictions which advertising agencies should not voluntarily adopt.

# ★ FOREIGN ★ LANGUAGE MARKET

*Statistics Supplied by  
FOREIGN LANGUAGE DEPARTMENT*

*of Forjoe & Company*

THE year 1940 ushers in a drive in foreign language radio advertising in the United States. National advertisers such as: Procter & Gamble, Pillsbury Flour, Carnation Milk, Rem and Rel, Planter's Products and Alka-Seltzer, Gold Medal Coffee, Iowa Soap Company, R. J. Reynolds Company, Vick Chemical Company, P. J. Lorillard Co., Ex-Lax, Ronzoni Macaroni, La Rosa Macaroni, Gambarelli & Davitto represented by leading national advertising agencies such as: Compton Advertising, Pedlar & Ryan, William Esty, Morse International, Joseph Katz, Blackett-Sample & Hummert, H. W. Kastor & Sons, De Biasi Agency, Lennen & Mitchell, Erwin, Wasey & Company, Commercial Radio and many others have already set aside appropriations covering national campaigns in the foreign language market within the market.

These national campaigns cover the leading metropolitan markets of this country because the United States foreign-language groups are located in these markets. Seventy-six per cent of the foreign language market or 29,339,373 people reside and do business in the United States-Urban Metropolitan Foreign Language Markets.

The potential buying power of the foreign language market within the market arises from a six million United States Urban-Foreign Families. These families can spend 1½ billion dollars for foods, drugs, soaps, household articles and all the other products turned out by United States manufacturers.

Sixty-five per cent of the United States-Urban Foreign population falls within five dominant language groups: 1. Ger-

man, 2. Jewish, 3. Italian, 4. Polish, 5. Scandinavian.

Foreign language stations such as: WEVD, WOV, WBNX, WHOM, WVFW, WARD, WWRL, WBBC in New York, and WPEN, Philadelphia, WBRE, Wilkes-Barre, WWSW, KQV, Pittsburgh, WELI, WNBC, in Connecticut, WCOP, WMEX, Boston, WSAR, Fall River, WPRO, Providence, WJBK, WMBC, Detroit, WBKY, WEBR, Buffalo, WGES, WSBC, WEDC, WCBD, Chicago, WIND, Gary, WEMP, Milwaukee, WEW, KXOK, St. Louis, WGAR, Cleveland, KSAN, San Francisco, KRE, Berkley, KSAL, Santa Rosa, KLS, Oakland, KMTR, Hollywood and many other stations report considerable increase in activity.

1939 shows an estimated \$2,500,000 spent on foreign language radio advertising. 1940 should prove a banner year.

## Foreign "Market Within The U. S. Market"

38,727,593 people in the U. S. are of foreign birth or parentage.

29,339,373 of the U. S. Foreign Population, 76%, live and do business in the key Urban-Metropolitan areas.

There are 6,834,843 U. S. Foreign families.

There are 6,219,707 U. S. Urban-Foreign Radio Families.

78.1% of the Foreign Born White are in the Buying Ages of 25 to 65 years.

65% of the U. S. Urban-Foreign Population is in 5 language groups—German, Jewish, Italian, Polish and Scandinavian are dominant.

55% of Metropolitan populations are foreign language groups.

## **The Advertiser**

MONTHLY. 3557 Bogart Ave., Cincinnati, Ohio. Phone, AVon 6825. Editor and Publisher, Manuel Rosenberg; Business Manager, Simon Rosenberg; Advertising Manager, R. Maxwell Jason; Circulation Manager, S. J. Davis; Radio Editors, Cress Little, Rosaline Greene. BRANCH OFFICES: 11 West 42nd St., New York, N. Y.; L. M. MacMillan; 1138 Lake Shore Drive, Chicago, Ill.; L. R. Dean. The Advertiser carries articles on radio's progress as an advertising medium; also news of advertisers' and agencies' activities in the radio field.

## **Advertising Age**

WEEKLY. 100 East Ohio St., Chicago, Ill. Phone, Delaware 1337. Publisher, G. D. Crain, Jr.; Managing Editor, Irwin Robinson. BRANCH OFFICE: 330 W. 42nd St., New York, N. Y.; M. D. Hicks, Eastern Advertising Manager Treats radio strictly from the merchandising viewpoint; prints details of networks and talent used, but does not use material dealing with show-business phases of radio; also regularly prints statistical material on broadcasting, such as volume of time sales for major networks, and money spent on air by leading national advertisers, as well as news and discussions of broadcast trends and developments of interest to advertisers and advertising agencies.

## **Advertising & Selling**

MONTHLY. 9 E. 38th St., New York, N. Y. Phone, CAledonia 5-9770. Published by Robbins Publishing Co. President, J. H. Moore; Editor, F. C. Kendall; Advertising Manager, Noel C. Breault. BRANCH OFFICES: 1370 Peoples Gas Bldg., Chicago, Ill.; Harry Hoole, Western Adv. Mgr.; 714 West 10th St., Los Angeles, Calif.; Ned Brydone-Jack, Representative; 161 Spring St., N.W., Atlanta, Ga.; A. D. Van Allen, Southern Representative. Limited largely to interpretation of major trends in the operation of radio advertising from point of view

of network, agency, and sponsor. Major personnel changes and network time sales are reported periodically. Emphasis in all coverage of radio activity is on pictorial elements involved.

## **Air Law Review**

QUARTERLY. 100 Washington Sq., E., New York, N. Y. Phone, SPring 7-2000. Publisher, Board of Air Law Review of New York University; Editor, Prof. Alison Reppy. Contains articles of technical interest on aviation and radio law; current comment on present-day problems of air law; notes and comment on important recent decisions and legislation; bibliographical section covering check-list and index of articles on air law in legal periodicals.

## **Bell Laboratories Record**

MONTHLY. 463 West St., New York, N. Y. Phone, CHelsea 3-1000. Editor, P. B. Findley. Confines itself to the work and developments of Bell Telephone Laboratories. This publication is designed to strike a median level between the popular stories of the radio magazines and the technical presentations of the professional journals.

## **Bell System Technical Journal**

QUARTERLY. 195 Broadway, New York, N. Y. Phone, EXchange 3-9800. Publisher, American Telephone & Telegraph Co. Editor, R. W. King. Scientific discussions of developments in wire and radio-telephony, telegraphy, television and broadcasting facilities.

CHEVROLET MOTOR CO., Detroit, ordered — and reordered — more than 12,000 copies of October, 1939 edition.

# 12 MONTHS of BONUS Circulation!

**T**HIS advertisement is for the men who place schedules for broadcasters, publishers, lithographers, outdoor plants, and for **EVERY** concern that seeks to reach the national advertiser and advertising agency! We're telling you our **FULL** circulation story, briefly, so you'll know how to regard **The ADVERTISER** when we come up for consideration on your list.

**FIRST,** all advertisers in **The ADVERTISER** and **MARKETS of AMERICA** (Annual) get *biggest circulation quality by complete coverage of their logical prospects.*

**IN ADDITION TO THAT,** they ride along free with **EXTRA** circulation which accrues from issue to issue. Thus, in the past

twelve months, extra circulation which our advertisers enjoyed, mounted to **20,000 COPIES** — an equivalent of **THREE EXTRA EDITIONS!** The most important point about this bonus, though is this—that excellence of editorial content inspired it and that it is such editorial content that continuously excites intense reader interest, in every monthly issue of **The ADVERTISER.**

There's our story—a *good book*, going to the *right people* (regardless of "numbers") who **READ** it regularly. That excellent type of circulation does justice to anybody's advertising message . . . take profitable advantage of it for **YOURS—NOW!**

*Space rate \$155 per page (12 T. \$130 per page)*

**MARKETS OF AMERICA**, published annually, enjoys the same complete circulation as **The ADVERTISER**—to all national and regional advertisers in the U. S. and **every agency time buyer** in the country. They **ALL** Read **MARKETS of AMERICA**, too (we have proof!), and they **use** it throughout the year. \$155 per page.

**The ADVERTISER**  
and **MARKETS of AMERICA**...Vol. 4

I'LL SAY  
**DON LEE'S**  
GUARANTEED TIME  
PAYS DIVIDENDS

You bet your life DON LEE'S time is worth shouting about. In the first place—IT'S GUARANTEED! When you place your advertising message on Don Lee's 31 stations, your good time is protected—and when I say GOOD TIME I mean *just that*. We know it's good because Don Lee has a hat full of surveys to prove it. For instance, get a load of these figures . . . a survey taken at 9:00 p.m. showed News on KHJ leading with 37% of the audience, KNX with music polled 20.9%, and KFI with Carefree Carnival showed 23.62%. Another survey taken at 8:00 p.m. showed KHJ with 35.4% bucking KNX with Amos and Andy at 36.6%, and KFI with Fred Waring at 16%. Another poll at 9:30 p.m. gave KHJ 24.7% with Fu Manchu against KNX with baseball at 23.7%, and music on KFI at 22.6%. Admittedly DON LEE dominates the outlying sections of the Pacific Coast, but these figures show what happens in the nation's third largest city where competition for top audience is plenty tough. And does Don Lee's Guaranteed Time pay dividends? Just ask the dealers; they know that Don Lee brings action at the cash registers.

**DON LEE**

# We're Spending A Quarter of a Million for YOU!

Erie Smith—News Editor Walt Lochman—Sports Commentator Beulah Karney—Food Consultant

28 solid hours of service features every week, built around a talent and production staff of 47, run into money fast. But we're willing to make the investment in time and talent to provide:—

1. The oldest established farm program in Kansas City, directed by a nationally known farm personality, and including an especially edited farm newscast, live stock markets thrice daily direct from the Live Stock Exchange (arranged at the invitation of the Kansas City Live Stock Industry), as well as daily grain, poultry, and produce markets.
2. A full-time news editor, veteran of more than a dozen successful sponsorships.
3. A full-time home economics director who is ninety per cent commercial the year 'round.
4. 375 solid hours of play-by-play sports within a year.
5. And the first news broadcast on the air in Kansas City about fruits and vegetables direct from the source of supply!

You needn't match our quarter million—all you need is a one-way ticket that takes you right into the hearts and homes of two and a third million listeners in our P. D. A.!

All this, not to mention these Arthur B. Church Productions, developed at KMBC, that are doing—and ready to do—outstanding jobs for national network or spot advertisers: Texas Rangers, Caroline Ellis, Fran Heyser, Life on Red Horse Ranch, Brush Creek Follies, Phenomenon, Margaret and Gordon Munro, "Across The Breakfast Table"

Phil Evans—Director Farm Service

Bob Riley, Live Stock Market Report

Martha Hunter—The Food Scout

# KMBC OF KANSAS CITY

**T**HE Columbia Broadcasting System looks forward to 1940 as the greatest year in the history of American radio. The trend established in 1939, when records of every description were broken, seems likely to continue. As far as the effect of the European war upon radio is concerned, it has proved to be an opportunity for additional public service and for the development of more effective radio news presentation.

Columbia's confidence about 1940 is rooted in two facts about radio: the constant growth of its listening audience and the steady improvement in program technique. More than 9,000,000 new sets went into American homes during 1939, increasing the number of sets in use throughout the country to the phenomenal total of 45,000,000. Columbia has kept pace with the mounting popularity of radio by continuing to implement the network with the best possible facilities. Much of the improvement in CBS transmission must be attributed to the efforts of a mobile field laboratory crew of engineers, which in 1939 analyzed and solved transmission problems all over the country. Seven new stations, added during the year to bring the CBS total to 118, were WKAQ, San Juan, Puerto Rico; WRBL, Columbus, Ga.; WWNC, Asheville, N. C.; KOIL, Omaha; KWFT, Wichita Falls, Texas; WCKY, Cincinnati; and KVSF, Santa Fe. During the year a number of CBS station transmitters were relocated to improve market coverage.

WM. S. PALEY  
President

Concomitantly, 1939 saw an impressive advance in entertainment standards and more rapid development of Columbia's contributions to radio education. The number of programs broadcast by CBS increased from 19,074 programs in 6,662 hours in

1938 to 31,449 in 10,398 hours in 1939. War coverage was largely responsible for this striking increase. Early in the crisis, CBS inaugurated the highly effective practice of broadcasting two news "editions" each day direct from the warring capitals.

Variety and timeliness were the key characteristics of CBS educational programs in 1939, as new air forums were introduced and several series were prepared with the aid of governmental agencies. The American School of the Air was heard in 150,000 classrooms and was adopted as an official part of the school curriculum of six states. The general increase in programs of cultural content is a direct reflection of increased interest in such programs on the part of the audience—an interest which network broadcasting itself has developed. CBS' short wave stations, WCBX, New York, and WCAB, Philadelphia, relayed an expanded schedule of educational and general entertainment programs to Europe and South America.

Business, in general, in 1939 showed an appreciable increase over the previous year—and present indications are that 1940 will see that trend continued. Meanwhile, CBS will continue to explore the new frontiers of television.

# CBS NETWORK SWEEPS ALL MAJOR "FIRSTS" IN 1940!

CBS enters 1940 breaking all major radio records; leading all networks in audience and advertisers' acceptance. These tangible records, today, reflect the "intangibles" that

**AUDIENCE:** CAB figures show that CBS dominates the audience in the "major battle-ground of network competition." *They show CBS with a consistently stronger schedule than any other network from 6:00 to 11:00 in the evening—winning the largest audiences for CBS clients (against all competition) in 78 of the total evening quarter hours seven days a week; against 51 quarter-hour "firsts" for the second network; and 7 for the third: 34% more for CBS than for both others combined!* This CBS leadership is just as definite between 8:00 to 10:00 P.M. alone—the most intensely competitive hours in radio—when again CBS wins more "firsts" than both other networks combined.

**have so long been associated  
with Columbia...the intangibles  
of service, of performance,  
of action; the basic contribu-**

**tions which CBS has made to  
radio in twelve vigorous years.**

**By these things the leadership  
of a network is measured.**

## **FACILITIES:**

CBS caps the swiftest technical rise in radio history with more high-powered U. S. stations, in 1940, than *any other network* — a total of *sixteen* CBS 50,000 watt stations. But that's not all. In the past twenty-four months 91 CBS stations made major technical improvements which increase their service-areas *without* increasing wattage; and a total of 45 CBS stations directly increased their wattage as well.

**ADVERTISING:** CBS now carries a larger volume of business than *any other network*; *the largest volume ever carried by any network in the history of radio*. CBS, consistently from October through December 1939, carried the largest volume of business ever carried by any network in *any one month or in any quarter of any year*. And in 1940, for the *sixth consecutive year*, more of the nation's *largest advertisers* use CBS than *any other network*.

**L**USTIER than ever, the Mutual Broadcasting System faces the year 1940. The promises made to affiliated stations and the listening public have not been forgotten. Though it has grown in a short space of time to a chain of more than 118 radio stations in the United States, Hawaii, and Canada, the principles upon which this system was founded still guide our plans. On September 15, 1934, we said: "The Mutual Broadcasting System has pledged itself to render a new service to the listeners, bringing to them more and varied programs from this country and abroad. The network is cooperative, the stations operating the network service, rather than the chain running the station. The individual stations themselves chose to remain independent so that each might do the job in its community as it saw best. The Mutual network was formed with the view of maintaining affiliations with a few key stations of superior coverage, flanked across the continent by progressive independent outlets."

In 1940 we are ever mindful of this pledge. In the year just past, Mutual presented over 300 hours of broadcasting time to special features, both here and abroad, sporting events, spot news, and talks. It is interesting to note that this represented an increase of over 20 per cent for a similar period in 1938.

But the significance of this activity can not be pointed out in statistics alone. The quality of these broadcasts and recognition from listeners for such events as the exclusive broadcasts of the World Series, the commentaries of Raymond Gram Swing, the Wallenstein and Henry Weber concerts, the war coverage, meant much more to us.

Faced with the biggest special features assignment in the history of broadcasting — the European war — Mutual augmented its European staff under the capable direction of John Steele, whose journalistic experience helped him in selecting

ALFRED J. MCCOSKER

veteran, foreign correspondents to represent Mutual in the old continent's major capitals.

Appreciation of Mutual's importance in the industry was indicated by a sizeable increase in business and accounted for the network's greatest time billings.

But when many of its early well-wishers studied Mutual's fundamental policies in 1934, they doubted if its advanced theories could be made to work. Could radio achieve a happy combination of a group of stations working as a network, yet with each one remaining autonomous? Could a number of thriving, independent radio stations, unrelated to each other in any way, except in the common aim to serve the listener, cooperate in the formation of a third major chain?

These questions were tested when Mutual programs made their debut in October of that year. At that time Mutual programs could be heard in only four cities.

When Mutual's advertising opportunities were first explained, many farsighted time buyers soon discovered in this new network an outlet for advertisers, heretofore unable to purchase a flexible network of stations in as few or as many markets as they desired.

This endorsement enabled Mutual to total \$1,000,000 worth of time billings in its first fiscal year.

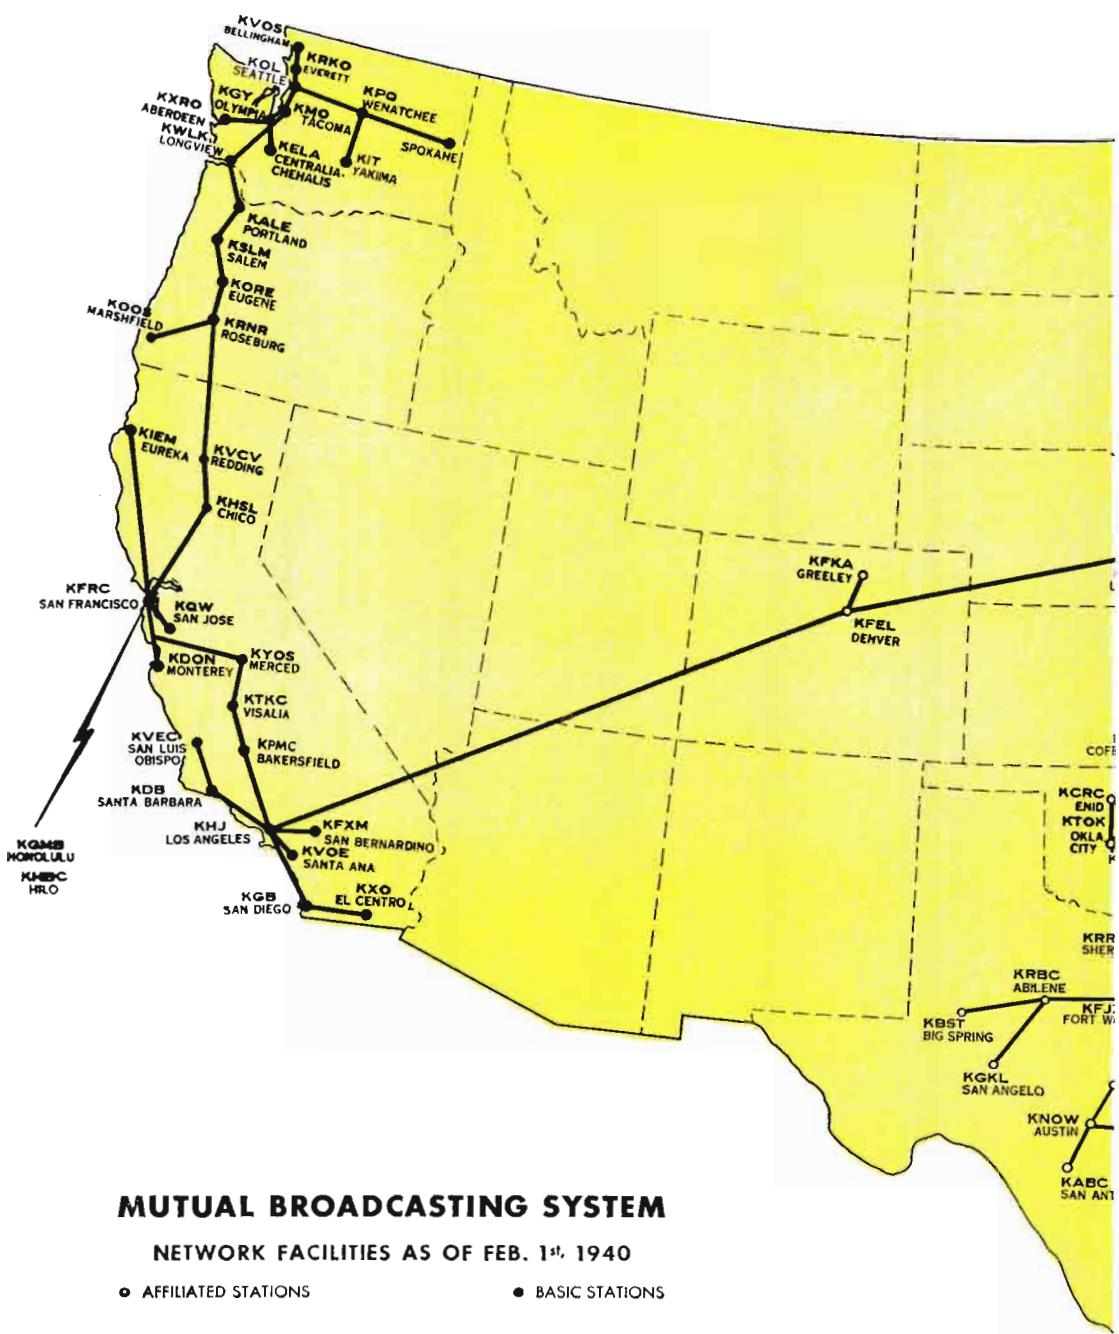

On December 29, 1936, Mutual went coast to coast. The strong Don Lee regional chain of California became affiliated with Mutual. More details on this network's progress may be found in the issues of *RADIO DAILY* and other periodicals.

But instead we prefer to look ahead. Our basic principles are more evident in 1940, five and one-half years since its creation; exactly three years since Mutual went coast to coast, and became of age.

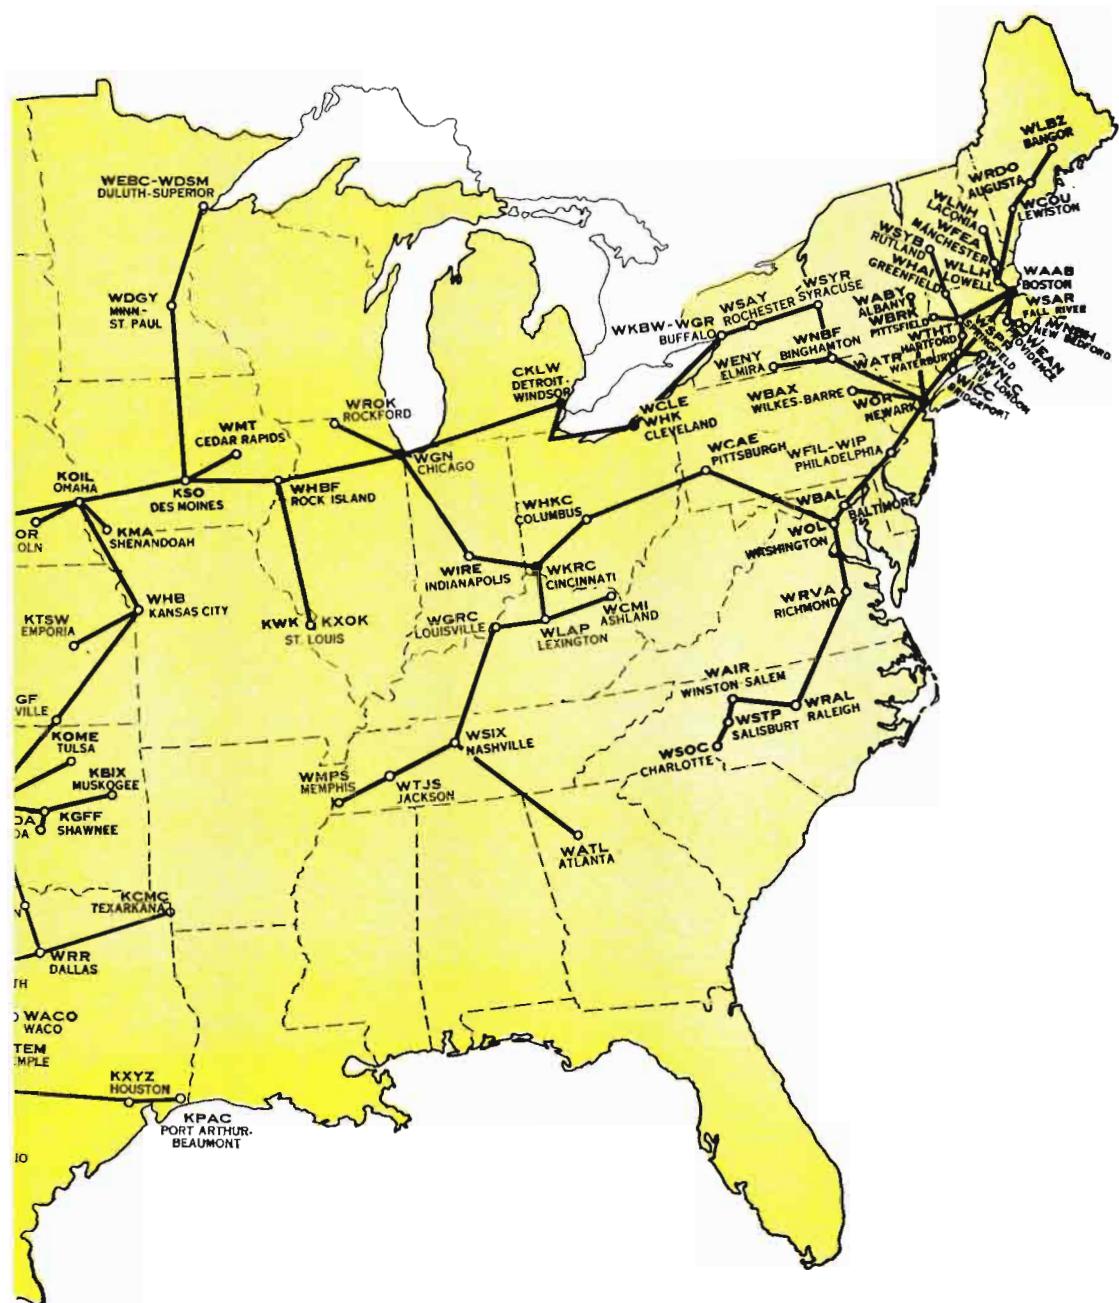

ALFRED J. MCCOSKER,  
*Chairman of the Board.*

**T**HE year 1939, a year of sharply contrasted activities at home and abroad, placed a grave weight of responsibility upon the shoulders of radio in the part it played in the European conflicts. However well this challenge has been met throughout the United States, it has been and will remain our purpose to handle war situations as factually as we know how, separating fact from fancy as well as we can, confident in the belief that such a policy is in keeping with this country's democratic principles.

The wars have undoubtedly helped to create a new public interest in informational types of programs. This has had its influence in awakening keener interest in educational programs, demonstrating to a greater degree than ever before that no program need be dull because it is educational. We have much satisfaction over the fact that many such programs have shown considerably higher ratings in the program surveys than in previous years.

The National Broadcasting Company has expanded its coverage with the addition of twenty network affiliates during the past year, bringing the total of both the Red and Blue to an all-time high of 181 stations. This figure includes four stations of the Canadian Broadcasting Corporation and CMX in Havana, Cuba, as well as eight in the Middle West; one in the Southwest; four in the South and five in the East and Central-Atlantic regions. At many points, program reception was improved through the installation of new technical equipment, through increases of power, and through changes in station frequencies.

In the twelve month period, the regularly scheduled shortwave service over stations WRCA and WNBI has been built up to sixteen hours daily. The significance of this lies in its basic principle of building friendly international relations without propaganda.

LENOX R. LOHR  
President

The latter months of the year have witnessed our pioneer efforts to sell time in this field with a view to making international broadcasting self-supporting. The United Fruit Company is sponsoring a daily fifteen-minute news program in Spanish over a beam directed toward Latin America.

NBC and RCA have done their full share in furthering the radio art itself through heavy investment in television, no return for which is expected in the immediate future. We look forward to 1940 because we hope it will bring us program competition in the television field. When other companies match us in this endeavor, we will be much nearer the time when this youngest member of the radio family can take its rightful place in the industry.

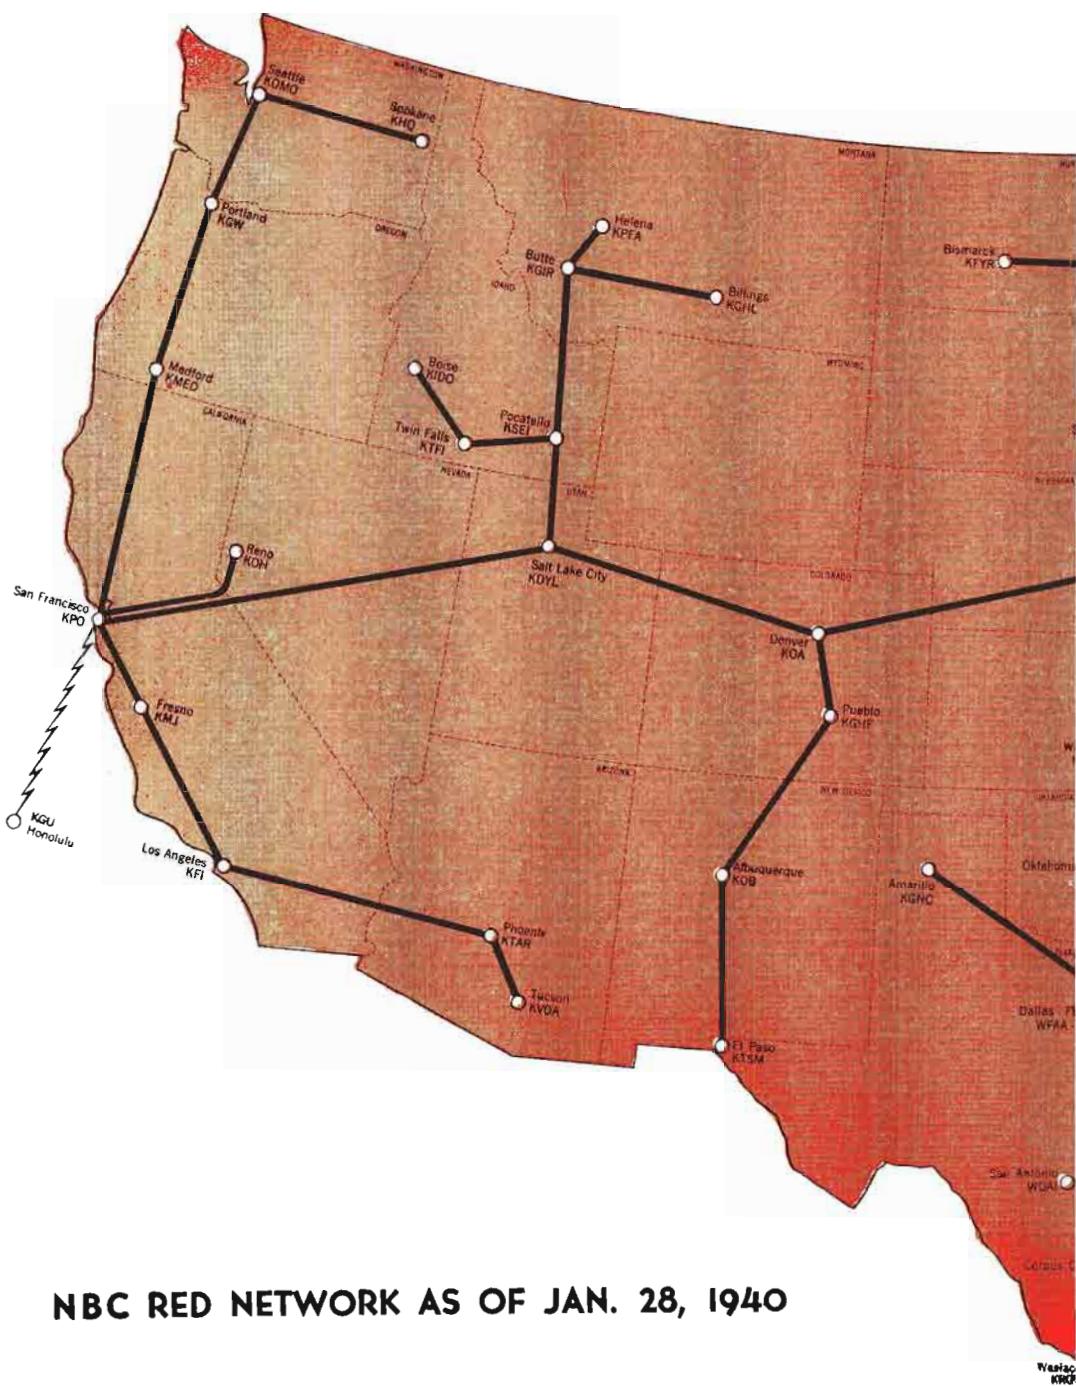

Financially, in spite of the heavy expenditures in public service fields where there was no monetary return for the expenditures, NBC has had a successful year. In commercial billings, this past season has seen the biggest business year in the history of the company, with the Red Network showing a greater volume than has ever been shown by any single network in the existence of sponsored radio. This, coupled with the fact that the other major networks of the nation have recorded fairly uniform increases throughout the year, leads us to view the coming season with optimism and confidence.

Finally, 1939 has given concrete evidence that the radio industry recognizes the desirability of internal cooperation as a means of best serving the public interest. Probably the outstanding expression of this has been a program code to which members of the National Association of Broadcasters have voluntarily subscribed.

# REGIONAL NETWORKS

*Steadily increasing growth of regional network billings indicates that more and more national advertisers are directing their campaigns in high-spot markets.*

*With the advantage of purchasing the time actually wanted, tailor-made talent of particular appeal to the specific area, and aggressive merchandising policies of the individual networks, the advertiser is provided with sales impetus in those areas where sales can be produced.*

*As the majority of these networks are sufficiently flexible to provide coverage where and when the client wants it, it is believed that the trend in 1940 will be toward greater application to selective markets as exemplified by regional networks.*

### Corn Belt Wireless Rebroadcasting Service

c/o WHO, Des Moines, Ia.

Phone: 3-7147

#### PERSONNEL

Vice-President ..... J. O. Maland  
Sales Manager ..... Hale Bondurant  
Technical Supervisor ..... Paul A. Loyet

## Regional Networks

### STATIONS

Basic: WHO, Des Moines; WOC, Davenport; KMA, Shenandoah.

Additional stations can be selected by the advertiser in Kansas City, St. Joseph and Columbia, Mo.; Mason City, Sioux City and Dubuque, Ia.; Rochester, Minn.; Topeka, Kans.; and Peoria, Ill.

This network is a service supplied by WHO, Des Moines, providing for rebroadcasting, without the use of lines, by other stations in the Middle West that can consistently pick up and rebroadcast its signal. Rate is the combination of the spot broadcasting rate of each station used, without any charge for lines. Contracts are made direct with individual stations as this is not an organized network but simply provides for an exchange of programs without use of lines.

NATIONAL REPRESENTATIVE  
Free & Peters, Inc.

# "As you know,"

the product was practically unknown in the domestic market . . . .

When we started on WOR approximately five months ago, we had less than 50 dealers - most of whom were inactive. Today we have over 600 in WOR's primary area.

Most important of all, independent surveys show that this product is currently second in total units sold and first in dollar volume. Considering the highly competitive nature of the industry and of the market for our client's product in particular, we believe that this success story is the finest tribute to the power of effective broadcasting..."

# WOR

excerpt from a letter written to a WOR executive by the advertising agent for a manufacturer currently using this station.

our address is 1440 Broadway, in New York
