Stations

NINETEEN FIFTY-ONE

**YOUR
ADVERTISING
DOLLAR...**

ON CFRB you reach more listeners per dollar than on any other Toronto Station. That's why advertisers keep on using CFRB year after year.

Ask them why! Perhaps they won't quote figures or facts . . . but they'll give you the real answer. They stay because they get results! They stay because they reach more radio homes, more prospects for their product . . . selling an audience that's been increasing for over twenty years!

**CFRB
TORONTO**

CANADA
All-Canada Radio Facilities Ltd.

Ontario's Favourite Radio Station!

IN CANADA

From 1944 to 1949 radio homes increased almost 50%. During 1950 there has been a further increase of 10%, making the present total nearly 3,500,000 homes.

In Canada day-time "sets-in-use" have risen from 22% in 1944 to almost 25% in 1949 (Elliott-Haynes), while night-time "sets-in-use" during the same period have risen from 38% to 43%. These figures are substantially higher than those for radio "sets-in-use" for the United States and this disparity is now becoming even more accentuated. "Sets-in-use" in French Canada are the highest in North America.

In Canada radio has an intensity of listening and a concentration of interest enjoyed in few other places or by other media. CBC Network Schedules combine the top-ranking programs from American networks with a wide variety of highly popular home features ensuring consistently faithful audiences.

In Canada both day-time and night-time radio are outstanding buys compared with any other media.

"The Hallmark of Effective Radio"

NOT JUST RADIO, BUT COMMUNITY RADIO

The radio that really sells your goods is not an out-of-town salesman who travels across the country, shoving his foot in every door, delivering the same pitch from the Atlantic to the Pacific.

Rather it is a friendly neighbor, who drops in for a cozy chat about the price of coal, a different recipe, the new cars, or what the Joneses are wearing this year.

That's radio, on the community level, speaking to its neighbors in their own language, through the well-known voice of Bill Smith — old Steve's kid who used to deliver for the corner store and sing in the choir, and is now working as an announcer at Sam Green's radio station.

The service offered to business by Canada's Community Radio Stations is as simple as that.

But there is something more.

One hundred of Canada's privately-owned community stations are bonded together in the Canadian Association of Broadcasters for the general betterment of broadcasting.

While studiously maintaining their individuality and independence, these stations pool their collective strength to give advertisers all the advantages of a nation-wide organization, in terms of co-ordinated effort, with none of the unwieldiness and lack of flexibility of centralized programming.

When you buy time on one, some or all of the 100 CAB stations, you get better merchandising, better programming, better production, better research, better results, because you get a neighborly presentation of your message, besides all the benefits of a national organization devoting its time to these "multiple-pluses" which no individual station could possibly offer.

For Full Information

on your specific merchandising problems, consult

Canada's Selective Radio Headquarters

The little All-Canada man represents all phases of Canadian broadcasting — both time and talent.

Through the years he has come to symbolize not only the Company he represents, but the medium he champions: *Selective Radio*.

In a vast country with wide "skip-distances" between major markets, All-Canada offers you the most economical, most effective method of reaching the consumer at home through a select group of key Canadian stations.

Call on the All-Canada man wherever your campaign plans extend into the Canadian market. He'll be ready to discuss times and stations; and All-Canada also offers you selection from the world's largest library of transcribed programs.
